Greensboro Selectboard

Susan Wood, Chair; Warren Hill, Vice Chair; Ernest Machia; Marsha Gadoury; and Peter Romans

This past year has been an exciting and busy time in Greensboro. We are seeing new businesses in town and the expansion of existing businesses. Because of this we are going to seek a Village Center designation from the state. This designation will allow businesses to apply for financial assistance in the form of grants and low-interest loans. Of course, we are always mindful of the peaceful nature of our community and strive to integrate this growth into the town in a way that respects this important quality.

In addition to a growth in business, it appears that the housing market is also on the rebound. We welcome all newcomers to town.

The road crew has worked hard to keep our roads in top condition even when nature has caused unexpected problems. A sidewalk was installed around the community park when the Fire District completed work on the new water lines. We are looking at replacing sidewalks in the Bend and on Breezy Avenue.

A committee was formed to develop a plan for the Willey Beach property. The plan has been approved by the Selectboard and the Development Review Board. We plan to follow through on the plan in the spring. This will provide a wooded recreation area for anyone to picnic or relax in a quiet space unlike any other area on the lake.

We are currently looking into a noise ordinance for the town. As the town grows we are receiving more complaints about noise. The Hardwick Police have told us that they cannot do anything unless we have an ordinance in place that they can use for enforcement.

We would like to thank Bridget Collier for her service on the Selectboard. She was a valuable member of the board and her insight, historical knowledge and humor will be missed. We all wish her great success in her role with the Greensboro Nursing Home – our loss is their gain. We welcome Ernest Machia to the Board and look forward to working with him.

The Selectboard meets on the second Wednesday of the month at 7pm in the Collier Room. We

encourage everyone to attend the meetings and let us know your thoughts and concerns.

Finally, thank you to the residents of Greensboro for your support as we work to provide quality services within a reasonable budget. Sincerely, Susan Wood

Greensboro Town Clerk and Treasurer's Report

Valdine Hall, Town Clerk and Treasurer

Following is a partial list of forms and information available in the Town Clerk's office, items marked with an * are available on our website at www.greensborovt.org.

Absentee Ballots
Elections Information
Cemetery Plots, Maps and Indexes
Current Use Applications, State of Vermont
Dog Licenses
Driveway Permits (Curb Cuts)
Green Mountain Passports
Assistance with filing your Homestead Declaration
Land Records
Property Tax Records and Tax Maps
Vital Records (Marriage, Birth, Death, Burial)
Marriage Licenses
Minutes of Meetings*
Voter Registration "Checklist" Applications
Zoning and Subdivision Permits and Regulations*

Then there is the information that people think we should have;

- Directions to the brewery
- Who owns a particular piece of property in the Town Stannard
- Where on the lake was my picture painted from? (Jeanne knew)
- What **IS** that noise? (Answer, classrooms upstairs)
- Where is my property is located

I digress, back to the task at hand.

The annual audit for FY 14 was completed by Pace and Hawley, LLC, certified public accountants. Copies of the audit will be available in the Town offices, at Town Meeting and on our website at www.greensborovt.org. This is the first full fiscal year that we have used the new accounting software. As with any new software/system, there is a learning curve. With use during this past year, we have become more familiar with the software application and to applying "Fund Accounting" practices.

As the position of Lister was eliminated last year, the Selectboard has hired Stearns Allen to serve as our Town Assessor for 1 year. As our former State District Advisor, he is thoroughly familiar with the job requirements and will be a tremendous addition to the office. Appointments can be made to meet with Stearns by contacting the office.

One large project on the table for the coming year is to renew the Act 250 permit for our gravel pit, this will be a major undertaking but one that needs to be tackled.

I feel it is important to remind everyone of the importance of 9-1-1 numbers. The assignment of numbers was done in the interest of public safety. Having the correct 9-1-1 number displayed (in a contrasting color) on the front of your house in a reflective 3” size, or alternatively on your mailbox or on a post at the end of your driveway, is of the utmost importance if emergency vehicles are to locate your property. If you haven’t already, please visibly post your number. If you are unsure what it is, get in touch with the office.

The budget committee (Susan Wood, Marsha Gadoury and I) presented a conservative budget to the full board for their approval. Overall, we are facing a \$55,271 increase. If you have any questions regarding the budget, please contact me, I will be happy to review it with you.

Also, it is very important that all driveways and private road be trimmed back so that the pickups plowing can get through. Trees near the edge and branches overhanging must be removed.

In closing, I would like to take this opportunity to thank all of the citizens who have served on the various boards and committees and to encourage those of you who have not served (or who have not served in a while) to consider doing so. Having a broad cross-section of citizens participating in decision-making will strengthen fabric of this community.

Thank you,
Valdine Hall, Town Clerk and Treasurer

Greensboro Recreation Committee

Michelle Laflam

Over the past year, the Greensboro Recreation committee continued to support activities within our community. We were able to help the Farmer’s Market financially so that they could offer live entertainment throughout the summer months. We purchased a bike rack for the Town Hall green and, with help from the Niemi family, were able to get the new benches onto the ball field for both children and adult teams to enjoy!

We always welcome new ideas and suggestions, please feel free to contact a committee member or attend a meeting. We are looking for new members to join us, if you are interested please contact the Town Hall.

