

MEMORANDUM

TO: Procurement Services Division
FROM: Keith McCook
DATE: February 3, 2015 [Updated Table of Clauses attached.]
RE: SCEIS / Compendium Updates: 2015 Interim Clause Set

Please find attached the 2015 Interim Clause Set, including associated new forms and an Outline for Clause Selection. An MSWord version of each will be posted at procurement.sc.gov, under the heading Legal – Standard Clauses & Provisions. **All have been approved by the Chief Procurement Officers and, effective immediately, both should be used in all procurements not yet awarded.** Plans are underway to provide training on these materials. You should expect an event to be scheduled in the near future.

By memorandum dated December 17, 2013, we circulated "Information Security Contract Clauses," intended for temporary use. Among other things, the attached clauses replace those. **You should no longer use the clauses previously circulated and marked "Temporary Use Only."**

The new clauses have not been integrated into SCEIS' Documents Builder Dialog – the series of questions you answer to select clauses. Accordingly, you must manually add them for each solicitation. Until more robust guidance can be added and these clauses integrated into the SCEIS dialog, **please use these clauses as indicated in the Guidance for each clause and in conjunction with the attached Outline for Clause Selection.**

Attachments & Notes:

You warrant and represent that your offer identifies and explains any unfair competitive advantage you may have in competing for the proposed contract and any actual or potential conflicts of interest that may arise from your participation in this competition or your receipt of an award. The two underlying principles are (a) preventing the existence of conflicting roles that might bias a contractor's judgment, and (b) preventing an unfair competitive advantage. [See R. 19-445.2042(B)] Any information given a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an Amendment to the solicitation, if that information is necessary for submitting offers or if the lack of it would be prejudicial to other prospective offerors. SUBMITTING CONFIDENTIAL INFORMATION (FEB 2015)

(An overview is available at www.procurement.sc.gov) For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that Offeror contends contains information that is exempt from public disclosure because it is either (a) a trade secret as defined

in Section 30-4-40(a)(1), or (b) privileged and confidential, as that phrase is used in Section 11-35-410. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the words "TRADE SECRET" every page, or portion thereof, that Offeror contends contains a trade secret as that term is defined by Section 39-8-20 of the Trade Secrets Act. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "PROTECTED" every page, or portion thereof, that Offeror contends is protected by Section 11-35-1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive. If only portions of a page are subject to some protection, do not mark the entire page. By submitting a response to this solicitation or request, Offeror (1) agrees to the public disclosure of every page of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page is conspicuously marked "TRADE SECRET" or "CONFIDENTIAL" or "PROTECTED", (2) agrees that any information not marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure. In determining whether to release documents, the State will detrimentally rely on Offeror's marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "PROTECTED". By submitting a response, Offeror agrees to defend, indemnify and hold harmless the State of South Carolina, its agencies, officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from withholding information by the State of South Carolina or any of its agencies, that Offeror marked as "confidential" or "trade secret" or "PROTECTED". (c) The contents of your offer must be divided into two parts, the technical proposal and the business proposal. Each part should be bound in a single volume.

(d) If your offer includes any comment over and above the specific information requested in the solicitation, you are to include this information as a separate appendix to your offer. The Contractor must demonstrate that programs, policies and procedures are in place to adequately provide for the confidentiality, integrity, and availability of the information systems used by contractor to process, store, transmit, and access all government information. In order for the State to accurately evaluate the strength and viability of the Contractor’s security policies, procedures and practices related to confidentiality, integrity and availability, Offerors must submit with their offers a thorough and complete written response to the Service Provider Security Assessment Questionnaire (“Response to SPSAQ”) attached to this Solicitation, which must address all applicable organizations and applicable information systems. The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions. [04-4027-1]

GUIDANCE:

Due to critical cross-references, you must also use both the **Information Security - Definitions** clause (7B104) and the **Service Provider Security Assessment Questionnaire** attachment (9025) if this clause is used.*

Agencies are cautioned that they should take steps to insure that the representations provided by an Offeror are applicable to the computerized infrastructure that will be used by Contractor to collect, manage, store, process or access government information.

SUBCONTRACTOR – IDENTIFICATION (FEB 2015)

If you intend to subcontract, at any tier level, with another business for any portion of the work and that portion either (1) exceeds 10% of your cost, (2) involves access to any “government information,” as defined in the clause entitled “Information Security - Definitions,” if included, or (3) otherwise involves services critical to your performance of the work (err on the side of inclusion), your offer must identify that business and the work which they are to perform. Identify potential subcontractors by providing the business name, address, phone, taxpayer identification number, **and point of contact**. In determining your responsibility, the state may contact and evaluate your proposed subcontractors. [05-5030-2]

*GUIDANCE: Use of this clause is mandatory if the solicitation includes the **Information Security** clause (7B104), and is encouraged for all procurements other than commodities.*

USF Part VI, Award Criteria:

DISCUSSIONS AND NEGOTIATIONS – OPTIONAL (FEB 2015)

Submit your best terms from both a price and a technical standpoint. Your proposal may be evaluated and your offer accepted without any discussions, negotiations, or prior notice. Ordinarily, nonresponsive proposals will be rejected outright without prior notice. Nevertheless, the State may elect to conduct discussions, including the possibility of limited proposal revisions, but only for those proposals reasonably susceptible of being selected for award. [11-35-1530(6); R.19-445.2095(I)] If improper revisions are submitted during discussions, the State may elect to consider only your unrevised initial proposal, provided your initial offer is responsive. The State may also elect to conduct negotiations, beginning with the highest ranked offeror, or seek best and final offers, as provided in Section 11-35-1530(8). Negotiations may involve both price and matters affecting the scope of the contract, so long as changes are within the general scope of the request for proposals. If negotiations are conducted, the State may elect to disregard the negotiations and accept your original proposal. [06-6058-1]

GUIDANCE: Mandatory for all RFP solicitations, unless replaced with “Discussions and Negotiations - Required (FEB 2015),” Clause No. 06-6059-1.

INSTRUCTIONS FOR SCEIS CHANGES

Instructions: (i) Add as Clause No. 06-6058-1. (ii) Designate Clause 02-2B060-1 (Discussions & Negotiations (Nov 2007)), as “Expired.” (iii) Revise guidance as shown. (iv) Change rule logic to refer to new clause number, i.e., logic for the revised clause should be same as logic for now-expired Clause No. 02-2B-060-1.

DISCUSSIONS AND NEGOTIATIONS – REQUIRED (FEB 2015)

No award will be made to an offeror until after negotiations have been conducted with that offeror. As provided in Section 11-35-1530, negotiations must begin with the highest ranking offeror; accordingly, submit your best terms from both a price and a technical standpoint. In addition, make sure your offer is responsive; the State will not evaluate or negotiate with a non-responsive offeror, and ordinarily, nonresponsive proposals will be rejected outright without prior notice. The State may elect to conduct discussions, including the possibility of limited proposal revisions, but only for those proposals reasonably susceptible of being selected for award. [11-35-1530(6); R.19-445.2095(I)] If improper revisions are submitted during discussions, the State may elect to consider only your unrevised initial offer, but only if your initial offer is responsive. If a satisfactory contract cannot be negotiated with the highest ranking offeror, the State may elect to conduct negotiations with other offerors. As provided in Section 11-35-1530(8) the State also may elect to make changes within the general scope of the request for proposals and provide all responsive offerors an opportunity to submit their best and final offers. Negotiations may involve both price and matters affecting the scope of the contract, so long as the changes are within the general scope of the request for proposals. [06-6059-1]

GUIDANCE: Use this clause as an alternative to and replacement for “Discussions and Negotiations – Optional,” which is included in all RFPs by default. Use this clause only if the State is willing not to make any award until it has conducted meaningful, good faith negotiations with the offeror to which it intends to make an award. All discussions and negotiations must be conducted in accordance with Guidance & Best Practices for Permissible Communications in a Competitive Sealed Proposal, Procurement Policy Statement 2008-2 (April 28, 2008).

[07-7B058-1]

GUIDANCE:

1. *Risk Assessment & Appropriate Policy Limits. Any contract involving vendor access or hosting of critical or confidential data should directly involve upper management of the using agency in the risk assessment and the decision regarding policy limits. **Using the default policy limits is simply not appropriate.** Any evaluation of the need for such coverage and appropriate policy limits will require a consideration of the type of services being acquired and the type of data involved. To illustrate, a cloud service provider which serves as a data repository for your customer data would present a major risk for data breach losses and potential litigation. Accordingly, the agency may wish to require limits of coverage significantly higher than the default. In contrast, if a contract for web development involves NO access to your data, the risk may be limited to any risk associated with the website's content. Do not focus on the contract value, and do not default to your contractor's existing policy limits. Rather, consider the risks involved in exposure of the data involved. The exposure can be quite significant. See below for a partial list of the types of losses potentially involved in a data breach.*

2. *Sample Types of Losses from Data Breach*

a. *Costs of forensic investigation of the breach, the data released/lost/damaged, and the potential parties affected.*

b. *Costs (legal, public relations, call centers, websites, etc.)involved in preparation and distribution of notice and information regarding breach.*

- c. *Damage mitigation, including credit monitoring, ID theft protection & rehabilitation services, etc.*
- d. *Legal defense costs and fees.*
- e. *Cost to respond to regulatory investigations and pay any regulatory fines.*
- f. *Costs to restore your damaged information assets (software apps, data, etc.)*

3. *In determining the appropriate policy limits, do not consider the total, potential financial consequences of a breach; rather, consider what losses insurance will cover. In determining the appropriate policy limits, the using agency may wish to consider published information regarding average minimum and maximum per record, per event costs by industry. For example, Ponemon Institute, LLC, sponsored by IBM, publishes an annual white paper on this topic entitled “Cost of Data Breach Study for the US.” The study is available at www.ibm.com/services/costofbreach. INDEMNIFICATION - THIRD PARTY CLAIMS – DISCLOSURE OF INFORMATION (FEB 2015)

(a) Without limitation, Contractor shall defend and hold harmless Indemnitees from and against any and all suits, claims, investigations, or fines (hereinafter “action”) of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which arise out of or in connection with a disclosure of government information (as defined in the clause titled Information Security - Definitions) caused in whole or in part by any act or omission of contractor, its subcontractors at any tier, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such action is brought by a third party or an Indemnitee, but only if the act or omission constituted a failure to perform some obligation imposed by the contract or the law.

(b) Indemnitee must notify contractor in writing within a reasonable period of time after Indemnitee first receives written notice of any action. Indemnitee's failure to provide or delay in providing such notice will relieve contractor of its obligations under this clause only if and to the extent that such delay or failure materially prejudices contractor's ability to defend such action. Indemnitee must reasonably cooperate with contractor's defense of such actions (such cooperation does not require and is without waiver of an Indemnitee's attorney/client, work product, or other privilege) and, subject to Title 1, Chapter 7 of the South Carolina Code of Laws, allow contractor sole control of the defense, so long as the defense is diligently and capably prosecuted. Indemnitee may participate in contractor's defense of any action at its own expense. Contractor may not, without Indemnitee's prior written consent, settle, compromise, or consent to the entry of any judgment in any such commenced or threatened action unless such settlement, compromise or consent (i) includes an unconditional release of Indemnitee from all liability related to such commenced or threatened action, and (ii) is solely monetary in nature and does not include a statement as to, or an admission of fault, culpability or failure to act by or on behalf of, an Indemnitee or otherwise adversely affect an Indemnitee. Indemnitee's consent is necessary for any settlement that requires Indemnitee to part with any right or make any payment or subjects Indemnitee to any injunction.

(c) Notwithstanding any other provision, contractor's obligations pursuant to this clause are without any limitation whatsoever. Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of the contract. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance.

(d) "Indemnitee" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B102-1]

INFORMATION SECURITY - DEFINITIONS (FEB 2015)

The following definitions are used in those clauses that cross reference this clause.

Compromise means disclosure of information to unauthorized persons, or a violation of the security policy of a system in which unauthorized intentional or unintentional disclosure, modification, destruction, or loss of an object may have occurred. Without limitation, the term “compromise” includes copying the data through covert network channels, or copying the data to unauthorized media, or disclosure of information in violation of any obligation imposed by this contract.

Data means a subset of information in an electronic format that allows it to be retrieved or transmitted.

Government information means information (i) provided to Contractor by, or generated by Contractor for, the using governmental unit, or (ii) acquired or accessed by Contractor as a result of performing the Work. Without limiting the foregoing, government information includes any information that Contractor acquires or accesses by software or web-based services, which includes, without limitation, any metadata or location data. Government information excludes unrestricted information.

Information means any communication or representation of knowledge such as facts, statistics, or opinions, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual.

