## **FY-2015 Budget Request**

**August 2013**

**STATE OF MISSISSIPPI**

Phil Bryant  
Governor

**MISSISSIPPI DEPARTMENT OF MARINE RESOURCES**

Jamie M. Miller, Executive Director

July 31, 2013

Legislative Budget Office  
C/o Legislative Budget Committee  
501 N. West Street, Suite 201-B  
Jackson, MS 39201

Dear Legislative Budget Committee Member:

Please find enclosed the FY 2015 Budget Request for the Mississippi Department of Marine Resources (MDMR). It has been a challenging year for the agency due to significant turnover of senior management, including my appointment as the new Executive Director in April. We have worked hard to prepare an accurate assessment of our priorities, while realizing funding those priorities needs to be clearly justified.

Since FY 2000, the MDMR general fund appropriations have fallen from \$2,704,452 (FY 2000) to \$1,125,351 (FY 2014). During this same period, the MDMR staffing requirements have increased due to the services provided by the agency. In previous years, federal and other non-state sources of revenue were used to offset the decrease in general funds (i.e. Disaster Relief Funds related to Hurricane Katrina and BP Oil spill). However, these operational funds are no longer available to meet our budget shortfall. In Fiscal Year 2013, salaries paid by non-federal funding were \$5,533,065, which has outpaced agency revenue needed to cover just our personnel expenses. We look forward to addressing this important budget issue with you so our agency can continue to provide essential law enforcement, marine science and regulatory functions for the State of Mississippi.

In appreciation,

A handwritten signature in black ink that reads "Jamie M. Miller".

Jamie M. Miller  
Executive Director  
Mississippi Department of Marine Resources

**NARRATIVE OF SPECIAL FUNDS DETAIL  
AND TREASURY FUND/BANK ACCOUNTS**

MS Department of Marine Resources

Name of Agency

**FEDERAL FUNDS**

Federal funds received during FY 2013 were from the U. S. Department of Commerce, NOAA, the U. S. Environmental Protection Agency, U.S. National Park Service and the U. S. Department of Interior, Fish and Wildlife Service.

Funds from the U. S. Department of Commerce are used to fund the Mississippi Coastal Program, Fisheries Research projects and the Grand Bay NERR.

Funds from the U. S. Environmental Protection Agency are used to fund special projects in the Mississippi Coastal Program and the Wetlands Compliance and Mitigation Program.

Funds from the U. S. Department of Interior are used to fund research projects and fisheries stock assessment, enhancement and public access projects, and public information and education projects.

Funds from the U. S. National Park Service are used to fund projects designated in the Mississippi Gulf Coast Heritage Area.

All federal funds, though unencumbered, are obligated for specific projects.

**STATE SUPPORT SPECIAL FUNDS**

The Department of Marine Resources received no State Support Special Funds.

**OTHER SPECIAL FUNDS**

The cash available in the special funds category does not represent the cash available for general state funded operations of the agency. Included in this cash balance are the following accounts (as of 06/30/2013). The funding for most projects are obligated for a specific purpose.

Rigs to Reef	\$4,947,119
Special Coastal Preserves	\$539,959
Shell Retention	\$309,891
Isaac	\$20,750
Phosphates	\$400,118
Diamond Terrapin	\$4,115
Restitution	\$32,785
GOMESA	\$2,983,273
Seafood Waste Equipment	\$461,935
JEA (Joint Enforcement Agreement)	\$199,939
Coastal Cleanup	\$14,366
Seafood Marketing - BP	\$1,573,265
CRMP Conference	\$4,588
GSMFC	\$2,888
Total -	\$11,494,991

**NARRATIVE OF SPECIAL FUNDS DETAIL  
AND TREASURY FUND/BANK ACCOUNTS**

MS Department of Marine Resources

Name of Agency

Cash available under Special Funds also includes the difference between federal revenues and federal expenditures for FY2013 (\$1,175,731).

Offroad Fuel Taxes - \$3,050,000

Derived by the State Tax Commission and remitted to the DMR via our appropriation bill.

License/Miscellaneous - \$1,322,278

Fees are derived from the sale of saltwater recreational and commercial licenses and include confiscation fees for violations, wetland permitting fees, fines and other miscellaneous fees.

BP Oil Spill Funds - \$841,268

On April 20, 2010, an explosion and fire occurred on the Deepwater Horizon drilling platform, operated by British Petroleum, Inc. (BP), in the Northern Gulf of Mexico resulting in the loss of life, the subsequent sinking of the rig and a massive oil spill. Due to the effects of this event, the DMR received one-time funds to test seafood and also promote Mississippi Seafood nationwide. In FY2013 the DMR received \$600,000 for marketing and \$241,268 for testing.

Other Non-Federal Revenues

Included in these funds are the following non-recurring funds:

Emergency Disaster Relief Funds - \$2,208,503

These funds were issued in FY2013 on a reimbursement basis to the DMR for recovery/restoration projects related to Hurricane Katrina.

MEMA/FEMA - \$394,004

These funds were reimbursed to the DMR for losses related to Hurricane Katrina. This represents the final payments from FEMA/MEMA.

Joint Enforcement Agreement - \$553,558

These funds represent an agreement between the DOC and Marine Patrol Program to carry out law enforcement duties in federal waters.

GOMESA - \$67,743

Gulf of Mexico Energy Security Act funds used for coastal restoration projects.

One-Time Coastal Preserves/Resources - \$54,159

MRFSS Surveys/Trip Ticket/Biological Sampling - \$430,314

Revenues received for specific programs.

