## ARGENTINA REPUBLIC

NATIONAL COMMITTEE OF THE INTERNATIONAL UNION OF  
GEODESY AND GEOPHYSICS

*The main function of the IUGG National Committee is representing the Union in Argentina.*

*It is chaired by the Military Geographic Institute Director, and assisted by two Vice Presidents, a General Secretary and a Secretary Assistant.*

**The current (2007) head staff is as follows:**

<b>President:</b>	<i>Cnl. VGM Eng. Alfredo Augusto Stahlschmidt</i>
<b>Executive 1<sup>st</sup> Vicepresident:</b>	<i>Dr Corina Risso</i>
<b>2<sup>nd</sup> Vicepresident:</b>	<i>Dr Nora Sabbione</i>
<b>General Secretary:</b>	<i>Surv. Rubén Carlos Ramos</i>
<b>Secretary Assistant:</b>	<i>Surv. Sergio Rubén Cimbaro</i>
<b>Treasurer:</b>	<i>MD Silvia Blanc</i>

### **ADDRESS (Dirección)**

Union Géodésique et Géophysique Internationale

- ◆ *Currently, the Argentinean National Committee of IAPSO (CNIAPSO) has 87 Members whose nationality is Argentina.*
- ◆ *Most of them carried their research work on Physical Oceanography and related sciences at different national institutes, centres, laboratories and universities.*
- ◆ *Some of them are temporarily abroad, working at foreign institutes, centres, laboratories and universities.*
- ◆ *Therefore, the present National Report has been organised in order to include the activities of both type of Members. First, the reported activities are listed by institute, including the ones corresponding only to CNIAPSO's Members that have worked within it. Secondly, the activities corresponding to individual researchers, temporarily abroad, are listed.*

## ARGENTINEAN NATIONAL REPORT 2003-2007

### XXIV IUGG GENERAL ASSEMBLY

Perugia (Italy), July 2 - July 13, 2007

#### 1.- ASSOCIATION: IAPSO

#### 2.- INSTITUTION:

**Centro Nacional Patagónico - CENPAT -**

*- National Patagonia Centre -*

**Mission:** - To provide an appropriate environment in order to enable Scientific-Technological Research & Development activities, including the necessary administrative staff, building and all types of required facilities.

- To contribute with the academic formation of researchers, technicians, under-graduate and graduate young students who have been awarded with fellowships.
- To manage co-operative relationships among governmental offices, universities, productive sectors and different services within the region.
- To keep in contact with national and international scientific institutions, as well as productive organisations with analogous interests.

The CENPAT is conducted by its Director whose mission is to co-ordinate the research plans, projects and programmes that are locally carried out, namely, in the region, the country and abroad.

#### 3.- NAMES: Members of CNIAPSO that work at this institution:

José Luis Esteves	(PhD in Oceanology)	<a href="mailto:esteves@cenpat.edu.ar">esteves@cenpat.edu.ar</a>
Adán E. Pucci	(PhD in Chemistry)	<a href="mailto:aepi@infovia.com.ar">aepi@infovia.com.ar</a>
Andrés Luján Rivas	(MD in Oceanography)	<a href="mailto:andres@cenpat.edu.ar">andres@cenpat.edu.ar</a>

#### 4.- FIELD WORK:

ESTEVEZ, José Luis	Marine Chemistry. Water Pollution.
PUCCI, Adán E.	Coastal and Marine Geology ( <i>Currently, retired</i> )
RIVAS, Andrés	Physical Oceanography

## 5.- PUBLICATIONS:

- Olivera, N. L., Commedatore, M. G., Delgado, O. and **Esteves, J. L.** (2003): "Microbial characterisation and hydrocarbon biodegradation potential of natural bilge waste microflora". *Journal of Industrial Microbiology and Biotechnology*. 30: 542 – 548.
- Torres, A. I., Gil, M. N., and **Esteves, J. L.** (2004): "Nutrient uptake rates by the alien alga *Undaria pinnatifida* (Phaeophyta) (Golfo Nuevo, Patagonia, Argentina) when exposed to diluted sewage effluent". *Hydrobiologia*. 520 (1-3): 1 – 6.
- Cinti, A., Barón, P. J. and **Rivas, A. L.** (2004): "The effects of environmental factors on the embryonic survival of the Patagonian *squid loligo gahi*". *Journal of Experimental Marine Biology and Ecology*, 313, 2004, 225:240.
- Gagliardini, D. A. and **Rivas, A. L.** (2004): "Environmental characteristics of San Matías gulf obtained from Landsat-Tm and ETM+ data". *Gayana*, 68, N° 2, Tomo 1, 186:193.
- Gil, M., Torres A. I. and **Esteves, J. L.** (2005): "Uptake of sewage derived nitrogen by *Ulva rigida* (Chlorophyceae) in Bahía Nueva (Golfo Nuevo, Patagonia, Argentina)". *Hydrobiology*, 532: 39 – 43.
- Nievas, M. L., Commedatore, M. G., Olivera, N. L., **Esteves, J. L.** and Bucalá, V. (2005): "Biodegradation of bilge waste from Patagonia with an indigenous microbial community". *Bioresource Technology*, 97 : 2280 – 2290.
- Bogazzi, E., Baldoni, A., **Rivas, A. L.**, Martos, P., Reta, R., Orensanz, J. M., Lasta, M., Dell'Arciprete, P. and Werner, F. (2005): "Spatial correspondence between areas of concentration of Patagonian scallop (*Zygochlamys patagonica*) and frontal systems in the South-western Atlantic". *Fisheries Oceanography*, 14:5, 359-376.
- **Rivas, A. L.** and Piola, A. R. (2005): "Inertial oscillations at the shelf off northern Patagonia". *Atlantic* 27(2), 75-86.
- **Esteves, J. L.**, Commedatore, M. G., Nievas, M. L., Massara Paletto, V. and Amin, O. (2006): "Hydrocarbon pollution in coastal sediments of Tierra del Fuego Islands, Patagonia, Argentina". *Marine Pollution Bulletin*, 52: 572 – 597.
- Gil, M. N., Torres, A., Harvey, M. A. and **Esteves, J. L.** (2006): "Heavy metals in marine organisms from the coastal zone of Continental Argentinean Patagonia". *Journal of Marine Biology and Oceanography*, 41(2): 167 – 176.
- **Rivas, A. L.**, Dogliotti, A. I. and Gagliardini, D. A. (2006): "Satellite – measured surface chlorophyll variability in the Patagonian shelf". *Continental Shelf Research*, 26, 703:720 (doi:10.1016/j.csr.2006.01.013).
- **Rivas, A. L.** (2006): "Quantitative estimation of the influence of surface thermal fronts over chlorophyll concentration at the Patagonian shelf". *Journal of Marine Systems*, 63, 183:190 doi:10.1016/j.jmarsys.2006.07.002
- Tonini, M. H., Palma, E. D. and **Rivas, A. L.** (2006). "High resolution model of Patagonic gulfs". *Computational Mechanics*, Vol. XXV, Chap. Cardona, Nigro, Sonzogni and Storti Eds, AMCA, Santa Fe, 1441-1460. ISSN: 1666-6070.

## 6.- CONGRESS:

- **V National Congress of Marine Sciences and XIII Colloquy of Oceanography** (organised by the Argentinean National Committee of IAPSO), Mar del Plata, Buenos Aires, Argentina, 8 – 12 December, 2003.
  - Baldoni, A., Bogazzi, E., **Rivas, A. L.**, Martos, P., Reta, R., Orensanz, J. M., Lasta, M. and Dell’Arciprete, P. “Association between the areas of Patagonia scallop’s (*scallop*) concentration (*Zygochlamys patagonica*) and the South Western Atlantic fronts”. Abstracts 69.
  - **Esteves, J. L.**, Solis, M. E., Rodriguez, V. and Willers, V. “Ushuaia and Golondrinas bays – Coastal water quality and water influx. (January 2001)”.
  - Gagliardini, D. A. and **Rivas, A. L.** “Environmental characteristics of San Matías gulf determined from Landsat TM/ETM information”. Abstracts 109.
  - Hernández Moresino, R. and **Rivas, A. L.** “Evaluation of the spatial-temporal variability of A-chlorophyll in an area of the Argentinean Continental Shelf (40° - 48° S) from satellite data”. Abstracts 121.
  - Massara Paletto, V., Commendatore, M. and **Esteves, J. L.** “Anthropic and biogenic hydrocarbons in Nueva Bay (Patagonia, Argentina)”.
  - Paparazzo, F. E., Schloss, I., Solis, M., Ruiz-Pino, D., Poisson, A., Bianchi, A., Balestrini, C. and **Esteves, J. L.** “Nutrients fluctuations in the Argentinean Continental Shelf south of 42° S”.
  - **Rivas, A. L.**, Dogliotti, A. I. and Gagliardini, D. A. “Surface Chlorophyll Variability at Patagonia shelf from SeaWiFS data”. Abstracts 161.
  - Santinelli N., Sastre V., Ciccarone P., Solís M., Andrade A. and **Esteves, J. L.** “Space and temporal dynamics of *Alexandrium tamarense* populations, Paralytic Shellfish Poisoning and associated nutrients in the north coast of Chubut Province. (Winter 2000 to winter 2002)”.
  - Vazquez, N. N., Gil, M. N, **Esteves, J. L.** and Amín, O. A. “Zn, Cu, Pb and Cd pollution in intertidal sediments of the coastal zone of Beagle channel, Tierra del Fuego, Argentina”.
  - Williams, G., **Esteves, J. L.** and Gagliardini, D. A. “Oceanographic phenomena detection through satellite information and meteorological forecast (North patagonic gulfs). Preliminary data”.
  - Willers, V., Narvarte, M. and **Esteves, J. L.** “Imposex in *Buccinanops globulosum* of the northern zone of Patagonia”.
- **Brazilian Congress of Oceanography**, organised by Brazilian Association of Oceanography and Vale do Itajaí University. Itajai. Santa Catarina. Brazil, 10-15/10/2004:
  - Hasan, E. J., Gil, M. N. and **Esteves, J. L.** “Subtidal sediment characterisation through nutrient exchange at sediment-water interface in Nueva Bay (Golfo Nuevo, Chubut, Argentina)”.
  - Niencheski, L. F., **Esteves, J. L.**, Freitas, U. and Torres, A. “Hydro environment of Lagoa Dos Patos (RS) and Golfo Nuevo (Patagonia): hydro chemical studies for environmental management.”