Information system means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

Public information means any specific information, regardless of form or format, that the State has actively and intentionally disclosed, disseminated, or made available to the public. Information is not public information solely because it may be subject to inspection pursuant to an unfulfilled public records request.

Software means any computer program accessed or used by the Using Governmental Unit or a third party pursuant to or as a result of this contract.

Third party means any person or entity other than the Using Governmental Unit, the Contractor, or any subcontractors at any tier.

Unrestricted information means (1) public information acquired other than through performance of the work, (2) information acquired by Contractor prior to contract formation, (3) information incidental to your contract administration, such as financial, administrative, cost or pricing, or management information, and (4) any ideas, concepts, know-how, methodologies, processes, technologies, techniques which Contractor develops or learns in connection with Contractor's performance of the work.

Web-based service means a service accessed over the Internet and acquired, accessed, or used by the using governmental unit or a third party pursuant to or as a result of this contract, including without limitation, cloud services, software-as-a-service, and hosted computer services. [07-7B104-1]

INFORMATION SECURITY - SAFEGUARDING REQUIREMENTS (FEB 2015)

(a) *Definitions.* The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions. In addition, as used in this clause—

Clearing means removal of data from an information system, its storage devices, and other peripheral devices with storage capacity, in such a way that the data may not be reconstructed using common system capabilities (i.e., through the keyboard); however, the data may be reconstructed using laboratory methods.

Intrusion means an unauthorized act of bypassing the security mechanisms of a system.

Media means physical devices or writing surfaces including but not limited to magnetic tapes, optical disks, magnetic disks, large scale integration memory chips, and printouts (but not including display media, e.g., a computer monitor, cathode ray tube (CRT) or other (transient) visual output) onto which information is recorded, stored, or printed within an information system.

Safeguarding means measures or controls that are prescribed to protect information.

Voice means all oral information regardless of transmission protocol.

(b) *Safeguarding Information.* Without limiting any other legal or contractual obligations, contractor shall implement and maintain reasonable and appropriate administrative, physical, and technical safeguards (including without limitation written policies and procedures) for protection of the security, confidentiality and integrity of the government information in its possession. In addition, contractor shall apply security controls when the contractor reasonably determines that safeguarding requirements, in addition to those identified in paragraph (c) of this clause, may be required to provide adequate security, confidentiality and integrity in a dynamic environment based on an assessed risk or vulnerability.

(c) *Safeguarding requirements and procedures.* Contractor shall apply the following basic safeguarding requirements to protect government information from unauthorized access and disclosure:

(1) Protecting information on public computers or Web sites. Do not process government information on public computers (e.g., those available for use by the general public in kiosks, hotel business centers) or computers that do not have access control. Government information shall not be posted on Web sites that are publicly available or have access limited only by domain/Internet Protocol restriction. Such information may be posted to web pages that control access by user ID/password, user certificates, or other technical means, and that provide protection via use of security technologies. Access control may be provided by the intranet (versus the Web site itself or the application it hosts).

(2) Transmitting electronic information. Transmit email, text messages, blogs, and similar communications that contain government information using technology and processes that provide the best level of security and privacy available, given facilities, conditions, and environment.

(3) Transmitting voice and fax information. Transmit government information via voice and fax only when the sender has a reasonable assurance that access is limited to authorized recipients.

(4) Physical and electronic barriers. Protect government information by at least one physical and one electronic barrier (e.g., locked container or room, login and password) when not under direct individual control.

(5) Sanitization. At a minimum, clear information on media that have been used to process government information before external release or disposal. Overwriting is an acceptable means of clearing media in accordance with National Institute of Standards and Technology 800–88, Guidelines for Media Sanitization, at http://csrc.nist.gov/publications/nistpubs/800-88/NISTSP800-88_with-errata.pdf.

(6) Intrusion protection. Provide at a minimum the following protections against intrusions and compromise:

(i) Current and regularly updated malware protection services, e.g., anti-virus, antispyware.

(ii) Prompt application of security-relevant software upgrades, e.g., patches, service packs, and hot fixes.

(7) Transfer limitations. Transfer government information only to those subcontractors that both require the information for purposes of contract performance and provide at least the same level of security as specified in this clause.

(d) *Subcontracts.* Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement requirements at least as secure as those imposed by this clause on, any other person or entity that contractor authorizes to take action related to government information.

(e) *Other contractual requirements regarding the safeguarding of information.* This clause addresses basic requirements and is subordinate to any other contract clauses or requirements to the extent that it specifically provides for enhanced safeguarding of information or information systems. [07-7B105-1]

GUIDANCE:

Consider for use in all procurements which involve contractor access to or possession of important agency or citizen data. The requirements reflected herein are minimal and should not be relied upon as a default. In compliance with internal agency policies governing information security, each agency must determine for itself whether the services acquired from the contractor

warrant the imposition of additional controls by contract. Agencies should be aware that commercial providers of commodity-type services typically organize their business models and services around the concept of shared resources and devices for a broad and diverse customer base. Therefore, unless an organization obtains fully dedicated services from a commercial service provider, there may be a need for greater reliance on compensating security controls by the agency to provide the necessary protections for the information system that relies on those external services. Internal agency assessments of risk and risk mitigation activities are necessary to address this situation.

Future logic note: If this clause is selected, dialog should include Information Security – Definitions (FEB 2015). If this clause is selected, dialog should suggest, but not require, inclusion of the following clauses: “Indemnification - Third Party Claims – Disclosure of Information (FEB 2015)” [07-7B102-1]; “Information Security – Data Location (FEB 2015)” [07-7B106-1]; “Information Use and Disclosure (FEB 2015)” [07-7B108-1]; and Ownership of Information (FEB 2015)” [07-7B127-1].

INFORMATION SECURITY – LOCATION OF DATA (FEB 2015)

Notwithstanding any other provisions, contractor is prohibited from processing, storing, transmitting, or accessing government information, as defined in the clause titled Information Security - Definitions, outside the continental United States. For clarity, this obligation is a material requirement of this contract and applies to subcontractors at any tier. [07-7B106-1]

GUIDANCE:

Consider for use in procurements where Contractor will have important agency or citizen data hosted in Contractor’s computer systems. Given the common use of data centers located around the globe and the cost of hosting all data in the continental US, Using Agencies should be aware that this requirement will increase costs and may limit competition. These factors should be weighed against the risk of exposing the data to laws and social forces in other countries, particularly where the using agency will trust the contractor with data classified as Confidential or Restricted under the State’s [Data Classification Schema](#).

*Due to critical cross-references, you must also use the **Information Security - Definitions** clause if this clause is used. Ordinarily, you would not use this clause without also including the **Information Use and Disclosure** clause. You should also consider inclusion of the **Offshore Contracting Prohibited** clause.*

Future logic note: If this clause is selected, solicitation must include the “Information Security - Definitions (FEB 2015)” [07-7B104-1] clause; it should, but is not required to, also include the “Information Use and Disclosure (FEB 2015)” [07-7B108-1] clause.

INFORMATION USE AND DISCLOSURE (FEB 2015)

Except to the extent necessary for performance of the work, citizens should not be required to share information with those engaged by the government in order to access services provided by the government and such information should be used by those engaged by the government only to the extent necessary to perform the work acquired; accordingly, this clause addresses basic requirements for the Contractor’s use and disclosure of government information, which expressly includes, but is not limited to, information provided by or obtained from the citizens. Anonymizing information does not resolve the foregoing concern. This clause should be broadly interpreted to effectuate this intent. Every obligation in this clause is material. Absent express reference to this clause, this clause supersedes any other clause to the extent of any inconsistency unless and to the extent the other clause provides greater protection for government information.

(a) *Definitions.* The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions.

(b) *Legal mandates.* Contractor shall be permitted to use, disclose, or retain government information to the limited extent necessary to comply with any requirement imposed on Contractor by law. If it is necessary for Contractor to use, disclose, or retain government information in order to comply with a law, Contractor shall provide using governmental unit with written notice, including a description of the circumstances and applicable law, in advance of such use, disclosure or retention except to the extent expressly prohibited by law.

(c) *Flow down.* Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement the requirements of this clause on, any other person or entity that contractor authorizes to take action related to government information.

(d) *Collecting Information.* Contractor must gather and maintain government information only to the minimum extent necessary to accomplish the work.

(e) *Rights, Disclosure and Use.* Except as otherwise expressly provided in this solicitation, Contractor agrees NOT to either (1) use or disclose government information, or (2) retain government information after termination or expiration of this contract. Contractor acquires no rights in any government information except the limited rights to use, disclose and retain the government information in accordance with the terms of this solicitation. To the extent reasonably necessary to perform the work, Contractor may: (i) use (including access, process, transmit, and store) and maintain the government information itself; and (ii) disclose government information to persons having a need-to-know (e.g., subcontractors). Before disclosing government information to a subcontractor or third party, Contractor shall give the using governmental unit detailed written notice of both the reason for disclosure and the identity and location of the recipient. The notice shall be provided no later than fifteen (15) business days in advance of the disclosure.

(f) *Return.* Notwithstanding the using governmental unit’s failure to perform or the pendency of a dispute, Contractor agrees to promptly deliver to the using governmental unit (or destroy, at the using governmental unit’s option) all government information in its possession as and upon written request of using governmental unit (provided that, if the contract has not expired or been

terminated, Contractor shall be excused from the performance of any work reasonably dependent on Contractor's further access to such government information).

(g) *Privacy Policy & Applicable Laws.* Without limiting any other legal or contractual obligations imposed by this contract or the law, Contractor shall (a) comply with its own privacy policies and written privacy statements relevant to the work, and (b) comply with (1) all laws applicable to Contractor regarding government information, and (2) all laws and standards identified in the clause, if included, entitled Information Use and Disclosure – Standards.

(h) *Actions Following Disclosure.* Immediately upon discovery of a compromise or improper use of government information, Contractor shall take such action as may be necessary to preserve forensic evidence and eliminate the cause of the compromise or improper use. As soon as practicable, but no later than twenty-four hours after discovery, Contractor shall notify using governmental unit of the compromise or improper use, including a description of the circumstances of the use or compromise. As soon as practicable after discovery, Contractor shall undertake a thorough forensic investigation of any compromise or improper use and provide the using governmental unit all information necessary to enable the using governmental unit to fully understand the nature and extent of the compromise or improper use. With regard to any compromise or improper use of government information, Contractor shall: (1) provide any notification to third parties legally required to be provided such notice by Contractor, and if not (e.g., if legally required of the using governmental unit), Contractor shall reimburse using governmental unit for the cost of providing such notifications; (2) pay all costs and expenses for at least two years of identity theft monitoring services (including without limitation, credit monitoring) and identity theft restoration services for any such affected individuals receiving notice where such services are appropriate given the circumstances of the incident and the nature of the information compromised; (3) undertake any other measures that are customary and reasonable for an entity to take when experiencing a similar disclosure, (4) pay any related fines or penalties imposed on the using governmental unit, and (5) reimburse the Using Governmental Unit all costs reasonably incurred for communications and public relations services involved in responding to the compromise or improper use. Notwithstanding any other provision, contractor's obligations pursuant to this item (h) are without limitation.

(j) *Survival & Remedy.* All the obligations imposed by this paragraph are material. The obligations of this section shall survive termination or expiration of the contract. Without limiting any rights the using governmental unit may have, and notwithstanding any other term of this contract, Contractor agrees that using governmental unit may have no adequate remedy at law for a breach of Contractor's obligations under this clause and therefore the using governmental unit shall be entitled to pursue equitable remedies in the event of a breach of this clause. No part of the resulting contract from this solicitation may be performed offshore of the United States by persons located offshore of the United State or by means, methods, or communications that, in whole or in part, take place offshore of the United States. [07-7B122-1]

RESTRICTIONS ON PRESENTING TERMS OF USE OR OFFERING ADDITIONAL SERVICES (FEB 2015)

(a) Citizens, as well as public employees (acting in their individual capacity), should not be unnecessarily required to agree to or provide consent to policies or contractual terms in order to access services acquired by the government pursuant to this contract (hereinafter “applicable services”) or, in the case of public employees, to perform their job duties; accordingly, in performing the work, contractor shall not require or invite any citizen or public employee to agree to or provide consent to any end user contract, privacy policy, or other terms of use (hereinafter “terms of use”) not previously approved in writing by the procurement officer. Contractor agrees that any terms of use regarding applicable services are void and of no effect.

(b) Unless expressly provided in the solicitation, public contracts are not intended to provide contractors an opportunity to market additional products and services; accordingly, in performing the work, contractor shall not – for itself or on behalf of any third party – offer citizens or public employees (other than the procurement officer) any additional products or services not required by the contract.