Town Service Officer and Health Officer

Margaret Lipscomb – Town Service Officer, 533-2483

Susan Wood – Health Officer, 533-2148

Marsha Gadoury – Deputy Health Officer, 533-2195

The Town Service Officer is charged with assisting individuals within the town who require emergency food, fuel, or shelter.

The Town Health Officer is responsible for investigating and mitigating any potential or existing public health hazard.

If you are experiencing a non-emergency and need assistance, please call Susan at 533-2148 or the town clerk's office at 533-2911. Obviously, if this is a situation which requires medical or police assistance, please contact the appropriate office.

Greensboro Town Energy Committee (GTEC)

Anne Stevens

The Greensboro Town Energy Committee (GTEC) is considering looking into developing a community solar project. Anyone who would like to join in the discussion is welcome. Please contact Anne Stevens, or any member of the committee.

Greensboro Conservation Commission

Clive Gray, Clerk

The Greensboro Conservation Commission (GCC) is a statutory body whose members are appointed by the Selectboard to provide leadership and guidance on issues relating to protection of our community's natural resources. New members appointed in 2013/14 bring the current membership to five, namely Erika Karp (chair), Kristen Leahy, Linda Shatney, Dave Kelley, and Clive Gray (clerk).

The 2014 Town Meeting approved \$2,000 for the Greensboro Conservation Fund (GCF), bringing the total since 2004 to \$20,500. Of this amount, the Selectboard, acting on the GCC's recommendation, has appropriated \$7,610 for three projects: two conservation easements of the Vermont Land Trust that include acreage in Greensboro, the Lowell Urie farm and the Black

Hills; and a natural history booklet on Greensboro and neighboring towns being prepared on contract to the Northern Rivers Land Trust.

The Greensboro Land Trust has advised the GCC of a conservation easement currently under negotiation that might merit a contribution from the GCF.

We request the 2015 Town Meeting to continue the annual appropriation of \$2,000 to the GCF.

The GCC participates in the Association of Vermont Conservation Commissions, which held its annual meeting in Montpelier on November 1. It emerged at the meeting that the Vermont Center for Geographic Information (VCGI) is building up a large on-line data base on Vermont towns, and Greensboro was urged to supply data in addition to the maps of tax parcels and agriculture that are already on line.

We also urge members of the community who are interested in conservation to notify the Selectboard of their willingness to serve on the GCC, which is authorized a membership of nine. A larger and more active GCC could follow the model of several town conservation commissions in Vermont (e.g. Craftsbury) in sponsoring nature-focused programs during the year.

Greensboro Zoning

Kristen Leahy, Zoning Administrator

The past year, 2014, had a consistent number of zoning applications as the previous three years. The zoning activity continues to be more complex with applications from multiple home businesses, a site plan review and conditional use application for a commercial entity – Greensboro Arts Alliance and Residency’s performing Arts Complex and Café (the Mirror Theater), and municipal project reviews. As of December 11, 2014, we had 48 applications; of which two were new houses and thirteen were Development Review Board (DRB) hearings.

The Vermont Legislature passed the Shoreland Protection Act, effective July 1, 2014, which regulates activities within 250 feet of the mean water level of lakes greater than 10 acres in size. The Town of Greensboro received permission from the Vermont Agency of Natural Resources to regulate properties on Caspian Lake, Long Pond, and the western side of Eligo Lake. Owners on Little Eligo Pond, Horse Pond, and the eastern side of Eligo Lake, however, are subject to both the State of Vermont restrictions and to the Town of Greensboro Zoning Bylaws.

The Town of Greensboro has a great zoning resource – www.greensborovt.org/zoning. The zoning page has all zoning forms, a monthly log of the zoning activities in town, copies of pending DRB applications, and links to decisions from the DRB and minutes from the Greensboro Planning Commission meetings. In addition, the website has a copy of any proposed zoning bylaw changes and a copy of the newly updated Town Plan.

If you are considering a renovation, a new structure, a new business, or a change of use to your property, I am available to answer your questions, to review your options and to provide an estimated permit time-line for your proposal. I can be reached by phone at 533-2911 or by e-mail at greensborovtzoning@yahoo.com. Current office hours are Thursday from 9 am until noon and 1 pm until 3 pm or by appointment.

Greensboro Planning Commission (GPC)

Phil Gray, Chair

The GPC was busy during December 2013 and the early months of 2014 finishing up its work on a major revision of the Greensboro Zoning Bylaw based on a model Shoreline Protection By-law promulgated by the Vermont League of Cities and Towns. The revised Bylaw was approved by the town voters at the annual Town Meeting in March 2014 by a substantial margin. Since then, we have received a Delegation of Authority from the State of Vermont exempting us from state oversight pursuant to a new Act of the Legislature covering shoreline protection of all lakes over 10 acres in Vermont.

Following a considerable hiatus, we began work in August on minor changes to the Zoning Bylaw to be voted upon at the 2015 Town Meeting, and also minor additions to the Town Plan to enable us to apply for Village Center Designation, a status which will be of benefit in terms of tax reduction, discounts, and other benefits for businesses and non-profits in the center of Greensboro Village and the Greensboro Bend Village.

In response to a State mandate, we have begun work on another addition to the Town Plan dealing with Flood Resilience in the event of a catastrophe similar to Irene in 2011. We have added two new members to the GPC – Dylan LaFlam and Joe Wood. Their addition to the board gives us a total of seven members.