- **PORSEC2004** (Pan Ocean Remote SEnsing Conference), Univ. de Concepción, Chile, 2004:
  - Gagliardini, D. A. and **Rivas, A.L.**: “Environmental characteristics of San Matías gulf obtained from Landsat-Tm and ETM+ data”.
- **XI° Latin American Congress of Marine Science and XXV° National Congress of Marine Science of Chile**. 16-20 May, 2005.
  - Torres, I., Gil, N., Amín, O. and **Esteves, J. L.** “Environmental quality evaluation of Encerrada bay (Ushuaia, Tierra del Fuego Province, Patagonia, Argentina. Preliminary data”.
  - Williams, G. , Gagliardini, D. A. and **Esteves, J. L.** “San Matías gulf: physical and chemical characterization using in situ oceanographic data and satellite images landsat TM/ETM”.
- **VI° Latin American Congress of Environmental Mutagenese, Teratogenese and Carcinogenese and XIV° Argentine Congress of Toxicology**, organised by Argentinean Toxicological Association. 1- 4 November, 2005.
  - Vázquez, N. N., **Esteves, J. L.**, Narvarte, M. A., Comoglio, L. and Amin, O. “Physiological answers of mussels to pollution”.
- **VI National Congress of Marine Sciences and XIV Colloquy of Oceanography** (organised by the Argentinean National Committee of IAPSO), Puerto Madryn, Chubut, Argentina, 4 – 8 December, 2006.
  - Commendatore, M.G., **Esteves, J. L.**, Nievas, M. L. and Solana, V. P. “Península Aristizábal I. Hydrocarbons in sediments and hydrocarbons waste characterization”.
  - de Freitas, U., Niencheski, L. F., **Esteves, J. L.** and Rodilla, M. “Benthonic metabolism in an aquaculture area (Lagoa dos Patos - Brazil)”.
  - **Esteves, J. L.**, Gil, M. N. and Amín, O. “First data of heavy metals in Los Estados Island (Tierra del Fuego archipelago Argentine)”.
  - Ferrando, A., **Esteves, J. L.** and Elías, R. “Marobenthonic and environmental indicators: a multivariate analysis in sandy beaches (Puerto Madryn, 43° S, 65° W)”.
  - Gil, M.N., Amin, O., Torres, A. and **Esteves, J. L.** “Water quality variability in Ushuaia bay – Golondrina bay system. Tierra del Fuego, Argentine”.
  - Lezcano, A. and **Rivas, A.** “Spatial high resolution maps of sea surface temperature”.
  - Papparazzo F.E., Schloss I., Solís M. and **Esteves, J. L.** “Chemical characteristics of tidal fronts in Argentinean Continental Shelf and the biological implications”.
  - Pisoni J. P and **Rivas, A. L.** “Thermal fronts at the Argentinean Continental Shelf using TSM satellite data”.
  - **Rivas, A. L.** “Quantitative estimation of thermal fronts’ influence on the surface concentration of chlorophyll at Patagonia shelf”.
  - **Rivas, A. L.** “Thermal fronts surface concentration of chlorophyll at Patagonia shelf from satellite data”.
  - **Rivas, A. L.** “Spatial-temporal variability of the SST in the South Western Atlantic”.

- Sastre V., Santinelli, N., Solis, M., **Esteves, J. L.** Ferrario M., Ciccarone, P. and Perez, L. “Toxic algae bloom in coastal waters of Chubut Province”.
- Tonini, M. H., Palma, E., **Rivas, A. L.** “Circulation and dynamics of Patagonia gulfs: 3D barotropic model”.
- Williams, G. and **Esteves, J. L.** “San Matías gulf: temporal and spatial variation of temperature and nutrient and chlorophyll “a” concentration in the water column”.
- Williams, G., Gagliardini, D., **Rivas, A. L.**, Sapoznik, M., Narvarte, M., González, R. “Environmental characterisation of San Matías gulf (Argentina) using AVHRR and SeaWiFS information”.

## 7.- COURSES:

- Course on Chemical Oceanography by Dr **J. L. Esteves**, 2<sup>nd</sup>. Cycle for Biologists. National University of Patagonia “*San Juan Bosco*” (each year).
- Course on Physical Oceanography by MD **A. L. Rivas**, Advanced Cycle for Biologists. National University of Patagonia “*San Juan Bosco*” (each year).
- Course on Physics II by MD **A. L. Rivas**, Advanced Cycle for Biologists. National University of Patagonia “*San Juan Bosco*” (each year).
- Course on “Presence and impact of hydrocarbons in coastal marine ecosystems and biodegradation processes”, by Dr Michele Gilewicz, Dr. Philippe Cuny and Dr. Vincent Grossi, with Marseille Oceanologic Center, co-ordinated by Dr **J. L. Esteves**, organised by French Embassy, French Honorary Consulate CENPAT and Patagonia Natural Foundation. CENPAT. Puerto Madryn. Chubut. Argentina. 15-19 November, 2004.
- Course on “Liquid waste management in coastal municipalities”, co-ordinated by Dr **J. L. Esteves**, organised by Train Sea COSAT Brazil, UNEP/GPA and UNESCO-IHE. Puerto Madryn. Chubut. Argentina. 16-20 May, 2005.
- Course on “Integrated coastal management”, by Dr Isabel Moreno Castillo, with Balear Island University, co-ordinated by Dr **J. L. Esteves**, organised by Balear Island University, Orion Association, National University of Patagonia, CENPAT and Patagonia Natural Foundation. Puerto Madryn. Chubut. Argentina. 4-19 February, 2006.

## 8.- ADDRESS:

Centro Nacional Patagónico  
 Boulevard Brown s/n.  
 (9120) Pto. Madryn  
 Chubut  
 Argentina.

PONE: 00 54 (2965) 451024  
 FAX: 00 54 (2965) 451543

## ARGENTINEAN NATIONAL REPORT 2003-2007

### XXIV IUGG GENERAL ASSEMBLY

Perugia (Italy), July 2 - July 13, 2007

#### 1.- ASSOCIATION: IAPSO

#### 2.- INSTITUTION:

**Centro de Geología de Costas y del Cuaternario - CGCyC –**

dependiente de la Facultad de Ciencias Exactas y Naturales,  
Universidad Nacional de Mar del Plata

– *Coastal Geology and Quaternary Centre* –

*with the Faculty of Exact and Natural Sciences, National University  
of Mar del Plata.*

**Mission:** The Coastal Geology and Quaternary Centre (CGCyC) was created on 1979 through an Agreement between the Scientific Investigations Commission of Buenos Aires Province (C.I.C.) and National University of Mar del Plata (UNMdP). On 1985 the CGCyC started to exclusively depend on UNMdP, in particular, on its Faculty of Exact and Natural Sciences. From its creation, it is characterised by its strong interest in research, teaching and services to the community through the transference of its knowledge.

#### 3.- NAMES: Members of CNIAPSO that work at this institution:

Germán Ricardo Bértola (PhD in Geology)

[cgcy@mdp.edu.ar](mailto:cgcy@mdp.edu.ar)

[gbertola@mdp.edu.ar](mailto:gbertola@mdp.edu.ar)

Federico Ignacio Isla (PhD in Geology)

[fisla@mdp.edu.ar](mailto:fisla@mdp.edu.ar)

#### 4.- FIELD WORK:

BÉRTOLA, Germán Ricardo

Geological Oceanography

ISLA, Federico Ignacio

Geological Oceanography

#### 5.- PUBLICATIONS:

##### Articles in International and National Journals.

- **Bértola, G.** and Cortizo L. (2006): “Sand transport in active and hung littoral dunes in the south-east of Buenos Aires”. *Journal of the Argentinean Geological Association*. Vol. 60 (1):174-184. ISSN 0004-4822.
- Bujalesky, G. G. and **Isla, F. I.** (2006): “Quaternary deposits of the Fueguina Atlantic Coast between Peñas and Ewan capes, Argentina *Journal of the Argentinean Geological Association*, 61, 1, 81-92.

- Cortizo, L. C. and **Isla, F. I.** (2006): “Evolution and dynamics of the dune-barrier of San Cayetano and Tres Arroyos, Buenos Aires”. *Journal of the Argentinean Geological Association*, 23 pp. (Accepted for its publication).

- **Isla, F. I.** (2006): “Erosion and coastal defence”. In: Isla, F. I & Lasta, C. A. (eds.) *Manual of Coastal Manage for Buenos Aires Province, EUDEM, Mar del Plata, 125-147*.
- **Isla, F. I.** and Bujalesky, G. G. (2006): “Coastal Geology and morphology of Patagonia and Fueguino Archipelago”. In: Rabassa, J. R. (ed) *Late Cainozoic of Patagonia*, Elsevier Sci. Publ., 16 pp. (Accepted for its publication).
- Stutz, S., Prieto, A. R. and **Isla, F. I.** (2006): “Holocene evolution of the Mar Chiquita coastal lagoon area, Argentina indicated by pollen analysis”. *Journal of Quaternary Science* 21, 1, 17-28.

## 6.- CONGRESS:

- **9° Argentinean Congress of Bio- Stratigraphy and Palaeontology.** Córdoba, 18-22 September, 2006:
  - Espinosa, M. A. and **Isla, F. I.** “Environmental evolution related to an obstruction of a tide-channel in the Walker Stream, Bahía San Blas, Buenos Aires”.
  - Hassan, G. S., Espinosa, M. A. and **Isla, F. I.** “Diatoms distribution in surface sediments in the river Queue Salado estuary (Buenos Aires, Argentina): consequences in the re-building of coastal paleo- environments”.
- **VI National Congress of Marine Sciences and XIV Colloquy of Oceanography** (organised by the Argentinean National Committee of IAPSO), Puerto Madryn, Chubut, Argentina, 4 – 8 December, 2006:
  - **Isla, F. I.** and **Bértola, G. R.** “Sand distribution in the infra-littoral beaches: possibility of repopulating Villa Gesell and Quequén beaches”.
  - **Isla, F. I.** “Multipurpose artificial reefs: their possibilities of settling at the Argentinean coast”.