Coastal Cleanup - \$12,000

Donations for Coastal Cleanup project

CRMP Conference - \$20,800

Donations for Conference

Miscellaneous One-Time Fisheries/Coastal/Public Access - \$45,824

Miscellaneous One-Time Coastal Resource Revenue - \$16,512

**NARRATIVE OF SPECIAL FUNDS DETAIL  
AND TREASURY FUND/BANK ACCOUNTS**

MS Department of Marine Resources

Name of Agency

**TREASURY FUND/BANK**

Treasury Fund 3450 is the "Seafood Fund" set up in State Statute that is used to collect funds such as offroad fuel tax, federal funds and other special funds. The other funds, though unencumbered are obligated for a particular purpose/program.

The License Clearing Account is used for collection of license fees, confiscated catch fees, fines for violations, and other miscellaneous fees. These are transferred to the State Treasury for deposit in the DMR's Special Fund Account 3450.

The Special Permit Account is a clearing account for collection of wetlands permit fees. These funds are transferred to the State Treasury for deposit in the DMR's Special Fund Account 3450.

## PROGRAM NARRATIVE

Program Data Collected in Accordance with the  
Mississippi Performance Budget and Strategic Planning Act of 1994  
(To Accompany Form MBR-1-03)

MS Department of Marine Resources

1 - MARINE FISHERIES

AGENCY NAME

PROGRAM NAME

### I. Program Description:

The Marine Fisheries Program provides effective management of the state's marine fisheries, including oysters, shrimp, crabs, spotted seatrout, red drum, menhaden, and mullet in addition to other commercially and recreationally important species. The program includes conservation and overall management of living marine organisms through research and data collection as modified by relevant social, economic, and biological factors. The Office of Marine Fisheries utilizes the most appropriate methods to manage each marine species including, but not limited to, regulating, harvesting, habitat enhancement, water quality monitoring for molluscan shellfish harvesting, setting of catch limits and season for many species and seafood inspections of processing and distribution facilities.

### II. Program Objective:

It is the objective of the Marine Fisheries Program to effectively manage the state's marine fisheries to produce the maximum benefit to the citizens of Mississippi while at the same time maintaining the long-term viability of the fisheries stock upon which these benefits depend, to maintain seafood processing health safety to instill a high consumer confidence and thus maximize marketing opportunities, assist in producing added-value seafood products, and increase economic diversity and job opportunities through the application of aquaculture and other technologies.

### IV. Additional program activities that will result from increased funding requested in Columns 16-25 (MBR-1-03) and specified Budget Decision Unit Columns (MBR-1-03-A):

#### (D) Salaries:

Shrimp & Crab Bureau - 1 New Position

1 DMR-Marine Fisheries Scientist I (Time-Limited)/2876/\$36,115

The Shrimp & Crab Bureau is responsible for hundreds of individual shrimp trawl samples that determine shrimp seasons as required by state statute and specimen tissue samples that are used to determine seafood safety following the Deepwater Horizon disaster. Trawl sampling can be dangerous and must often be carried out in inclement environmental conditions and requires a captain and crew numbers adequate to handle the vessel, work the winch and retrieve the catch from the net. Additionally hundreds of specimens must be weighed and measured accurately after each sampling day. To accomplish these tasks, a new Marine Fisheries Scientist position is needed.

**PROGRAM PERFORMANCE INDICATORS AND MEASURES**  
Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994

MS Department of Marine Resources

I - MARINE FISHERIES

AGENCY NAME

PROGRAM NAME

**PROGRAM OUTPUTS:** (This is the measure of the process necessary to carry out the goals and objectives of this program. This is the volume produced, i.e., how many people served, how many documents generated.)

	<u>FY 2013</u> <u>ACTUAL</u>	<u>FY 2014</u> <u>ESTIMATED</u>	<u>FY 2015</u> <u>PROJECTED</u>
1 Shrimp Trawl Sampling	337.00	300.00	300.00
2 Technical Assistance Visits (seafood, aquaculture, other)	4,363.00	5,000.00	5,000.00
3 Seafood Inspections Conducted	267.00	550.00	550.00
4 Seafood Units Inspected	696.00	700.00	700.00
5 Field Interview Surveys Conducted	2,081.00	2,000.00	2,000.00
6 Telephone Surveys Conducted	208.00	400.00	400.00
7 Water Samples Collected to Monitor Shellfish Season	1,547.00	1,700.00	1,800.00

**PROGRAM EFFICIENCIES:** (This is the measure of the cost, unit cost or productivity associated with a given outcome or output. This measure indicates linkage between services and funding, i.e., cost per investigation, cost per student or number of days to complete investigation.)

	<u>FY 2013</u> <u>ACTUAL</u>	<u>FY 2014</u> <u>ESTIMATED</u>	<u>FY 2015</u> <u>PROJECTED</u>
1 Average Cost Per Shrimp Trawl Per Sampling Trip	345.00	300.00	300.00
2 Average Cost Per Services Action (technical assistance and inspections)	100.00	100.00	105.00
3 Average Cost Per Interview Site	160.00	165.00	170.00
4 Average Cost Per Water Sample	25.00	30.00	35.00

**PROGRAM OUTCOMES:** (This is the measure of the quality or effectiveness of the services provided by this program. This measure provides an assessment of the actual impact or public benefit of your agency's actions. This is the results produced, i.e., increased customer satisfaction by x% within a 12-month period, reduce the number of traffic fatalities due to drunk drivers within a 12-month period.)