Finally, we wish once again to thank Zoning Administrator Kristen Leahy for all the time and effort she has put into working with us on a variety of matters. Her help has been invaluable.

Proposed Zoning Bylaw Changes from the Greensboro Planning Commission
To Be Voted By Australian Ballot at the March 3, 2015 Town Meeting as

Article 4. Shall the voters of the Town of Greensboro approve the 2015 Zoning By-Law changes as recommended by the Greensboro Planning Commission and proposed by the Greensboro Select Board?

1.) To be amended in Section 5.4 (C) 4a on page 36.

Currently §5.4 Conditional Uses (5) 4a reads as follows: “No free standing internally lit signs shall be permitted.” The Greensboro Planning Commission (GPC) proposes to change §5.4 (5) 4a to read as follows: “No ~~free-standing~~ internally lit signs shall be permitted.”

2.) To be amended in Section 8.9 (A) 4 on page 67.

Currently §8.9 Nonconforming Uses and Structures Within the Shoreland Resource Zone (A) 4 reads as follows: “Where the expansion of a Nonconforming Structure is permitted, the DRB shall require the applicant, as a Mitigation measure, to return any mowed or cleared areas to a naturally vegetated state with supplemental planting of appropriate native vegetation.”

The GPC proposes to change §8.9 (A) 4 to read as follows: “Where the expansion of a Nonconforming Structure is permitted, the DRB shall require the applicant, as a Mitigation measure, to return a **significant portion of** any mowed or cleared areas **in the Shoreland Buffer Resource Zone** to a naturally vegetated state with supplemental planting of appropriate ~~native~~ **non-invasive** vegetation. **At a minimum, slopes of 20% or greater shall be returned to natural vegetation cover. Other areas not essential to intended use of the development may be returned to natural vegetation cover as well in order to bring the development closer to compliance with the development standards of the Shoreland Buffer Resource Zone.**”

3.) To be amended in Section 8.11 (B) on page 70.

Currently §8.11 B Pre-Development Submission Requirements reads as follows: “Pre-Development Submission Requirements” The GPC proposes to change §8.11 B to read as follows: “Pre-Development Submission Requirements **for Single Family Dwellings and Accessory Dwelling Units. (Accessory Structures are exempted from these requirements).**”

4.) To be amended in Section 3.9 Table 3.1.

Currently Table 3.1 Regulated Water Bodies, Setbacks and Buffers reads as follows:

Lakes & Ponds	Setback Distance	Buffer Distance
Long Pond	300'	100'
Horse & Mud Ponds	50'	50'

The GPC proposes to change Table 3.1 to read as follows:

Lakes & Ponds	Setback Distance	Buffer Distance
Long Pond	300'	100'
Horse & Mud Ponds	50' 100'	50' 100'
Little Eligo Lake	100'	100'

Greensboro Recycling

The state's new e-waste law went into effect in 2010; this means we now accept most electronics at no charge. We were not able to offer Household Hazardous Waste collection last year, but we

are back on the schedule for the coming summer on Saturday, July 11th between 8am and 11am. Although we can only offer one collection per year in town, residents can drop hazardous waste off at the N.E.K. Waste District headquarters in Lyndonville from June 1 thru October 10, **by appointment**. The District also accepts old tires (at the lowest prices around), used motor oil, and anti-freeze year-round.

We now offer composting at the recycling trailer. For additional details please

speaking with our attendant Gabe Clark on Saturdays or you can contact Tom Gilbert or Ken Johnston. You will also notice that we have a yellow Planet Aid box. Material that has been placed in this box will be collected and the Town will receive .05¢ a pound. Please continue to bring good useable items to the Giving Closet. As items are sorted and thinned, they will be placed in the Planet Aid box for collection. Useable items in the box will be distributed, but the bulk of the material will be shredded and baled in order to be recycled.

The Greensboro Recycling Center is located behind the town hall, and is open on Saturday mornings from 9am to 11am year round. During July and August, recycling is also open on Wednesdays from 3:30 pm to 5:30 pm.

The Giving Closet

Many useful and needed items are brought to the “closet,” but we also receive an incredible amount of TRASH. **Please edit your donations and bring only one bag or box at a time. And please, please, do not leave donations outside the Town Hall when the Giving Closet is closed.**

The Giving Closet is maintained by volunteers only. If you use the Giving Closet and you wish to see this service continue, please consider donating some time to sort and put away items. No need to sign up – just come in and help!

The Giving Closet hours are currently Monday through Thursday from 9:00 am to 4:00 pm.

Greensboro Grange Building Committee

Ted Donlon, Chair

After acquiring the property two years ago, hopes were to begin renovations last summer. However, due to the changes in the zoning by-laws passed last March, revisions had to be made to our plans. Our initial application to the DRB was made in the Spring and was denied. After multiple revisions and hearings a plan was approved in the Fall, but at that point it was too late in the season to begin the project.

We have continued working with our architect as he prepares plans for State approval. Our first step in that process will be to seek a variance from the Vermont Accessibility Board. A variance is necessary in order to install a lift, which is less expensive and uses less space, instead of an elevator. Once this decision has been made, final plans will need to be drawn and submitted to the State for approval.

The GGB committee voted to request funds from the Town to help with the accessibility needs for the building. We sincerely hope that you support this decision as we move forward with our renovation plans.

