BACKGROUND

This document resulted from an effort to standardize our most commonly used provisions and clauses. The goal of the effort was to facilitate efficiency, quality control, and training.

The provisions and clauses appearing in this compendium have been approved for use by any Procurement Officer employed by the State Procurement Office or the Information Technology Management Office. THIS COMPENDIUM IS NOT A SUBSTITUTE FOR YOUR PROFESSIONAL JUDGMENT OR LEGAL ADVICE.

USER INFORMATION & INSTRUCTIONS

Every solicitation issued by ITMO or SPO must include the following exactly as they appear in this document: the Cover Page, Page Two, the Instructions to Offerors – General Instructions, and the Terms and Conditions – General. In addition, every solicitation must be organized in accordance with the Uniform Solicitation Format (see below). Solicitations conducted under 11-35-1529 (reverse auction), -1550 (small purchase), -1560 (sole source), -1570 (emergency), & -1575 (procurements at auction) are exempt from these two requirements.

Except as provided above, Procurement Officers may alter any clause. However, Procurement Officers are encouraged to consult with a supervisor, Chief Procurement Officer, or legal counsel before altering any form, provision or clause.

All of the provisions and clauses in this document have a unique title. Many of them have a parenthetical date appearing immediately after the title, e.g., "AWARD NOTIFICATION (AUG 2004)." Any time any provision or clause is revised, a new date will be assigned. These conventions allow those familiar with them to avoid rereading every provision or clause each time it is encountered. ACCORDINGLY, DO NOT INCLUDE EITHER THE TITLE OR THE PARENTHETICAL DATE UNLESS YOU ARE USING THE TEXT EXACTLY AS IT APPEARS HEREIN!

GUIDANCE

Many of the provisions and clauses in this document are accompanied by guidance regarding when and how the provision or clause should be used. This guidance appears next to the relevant clause.

UNIFORM SOLICITATION FORMAT

The following outline has been adopted by SPO and ITMO to standardize the organization of all solicitation documents used in procurements exceeding the small purchase threshold. Use of this format is mandatory.

- I. Scope of Solicitation
- II. Instructions to Offerors
 - A. General Instructions
 - B. Special Instructions
- III. Scope of Work / Specifications
- IV. Information for Offerors to Submit
- V. Qualifications
- VI. Award Criteria
- VII. Terms and Conditions
 - A. General
 - B. Special
- VIII. Bidding Schedule / Cost Proposal
- IX. Attachments to Solicitation

Each item in the outline must be used in the solicitation document as a header for the appropriate contents of the solicitation. The clauses in this document have been organized according to this outline. For example, clauses that should appear under the heading “VI. Award Criteria” will appear in Part 6 of this document.

GUIDANCE ON THE UNIFORM SOLICITATION FORMAT

Most South Carolina state agencies use a computer system to automate critical back-office functions such as procurement, payroll, and employee leave. The software that drives this system was licensed from a company named SAP. The product is SAP’s ERP software, which is SAP’s enterprise resource planning package. “SCEIS” is an acronym for South Carolina Enterprise Information System, which is South Carolina’s version of the SAP product. Document Builder is the subsystem of SCEIS that automates the solicitation-building process outlined in this document. Most references to SCEIS are references to the Document Builder subsystem.

Cover Page

- (a) Header Block: This block identifies the chosen source selection method, e.g., Invitation for Bids, Request for Proposals, or Best Value Bid, and provides the Procurement Officer’s name and contact information.
- (b) Description: This block provides a brief description of the solicitation. The description should mirror the description used in SCBO. Your description should be a brief phrase that accurately identifies the supply or service to be acquired. You can elaborate on the description in your Scope of Services section.
- (c) Using Governmental Unit: This block identifies the name of the agency for which the procurement is being conducted. If you have more than one agency, select one of the following two phrases, as appropriate:
 - “Statewide Term Contract”
 - “Multi-Agency (See Part I., Scope of Solicitation, for a complete list of Using Governmental Units)”

If “Multi-Agency” is selected, the Procurement Officer must include a complete list of Using Governmental Units in Part I, Scope of Solicitation.
- (d) Submit Offer By: This block provides the date and time selected for opening.
- (e) Number of Copies to be Submitted: This block identifies the number of copies an offeror should submit. Use one of the following choices from the dropdown menu in SCEIS. The Procurement Officer must insert a numeral for the “x” in either phrase.
 - (1) “One (1) original and (x) copies”
 - (2) “One (1) original and (x) copies (marked ‘copy’)”
 - (3) “One original in hard copy and (x) electronic copies (format specified herein)”
 - (4) “(x) identical electronic copies”
 - (5) “Upload one copy to the URL provided below”
- (f) Questions Must be Received By: This block identifies the date by which questions must be received. If you leave this blank, the Questions from Offerors provisions provide a default of five days prior to opening.
- (g) Award & Amendment: This block identifies the date that the award or notice of intent to award will be posted.

- (h) Conference Type: This block appears on the cover page of all procurements. If there is no conference, the phrase “None - Not Applicable” should be inserted next to “Conference Type”. In the rare circumstance that you input multiple dates into SCEIS for multiple conferences, you will, below the “Date and Time” line, insert the phrase “Additional Conferences Are Scheduled. See Part II.B.” For all conferences, SCEIS will also insert the address the Procurement Officer previously selected.
- (i) Bid Acceptance Period: Immediately above the signature block, the Cover Page includes the following phrase: “You agree to hold Your Offer open for a minimum of thirty (30) calendar days after the Opening Date.” The Procurement Officer should adjust the minimum as appropriate for the solicitation. If you are buying a commodity with a volatile price, 30 days may be too long. If you are doing a solutions based RFP for which price volatility is not an issue and you require 45 days just for the evaluation, 30 days may be too short. Thirty days is the default.
- (j) Addresses: This block only appears in the Cover Page used by MMO. This block identifies the address to which bids or proposals must be submitted if not submitted via SCEIS.

Page Two

Page Two is a new standard second page to all solicitations. If you determine that preferences do not apply to the solicitation, include the phrase “PREFERENCES DO NOT APPLY” in red letter text at the end of both Preferences blocks.

I. Scope of Solicitation

- (a) Brief Description: This section exists to provide a very brief introduction into the purpose of the solicitation. Ordinarily, the information provided in this section would be limited to a brief overview of the products or services to be acquired and which elaborates on the description appearing on the cover page. Often this information will be custom drafted.

Special Instructions on Statewide Term Contracts: The Procurement Officer must draft appropriate text for the “Scope” part of the solicitation that carefully defines the parameters of a statewide term contract. The clause entitled “Statewide Term Contract – Scope” provides that the scope of the statewide term contract is defined by the brief description included in this part of the solicitation.

- (b) Maximum Contract Period: You may include a Maximum Contract Period here; however, you should add a notation that the dates provided are proposed dates only. (A Maximum Contract Period is not appropriate for one-time buys.) To help you, assorted clauses are available on this point.
- (c) Budget Maximums: Budget maximums are discouraged. If a budget estimate or maximum is stated, that information would go here. To help you, assorted clauses are available on this point.

