

NWS Partners Workshop Agenda

Date: December 6-7, 2017

Location: Silver Spring Civic Building, Ellsworth Room (Day 1) + Fenton Room (Day 2)

Address: 1 Veterans Pl, Silver Spring, MD 20910

OVERARCHING OBJECTIVES

- NWS demonstrates collaboration with Partners to achieve NWS mission through shared learning.
- NWS understands and works through Partner questions through recent case studies.
- Weather enterprise partners collectively know how to support our stakeholders.

IDSS OBJECTIVES

- Partners will share their perspectives on trends and markets for the weather enterprise in context of IDSS and dissemination.
- Weather Enterprise Partners will collaborate together and generate ideas for moving forward on provision of IDSS.
- Partners gain a better understanding of how the IDSS policy has been developed and how we envision IDSS conceptually working.

DISSEMINATION OBJECTIVES

- Partners discuss issues related to over alerting of watches/warnings via different NWS dissemination systems.
- Identify how inconsistent messaging (w/in NWS and enterprise-wide) impacts emergency managers and the public.
- Partners discuss and identify long term needs and a vision for future dissemination across the enterprise.

Participants:

- America's Weather Industry partners
- Emergency Managers
- NWS field representatives
- NWS HQ leadership