	<u>FY 2013</u> <u>ACTUAL</u>	<u>FY 2014</u> <u>ESTIMATED</u>	<u>FY 2015</u> <u>PROJECTED</u>
1 Economic Worth of MS Shrimp Fishery (in excess of millions)	23.70	24.00	24.00
2 Economic Value of Industries Aided (in excess of millions)	382.00	393.00	405.00
3 Economic Estimate of 13,000 Charter Boat Trips (in excess of millions)	16.00	16.00	16.00
4 Sacks of Oysters Harvested	58,267.00	125,000.00	200,000.00

AGENCY NAME

PROGRAM NAME

## I. Program Description:

The Coastal Ecology Program addresses the state and federal mandates of the Coastal Wetlands Protection Law and Coastal Zone Management Act. This is accomplished through coastal wetlands permits, the Mississippi Coastal Program, wetlands land acquisition, preservation, conservation and management.

## II. Program Objective:

To provide support for the Department's Coastal Wetlands Program, Coastal Preserves Program, Estuarine Research Program, and various other aspects of the Mississippi Coastal Program.

## IV. Additional program activities that will result from increased funding requested in Columns 16-25 (MBR-1-03) and specified Budget Decision Unit Columns (MBR-1-03-A):

## (D) Add Coastal Mgt Projects:

The DMR anticipates closing the Coastal Management and Planning program for FY2015. The projects and FTEs will be added to Coastal Ecology.

Mississippi Performance Budget and Strategic Planning Act of 1994  
(To Accompany Form MBR-1-03)

MS Department of Marine Resources

4 - MARINE PATROL

AGENCY NAME

PROGRAM NAME

**I. Program Description:**

The Marine Patrol Program is responsible for enforcing all laws and regulations enacted or adopted and promulgated for the protection, propagation or conservation of all saltwater aquatic life of the State of Mississippi. The patrol area consists of 1,000 square miles of marine waters, 369 miles of shoreline, 77,933 acres of marsh land and the land masses of Hancock, Harrison, and Jackson counties. The Marine Patrol Program is also required to protect and support the public and community in the area of boat and water safety, natural disasters, search and rescue, and other emergency situations and special marine events.

**II. Program Objective:**

To maintain an efficient and productive Marine Patrol Office while supporting and protecting the public, the seafood industry and associated recreational fishing and marine activities along the Mississippi Gulf Coast, and to provide support and assistance to the public in times of natural disasters and other boat and water related emergencies.

**III. Current program activities as supported by the funding in Columns 6-15 (FY 14 Estimated & FY 15 Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:****(D) Commodities:**

Commodities - \$98,000

Rising fuel costs over the last five years have had a major effect on the Marine Patrol budget. Along with diesel fuel and gasoline, petroleum prices have also affected the cost of tires, etc. Since FY2009, DMR fuel costs alone have increased by over \$111,000. The DMR requests an increase of \$98,000 for Marine Patrol in the commodities category.

**IV. Additional program activities that will result from increased funding requested in Columns 16-25 (MBR-1-03) and specified Budget Decision Unit Columns (MBR-1-03-A):****(E) Salaries:**

Program #4 - Marine Patrol - 2 New Positions - \$70,303  
Reclassifications - \$20,118

1 DMR-Marine Patrol Officer I/2830/\$41,220  
1 Emergency Telecommunications I/2923/\$29,083

The MDMR Marine Patrol Office needs an additional officer to handle the increased patrols in the offshore extended territorial waters of the state explained in House Bill 1072, which was passed by the Legislature and signed by the Governor. Each officer is responsible for approximately 531 square miles of marine waters, 200 square miles of land, and 15,420 acres of marshland. In addition to the Marine Patrol Officers' duties on the water and marshland, they perform law enforcement duties associated with the coastal permitting and seafood processing plant inspection, particularly when there are violations. Also, Marine Patrol Officers support and assist with public services including teaching boat and water safety classes and handling special events coordination and responding to requests of assistance by other Gulf Coast law enforcement entities.

In support of the Marine Patrol Officers, there is a need for one additional Emergency Telecommunicator (dispatcher) to provide adequate communications to the officers in the field performing marine patrols of the Mississippi Gulf Coast marine waters.

The Marine Patrol Office will not be able to adequately provide coverage to the vast area for which we are responsible without an additional Marine Patrol Officer. Our Marine Patrol will be restricted from efficiently and effectively protecting and supporting the general public, the seafood industry, recreational fishing and marine activities along the Mississippi Gulf Coast.

**PROGRAM NARRATIVE**

MS Department of Marine Resources4 - MARINE PATROL

AGENCY NAME

PROGRAM NAME

Upward Reclassifications: (SPB Schedule C)

The Marine Patrol Officer job series (I-V) provides a career ladder for the MDMR law enforcement positions, and are currently listed as authorized reclassifications per the MSPB schedule. The MDMR FY2014 Appropriation Bill eliminates most types of salary increases, including promotions and upward reclassifications. As a result, several Marine Patrol Officers due for promotion when the next job level in this job series is achieved will not be allowed to obtain the upward reclassification during fiscal year 2014.

Therefore for FY2015, we are requesting upward reclassifications be allowed for Marine Patrol Officer positions who achieve the sufficient experience to move up to the next officer level during FY2014, as well as those achieving this goal during FY2015.

