KENTUCKY FARM BUREAU  INSURANCE

Tracking each one of your personal possessions may seem like a tedious task now, but in the event of a loss, it's worth it. An accurate and up-to-date home inventory can make filing a claim quick and easy.

MY HOME INVENTORY

** Completion of the home inventory form is not a requirement to file a claim. Completion of this form does not guarantee coverage.*

In the event of a loss, identifying all of your possessions for an insurance claim can be both challenging and frustrating. Some items are obvious, like a computer, but what about the smaller, lesser used items, like your grandmother's antique jewelry in the bedroom drawer?

This home inventory form will help you log the valuables in your home and each item's worth. An accurate and up-to-date home inventory can help you make sure you initially elect the right amount of insurance protection, and in the event of a loss, it can make filing a claim much simpler.