(c) Any reference to contractor in items (a) or (b) also includes any subcontractor at any tier. Contractor is responsible for compliance with these obligations by any person or entity that contractor authorizes to take any action related to the work.

(d) Any violation of this clause is a material breach of contract. The parties acknowledge the difficulties inherent in determining the damage from any breach of these restrictions. Contractor shall pay the state liquidated damages of \$1,000 for each contact with a citizen or end user that violates this restriction.

[07-7B212-1]

GUIDANCE:

1. Recent experience reflects that some businesses are using their public contracts to either sell additional services to or acquire additional data from those they interact with while performing the work. The most common scenario involves a contract in which citizens or state employees are interacting with the government or the contractor over the internet via a computer-based service provided by the contractor. In some instances, contractors are requiring citizens and/or state employees to enter into a contract with the vendor as a condition of accessing the service the agency contracted the vendor to provide. This clause is intended to forbid such activity.

2. If you are acquiring an off-the-shelf service, the following additional paragraph may be one that helps potential vendors to find practical ways to accommodate this requirement:

(d) Notwithstanding item (a) above, contractor may require or invite a citizen or public employee to provide consent or agree to an end user contract, privacy policy, or other terms of use (collectively referred to hereinafter as “terms of use”) if every person presented with terms of use during performance of the work will also be presented with a statement to the effect that, notwithstanding anything in those terms of use to the contrary, the terms of use apply only to the extent [Option 1: “they are not inconsistent with this contract. Without limiting the generality of the foregoing, terms of use may not address dispute resolution, choice of forum, choice of law, limitations of liability, remedies, or use of government information (as defined in the Information Use and Disclosure clause) by Contractor or those for whom it is responsible (e.g., subcontractors).” Option 2: “they do not add to, remove from, or modify this contract.”

SERVICE PROVIDER SECURITY REPRESENTATION (FEB 2015)

The following obligations are subordinate to any other contract clause to the extent the other clause specifically provides for enhanced safeguarding of government information, applicable information systems, or applicable organizations. Offeror (i) warrants that the work will be performed, and any applicable information system (as defined in the clause titled "Information Security - Definitions") will be established and maintained in substantial conformity with the information provided in Offeror's Response to SPSAQ; (ii) agrees to provide the Using Governmental Unit with prompt notice of any material variation in operations from that reflected in the Response to SPSAQ; and (iii) agrees to comply with all other obligations involving either information security or information use and disclosure imposed by the contract, notwithstanding any inconsistent statement in Offeror's Response to SPSAQ. To the extent Offeror's Response to SPSAQ does not conform to any other contractual requirements, the Using Agency's lack of objection does not constitute a waiver [07-7B217-1]

GUIDANCE:

*This clause should be used with the **Service Provider Security Assessment Questionnaire - Required** clause (4027). Consider for use in all services procurements which involve either contractor's computerized interface with state systems or contractor's direct possession of important agency or citizen data. Due to critical cross-references, you must also use both the **Information Security - Definitions** clause (7B104) and the **Service Provider Security Assessment Questionnaire** attachment (9025) if this clause is used.*

Agencies are cautioned that they should take steps to insure that the representations provided by an Offeror are applicable to the computerized infrastructure that will be used by Contractor to collect, manage, store, process or access government information.

SOFTWARE LICENSING AGREEMENTS FOR STATEWIDE TERM CONTRACTS (FEB 2015)

(a) Definitions. As used in this paragraph, these terms are defined as follows: "Software" means any computer program identified by the solicitation. "Licensor" means an entity that owns the intellectual property rights for an item of Software or has the authority to license or sublicense the Software directly to the state. "Software licensing agreement" means any agreement, regardless of how designated, pertaining to the intellectual property rights for or the right to use any Software, including, but not limited to, any such agreement proposed prior to or after award, including without limitation any such agreement that either is affixed to (e.g., shrink-wrap), imbedded in (e.g., click-wrap), or in any way accompanies the Software upon delivery.

(b) Separate Agreement for License and Services. This contract will address all Work (excluding the right to use the Software) and all terms regarding pricing, payment, and delivery of all Software. An independent Software Licensing Agreement has already been entered between the state and each applicable Licensor for all Software identified herein. Pursuant to this contract, the state intends to pay contractor in order to acquire license rights from Licensor under terms governed by the applicable Software Licensing Agreement. **ACCORDINGLY, YOU MUST NOT SUBMIT ANY SOFTWARE LICENSING AGREEMENTS WITH YOUR OFFER.**

(c) Political Subdivisions. You agree not to fulfill an order or provide any software to a local public procurement unit (see "Statewide Term Contract" provision) unless and until you have first presented to the unit a copy of the "Enrollment Agreement for South Carolina Public Entities" (Exhibit A of the COTS Piggyback), for execution, and if signed, delivered a copy to the applicable Licensor. For each Licensor, a unique version of the Enrollment Agreement for South Carolina Public Entities form is attached. This requirement does not apply to software licensed by a Licensor not identified on the list attached and entitled Enrollment Agreement Applicability List. [07-07B223-2]

GUIDANCE:

- For use only for Statewide Term Contracts acquiring brand-name software and only if all software to be acquired is covered by a pre-existing statewide software licensing agreement such as the COTS Piggyback.

- For every item of software to be acquired, determine whether the COTS Piggyback for the applicable Licensor included an Enrollment Agreement for South Carolina Public Entities. If it did, identify the software in your Enrollment Agreement Applicability List.

- **FOR ALL LICENSORS IDENTIFIED IN YOUR ENROLLMENT AGREEMENT APPLICABILITY LIST, MAKE SURE TO ATTACH THAT LICENSOR'S UNIQUE ENROLLMENT AGREEMENT, WHICH SHOULD APPEAR AS AN ATTACHMENT TO THAT LICENSOR'S COTS PIGGYBACK.**

SOFTWARE LICENSING AGREEMENTS—SINGLE SOLICITATION (FEB 2015)

(a) Definitions. As used in this clause, these terms are defined as follows:

“Commercial Off-The-Shelf (COTS) Software” means software used with no customization and for which source code is not made available to licensees.

“Configuration” means any customer-specific modification to software that does not require changes to the software’s source code, such as rules-based, rules engine based, or parameter driven modifications to configure the software.

“Customization” means any customer-specific modification to software that requires changes to the software’s source code.

“Firmware” means software sold or licensed only in conjunction with machines, designed for execution only on a machine with which it is provided, designed only for machines other than a

dedicated computer, and embedded into or installed on the machine by the machine's manufacturer or seller.

"Licensor" means an entity that owns the intellectual property rights for an item of software or has the authority to license or sublicense the software directly to the using governmental unit.

"Piggyback" means the document attached to this solicitation and entitled *South Carolina Standard Amendment To End User License Agreements For Commercial Off-The-Shelf Software – Single Agency*, which serves as South Carolina's standard amendment to a licensor's standard software licensing agreement (regardless of how denominated, e.g., master software licensing agreement, end user license agreement) for COTS. [Note: While the piggyback is generally indicative of what the State finds acceptable, terms in a Licensor's standard software licensing agreement may need to be negotiated.]

"Software" means a combination of computer instructions and data definitions that enable computer hardware to perform computational or control functions, excluding firmware.

"Software licensing agreement" means any agreement, regardless of how designated, that defines the intellectual property rights for, or the rights to use, any software product. A software licensing agreement must address only terms directly associated with licensing the right to use the software and must not address any of the work governed by the contract or any services (other than warranty services regarding the software code or associated documentation).

"Software maintenance" means the process of modifying software after delivery to correct faults, improve performance or other attributes, or adapt to a changed environment. (Reference ISO/IEC 14764:2006, as amended or superseded.) Software maintenance does not include any customization or configuration.

"Software product" means any COTS which you propose to provide pursuant to the contract.

"Source code" means computer instructions and data definitions expressed in a form suitable for input into an assembler, compiler or other translator.

(b) Contract and Software Licensing Agreement are Separate. The State seeks to establish related but independent agreements, one with each applicable licensor of COTS and one with the contractor - regardless of whether the licensor and the contractor are the same or different entities. As provided in the clause titled "Bid / Proposal As Offer To Contract," a contract between the State and the contractor results from an award made pursuant to this solicitation. In contrast, the State's acceptance of your offer does not serve as the State's acceptance of any software licensing agreement; rather, software licensing agreements must be separately executed in order to be binding, regardless of whether the license to use the software will be granted by you or a third party. The contract, as defined in the clause titled "Definitions," will address all work (excluding the use rights for any software product) and all terms regarding pricing, payment, and delivery of any software product. Accordingly, the State intends to pay contractor in order to acquire license rights for any software product, but the license rights will be governed by a software licensing agreement with the licensor.

(c) **Critical Instructions.** (1) Your offer must identify each software product you propose to provide, identify the licensor, and explain which of the following licensing models apply: (i) you intend to license (or sublicense) the item directly to the State, or (ii) you intend to "resell" or distribute the item to the State (with licensing handled directly with the third-party licensor). You should use the Software Table attached to this solicitation to assist you in providing this information. (2) **Your offer must NOT include any software licensing agreements; however, for any software product identified in your offer, you must submit a software licensing agreement upon request of the procurement officer.** You must be prepared to provide any

requested software licensing agreement within one business day of receiving a request. (3) Regardless of your licensing model, your price must include the cost of providing every software product you propose to provide to the State and those terms will form part of the contract.

(d) Pre-Condition of Award. If the work you are offering to perform is dependent upon the licensing of a software product by the State and the State is unsuccessful in negotiating an acceptable software licensing agreement for any software product for which it finds such an agreement necessary, your offer will be rejected. To facilitate the timely and successful negotiation of a software licensing agreement deemed necessary by the State, the State may ask you, after opening but prior to award, to acquire from the licensor an executed copy of the piggyback. You should communicate with the licensors for any major or critical software product well in advance of submitting a proposal, and licensors should be informed that few changes will be made to the piggyback. [The State already has, and continues to enter into, standing, statewide, licensing agreements for a variety of computer programs. Without limiting any of the above requirements, an applicable agreement may already exist for one or more items of COTS you have identified.] [07-7B224-1]

GUIDANCE:

1. *Only for use with an RFP. Do not use in any type of bid.*
2. *If you use this clause, you must (a) include the clause titled “Contract Documents & Order of Precedence–Software Licensing–Single Agency (FEB 2015),” and (b) attached both the Single Agency version of the Piggyback and the “Software Table” to the solicitation as exhibits.*
3. *For every software product identified in the highest-ranked offeror’s proposal, you must determine whether the State needs to have a negotiated software licensing agreement executed with pen-and-ink. For each such agreement, you must have the software licensing agreement executed prior to posting an intent to award. (Do not attach a Software Licensing Agreement to a Record of Negotiations.) You may request a copy of the vendor’s standard form software licensing agreement from either the contractor or the licensor. You should confirm that the licensor has been provided a copy of the piggyback. Any negotiations regarding a software licensing agreement should be conducted under the same general rules applicable to negotiations conducted pursuant to Section 11-35-1530.*
4. *Use the single agency piggyback only for COTS. Its use is not appropriate for licensing modifiable off-the-shelf software (MOTS), which – as used here – includes software that involves either (a) a source code license, or (b) any modification to the software that requires changes to the software’s source code. The piggyback is not appropriate for any type of services (e.g., customization or configuration) other than warranty services regarding software code or documentation. As used above, the concept of software maintenance does not include any customer-specific software support services.*
5. *If the acquisition involves limited custom software acquired to facilitate use of COTS (e.g., interface, as defined in IEEE Std 610.12-1990), you might consider whether the solicitation can be drafted to provide that such custom software will be acquired under a clause such as Software Licenses, Clause No. 7B215-1.*
6. **Bankruptcy**
Prior to issuing a solicitation, and no later than negotiations, an agency may wish to consider the implications of bankruptcy by the licensor of any software to be acquired that is expensive and mission-critical. Some bankruptcy-related risks can be addressed in the procurement contract, but some must be addressed in the software licensing agreement. To that end, the following may be of interest:

In broad, general terms, the bankruptcy code allows a bankrupt business to avoid its unperformed contractual obligations by “rejecting” executory contracts, i.e., contracts that have not been fully performed on both sides. In 1985, the Fourth Circuit Court of Appeals held that a technology license could be rejected unilaterally by a licensor, thus eliminating the licensee’s right to use the intellectual property. Lubrizol Enter., Inc. v. Richmond Meal Finishers, Inc., 756 F.2d 1043 (4th Cir. 1985). In response, Congress enacted the Intellectual Property Bankruptcy Protection Act of 1988, which appears in section 365(n) of the U.S. Bankruptcy Code. Section 365(n) was enacted to ensure that an intellectual property licensee would not be denied the benefit of its bargain with the licensor following the licensor’s bankruptcy. It prevents a bankrupt licensor from rejecting licensing agreements and depriving a licensee of the intellectual property rights it acquired in the licensing contract, and does so by validating and making self-enforcing any agreement which the parties may have regarding access to the intellectual property prior to the bankruptcy.

