SUBJECT: Psychological Testing and Evaluation Services  
through Telehealth Modality **UPDATED**

Due to the World Health Organization declaring Coronavirus disease (COVID-19) a pandemic, the West Virginia Bureau for Medical Services (BMS) is allowing for Psychological Testing Services to be rendered through the Telehealth Modality through the federal declaration or until further notification is provided. This applies to all psychological testing codes. BMS will continue to monitor the situation and work closely with our state and federal partners gathering further information and directives and will provide further notification if an extension of these suspended requirements is received.