II.A. Instructions to Offerors – General Instructions

These clauses are used, as a group, in all competitive procurements involving a written solicitation. For acquisitions above the small purchase threshold, their use is mandatory. These clauses provide basic instructions to the vendor community regarding how to respond and how the process will be conducted. They provide a baseline set of procedures. Additions to or modifications of these baseline procedures are affected by adding provisions to the section labeled: II. Instructions to Offerors – B. Special Instructions.

Definitions: Learn the definitions. To facilitate clarity and consistency, the definitions in Part II.A., Instructions to Offerors – General Instructions, should be used, as appropriate, in all clauses you custom draft. In other clauses, do not substitute new terms for defined terms. For example, the terms “State,” “Using Governmental Unit,” and “Ordering Entity” have been defined. The name of a particular agency, say DOT, should not be substituted for the term “State.” Likewise, the term “agency” should not be used at all. Rather, use the term “State,” “Using Governmental Unit,” or “Ordering Entity” as appropriate.

II.B. Instructions to Offerors – Special Instructions

This section should be used to either add to or modify the baseline procedures established by the general instructions stated in the section labeled: II. Instructions to Offerors – A. General Instructions. The clauses in this category represent those clauses used frequently. The circumstances of any given procurement may warrant drafting a unique clause that differs from those available here.

Mandatory Pre-Opening Conferences: Requiring attendance at conferences prior to opening can substantially limit competition. In addition, mandatory attendance has limited benefits. First, offerors can be bound by the information they would acquire, whether or not they attend. Second, offerors can send a straw man - untrained staff that attends only to meet the requirement, but that does not benefit from attendance. Before a pre-opening conference can be made mandatory, the requirements of Regulation 19-445.2042 must be met. This requirement applies equally to a solicitation for competitive sealed proposals. R. 19-445.2095(H)(1).

III. Scope of Work / Specifications

- (a) This section should contain any specifications for a commodity that are not directly included in the bid schedule. This section should also contain the scope of work for a services contract. Some paragraphs, e.g., performance bonds, insurance, delivery, may be appropriately placed in either this section or the section labeled VII. Terms and Conditions – B. Special. Each Procurement Officer will have to exercise their professional judgment. If the specifications are very limited and contained completely within the Bidding Schedule, it may be appropriate to leave this section blank, except for a clause that states “See attached Bidding Schedule,” or as appropriate, “See attached Price Proposal Form.”
- (b) Frequently used clauses have been included in this category. However, these clauses are not appropriate for all situations.

IV. Information for Offerors to Submit

As appropriate, use this space to: (a) summarize and cross-reference to the other portions of this solicitation that call for offerors to submit documentation or information, (b) request information that will be used for evaluation, if that information has not been requested elsewhere, and (c) request information that does not fit appropriately in another section, e.g., information regarding minority subcontractors, or information on contractor’s use of off-shore subcontractors. To help you, assorted clauses are available on this point.

V. Qualifications

Ordinarily, the Procurement Officer will include the basic clause entitled “Qualifications.” If specific information or documents are required, the clause entitled “Qualifications – Required Information” should be used. If the solicitation will be establishing mandatory minimum requirements for experience or other qualifications, the Procurement Officer should use the clause labeled “Qualifications – Mandatory Minimum.” Using this clause should be the exception, rather than the rule. Potentially, all three could be used.

Part 5, Qualifications, should NOT include post-award performance obligations. This area is only for requesting information or documentation that will be used to determine responsibility. For example, the following statement is a performance obligation that should appear in Part 3 (Scope of Work / Specifications), not a responsibility requirement for Part 5: “Contractor must maintain a service organization in Spartanburg adequate to service this contract.”

Do not simply cross reference to Part 3 (Scope of Work / Specifications) or Part 4 (Information for Offerors to Submit)!

Requesting References: Consider the following statement: “References: Offeror shall provide the names and contact information of three businesses for which contractor has provided, during the last three years, similar services for at least one year.” Assume the low bid is from a highly qualified firm that did not provide but two references. Must the bid be rejected? On one hand, the failure to provide references is a minor informality, which can be waived or corrected. Section 11-35-1520(13)(j) (identifying “failure of a bidder to furnish references” as a minor informality). On the other hand, failure to meet a mandatory minimum experience requirement requires rejection. When the two are drafted together, the confusion is obvious. You should not use a request for references to establish mandatory minimum qualifications. Use the recommended clauses in Part 5 to help avoid this problem.

Pre-Award Responsibility Requirement v. Post-Award Performance Obligation: Solicitations often fail to take this distinction into consideration. To illustrate, consider the following statement: “Qualifications: Offeror shall have no less than ten licensed nurses on staff.” Taken alone, this requirement probably creates a pre-award responsibility criteria, not a post-award performance obligation. As written, the successful offeror could have ten licensed nurses on staff the day of award and fire three of them the next day. Moreover, by eliminating any offeror with less than ten licensed nurses on staff, the solicitation has restricted competition; a very qualified firm that recently lost one of its ten long-term nurses might be disqualified, while a new firm that just hired ten new graduates would qualify. Either way, the requirement has done nothing to guarantee that the firm will maintain that staffing level. In contrast, the solicitation could have said nothing about pre-award qualifications (opening competition), but could have created an enforceable performance obligation. For example, the solicitation could have stated that “At all times during the term of this contract, contractor shall employ no less than ten full-time, properly licensed, registered nurses.”

Legal Commentary: Regarding the distinction between definitive responsibility criteria and contractual performance obligations, see *Hettich GmbH and Co., KG*, B-224,267, 1986 WL 64262, at 2 (Comp. Gen. October 24, 1986) (“Definitive responsibility criteria are specific and objective standards, established by an agency for a particular procurement, for use in measuring an offeror’s ability to perform the contract; these special standards establish a precondition to award. Definitive responsibility criteria limit the class of offerors to those meeting specified qualitative and quantitative qualifications that the agency determines are necessary for adequate contract performance. Thus, definitive responsibility criteria involve a bidder’s eligibility for award and not its performance obligations under the contract. In a strikingly similar case, *Johnson Controls, Inc.*, B-200466, Feb. 20, 1981, 81-1 CPD 120, the solicitation required that service personnel employed by the successful contractor for the repair and maintenance of a highly complex energy management and control system “be certified by the manufacturer’s representative to be qualified to maintain the completely installed ... system.” We found that this provision did not constitute a definitive responsibility criterion. We stated that such provisions, which state how and by whom the work is to be accomplished, are performance requirements and are to be distinguished from requirements which are preconditions of award.... In our view, the cited RFP provisions are merely part of the general specifications concerning performance (how and by whom the work is to be accomplished) and do not establish a precondition to award.”) (citations omitted).