Section 365(n) provides the non-debtor licensee two options when the debtor-licensor rejects the license contract. First the licensee can treat the contract as terminated if rejection of the contract would constitute a breach of the agreement were the licensor is not in bankruptcy. Under this option, the licensee may assert a claim against the licensor’s bankruptcy estate for damages, but it might forfeit all right to continue use of the intellectual property. Second, the licensee can retain its right to use the license to the intellectual property for the contract period, and “any period for which such contract may be extended by the licensee as of right under applicable non-bankruptcy law.” While a licensee cannot force the licensor to specifically perform any of its contractual obligations, it can maintain its right to continue using the intellectual property. So, for example, the licensee may no longer acquire any maintenance (patches, fixes, and updates), but can continue using the software. To take advantage of Section 365(n) licensees need to address this issue in its license agreement. We do so in Piggyback paragraph 12.2, particularly the last sentence which provides the State with the option of using the software for either the original term of the authorized EULA or a period of five years after the licensor seeks to reject the software license. The concept is to prevent the State from an immediately loss of the right to use the intellectual property as a result of the licensor’s business failure. To date, we have not agreed to any modifications to this clause.

Section 365(n) provides that, if the licensee chooses to retain its rights under the license notwithstanding its rejection by the debtor, “then on the written request of the licensee the trustee shall – (A) to the extent provided in such contract . . . provide to the licensee any intellectual property (including such embodiment) held by the trustee . . .” (Also see additional language in 365(n).) We lack internal expertise in bankruptcy, but this may well provide a means by which the licensee – despite bankruptcy and despite the debtor’s efforts to reject the lease – can force the bankruptcy trustee to honor a source code escrow agreement, provided one has been negotiated into the contract. Accordingly, the procurement officer may wish to discuss this option with the using agency on the front end. Having the source code and a license to use it may be a valuable parachute for expensive, mission-critical software that would be challenging to replace.

Along the same lines, and according to at least one article, a licensee that elects to retain its rights under a rejected IP license should be aware that a later sale of the debtor’s assets free and clear of interests and liens under section 363(f) can extinguish the licensee’s rights. (This risk exists even if the license is not rejected.) The interplay between 265(n) and 363(f) is unclear, and case law is limited, but agencies acquiring expensive mission-critical software should

consider negotiating for rights beyond the five year – such as a separate escrow agreement that, if the licensee acquires the source code under 365(n), provides the licensee a perpetual right to use that source code. For a case addressing the topic, and reaching a good outcome for the licensee, see In re Dynamic Tooling Systems, Inc., 349 B.R. 847 (Bkrcty. D. Kan. 2006) at <http://chapter11cases.com/2012/07/01/in-re-dynamic-tooling-systems-inc-349-br-847-bankr-court-d-kansas-2006/>

STATEWIDE TERM CONTRACT (FEB 2015)

(a) With this solicitation, the state seeks to establish a term contract (as defined in Section 11-35-310(35)) available for use by all South Carolina public procurement units (as defined in Section 11-35-4610(5)). Use by state governmental bodies (as defined in Section 11-35-310(18)), which includes most state agencies, is mandatory except under limited circumstances, as provided in Section 11-35-310(35). See clause entitled "Acceptance of Offers 10% Below Price" in Part VII.B. of this solicitation. Use by local public procurement units is optional. Section 11-35-4610 defines local public procurement units to include any political subdivision, or unit thereof, which expends public funds. Section 11-35-310(23) defines the term political subdivision as all counties, municipalities, school districts, public service or special purpose districts.

(b) The State shall be entitled to audit the books and records of you and any subcontractor to the extent that such books and records relate to the performance of the work. Such books and records shall be maintained by the contractor for a period of three years from the date of final payment under the contract and by the subcontractor for a period of three years from the date of final payment under the subcontract, unless a shorter period is otherwise authorized in writing by the Chief Procurement Officer.

(c) As used herein, "additional contract terms" means additional terms not otherwise allowed by the "Purchase Orders" clause. Notwithstanding the "Purchase Orders" clause, a purchase order may include additional contract terms but only if and to the extent necessary (i) to comply with a requirement directly related to the work and imposed on the Using Governmental Unit either by law or as a condition of using state or federal assistance, grant, or contract funds, or (ii) for the Using Governmental Unit to impose organizational, operational, or technical security measures designed to protect the integrity, availability, or confidentiality of the Using Governmental Unit's data. Contractor may decline to honor a purchase order including additional contract terms. [07-7B225-2]

Recitals

This document is being used in conjunction with a solicitation issued for a government procurement being conducted for Licensee; nevertheless, the Parties intend for this document (including any attachments) to memorialize a contractual relationship related to but independent of any contractual relationship entered into by an award issued pursuant to that solicitation.

Agreement

For the reasons recited above, and in consideration of the mutual covenants contained herein, the Parties agree as follows:

Definitions

Agreement means this South Carolina Standard Amendment to End User License Agreements for Commercial Off-The-Shelf Software, not including any EULA or other attachments.

Authorized EULA means any EULAs attached as Exhibit "C", but does not include any document referenced or incorporated therein unless attached to this Agreement. Licensor warrants that every Authorized EULA is an unmodified copy of Licensor's standard form agreement.

Distributor means the generic category of entities authorized by Licensor, if any, that participate in the distribution chain between Licensor and Licensee, including, but not limited to, value added resellers (VARs), original equipment manufacturers (OEMs), distributors, dealers, independent sales organizations (ISOs), resellers, and retail outlets.

Distributor Contract means a contract between a Licensee and a Distributor by which Licensee can acquire licenses of the Software. Nothing in this agreement constitutes a representation or obligation that Licensor has made or will make its Software available through a Distributor.

Documentation means all materials supplied, directly or indirectly, to Licensees by Licensor, by any means or media that explain or facilitate the use of the Software, which may include, without limitation, any materials that describe the functional, operational, and/or performance capabilities of the Software; training materials; user, operator, system administration, technical, support, and other manuals or instructions; flow charts, and logic diagrams. Licensor warrants that the Documentation does and will continue to accurately describe the functional and operational characteristics of the Software. Licensor warrants that the Documentation will be contemporaneously updated to reflect any changes made to the Software.

End User License Agreement ("EULA") means any license agreement or other commercial agreement, regardless of how designated, pertaining to the right to use any Software, including, but not limited to, any such agreement proposed prior to or after execution of this Agreement, and including without limitation any such agreement that either is affixed to (e.g., shrinkwrap), imbedded in (e.g., clickwrap), or in any way accompanies the Software upon delivery. The term "EULA" does not include this Agreement. The term "EULA" does not include any contract awarded by or on behalf of a Licensee as a result of a formal solicitation (e.g., invitation for bids or request for proposals) issued by or on behalf of a licensee. The term "EULA" does not include a contract to the extent it governs software maintenance as defined in ISO/IEC 14764:2006.

ITMO means the Information Technology Management Office established by South Carolina Code Section 11-35-820, as amended, or its successor in interest. Pursuant to Section 11-35-510 of the South Carolina Code of Laws, ITMO is authorized to act as the statutory procurement agent for every South Carolina Governmental Body (as defined by S.C. Code Ann. § 11-35-310(18), as amended) covered by the South Carolina Consolidated Procurement Code. Consistent with its statutory authority, ITMO is acting solely in a representative capacity and on behalf of Licensees. ITMO is not a party to this Agreement. Notwithstanding any other provision, ITMO bears no liability for any party's losses arising out of or relating in any way to this Agreement.

Ordering and Confirming Documents means those documents exchanged between a Licensee and the Licensor to memorialize the number and configuration of licenses ordered and provided, whether exchanged directly with Licensor or indirectly through a Distributor. By way of example, ordering documents may include a purchase order or other instrument submitted by Licensee, and confirming documents may include a software key or license-specific identifying information, an invoice, or another document submitted by Licensor.

Prior Agreement means a written agreement that was negotiated, signed using pen and paper, and executed by an authorized representative of a Licensee prior to the Effective Date of this Agreement.

Procurement Contract means any contract awarded pursuant to the Solicitation identified above by reference to its Solicitation Number and Solicitation Description.

Software means any computer program referenced on Exhibit "B", including any future service packs, maintenance updates, patches, fixes, or like modifications to the computer program by whatever name provided by Licensor, if any. In addition, Exhibit B excludes any computer program not identified in the Procurement Contract. For clarity, Exhibit B excludes all services, including without limitation, so-called "software-as-a-service" and "cloud services," application services, etc., even if included therein.

Exhibit A – [RESERVED]
Exhibit B – Software List
Exhibit C - Authorized EULAs

1. RELATIONSHIP BETWEEN THIS AGREEMENT AND THE AUTHORIZED EULAs.

1.1 Agreement to Authorized EULAs. Subject to the provisions of this Agreement, Licensee agrees to the terms and conditions of the Authorized EULAs. Any EULA that is not an Authorized EULA is void and of no effect. Licensor represents that every EULA applicable to the computer programs referenced on Exhibit "B" has been attached to Exhibit "C" as an Authorized EULA.

1.2 Primacy of Agreement. The terms of this Agreement shall be given full effect prior to the application of any term in the Authorized EULAs. To the extent of any inconsistency or conflict, the terms of this Agreement take precedence over any similar terms in any Authorized EULAs. To the extent an Authorized EULA provides Licensee with options or rights in addition to or beyond those available under this Agreement, nothing in this Agreement is intended to limit Licensee's exercise of such options or rights.

1.3 Entire Agreement. Within the scope of this Agreement, as defined in Paragraph 2, this Agreement, Exhibit "B" (the Software List), and the Authorized EULAs constitute the entire agreement between the Parties and supersede all other prior or contemporaneous agreements, representations, or discussions, whether oral or written. This Agreement and the Authorized EULAs shall apply notwithstanding any conflicting or additional provisions in Ordering or Confirming Documents.

2. LIMITED SCOPE OF AGREEMENT.

2.1 This Agreement and the Authorized EULAs apply only to the use and licensing of Software by Licensee. All terms in an Authorized EULA regarding services (other than warranty services) are void.

2.2 Neither this Agreement nor an Authorized EULA authorize any Licensee to pay any funds directly to Licensor. All terms in a EULA regarding pricing, payment, interest, and delivery are void. This Agreement and the Authorized EULAs are independent of, and do not form a part of a Procurement Contract. Ordering and Confirming Documents may not be issued pursuant to an Authorized EULA, but must be issued pursuant to a Procurement Contract. Ordering and Confirming Documents form a part of this Agreement and the Authorized EULAs but only to the extent they memorialize the number of, configuration of, and prices paid for licenses ordered and provided. Ordering and Confirming Documents may not supplement, alter, or modify any provision of this Agreement or an Authorized EULA.

2.3 Subject to the limits of item 2.1, this Agreement and the Authorized EULAs apply to all licenses of Software licensed from Licensor by a Licensee during the term of this Agreement, whether acquired directly from Licensor or indirectly through a Distributor.

3. TERM OF AGREEMENT.

3.1 With regard to the licensure of any particular copy of Software, the terms of this Agreement and the Authorized EULAs shall continue to apply to that license notwithstanding the expiration of this Agreement.

3.2 This Agreement shall be in effect for seven years from the Effective Date. Expiration of this Agreement does not terminate any particular license of Software.

4. LICENSE GRANT.

4.1 Any rights granted by Licensor to Licensee in an Authorized EULA are in addition to any rights granted by this Paragraph 4. Licensor agrees that Licensee shall have the rights that are set forth in items 4.2, 4.3, 4.4, and 4.5 below.

4.2 For each license acquired, the Software may be:

4.2.1 Used or copied for use in or with the computer or computers for which it was acquired, including without limitation use at any of Licensee's installations to which such computer or computers may be transferred;

4.2.2 Used or copied for use in or with a backup computer if any computer for which it was acquired is inoperative;

4.2.3 Reproduced for safekeeping (archives) or backup purposes;

4.2.4 Modified, adapted, or combined with other computer programs ~~or computer data bases~~; however, a Licensee may not reverse engineer, decompile or disassemble the Software except to the extent necessary to create interfaces to, or allow inter-operability with, other computer programs or computer data bases;

4.2.5 Disclosed to and used by support service contractors or their subcontractors for the benefit of the Licensee, subject to the restrictions set forth in this Agreement; and,

4.2.6 Used or copied for use in or transferred to a replacement computer.

4.3 Notwithstanding any other provision, Licensee's fair use rights (17 U.S.C. § 107) are not limited in any way.

5. INTELLECTUAL PROPERTY INFRINGEMENT.

5.1 As used in this Paragraph 5, these terms are defined as follows: "Acquired Item(s)" means the rights, Software, or services, if any, furnished under this Agreement or any Authorized EULA. "Affiliate" means any business connected with or related to Licensor. "Indemnitee" means Licensee, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. "IP Right(s)" means a copyright, patent, trademark, trade secret, or any other proprietary right.

