RE: Darigold / Northwest Dairy Association Request for Designated Routes Up To 129,000 Pounds

Dear Chief Engineer,

I am writing this letter on behalf of Darigold, the Northwest Dairy Association (NDA) and the 20 dairy farms located in and around the Magic Valley area of Idaho, in order to supplement the recently submitted Request For Designated Routes Up To 129,000 Pounds.

Darigold is a wholly owned subsidiary of the Northwest Dairy Association that operates three milk processing locations in Boise, Caldwell and Jerome, Idaho. These three locations handle approximately 1.6 billion pounds of milk annually and are supplied by 60 NDA member dairy farms, representing approximately 11% of the milk in the state of Idaho. Darigold and NDA provide employment for approximately 678 jobs directly and approximately 2,500 jobs indirectly. In addition, Darigold and NDA are responsible for over \$1.4 billion worth of direct and indirect economic activity in the state of Idaho and pay over \$1.2 million worth of property, sales and use taxes.

The dairy business never quits; cows need to be milked 365 days a year and that milk must be transported for processing. Transportation of the milk from the farm to the processing location is a key success factor in the overall viability of Darigold and NDA. Approval of our application will have a material impact on our business. We believe approval on the submitted routes will benefit both state and local communities with lower road maintenance, reduced traffic, lower emissions, and increased economic activity.

Thank you for your consideration of this matter.