Experience of Staff v. Experience of Offeror: Solicitations often state that offerors must meet certain minimum experience or qualification requirements. Applied literally, such statements are overbroad, unnecessarily restrict competition, and fail to consider the experience of the staff. For example, say John Doe has worked in Aiken for 25 years as the primary manager of ACME Janitorial Co.. He hired the janitors (many of whom come and go), acquired the supplies, and oversaw all operations. Mr. Doe moves to Columbia and opens his own business, Jan-Doe Cleaning, Inc. A requirement that offeror have 3 years experience might exclude Jan-Doe Cleaning, Inc., while allowing ACME Janitorial, Inc., which recently hired a new MBA with no management experience in the janitorial industry. In this scenario, the requirement did not serve its purpose – to acquire qualified vendors. Accordingly, if you create mandatory minimum qualifications, consider allowing an offeror to meet that requirement by relying on its staff.

Legal Commentary: Regarding the use of staff experience in determining responsibility, see *To the Nello L. Teer Company*, 1957 WL 1485, 36 Comp. Gen. 673, B- 130,910 (Comp.Gen. Mar 26, 1957) and *R. R. Mongeau Engineers, Inc.*, 1984 WL 44001, B- 213,330, 84-1 CPD P 333 (Comp.Gen., Mar 20, 1984) (We have recognized that an evaluation of a firm's corporate experience need not be limited to the time from which the corporation began its legal existence. See *Harry Kahn Associates, Inc.*, supra. It is not improper for an agency to consider the experience of a predecessor firm or of a corporation's principal officers which was obtained prior to the date the bidder was incorporated. In *Haughton Elevator Division, Reliance Electric Company*, supra, we held that experience gained by a corporation's officers before the date of the firm's incorporation could properly be considered by the contracting officer in making a determination whether the firm met an eligibility criterion which was similar to the eligibility criterion set forth in the present IFB.") (citations omitted).

Subcontractor's Qualifications: In determining whether an offeror is responsible, you may consider the qualifications of any applicable subcontractor identified in an offer. R. 19-445.2125(G).

Legal Commentary: See *Contra Costa Electric, Inc.*, 1981 WL 24308, B- 200,660, 81-1 CPD P 196 (Comp.Gen., Mar 16, 1981) (explaining that a prime contractor may meet an experience requirement by having previously performed the necessary work with its own organization or by using the subcontractors now proposed); *Hardie-Tynes Manufacturing Company*, 1990 WL 269557, 69 Comp. Gen. 359, B- 237,938, 90-1 CPD P 347 (Comp.Gen., Apr 02, 1990) ("The experience of a technically qualified subcontractor may be used to satisfy definitive responsibility criteria relating to experience for a prime contractor-bidder.")

VI. Award Criteria

- (a) This section should contain the criteria that will be used for determining award and the evaluation factors used in any evaluation. This section should not be used for requesting information or documentation.
- (b) Prior to drafting this section, you should **carefully** consider how the various possible responses will be evaluated.
- (c) IF YOU ASK FOR PRICING OR COST INFORMATION THAT WILL NOT BE USED EITHER TO DETERMINE THE LOW BID OR THE HIGHEST RANKED OFFEROR, STATE THAT FACT SPECIFICALLY. For example, if the price or cost of options on equipment is sought but will not be included in your evaluation, state something like "Option pricing will not be used to determine the lowest bidder. An offer may be rejected if option pricing is deemed unreasonable."

VII. A. Terms & Conditions - General

These clauses are used, as a group, in all competitive procurements involving a written solicitation. These clauses, which are applicable to all types of procurements, regardless of source selection method or item to be acquired, provide basic contract clauses regarding the contractor's *post-award performance obligations*. Additions to these baseline clauses should be included in the section labeled VII. B. Terms and Conditions - Special.

VII. B. Terms & Conditions - Special

These clauses are used as needed. The Procurement Officer must exercise professional judgment when deciding to include one of the following clauses. Guidance specific to each clause is provided in the table below.

VIII. Bid Schedule / Price-Business Proposal

- (a) If you have a bid schedule, place it here.
- (b) If you are including price as an initial evaluation criteria, request pricing information here.

- (c) If you seeking a business proposal (which includes pricing information, but not as a separate evaluation factor), request that business proposal here.
- (d) If you are not requesting any pricing information, include a statement that this section has been intentionally left blank.

ASSORTED GUIDANCE

Awards & Intent to Award

Every award or intent to award shall be titled either “Award” or “Statement of Award,” even if the document is used to suspend, reinstate, cancel or terminate an award, contract, or solicitation.

Protest Rights: Section 11-35-1520(10) mandates that every award or intent to award must contain a statement of the bidders right to protest (unless the amount of the award is \$50,000 or less, Section 11-35-4210(1)(d)). Section 11-35-4210(8) mandates that every award or intent to award must contain the address of the appropriate Chief Procurement Officer.

Maximum Contract Period (Guidance For Contracts Other than a One Time Buy): As standard practice, a document labeled “Intent to Award” is issued for all contracts with a total or potential value of \$100,000 or more. As stated on its face, this document “becomes the official statement of award effective [on a date specified], unless otherwise suspended or canceled.” For contracts with a total or potential value of less than \$100,000, a document labeled “Statement of Award” is issued. Once the official statement of award is effective, contract formation has occurred. However, the effective date of award may or may not coincide with the contract period (though it usually does). As provided in the clause entitled “Term of Contract – Effective Date / Initial Contract Period”, the effective date of a contract is the first day of the Maximum Contract Period as specified on the final statement of award. Accordingly, you should specify the Maximum Contract Period on all award statements.

Cancellation of Solicitation

Pre-Opening: If a solicitation is terminated prior to opening, notice of this action should be provided by issuing a final “amendment”. [For SCEIS users: After a “no award” solicitation amendment is issued, you must return to both the requisition and solicitation header page, and change the “status” indicator from “active” to “no award”. Failure to do so disrupts SCEIS’s reporting capability.]

Post-Opening: Terminating a solicitation after opening requires a written determination that satisfies the requirements of Regulation 19-445.2065 (IFB) or Regulation 19-445.2097 (RFP), as applicable. If a solicitation is terminated after opening, notice of this action should be provided by issuing an award or intent to award statement (not a document labeled “No Award”). The statement should include both (a) the following subheading: “Notice of Cancellation of Solicitation,” and (b) either a copy of the written determination or notice that a written determination has been made and is available upon request. Clauses under the Award part of this compendium provide assorted appropriate clauses.

Cancellation of Award

After an award or intent to award has been issued, it may be cancelled prior to the beginning of contract performance, but only in accordance with R. 19-445.2085(C). The cancellation must be justified by a written determination. Only a Chief Procurement Officer may order such a cancellation. If a procurement activity is terminated after posting of the intent to award, but prior to final award, the termination should be effectuated by re-posting your award statement, annotated with the appropriate clause to reflect its cancellation and including either the CPO’s written determination under R. 19-445.2085(C) or a URL reflecting where it is posted. If the award is cancelled after it goes final (which will be extraordinarily rare), you need take no action in SCEIS. The CPO will issue a written order and send it to the awarded vendor.

Referring to Web Sites / Uniform Resource Locators

In preparing your solicitation, do not reference information posted on the internet unless the web site is maintained by your organization and you have a procedure in place to ensure the availability of that information for the duration of the contract. This guidance does not address posting solicitation documents on the internet.