Specifically, the following PINs submitted for upward reclassifications are:

PIN 125: From DMR-Marine Patrol Officer I to DMR-Marine Patrol Officer II  
 PIN 801: From DMR-Marine Patrol Officer I to DMR-Marine Patrol Officer II  
 PIN 804: From DMR-Marine Patrol Officer I to DMR-Marine Patrol Officer II  
 PIN 109: From DMR-Marine Patrol Officer II to DMR-Marine Patrol Officer III  
 PIN 110: From DMR-Marine Patrol Officer II to DMR-Marine Patrol Officer III  
 PIN 808: From DMR-Marine Patrol Officer II to DMR-Marine Patrol Officer III  
 PIN 831: From DMR-Marine Patrol Officer II to DMR-Marine Patrol Officer III

Total funds requested for these upward reallocations including shift differential and fringe: \$20,118

**PROGRAM NARRATIVE**

Program Data Collected in Accordance with the  
Mississippi Performance Budget and Strategic Planning Act of 1994  
(To Accompany Form MBR-1-03)

MS Department of Marine Resources5 - ADMINISTRATIVE SERVICES

AGENCY NAME

PROGRAM NAME

**I. Program Description:**

The Department of Marine Resources was established to manage Mississippi's saltwater resources. The Department accomplishes its mandates by recommending and establishing rules, regulations, laws, seasons, creel limits, and by providing technical assistance to citizens in regard to managing private lands and waters for marine resources. The Administrative Services Program provides support to all the different programs and projects in the Department, allowing programmatic staff more time to manage the state's natural resources.

**II. Program Objective:**

It is the mission of the Administrative Services Program to provide support required by other offices within the Department to meet their goals and objectives, to maintain all human resources and payroll functions, to maintain all accounts payable functions, the purchasing system, the saltwater license system, revenue support function, budgetary assistance, develop and maintain hardware and software systems for timely and accurate data, and to support the Department's mission through a proactive communications program of information, education, outreach and public involvement. The Administrative Services Program is also dedicated to providing a strategic planning function aimed at improving the state's marine resources. Operations of the Lyman Fish Hatchery also falls under the purview of this program.

**IV. Additional program activities that will result from increased funding requested in Columns 16-25 (MBR-1-03) and specified Budget Decision Unit Columns (MBR-1-03-A):****(D) Salaries:**

- 1 DMR-Marine Manager II (Time-Limited)/4803/\$69,681 (Hatchery Manager)
- 1 DMR-Marine Fisheries Scientist V (Time-Limited)/4585/\$53,722
- 2 DMR-Marine Fisheries Technician V (Time-Limited)/2869/\$81,558

During the past several fiscal years, the MDMR has contracted with four (4) full-time individuals to maintain the grounds and provide minimal assistance with the fish and ponds at the Lyman Fish Hatchery. An official hatchery manager is needed to oversee hatchery operations, develop budgets, provide long and short range plans and supervise staff. Additionally, a Marine Fisheries Scientist and two (2) Technicians are needed to fully staff the operations of the hatchery.

Mississippi Performance Budget and Strategic Planning Act of 1994  
(To Accompany Form MBR-1-03)

MS Department of Marine Resources

6 - COASTAL MANAGEMENT AND PLANNING

AGENCY NAME

PROGRAM NAME

**I. Program Description:**

The Office of Coastal Management and Planning is responsible for the Comprehensive Resource Management Plan (CRMP), the Mississippi Department of Marine Resources (DMR) Geographical Information System (GIS) Initiative, the Mississippi Gulf Coast National Heritage Area (NHA), Coastal Impact Assistance Program (CIAP), and Special Initiatives associated with activities delegated to the DMR by the Governor's Office.

It is anticipated that this program will be closed by the beginning of FY2015. The projects under this program will be divided between Coastal Ecology and Administrative Services. It is possible a new program will be added prior to the beginning of FY2015.

**II. Program Objective:**

The Office of Coastal Management is a program designed to provide coordination of the various efforts of public and private entities working to balance economic development with preservation of the coastal resources in the eleven (11) coastal cities and six (6) coastal counties in regards to smart/sustainable planning and growth for the Mississippi Gulf Coast. The office works with all units of a municipality concerning planning needs. The Mississippi Gulf Coast Smart Growth Toolbox, along with the Mississippi Gulf Coast Land Suitability Model was developed by the staff assigned to this program. Development and use of these tools saved millions in tax payer dollars on duplication of projects, along with training of personnel in GIS. The development of these programs is in coordination with federal agencies such as NOAA, EPA, Sea Grant, the Department of Interior, the National Park Service, along with the Federal Highway Commission, just to name a few. Statewide, the staff works with the Department of Environmental Quality, Department of Transportation, Department of Health, Department of Archives and History, Department of Wildlife, Fisheries and Parks, along with various other agencies to coordinate this effort. CRMP staff actively partner with the six (6) coastal counties of Southern Mississippi which are Hancock, Harrison, Jackson, George, Stone and Pearl River, to more effectively and efficiently utilize the resources available.

**IV. Additional program activities that will result from increased funding requested in Columns 16-25 (MBR-1-03) and specified Budget Decision Unit Columns (MBR-1-03-A):****(D) Close Program:**

It is anticipated the Coastal Management and Planning Program will be eliminated for Fiscal Year 2015. All projects under this program will be moved to the Coastal Ecology Program (2).