- Madirolas, A., Lasta, M., Trepode, M., Alavarez Colombo, G. L., Iantanos, N. and **Isla, F. I.** “Morphological characteristics of the submarine canyons of the northern Patagonia”.
- Schnack, E., **Isla, F. I., Bértola, G. R.**, and Pousa, J. “The erosive processes in the eastern Atlantic littoral of Buenos Aires Province: steps of specific management and strategies in the frame of the integrated treatment of the coastal zone”.

#### 7.- COURSES:

- 2006: Cycle for Biologists, National Univ. of Mar del Plata. (Each year). Courses on:
  - “Foundations of Geology” by **G. Bértola**. First semester.
  - “Teledetection” by **F. I. Isla**. First semester.
  - “Risks associated to natural processes” by **G. Bértola**. Second semester.

#### 8.- ADDRESS:

**- ARGENTINEAN NATIONAL REPORT 2003-2007**

**XXIV IUGG GENERAL ASSEMBLY**

**Perugia (Italy), July 2 - July 13, 2007**

**1.- ASSOCIATION: IAPSO**

**2.- INSTITUTION:**

**Centro de Investigaciones del Mar y la Atmósfera (CIMA / CONICET-UBA)**

*– (Centre for Oceanic and Atmospheric Research) –*

**Mission:** CIMA (Centre for Oceanic and Atmospheric Research), is an institution supported by CONICET (National Council for Scientific and Technological Research of Argentina) and UBA (University of Buenos Aires). It is located at the University of Buenos Aires main building, close to the Department of Atmospheric and Oceanic Sciences not far from downtown.

Research activities at CIMA are mainly focused on Climate Modelling, Climate Regional Variability, Regional Effects of Anthropogenesis Effects on Climate, Shelf Seas Modelling and Dynamics, Numerical Weather Forecast and Climate Change. CIMA is the main, probably the only, research centre of Argentina fully devoted to atmosphere and ocean modelling.

**3.- NAMES:** Members of CNIAPSO that work at this institution:

Virna Loana Meccia (MD in Oceanography) [virna@cima.fcen.uba.ar](mailto:virna@cima.fcen.uba.ar)

Claudia Gloria Simionato (PhD in Oceanography) [claudias@cima.fcen.uba.ar](mailto:claudias@cima.fcen.uba.ar)

**4.- FIELD WORK:**

M ECCIA, Virna Loana Physical Oceanography

SIMIONATO, Claudia Groria Physical Oceanography

**5.- PUBLICATIONS:**

**Articles in International and National Journals.**

## ARGENTINEAN NATIONAL REPORT 2003-2007

### XXIV IUGG GENERAL ASSEMBLY

Perugia (Italy), July 2 - July 13, 2007

#### 1.- ASSOCIATION: IAPSO

#### 2.- INSTITUTION:

#### Instituto Antártico Argentino

– Argentinean Antarctic Institute –

**Mission:** The Argentinean Antarctic Institute (IAA) was created on April 17, 1951, making true one of the fundamental pillars dreamed by Cnel.Hernán Pujato for enhancing and extending the Argentinean presence in the Antarctic. At that time the IAA became the first scientific organization exclusively devoted to Antarctic matters and it preceded the Antarctic Treaty signature as well as the creation of the Scientific Committee on Antarctic Research (SCAR).

#### 3.- NAMES: Members of CNIAPSO that work at this institution:

Gustavo Ferreyra	(PhD in Oceanography)	<a href="mailto:gferreyra@dna.gov.ar">gferreyra@dna.gov.ar</a>
Irene Ruth Schloss	(PhD in Biology)	<a href="mailto:ischloss@dna.gov.ar">ischloss@dna.gov.ar</a>
Gabriela V. Tosonotto	(MD in Oceanography)	<a href="mailto:gtossonotto@dna.gov.ar">gtossonotto@dna.gov.ar</a>

#### 4.- FIELD WORK:

FERREYRA, Gustavo	Biological Oceanography – UV effects on polar plankton communities
SCHLOSS, Irene Ruth	Biological Oceanography – Antarctic Food Webs, Climate Change
TOSSONOTTO, Gabriela V.	Antarctic Oceanography

#### 5.- PUBLICATIONS :

- Longhi, M. I., **Schloss, I. R.**, Wiencke, C. (2003): “Effect of irradiance and temperature on photosynthesis and growth of two Antarctic benthic diatoms, *Gyrosigma subsalinum* and *Odontella litigiosa*”. *Marine Botany* 46: 276-284. Language: English. ISSN 0006-8055.

## ARGENTINEAN NATIONAL REPORT 2003-2007

### XXIV IUGG GENERAL ASSEMBLY

Perugia (Italy), July 2 - July 13, 2007

#### 1.- ASSOCIATION: IAPSO

#### 2.- INSTITUTION:

#### Instituto Argentino de Oceanografía - IADO -

*Argentinean Institute of Oceanography –*

**Mission:** IADO carries out scientific research on the Argentinean Sea and its resources, contributing to develop either researchers or technicians. It also advises public and private institutions about the feasibility of scientific programmes. It has a large library with a great amount of information on the subjects it is involved. It organises seminars and courses to divulge different topics related to Oceanography and environmental protection.

Regarding its link with the IUGG (UGGI), IADO is one of the institutes that has probably the major number of IAPSO's Members in Argentina, among its researchers.

#### 3.- NAMES: Members of CNIAPSO that work at this institution and at the National Southern University\*, having a fluid interaction with researchers from IADO:

ALIOTTA, Salvador	<a href="mailto:galiott@criba.edu.ar">galiott@criba.edu.ar</a>

#### 4.- FIELD WORK:

ALIOTTA, Salvador	Marine Geology
ANDRADE, J. Santiago	Oceanography
ANGELES, Guillermo	Oceanography
BEIGT, Débora	Geomorphology. Estuaries and coasts dynamics.
BHON, Vanessa Yael	Physical Oceanography.
CALO, Jorge*	Oceanography
CAMPO de Alicia*	FERRERAS, Physical Geography
CARBONE, M. Elizabeth	Geomorphology. Estuaries and coasts dynamics.
CUADRADO, Diana	Marine Geology. Sediments transport.
DIEZ, Paula G.	Marine Geology. Coastal management. Sediments transport.
FEDERICI, Gisela	Physical Oceanography. Sediments transport.
GELÓS, Eduardo	Marine Geology.
GINSBERG, Silvia Susana	Oceanography. Marine Geology.
GÓMEZ, Eduardo A.	Oceanography. Marine Geology.
LISAZOAIN, Guillermo	Oceanography. Marine Geology.
MARASCHIN, Silvio	Oceanography. Marine Physics
MARCOS, Ángel*	Oceanography
MARCOVECCHIO, Jorge	Marine Chemistry.
MARINI, M. Fabián	Physical Oceanography.
MELO, Walter D.	Physical Oceanography. Digital Cartography.

MINKOFF, Darío R.	Physical Oceanography.
NATALI, Mariano	Physical Oceanography.
PALMA, Elbio	Physics. Marine Physics
PÉREZ, Daniel*	Marine Physics
PERILLO, Gerardo, M. E.	Physical Oceanography.
PICCOLO, María Cintia	Physical Oceanography.
PIERINI, Jorge, O.	Physical Oceanography.
SCHILLIZI, Roberto	Marine Geology.
SPAGNUOLO, Jorge	Geology.

## 6.- CONGRESS:

- **CLIVAR/OOPC/IAI Workshop on the SouthAtlantic climate observing system.** Angra dos Reis Brasil, 6-8 February, 2003:
  - Matano R. P, Barnier, B., Campos, B., Coward, A., McLean, J., **Palma, E.**, Penduff, T., Schouten, M., Treguier, A. M., Wainer, I. and Webb, D. "The Mesoscale Circulation of the South Atlantic Ocean: Does it Matters to Climate?"
- **First Meeting of the Aquarius-SAC-D Science Team.** NASA-CONAE, Mar del Plata, Buenos Aires Province, 18 March, 2003
  - **Palma, E. D.**, Matano, R. P. and Piola, A. R. "A three dimensional numerical study of the Southwestern Atlantic Shelf circulation". (Awarded poster).
- **EGS-AGU-EUG Joint Assembly.** Nice, France, 6 - 11 April, 2003:
  - **Palma, E. D.**, Matano, R. P. and Piola, A. R. 2A barotropic study of the Southwestern Atlantic Shelf circulation".
- **Workshop on the Dynamics of Fluid Mud Layers in Coastal Waters.** Rio de Janeiro, Brazil, May, 2003:
  - Kjerfve, B., Dias, G. T. M. Rine, J. M., Gardner, L. R. and **Perillo, G. M. E.** "Mud along the coast of Atlantic South America". (Invited Talk).
  - **Perillo, G. M. E.** "Effects of dredged Fluid Mud on the Suspended Sediment Transport in Galván Port, Argentina". (Invited Talk).
- **XXIII IUGG Assembly / IAPSO Symposium.** Sapporo, Japan, 30 June-11 July, 2003:
  - Matano R. P., **Palma, E D.** and Piola, A. R. "A numerical study of the shelf circulation in the Southwestern Atlantic".
  - Piola, A. R., **Palma, E. D.** and Matano, R. P. "Circulation in the western Argentine Basin: model and observations".

