

DATA IN THE CLASSROOM: Investigating Sea Level Using Real Data

Example of Module Integration

There are many ways to integrate some or all of the lessons in this module into your course. One example, aimed at middle school teachers, is provided below.

Topic: Earth Science (Natural Hazard Prediction)

Grade level: Middle School (6th/7th grade)

Example: This example of module integration uses a course model from the [NGSS Middle School Phenomenon Model Course 2](#).

The bundle organizes performance expectations with a focus on helping students build an understanding of causes of diverse climates.
