**NOTICE OF CERTIFICATION OF GOAMERICA, INC. AS A PROVIDER OF INTERNET
PROTOCOL RELAY (IP RELAY) AND VIDEO RELAY SERVICE (VRS) ELIGIBLE FOR
COMPENSATION FROM THE INTERSTATE TELECOMMUNICATIONS RELAY SERVICE
(TRS) FUND**

CG DOCKET NO. 03-123

By the Chief, Consumer and Governmental Affairs Bureau:

On March 16, 2006, GoAmerica, Inc. (GoAmerica) filed an application for certification¹ as a provider of IP Relay and VRS services eligible for compensation from the Interstate TRS Fund (Fund)² pursuant to the recently adopted provider certification rules.³ On April 21, 2006, GoAmerica submitted a supplement⁴ to its original application for certification. GoAmerica's application is granted, subject to the conditions noted below.

¹ GoAmerica, Inc., *IP Relay and VRS Certification Application of GoAmerica, Inc.*, CG Docket No. 03-123 (March 16, 2006) (*GoAmerica Application*).

² "Telecommunications Relay Service" (TRS), created by Title IV of the Americans with Disabilities Act of 1990 (ADA), enables an individual with a hearing or speech disability to communicate by telephone or other device through the telephone system with a person without such a disability. See 47 U.S.C. § 225(a)(3) (defining TRS); 47 C.F.R. § 64.601(14). IP Relay service is a text based form of TRS that allows user connection to the TRS facility via a computer (or other similar device) and the Internet, rather than via a TTY and the Public Switched Telephone Network (PSTN). See *Provision of Improved Telecommunications Relay Services and Speech-to-Speech Services for Individuals with Hearing and Speech Disabilities*, CC Docket No. 98-67, Declaratory Ruling and Second Further Notice of Proposed Rulemaking, 17 FCC Rcd 7779 (April 22, 2002). Video Relay Service (VRS) is an Internet-based form of TRS that, rather than using text, allows people with hearing or speech disabilities who use sign language to communicate with voice telephone users through video equipment. The video link allows the CA to view and interpret the party's signed conversation and relay the conversation back and forth with a voice caller. See 47 C.F.R. § 64.601(12). The Interstate TRS Fund compensates eligible providers of IP Relay and VRS, and other forms of TRS for their reasonable costs of providing service. See 47 C.F.R. § 64.604(c)(5)(iii).

³ See *Telecommunications Relay Services for Individuals with Hearing and Speech Disabilities*, Report and Order and Order on Reconsideration, CG Docket No. 03-123, FCC 05-203 (Dec. 12, 2005) (*2005 IP Relay and VRS Certification Order*); 47 C.F.R. § 64.605(a)(2). Prior to the *2005 IP Relay and VRS Certification Order*, an entity desiring to offer TRS and receive compensation from the Fund had to meet one of the three eligibility standards set forth in 47 C.F.R. § 64.604(c)(5)(iii)(F).

⁴ GoAmerica, Inc., *IP Relay and VRS Certification Supplement to Application of GoAmerica, Inc.*, CG Docket No. 03-123 (April 21, 2006) (*GoAmerica Supplement*).

On December 12, 2005, the Commission released an order adopting new rules permitting carriers desiring to offer IP Relay and VRS services and receive payment from the Fund to seek certification as a provider eligible for compensation from the Fund.⁵ The rules require entities seeking such certification to submit documentation to the Commission setting forth, in narrative form:

(i) a description of the forms of TRS to be provided (*i.e.*, VRS and/or IP Relay); (ii) a description of how the provider will meet all non-waived mandatory minimum standards applicable to each form of TRS offered; (iii) a description of the provider's procedures for ensuring compliance with all applicable TRS rules; (iv) a description of the provider's complaint procedures; (v) a narrative describing any areas in which the provider's service will differ from the applicable mandatory minimum standards; (vi) a narrative establishing that services that differ from the mandatory minimum standards do not violate applicable mandatory minimum standards; (vii) demonstration of status as a common carrier; and (viii) a statement that the provider will file annual compliance reports demonstrating continued compliance with these rules.^[6]

The rules further provide that after review of the submitted documentation, the Commission shall certify that the provider of IP Relay and VRS services is eligible for compensation from the Fund if the Commission determines that the certification documentation:

(i) establishes that the provision of IP Relay and VRS ... will meet or exceed all non-waived operational, technical, and functional minimum standards contained in § 64.604; (ii) establishes that the IP Relay and VRS ... provider makes available adequate procedures and remedies for ensuring compliance with the requirements of this section and the mandatory minimum standards contained in § 64.604, including that it makes available for TRS users informational materials on complaint procedures sufficient for users to know the proper procedures for filing complaints; and (iii) where the TRS service differs from the mandatory minimum standards contained in § 64.604, the IP Relay and VRS ... provider establishes that its service does not violate applicable mandatory minimum standards.^[7]

We have reviewed the *GoAmerica Application* and *GoAmerica Supplement* pursuant to these rules. We conclude that GoAmerica has sufficiently demonstrated that its provision of IP Relay and VRS services will meet or exceed all operational, technical, and functional TRS standards set forth in the Commission's rules, 47 C.F.R. § 64.604; that it makes available adequate procedures and remedies for ensuring compliance with applicable Commission rules; and that to the extent GoAmerica's service differs from the mandatory minimum standards, the service does not violate the rules.⁸

We note that the Commission has adopted a declaratory ruling requiring the interoperability of VRS equipment and service.⁹ We condition this grant of certification upon compliance with that order.¹⁰

⁵ 2005 *IP Relay and VRS Certification Order*, *supra*.

⁶ 47 C.F.R. § 64.605(a)(2).

⁷ 47 C.F.R. § 64.605(b)(2).

⁸ *See, e.g., GoAmerica Supplement* at 3 (noting that GoAmerica will offer speed dialing, phone book directory and relay calls customization for IP Relay).

⁹ *See Telecommunications Relay Services for Individuals with Hearing and Speech Disabilities*, CG Docket No. 03-123, Declaratory Ruling and Further Notice of Proposed Rulemaking, FCC 06-57 (May 9, 2006) (addressing

This certification shall remain in effect for a period of five years from the release date of this *Public Notice*.¹¹ Within ninety days prior to the expiration of this certification, GoAmerica may apply for renewal of its IP Relay and VRS services certification by filing documentation in accordance with the Commission's rules.¹²

A copy of GoAmerica's application and supplement is available for public inspection and copying during regular business hours at the FCC Reference Information Center, Portals II, 445 12th Street, SW., Suite CY-A257, Washington, D.C. 20554, (202) 418-0270. The full text of this *Public Notice* is similarly available for public inspection or copying. These documents may also be purchased from the Commission's duplicating contractor at Portals II, 445 12th Street, SW., Room CY-B402, Washington, D.C. 20554. Customers may contact the Commission's duplicating contractor at their web site: www.bcpiweb.com or by calling 1-800-378-3160. A copy of Healinc's application may also be found by searching on the Commission's Electronic Comment Filing System (ECFS) at <http://www.fcc.gov/cgb/ecfs> (insert CG Docket No. 03-123 into the Proceeding block).