**NARRATIVE  
2015 BUDGET REQUEST**

MS Department of Marine Resources

Name of Agency

**FY2015 HUMAN RESOURCES NEEDS NARRATIVE**

Mississippi Department of Marine Resources (MDMR)/90450

Total Requested State Funds: \$331,497

I. New Positions Requested: 7 NEW Positions (MSPB Schedule A)

Reasons for requesting new positions:

ϕ New Positions required for Continuation of Existing Programs

AND

ϕ New Positions required for Expanded Programs/Workload

A. Total dollar amount requested for new positions: \$311,379 (includes fringe)

B. Justification, by office:

Program #1 - Marine Fisheries - 1 Position - \$36,115

Shrimp & Crab Bureau - 1 New Position

1 DMR-Marine Fisheries Scientist I (Time-Limited)/2876/\$36,115

The Shrimp & Crab Bureau is responsible for hundreds of individual shrimp trawl samples that determine shrimp seasons as required by state statute and specimen tissue samples that are used to determine seafood safety following the Deepwater Horizon disaster. Trawl sampling can be dangerous and must often be carried out in inclement environmental conditions and requires a captain and crew numbers adequate to handle the vessel, work the winch and retrieve the catch from the net. Additionally hundreds of specimens must be weighed and measured accurately after each sampling day. To accomplish these tasks, a new Marine Fisheries Scientist position is needed.

Program #4 - Marine Patrol - 2 New Positions - \$70,303

1 DMR-Marine Patrol Officer I/2830/\$41,220

1 Emergency Telecommunications I/2923/\$29,083

The MDMR Marine Patrol Office needs an additional officer to handle the increased patrols in the offshore extended territorial waters of the state explained in House Bill 1072, which was passed by the Legislature and signed by the Governor. Each officer is responsible for approximately 531 square miles of marine waters, 200 square miles of land, and 15,420 acres of marshland. In addition to the Marine Patrol Officers' duties on the water and marshland, they perform law enforcement duties associated with the coastal permitting and seafood processing plant inspection, particularly when there are violations. Also, Marine Patrol Officers support and assist with public services including teaching boat and water safety classes and handling special events coordination and responding to requests of assistance by other Gulf Coast law enforcement entities.

In support of the Marine Patrol Officers, there is a need for one additional Emergency Telecommunicator (dispatcher) to provide adequate communications to the officers in the field performing marine patrols of the Mississippi Gulf Coast

**NARRATIVE  
2015 BUDGET REQUEST**

MS Department of Marine Resources

Name of Agency

marine waters.

Program #5 - Administrative Services - 4 New Positions - \$204,961

1 DMR-Marine Manager II (Time-Limited)/4803/\$69,681 (Hatchery Manager)

1 DMR-Marine Fisheries Scientist V (Time-Limited)/4585/\$53,722

2 DMR-Marine Fisheries Technician V (Time-Limited)/2869/\$81,558

During the past several fiscal years, the MDMR has contracted with four (4) full-time individuals to maintain the grounds and provide minimal assistance with the fish and ponds at the Lyman Fish Hatchery. An official hatchery manager is needed to oversee hatchery operations, develop budgets, provide long and short range plans and supervise staff. Additionally, a Marine Fisheries Scientist and two (2) Technicians are needed to fully staff the operations of the hatchery.

C. Explain methodologies used to determine the number and classifications for each position requested:

The duties associated with these positions are consistent with other positions performing similar work within the different offices of the MDMR.

D. List goals not achieved because of a need for requested new positions:

Program #1 - Marine Fisheries

The Shrimp & Crab Bureau will not be able to provide shrimp and crab fishery participants with all of the evolving myriad of state and federal information needed, such as through the annual shrimping newsletter/seminars/gear distribution/task force cooperative work. Without the appropriate staffing level, the quality of service provided will be impacted as we work to fulfill the mission of the MDMR.

Program #4 - Marine Patrol

The Marine Patrol Office will not be able to adequately provide coverage to the vast area for which we are responsible without an additional Marine Patrol Officer. Our Marine Patrol will be restricted from efficiently and effectively protecting and supporting the general public, the seafood industry, recreational fishing and marine activities along the Mississippi Gulf Coast.

Program #5 - Administrative Services

In order for the Lyman Fish Hatchery to operate at full capacity, it is necessary to have a complete staff including a Hatchery Manager, a Fisheries Scientist, and Fisheries Technicians.

II. Funding for Existing Vacant Positions

Between the FY2013 and FY2014 budget process and conversion, MDMR lost 36 PINs. This significant reduction of PINs severely restricts the agency's ability and resources from fulfilling our mission and meeting our obligations to the Mississippi Gulf Coast's marine interests and resources. Therefore, the MDMR requests retention of all appropriated positions that are currently vacant to allow adequate staffing levels to support future growth and demands placed on agency resources, and does not want to abolish any positions. The current vacant positions will be filled by the end of Fiscal Year 2014 (June 30, 2014) and will not be vacant at the beginning of Fiscal Year 2015.

III. Upward Reallocations: (SPB Schedule B)

**NARRATIVE  
2015 BUDGET REQUEST**

MS Department of Marine Resources

Name of Agency

None Requested

IV. Upward Reclassifications: (SPB Schedule C)

The Marine Patrol Officer job series (I-V) provides a career ladder for the MDMR law enforcement positions, and are currently listed as authorized reclassifications per the MSPB schedule. The MDMR FY2014 Appropriation Bill eliminates most types of salary increases, including promotions and upward reclassifications. As a result, several Marine Patrol Officers due for promotion when the next job level in this job series is achieved will not be allowed to obtain the upward reclassification during fiscal year 2014.

Therefore for FY2015, we are requesting upward reclassifications be allowed for Marine Patrol Officer positions who achieve the sufficient experience to move up to the next officer level during FY2014, as well as those achieving this goal during FY2015.

