INTRODUCTION

The Division III Strategic Plan serves many purposes. It begins with the Division III Philosophy Statement to establish the framework from which the division's programs, resource allocations, and regulatory decisions are made. It highlights the Division III Strategic Positioning Platform to clarify the practical impact of the Division III philosophy and summarizes the division's strategic priorities by outlining what must be accomplished in the current budget cycle for the division to be successful.

The plan also serves to highlight the programs and services offered for the division's membership. This list of offerings is arranged in a way that demonstrates the connection of each Division III program to the NCAA Strategic Plan and explains when a program or initiative is funded from Division III dollars or a different Association budget. To bring further transparency to the division's operations, the plan justifies every line of the Division III budget against the philosophy statement or NCAA Constitution. Finally, the plan includes the division's budget policies and a note on its history, which tracks the evolution of the division's entire strategic initiatives program.

DIVISION III PHILOSOPHY STATEMENT

The purpose of the National Collegiate Athletic Association (NCAA) is to assist its members in developing the basis for consistent, equitable competition while minimizing infringement on the freedom of individual members to determine their own unique objectives and programs. The philosophy statement articulates principles that represent a commitment to Division III membership and shall serve as a guide for the preparation of legislation by the division and for planning and implementation of programs by institutions and conferences.

- (a) Division III members affirm the purposes and fundamental policy of the NCAA, as set forth in Constitution Article 1 with emphasis on:
 - (1) Division III members shall establish and maintain an environment in which a student-athlete's activities are conducted with the appropriate primary emphasis on the student-athlete's academic experience.
 - (2) Division III intercollegiate athletics shall be conducted in a manner designed to protect, support, and enhance the physical and mental health and safety of student-athletes.
 - (3) Division III members shall be committed to the creation of diverse and inclusive environments with respect for and sensitivity to the dignity of every person.
 - (4) Division III athletics shall be conducted in a manner free of gender bias.
- (b) NCAA Constitution Article 2 establishes the independent authority of Division III to organize itself and determine its own governing structure and membership.
 - (1) Institutional presidents and chancellors have the ultimate responsibility and final authority for the conduct of Division III intercollegiate athletics at the national, conference and institutional levels.
 - (2) Institutional and conference members determine policy at the national level through the Division III governance and legislative processes.
 - (3) Key institution and conference constituents who play an integral role in the governance and operation of Division III at the national, conference and institutional levels include, but are not limited to athletics direct reports, athletics diversity and inclusion designees, athletics health care administrators, coaches, conference commissioners, directors of athletics, faculty athletics representatives, presidents and chancellors, senior compliance administrators, senior woman administrators, and student-athletes.
- (c) Division III members abide by the following principles that help to define and distinguish the division and its policies and legislation.
 - (1) Student-Athlete Collegiate Experience.
 - (i) Primarily focus on intercollegiate athletics as a four-year undergrad experience.
 - (ii) Seek to establish and maintain an environment in which a student-athlete's athletics activities are conducted as an integral part of their educational experience.
 - (iii) Assure that student-athletes are supported in their efforts to meaningfully participate in nonathletic pursuits to enhance their overall educational experience.
 - (2) Student-Athlete Athletics Experience.
 - (i) Support student-athletes in their efforts to reach the highest levels of athletics performance, with a primary emphasis on conference and regional competition, while providing access to national championships.
 - (ii) Prioritize the experience of the participants, and the internal constituency (e.g., students, alumni, institutional personnel) rather than on the entertainment needs of spectators or the general public.
 - (iii) Develop and maintain an environment that promotes sportsmanship and a positive culture for student-athletes, coaches, and administrative personnel, recognizing the role intercollegiate athletics can play in human development. Ensure spectators contribute to a positive sporting experience in support of all participants.
 - (3) Member Responsibility and Oversight.
 - (i) Encourage participation and provide equitable opportunities with support for gender and ethnic/racial diversity. Give equal emphasis to men's and women's sports.
 - (ii) The administration of an institution's athletics program (e.g., hiring, compensation, professional development, certification of coaches) should be integrated into the campus culture and educational mission.
 - (iii) Assure all teams are provided with appropriate facilities, competent coaching, and competitive opportunities.
 - (iv) Assure student-athletes are treated similarly to the student-body in areas that include, but are not limited to, admissions, enrollment, financial aid, academic and career support, academic performance, and degree completion.
 - (v) Assure that financial aid is not awarded to any student on the basis of athletics leadership, ability, participation or performance.

Division III Positioning Statement

Follow your passions and discover your potential. The college experience is a time of learning and growth. For Division III student-athletes, this happens most importantly in the classroom and through earning an academic degree. The Division III experience provides for participation in a competitive athletics environment. Student-athletes push themselves to achieve excellence and build upon their academic success with new challenges and life skills within an environment that fosters health and wellness. Student-athletes are encouraged to pursue the full spectrum of opportunities available during their time in college. In this way, Division III provides an equitable and inclusive environment for student-athletes to take responsibility for their own paths, follow their passions and discover their potential through a comprehensive educational experience.

Division III Attributes

Proportion: appropriate balance of academics, athletics, and additional collegiate opportunities.

Comprehensive Learning: opportunity for broad-based education and success.

Passion: playing for the love of the game, competition, enjoyment, self-improvement, and our teammates and communities.

Responsibility: development of accountability through personal commitment and choice.

Sportsmanship: fair and respectful conduct toward all participants and supporters.

Citizenship: dedication to developing responsible leaders and global citizens.

