C/o Legislative Budget Committee
501 N. West Street, Suite 201-B
Jackson, MS 39201

Dear Legislative Budget Committee Member:

Enclosed is the FY 2017 budget request for the Mississippi Department of Marine Resources (MDMR). Since my appointment in April of 2013, MDMR has been committed to meeting the goals of our agency's mission while remaining fiscally responsible.

For more than a decade, the MDMR has utilized federal and other non-state sources of revenue to operate, while reducing the financial burden to Mississippi's general fund. However, these **one-time funds** have been expended and are no longer available to meet our normal budget shortfalls.

Therefore, MDMR is requesting a modest budget increase for fiscal year 2017 to continue to meet the goals of our agency's mission. We look forward to providing essential law enforcement, marine science, coastal restoration and regulatory functions for the State of Mississippi. Please feel free to contact me at any time should the committee have questions regarding this request.

In appreciation,

A handwritten signature in blue ink that reads "Jamie M. Miller".

Executive Director

OTHER SPECIAL FUNDS

Off-road Fuel Taxes - \$3,050,000

Derived by the State Tax Commission and remitted to the DMR via our appropriation bill.

Saltwater License Fees- \$1,199,988

Fees are derived from the sale of saltwater recreational and commercial licenses.

BP Seafood Marketing and Testing- \$329,814

On April 20, 2010, an explosion and fire occurred on the Deepwater Horizon drilling platform, operated by British Petroleum, Inc. (BP), in the Northern Gulf of Mexico resulting in the loss of life, the subsequent sinking of the rig and a massive oil spill. Due to the effects of this event, the DMR received funds to test seafood and also promote Mississippi Seafood nationwide. In FY2015 the DMR didn't receive any funds for marketing and \$200,976 for testing.

Other Non-Federal Revenues

Included in these funds are the following non-recurring funds:

Joint Enforcement Agreement- \$481,479

These funds represent an agreement between the DOC and Marine Patrol Program to carry out law enforcement duties in federal waters.

NFWF

These funds are expected the result of the BP Oil Spill Settlement that went to NFWF and MDEQ. MDMR will receive an estimated \$10,000,000 in FY 2016 to perform special projects.

Specific purpose Funds

The MDMR receives other funds that are included in income and the cash balances but do not represent cash available for general operations. The funding for the projects in this category is obligated for a specific purpose. Included in this area are funds with the following balances (as of 6/30/2015 and included in the Seafood Fund 3450):

TREASURY FUND / BANK

Treasury Fund 3345000000 (3450) is the "Seafood Fund" set up in the State Statute that is used to collect funds such as off-road fuel tax and other special funds. The other funds, though unencumbered are obligated for a particular purpose/program as described above.

Treasury Fund 5345000000 (349G) is DMR's Government Clearing Fund. In FY2015, DMR utilized a separate fund to enable better control and tracking of Federal funds. Almost all of federal funds are on a reimbursement basis so this fund will always have a zero or slightly negative balance.

The License Clearing Account is used for collection of license fees, confiscated catch fees, fines for violations, and other miscellaneous fees. These are transferred to the State Treasury for deposit in the DMR's Seafood Fund.

The Special Permit Account is a clearing account for collection of wetlands permit fees. These funds are transferred to the State Treasury for deposit in the DMR's Seafood Fund.

Program Name

I. Program Description:

The Marine Fisheries Program provides effective management of the state’s marine fisheries, including oysters, shrimp, crabs, spotted sea trout, red drum, menhaden, and mullet in addition to other commercially and recreationally important species. The program includes conservation and overall management of living marine organisms through research and data collection as modified by relevant social, economic, and biological factors. The Office of Marine Fisheries utilizes the most appropriate methods to manage each marine species including, but not limited to, regulating, harvesting, habitat enhancement, water quality monitoring for molluscan shellfish harvesting, setting of catch limits and season for many species and seafood inspections of processing and distribution facilities.

The Office of Marine Fisheries provides for the effective management of the state's marine fisheries, including oysters, shrimp, crabs, and a variety of finfish species for commercial harvest and recreational interest. Additional personnel in Marine Fisheries are necessary to support the Governor’s Oyster Council priorities, increased National Fish and Wildlife Foundation (NFWF) grant programs, and RESTORE Act programs.

II. Program Objective:

It is the objective of the Marine Fisheries Program to effectively manage the state’s marine fisheries to produce the maximum benefit to the citizens of Mississippi while at the same time maintaining the long-term viability of the fisheries stock upon which these benefits depend, to maintain seafood processing health safety to instill a high consumer confidence and thus maximize marketing opportunities, assist in producing added-value seafood products, and increase economic diversity and job opportunities through the application of aquaculture and other technologies.

NARRATIVE
2017 BUDGET REQUEST

Department of Marine Resources (450-00)

Name of Agency

The Mississippi Gulf Coast is home to some of the nation's most productive shellfish and finfish waters and their supporting coastal wetlands and is rich in natural resources. Many generations have depended on these resources for their livelihoods. Our coastal resources have not only sustained a growing economy, but have contributed greatly to the culture and heritage that define Coast natives as a people.

The Mississippi Department of Marine Resources was created by the state Legislature in 1994. Before then, the agency was a bureau under the state Department of Wildlife, Fisheries and Parks. The MDMR manages our coastal resources under the authority of the Commission on Marine Resources (CMR).

The MDMR is dedicated to enhancing, protecting and conserving the marine interests of Mississippi for present and future generations. It manages all marine life, public trust wetlands and waterfront areas for the long-term recreational, educational, commercial and economic benefit of everyone in the state.

The MDMR and the CMR play an important role in administering Mississippi seafood laws, as well as these acts: Mississippi Coastal Wetlands Protection, Public Trust Tidelands, Boat and Water Safety, Derelict Vessels, Marine Litter and other state and federal mandates.

FY 2017 Request

MDMR is requesting \$21,651,136 which is an increase of \$207,581 to the General Fund portion of the FY2016 Appropriation. The total budget increase is \$899,270. The agency is requesting \$200,895 in Special Funds plus 4 new PINs in Program 1- Marine Fisheries; \$207,581 in General Funds plus 5 new PINs in Program 4 - Marine Patrol; \$199,832 in Special Funds plus 4 new PINs in Program 5 - Finance & Administrative; \$290,962 in Special Funds plus 5 new PINs in Program 6 - Coastal Restoration and Resiliency.

Program 3 -Tideland & Trust Fund is in a separate budget request, 452-00.