Specifically, the following PINs submitted for upward reclassifications are:

- PIN 125: From DMR-Marine Patrol Officer I to DMR-Marine Patrol Officer II
- PIN 801: From DMR-Marine Patrol Officer I to DMR-Marine Patrol Officer II
- PIN 804: From DMR-Marine Patrol Officer I to DMR-Marine Patrol Officer II
- PIN 109: From DMR-Marine Patrol Officer II to DMR-Marine Patrol Officer III
- PIN 110: From DMR-Marine Patrol Officer II to DMR-Marine Patrol Officer III
- PIN 808: From DMR-Marine Patrol Officer II to DMR-Marine Patrol Officer III
- PIN 831: From DMR-Marine Patrol Officer II to DMR-Marine Patrol Officer III

Total funds requested for these upward reallocations including shift differential and fringe: \$20,118

V. Educational Benchmarks: (SPB Schedule D)

No Request

VI. Special Compensation/Experience Benchmarks: (SPB Schedule E)

No Request

VII. Callback Pay (Currently Authorized): (SPB Schedule F)

Continue currently authorized callback pay for all designated PINs for MDMR employees who may be involved with first responder effort due to any potential disaster(s) along the MS Gulf Coast.

VIII. Additional Compensation (Not Currently Authorized): (SPB Schedule G)

No Request

IX. FLSA Overtime Pay: (SPB Schedule H - Currently Authorized)

NARRATIVE  
2015 BUDGET REQUEST

MS Department of Marine Resources

Name of Agency

(SPB Schedule I - Not Currently Authorized)

No Request

X. Position Status Change: (SPB Schedule J)

No Request

XI. Standby Pay (Currently Authorized): (SPB Schedule K)

No Request

#### TRAVEL

The Department of Marine Resources' meal allowance ranges from \$31 per day up to \$46 per day for high cost areas. This category also includes flight expenses, mileage, hotel expenses and other miscellaneous expenses.

The Marine Fisheries Program is requesting \$15,132 in this category.

The amount requested is for expenses incurred for travel to official meetings to participate in planning programs with other federal and state agencies to ensure that the DMR is receiving the most current and accurate marine fisheries related information. Many of these meetings are out-of-state. Some examples of out-of-state travel include the DMR's participation in Gulf Regional Fisheries Management Council, Gulf States Marine Fisheries Commission, EPA Gulf of Mexico Program, Interstate Shellfish Sanitation Conference, USFDA Shellfish Workshops, State-Federal Cooperative Statistics Meetings, Interstate Seafood HACCP Seminars, US Fish and Wildlife Service, and travel to Washington, D.C. to meet with Senate and Congressional members. Participation in these forums is critical to the effective management of the state's marine fisheries.

These funds are also used to improve personnel knowledge of new scientific and technical information applicable to marine resources management by providing for staff attendance at selected scientific conferences (American Fisheries Society Meetings, Estuarine Research Federation Meetings, etc.) and regulatory and non-regulatory seafood sanitation/technical applications meetings.

Travel funds also apply to expenses incurred by staff for in-state travel to attend interactive sessions with the Mississippi Department of Health and Mississippi Department of Agriculture and Commerce, as well as attend Shellfish Sanitation Meetings, which are extremely important to the marketing of the state's seafood.

The Coastal Ecology Program is requesting \$43,000 in this category. These are federal funds.

The funds requested will enable the Coastal Ecology Program staff to continue to provide services in wetlands permitting, the Coastal Zone Management Program, Coastal Preserve Program, and special projects that include both in-state and out-of-state travel. Out-of-state travel to meetings in Washington, D.C., Atlanta, Georgia, New Orleans, Louisiana, and Mobile, Alabama relating to federal grant awards, program coordination and professional meeting is common. Travel also includes professional meetings and workshops for employee development and training.

\$25,000 in this category has been added from the closing of Coastal Management and Planning.

**NARRATIVE  
2015 BUDGET REQUEST**

MS Department of Marine Resources

Name of Agency

This is federal funds that will allow employees to attend meetings required under the federal grant program such as the Annual Smart Growth Conference, the Annual Alliance Board meeting in Washington, DC, Heritage Board Meetings held in designated Heritage locations throughout the United States, and ESRI/GIS meetings.

The Marine Patrol Program is requesting \$4,000 in this category.

The funds requested will allow the Office Director and staff to attend meetings and conferences related to law enforcement issues that directly impact the Mississippi Gulf Coast. Most of the associated meetings are conducted out-of-state and require attendance by law enforcement. Out-of-state travel funds are requested for law enforcement participation in such vital meetings as Interstate Shellfish Sanitation Conference, Gulf State Marine Fisheries Commission, Gulf and South Atlantic Fisheries, Gulf Council, International Association of Marine Investigators, Northern State Boating Law Administrators Association, Southern States Boating Law Administrators Association, International Association of Chiefs of Police, Law Enforcement Committee for Strategic Planning and Task Force Sub-Committees. It is of the utmost importance that law enforcement participates in such meetings to afford them the opportunity to gain knowledge of federal and national programs that affect the marine waters and fisheries of the Mississippi Gulf Coast as well as its constituents. The Office Director for the Marine Patrol Program has a vote on some of these committees and holds a chairmanship on two. It is vital that he or his designee attend these functions to have representation from Mississippi Law Enforcement to cast votes.

The Administrative Services Program is requesting \$38,000 in this category.