- **17th Biennial Conference of the Estuarine Research Federation Simposio SPS-20 “River-Estuary Interactions”**. Seattle, Washington, USA. September, 2003:
  - **Perillo, G. M. E., Pérez, D. E. and Piccolo, M. C.** “Internal Waves in Highly Stratified Quequén River Estuary, Argentina”.
- **IX Congresso da Associação Brasileira de Estudos Quaternarios y II Congresso do Quaternario de Países de Linguas Ibéricas**. Recife, Brazil. 12 - 19 October, 2003:
  - **Aliotta, S., Spagnuolo, J. and Farinati, E.** “Geological evidences of the transgressive-regressive Holocene process at the entrance of Bahía Blanca estuary, Argentina”.
  - **Correa, I., Aliotta, S. and Weschenfelder.** “Evidences of barrier structures in the access channel Los Patos lagoon”.
  - **Ginsberg, S. S., Aliotta, S. and Lizasoain, G.** “Model of sedimentary circulation in a system of meso-tidal interconnected channels determined with side scan sonar”.
- **V National Congress of Marine Sciences and XIII Colloquy of Oceanography** (organised by the Argentinean National Committee of IAPSO), Mar del Plata, Pcia. de Buenos Aires, Argentina, 8 – 12 December, 2003.
  - **Aliotta, S., Giagante, D., Briceño, W. and Farinati, E.** “Sediment logy and taphonomy of a Holocene marine deposit at the west of Bahía Blanca, Buenos Aires Province”.
  - **Amin, O., Comoglio, L., Asteasuain, R., Freije, R. H. and Marcovecchio, J.** “Distribution of inorganic nutrients in the coastal zone nearby Ushuaia city (Tierra del Fuego) and its relation with terrestrial sources”.
  - **Barría de Cao, M. S., Beigt, D., Piccolo, M. C. and dos Santos, E.** “Relationship between abiotic and biotic factors and the abundance and diversity of *Tintinnida (Ciliophora)* in Bahía Blanca estuary”.
  - **Beigt, D., Piccolo, M. C., Perillo, G. M. E. and dos Santos, E.** “Annual cycle of temperatures and heat flux at the soil el suelo in a tides plain of Bahía Blanca estuary”.
  - **Botté, S., Chiarello, N., Asteasuain, R., Contardi, E., Freije, R. H. and Marcovecchio, J.** “Disolved metals as recent pollution indicators Bahía Blanca estuary, Argentina”.
  - **Botté, S., Delucchi, F., Asteasuain, R., Chiarello, N., Contardi, E. Freije, R. H. and Marcovecchio, J.** “Surface sediments in the tides plains as source of metals trace for the Bahía Blanca estuary, Argentina”.
  - **Carbone, M. E. and Piccolo, M. C.** “Variation of the water level inside the estuary of Claromecó stream”.
  - **Cervellini, P. M., Beigt, D., Piccolo, M. C. and dos Santos, E.** “Zooplankton Variability and its relationship with temperature at Puerto Cuatrerros, Bahía Blanca estuary”.
  - **Del Blanco, L., Botté, S., Chiarello, N., Arlenghi, J., Freije, R. H. and Marcovecchio, J.** “Estimation of the contribution of heavy metals by Sauce Chico river and Napostá Grande stream to Bahía Blanca estuary”.
  - **De Marco, S., Botté, S. and Marcovecchio, J.** “Mercury distribution in estuarine wetlands and salt-marshes from Argentina: an overview”.

- **De Marco, S.**, Freije, R. H. and **Marcovecchio, J.** “Seasonal variation of the phytoplanktonic composition at Mar Chiquita coastal lagoon (Buenos Aires, Argentina)”.

## ARGENTINEAN NATIONAL REPORT 2003-2007

### XXIV IUGG GENERAL ASSEMBLY

Perugia (Italy), July 2 - July 13, 2007

#### 1.- ASSOCIATION: IAPSO

#### 2.- INSTITUTION:

**Instituto Nacional de Investigaciones Pesqueras (INIDEP)**

– *National Institute of Fisheries Research* –

**Mission:** It is in charge of formulating, executing and controlling the research projects on fisheries' prospecting, evaluation and developing of aquaculture technologies, fishing arts, technological processes and fishery economy, according to the guides and priorities set by the corresponding authorities.

#### 3.- NAMES: Members of CNIAPSO that work at this institution:

Raúl Guerrero (MD in Oceanography)

[raul.guerrero@inidep.edu.ar](mailto:raul.guerrero@inidep.edu.ar)

Adrián Madirolas (MD in Engineering)

[adrian@inidep.edu.ar](mailto:adrian@inidep.edu.ar)

#### 4.- FIELD WORK:

GUERRERO, Raúl

Physical Oceanography

MADIROLAS, Adrián

Underwater Acoustics

#### 5.- PUBLICATIONS:

##### Articles in International and National Journals.

- Alvarez Colombo, G., **Madirolas, A.** and Mianzan, H. (2003): "Acoustic characterisation of gelatinous plankton: Four study cases from the Argentinean continental shelf". *ICES Journal of Mar. Sci.*, 60, 650-657.
- Macchi, G. J., Pájaro, M. and **Madirolas, A.** (2005): "Can a change in the spawning pattern of Argentine hake (*Merluccius hubbsi*) affect its recruitment?". *Fish. Bull.* 103, 445-452.

## ARGENTINEAN NATIONAL REPORT 2003-2007

### XXIV IUGG GENERAL ASSEMBLY

Perugia (Italy), July 2 - July 13, 2007

#### 1.- ASSOCIATION: IAPSO

#### 2.- INSTITUTION:

#### Servicio Naval de Investigación y Desarrollo (SENID)

– *Naval Service of Research and Development* –

Underwater Sound Division      Acoustic Systems Division

**Mission:** SENID's general objective is to conduct Research and Development Projects related to maritime interests.

Its two main areas of research are: Radio Propagation and Underwater Sound Propagation. It is precisely through the latter area that SENID is mainly related to the International Association for the Physical Sciences of the Oceans –IAPSO–.

Sound Propagation in a variable medium like the ocean, as well as its interaction with the boundaries (sea-surface and seabed) and the biologic organisms, suspended particles, bubbles, submarine vehicles, etc. that are present in its volume, is a relevant area of research in Oceanography. Therefore, it turns out to be within the scope of Physical Oceanography.

#### 3.- NAMES: Members of CNIAPSO that work at this institution:

Michèle BAQUÉS	(MD in Oceanography)	<a href="mailto:mbaques@yahoo.com">mbaques@yahoo.com</a>
Silvia BLANC	(MD in Physics)	<a href="mailto:silblanc@yahoo.com">silblanc@yahoo.com</a>
Marta Etcheverry de MILOU	(PhD in Physics)	<a href="mailto:m_milou@yahoo.com">m_milou@yahoo.com</a>
Juan Carlos PIZZONI	(MD in Engineering)	<a href="mailto:jpizzoni@yahoo.com">jpizzoni@yahoo.com</a>
Silvia R. SALVADORES	(MD in Physics)	<a href="mailto:ssalvadores@yahoo.com">ssalvadores@yahoo.com</a>
Daniel César VARA	(MD in Physics)	<a href="mailto:cdvara@fibertel.com.ar">cdvara@fibertel.com.ar</a>

#### 4.- FIELD WORK:

BAQUÉS, Michèle	Acoustical Oceanography
BLANC, Silvia	Acoustical Oceanography. Volume Scattering. Bottom acoustics interaction.
MILOU, M. I. E. de	Underwater Sound. Acoustic propagation.
PIZZONI, Juan Carlos	Acoustic Signals Processing

SALVADORES, S. R. Acoustic propagation modelling. Numerical simulation.

VARA, Daniel César Remote Sensors – SAR- (Currently, retired)

- **IV Inter-American Naval Conference Specialised on Science and Technology**, Lima, Peru. 2006.
  - **Blanc, S., Baqués, M.** and **Milou, M. I. E. de.** “Acoustic description of oceanography across Drake Passage”.
- **VI National Congress on Marine Sciences and XIV Colloquy of Oceanography** (organised by the Argentinean National Committee of IAPSO), Puerto Madryn, Chubut, Argentina, 4 – 8 December, 2006.

- **Blanc, S., Baqués, M. and Milou, M. I. E. de.** “Acoustic alternative methodology to estimate Numerical Abundance of zooplankton across the Drake Passage”. ”.
- **Salvadores, S. R. and Milou, M. I. E. de.** “A description of the acoustic field in the Drake Passage”.

## 7.- COURSES:

- 2003: September. Course attended by **M. Baqués**: “Underwater Acoustics”, by Prof. W. Kuperman and Dr. P. Roux with the Marine Physical Laboratory, Scripps Institute of Oceanography, University of California, San Diego. University of Concepción, Chile.
- 2003: October 8. Seminar on: “Optimum acoustic frequency of propagation at the marine front of the Río de la Plata estuary”, by **S. Salvadorés**. Smith Lab. Woods Hole Oceanographic Institution (WHOI), MA, USA.
- 2003: October 14. Seminar on: “Activities performed at WHOI. State-of-art”, by **S. Salvadorés**. Woods Hole Oceanographic Institution (WHOI), MA, USA.
- 2003: October 16. Seminar on: “Topics of underwater acoustic modelling and factors affecting the value of the optimum frequency of propagation under positive sound velocity gradient conditions and strong changes in sea water salinity”, by **S. Salvadorés**. Ocean Acoustics Dept., Massachusetts Institute of Technology (MIT), MA, USA.
- 2004: June 2-3. “Conference on Updated topics on Underwater Sound”, by **M. Milou, S. Salvadorés** and **S. Blanc**. Antisubmarine Warfare Commission. Bahía Blanca, Pcia. de Buenos Aires. Argentina.
- 2006: February. Talk on “Activities at the Underwater Sound Division of the Naval Service of Research & Development ” by **M. Milou** at the Applied Research Laboratory (APL), University of Washington, Seattle, WA, USA.
- 2006: February. Talk on “Some current investigations on acoustic volume scattering at the Underwater Sound Division of the Naval Service of Research & Development” by **S. Blanc** at the Applied Research Laboratory (APL), University of Washington, Seattle, WA, USA.
- 2006: February. Talk on “Activities at the Underwater Sound Division of the Naval Service of Research & Development” by **M. Milou** at the Naval Research Laboratory (NRL), Washington DC, USA.
- 2006: February. Talk on “Remarks on updated acoustic databases” by **S. Blanc** at the Naval Research Laboratory (NRL), Washington DC, USA.
- 2006: April 19-20. “Activities of the Underwater Sound Division of SENID (*Service Naval of Research & Development*)” by **M. Milou**. Workshop on Tactic Oceanography. Mar del Plata, Buenos Aires. Argentina.
- 2006: April 19-20. “Acoustic Propagation Modelling. Updated applications”, by **S. Salvadorés**. Workshop on Tactic Oceanography. Mar del Plata, Buenos Aires. Argentina.
- 2006: April 19-20. “Systems of Acoustic Information. Recent advances”, by **S. Blanc**. Workshop on Tactic Oceanography. Mar del Plata, Buenos Aires. Argentina.

