IP5 High Level Meetings

- ❖ IP5 Industry agrees that, given the current still uncertain circumstances and despite the willingness to meet in person, virtual meetings would be preferable
- ❖ IP5 Industry believes that intellectual property (IP) and the promotion of the UN's Sustainable Development Goals (SDGs) might be considered as strategic topic and could strengthen IP awareness around the world
- ❖ IP5 Industry suggests to focus the discussion on a few specific SDGs? which have a close relationship with IP

10th Anniversary of IP5 Industry