Cost v. Price

When drafting your solicitation, be cognizant of the difference between cost and price. Cost is “actual expenses incurred in delivering a product, service, or construction; includes both direct and indirect costs, but does not include fee or profit for the vendor.” In contrast, price is “the total amount, in money or other consideration, to be paid or charged for a commodity or service; normally includes all costs (direct labor, overhead, materials) and profit or fee.” National Association of Governmental Purchasing, Inc., Dictionary of Purchasing Terms 22 & 62 (5th ed. 1998).

GUIDANCE ON STANDARD FORMS & APPENDICES

The appendices have been reordered in this version. Appendices A through T are sample documents, presented in the same order they would appear during the procurement process. The list of user-selected clauses has been moved to the end of the Compendium for easy access. Other appendices have been renamed and there are several additions since version 1.2.

Appendices A, B, & C, Cover Pages (Online and paper bidding) and Page Two: For guidance on these appendices, please see the guidance above under the heading Guidance on the Uniform Solicitation Format.

Appendix D, Instructions for Non-Resident Taxpayer Registration & I-312: For guidance on this appendix, please see the instructions appearing in the form.

Appendix E, Offeror’s Checklist: This form was drafted several years ago to help avoid defective bids and proposals. Use is optional.

Appendix F, Standard Equipment Agreement: Always use this form in conjunction with the clause in Part 2B entitled Lease Form – Questions. This form must be used as required by Regulation R.19.445.2152(B)(1) and in Section 11-35-2010(2). By 2001 Act. No. 67, South Carolina adopted new Article 2A – Leases of the Uniform Commercial Code. This law is codified in Title 36, Chapter 2A and governs the leasing of personal property, such as equipment. In light of these changes, ITMO and SPO plan to revise the Standard Equipment Agreement. This process is underway.

Appendix G, Purchase Order Attachment – Acceptance of Orders 10% Below Statewide Term Contract Price: This form is part of all solicitations for statewide term contracts. Its use implements provisions of Section 11-35-310(35).

Appendix H, Service Provider Security Assessment Questionnaire: This form may be used in procurements involving significant risks of information security.

Appendix I, South Carolina Standard Amendment To End User License Agreements For Commercial Off-The-Shelf Software - Single Agency: This form must be used in procurements requiring software license agreements for single agencies.

Appendix J, Software Table: This form is a companion to Appendix I.

Appendix K, Sample Low Bid Formulas: Usually, the results of a competitive sealed bid are determined by simply comparing a single price offered by each bidder. In some procurements, however, the “price” bid requires some formula or calculation. In conjunction with the clause entitled “Calculating the Low Bid”, several sample low bid formulas have been included to illustrate this concept. Those examples appear in Appendix K. Please also see the guidance above under the heading “VI. Award Criteria”.

Appendix L, Buyer Validation Report: Sample report generated by SCEIS that allows a buyer to print all the “variables” in a solicitation.

Appendix M, Bidder Validation Report: Sample report generated by SCEIS that allows a bidder to print his on-line submittal.

Appendix N is reserved for forms to document clarifications conducted pursuant to Sections 11-35-1520(8) and 11-35-1530(6) and Regulations 19-445.2080 and 19-445.2095(E). These materials are under development and will be published when completed and approved.

Appendix O, Discussions Forms

Appendix P, Record of Negotiations: Use of this form is mandatory. Sections 11-35-1520(10) and 11-35-1530(8) authorize certain negotiations. Use this form to memorialize any agreement regarding a change in either the state’s or the vendor’s contractual obligations.

Appendix Q, Record of Negotiations – Sample & Tips

Appendix R, Extension Notices and Instructions

Appendix S, Award Statement (samples): Use of these forms is required. A review of section 11-35-1520(10) suggests that, when applicable, the State will post two different documents: one giving notice of the State’s intention to award a contract and another giving notice that the State is or has awarded a contract. However, the statute does not require any particular form or wording. Rather, the statute requires only that notice of certain information is provided. As a matter of practice, the State ordinarily posts only one document for each procurement. For contracts with a value less than \$100,000, the State usually posts a document denominated as an “Award Statement” or a “Notice of Award”. These documents are normally signed by the responsible procurement officer and may constitute the State’s acceptance of a vendor’s offer. For contracts with a value of \$100,000 or more, the State usually posts a document denominated as a “Notice of Intent to Award”. The current form, which has been used for many years, explains that, eleven days after the date it is posted, the Notice of Intent to Award “becomes” an award and serves as notice of the award. Regardless of which document is posted, the protest period begins with its posting.

Appendix T, Change Order Form: Use of this form is mandatory. Use this form for all post-award modifications to a contract.

Appendix U, Instructions for Submitting Cost-Price Data (Table 15-2): For guidance on this appendix, please see the guidance that accompanies the clause entitled Pricing Data – Audit – Inspection.

Table of Clauses

EXPLANATION OF COLUMNS

Column 1 – SCEIS Clause #: This column provides an **abbreviated** version of the SCEIS Clause Number, a unique designation used by SCEIS to identify the clause. The numbers in this column contain three pieces of information. The first number (and letter, if Part 2 or Part 7) indicates the part of the Uniform Solicitation Format in which the clause appears. The next three digits identify the clause itself, within the USF Part. The suffix, following the dash character, serves special purposes within SCEIS such as versioning or ordering of clauses. Thus, Clause No. 1005-1 appears in part 1 of the solicitation; Clause No. 7B100-2 appears in part 7B of the solicitation; and so forth.

Column 2 – Text of Clause: This column represents the actual contents of SCEIS. It includes the Title and the date the clause first appeared in SCEIS in that form. The bracketed number at the end of the clause text is **the full** SCEIS Clause Number. It also signals the end of the contract or solicitation provision.

TYPICAL CLAUSE FORMAT (MAR 2005): Each clause, in this format (including full title and date) will appear in this column. [01-1111-1]

By convention, a clause that appears in this format (with a parenthetical date and bracketed clause number) has not been altered or modified. **IF YOU MUST MAKE CHANGES TO THE TEXT OF A SCEIS CLAUSE, OR ADD ADDITIONAL LANGUAGE, YOU SHOULD NOT INCLUDE EITHER THE CLAUSE DATE OR NUMBER IN THE MODIFIED CLAUSE.**

Column 3 – Guidance on Use: This column contains guidance offered by management to the procurement staff regarding use of a clause.

	PART 1	
1001	I. SCOPE OF SOLICITATION	Mandatory. Include this header at the beginning of the appropriate part of the Uniform Solicitation Format. See guidance on the Uniform Solicitation Format at the beginning of this document.
1005-1	ACQUIRE SERVICES & SUPPLIES / EQUIPMENT (JAN 2006): The purpose of this solicitation is to acquire services and supplies or equipment complying with the enclosed description and/or specifications and conditions. [01-1005-1]	This clause is a very generic clause and should be used only when the description itself is sufficient to identify the general scope of the acquisition. Its purpose is only to inform Offerors at the beginning of the solicitation that the procurement both services and supplies.
1010-1	ACQUIRE SERVICES (JAN 2006): The purpose of this solicitation is to acquire services complying with the enclosed description and/or specifications and conditions. [01-1010-1]	This clause is a very generic clause and should be used only when the description itself is sufficient to identify the general scope of the acquisition. Its purpose is only to inform Offerors at the beginning of the solicitation that the procurement involves services only.

Table of Clauses (MAR 2015)

Clause #	Text	Guidance on Use
1015-1	ACQUIRE SUPPLIES / EQUIPMENT (JAN 2006): The purpose of this solicitation is to establish a source or sources of supply for the purchase of new supplies and/or equipment as listed. [01-1015-1]	This clause is a very generic clause and should be used only when the description itself is sufficient to identify the general scope of the acquisition. Its purpose is only to inform Offerors at the beginning of the solicitation that the procurement involves supplies only.
1020-1	BUDGET – DESIRED RANGE (JAN 2006): The Using Governmental Unit seeks to incur costs in the following range: [01-1020-1]	Except in solutions based procurements, in which the scope of work is not concrete, use of this clause is discouraged. Use this clause to provide the vendors with an idea of the range the state is willing to spend.
1025-1	BUDGET ESTIMATE (JAN 2006): The estimated budget for this project is \$ Offers in excess of this amount may be considered. [01-1025-1]	Use of this clause is discouraged. In general, the state seeks to have Offerors price their work against the scope of services, not against the State's budget.
1030-1	BUDGET MAXIMUM (JAN 2006): The funds available for this project are limited to \$. If the price you offer exceeds this amount, your offer will be rejected as non-responsive. [01-1030-1]	Use of this clause is discouraged. In general, the state seeks to have Offerors price their work against the scope of services, not against the state's budget. If an Offeror submits a price in excess off the stated maximum, the offer must be rejected as non-responsive.
1035-1	FUNDS NOT AVAILABLE (JAN 2006): The State's obligation under this contract is contingent upon the availability of funds from which payment for contract purposes can be made. [01-1035-1]	Use of this clause is strongly discouraged. Use this clause only if the agency anticipates, but does not yet have, grant, appropriated, or other funds at the time the solicitation is issued.
1040-1	MAXIMUM CONTRACT PERIOD -- ESTIMATED (JAN 2006): Start date: End date: . Dates provided are estimates only. Any resulting contract will begin on the date specified in the notice of award. See clause entitled "Term of Contract - Effective Date/Initial Contract Period". [01-1040-1]	At the time of solicitation, agencies never know when the contract will actually begin. Often, evaluation takes longer than anticipated. Government politics can have an influence. Lastly, protests can delay an award. Occasionally, these delays result in emergency extensions to an existing contract. Accordingly, the solicitation specifies the maximum contract period to indicate both a desired start date and the maximum time for the contract.
PART 2A		
2A001	II. INSTRUCTIONS TO OFFERORS - A. GENERAL INSTRUCTIONS	Mandatory. Include this header at the beginning of the appropriate part of the Uniform Solicitation Format. See guidance on the Uniform Solicitation Format at the beginning of this document.

A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result in the lowest overall cost to the State even though it may be the low evaluated bid, or if it is so unbalanced as to be tantamount to allowing an advance payment.</p> <p>[02-2A105-1]</p>

2A125-2	<p>SUBMITTING CONFIDENTIAL INFORMATION (FEB 2015) (An overview is available at www.procurement.sc.gov) For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that Offeror contends contains information that is exempt from public disclosure because it is either (a) a trade secret as defined in Section 30-4-40(a)(1), or (b) privileged and confidential, as that phrase is used in Section 11-35-410. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the words "TRADE SECRET" every page, or portion thereof, that Offeror contends contains a trade secret as that term is defined by Section 39-8-20 of the Trade Secrets Act. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "PROTECTED" every page, or portion thereof, that Offeror contends is protected by Section 11-35-1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive. If only portions of a page are subject to some protection, do not mark the entire page. By submitting a response to this solicitation or request, Offeror (1) agrees to the public disclosure of every page of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page is conspicuously marked "TRADE SECRET" or "CONFIDENTIAL" or "PROTECTED", (2) agrees that any information not marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure. In determining whether to release documents, the State will detrimentally rely on Offeror's marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "PROTECTED". By submitting a response, Offeror agrees to defend, indemnify and hold harmless the State of South Carolina, its agencies, officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from withholding information by the State of South Carolina or any of its agencies, that Offeror marked as "confidential" or "trade secret" or "PROTECTED". 2B020-2	<p>CONFERENCE -- PRE-BID/PROPOSAL -- MANDATORY (FEB 2015) See Conference Pre-Bid/Proposal clause. Your failure to attend the conference shall result in rejection of your offer. Attendance will be evidenced by your representative's signature on the attendance roster. [R. 19-445.2042] [02-2B020-2]</p>	<p>Optional. Use of this clause is strongly discouraged. Mandatory conferences restrict competition, increase costs for vendors, and may result in losing a desired vendor. R. 19-445.2042(C). THE DETERMINATION MUST BE MADE PART OF THE PROCUREMENT FILE.</p> <p>Do not publish the attendance roster in your amendments without approval of a supervisor. Doing so does not further any state goals and it helps vendors determine which competitors they are competing with, which does not help the state get the best offers. In the context of an RFP, consult R. 19-445.2010(D).</p>
2B025-1	<p>CONFERENCE – PRE-BID/PROPOSAL (JAN 2006): Pre-Bid/Proposal Conference Date and Time: Location of Pre-Bid/Proposal Conference: Due to the importance of all offerors having a clear understanding of the specifications and requirements of this solicitation, a conference of potential offerors will be held on the date specified on the cover page. Bring a copy of the solicitation with you. Any changes resulting from this conference will be noted in a written amendment to the solicitation. Your failure to attend will not relieve the Contractor from responsibility for estimating properly the difficulty and cost of successfully performing the work, or for proceeding to successfully perform the work without additional expense to the State. The State assumes no responsibility for any conclusions or interpretations made by the Contractor based on the information made available at the conference. Nor does the State assume responsibility for any understanding reached or representation made concerning conditions which can affect the work by any of its officers or agents before the execution of this contract, unless that understanding or representation is expressly stated in this contract. [02-2B025-1]</p>	<p>Optional. 6057-1	COMPETITION FROM PUBLIC ENTITIES (JAN 2006): If a South Carolina governmental entity submits an offer, the Procurement Officer will, when determining the lowest offer, add to the price provided in any offers submitted by non-governmental entities a percentage equivalent to any applicable sales or use tax. S.C. Code Ann. Regs 117-304.1 (Supp. 2004). [06-6057-1]	Include this provision if you have any expectation that a state agency will submit an offer.
6058-1	DISCUSSIONS AND NEGOTIATIONS – OPTIONAL (FEB 2015) Submit your best terms from both a price and a technical standpoint. Your proposal may be evaluated and your offer accepted without any discussions, negotiations, or prior notice. Ordinarily, nonresponsive proposals will be rejected outright without prior notice. Nevertheless, the State may elect to conduct discussions, including the possibility of limited proposal revisions, but only for those proposals reasonably susceptible of being selected for award. [11-35-1530(6); R.19-445.2095(l)] If improper revisions are submitted during discussions, the State may elect to consider only your unrevised initial proposal, provided your initial offer is responsive. The State may also elect to conduct negotiations, beginning with the highest ranked offeror, or seek best and final offers, as provided in Section 11-35-1530(8). Negotiations may involve both price and matters affecting the scope of the contract, so long as changes are within the general scope of the request for proposals. If negotiations are conducted, the State may elect to disregard the negotiations and accept your original proposal. [06-6058-1]	Mandatory for all RFP solicitations, unless replaced with “Discussions and Negotiations - Required (FEB 2015),” Clause No. 06-6059-1.
6059-1	DISCUSSIONS AND NEGOTIATIONS – REQUIRED (FEB 2015) No award will be made to an offeror until after negotiations have been conducted with that offeror. As provided in Section 11-35-1530, negotiations must begin with the highest ranking offeror; accordingly, submit your best terms from both a price and a technical standpoint. In addition, make sure your offer is responsive; the State will not evaluate or negotiate with a non-responsive offeror, and ordinarily, nonresponsive proposals will be rejected outright without prior notice. The State may elect to conduct discussions, including the possibility of limited proposal revisions, but only for those proposals reasonably susceptible of being selected for award. [11-35-1530(6); R.19-445.2095(l)] If improper revisions are submitted during discussions, the State may elect to consider only your unrevised initial offer, but only if your initial offer is responsive. If a satisfactory contract cannot be negotiated with the highest ranking offeror, the State may elect to conduct negotiations with other offerors. As provided in Section 11-35-1530(8) the State also may elect to make changes within the general scope of the request for proposals and provide all responsive offerors an opportunity to submit their best and final offers. Negotiations may involve both price and matters affecting the scope of the contract, so long as the changes are within the general scope of the request for proposals. [06-6059-1]	Use this clause as an alternative to and replacement for “Discussions and Negotiations – Optional,” which is included in all RFPs by default. Use this clause only if the State is willing not to make any award until it has conducted meaningful, good faith negotiations with the offeror to which it intends to make an award. All discussions and negotiations must be conducted in accordance with Guidance & Best Practices for Permissible Communications in a Competitive Sealed Proposal, Procurement Policy Statement 2008-2 (April 28, 2008).

The foregoing restriction does not apply to a transfer that occurs by operation of law (e.g., bankruptcy; corporate reorganizations and consolidations, but not including partial asset sales). Notwithstanding the foregoing, contractor may assign monies receivable under the contract provided that the state shall have no obligation to make payment to an assignee until thirty days after contractor (not the assignee) has provided the responsible procurement officer with (i) proof of the assignment, (ii) the identity (by contract number) of the specific state contract to which the assignment applies, and (iii) the name of the assignee and the exact address or account information to which assigned payments should be made. (b) If contractor amends, modifies, or otherwise changes its name, its identity (including its trade name), or its corporate, partnership or other structure, or its FEIN, contractor shall provide the procurement officer prompt written notice of such change. However, any offered discount will form a part of the award, and will be taken if payment is made within the discount period indicated in the offer by the offeror. As an alternative to offering a discount for prompt payment in conjunction with the offer, offerors awarded contracts may include discounts for prompt payment on individual invoices.</p> <p>(b) In connection with any discount offered for prompt payment, time shall be computed from the date of the invoice. If the Contractor has not placed a date on the invoice, the due date shall be calculated from the date the designated billing office receives a proper invoice, provided the state annotates such invoice with the date of receipt at the time of receipt. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or, for an electronic funds transfer, the specified payment date. Except as otherwise provided in this solicitation, contractor’s price shall be fixed for the duration of this contract, including option terms. This clause does not prohibit contractor from offering lower pricing after award. [07-7A040-1]</p>	<p>Mandatory. Use this clause in all solicitations, except in the very rare case of a cost reimbursement contract. 7A055-3	<p>PAYMENT & INTEREST (FEB 2015)</p> <p>(a) The State shall pay the Contractor, after the submission of proper invoices or vouchers, the prices stipulated in this contract for supplies delivered and accepted or services rendered and accepted, less any deductions provided in this contract. Unless otherwise specified herein, including the purchase order, payment shall not be made on partial deliveries accepted by the Government. (b) Unless otherwise provided herein, including the purchase order, payment will be made by check mailed to the payment address on "Page Two." (c) Notwithstanding any other provision, payment shall be made in accordance with S.C. Code Section 11-35-45, or Chapter 6 of Title 29 (real property improvements) when applicable, which provides the Contractor's exclusive means of recovering any type of interest from the Owner. Contractor waives imposition of an interest penalty unless the invoice submitted specifies that the late penalty is applicable. Except as set forth in this paragraph, the State shall not be liable for the payment of interest on any debt or claim arising out of or related to this contract for any reason. (d) Amounts due to the State shall bear interest at the rate of interest established by the South Carolina Comptroller General pursuant to Section 11-35-45 ("an amount not to exceed fifteen percent each year"), as amended, unless otherwise required by Section 29-6-30. (e) Any other basis for interest, including but not limited to general (pre- and post-judgment) or specific interest statutes, including S.C. Code Ann. Section 34-31-20, are expressly waived by both parties. If a court, despite this agreement and waiver, requires that interest be paid on any debt by either party other than as provided by items (c) and (d) above, the parties further agree that the applicable interest rate for any given calendar year shall be the lowest prime rate as listed in the first edition of the Wall Street Journal published for each year, applied as simple interest without compounding. (f) The State shall have all of its common law, equitable and statutory rights of set-off. [07-7A055-3]</p>	<p>Mandatory.</p> <p>IMPORTANT NOTE. Partial payments are very appropriate for many types of contracts, especially service contracts. If payments will be made prior to full performance, the solicitation must explain the conditions upon which partial payment will be made. For example, a janitorial contract may provide that payments will be made on a monthly basis. Software development contracts might provide that payment will be made upon acceptance of certain intermediate deliverables or upon proof of a certain degree of project completion. In the absence of such a provision, this clause provides for payment upon completion.</p> <p>This clause allows the payment method to be dictated in the purchase order. However, SINCE PROSPECTIVE CONTRACTORS USUALLY NEED TO KNOW THIS PRIOR TO SUBMITTING OFFERS, THIS ISSUE SHOULD BE ADDRESSED IN THE SOLICITATION.</p> <p>Cross Reference the Purchase Order clause.</p>

7A065-1	PURCHASE ORDERS (JAN 2006): Contractor shall not perform any work prior to the receipt of a purchase order from the using governmental unit. The using governmental unit shall order any supplies or services to be furnished under this contract by issuing a purchase order. Purchase orders may be used to elect any options available under this contract, e.g., quantity, item, delivery date, payment method, but are subject to all terms and conditions of this contract. Purchase orders may be electronic. No particular form is required. An order placed pursuant to the purchasing card provision qualifies as a purchase order. If the state buys a widget and a warranty for the widget, the warranty does not end simply because the remainder of the contract is terminated for convenience.
7A080-1	TAXES (JAN 2006): Any tax the contractor may be required to collect or pay upon the sale, use or delivery of the products shall be paid by the State, and such sums shall be due and payable to the contractor upon acceptance. Any personal property taxes levied after delivery shall be paid by the State. It shall be solely the State’s obligation, after payment to contractor, to challenge the applicability of any tax by negotiation with, or action against, the taxing authority. Contractor agrees to refund any tax collected, which is subsequently determined not to be proper and for which a refund has been paid to contractor by the taxing authority. In the event that the contractor fails to pay, or delays in paying, to any taxing authorities, sums paid by the State to contractor, contractor shall be liable to the State for any loss (such as the assessment of additional interest) caused by virtue of this failure or delay. Taxes based on Contractor’s net income or assets shall be the sole responsibility of the contractor. [07-7A080-1]	Mandatory. Dovetails with clause entitled “Omit Taxes from Price”. Clause makes state liable for paying the taxes applicable to sale, use, or delivery of products provided under the contract.
7A085-1	TERMINATION DUE TO UNAVAILABILITY OF FUNDS (JAN 2006): Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds therefor. When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, the contract shall be canceled. In the event of a cancellation pursuant to this paragraph, contractor will be reimbursed the resulting unamortized, reasonably incurred, nonrecurring costs. Contractor will not be reimbursed any costs amortized beyond the initial contract term. [07-7A085-1]	Mandatory for any procurement in which a contractual obligation may extend beyond the end of the fiscal year in which the contract is entered.

If any such change increases or decreases the contractor's cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, an adjustment shall be made in the contract price, the delivery schedule, or both, and the contract modified in writing accordingly. Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the Price Adjustment Clause of this contract. Failure of the parties to agree to an adjustment shall not excuse the contractor from proceeding with the contract as changed, provided that the State promptly and duly make such provisional adjustments in payment or time for performance as may be reasonable. By proceeding with the work, the contractor shall not be deemed to have prejudiced any claim for additional compensation, or an extension of time for completion.</p> <p>(3) Time Period for Claim. Within 30 days after receipt of a written contract modification under Paragraph (1) of this clause, unless such period is extended by the Procurement Officer in writing, the contractor shall file notice of intent to assert a claim for an adjustment. Later notification shall not bar the contractor's claim unless the State is prejudiced by the delay in notification.</p> <p>(4) Claim Barred After Final Payment. 7B056-2	<p>CONTRACTOR’S LIABILITY INSURANCE - GENERAL (FEB 2015)</p> <p>(a) Without limiting any of the obligations or liabilities of Contractor, Contractor shall procure from a company or companies lawfully authorized to do business in South Carolina and with a current A.M. Best rating of no less than A: VII, and maintain for the duration of the contract, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work and the results of that work by the contractor, his agents, representatives, employees or subcontractors.</p> <p>(b) Coverage shall be at least as broad as:</p> <p>(1) Commercial General Liability (CGL): Insurance Services Office (ISO) Form CG 00 01 12 07 covering CGL on an “occurrence” basis, including products-completed operations, personal and advertising injury, with limits no less than \$1,000,000 per occurrence. If a general aggregate limit applies, the general aggregate limit shall be twice the required occurrence limit. This contract shall be considered to be an “insured contract” as defined in the policy.</p> <p>(2) Auto Liability: ISO Form Number CA 00 01 covering any auto (Code 1), or if Contractor has no owned autos, hired, (Code 8) and non-owned autos (Code 9), with limits no less than \$1,000,000 per accident for bodily injury and property damage.</p> <p>(3) Worker’s Compensation: As required by the State of South Carolina, with Statutory Limits, and Employer’s Liability Insurance with limit of no less than \$1,000,000 per accident for bodily injury or disease.</p> <p>(c) Every applicable Using Governmental Unit, and the officers, officials, employees and volunteers of any of them, must be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Contractor’s insurance at least as broad as ISO Form CG 20 10 11 85 or if not available, through the addition of both CG 20 10 and CG 20 37 if a later edition is used.</p>	<p>This clause requires three types of insurance: Commercial General Liability, or CGL; Automobile Liability; and Workers Compensation/Employers Liability. You should always include this clause if you anticipate the contractor will perform substantial services on state property or in a state building. If the contractor will have no presence, or insignificant presence, in the state, you may omit the requirements for Automobile Liability and Workers Compensation/Employers Liability. If you are purchasing goods, especially products with the potential of harming the user or a third party, you should require CGL coverage. If the contract will be performed outside of the state and does not involve the purchase of goods, you may omit the clause entirely.</p> <p>Previous versions of the insurance provision attempted to define each type of coverage required under a CGL policy, which often led to vendor questions and negotiation over the specific language of the clause. This edition simply requires CGL coverage at least as broad as that provided under the most commonly-used policy form. The clause does not dictate the use of this form; rather, it defines the required coverage with reference to it. Given the generic types of coverage and the low limits of coverage stated, the insurance required should be readily available in most circumstances. However, if you become aware that the target vendor community will experience difficulty with this insurance requirement, appropriate adjustments may be necessary. Consult with your management.</p>

