Describe the Proposed Change* (Provide a concise description):

Suggest to create and make available the course A-455 Overview of Small Unmanned Aircraft Systems (sUAS) Operations. There is a large interest in UAS within the bureau. Would like an avenue to educate employees on UAS and capabilities interagency wide.

Description of the Issue/Reason for Change* (Concise overview and background):

Currently you can only get this information by attending an ACE.

Systems Affected by Change* (i.e., IAT Website, IAT Guide, Policy):

No systems affected by change. Would add a webinar opportunity for employees to request.

For IATS Use Only

Approval:

- Approved Not Approved Pending

Date: 4/25/18

Name: Kirk Rothwell, IATS Chair MICHAEL ROTHWELL Chair, IATS

Rationale:

Would like to have available outside of ACE. Decision: Colin Milone is lead. Provide as a webinar in March/April 2019 (not as asynchronous training) as first offering. Provide one webinar a quarter to gauge interest, spring 2019 forward?

***Attach any supporting documentation that may help to further explain the requested change.**

Send completed form to your bureau IATS member and the IATS Chair. IATS Roster link.