**9.- ADDRESS:**

## ARGENTINEAN NATIONAL REPORT 2003-2007

### XXIV IUGG GENERAL ASSEMBLY

Perugia (Italy), July 2 - July 13, 2007

#### 1.- ASSOCIATION: IAPSO

#### 2.- INSTITUTION:

**Servicio de Hidrografía Naval - SHN -**

*– Hydrographic Naval Service –*

Department of Oceanography

**Mission:** The mission of the Oceanography Department is to carry out and encourage studies, explorations, works and investigations about physical oceanography, marine geology, geophysics and chemistry and any other ocean science related to maritime activities that contribute to the economical and scientific development of the country, functioning as a research centre of ocean sciences.

#### 3.- NAMES: Members of CNIAPSO that work at this institution:

Carlos Balestrini	(MD in Oceanography)	<a href="mailto:cfbales@mail.retina.ar">cfbales@mail.retina.ar</a>
Alejandro A. Bianchi	(MD in Oceanography)	<a href="mailto:abianchi@hidro.gov.ar">abianchi@hidro.gov.ar</a>
José Luis Cavalotto	(PhD in Geology)	<a href="mailto:jlcavalotto@hidro.gov.ar">jlcavalotto@hidro.gov.ar</a>
Marcela Charo	(MD in Oceanography)	<a href="mailto:mcharo@hido.gov.ar">mcharo@hido.gov.ar</a>
Juan De Abelleyra	(MD in Oceanography)	<a href="mailto:jdeabelleyra@hidro.gov.ar">jdeabelleyra@hidro.gov.ar</a>
Walter C. Dragani	(PhD in Atmospheric Sciences)	<a href="mailto:dragani@hidro.gov.ar">dragani@hidro.gov.ar</a>
Mónica Fiore	(MD in Oceanography)	<a href="mailto:mareas@hidro.gov.ar">mareas@hidro.gov.ar</a>
Lucio J. Janiot	(MD in Chemistry)	<a href="mailto:quimica@hidro.gov.ar">quimica@hidro.gov.ar</a>
Andrés Lusquiños	(MD in Oceanography)	<i>(Retired)</i>
Carlos Mazio	(PhD in Atmospheric Sciences)	<a href="mailto:mazio@hidro.gov.ar">mazio@hidro.gov.ar</a>
Gerardo Parker	(PhD in Geology)	<i>(Dead)</i>
Marcelo Patterlini	(Eng. in Geophys. & Geodesy)	<a href="mailto:mpatterlini@hidro.gov.ar">mpatterlini@hidro.gov.ar</a>
Alberto A. Piola	(MD in Oceanography)	<a href="mailto:apiola@hidro.gov.ar">apiola@hidro.gov.ar</a>
Silvia Inés Romero	(MD in Oceanography)	<a href="mailto:sromero@hidro.gov.ar">sromero@hidro.gov.ar</a>
Walter Reynoso Peralta	(MD in Geophysics)	<a href="mailto:wreynoso@hidro.gov.ar">wreynoso@hidro.gov.ar</a>
Ariel Troisi	(MD in Oceanography)	<a href="mailto:atroisi@hhidro.gov.ar">atroisi@hhidro.gov.ar</a>
Roberto Violante	(PhD in Geology)	<a href="mailto:violante@hidor.gov.ar">violante@hidor.gov.ar</a>

#### 4.- FIELD WORK:

BALESTRINI, Carlos	Physical Oceanography.
BIANCHI, Alejandro A.	Physical Oceanography.
CAVALLOTTO, José Luis	Coastal and Marine Geology.
CHARO, Marcela	Regional oceanography and western boundary currents. Processing of ocean colour images (SEAWIFS) and hydrographic data (CTD, XBT) design; Data Bases updating.
DE ABELLEYRA, Juan	Physical Oceanography. Continental shelf.
DRAGANI, Walter C.	Physical Oceanography.
FIORE, Mónica	Tides.
JANIOT, Lucio J.	Marine Chemistry and Marine Pollution
LUSQUIÑOS, Andrés	Physical Oceanography ( <i>Currently, retired</i> )
MAZIO, Carlos	Tide-Driven Currents. Waves. Hydrodynamic Models
PARKER, Gerardo	Marine Geology ( <i>Dead</i> )
PATTERLINI, Marcelo	Marine Geophysics
PIOLA, Alberto R.	Physical Oceanography
REYNOSO PERALTA, Walter L.	Marine Geophysics and Geology, Geomorphology, Seafloor Characterisation and Ocean Bathymetry.
ROMERO, Silvia Inés	Ocean Colour - River Plumes - Oceanic Fronts - Biophysical Interactions
TROISI, Ariel	Physical Oceanography
VIOLANTE, Roberto	Marine Geology

## 6.- CONGRESS:

- **CLIVAR/OOPC/IAI Workshop on the South Atlantic Climate Observing System (SACOS)**, Angra dos Reis – Brazil, 31-38. 6 – 8 February, 2003.
  - de Ruijter, W., P. M., Cunningham, S. A., Gordon, A. L., Lutjeharms, J. R. E., Matano, R. P. and **Piola, A. R.** "South Atlantic inter ocean exchanges".
  - Garzoli, S. L., Johnson, M., **Piola, A. R.**, Provost, C. and Goñi, G. "South Atlantic Ocean observing system for climate".
  - **Piola, A. R.**, Campos, E. J., Donners, D. J., Gordon, A. L. and Nof, D. "The South Atlantic contribution to the global thermohaline circulation".
- **Continental Shelves during the last Glacial Cycle.** 2003.
  - **Cavallotto, J. L.** and **Violante, R. A.** "Late Pleistocene and Holocene transgressions in the northern Patagonia gulfs, Argentina". (IGCP No 464, Gdansk, Poland).
  - **Cavallotto, J. L.** "Late Cenozoic sea level highstands in the coastal plain of the Rio de la Plata". (IGCP No 437. Abstracts: 57-59. Puglia, Italy).

- **24<sup>th</sup> Annual Meeting of the Society of Environmental Toxicology and Chemistry (SETAC)**, Austin, Texas, USA, 9 -13 November 2003.
  - **Janiot, L. J.**, Sericano, J. L. and Marcucci, O. “Evidence of Oil Leakage from the Bahía Paraíso Wreck in Arturo Bay, Antarctica”.
- **V National Congress of Marine Sciences and XIII Colloquy of Oceanography** (organised by the Argentinean National Committee of IAPSO), Mar del Plata, Buenos Aires, Argentina, 8 – 12 December, 2003.
  - Allegrino, J., Saenz, G., **Dragani, W. C.**, Schmidt, S. and Meccia, V. “Waves prediction for the coasts of the Province of Buenos Aires using different Data Bases of Meteorological Data”. (Poster).
  - **Bianchi, A. A., Bianucci, L. and Piola, A. R.** “Climatology of the Argentinean Continental Shelf’s fronts and its relation with carbon dioxide balance”.
  - **Bianchi, A. A.**, Schloss, I. R., Ruiz Pino, D., **Balestrini, C.**, Ferrario, M., Poisson, A., Ferreyra, G. and **Piola, A. R.** “Carbon fluxes in the Argentinean Continental Shelf and in Weddell Sea: Influence of the environmental variables”.
  - **Balestrini, C., Bianchi, A. A.**, Ferrario, M., Ferreira, G., **Piola, A. R.**, Poisson, A., Schloss, I. R. “ARGAU Project: Measurements of CO<sub>2</sub> and the associated physical, chemical and biological parameters in the Southern Atlantic Ocean and Antarctica”.
  - **D’ Onofrio, E. E., Fiore, M. M. E.** “Estimation of extreme levels at Buenos Aires’ harbour taking into account the increment of the average level”.
  - **Janiot, L. J.**, Sik, E., Marcucci, O., Gesino, A., Molina, D. A., Martínez, L. L. and Marcucci, P. “Persistent Organic Pollutants and Heavy Metals in Water and Sediments from Río de la Plata and its Maritime Front”. Symposium CARP-COFREMAR.
  - Meccia, V., **Dragani, W. C.**, Schmidt, S. and Pousa, J. “Beach profile evolution during intense wind wave events at Pinamar”.
  - Meccia, V., Simionato, C. G., **Dragani, W.** and Núñez, M. “Seasonal circulation and flux corridors at the Río de la Plata’ estuary based upon HamSOM/CIMA model”. FREPLATA Symposium.
  - Natali, M. P., **Fiore, M. M. E., D’ Onofrio, E. E.**, Brunini, C. A. “First results of absolute tide measurement in Mar del Plata”.
  - Paparazzo F. E., Schloss I., Solis M., Ruiz-Pino D., Poisson A., **Bianchi, A. A.**, **Balestrini, C.**, Esteves, J. L.. “Nutrients concentration in the Argentinean Continental Shelf at the south of parallel of 42°S”.
  - Simionato, C. G., **Dragani, W. C.** Núñez, M. and Meccia, V. “Currents and heights simulation at Río de la Plata using Hamsom/Cima model forced by the re-analysis of NCEP and comparisons with observations”. FREPLATA Symposium.
  - Simionato C. G., **Dragani, W. C.** and Núñez. “Propagation of the principal moon semidiurnal tide wave in the South-eastern South American continental shelf and Río de la Plata”. FREPLATA Symposium.
  - Speroni, J., **Dragani, W. C.** and **Mazio, C.** “Currents Measurements Programme in the Beagle Channel”. (Poster).