The question of what the building will be used for has come up during conversations. The answer is whatever you'd like. The building has always served as a community space in one way or another and that is the intended use for the future. Originally, this was the Greensboro Town Hall. When the current Town Hall was built, the building was sold to the Caspian Lake Grange and moved across the road. The building has now completed its circle and once again is owned by the town. Last summer during the "Funky Fourth" Stephanie and Valdine were at the Greensboro Grange Building asking people to leave suggestions as to what they'd like to have the building used for. Some of the activities suggested were classes (art, dance, exercise, yoga, etc), a space for small private functions, rehearsal space, music programs, art shows, board/committee meetings, and book groups to name a few. The availability of this smaller venue will provide another space for community events other than Fellowship Hall during the busy summer months.

The GGB Committee would like to thank Stephanie Herrick for her contributions. She has been a tremendous asset not only to our committee, but to all that she has served on and the community at large. Stephanie, we wish you well and hope that you visit us often. You and your contributions will be greatly missed.

Lakeview FY16 Adopted Budget Notes
As of 01/10//2014

Summary

This budget represents a rise in the tax rate of 0.0083 from 1.6313 to 1.6396 for Greensboro and decrease in the tax rate of 0.0236 from 1.7056 to 1.6819 for Stannard. There are four major components that impact the tax rate. School districts have the most influence over total education spending; the other components are determined by state government. *See FY16 Budget - Impact on Tax Rate Sheet for full details.*

1. **Total Education Spending for FY16:** increase of \$40,858
2. **Equalized Pupil:** increase of 4.42
3. **Base Education Amount & Base Tax Rate**
 - a. Base Education Amount: increase of \$174.00 (per student)
 - b. Base Tax Rate: increase of .02.
4. **Common Level of Appraisal (CLA):** decrease of 5.02% in Greensboro and decrease of .95% in Stannard

Notes

1. **Total Education Spending for FY16**
 - a. Education Spending is defined as Total Expenditures minus Total Revenues
 - b. Total expenditures decreased by \$20,859. Total revenues decreased by \$61,717. In FY13, there was a budget surplus of \$67,357; this surplus was used in FY15 as revenue to offset expenditures and lower education spending. That one-time revenue source is now gone. While the auditor's report is not final, we are anticipating a \$17,470 surplus from FY14 which will provide some assistance in the revenue decrease and this has been considered in the final budget numbers. While there are limitations, decisions related to revenue and expenditures are developed by Administration with input from the Board.
 - c. This budget reflects a decrease of 2% in assessments from the Supervisory Union.
2. **Equalized Pupils**
 - a. Equalized Pupils is defined as a weighted pupil count. While based on a straight student count, the formula for "equalized pupils" gives less weight to pre-kindergarten pupils and extra weight to students in secondary school, those from economically deprived backgrounds, and those whose first language is not English. The principle behind the weighting is that it costs more to educate students in certain categories.
 - b. This is calculated by the state of Vermont based on enrollment data provided by the schools each year.
 - c. In general, an increase in equalized pupils contributes to the lowering of the tax rate.

3. The Base Education Amount & Base Tax Rate

- a. The Base Education Amount is determined by the Legislature. In general, an increase contributes to the lowering of the tax rate.
- b. The Base Tax Rate is set by the Department of Taxes and approved by the Legislature. In general, an increase in the base tax rate contributes to an increase in the tax rate.

4. Common Level of Appraisal

- a. The Common Level of Appraisal is an adjustment to listed property values. The CLA is printed on property tax bills.
- b. The CLA decreased by 5.02% for Greensboro, however, property is being valued slightly higher than the market value, so this contributes to an increase in the tax rate.
- c. The CLA decreased by less than 1% for Stannard, however, property is being valued lower than the market value, so this contributes to the tax rate.
- d. The state calculates a CLA annually for each town to adjust the listed value of properties to reflect fair market value as nearly as possible.

FY14 Auditor’s Report

This report is not included with the budget information. The auditors are finishing their report. It is expected to be completed by March 1 and will be made available to the public on the Supervisory Union website. Hard copies will be available upon request.

People for Lakeview Union School (PLUS)

PLUS continues to fund whole-school field trips, family-based activities and other activities including kindergarten and sixth grade graduations. Our mission is to create enriching opportunities and to foster family involvement in school. Community input and new members are always welcome!

The redeemable ‘bottle box’ at recycling continues to be a valuable income source for the group, averaging between \$40 weekly to over \$100 a week in the summer months. Only containers that list *VT or Vermont* deposit 5¢ (or *VT 15¢* on liquor bottles) can be redeemed. We are always glad to have help counting and sorting the bottles after recycling hours. Please call the school if you would like to help. This is a great opportunity for high school kids working to get community service hours!

PLUS is working to emphasize fun, being active, community service and giving back.

Wonder and Wisdom float in the Funky Fourth of July parade

Greensboro Fire Department

Erwin Salls, Jr., Chief

The Greensboro Fire Department responded to 38 calls from July 1, 2013 to June 30, 2014:

Structure Fires	7
Chimney Fires	4
Medical Assist.....	1
Propane Leak	1
Car Accidents.....	4
Oil Spills	2
Unauthorized Burning.....	1
Mutual Aid Station Coverage	1
Good Intent Call.....	1
Dispatched but canceled enroute	3
Carbon Monoxide Alarm	1
Storm Clean-up	2
Lightning Strike	1
Power Line Down	2
Smoke Detector / Alarm System Activations	7

Of these 38 calls, three of these calls were made to the Town of Stannard. The breakout is as

follows: Unauthorized Burning - 1, Power Line Down – 1, and Structure Fire.