5.2 In the event of any claim by any third party against an Indemnitee asserting or involving an IP Right which concerns any Acquired Item(s), Licensor shall defend Indemnitee, at its expense, against all actions, proceedings or claims of any nature and shall, without limitation, indemnify Indemnitee for and against any loss, cost, expense, attorneys' fees and expenses (including inside counsel), or liability, resulting from or related to such claim, whether or not such claim is successful.

5.3 Indemnitee must notify Licensor in writing within a reasonable period of time after Indemnitee first receives written notice of any such claim or action. Indemnitee's failure to provide or delay in providing such notice will relieve Licensor of its obligations under this Paragraph 5 only if and to the extent that such delay or failure materially prejudices Licensor's ability to defend such claim. Indemnitee must reasonably cooperate with Licensor's defense of such claims or suits and, subject to Title 1, Chapter 7 of the South Carolina Code of Laws, allow Licensor sole control of the defense, so long as the defense is diligently and capably prosecuted. Licensee may participate in Licensor's defense of any action. Except for an injunction limited to requiring the cessation of use of an Acquired Item that is the subject of a claim, Licensor may not, without Licensee's prior written consent, settle, compromise, or consent to the entry of any judgment in any such commenced or threatened claim or action unless such settlement, compromise or consent (i) includes an unconditional release of Indemnitee from all liability related to such commenced or threatened claim or action, and (ii) is solely monetary in nature and does not include a statement as to, or an admission of fault, culpability or failure to act by or on behalf of, an Indemnitee or otherwise

adversely affect an Indemnitee. Licensee's consent is necessary for any settlement that requires Licensee to part with any right or make any payment or subjects Licensee to any injunction, except for an injunction requiring cessation of use of an Acquired Item that is the subject of the claim.

5.4 In the event an injunction, order, or agreement shall be obtained against Licensee's use of any Acquired Item, Licensor shall, without in any way limiting its other obligations under this Agreement and at its sole expense: (a) use good faith, diligent efforts to procure for Licensee the right to continue to use, and to have used, the Acquired Item, and if such remedy is commercially impracticable, to then (b) replace or modify the Acquired Item so that it becomes non-infringing but only if the modification or replacement does not materially adversely affect the functionality of the Acquired Item or its use by Licensee. In the event that both of these remedies are commercially impracticable, Licensor may require that Licensee stop using the Acquired Item, refund to Licensee an amount equal to all money paid by Licensee therefore, and take all steps necessary to have any Indemnitees released from any further liability.

5.5 Licensor's obligations under this Paragraph 5 do not apply to a claim to the extent (a) that the claim is caused by a modification of Software made by Licensee; (b) that the claim is caused by Licensee's use of a superseded release of Software if the infringement would have been avoided by Licensee's timely implementation of an update or upgrade previously provided to Licensee, but only if such update or upgrade (1) was provided by Licensor at no cost or as part of either maintenance or a previous purchase by Licensee, and (2) does not materially adversely affect the functionality of the Acquired Item or its use by Licensee; (c) that the claim is caused by Licensee combining the Software with another computer program or hardware unless such combinations are recommended by the Documentation or otherwise suggested by Licensor or its Affiliates; (d) that the claim is caused by Licensee reverse engineering, decompiling, or disassembling Software; (e) that the claim arises from Licensee's use of any Software that is open source or freeware, but only if the open source or freeware is not incorporated or combined by Licensor in Software provided by Licensor; (f) that the claim is caused (1) by modifications made to the Software by Licensor or its Affiliates in accordance with a detailed, exact statement of specifications furnished by Licensee unless Licensor or its Affiliates knew or should have known that compliance with the Licensee's specifications would infringe an IP right, or (2) by compliance by Licensor or its Affiliates with specifications furnished by Licensee if Licensee knowingly relied on a third party's product to develop the specifications provided to Licensor or its Affiliates and failed to identify such product to Licensor.

5.6 Notwithstanding any other provision, Licensor's obligations pursuant to this Paragraph 5 are without any limitation whatsoever. Licensor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of this Agreement.

5.7 Paragraph 5 states Licensee's exclusive remedy for third party damages claims asserting a violation or infringement of the third party's intellectual property rights.

6. LIMITATION OF RECOVERY.

6.1 Limitation of Damages – Licensor. Except as provided in Paragraph 5 (Intellectual Property Infringement), Paragraph 7.1 (Right to Audit; Misuse of Data), and Paragraph 14.22 (Privacy), Licensor's liability for damages, if any, for any cause whatsoever, and regardless of the form of action, shall in no event exceed an amount equal to twice the cumulative fees paid or payable by Licensee to license the Software. The foregoing limitation applies to the exclusion of any other limitation or exclusion of the remedies available against Licensor, the liability of Licensor, or the damages recoverable from Licensor.

6.2 Limitation of Damages - Licensee. Except as provided in Paragraph 7.2 (Audit Remedy; Exclusivity), Licensee's liability for damages, if any, for any cause whatsoever, and regardless of the form of action, shall in no event exceed an amount equal to twice the cumulative fees paid or payable by Licensee to license Software. Licensee's total liability for any obligation arising under any clause imposing any duty of confidentiality or non-disclosure shall not exceed an amount equal to fifty thousand dollars. The foregoing limitations do not apply to a loss incurred by Licensor to the extent the loss results because

Licensee has created a derivative work from, reverse assembled, reverse compiled, or otherwise reduced to human readable form the Software without Licensor's prior written consent. Nothing herein shall be construed to waive any clause regarding the availability or appropriation of funds, sovereign immunity, or any other immunity, restriction, or limitation on recovery provided by law.

7. AUDIT.

7.1 Right to Audit; Misuse of Data. Licensor has the right to audit Licensee at Licensor's expense. Licensor shall conduct an audit and use the information obtained in an audit only to enforce Licensor's rights under, and to determine whether Licensee is in compliance with, the terms of this Agreement and any Authorized EULAs. Any audit will be subject to a confidentiality obligation and will take place upon not fewer than 30 days notice, during Licensee's normal business hours, and in a manner that does not interfere unreasonably with Licensee's operations. Licensor's sole audit right regarding Licensee is provided by this Paragraph 7. Notwithstanding any other provision, Licensor's liability for intentional breach of its obligation regarding the use of information obtained in an audit is without any limitation whatsoever.

7.2 Audit Remedy; Exclusivity. If an audit reveals or Licensor otherwise discovers unlicensed use of Software by Licensee, Licensee shall either (a) promptly order and pay for sufficient licenses to permit all Software usage discovered and pay Licensor the difference between (i) the license fees that Licensee should have paid for such Software, based upon actual usage, and (ii) the actual license fees that Licensee paid for the software, based upon the actual usage level for which such Software was licensed, or (b) immediately terminate any unlicensed use of Software and pay any applicable license fees for any noncompliance discovered. If a Distributor Contract exists, Licensee may order licenses from, and pay license fees to, a Distributor at a price established by a Distributor Contract. If Licensee's unlicensed use of the Software would be within the scope of license rights granted by this Agreement and the Authorized EULAs but for Licensee's failure to acquire an adequate number of licenses or an available license, Licensor's exclusive remedy for the unlicensed use shall be the remedy provided by this item 7.2. If Licensee fails to execute either option within a reasonable time, the foregoing remedy will not be considered exclusive.

7.3 Licensor's right to conduct an audit is limited by any applicable statutory or regulatory limitations on access to public records.

8. LICENSEE'S RECORDS. For each license of Software acquired pursuant to this Agreement, Licensee agrees to retain records of that license for one year beyond the duration of that license, provided that Licensee has no obligation to retain records of a license beyond one year after Licensee ceases to retain a copy of the Software to which a license applies. Licensor may access Licensee's records as provided in the South Carolina Freedom of Information Act and any other applicable law. Except as stated in this Agreement, Licensor agrees that Licensee has no obligation to retain any records.

9. CONFIDENTIALITY & NONDISCLOSURE. This Agreement and the Authorized EULAs are subject to public disclosure. All provisions of an Authorized EULA regarding confidentiality or nondisclosure are subject to the South Carolina Freedom of Information Act and other applicable laws. Any duty of confidentiality or nondisclosure established by an Authorized EULA applies only to Software and Documentation that has been conspicuously marked with the words confidential, proprietary, or trade secret.

10. TERMINATION. Licensor may not terminate either this Agreement or the Authorized EULAs in the absence of a breach by Licensee that would, under the common law, be material. Any termination by Licensor must be preceded by adequate notice and opportunity to cure. If Licensor exercises any termination rights under any Authorized EULA, Licensee may, in addition to any rights provided in the Authorized EULAs, continue using software pursuant to this Agreement and the Authorized EULAs for a period of six months in order to allow Licensee to convert from the use of Software, unless Licensee has violated the restrictions in paragraph 4.2.4. During the conversion period, and to the extent applicable

Licensee shall pay any applicable, previously unpaid license fees at the price last available from Licensor to Licensee prior to termination or, at Licensee's option, at the price established by an applicable Distributor Contract, if any.

11.WARRANTIES. The warranties provided in this Paragraph 11 are in addition to any other warranties provided in the Authorized EULAs. Licensor warrants (a) that every item of Software, without unauthorized modification, will perform substantially in accordance with the Documentation applicable to the Software for a period of 365 days from the date the item of Software is installed by Licensee, (b) that Licensor has all necessary right and authority to license the Software and to grant the licenses provided hereunder, and (c) that there is currently no actual or threatened legal action against Licensor by any third party based on an alleged violation of an intellectual or proprietary property right that has not been disclosed to ITMO and that could adversely affect Licensor's ability to license the use of the Software. Licensor agrees that it will not electronically repossess, trigger any lock, or use any device capable of halting operations or erasing or altering data or programs with regard to any Software that it has licensed to Licensee.

12.BANKRUPTCY.

12.1 Notice of Insolvency. Licensor shall provide ITMO and Licensee with written notice immediately upon the filing by Licensor of a petition in bankruptcy or insolvency or upon any other proceeding or action by or against Licensor under the relevant law on insolvency or bankruptcy, or after the making by Licensor of any assignment or attempted assignment for the benefit of creditors or upon or after the institution of any proceedings for the liquidation or winding up of Licensor's business or for the termination of its corporate charter.

12.2 Rejection of Executory License. The Parties agree that the Software is "intellectual property" as defined in Section § 101(35A) of the U.S. Bankruptcy Code. Upon the filing by Licensor of a petition in bankruptcy or insolvency or upon any other proceeding or action by or against the Licensor under the relevant law on insolvency or bankruptcy, this Agreement and the Authorized EULAs shall be governed by Section 365(n) of the U.S. Bankruptcy Code. If any person seeks to reject this Agreement or the Authorized EULAs pursuant to bankruptcy law, Licensee shall have the option of using the Software for either the original term of the Authorized EULAs or a period of five years after rejection is requested.

13.RIGHTS TO SOFTWARE OR DATABASE DEVELOPED BY LICENSEE. Nothing in this Agreement or any Authorized EULA shall be construed to give Licensor any rights with regard to computer programs developed by Licensee, regardless of whether or not such programs are connected to or embedded in Software or are functionally similar, in whole or part, to Software. Nothing in this paragraph grants a Licensee any rights to Licensor's intellectual property or to any derivative works.

14.GENERAL

14.1 Choice of Law & Choice of Forum. Both the rights and obligations of the Parties and this Agreement and any EULA, as well as any dispute, claim, or controversy arising out of or relating to this Agreement or any EULA, shall, in all respects, be established, interpreted, construed, enforced and governed by and under the laws of the State of South Carolina, without regard to any provision governing conflicts of law. 14.2 Sovereign Immunity. Title 11, Chapter 35, Article 17 constitutes a limited statutory waiver of sovereign immunity. Notwithstanding paragraph 14.1, Licensor agrees that neither this Agreement, any Authorized EULAs, nor any act by either ITMO or Licensee regarding this Agreement or any EULA is a waiver of either their sovereign immunity or their immunity under the Eleventh Amendment of the United States Constitution.

14.3 Subject to Applicable Law. This Agreement is entered into pursuant to the South Carolina Consolidated Procurement Code (Title 11, Chapter 35 of the South Carolina Code of Laws.) As a public entity, all of Licensee's obligations are subject to any applicable laws.