- **Continental Shelves during the last Glacial Cycle.** IGCP No 464, Rome, Italy. 2004.
  - **Cavallotto, J. L.** “Sea-level and environmental changes since the LGM in the Río de la Plata (Argentina).”
- **Aquarius / SMOS / Hydros Joint Science Meeting.** AOML/NOAA, Miami, April 20-22 2004. (Sponsored by NASA and CONAE).
  - **Piola, A. R. and Romero, S. I.** “Space Time variability of the Plata River plume inferred from ocean colour”
- **II Simpósio Brasileiro de Oceanografia,** Instituto Oceanográfico da Universidade de São Paulo, São Paulo, Brazil. June, 2004.
  - **Bianchi, A. A., Bianucci, L., Piola, A. R.,** Ruiz Pino, D., Schloss, I. R., Poisson, A. and **Balestrini, C.** “The key role of vertical stratification and air-sea CO<sub>2</sub> fluxes in the Patagonia shelf”.
  - **Romero, S. I. and Piola, A. R.** “Spatial and temporal variability of Rio de la Plata’s plume”.
- **International Conference & Exhibitions on Oil Spill Technology.** Trondheim, Norway. 14-17 June 2004.
  - Moreno, V. J., Iribarne, O. O., Escalante, A. H., Aizpún, E., **Janiot, L. J.,** Heras, H., Menone, M. L., Miglioranza, K., Pérez, C., Isacch, J. P., Abib, A. E. and Canepuccia, A. E. “Monitoring Coastal Río de la Plata Oil Spillage“. 20 pp. en CD. Inter spill 2004.
- **2<sup>nd</sup>. AIACC Regional Workshop for Latin America and the Caribbean.** Buenos Aires. Argentina. 24 - 27 August 2004.
  - Kokot R., Menéndez A., **D’ Onofrio E. E.,** Barros V. and **Fiore, M. M. E.** “Return periods of floods over the coastal lands of the Río de la Plata (AIACC Project No. LA26)”.
- **V Argentinean Symposium and 1<sup>st</sup>. Latin-American Symposium on Antarctic Investigations,** organised by the Argentinean Antarctic Institute. Buenos Aires, Argentina, 30 August - 3 September, 2004.
  - **Bianchi, A., Charo, C., Bianucci, L., Balestrini, C.,** Schloss, I. and Ferreyra, G. “Spatial and inter-annual variability of CO<sub>2</sub> fluxes in the Weddell Sea. It relation with the environmental variables”.
  - **Dragani, W. C., D’ Onofrio, E. E., Fiore, M. M. E.** and Speroni, J. O. “Tide Propagation and Amplification in the northern region of Antarctic Peninsula”.
  - **Romero, S. I. and Charo, M.** “Seasonal and inter-annual variability of chlorophyll-A in the Atlantic Ocean using ocean (SeaWiFS)”.
- **22<sup>nd</sup> Scientific Meeting of the Argentinean Association of Geophysics and Geodesy (AAGG).** Buenos Aires, Argentina. 6 – 10 September, 2004.
  - Borjas, R. and **Dragani, W. C.** “Digital bathymetry generation for mathematical modelling of the coastal oceanic circulation in Patagonia”.
  - **Dragani, W. C. and Romero, S. I.** “Impact of an eventual local wind change on the waves weather at the upper Río de la Plata”.

- **D' Onofrio, E., Fiore, M. M. E.,** Ruiz, H. E. "Influence of the new temporal scales on oceanic tides prediction and corrections to gravimetric measurements".

- Moira L. C., **Bianchi, A. A.**, Isbert, I. G., Osiroff, A. P., **Balestrini, C. F.** "Influence of the different products utilisation representing the wind when estimating sea-atmosphere fluxes of CO<sub>2</sub>".
- **Violante, R. A.**, **Paterlini, M.**, Costa, P., I., Segovia, L., **Cavallotto, J. L.**, Marcolini, S., Laprida, C., Garcia, N., Watnabe, S., Totha, V. "Evolution of the continental slope that is adjacent to Buenos Aires' shore during Cenozoic: Relation with paleoceanographic and paleoclimatic variability".

## 7.- COURSES:

- 2003. As part of the Third Austral Summer Institute on Ocean Observing Systems, organised by the University of Concepción, Woods Hole Oceanographic Institution and Andes Foundation. Concepción, Chile, the three following course were attended by **S. I. Romero**:
  - "Application of Acoustical and Optical Methods for Plankton Monitoring", by Dr. Mark C. Benfield (Dept. of Oceanography & Coastal Sciences/Coastal Fisheries Institute, Louisiana State University).
  - "Observing the large-scale Ocean Circulation", by Dr. Detlef Quadfasel (Dept. of Geophysics and Danish Center for Earth System Science , University of Copenhagen).
  - "Coupled physical-biological and biogeochemical time series and advanced technologies", by r: Francisco P. Chávez (Monterey Bay Aquarium Research Institute).
- 2003: "Processes and sediments recordings in coastal regions and submarine continental shelves", by **J. L. Cavallotto**, organised by the Superior Council of Geology and the Argentinean Geological Association. Buenos Aires, Argentina.
- 2003: 27 – 29 May. Course attended by **W. C. Dragani**: Design and Protection of river banks and coasts. School of Hydraulic Engineering – School of Harbour Engineering, Faculty of Engineering, University of Buenos Aires. Buenos Aires, Argentina.
- 2004: Post-Graduate course "Processes and sediments recordings in coastal regions and submarine continental shelves", by **R. A. Violante** and **J. L. Cavallotto**, Faculty of Natural Sciences and Museum. National University of La Plata, La Plata, Buenos Aires province. Argentina.
- 2004: 19 – 23 April. Course attended by **W. C. Dragani, M. M. E. Fiore**: "Training on the System of Modelling of Water Quality: WQMap and CoastMap (Applied Science

Associates)”, under the frame of the Project “Prevention of coastal pollution and management of marine biologic diversity”, SayDS – Donación fmam n° 28385 – AR - PNUD/GEF ARG/02/018. Hydrographic Naval Service. Buenos Aires, Argentina.

- 2004: 21 – 22 April. Course attended by **L. J. Janiot**: “Course: Scientific and Technology Basis for the Eco toxicological Characterisation of Sediments”, under the frame of the Project “Environmental Protection of the Rio de la Plata and its Maritime Front: Pollution Prevention and Habitats Restoration”, UNEP GEF – RLA/99/G31. Montevideo, Uruguay.
- 2004: 14 May. Seminar attended by **L. J. Janiot**: “New Technologies in GC-MS-Instrumentation and Applications.” JENCK Inc. by Megumi Hiirooka. SHIMADZU Co. Buenos Aires, Argentina.
- 2004-2006: Postgraduate Programme in Ocean Bathymetry. Nippon Foundation/GEBCO Training Program at the Centre for Coastal and Ocean Mapping/Joint Hydrographical Centre of the University of New Hampshire, USA, attended by **W. Reynoso Peralta**.
- 2005: 4 – 8 April. Course attended by **M. Charo, W. C. Dragani**: “Satellite altimeters”, under the frame of the Project “Prevention of coastal pollution and management of marine biologic diversity”, SayDS – Donation fmam n° 28385 – AR - PNUD/GEF ARG/02/018. EXO Training Centre, Buenos Aires, Argentina.
- 2005: Course attended by **S. I. Romero, M. M. E. Fiore, M. Charo**: “Computation of Tides from Satellite Altimetry”. Professor: Dr. Victor Zlotnicki (Jet Propulsion Laboratory California Institute of Technology Pasadena, California, USA). Buenos Aires, Argentina.
- 2005: Course attended by **S. I. Romero**: “XIII Course on Synthetic Aperture Radar (SAR) and its applications. Remote Sensing” Centre of Argentinean Air Force Operations. Buenos Aires, Argentina.
- 2005: Course attended by **J. L. Cavallotto**. "Seismic stratigraphy and its application to marine sedimentary media evolution", by Dr F. J. Hernández Molina (Faculty of Marine Sciences - University of Vigo), F. J. Lobo Sánchez (Andalusian Institute of Earth Sciences - University of Granada) and L. M. Fernández Salas (Spanish Institute of Oceanography in Málaga). Superior Professional Council of Geology.
- 2006: "Coastal and marine sedimentary environments: Geoforms; stratigraphical processing and recording", by **R. A. Violante** and **J. L. Cavallotto**, organised by the Oceanographic Institute of Ecuador Republic Navy –INOCAR– Guayaquil, Ecuador.

## ARGENTINEAN NATIONAL REPORT 2003-2007

### XXIV IUGG GENERAL ASSEMBLY

Perugia (Italy), July 2 - July 13, 2007

1.- ASSOCIATION: IAPSO

2.- INSTITUTION:

Rowan University

Dr Patricia Mosto

3.- NAME: Patricia Mosto (PhD in Biology)

[mosto@rowan.edu](mailto:mosto@rowan.edu)

4.- FIELD WORK:

MOSTO, Patricia Water Quality and Water Pollution/ Engineering Education

5.- PUBLICATIONS:

### **6.- CONGRESS:**

#### **International Presentations** (out of USA).

- **16<sup>th</sup> International Congress of Chemical and Processing Engineering** (CHISA), Prague, Czech Republic. 2004:
  - **Mosto, P.** “Future of Chemical Engineering: Integrating Biology into the ChE Curriculum”.
- **Invited Conference.** Ankara University, Turkey. 2005:
  - “Innovation in Engineering Education”.
- **Invited Conference.** Ataturk University, Turkey. 2005:
  - “New Innovations in Engineering Education – Rowan Clinics: A Case Study and Integrating Biology in the Engineering Curriculum at Rowan University”.

- **International Botanical Conference.** Vienna, Austria. 2005:
  - “Green algae from Cryptogamic Crusts, Santa Fe, New Mexico”.
- **17<sup>th</sup> International Congress of Chemical and Processing Engineering (CHISA) – 2006:**
  - “The Engineering Clinics at Rowan University: A Unique Experience”.