Eight of the 38 calls were made to help other departments in our mutual aid system. Assistance was received from other departments in our mutual aid system on three calls.

Despite bad weather, the builders were able to complete the new fire station so that in June of 2014, we were able to move from our old station into our new station by the ball field. It is taking us some time to get familiar with the new station, with the new improvements and the additional space. Now when we return from a call, with the temperatures in the single numbers, we have room in

the new station to lay out the hose for drying, without having to move trucks. This has already proven useful on a recent call. We also have a warm place for coffee and to warm-up after a call as well.

We once again thank the Citizens of Greensboro for approving the new fire station construction. With a total construction cost of \$864,755, coming in under the estimate was an added bonus.

Training continued in 2014 with members training 2 Thursdays per month. With the new station, winter training can now be accomplished at the station. We have also continued to work with the Hardwick Fire Department on vehicle extrication to help us keep current with the new vehicle technology. We are working with our mutual aid partners to continue the Basic Firefighter 45 hour training course and to help improve it. The Fire Department also continued its Fire Safety Training at the Lakeview Union School.

Hardwick Police Department

In the year ending June 30, 2014, Hardwick Police responded to 2381 calls for service. This number represents a 24% increase in calls for service over the previous year. There were 243 criminal offences charged by Hardwick Police Officers. The categories with the highest amount of offences were, Violation of Conditions of Release (27), Driving with a suspended license (39), Driving Under the Influence (14), representing a 30% decline in DUI related offences from the previous year, Domestic Assault related offences (20), Burglary (13), Disorderly Conduct (13), Sexual Assault related charges (14) and underage drinking offences (10).

400 Traffic Citations were issued by Hardwick Police Officers. We have received an additional \$7000.00 for Officers' salaries to continue participation in the Vermont Governors Highway Safety program through 2015.

In the past year, Hardwick Police participated in the Healthy Lamoille Valley grant program, providing proactive and reactive enforcement of underage drinking laws. The program was previously known as the Federal START program and has been a large success. We will continue our enforcement efforts of underage drinking laws through this grant program.

The department continues its work against violence in the home and takes a zero tolerance stand against these crimes. In June 2014, the Chief attended a Leadership Institute on Violence Against Women sponsored by the International Association of Chiefs of Police. In October 2014, Sgt. Glodgett attended the First Line Supervisors training of the Leadership Institute. Soon after attending this Institute the Vermont Law Enforcement Executives that attended this program, formed Stop the Violence VT, a group determined to work toward better training of Law Enforcement policies to help us improve response and assist victims on Domestic Violence calls throughout the state.

Detective Kevin Lehoe has continued work with the Caledonia Special Investigations Unit for the past three years, this unit investigates the crimes of sexual assaults on minors. Detective Lehoe's assigned areas are the towns of Hardwick and Greensboro. Detective Lehoe has attended extensive training in this area and the result of his work has shown better reporting of these difficult cases, resulting in justice for the victims.

Vermont fish and Wildlife Warden Russ Shopland assisted the Hardwick Police Department with their firearms training in 2014. Warden Shopland's knowledge of firearms training has been invaluable to the Hardwick Police Department.

The department continues to maintain a strong relationship with the Hardwick Area Community Coalition, Restorative Justice and Aware.

The Officers of the Hardwick Police Department would like to thank the Hardwick and Greensboro communities for their strong support and in assisting the Hardwick Police in becoming a strong member of the community partnership.

Wishing everyone a healthy and safe year. Sincerely, Aaron Cochran, Police Chief. Sergeant Mike Glodgett, Officer Michael Gero, Detective Kevin Lehoe, Officer Chris Tetreault, Officer Steven Mitchell, Officer Dan Locke, Officer Darin Barber, Officer William Morley, Executive Assistant Lisa Fecteau.

Hardwick Emergency Rescue Squad

Deb LaRose, President

As 2014 draws to a close our call volume is 440 calls to date.

Enclosed you will find our 2015 budget with the town appropriations requested. This year we need to increase our town appropriations. We are requesting an increase in the town appropriation so we will be able to hire another employee to help with on call times, training and billing. We have not increased our overall town appropriations for the last couple of years. The individual appropriations are, as usual, based on the number of calls in each town, averaged over the last five years.

We are continuing recruitment of new volunteer members. This past year more than half of our licensed members had to recertify. These recertification's require several additional hours of continuing education which was put into law by our State Legislators. We continue to provide CPR classes to the people in our communities. We are currently conducting two National Standards Emergency Medical Responder (EMR) courses which may bring us at least 2 additional on call members and first responders in Craftsbury. Five members took the new AEMT course in Morrisville and UVM this year.

We remind everyone to keep an updated list of medications and any pertinent medical documents to be readily available in case of an ambulance call. This will help expedite the process at the scene and at the hospital. We still occasionally have difficulty locating a call when 911 numbers are not visible from the road. We strongly encourage all community members to check that their 911 numbers are posted and visible from the road no matter what the season or time of day.

I can say that we have a highly committed group of members. Currently this squad has all volunteers with one paid person.