Accordingly, ITMO is not a party to this Agreement and need not be joined as a party to any dispute that may arise out of this Agreement. With regard to this Agreement, the officers, agents and employees of ITMO are acting solely in their official capacity and need not be joined as a party to any dispute that may arise out of this Agreement.

14.7 Notices. In addition to any other obligations the parties may have regarding notice, all **notices or other communications regarding termination, material breach, modification, or audit of this Agreement, an Authorized EULA, or a license covered by either shall be copied to ITMO at the following address.**

14.8 Third Party Beneficiary. This Agreement and the Authorized EULAs are made solely and specifically among and for the benefit of the Parties hereto, and their respective successors and assigns, and no other person will have any rights, interest, or claims hereunder or be entitled to any benefits under or on account of this Agreement or the Authorized EULAs as a third party beneficiary or otherwise.

14.9 Assignment. Except as set forth below, neither party may assign or transfer this Agreement, the Authorized EULAs, or any rights regarding either, without the prior written consent of ITMO. Reference S.C. Code Ann. Regs § 19-445.2180. Such consent shall not be unreasonably withheld. Any attempted assignment, delegation or transfer in derogation of this Paragraph shall be null and void.

14.9.1 This Agreement and the Authorized EULAs, and any rights regarding either, may be assigned to an affiliates of the Licensor, or to successors-in-interest of substantially all the assets of the Licensor, if the assignee expressly assumes the Licensor's obligations under the assigned agreement. Licensor must give Licensee reasonable prior notice of any assignment. As used in this item, affiliate means a legal entity that controls, is controlled by, or is under common control with Licensor.

14.9.2 If Licensee is reorganized such that certain operations or functions are transferred from Licensee to a different public procurement unit, then in connection with such reorganization, a Licensee may, upon written notice to Licensor, transfer licenses to another public procurement unit provided that the transferee is performing some substantially similar business and/or operational functions as the original Licensee. Both entities shall execute such paperwork as Licensor may reasonably require.

14.10 Interpretation. Any question of interpretation or construction shall not be resolved by any rule providing for interpretation or construction against the party who causes the uncertainty to exist or against the drafters of this Agreement.

14.11 Headings. The headings contained in this Agreement are for the purposes of convenience only and are not intended to define or limit the contents of this Agreement.

14.12 Publicity. Licensor agrees not to refer to Licensees in such a manner as to state or imply that either Licensor or its Software is endorsed or preferred by Licensee, the State of South Carolina, or any unit of either. The foregoing shall not prohibit the Licensor from identifying a Licensee as a customer in a customer list.

14.13 Relationship Among Public Entities. Each Licensee's obligations and liabilities are independent of every other Licensee's obligations and liabilities. Termination of one Licensee does not constitute grounds for termination of a different Licensee.

14.14 Language of Agreement & Notices. The language of this Agreement is English. If translated into another language, this English version of the Agreement shall be controlling. All notices required or permitted to be given hereunder shall be written in the English language.

14.15 Survival of Obligations. The Parties' rights and obligations which, by their nature, would continue beyond the termination, cancellation, rejection, or expiration of this Agreement shall survive such termination, cancellation, rejection, or expiration, including, but not limited to, the rights and obligations created by the following clauses: Intellectual Property Infringement, Limitation of Recovery, Audit, Bankruptcy, and General.

14.16 Waiver & Modification. No waiver of any default by either party shall act as a waiver of a subsequent or different default. The provisions of this Agreement and the Authorized EULAs may not be modified or waived except by another agreement in writing executed by an authorized representative of Licensee and an authorized representative of Licensor.

14.17 Anti-Indemnification & Anti-Representation. Any provision in the Authorized EULAs is void to the extent it imposes an obligation upon ITMO or a Licensee that would properly be characterized as an indemnity. Licensee makes no representations or warranties to Licensor, and any language to the contrary is void.

14.18 Statute of Limitations. Any provision in the Authorized EULAs is void to the extent that it modifies the statute of limitations or alters the time period within which an action must be brought.

14.19 Non-appropriations. Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds therefore. When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, the contract shall be cancelled.

14.20 Attorneys' Fees. Except as otherwise provided in this Agreement, each party waives any claim it may have to recover attorneys' fees from any other party.

14.21 Users. A Licensee has no liability for any acts or omissions of any person that Licensee allows to use the Software, unless such acts or omissions are within the scope of that person's employment or have been properly authorized by Licensee.

14.22 Privacy. As used in this paragraph, the term 'data' means any information regarding any person or entity other than a Licensee that is gathered or acquired as a result of the Software licensed by Licensee being used. Except to the extent fully disclosed in writing (e.g., a privacy policy or the Documentation) prior to execution of this Agreement, Licensor represents that Software will not provide any entity other than Licensor with any data. Notwithstanding anything to the contrary, Licensor agrees (i) not to use or retain data for any purpose other than performing this contract, except to the extent that using or retaining state data is incidental to contract administration, such as financial, administrative, cost or pricing, and (ii) not to sell, trade, or release data. Upon request, Licensor shall provide written confirmation of compliance with this clause. Licensor agrees that Licensee has no adequate remedy at

law for a violation of Licensor's obligations under this paragraph. Notwithstanding any other provision, Licensor's liability for breach of its obligation under this paragraph is without any limitation whatsoever.

Table of Clauses (FEB 2015)

EXPLANATION OF COLUMNS

Column 1 – SCEIS Clause #: This column provides an **abbreviated** version of the SCEIS Clause Number, a unique designation used by SCEIS to identify the clause. The numbers in this column contain three pieces of information. The first number (and letter, if Part 2 or Part 7) indicates the part of the Uniform Solicitation Format in which the clause appears. The next three digits identify the clause itself, within the USF Part. The suffix, following the dash character, serves special purposes within SCEIS such as versioning or ordering of clauses. Thus, Clause No. 1005-1 appears in part 1 of the solicitation; Clause No. 7B100-2 appears in part 7B of the solicitation; and so forth.

Column 2 – Text of Clause: This column represents the actual contents of SCEIS. It includes the Title and the date the clause first appeared in SCEIS in that form. The bracketed number at the end of the clause text is **the full** SCEIS Clause Number. It also signals the end of the contract or solicitation provision.

TYPICAL CLAUSE FORMAT (MAR 2005): Each clause, in this format (including full title and date) will appear in this column. [01-1111-1]

By convention, a clause that appears in this format (with a parenthetical date and bracketed clause number) has not been altered or modified. **IF YOU MUST MAKE CHANGES TO THE TEXT OF A SCEIS CLAUSE, OR ADD ADDITIONAL LANGUAGE, YOU SHOULD NOT INCLUDE EITHER THE CLAUSE DATE OR NUMBER IN THE MODIFIED CLAUSE.**

Column 3 – Guidance on Use: This column contains guidance offered by management to the procurement staff regarding use of a clause.

Clause #	Text	Guidance on Use
1020-1	BUDGET – DESIRED RANGE (JAN 2006): The Using Governmental Unit seeks to incur costs in the following range: [01-1020-1]	Except in solutions based procurements, in which the scope of work is not concrete, use of this clause is discouraged. Use this clause to provide the vendors with an idea of the range the state is willing to spend.
1025-1	BUDGET ESTIMATE (JAN 2006): The estimated budget for this project is \$ Offers in excess of this amount may be considered. [01-1025-1]	Use of this clause is discouraged. In general, the state seeks to have Offerors price their work against the scope of services, not against the state’s budget.
1030-1	BUDGET MAXIMUM (JAN 2006): The funds available for this project are limited to \$. If the price you offer exceeds this amount, your offer will be rejected as non-responsive. [01-1030-1]	Use of this clause is discouraged. In general, the state seeks to have Offerors price their work against the scope of services, not against the state’s budget. If an Offeror submits a price in excess off the stated maximum, the offer must be rejected as non-responsive.
1035-1	FUNDS NOT AVAILABLE (JAN 2006): The State’s obligation under this contract is contingent upon the availability of funds from which payment for contract purposes can be made. [01-1035-1]	Use of this clause is strongly discouraged. Use this clause only if the agency anticipates, but does not yet have, grant, appropriated, or other funds at the time the solicitation is issued.
1040-1	MAXIMUM CONTRACT PERIOD — ESTIMATED (JAN 2006): Start date: End date: . Dates provided are estimates only. Any resulting contract will begin on the date specified in the notice of award. See clause entitled “Term of Contract - Effective Date/Initial Contract Period”. [01-1040-1]	At the time of solicitation, agencies never know when the contract will actually begin. Often, evaluation takes longer than anticipated. Government politics can have an influence. Lastly, protests can delay an award. Occasionally, these delays result in emergency extensions to an existing contract. Accordingly, the solicitation specifies the maximum contract period to indicate both a desired start date and the maximum time for the contract.

6058-1	DISCUSSIONS AND NEGOTIATIONS – OPTIONAL (FEB 2015) Submit your best terms from both a price and a technical standpoint. Your proposal may be evaluated and your offer accepted without any discussions, negotiations, or prior notice. Ordinarily, nonresponsive proposals will be rejected outright without prior notice. Nevertheless, the State may elect to conduct discussions, including the possibility of limited proposal revisions, but only for those proposals reasonably susceptible of being selected for award. [11-35-1530(6); R.19-445.2095(l)] If improper revisions are submitted during discussions, the State may elect to consider only your unrevised initial proposal, provided your initial offer is responsive. The State may also elect to conduct negotiations, beginning with the highest ranked offeror, or seek best and final offers, as provided in Section 11-35-1530(8). Negotiations may involve both price and matters affecting the scope of the contract, so long as changes are within the general scope of the request for proposals. 6059-1	DISCUSSIONS AND NEGOTIATIONS – REQUIRED (FEB 2015) No award will be made to an offeror until after negotiations have been conducted with that offeror. As provided in Section 11-35-1530, negotiations must begin with the highest ranking offeror; accordingly, submit your best terms from both a price and a technical standpoint. In addition, make sure your offer is responsive; the State will not evaluate or negotiate with a non-responsive offeror, and ordinarily, nonresponsive proposals will be rejected outright without prior notice. The State may elect to conduct discussions, including the possibility of limited proposal revisions, but only for those proposals reasonably susceptible of being selected for award. [11-35-1530(6); R.19-445.2095(l)] If improper revisions are submitted during discussions, the State may elect to consider only your unrevised initial offer, but only if your initial offer is responsive. If a satisfactory contract cannot be negotiated with the highest ranking offeror, the State may elect to conduct negotiations with other offerors. As provided in Section 11-35-1530(8) the State also may elect to make changes within the general scope of the request for proposals and provide all responsive offerors an opportunity to submit their best and final offers. Negotiations may involve both price and matters affecting the scope of the contract, so long as the changes are within the general scope of the request for proposals. [06-6059-1]	Use this clause as an alternative to and replacement for “Discussions and Negotiations – Optional,” which is included in all RFPs by default. Use this clause only if the State is willing not to make any award until it has conducted meaningful, good faith negotiations with the offeror to which it intends to make an award. All discussions and negotiations must be conducted in accordance with Guidance & Best Practices for Permissible Communications in a Competitive Sealed Proposal, Procurement Policy Statement 2008-2 (April 28, 2008).
6060-1	EVALUATION FACTORS – BEST VALUE BID (JAN 2006): Offers will be evaluated using only the factors stated below. Numerical weightings are provided for each evaluation factor. Once evaluation is complete, all responsive offerors will be ranked from most advantageous to least advantageous. [06-6060-1]	By law, cost must be weighted at least 60%. Best value bid evaluation factors may include, but are not limited to, any of the following statutory factors: (a) operational costs that the State would incur if the bid is accepted; (b) quality of the product or service, or its technical

Once evaluation is complete, all responsive offerors will be ranked from most advantageous to least advantageous. [06-6065-1]	For any Competitive Sealed Proposal, the Procurement Officer must include the unique evaluation factors for this procurement. The request for proposals shall state the relative importance of the factors to be considered in evaluating proposals but shall not require a numerical weighting for each factor. Price may but need not be an evaluation factor. If you have two or more factors with the same weight, that fact must be communicated to the offerors.
6075-1	UNIT PRICE GOVERNS (JAN 2006): In determining award, unit prices will govern over extended prices unless otherwise stated. [06-6075-1]	If Offerors are requested to provide both unit and extended prices, include this clause. If the Offeror miscalculates the extended price, unit price will govern.