#### **Presentations in USA.**

- **3rd Annual Hawaii International Conference on Arts and Humanities.** Honolulu, Hawaii. 2005:
  - **Mosto, P.** "Effectiveness of an Interdisciplinary Course Designed for Freshman".
- **102<sup>nd</sup> General Meeting of the American Society for Microbiology.** Chicago, Il., 2003:
  - **Mosto, P.** “Establishment of an Introductory Biology/Microbiology Course for Undergraduate Chemical Engineer Major”.
- **89<sup>th</sup> Annual Meeting of the Association of America Colleges and Universities.** Seattle, WA, 2003:
  - **Mosto, P.** “Designing a Workshop to Develop Team Taught Interdisciplinary Courses to Address Issues of Diversity and Democracy in America”.
- **2003 Annual AAHE Conference.** Washington, DC, 2003:
  - **Mosto, P.** “All Together Now: How student learning is enhanced by working in collaboration with faculty. Learning to Change”.
- **Phycological Society of America 56th Annual Conference.** Salishan, Oregon, 2003:
  - **Mosto, P.** “Periphytic Algae as indicators of Nitrogen Enrichment in New jersey Lakes”.
- **AICHE Annual Conference.** San Francisco, CA. 2003:
  - **Mosto, P.** “Introducing Students to the Link Between Biology and Chemical Engineering in the Freshman and Sophomore Curriculum”.
- **2004 Annual AAHE Conference.** San Diego, CA. 2004:
  - **Mosto, P.** “Interdisciplinary collaboration: a key component in improving students' learning. Learning in 3D”.
- **The teaching Professor Conference.** Cherry Hill, NJ. 2004:
  - **Mosto, P.** “Changing in the Context of Learning”. “If you build it – They will come”.
- **AIChE Annual Meeting.** Austin, Tx. 2004:
  - **Mosto, P.** "Integrating Biology into the Upper Level ChE Curriculum".
- **ASEE Midatlantic Section Fall Meeting.** Washington D.C. 2004:

- **Mosto, P.** “Research Experiences in Pollution Prevention and Sustainability for Undergraduates”.

### **Regional Presentations**

- **6<sup>th</sup> Rowan STEM Symposium.** Glassboro, NJ. 2003:
  - **Mosto, P.** “PSI- Pond Scum Investigation: Periphytic Algae as Bioindicators of Nitrogen Inputs in Lakes”.
  - **Mosto, P.** “To Kayak or Not to kayak”.
- **34<sup>th</sup> Mid Atlantic Industrial and Hazardous Waste Conference.** New Brunswick, NJ, 2003:
  - **Mosto, P.** “Metal Uptake by Algae for Remediation of Hazardous Wastes”.
- **Scholarship Night. Rowan University.** N.J. 2004:
  - **Mosto, P.** “Bildner Project”.
- **ESA – Mid Atlantic Ecology Conference.** Lancaster, PA, 2004:
  - **Mosto, P.** “Ecological Indicators of River Health on two tributaries of the Maurice River, NJ”.
- **Delaware Valley Chapter, Society for Conservation Biology, Annual Meeting.** Villanova, PA. 2004:
  - **Mosto, P.** “Water Quality Indicators of two tributaries of the Maurice River, NJ”.
- **7<sup>th</sup> Rowan STEM Symposium.** Glassboro, NJ. 2004:
  - **Mosto, P.** “Isolation of Ethanol-Resistant Mutants of E. coli FBR5 for Fermentation of Corn Stover to Ethanol”.
  - **Mosto, P.** “Microbial Uptake of Arsenic”.
  - **Mosto, P.** “Myth Busters: Do Algae Grow in the Desert?”.
  - **Mosto, P.** “*Haematococcus pluvialis* growth for optimum astaxanthin production”.
  - **Mosto, P.** “Water Quality indicators of river health on two tributaries of the Maurice River, NJ”.
- **8<sup>th</sup> Rowan STEM Symposium.** Glassboro, NJ. 2005:
  - **Mosto, P.** “Water Quality indicators of two tributaries of the Maurice River, NJ”.
  - **Mosto, P.** “Myth Busters Revisited: Which Algae Grow in the Desert?”.
- **9<sup>th</sup> Rowan STEM Symposium.** Glassboro, NJ. 2006:
  - **Mosto, P.** “Design of a lab module incorporating the IMAPS unit into the classroom”
  - **Mosto, P.** “Measurement of water quality parameters on Rowan Pond” .

### **7.- COURSES:**

Courses by **P. Mosto** at Rowan University, NJ, USA on the following topics:

- Spring 2003: Environmental Sciences and Biology Senior Seminar. Natural Resources.
- Fall 2003: Ecology and General Biology Environmental Focus.
- Spring 2004: Limnology and Natural Resources.
- Fall 2004: Environmental Toxicology and Honors Environmental Ethics.
- Spring 2004: Honours Human Ecology.
- Spring 2006: Issues on Sustainability.

**8.- ADDRESS:**

Rowan University  
201 Mullica Hill Rd,  
Glassboro, NJ 08028  
USA

PONE: 00 1 856-256-4012

FAX: 00 1 856-256-4912

**ARGENTINEAN NATIONAL REPORT 2003-2007**

**XXIV IUGG GENERAL ASSEMBLY**

**Perugia (Italy), July 2 - July 13, 2007**

**1.- ASSOCIATION:** IAPSO

**2.- INSTITUTION:** Argentinean Navy

**3.- NAME:** Juan Carlos Pons (MD in Computing Sciences, Magister in Engineering)  
[juan.pons@yahoo.com](mailto:juan.pons@yahoo.com)

**4.- FIELD WORK :** Underwater communications, side scan sonar, magnetometers.

**5.- PUBLICATIONS:**

- Pons, J., Cousseau, J. E., Doñate, P. (2003): “Small-Scale Fading Model for an underwater acoustic communication channel”. RPIC 2003. Conference Proceedings, Vol. 1, pp. 411-416.
- Pons, J. and Masson, F. (2004): “Spatial diversity using hydrophones: performance comparison”. AADECA 2004 Conference Proceedings.

**6.- CONGRESS:**

- **VI National Congress on Marine Sciences and XIV Colloquy of Oceanography** (organised by the Argentinean National Committee of IAPSO), Puerto Madryn, Chubut, Argentina, 4 – 8 December, 2006.
  - Pons, J. and **Gómez, E. A.** “Signals Digital Processing Techniques applied to sonar equipment”.

**7.- COURSES:**

- Engineering Magíster (finished on March 2006), National Southern University, Bahía Blanca, Argentina.

**8.- ADDRESS:**

Home address: Holdich 564.  
(8200) Bahía Blanca.  
Argentina  
PHONE: 00 54 (0291) 4 557 371

## ARGENTINEAN NATIONAL REPORT 2003-2007

### XXIV IUGG GENERAL ASSEMBLY

Perugia (Italy), July 2 - July 13, 2007

#### 1.- ASSOCIATION: IAPSO

- 2.- **INSTITUTION:**
- Argentinean Navy, Secretary for Maritime Affairs (Currently, in process of retirement).
  - Vice-Chairman of the Intergovernmental Oceanographic Commission (IOC) from UNESCO
  - Freelance oceanographer and advice in oceanic issues in the Argentinean Secretary of Science, Technology and Productive Innovation.

3.- **NAME:** Javier Armando Valladares (MD in Oceanography) [javieravalladares@yahoo.com](mailto:javieravalladares@yahoo.com)

4.- **FIELD WORK :** Sciences management

#### 5.- PUBLICATIONS:

- Technical Reports and internal publications (classified material) within the Argentinean Navy.

#### 6.- CONGRESS:

- **GRASP (GOOSE Regional Alliance for the Southeast Pacific).** Guayaquil, Ecuador. 15-17-June, 2006:
  - Participation in the role of Vice-Chairman of IOC.
- **COI Executive Council.** Paris, France. 21-28 June, 2006:
  - Participation in the role of Vice-Chairman of IOC.
- **VI National Congress on Marine Sciences and XIV Colloquy of Oceanography** (organised by the Argentinean National Committee of IAPSO), Puerto Madryn, Chubut, Argentina, 4 – 8 December, 2006:
  - **Valladares, J. A.** “Activities of the Intergovernmental Oceanographic Commission - IOC-”. Invited Conference.

#### 7.- COURSES:

**8.- ADDRESS:**

Home address: Jonas Salk 3267  
Olivos –Buenos Aires  
Argentina

PHONE: 00 54 11 4313-1477/1484

FAX: 00 54 11 4312-8364

# XIII COLLOQUY OF OCEANOGRAPHY

joint with

V National Congress of Marine Sciences

4– December 2003

Mar del Plata, Buenos Aires, Argentina

UNIVERSIDAD NACIONAL  
DE MAR DEL PLATA

*organised by the Argentinean National Committee of IAPSO (CNIAPSO).*

*Gerardo M. Perillo*

PRESIDENT  
2000-2004

*Marta I. E. de Milou*

SECRETARY  
2000-2004

*Diana Cuadrado*

CO-SECRETARY  
2000-2004

# XIV COLLOQUY OF OCEANOGRAPHY

joint with

VI National Congress of Marine Sciences

4 – 8 December 2006

Puerto Madryn, Chubut, Argentina

*organised by the Argentinean National Committee of IAPSO (CNIAPSO).*

*Silvia Blanc*  
PRESIDENT  
2004-2008

*Walter Dragani*  
SECRETARY  
2004-2008

ARGENTINA

CHUBUT Province

Península de Valdés

Puerto Madryn city

The National Committee of IAPSO –CNIAPSO– welcomes you to the website of the XIV Colloquy of Oceanography that will be held jointly with the VI National Congress of Marine Sciences. The aim of this event is to provide a unique “space” and “time” within a unique natural environment to Argentinean scientific investigators as well as foreign ones, working in Oceanography. Here, they will be able to share topics, problems, results, advances, discussions, updating and current and further projects, related to their field of work. Thus, it is expected to encourage the continuous growth of the whole scientific community that has a strong commitment with the oceans in Argentina.