Reasons to Believe

Comprehensive educational experience. Division III institutions develop student-athlete potential through a holistic educational approach that includes rigorous academics, competitive athletics, and opportunities to pursue other interests and passions.

Competitive athletic programs. Student-athletes participate in an intense, competitive athletics environment. Student-athletes do not receive any monetary incentive (athletics scholarship) to play sports in college and play for a love of the game.

Integrated campus environment. A quarter of all Division III students participate in athletics. These student-athletes are integrated into the campus culture and educational missions of their institutions:

Commitment to inclusive environments. Division III prides itself on creating inclusive, diverse, and equitable environments for its student-athletes.

Academic focus. Student-athletes most often attend a Division III institution because of the excellent academic programs.

Available financial aid. 80% of all student-athletes in Division III receive some form of grant or non-athletics scholarship. Student-athletes have equal opportunity and access to financial aid as the general student body – but are not awarded aid based on athletics leadership, ability, performance, or participation. Without the obligation of an athletics scholarship, student-athletes can emphasize academics, athletics, and other opportunities of college life appropriate to the necessary commitment and their own passions.

Commitment to athletics participation. Division III institutions are committed to a broad-based program of athletics because of the educational value of participation for the student-athlete. The division averages 19 sports per institution; more than any other division. It also emphasizes integrating competitive men's and women's sports into higher education so that the educational experience of the student-athlete is paramount.

National championship opportunities. Division III has over 200,000 student-athletes competing annually in 37 different national championships. These competitions provide an opportunity for student-athletes to compete at the highest level and fulfill their athletics potential.

NOTE: Strategic initiatives are divided between championships and Enrichment Fund initiatives and programs. Most strategic initiatives support the Division III student-athlete experience. The strategic priorities are not listed in priority order; all are of equal value. **Text in red highlights key initiatives during year one of the 2024-26 biennium.**

History of the Division III Strategic Plan and Budget Policies

History

The original Division III strategic plan was unveiled in 1998 as the division embarked on its new federated structure. The Division III Management Council Strategic Planning Subcommittee developed the framework for the plan with broad participation of the Presidents Council, Division III and Association-wide committee structure, and the Division III membership. The 2004 version of the Division III Strategic Plan was developed by a joint subcommittee of the Management and Presidents Councils consistent with the Association-wide Strategic Plan adopted by the NCAA Executive Committee in April 2004. The 2004 plan contained many of the existing initiatives and priorities to ensure that the programs and results remain consistent with Division III objectives. However, significant changes occurred as the 2005 and 2006 plans linked the relationship to the Division III philosophy with each Association-wide goal and outlined a series of outcome measures for each goal. Another significant change occurred in 2006-07 as the Division III Strategic Initiatives Grant Program resources were funneled directly to Division III Conferences and the Association of Independents. With this change, many strategic initiatives previously administered at the NCAA national office moved to the local control of conferences and institutions. The localized program encourages collaboration and involvement of all Division III constituent group representatives in the planning, decision-making and accountability of programming and funding to achieve the goals established in the Division's Strategic Plan. Presidential oversight and accountability with the process and budget allocations, consistent with the legislated leadership role of presidents within conference governance, is paramount.

In 2008-09, the strategic plan underwent a format change to create a forward-looking document that highlights the goals and expectations of a budget biennium. Much of the reporting done in previous plans was moved into a Division III Annual Report, and standard committee operations are now reflected in each committee's policy and procedure guide (available on each committee's home page on ncaa.org). The plan clearly articulates the division's funding priorities, and explains when an initiative is funded by Division III, and when it is funded by a broader Association-wide budget. The plan also includes an appendix to show the philosophical or constitutional justification for all programs funded with Division III dollars.

In 2009-10, the plan was updated to highlight the division's near-term strategic priorities. Most 2009-10 priorities resulted from a series of presidentially authored white papers on membership growth published in September 2008. For 2010-12, the plan was updated based on the Division's release of a Strategic Positioning Platform, and clearly defined the near- and medium-term goals the division needed to accomplish to be successful in embodying the platform.

For 2012-15, the plan was updated to reflect the Association's move to a three-year budget cycle.

After the 2012-15 budget cycle, the plan returned to a two-year budget cycle and emphasizes budget accountability and management.

With the start of the budget cycle in 2021, the Councils approved a one-time, three-year budget cycle (2021-24) to align with the current CBS/Turner broadcast agreement that ends in 2023-24. In FY25, the division will return to its two-year budget cycle as well as adjust its mandated reserve policy from 50% of the annual revenue to a flat 15 million annually in addition to a five million event cancellation insurance policy.

In 2022, the Strategic Planning and Finance Committee recommended a new format for the strategic plan that better reflects the division's commitment to the student-athlete experience.

Division III Budget Policies

The Division will maintain the following budget policies. SPFC must recommend, with final approval from the Management and Presidents Councils, to change the policies.

- The division will have a two-year budget cycle unless a specific request by SPFC to alter.
- The budget will reflect the annual spend on championships and the Enrichment Fund with a priority on enhancing the student-athlete experience (approximately 80% of the budget annually will fund the division's 28 national championships).
- Only consider new budget enhancements in the last year of a current budget cycle unless SPFC determines there is extenuating circumstances.
- Annual mandated reserve that is 50% of the annual revenue through FY24. In FY25, the mandated reserve will be a flat \$15 million.
- Annually evaluate the need to purchase \$5 million in event cancellation insurance.