The funds requested will allow the Executive Director and other executive staff to continue participation in fisheries management, attend legislative sessions and mandated meetings as well as representing the state at out-of-state meetings such as Gulf of Mexico Fishery Management and Gulf States Marine Fisheries Commission. It is critical that the Executive Director attend out-of-state meetings pertaining to the DMR such as the Gulf Regional Fisheries Management Council, Gulf States Marine Fisheries Commission, EPA Gulf of Mexico Program, Interstate Shellfish Sanitation Conference, USFDA Shellfish Workshops, State-Federal Cooperative Statistics Meetings, Interstate Seafood HACCP Seminars, US Fish and Wildlife Services, and travel to Washington, D.C. to meet with Senate and Congressional members. Participation in these forums is critical to the management of the state's marine resources.

These funds will also allow employees to attend critical training sessions to improve their job skills, particularly in the fast changing information technology department.

#### CONTRACTUAL SERVICES

The Marine Fisheries Program is requesting \$110,484 in this category.

The total requested amount will enable us to continue contracting with Gulf Coast Research Laboratory for shellfish Sanitation services including water samples (growing waters and oyster industry potable water) and oyster meat analysis. The need for growing water analysis has increased in recent years due to the extension of the oyster season. The extensions of the oyster season have also created the need to contract for additional manpower to man the oyster check stations and collect field samples (both water and oyster) in order to avoid violations of the Fair Labor Standard Act. We do not currently have the necessary staff to fulfill our shellfish sanitation requirements. Full compliance with national standards for growing and potable water sanitation is necessary to ensure that Mississippi shellfish are

**NARRATIVE  
2015 BUDGET REQUEST**

MS Department of Marine Resources

Name of Agency

marketable outside state lines and maintain strict public health guidelines. This compliance is maintained through routine sample collection and analysis on a prescribed schedule.

Funds are also used to maintain memberships in numerous professional organizations that address seafood safety, aquaculture, and other technology applications in the seafood industry. This included the Interstate Shellfish Sanitation Conference that allows the DMR to keep abreast of the latest technology advances and NSSP model ordinance requirements.

Other funding is necessary for the purchase and planting of oyster cultch material on oyster reefs in Mississippi waters to increase the oyster harvest and economic value of the seafood industry along the Gulf Coast.

The Coastal Ecology Program is requesting \$501,222 in this category. These are federal funds.

The funds requested will enable the DMR to contract for services to perform special tasks and projects mandated under the Coastal Zone Management Program. Some of these tasks include a revision to the Coastal Program and the Nonpoint Source Pollution Program. Funding is also critical to continuing wetlands and coastal permitting activities.

Funding for GIS technical assistance will provide for the development of a database connection to convert and link the tabular wetland permitting data, through Spatial Database Engine, to the Coastal Mapper allowing DMR personnel and eventually the public to view graphically represented permit actions and their tabular data. This task will provide timely and geographically accurate information that, without requiring specialized skills or software, assist in day to day DMR personnel duties, as well as providing pertinent information for the public we serve.

Approximately 80% of legal counsel's time is spent on Coastal Program and wetlands permitting issues and is funded through CZM federal funds. Current legal services performed by legal personnel include routine activities involving wetlands permitting and enforcement problems, resolution of special issues involving zoning, legal challenges to the Wetlands Use Plan and the Mississippi Coastal Program, as well as other complex legal issues.

This request also includes federal funds under provision of the U. S. National Park Service Heritage Grant, formerly with the Coastal Management and Planning program. Funds will be used to contract for an environmental assessment plan, repairs and maintenance on equipment and other supplies assigned to this program.

The Marine Patrol Program is requesting \$83,000 in this category.

The total requested funding would provide for required tuition needed for Marine Law Enforcement Officers to attend the Basic Police Academy (9-12 weeks), and the Federal Law Enforcement Training School (4 weeks). This training is critical in order to ensure that our law enforcement officers are professional and knowledgeable in the laws and skills required to protect the public welfare and the sensitive Coastal environment. It is also critical to the Gulf Coast seafood industries, recreational sportsmen, and the associated economic benefits that they produce.

Funds will also be used to support the Marine Patrol Program in vehicle and boat repairs. Funding will allow needed repairs to ensure Marine Law Enforcement Officers' ability to respond to law enforcement issues and emergency situations involving public safety and welfare.

The Administrative Services Program is requesting \$980,000 in this category.

Funding for all the DMR building rent, office lease equipment and repair, and information systems maintenance costs

**NARRATIVE  
2015 BUDGET REQUEST**

MS Department of Marine Resources

Name of Agency

are included in the Administrative Services Program's request.

Funds will also be used for repairs and maintenance of the DMR's pool vehicles and boats.

Funds will also be used to support training in all phases of technology. Failure to keep current with the changing technology will result in failure of the DMR to meet the requirements of section 29-15-17 Mississippi Code.

**COMMODITIES**

The Marine Fisheries Program is requesting \$62,364 in this category.

The total amount requested will enable the Fisheries staff to purchase oyster tags to be attached to all sacks of oysters taken in safe water as mandated by state and federal regulations, and to purchase oyster cultch material to be used in enhancement of oyster reefs to increase the oyster harvest.

Scientific supplies are also required to perform additional qualitative screening tests for seafood safety, aid in educational enhancement, and study aquaculture production conditions.

Fuel for boats and vehicles is also vital in this category.

The Coastal Ecology Program is requesting \$150,000 in this category.