This clause does not prohibit contractor from offering lower pricing after award. [07-7A040-1]</p>	<p>Mandatory. 7A055-2	<p>PAYMENT & INTEREST (MAY-2014FEB 2015): (a) Unless otherwise provided in this Solicitation, The State shall pay the Contractor, after the submission of proper invoices or vouchers, the prices stipulated in this contract for supplies delivered and accepted or services rendered and accepted, less any deductions provided in this contract. Unless otherwise specified herein, including the purchase order, payment shall not be made on partial deliveries accepted by the Government. (b) Unless otherwise provided herein, including the purchase order, payment will be made by check <u>mailed to the payment address on "Page Two."</u> (c) Notwithstanding any other provision, payment shall be made in accordance with S.C. Code Section 11-35-45, <u>or Chapter 6 of Title 29 (real property improvements) when applicable,</u> which provides the Contractor's exclusive means of recovering any type of interest from the Owner. Contractor waives imposition of an interest penalty unless the invoice submitted specifies that the late penalty is applicable. Except as set forth in this paragraph, the State shall not be liable for the payment of interest on any debt or claim arising out of or related to this contract for any reason. (d) Amounts due to the State shall bear interest at the rate of interest established by the South Carolina Comptroller General pursuant to Section 11-35-45 ("an amount not to exceed fifteen percent each year"), as amended, <u>unless otherwise required by Section 29-6-30.</u> (e) Any other basis for interest, including but not limited to general (pre- and post-judgment) or specific interest statutes, including S.C. Code Ann. Section 34-31-20, are expressly waived by both parties. If a court, despite this agreement and waiver, requires that interest be paid on any debt by either party other than as provided by items (c) and (d) above, the parties further agree that the applicable interest rate for any given calendar year shall be the lowest prime rate as listed in the first edition of the Wall Street Journal published for each year, applied as simple interest without compounding. (f) <u>The State shall have all of its common law, equitable and statutory rights of set-off.</u> [07-7A055-23]</p>	<p>Mandatory.</p> <p>IMPORTANT NOTE. Partial payments are very appropriate for many types of contracts, especially service contracts. If payments will be made prior to full performance, the solicitation must explain the conditions upon which partial payment will be made. For example, a janitorial contract may provide that payments will be made on a monthly basis. Software development contracts might provide that payment will be made upon acceptance of certain intermediate deliverables or upon proof of a certain degree of project completion. In the absence of such a provision, this clause provides for payment upon completion.</p> <p>This clause allows the payment method to be dictated in the purchase order. However, since prospective contractors usually need to know this prior to submitting offers, this issue should be addressed in the solicitation.</p> <p>Cross Reference the Purchase Order clause.</p>
7A060-1	<p>PUBLICITY (JAN 2006): Contractor shall not publish any comments or quotes by State employees, or include the State in either news releases or a published list of customers, without the prior written approval of the Procurement Officer. 7A065-1	<p>PURCHASE ORDERS (JAN 2006): Contractor shall not perform any work prior to the receipt of a purchase order from the using governmental unit. The using governmental unit shall order any supplies or services to be furnished under this contract by issuing a purchase order. Purchase orders may be used to elect any options available under this contract, e.g., quantity, item, delivery date, payment method, but are subject to all terms and conditions of this contract. Purchase orders may be electronic. No particular form is required. An order placed pursuant to the purchasing card provision qualifies as a purchase order. [07-7A065-1]</p>	<p>Mandatory.</p> <p>Under this clause, purchase orders serve as a "notice to proceed". Ordinarily, the state does not have a right not to issue a purchase order once a contract has been awarded.</p> <p>While purchase orders may not be used to alter the solicitation, certain critical issues are addressed only in purchase orders. Cross reference should be made to the following clauses:</p>

7A070-1	SETOFF (JAN 2006): The state shall have all of its common law, equitable, and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the state with regard to this contract, any other contract with any state department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the state for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. [07-7A070-1]	Mandatory. This clause has implications when the state has claims against or amounts due from a contractor. Consult with legal counsel regarding this clause.
7A072-1	IRAN DIVESTMENT ACT – ONGOING OBLIGATIONS – (JAN 2015): (a) You must notify the procurement officer immediately if, at any time during the contract term, you are added to the Iran Divestment Act List. (b) Consistent with Section 11-57-330(B), you shall not contract with any person to perform a part of the Work, if, at the time you enter into the subcontract, that person is on the then-current version of the Iran Divestment Act List. [07-7A072-1]	Mandatory. Required by the Iran Divestment Act of 2014, S.C. Code Ann. §§ 11-57-10, et seq.
7A075-1	SURVIVAL OF OBLIGATIONS (JAN 2006): The Parties' rights and obligations which, by their nature, would continue beyond the termination, cancellation, rejection, or expiration of this contract shall survive such termination, cancellation, rejection, or expiration, including, but not limited to, the rights and obligations created by the following clauses: Indemnification - Third Party Claims, Intellectual Property Indemnification, and any provisions regarding warranty or audit. [07-7A075-1]	Mandatory. The implications of this clause are illustrated by the following example. If the state buys a widget and a warranty for the widget, the warranty does not end simply because the remainder of the contract is terminated for convenience.
7A080-1	TAXES (JAN 2006): Any tax the contractor may be required to collect or pay upon the sale, use or delivery of the products shall be paid by the State, and such sums shall be due and payable to the contractor upon acceptance. Any personal property taxes levied after delivery shall be paid by the State. It shall be solely the State's obligation, after payment to contractor, to challenge the applicability of any tax by negotiation with, or action against, the taxing authority. Contractor agrees to refund any tax collected, which is subsequently determined not to be proper and for which a refund has been paid to contractor by the taxing authority. In the event that the contractor fails to pay, or delays in paying, to any taxing authorities, sums paid by the State to contractor, contractor shall be liable to the State for any loss (such as the assessment of additional interest) caused by virtue of this failure or delay. Taxes based on Contractor's net income or assets shall be the sole responsibility of the contractor. [07-7A080-1]	Mandatory. Dovetails with clause entitled "Omit Taxes from Price". Clause makes state liable for paying the taxes applicable to sale, use, or delivery of products provided under the contract.
7A085-1	TERMINATION DUE TO UNAVAILABILITY OF FUNDS (JAN 2006): Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds therefor. When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, the contract shall be canceled. In the event of a cancellation pursuant to this	Mandatory for any procurement in which a contractual obligation may extend beyond the end of the fiscal year in which the contract is entered.

7A090-1	THIRD PARTY BENEFICIARY (JAN 2006): This Contract is made solely and specifically among and for the benefit of the parties hereto, and their respective successors and assigns, and no other person will have any rights, interest, or claims hereunder or be entitled to any benefits under or on account of this Contract as a third party beneficiary or otherwise. [07-7A090-1]	Mandatory. Include this clause unless the State intends that a direct beneficiary of the contractor's performance can sue the contractor to either enforce the contract or recover for breach. (A very, very rare occurrence!) The only contracts even eligible for such an approach would be contracts in which the Contractor was providing direct services to a group.
7A095-1	WAIVER (JAN 2006): The State does not waive any prior or subsequent breach of the terms of the Contract by making payments on the Contract, by failing to terminate the Contract for lack of performance, or by failing to strictly or promptly insist upon any term of the Contract. Only the Procurement Officer has actual authority to waive any of the State's rights under this Contract. Any waiver must be in writing. [07-7A095-1]	This clause is intended to limit unintentional waivers of rights the state may have under a contract.

7B025-1	CHANGES (JAN 2006): (1) Contract Modification. If any such change increases or decreases the contractor's cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, an adjustment shall be made in the contract price, the delivery schedule, or both, and the contract modified in writing accordingly. Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the Price Adjustment Clause of this contract. Failure of the parties to agree to an adjustment shall not excuse the contractor from proceeding with the contract as changed, provided that the State promptly and duly make such provisional adjustments in payment or time for performance as may be reasonable. You should always include this clause if you anticipate the contractor will perform substantial services on state property or in a state building. If the contractor will have no presence, or insignificant presence, in the state, you may omit the requirements for Automobile Liability and Workers Compensation/Employers Liability. If you are purchasing goods, especially products with the potential of harming the user or a third party, you should require CGL coverage. If the contract will be performed outside of the state and does not involve the purchase of goods, you may omit the clause entirely.</p> <p>Previous versions of the insurance provision attempted to define each type of coverage required under a CGL policy, which often led to vendor questions and negotiation over the specific language of the clause. All certificates are to be received and approved by the State before work commences. The State reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by this section, at any time.</p> <p>(ef) Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions. In addition, the Contractor shall notify the State immediately upon receiving any information that any of the coverages required by this section are or will be changed, cancelled, or replaced.</p> <p>(fg) Contractor hereby grants to the State and every applicable Using Governmental Unit a waiver of any right to subrogation which any insurer of said Contractor may acquire against the State or applicable Using Governmental Unit by virtue of the payment of any loss under such insurance. Consult with your management.</p> <p>This clause is intended to cover routine goods and services contracts. There will always be contracts which are unusual or have unusual insurance requirements (examples: implosion of a building, a contract for medical services for inmates, or a contract to handle hazardous waste). 	7B058-1	
7B060-1	CONTRACTOR PERSONNEL (JAN 2006): The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Contract. The Contractor shall not permit employment of unfit persons or persons not skilled in tasks assigned to them. [07-7B060-1]	Recommended for any contract involving the presence of contractor's employees or subcontractors on property controlled by the state.
7B065-1	CONTRACTOR'S OBLIGATION – GENERAL (JAN 2006): The contractor shall provide and pay for all materials, tools, equipment, labor and professional and non-professional services, and shall perform all other acts and supply all other things necessary, to fully and properly perform and complete the work. The contractor must act as the prime contractor and assume full responsibility for any subcontractor's performance. The contractor will be considered the sole point of contact with regard to all situations, including payment of all charges and the meeting of all other requirements. [07-7B065-1]	Recommended for all contracts involving the provision of services.
7B067-1	CONTRACTOR'S USE OF STATE PROPERTY (JAN 2006): Upon termination of the contract for any reason, the State shall have the right, upon demand, to obtain access to, and possession of, all State properties, including, but not limited to, current copies of all State application programs and necessary documentation, all data, files, intermediate materials and supplies held by the contractor. Contractor shall not use, reproduce, distribute, display, or sell any data, material, or documentation owned exclusively by the State without the State's written consent, except to the extent necessary to carry out the work. [07-7B067-1]	If the state will provide the contractor with state-owned property during performance of the contract, include this clause. Cross-reference the Ownership of Data & Materials clause.
7B075-1	DEFAULT (JAN 2006): (a) (1) The State may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to: (i) Deliver the supplies or to perform the services within the time specified in this contract or any extension; (ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or (iii) Perform any of the other material provisions of this contract (but see paragraph (a)(2) of this clause). (2) The State's right to terminate this contract under subdivisions (a)(1)(ii) and (1)(iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Procurement Officer) after receipt of the notice from the Procurement Officer specifying the failure. (b) If the State terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Procurement Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated. (c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond	Optional. Use this clause for clauses with an expected value in excess of \$100,000. [An amount should be specified. FYI - \$100,000 is the small acquisition threshold for the federal acquisition regulations – Part 13.] For contracts below this threshold, use the Short Version. A "termination for cause," "termination for default," or "Default" clause is NOT essential. Under the common law, parties can terminate a contract without such a clause. Nevertheless, a Default clause does have benefits.

Upon direction of the Procurement Officer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.</p> <p>(f) The State shall pay contract price for completed supplies delivered and accepted. The Contractor and Procurement Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property; if the parties fail to agree, the Procurement Officer shall set an amount subject to the Contractor's rights under the Disputes clause. Failure to agree will be a dispute under the Disputes clause. The State may withhold from these amounts any sum the Procurement Officer determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.</p> <p>(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the termination had been issued for the convenience of the State. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be adjusted to compensate for such termination and the contract modified accordingly subject to the contractor's rights under the Disputes clause.</p> <p>(h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract.</p> <p>[07-7B075-1]</p>

7B097-1	ILLEGAL IMMIGRATION (NOV 2008): (An overview is available at www.procurement.sc.gov) By signing your offer, you certify that you will comply with the applicable requirements of Title 8, Chapter 14 of the South Carolina Code of Laws and agree to provide to the State upon request any documentation required to establish either: (a) that Title 8, Chapter 14 is inapplicable to you and your subcontractors or sub-subcontractors; or (b) that you and your subcontractors or sub-subcontractors are in compliance with Title 8, Chapter 14. Pursuant to Section 8-14-60, “A person who knowingly makes or files any false, fictitious, or fraudulent document, statement, or report pursuant to this chapter is guilty of a felony, and, upon conviction, must be fined within the discretion of the court or imprisoned for not more than five years, or both.” You agree to include in any contracts with your subcontractors language requiring your subcontractors to (a) comply with the applicable requirements of Title 8, Chapter 14, and (b) include in their contracts with the sub-subcontractors language requiring the sub-subcontractors to comply with the applicable requirements of Title 8, Chapter 14. 7B100-2	INDEMNIFICATION-THIRD PARTY CLAIMS – GENERAL (NOV 2011): Notwithstanding any limitation in this agreement, and to the fullest extent permitted by law, Contractor shall defend and hold harmless Indemnitees for and against any and all suits or claims of any character (and all related damages, settlement payments, attorneys’ fees, costs, expenses, losses or liabilities) by a third party which are attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property arising out of or in connection with the goods or services acquired hereunder or caused in whole or in part by any act or omission of contractor, its subcontractors, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable,	Optional. Contractor shall be given timely written notice of any suit or claim. Contractor's obligations hereunder are in no way limited by any protection afforded under workers' compensation acts, disability benefits acts, or other employee benefit acts. This clause shall not negate, abridge, or reduce any other rights or obligations of indemnity which would otherwise exist. The obligations of this paragraph shall survive termination, cancelation, or expiration of the parties' agreement. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance. (b) Indemnitee must notify contractor in writing within a reasonable period of time after Indemnitee first receives written notice of any action. Indemnitee's failure to provide or delay in providing such notice will relieve contractor of its obligations under this clause only if and to the extent that such delay or failure materially prejudices contractor's ability to defend such action. Indemnitee must reasonably cooperate with contractor's defense of such actions (such cooperation does not require and is without waiver of an Indemnitees attorney/client, work product, or other privilege) and, subject to Title 1, Chapter 7 of the South Carolina Code of Laws, allow contractor sole control of the defense, so long as the defense is diligently and capably prosecuted. Indemnitee may participate in contractor's defense of any action at its own expense. Contractor may not, without Indemnitee's prior written consent, settle, compromise, or consent to the entry of any judgment in any such commenced or threatened action unless such settlement, compromise or consent (i) includes an unconditional release of Indemnitee from all liability related to such commenced or threatened action, and (ii) is solely</p>	<p>Consider for use in all services procurements which involve contractor access to or possession of important agency or citizen data. <p>7B105- 47B103-1</p>	<p>INDEMNIFICATION -INTELLECTUAL PROPERTY INFRINGEMENT (JAN 2006): (a) Without limitation and notwithstanding any provision in this agreement, Contractor shall, upon receipt of notification, defend and indemnify the State, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees against all actions, proceedings or claims of any nature (and all damages, settlement payments, attorneys' fees (including inside counsel), costs, expenses, losses or liabilities attributable thereto) by any third party asserting or involving an IP right related to an acquired item. State shall allow Contractor to defend such claim so long as the defense is diligently and capably prosecuted. State shall allow Contractor to settle such claim so long as (i) all settlement payments are made by Contractor, and (ii) the settlement imposes no non-monetary obligation upon State. State shall reasonably cooperate with Contractor's defense of such claim. (b) In the event an injunction or order shall be obtained against State's use of any acquired item, or if in Contractor's opinion, the acquired item is likely to become the subject of a claim of infringement or violation of an IP right, Contractor shall, without in any way limiting the foregoing, and at its expense, either: (1) procure for State the right to continue to use, or have used, the acquired item, or (2) replace or modify the acquired item so that it becomes non-infringing but only if the modification or replacement does not adversely affect the specifications for the acquired item or its use by State. If neither (1) nor (2), above, is practical, State may require that Contractor remove the acquired item from State, refund to State any charges paid by State therefor, and take all steps necessary to have State released from any further liability. (c) Contractor's obligations under this paragraph do not apply to a claim to the extent (i) that the claim is caused by Contractor's compliance with specifications furnished by the State unless Contractor knew its compliance with the State's specifications would infringe an IP right, or (ii) that the claim is caused by Contractor's compliance with specifications furnished by the State if the State knowingly relied on a third party's IP right to develop the specifications provided to Contractor and failed to identify such product to Contractor. (d) As used in this paragraph, these terms are defined as follows: "IP right(s)" means a patent, copyright, trademark, trade secret, or any other proprietary right. "Acquired item(s)" means the rights, goods, or services furnished under this agreement. "Specification(s)" means a detailed, exact statement of particulars such as a statement prescribing materials, dimensions, and quality of work. Ordinarily, this clause need not be used for an acquisition of goods only (an acquisition covered by the UCC), as long as you do not allow the contractor to insert any limitation of damages, remedy, or warranty disclaimers. Otherwise, this clause should be widely used in all contracts.</p> <p>This clause should also be used for acquisitions of goods involving detailed design specifications, such as school bus procurements.</p>

The requirements reflected herein are minimal and should not be relied upon as a default. In compliance with internal agency policies governing information security, each agency must determine for itself whether the services acquired from the contractor warrant the imposition of additional controls by contract. Agencies should be aware that commercial providers of commodity-type services typically organize their business models and services around the concept of shared resources and devices for a broad and diverse customer base. Therefore, unless an organization obtains fully dedicated services from a commercial service provider, there may be a need for greater reliance on compensating security controls by the agency to provide the necessary protections for the information system that relies on those external services. Internal agency assessments of risk and risk mitigation activities are necessary to address this situation.</p>

Upon Procurement Officer’s request, you shall submit cost or pricing data, as defined by 48 C.F.R. Section 2.101 (2004), prior to either (1) any award to contractor pursuant to 11-35-1530 or 11-35-1560, if the total contract price exceeds \$500,000, or (2) execution of a change order or contract modification with contractor which exceeds \$100,000. Your price, including profit or fee, shall be adjusted to exclude any significant sums by which the state finds that such price was increased because you furnished cost or pricing data that was inaccurate, incomplete, or not current as of the date agreed upon between parties. (b) Records Retention. You shall maintain your records for three years from the date of final payment, or longer if requested by the chief Procurement Officer. The state may audit your records at reasonable times and places. As used in this subparagraph (b), the term “records” means any books or records that relate to cost or pricing data submitted pursuant to this clause. In addition to the obligation stated in this subparagraph (b), you shall retain all records and allow any audits provided for by 11-35-2220(2). (c) Inspection. At reasonable times, the state may inspect any part of your place of business which is related to performance of the work. (d) Instructions Certification. Mandatory for contracts with a total potential value in excess of \$100,000. 2. Why to Request Cost or Pricing Data: Procurement officers have a basic responsibility for evaluating the reasonableness of an offer’s price. For most procurements, this evaluation is facilitated by adequate price competition. However, in sole source procurements, many RFPs, and all change orders, little or no true price competition exists. Regardless of the reason, cost or pricing data provides the information needed to perform that evaluation. In addition, such data can be <u>exceedingly</u> valuable when developing a negotiation position (say, when negotiating on an RFP, sole source, or change order). Essentially, this data allows you to determine the offeror’s / contractor’s actual cost and profit margin prior to completing negotiations over what to pay. Private firms would welcome the opportunity to get such data. Take advantage of it! 3. When to Request Cost or Pricing Data: You should request cost or pricing data when, and only when, Section 11-35-1830 requires its submission. As reflected in this clause, we do not ask for such information pursuant to this clause if either (a) the total contract price does not exceed \$500,000, [\$1,000,000 / \$2,000,000] or (b) the value of a contract change does not exceed \$100,000. Generally, request this information prior to awarding on an RFP, sole source, change order, or contract modification. 4. CFR References. 7B195-1	PRIVACY – WEB SERVICES (JAN 2006): You agree that any information acquired by you about individuals or businesses that is available to you as a result of your performance of this contract shall not be retained beyond the end of the term of the contract without the express written consent of the government. Such information shall never be sold, traded, or released to another entity, including affiliates, and shall not be used for any purpose other than performing this contract. Upon request, contractor shall provide written confirmation of compliance with this clause. [07-7B195-1]	Use only when the contract may involve the contractor providing services for the state (to the state or the public) through the internet. So much personal information can be captured by vendors we hire to provide web-based services, that it seems appropriate to contractually provide privacy for those visiting government web sites – the public and employees alike.
7B200-1	PURCHASING CARD (JAN 2006): Contractor agrees to accept payment by the South Carolina Purchasing Card for no extra charge. The Purchasing Card is issued by Visa. The purchasing card allows state agencies to make authorized purchases from a vendor without the requirement to issue a purchase order. [07-7B200-1]	Use only in procurements for supplies unless approved by your supervisor.
7B205-1	RELATIONSHIP OF THE PARTIES (JAN 2006): Neither party is an employee, agent, partner, or joint venturer of the other. Neither party has the right or ability to bind the other to any agreement with a third party or to incur any obligation or liability on behalf of the other party. [07-7B205-1]	Recommended for most services contracts. Occasionally, the state retains a contractor that acts in a manner that suggest that the state has authorized the vendor to act on its behalf, when in fact, the vendor is acting on its own behalf. For example, an advertising firm might acquire film production services to develop a TV ad for the state. The film production company might mistakenly believe that the vendor is acquiring its services for the state rather than for the vendor. This clause makes clear that the vendor does not have authority to act as an agent, or enter into a contract for the state.

The contract, as defined in the clause titled "Definitions," will address all work (excluding the use rights for any software product) and all terms regarding pricing, payment, and delivery of any software product. Without limiting any of the above requirements, an applicable agreement may already exist for one or more items</u></p>	<p><u>Software Licenses, Clause No. 7B215-1.</u></p> <p><u>6. Bankruptcy</u></p> <p><u>Prior to issuing a solicitation, and no later than negotiations, an agency may wish to consider the implications of bankruptcy by the licensor of any software to be acquired that is expensive and mission-critical. Some bankruptcy-related risks can be addressed in the procurement contract, but some must be addressed in the software licensing agreement. To that end, the following may be of interest:</u></p> <p><u>In broad, general terms, the bankruptcy code allows a bankrupt business to avoid its unperformed contractual obligations by "rejecting" executory contracts, i.e., contracts that have not been fully performed on both sides. In 1985, the Fourth Circuit Court of Appeals held that a technology license could be rejected unilaterally by a licensor, thus eliminating the licensee's right to use the intellectual property. Lubrizol Enter., Inc. v. Richmond Meal Finishers, Inc., 756 F.2d 1043 (4th Cir. 1985). In response, Congress enacted the Intellectual Property Bankruptcy Protection Act of 1988, which appears in section 365(n) of the U.S. Bankruptcy Code. Section 365(n) was enacted to ensure that an intellectual property licensee would not be denied the benefit of its bargain with the licensor following the licensor's bankruptcy. It prevents a bankrupt licensor from rejecting licensing agreements and depriving a licensee of the intellectual property rights it acquired in the licensing contract, and does so by validating and making self-enforcing any agreement which the parties may have regarding access to the intellectual property prior to the bankruptcy.</u></p> <p><u>Section 365(n) provides the non-debtor licensee two options when the debtor-licensor rejects the license contract. First the licensee can treat the contract as terminated if rejection of the contract would constitute a breach of the agreement were the licensor is not in bankruptcy. Under this option, the licensee may assert a claim against the licensor's bankruptcy estate for damages, but it might forfeit all right to continue use of the intellectual property. Second, the licensee can retain its right to use the license to the intellectual property for the contract period, and "any period for which such contract</u></p>

	<p><u>of COTS you have identified.] [07-7B224-1]</u></p>	<p><u>may be extended by the licensee as of right under applicable non-bankruptcy law.” While a licensee cannot force the licensor to specifically perform any of its contractual obligations, it can maintain its right to continue using the intellectual property. So, for example, the licensee may no longer acquire any maintenance (patches, fixes, and updates), but can continue using the software. To take advantage of Section 365(n) licensees need to address this issue in its license agreement. We do so in Piggyback paragraph 12.2, particularly the last sentence which provides the State with the option of using the software for either the original term of the authorized EULA or a period of five years after the licensor seeks to reject the software license. The concept is to prevent the State from an immediately loss of the right to use the intellectual property as a result of the licensor’s business failure. To date, we have not agreed to any modifications to this clause.</u></p> <p><u>Section 365(n) provides that, if the licensee chooses to retain its rights under the license notwithstanding its rejection by the debtor, “then on the written request of the licensee the trustee shall – (A) to the extent provided in such contract . . . provide to the licensee any intellectual property (including such embodiment) held by the trustee . . .” (Also see additional language in 365(n).) We lack internal expertise in bankruptcy, but this may well provide a means by which the licensee – despite bankruptcy and despite the debtor’s efforts to reject the lease – can force the bankruptcy trustee to honor a source code escrow agreement, provided one has been negotiated into the contract. Accordingly, the procurement officer may wish to discuss this option with the using agency on the front end. Having the source code and a license to use it may be a valuable parachute for expensive, mission-critical software that would be challenging to replace.</u></p> <p><u>Along the same lines, and according to at least one article, a licensee that elects to retain its rights under a rejected IP license should be aware that a later sale of the debtor’s assets free and clear of interests and liens under section 363(f) can extinguish the licensee’s rights. (This risk exists even if the license is not rejected.) The</u></p>