If anyone has any questions, please feel free to leave a message for us at our non-emergency number, 472-6343. The call will be referred for response.

We feel very fortunate to enjoy the outstanding support of our towns, town crews, fire departments, law enforcement, electric department, businesses and individuals.

Greensboro Emergency Planning Committee

Anne Stevens, Chair

The Emergency Preparedness Committee’s main point to stress this year is the importance of placing the E911 house numbers in a prominent position where they are easily seen from the road, especially at night. Large reflective numbers are best. This is essential in order that emergency vehicles be able to find people. Numbers can be purchased at our local purveyor of everything. Thank you for your cooperation.

Town members are encouraged to put the following telephone numbers close to a corded phone:

Greensboro Historical Society (GHS)

Wilhelmina Smith – President

What does the Greensboro Historical Society do?

We preserve your family stories, genealogy, photos, letters, and historical artifacts. We also educate on a variety of historical topics. We take Lakeview and home schooled students on cellar hole field trips. We write pamphlets and articles about Greensboro and design exhibits on a variety of Greensboro topics and invite school and community groups to the exhibits. At present the permanent exhibit is the “Hill Homestead, the Legacy of a Family” and all summer we displayed old-fashioned toys, lent to us by Greensboro families.

How do we involve the Greensboro Community?

All the work is done by Greensboro volunteers. We publish the “Hazen Road Dispatch” (a special 40th Anniversary Edition will come out next summer), monographs and books. We hold community meetings with history topics such as the history of the camper communities on Caspian, The History of Slavery in Vermont or our “Teacher in Space”. We also research family histories.

How is this possible?

Through your donations of family stories, photos, letters, family trees, artifacts, volunteer time and gifts and a Town of Greensboro stipend and a long-term lease from the Town on the GHS building.

Who and what are included?

Everyone who has ever lived in Greensboro Township, as well as people and events that affect Greensboro. We also record the events that happen today which will be the history of tomorrow.

Visit our website at www.greensborohistoricalsociety.org for interviews, lists of resources held at GHS, and the cemetery census.

Greensboro Free Library

Mary Metcalf, Librarian

The Greensboro Free Library had more than 11,633 adults and children use the library last year. It is open 7 days a week in the summer and 5 days (Tuesday, Thursday, Friday, Saturday, and Sunday) in the winter. It is a vital part of the community.

The library offers many services to the town. Computer systems were used more than 1700 times for Internet access. Patrons have used them for such things as on-line courses for education and job development, resume writing, filling out job applications, and collecting unemployment insurance. On-line shopping is done on them such as purchasing airline tickets and downloading boarding passes. A frequent use of them is for keeping in touch with family and others through e-mail. Because wi-fi is available 24/7 at the library, it is frequently used for smartphone access.

But the library offers so much more than access to the Internet. Book discussions in 2014 included “Old Filth,” “The Eye of the Day” and “The Bridge of San Luis Rey.” Programs sponsored by the Library included “Schooling the World,” “Natural Health Care,” and “Hunger Free Vermont.” Meetings of the Northeast Handworkers fostered new interests for many people as they learned what others in the area are doing. Networking was enjoyed by parents and children through story times and meetings of homeschoolers. Organizations such as the Historical Society, Lakeview Elementary school, the Greensboro Association, and Wonder and Wisdom also used the upstairs meeting room. Free tax help for low and moderate income taxpayers was available through the AARP Tax-Aide.

During 2014 the library had more than 11,500 visitors – averaging 223 per week. More than 13,000 volumes were circulated. Over 20,000 volumes are available including e-books and audio books. If what you are looking for is not in our collection, it can be borrowed through interlibrary loan or check upstairs and see if it is available in the book sale.

Without our volunteers and the financial support of the Greensboro community, we could not keep the library open. We sincerely appreciate the continued support of the townspeople of Greensboro. Please feel free to make suggestions for the library. We value your opinion and thank you for your support.

Four Seasons of Early Learning

Michelle Laflam, Director

Over the last year, we have spent great energy on launching a Farm to Preschool initiative. This initiative builds upon our established nature-based curriculum and will greatly impact the health and wellness of our learning community and beyond.

Preschool children are active learners who experience the world through their senses, physical involvement, active play and from behaviors modeled by adults and peers. Research shows that the preschool years are a particularly sensitive period in the formation of life-long habits and taste preferences.

Current statistics show that families in our rural corner of Vermont are struggling to meet basic needs. In the Northeast Kingdom, 18% of families are food insecure and

25% of children live in food insecure households. Research shows that food insecurity changes the trajectory of a child's life. Typically they have poor quality diets, nutrient deficiencies, developmental delays, higher rates of obesity, and poor health which can result in lower performance in school, increased grade repetition, higher absenteeism and increased anxiety, aggression and depressive disorders.

It is our hope to not only improve the quality of food our youngest community members consume but to instill in them a life-long appreciation for nutrient rich, quality food that is locally sourced. The overarching goals are to: influence the eating habits of young children while their

preferences are still forming, create healthy life styles through good nutrition and experimental opportunities such as gardening and farming and to increase their awareness of growing cycles and local agriculture. Program components will include: sourcing local foods in center snacks, meals and all community events, promoting and increasing access to local foods for our center and families by growing “an extra” row to share with community members through local food shelves and a student run farm stand, and offering nutrition and garden -based curricula through school gardens, in-class food preparation, taste testing and field trips to local farms.