▪ **What does CNIAPSO mean in Argentina?**

CNIAPSO identifies a non-governmental association, a non-lucrative one, namely, “**Comité Nacional**” (*National Committee*) of IAPSO (*International Association for the Physical Sciences of the Oceans*), whose origin in Argentina corresponds to the end of the sixties.

Its mission is set in the first Article of its Internal Statute:

*“To promote the study of the scientific problems related with the ocean and the interaction that takes place in its boundaries, taking into account the contribution of marine geophysics, marine geology, marine chemistry, physical oceanography, meteorology and hydrology; to organise scientific meetings and to report the corresponding results of the scientific activity in this field.”*

Currently, CNIAPSO is composed by eighty five members. They are Argentinean scientific researchers that live either in Argentina or abroad, who have a great interest in common, namely, the scientific knowledge of the oceans. They are researchers working in different areas, such as oceanographers, physicists, chemists, geologists, biologists, geographers, mathematicians, meteorologists, hydrologists, engineers, Argentinean Navy Officers, retired or in service, experts in computing sciences. CNIAPSO’s activities are also spread and sometimes even shared with undergraduate and graduate students of oceanography studying at the Faculty of Sciences, University of Buenos Aires, or at other private and public universities.

▪ **Brief history:**

Historically, when CNIAPSO arose in Argentina, at the beginning of the seventy-decade, it had the objective of “opening” a space, that did not exist up to that moment. It was oriented to consolidate an incipient community who was interested in studying the sea (including its boundaries and habitants), contributing to solve scientific-technological problems related to it.

Within CNIAPSO, that scientific community finds a “site-in-common”:

- For publishing. Thus, it follows the creation of a national journal with anonymous reviewers, namely, “ACTA OCEANOGRAPHICA”. It stands for quite a long time till its edition had to be finished after some years mainly because of the lack of financial support.
- For sharing, problems, efforts and projects with other colleagues working in related areas.
- For interacting with other researchers from the national community, and doing so, to benefit themselves with constructive and useful judgements derived from the fact that submission of their own work to evaluation by equals finally enriches the own intellectual knowledge of any subject.
- For joining efforts that lead to optimise the scarce available resources and to avoid unnecessary superposition of tasks.

▪ **Relationships with other organisms:**

Regarding the **international** scientific community, we may mention the *International Association for the Physical Sciences of the Oceans* (IAPSO) whose mission is analogous to the one of CNIAPSO, concerning the national scientific community, and whose history comes from the beginning of the XX century.

IAPSO is one of seven Associations of the International Union of Geodesy and Geophysics (IUGG), scientific organisation devoted to promote and coordinate studies about the Earth and its environments, which, in turn, is one of the Unions of the International Council for Science (ICSU), that was created in 1931. IAPSO participates in ICSU's Scientific Committee on Oceanic Research (SCOR) which is a non-governmental organism created by ICSU. IAPSO interacts with UNESCO's Intergovernmental Oceanographic Commission (IOC). Member Countries of IAPSO (more than fifty) are the same as the member countries of the International Union of Geodesy and Geophysics (IUGG).

National Committees or equivalent organisations within member countries may appoint national correspondents who normally serve as national delegates to the IAPSO business meetings held in conjunction with General Assemblies of IUGG.

Regarding the **national** scientific community, there is a National Committee of the International Union of Geodesy and Geophysics (CNUGGI) whose principal objective is representing Argentina at IUGG. Its Members are divided in seven Sub-Committees. One of them is the corresponding to Physical Sciences of the Oceans. Each Sub-Committee, in turn, represents the Argentina Republic at the respective IUGG International Association. Accordingly, the Sub-Committee of the Physical Sciences of the Oceans –CNIAPSO– represents Argentina at IAPSO.

On the other hand, IAPSO interacts with the Intergovernmental Oceanographic Commission –IOC– of UNESCO (United Nations Organisation for the Education, the Science and the Culture) since 1960, that provides Member States of the United Nations with an essential mechanism for global co-operation in the study of the ocean. The IOC assists governments to address their individual and collective ocean and coastal problems, through the sharing of knowledge, information and technology and through the coordination of several national programmes. The enclosed figure schematically shows the above mentioned relationships.

▪ **Colloquies of Oceanography in Argentina.**

I	09-1972	Naval Observatory, Buenos Aires
II	10-1973	Naval Observatory, Buenos Aires
III	06-1975	Naval Observatory, Buenos Aires
IV	11-1976	B. Rivadavia. National Museum of Natural Sciences, Bs. Aires
V	10-1977	B. Rivadavia. National Museum of Natural Sciences, Bs. Aires
VI	10-1979	Technological Institute of Buenos Aires, Buenos Aires
VII	05-1982	Argentinean Institute of Oceanography, Bahía Blanca
VIII	10-1991	Technological Institute of Buenos Aires, Buenos Aires
IX	09-1994	Southern National University, Bahía Blanca
X	19-1997	Argentinean Institute of Oceanography, Bahía Blanca
XI	10-1999	CRIBABB, Bahía Blanca
XII	10-2001	Sheraton Hotel, Mar del Plata
XIII	12-2003	University of Mar del Plata, Mar del Plata
XIV	12-2006	National Patagonia Centre, Puerto Madryn

▪ **Activities proposed, organised and performed by CNIAPSO.**

**1. SYMPOSIA with their respective Invited Talks:**

**1. 1. Oceanic circulation and processes at oceanic fronts.**

Chairpersons: A. Piola (SIHN/UBA/CONICET, Argentina) – A. Rivas (CENPAT, Argentina).

Invited Talks:

- “Dynamics of light dense discharges”. Lecturer: Dr Elbio Palma, Dept. of Physics -Universidad Nacional del Sur, Bahía Blanca, Argentina.
- “Tracing the Plata waters on the South American continental shelf. The La Plata Project”. Lecturer: Dr Osmar Möller, Dept. of Physics, Fundação Universidade Federal do Rio Grande, Brazil.

**1. 2. Coastal circulation, its interaction with the open ocean and the continent, and with the chemical, biological and geological associated processes.**

Chairpersons: W. Dragani (SIHN, Argentina) – A. Bianchi (SIHN, Argentina).

Invited Talks:

- “Recent advances in the knowledge of the Río de la Plata estuary circulation, forcing and variability”. Lecturer: Dr Claudia Simionato (CIMA-UBA-CONICET, Argentina).

### **1. 3. Physical and Biological Controls on Coastal Wetland Elevation.**

Chairpersons: G. Perillo (IADO, Argentina) – O. Iribarne (UNMdP, Argentina)

Invited Talks:

- “Physical and Biological Controls on Coastal Wetland Elevation and Sustainability”. Lecturer: Dr Donald R. Cahoon. (Patuxent Wildlife Research Centre, USA.).

### **1. 4. Sea-Atmosphere interaction.**

Chairpersons: C. Piccolo (IADO, Argentina) – C. Simionato (CIMA-CONICET-UBA, Argentina).

Invited Talks:

- “Global Climate Change and its regional effects”. Lecturer: Dr Mario Núñez, Dept. of Marine and Atmospheric Sciences, University of Buenos Aires, Argentina.

### **1. 5. Current alternative methodologies and techniques applied to oceanographic research.**

Chairpersons: V. Zlotnicki (JPL, USA) – M. E. Milou (SENID, Argentina).

Invited Talks:

1. “Satellite Sensors for Oceanography, present and future”. Lecturer: Dr Víctor Zlotnicki (Jet Propulsion Laboratory, California Institute of Technology, USA).
2. “Surveying with multibeam echosounders or “watching” into the ocean: Case studies from Argentinean waters”. Lecturer: Ms in Engineering Adrián Madirolas. (INIDEP, Argentina).

## **2. Plenary Conference:**

- “Activities of the Intergovernmental Oceanographic Commission -IOC-”. Lecturer: CN Lic. Javier Valladares (IOC, Argentina).

## **3. Debate:**

- “Oceanographic Operative Research and Marine Scientific Research? or Oceanographic Operative Research versus Marine Scientific Research?”. Co-ordinated by J. Valladares (COI, Argentina).

#### **4. Antarctic Activity:**

***Antarctic Glaciology and associated oceanographic processes.*** Chairpersons: G. Tosonotto (IAA-DNA, Argentina) – A. Curtosi (IAA-DNA, Argentina).

Invited Talk:

- “Impact of the climate change on the coast of Antarctic Peninsula due to the disintegration of the ice barriers”. Lecturer: Pedro Skvarca

#### **6. CNIAPSO General Assembly:**

- Some relevant considerations commented during the CNIAPSO General Assembly:
  - Currently, the small but active Argentinean oceanographic community, that belongs to the respective National Committee of IAPSO, is composed by 87 Members.
  - The Members of the Argentinean National Committee of IAPSO presented: 114 contributions (47 oral presentations and 67 posters) at the XIV Colloquy of Oceanography.
  - There were more than 1.100 participants in the XIV Colloquy of Oceanography, joint to VI National Congress of Marine Sciences. In particular, this latter meeting, mainly devoted to Marine Biology, is traditionally attended by a significant number of researchers (about 700 on 2003).
  - The funds provided by the National Secretary of Science, Technology and Innovative Production to financially contribute with the XIV Colloquy of Oceanography, organised by the Argentinean National Committee of IAPSO, namely, \$ 6.300 (about US\$ 2100) were used as follows, among Invited Lecturers, Convenors and Members of CNIAPSO:
    - 5 air-tickets: Buenos Aires-Puerto Madryn-Buenos Aires.
    - Costs due to 2 trips by car (Buenos Aires-Puerto Madryn-Buenos Aires and Mar del Plata-Puerto Madryn-Mar del Plata).
    - Hotel Accommodation for 10 participants (equivalent to 36 nights at a hotel).
    - 4 transfers Trelew airport- Puerto Madryn- Trelew airport.
    - Dinner and lunch vouchers (about 50).
  - Many local and regional newspapers included several articles devoted to the scientific event.