These are federal funds that will be used to purchase fuel, office supplies, field supplies for permitting, printing and other materials in support of the Coastal Program. This request also includes federal funds under provisions of the U. S. National Park Service Heritage Grant. The majority of funds will be used to brand and print the environmental assessment plan. The remaining funds will be used for fuel, repair and replacement parts for equipment, and office supplies to be used in support of this federal program.

The Marine Patrol Program is requesting funding of \$249,664 in this category.

This includes an increase of \$98,000 to cover an increase in fuel costs.

This funding will support the Marine Patrol Program's requirements for tires, office supplies, lab and test supplies, repair parts, and uniforms. These are required for the daily operations of the Marine Patrol Office and fulfillment of its mission to enforce the law and maintain public safety and welfare. Marine Patrol has the responsibility of maintaining patrol 24 hours a day, 7 days a week, and 365 days a year. Marine Patrol is also charged with the responsibility of Emergency Response. Constituents of the State of Mississippi depend on Marine Law Enforcement Officers for assistance and it is crucial that they have the necessary equipment to be able to respond to such emergencies as floods, hurricanes, etc. Equipment upkeep such as regular oil changes, inspections, brakes, lights and sirens are some of the efforts our officers carry out to maintain a solid, dependable patrol unit. Funding is requested to assist with maintaining these efforts.

Rising fuel costs over the last five years have had a major effect on the Marine Patrol budget. Along with diesel fuel and gasoline, petroleum prices have also affected the cost of tires, etc. Since FY2009, DMR fuel costs alone have increased by over \$111,000. The DMR requests an increase of \$98,000 for Marine Patrol in the commodities category.

**NARRATIVE  
2015 BUDGET REQUEST**

MS Department of Marine Resources

Name of Agency

The Administrative Services Program is requesting \$97,000 in this category.

The total amount requested will fund the daily operations of the DMR. Fuel for boats and vehicles, repairs and replacement parts, office supplies, and information systems repair parts and supplies, will be purchased in support of all the DMR programs.

**CAPITAL OUTLAY-OTHER**

The department is not requesting funds in this category.

**CAPITAL OUT-LAY EQUIPMENT**

The Marine Fisheries Program is requesting \$49,600 in this category.

The requested amount is for equipment to be used in support of all Marine Fisheries Programs. Funds will be used to purchase outboard motors and lab equipment necessary to perform mandated tasks. Without this equipment Marine Fisheries will be unable to perform the mandates to this task, which would have a negative impact on the seafood industry along the Gulf Coast.

The Coastal Ecology Program is requesting \$15,000 in this category. These are federal funds.

These funds will be used to purchase field equipment necessary in carrying out the tasks under the provision of the Coastal Program.

The Marine Patrol Program is requesting \$63,700 in this category.

The funds requested will be used to replace boats and outboards that are past the end of their service life. Marine Patrol requires new boats to continue to operate safely and efficiently. The result of not receiving funding will be a negative impact in the Marine Patrol Officer's capability to fulfill its mission in Emergency Response, Boat and Water Safety, Investigations, and Shellfish Law Enforcement. It would also increase the possibility of loss of life during emergency situations and increase violations of the marine laws enacted to protect the Mississippi Gulf Coast, its environment, the welfare of the public; and the seafood industry.

The Administrative Services Program is requesting \$20,000 in this category.

This request is to replace a server and other computers that are past the end of their useful life cycle. The server is needed to store critical data for all DMR programs. The result of not receiving these funds would put the agency at risk of losing this data.

**VEHICLES**

The Marine Fisheries Program is requesting \$21,000 in this category.

**NARRATIVE  
2015 BUDGET REQUEST**

MS Department of Marine Resources

Name of Agency

The funds requested will be used to replace a vehicle that is over ten years old, past the end of its service life. Marine Fisheries requires a new vehicle to continue to operate safely and efficiently. This vehicle is more than five years old. There has been an increase in repair services and repair parts as breakdowns occur more frequently than normal. Marine Fisheries uses this vehicle to carry out the mission of surveying, water sampling and other functions.

The result of not receiving the funding will have a negative impact on this program's ability to carry out its mission. Federal and other non-state funds will be used for this purchase.

The Marine Patrol Program is requesting \$42,000 in this category.

The funds requested will be used to replace vehicles that are past the end of their service life (over 7 years old). Marine Patrol requires new vehicles to continue to operate safely and efficiently. These vehicles are more than five years old. There has been an increase in repair services and repair parts as breakdowns occur more frequently than normal.

The result of not receiving funding will be a negative impact in the Marine Patrol Officer's capability to fulfill its mission in Emergency Response, Boat and Water Safety, Investigations, and Shellfish Law Enforcement. It would also increase the possibility of loss of life during emergency situations and increase violations of the marine laws enacted to protect the Mississippi Gulf Coast, its environment, the welfare of the public; and the seafood industry.

**WIRELESS COMMUNICATION DEVICES**

The Marine Fisheries Program is requesting \$1,000 in this budget category.

These funds will be used to replace five (5) devices that are past the end of their service life. Good communication is imperative for employees who are required to be on the water and in remote areas to perform their duties. Without these devices, the safety of the staff and public would be at risk during emergency situations.

**SUBSIDIES, LOANS, AND GRANTS**

The Marine Fisheries Program is requesting \$112,600 in this category.

These are federal funds that will be used as "pass-through" sub-grants to recipients for the funding of various fisheries studies. Some of the recipients are educational institutional affiliates that are ineligible to apply directly.

The Coastal Ecology Program is requesting \$240,000 in this category.

These are federal funds that will be used for indirect costs in support of the Coastal Program.
