NOTES: D = discretionary program; M = mandatory program; FY = fiscal year

Accounts are shown under the administering office that has primary responsibility for most programs in that account; however, there may be some programs that are administered by another office.

The fiscal year 2014 President's Budget was based on the Administration's proposal for reauthorizing the Elementary and Secondary Education Act (ESEA). Because Congress has not yet reauthorized the ESEA, the program structure and appropriations action shown on this table is based on current law.

For mandatory programs, the levels shown in the 2014 CR column include the 7.2 percent sequester that went into effect October 1, 2013, pursuant to the Budget Control Act of 2011 (P.L. 112-25).

Detail may not add to totals due to rounding.

¹ The 2014 President's Budget requested \$186,892 thousand, as part of the Administration's proposal to reauthorize the ESEA, for a new Effective Teacher and Learning: Literacy authority, that would consolidate funds for this program and Ready-to-Learn Television in the Innovation and Improvement account.

NOTE: For mandatory programs, the levels shown in the 2014 Senate Committee, 2014 CR and the 2014 Appropriation columns include the 7.2 percent sequester that went into effect October 1, 2013, pursuant to the Budget Control Act of 2011 (P.L. 112-25).

¹ The Budget Control Act of 2011 (P.L. 112-25) specifies a small percentage increase in the origination fee charged to students and parents for new Direct Student Loans made after the 2013 and 2014 sequester orders. The 2014 sequester increase is slightly higher than the one in 2013. This results in greater estimated negative subsidy to the Federal Government. The Direct Loan levels reflect baseline estimates using the 2014 President's Budget and also reflect enacted legislation from the Bipartisan Student Loan Certainty Act of 2013 (P.L. 113-28).

² The FY 2013 amounts reflect the actual amounts reported for FY 2013.

³ The FY 2014 amount reflects FFEL downward modification based on the Bipartisan Budget Agreement (P.L. 113-67).

NOTE: Appropriation totals reflect the total funds provided in the year of appropriation, including advance appropriation amounts that do not become available until the succeeding fiscal year. The total budget authority reflects funds that become available in the fiscal year shown, which includes new amounts provided for that fiscal year and amounts advanced from the prior year's appropriation.

For mandatory programs, the levels shown in the 2014 Senate Committee, 2014 CR, and the 2014 Appropriation columns include the 7.2 percent sequester that went into effect October 1, 2013, pursuant to the Budget Control Act of 2011 (P.L. 112-25).

¹ The Budget Control Act of 2011 (P.L. 112-25) specifies a small percentage increase in the origination fee charged to students and parents for new Direct Student Loans made after the 2013 and 2014 sequester orders. The 2014 sequester increase is slightly higher than the one in 2013. This results in greater estimated negative subsidy to the Federal Government. The Direct Loan levels reflect baseline estimates using the 2014 President's Budget and also reflect enacted legislation from the Bipartisan Student Loan Certainty Act of 2013 (P.L. 113-28). The FFEL downward modification is based on the Bipartisan Budget Agreement (P.L. 113-67).

² The Undistributed ESEA amount reflects funds requested in the 2014 President's Budget for programs included in the Administration's ESEA reauthorization proposal that are not funded under current law.

³ The 2013 Appropriation amount is the net of total FY 2013 collections of \$12,515 thousand minus \$638 thousand for appropriations temporarily made unavailable due to the 2013 sequester order.
