APPOINTMENT OF MEMBERSHIP OF THIRD TERM OF THE DISABILITY ADVISORY COMMITTEE

By this Public Notice, the Chairman of the Federal Communications Commission (FCC or Commission) announces the appointment of members for the third two-year term of the Commission's Disability Advisory Committee (DAC or Committee). The DAC is organized under, and operated in accordance with, the provisions of the Federal Advisory Committee Act (FACA) and provides advice and recommendations to the Commission on a wide array of disability matters specified by the Commission.¹

On August 21, 2018, the Commission solicited applications for membership for the DAC's third term, which runs from December 21, 2018, through December 21, 2020.² After careful consideration of the applications and nominations for membership received, the Chairman has selected 37 members for the DAC's third term, as listed below. The membership consists of a diverse mix of organizations representing individuals with disabilities, the communications and video programming industries, the public safety industry, trade associations, academia, researchers, and other stakeholders.

Will Schell, Attorney Advisor, Disability Rights Office (DRO), Consumer and Governmental Affairs Bureau (CGB), will continue to serve as the Designated Federal Officer (DFO) of the DAC, and Debra Patkin, Attorney Advisor, DRO, CGB, will serve as the deputy DFO of the DAC.

During the Committee's third term, it is anticipated that the Committee will meet in Washington, DC for a minimum of three (3) one-day plenary meetings per year. In addition, as needed, working groups or subcommittees will be established to facilitate the Committee's work between meetings of the full Committee on accessibility-related matters that include, but are not limited to: communications transitions, telecommunications relay services, emergency access, and video programming accessibility.

The first meeting of the third term of the DAC will be announced at a later date. Meetings of the DAC and any working groups or subcommittees will be fully accessible to individuals with disabilities.

To obtain further information about the Committee, visit www.fcc.gov/dac, or contact: Will Schell, DFO, (202) 418-0767, or DAC@fcc.gov; or Debra Patkin, Deputy DFO, (202) 870-5226.
