

Set yourself up for success with RefWorks!

As you prepare for your classroom assignments, it's a good time to log into your RefWorks account (provided by your institution) and familiarize yourself with new features that will help you and your students start the year off right and stay organized.

What exactly is RefWorks?

Simply put: RefWorks is the ultimate reference management service. Students and researchers can collect and organize references in one central workspace, share and collaborate with others and write papers with authoritative citations.

The best part about RefWorks? It's easy to use!

With RefWorks, you can:

- Capture research or course materials from virtually any source
- Provide one central workspace for your own references
- Share folders and projects with your students
- Utilize as a visual aid when discussing student progress on research gathering
- Collaborate on group projects
- Generate bibliographies and authoritative citations automatically

Folder sharing, Projects and Project Sharing provide you with even more ways to collaborate with your students and other researchers, within and outside your institution.

Key resources to share with your students:
