Southeast Corridor Track Repair Weekly Update

SE Corridor Track Repair Update			
Date:	11.15.2024	Reported by:	Dennis Hanson
Time (military):	0745	Job Title:	Manager, Light Rail MOW

Work completed in the last week:

This weekly report covers Saturday 11/9/2024-Friday 11/15/2024

In the last week, the Maintenance of Way (MOW) team installed 140' of rail, including two beveled stock rails on switches in the Southeast corridor between University and Yale stations. The team worked ballast defects in the Southeast, Central Platte Valley and Parker Road corridors through ballast distribution, ballast dressing and tamping. There will be minimal work performed Saturday November 16 and Sunday November 17 this week due to a short work window and people power shortage on the weekends.

Rail distribution, replacement, rail grinding, ballast work and slow zone mitigation will continue Sunday November 17 in the Southeast, Southwest and Parker Road (R-Line) corridors.

Special Instructions:

1. Save report using the date, time submitted, and SE Corridor as the file name, for example:

06.17.24 1500 SE Corridor

2. Submit updated report every Friday by 8:00am to the Colorado PUC staff listed below:

Rebecca.White@state.co.us Pamela.Fischhaber@state.co.us Jessica.Sava@state.co.us

3. Copy the following RTD staff on each submittal update:

Dave.Jensen@rtd-denver.com Stuart.Summers@rtd-denver.com Brian.Farris@rtd-denver.com Brady.Hollaway@rtd-denver.com Erik.Wright@rtd-denver.com Timothy.Walker@rtd-denver.com Mathew.Cross@rtd-denver.com Julie.Kirk@rtd-denver.com

Note: All General Superintendents to pass on to their management team.