This is a movement to make life-long gardeners and cooks out of every student it reaches... currently, we serve forty children from thirty-six families ages 20 months to 5 years. Of these, 37% reside in Greensboro.

**Greensboro Hospital Association, Inc.
Greensboro Nursing Home**

William White, Administrator

A nursing home has an important role to play in the life of a community. Here at the Greensboro Nursing Home we take that role very seriously. Since the 1950's this is the place we trust with our loved ones, so that they can be cared for and happy and nearby. This has been the case for both the summer and year round community.

In the past year we have taken steps to improve our facility and build an even stronger team to keep the nursing home up to date and vibrant. We have replaced our standby generator with a unit capable of providing all of the energy we need in any power outage. During a recent storm the nursing home was able to run on generated power for three days, supplying all of the home's needs from oxygen to kitchen to televisions without any interruptions or risk to our residents.

As many of you know, Andy Dales, who has served as President of the Nursing Home for the last 12 years, has retired and has been replaced by Bridget Collier, Greensboro's former Town Clerk. We have also had several staff changes. We are welcoming William White as our new Administrator. He has had over 15 years of experience in nursing home administration and will bring a wealth of knowledge and innovation to our facility. We are also excited to announce the promotion of Julie Gregoires to the post of Director of Nursing. She has served for several years on our nursing staff and will be a valuable addition to our management team.

We would also like to thank our wonderful volunteers for their many, many hours of help, and community members who come to our events and help to make them even more special for our residents.

Please remember that we are here to provide not only a home for our elders, but to help members of the community with many of the challenges of aging. Just give us a call.

Wonder & Wisdom Seniors Program

Jim Flint, Executive Director

Wonder & Wisdom respectfully requests a continuation of \$3500 in support from the Town of Greensboro for the 2015 Wonder & Wisdom Seniors Program.

Since 1999, Wonder & Wisdom has sponsored programming to serve the needs of older adults in the greater Greensboro community. The Wonder & Wisdom Seniors Program is open to women and men, ages 55 and up. The program offers affordable opportunities for local seniors to maintain social contact and make new friends through outings and cultural activities.

Wonder & Wisdom provides coordination and safe transportation for the monthly programs. Trips and activities are planned and facilitated with ideas and input from participants. The “US Bus,” Kingdom Express, Wildcat Busing, and carpooling are used for transportation. A total of 64 area seniors participated in the monthly programs in 2014. Attendance averaged 16 participants per activity. The August trip to Burlington was the largest group of the year with 26 participants.

During 2014, the Wonder & Wisdom seniors traveled to a Dixieland Jazz concert in Newport, the Vermont History Museum in Montpelier, Cabot Creamery, The Rocks Estate in Bethlehem, NH, The Museum of Everyday Life in Glover, the Spirit of Ethan Allen in Burlington, the Colors of the Kingdom Foliage Festival in St. Johnsbury, the Chandler Arts Center in Randolph, Lost Nation Theater in Montpelier, and the Catamount Arts Center in St. Johnsbury. Winter activities included a joint luncheon and guest speaker at the Craftsbury Community Care Center, and a felting workshop and luncheon at Fellowship Hall in Greensboro.

Participants pay fees of \$5 to \$25 per monthly activity to help cover the cost of meals and admission to venues. The \$3500 allocation provided annually by the Town of Greensboro offsets transportation and coordination costs for the activities, and it is also a vital aid in securing grant assistance from other funders.

The Wonder & Wisdom Seniors Program is tremendously grateful to Greensboro residents for your past support and present consideration. Thank you!

Vermont Department of Health Report for Greensboro

Your Health Department district office is in Morrisville at 63 Professional Drive, Suite 1, Tel: 802-888-7447.. Come visit or give us a call! At the Vermont Department of Health, we are working every day for your health. With our headquarters and laboratory in Burlington and 12 district offices around the state, we deliver a wide range of public health services and support to your community. For example, in 2014 the Health Department:

Supported healthy communities: Healthy Lamoille Valley (HLV) was awarded \$ 40,000 from the Centers for Disease Control and Prevention to help promote active living and healthy eating in communities. HLV also received \$130,000 from the Substance Abuse and Mental Health Services Administration to continue the work of *Partnerships for Success* to help reduce the prevalence of alcohol, binge drinking and other drug use among 12-25 year olds.

Provided WIC food and nutrition education to families: We served about half of all Vermont families with pregnant women and children to age 5 with WIC (Women, Infants and Children Supplemental Nutrition Program). WIC provides individualized nutrition education and breastfeeding support, healthy foods, and a debit card to buy fruit and vegetables. In Greensboro, 31 women, infants and children were enrolled in WIC. The average value of foods provided is \$50 per person per month.

Worked to prevent and control the spread of disease: From January to September in 2014 we responded to 42 cases of infectious disease in Orleans County. In 2013, \$13,079,279.71 of vaccine for vaccine-preventable diseases were distributed to healthcare providers statewide; \$ 593,620.26 of which was in your district's area.

Facilitated discussion on opiate addiction: Following the Governor's Forum on Opiate Addiction, regional meetings took place around the state including 529 in-person participants. Healthy Lamoille Valley (HLV) will work to connect the local summit participants to the work of the HLV, as well as connect them with initiatives that are of interest to them.

