

SAFERACK ARC ACADEMY WELDER TRAINING PROGRAM

At SafeRack, we use innovative processes to produce world class safety products! We manufacture revolutionary fall protection, platforms, stairs, and bulk loading/unloading systems, right here in America, and used by companies around the world.

We're looking for talented people interested in joining our team and becoming AWS-certified welders through the brand new "SafeRack Arc Academy", located in our Andrews, SC headquarters. Previous welding experience is a plus but not required.

SafeRack Arc Academy: 8 weeks of hands-on and theoretical training led by an AWS-certified Instructor/Inspector

Training Compensation: \$13.00/hr. during training, \$18.00/hr. plus bonus opportunities & free welding helmet upon successful completion of training

Benefits: 401(k) w/match, medical/dental/vision insurance, tuition assistance program, advancement and training opportunities, employee Bistro, free soft drinks, and more.