Moved by Bridget Collier, 2nd by Mike Metcalf. Christine Armstrong had a question on budget asked if agencies requesting funds had to submit every year, or if it was a standing request – also wanted to know if they submitted information pertaining to their finances - Outside agencies must make their request each year and some provide financial information. The AMENDED Budget passed on a voice vote.

Article 14: Shall the voters of the Town of Greensboro approve moving any surplus from the current fiscal year Road Budget into the HERF account in the next fiscal year?

So moved, by Valdine Hall, second by Bridget Collier – Janet asked what HERF was, Valdine explained that it was the "Highway Equipment Replacement Fund" which was started by Peter Gebbie when he was on the Selectboard. Terry O Connor asked why there would be money left over, it should be spent on the roads - Terry doesn't think equipment is maintained. Janet asked why money didn't go to reduce taxes in general – State Statutes require Highway money to stay in the Highway Account. General Fund money does go to reduce property taxes if approved by the voters, see next article.

Article 15: Shall the voters of the Town Greensboro approve applying surplus from the current fiscal year General Fund to reduce taxes in the next fiscal year?

So moved by Phil Gray seconded by Karl Stein. Passed on voice vote

Article 16: Shall the Town vote to instruct the Selectboard to set the tax rate necessary to raise the specific amounts for the town and the amount necessary to raise by law for the Hazen Union School District No. 26 and the Lakeview Union School District No. 43 based on the FY2015 Grand Lists? So moved Janet Long, 2nd by Phil Gray – passed on voice vote

Article 18: Shall the town school district approve the proposed budget of **\$39,536**, which contains the necessary amounts to defray town school district expenses for the fiscal year commencing July 1, 2014, and authorize the Selectboard to set a tax rate sufficient to provide the same? Taxes will be delinquent if not received in the office of the Town Treasurer by Thursday, October 16, 2014 at 4:00 p.m.

So moved by Valdine Hall 2nd by Judy Carpenter – Valdine asked “what the money was used for -Jerilyn Virden and Michelle LaFlam, explained that this is an assessment that goes to the State to offset the cost of pre-kindergarten - even though we have been sending money not all children have been attending as it is not mandatory at this time. Article 18 passed on a voice vote

Article 19: Shall the town school district authorize the school directors to borrow money in anticipation of taxes and state revenues?

So moved Janet Long 2nd by “Wayne Young - passed on voice vote

Article 20: Shall the legal Voters of Greensboro adopt the following:

Whereas the establishment of a Public Bank in Vermont will help towns reduce the local tax burden by offering low cost bonds for public works and a depository for their accounts with competitive interest,

Whereas A Public Bank that makes loans and investments in Vermont’s people and our economy will help create jobs, income, and economic security for all Vermonters,

We call on the Vermont State Legislature to consolidate the work of the Vermont Economic Development Agency, the Vermont Student Assistance Corporation, the Vermont Housing Finance Agency, and the Municipal Bond Bank and license them to become a Public Bank that accepts deposits from the state and municipal governments and makes loans to students, homeowners, municipalities and enterprises to make Vermont economically stable, self-reliant, and successful.

So moved Bridget Collier – 2nd Tom Hurst – Lynette Courtney thought it made a lot of sense to have a Public Bank– Mike Cassidy had done some research, he initially thought it was a good idea, but the State has no experience running a bank and it wouldn't be FDIC insured . Seven other States have have had their Public Banks fail, the only exception has been North Dakota. Also, they can't invest outside of Vermont – Stephanie Herrick is also opposed, after hearing a report onVPR - Warren Hill is also opposed and recommends we vote no. Erika Karp Spoke in favor. Nancy Potak echoed what Erika said. Anne Harbison wanted to table the Article. Mike Cassidy wanted to know if we could amend the Article, Valdine said she didn't think so. Warren Hill called the question – seconded by Valdine Hall. Article 20 failed on a voice vote.

Article 21: To transact any other business that may legally come before the meeting.

Erika Karp encouraged people to compost - held a drawing, which Peggy Lipscomb won the contest.

Penny Bretschneider – brought up having Town Meeting on a different time – Saturday, Sunday or evening meeting – Shelly Jungwirth supported Penny's idea of changing time and or date. Terry O'Connor also supported moving time/date -

Penny announced that she could use Padlock locks with combinations so kids can practice before going to Hazen

*Clive Gray volunteered to once again oversee the "4th of July" celebration which will be held on **Saturday July 5th for the parade and fireworks** Valdine once again, asked that people come forward and help*

Tara Reynolds reminded people about Lakeview Unions Annual Meeting which will be Thursday March 13, 2014 at 7PM

Jr (Erwin) Salls thanked Erika Karp and all of the people who hosted "house" meetings regarding the fire station. He also thanked Valdine Hall and Bridget Collier for all the time and effort we've contributed.

Karl Stein made his annual plea to put the correct 911 numbers on your house

David Metraux thinks the new fire station is great, but we need a sign on the Craftsbury end of Town saying "Welcome to Greensboro"

Charlie Mcateer made the announcement that GAAR has a purchase and sales agreement with David Allen for a 10 acre lot, which would include the farmstand. David plans to build another, smaller stand on his remaining property.

Thanks to Ted Donlon for being our sound man and to Amelia and Leo Circosta for being our microphone runners.

Judy Dales made a motion to adjourn, seconded by David Smith. Passed on voice vote, Meeting adjourned at 2:27 PM