	<p>(d) For any claims related to this contract, the Contractor's insurance coverage shall be primary insurance as respects the State, every applicable Using Governmental Unit, and the officers, officials, employees and volunteers of any of them. Any insurance or self-insurance maintained by the State, every applicable Using Governmental Unit, or the officers, officials, employees and volunteers of any of them, shall be excess of the Contractor's insurance and shall not contribute with it.</p> <p>(e) Prior to commencement of the work, the Contractor shall furnish the State with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this section. All certificates are to be received and approved by the State before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The State reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by this section, at any time.</p> <p>(f) Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions. In addition, the Contractor shall notify the State immediately upon receiving any information that any of the coverages required by this section are or will be changed, cancelled, or replaced.</p> <p>(g) Contractor hereby grants to the State and every applicable Using Governmental Unit a waiver of any right to subrogation which any insurer of said Contractor may acquire against the State or applicable Using Governmental Unit by virtue of the payment of any loss under such insurance. The State may require the Contractor to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.</p> <p>(i) The State reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.</p> <p>[07-7B056-2]</p>	<p>This clause is intended to cover routine goods and services contracts. In addition, contractor shall maintain in force and effect any “claims-made” coverage for a minimum of two (2) years after final completion of all work or services to be provided hereunder. Contractor shall purchase an extended reporting</p>	<p>acquired and the type of data involved. To illustrate, a cloud service provider which serves as a data repository for your customer data would present a major risk for data breach losses and potential litigation. Accordingly, the agency may wish to require limits of coverage significantly higher than the default. In contrast, if a contract for web development involves NO access to your data, the risk may be limited to any risk associated with the website’s content. Do not focus on the contract value, and do not default to your contractor’s existing policy limits. Rather, consider the risks involved in exposure of the data involved. The exposure can be quite significant. See below for a partial list of the types of losses potentially involved in a data breach.</p> <p>2. Sample Types of Losses from Data Breach</p> <ol style="list-style-type: none"> a. Costs of forensic investigation of the breach, the data released/lost/damaged, and the potential parties affected. b. Costs (legal, public relations, call centers, websites, etc.) involved in preparation and distribution of notice and information regarding breach. c. Damage mitigation, including credit monitoring, ID theft protection & rehabilitation services, etc. d. Legal defense costs and fees. e. Cost to respond to regulatory investigations and pay any regulatory fines. f. Costs to restore your damaged information assets (software apps, data, etc.) <p>3. In determining the appropriate policy limits, do not consider the total, potential financial consequences of a breach; rather, consider what losses insurance will cover. In determining the appropriate policy limits, the using agency may wish to consider published information regarding average minimum and maximum per record, per event costs by industry. For example, Ponemon Institute, LLC, sponsored by IBM, publishes an annual white paper on this topic entitled “Cost of Data Breach Study for the US.” The study is available at www.ibm.com/services/costofbreach. Indemnitee's failure to provide or delay in providing such notice will relieve contractor of its obligations under this clause only if and to the extent that such delay or failure materially prejudices contractor's ability to defend such action. Indemnitee must reasonably cooperate with contractor's defense of such actions (such cooperation does not require and is without waiver of an Indemnitees attorney/client, work product, or other privilege) and, subject to Title 1, Chapter 7 of the South Carolina Code of Laws, allow contractor sole control of the defense, so long as the defense is diligently and capably prosecuted. Indemnitee may participate in contractor's defense of any action at its own expense. Contractor may not, without Indemnitee's prior written consent, settle, compromise, or consent to the entry of any judgment in any such commenced or threatened action unless such settlement, compromise or consent (i) includes an unconditional release of Indemnitee from all liability related to such commenced or threatened action, and (ii) is solely monetary in nature and does not include a statement as to, or an admission of fault, culpability or failure to act by or on behalf of, an Indemnitee or otherwise adversely affect an Indemnitee. 	<p>provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance.</p> <p>(d) "Indemnitee" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B102-1]</p>	
7B103-1	<p>INDEMNIFICATION - INTELLECTUAL PROPERTY (JAN 2006): (a) Without limitation and notwithstanding any provision in this agreement, Contractor shall, upon receipt of notification, defend and indemnify the State, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees against all actions, proceedings or claims of any nature (and all damages, settlement payments, attorneys' fees (including inside counsel), costs, expenses, losses or liabilities attributable thereto) by any third party asserting or involving an IP right related to an acquired item. State shall allow Contractor to defend such claim so long as the defense is diligently and capably prosecuted. State shall allow Contractor to settle such claim so long as (i) all settlement payments are made by Contractor, and (ii) the settlement imposes no non-monetary obligation upon State. State shall reasonably cooperate with Contractor's defense of such claim. (b) In the event an injunction or order shall be obtained against State's use of any acquired item, or if in Contractor's opinion, the acquired item is likely to become the subject of a claim of infringement or violation of an IP right, Contractor shall, without in any way limiting the foregoing, and at its expense, either: (1) procure for State the right to continue to use, or have used, the acquired item, or (2) replace or modify the acquired item so that it becomes non-infringing but only if the modification or replacement does not adversely affect the specifications for the acquired item or its use by State. If neither (1) nor (2), above, is practical, State may require that Contractor remove the acquired item from State, refund to State any charges paid by State therefor, and take all steps necessary to have State released from any further liability. (c) Contractor's obligations under this paragraph do not apply to a claim to the extent (i) that the claim is caused by Contractor's compliance with specifications furnished by the State unless Contractor knew its compliance with the State's specifications would infringe an IP right, or (ii) that the claim is caused by Contractor's compliance with specifications furnished by the State if the State knowingly relied on a third party's IP right to develop the specifications provided to Contractor and failed to identify such product to Contractor. (d) As used in this paragraph, these terms are defined as follows: "IP right(s)" means a patent, copyright, trademark, trade secret, or any other proprietary right. "Acquired item(s)" means the rights, goods, or services furnished under this agreement. "Specification(s)" means a detailed, exact statement of particulars such as a statement prescribing materials, dimensions, and quality of work. (e) Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of this Agreement. [07-7B103-1]</p>	<p>Optional. Ordinarily, this clause need not be used for an acquisition of goods only (an acquisition covered by the UCC), as long as you do not allow the contractor to insert any limitation of damages, remedy, or warranty disclaimers. Otherwise, this clause should be widely used in all contracts.</p> <p>This clause should also be used for acquisitions of goods involving detailed design specifications, such as school bus procurements.</p>

In addition, contractor shall apply security controls when the contractor reasonably determines that safeguarding requirements, in addition to those identified in paragraph (c) of this clause, may be required to provide adequate security, confidentiality and integrity in a dynamic environment based on an assessed risk or vulnerability.</p> <p>(c) <i>Safeguarding requirements and procedures.</i> Contractor shall apply the following basic safeguarding requirements to protect government information from unauthorized access and disclosure:</p> <p>(1) <u>Protecting information on public computers or Web sites:</u> Do not process government information on public computers (e.g., those available for use by the general public in kiosks, hotel business centers) or computers that do not have access control. Government information shall not be posted on Web sites that are publicly available or have access limited only by domain/Internet Protocol restriction. Such information may be posted to web pages that control access by user ID/password, user certificates, or other technical means, and that provide protection via use of security technologies. Access control may be provided by the intranet (versus the Web site itself or the application it hosts).</p> <p>(2) <u>Transmitting electronic information.</u> Transmit email, text messages, blogs, and similar communications that contain government information using technology and processes that provide the best level of security and privacy available, given facilities, conditions, and environment.</p> <p>(3) <u>Transmitting voice and fax information.</u> Transmit government information via voice and fax only when the sender has a reasonable assurance that access is limited to authorized recipients.</p> <p>(4) <u>Physical and electronic barriers.</u> Protect government information by at least one</p>	<p>compliance with internal agency policies governing information security, each agency must determine for itself whether the services acquired from the contractor warrant the imposition of additional controls by contract. Therefore, unless an organization obtains fully dedicated services from a commercial service provider, there may be a need for greater reliance on compensating security controls by the agency to provide the necessary protections for the information system that relies on those external services.</p> <p>Internal agency assessments of risk and risk mitigation activities are necessary to address this situation.</p>

These factors should be weighed against the risk of exposing the data to laws and social forces in other countries, particularly where the using agency will trust the contractor with data classified as Confidential or Restricted under the State’s Data Classification Schema.</p> <p>Due to critical cross-references, you must also use the Information Security - Definitions clause if this clause is used. Anonymizing information does not resolve the foregoing concern. This clause should be broadly interpreted to effectuate this intent. Every obligation in this clause is material. Absent express reference to this clause, this clause supersedes any other clause to the extent of any inconsistency unless and to the extent the other clause provides greater protection for government information.</p> <p>(a) <i>Definitions.</i> The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions.</p> <p>(b) <i>Legal mandates.</i> Contractor shall be permitted to use, disclose, or retain government information to the limited extent necessary to comply with any requirement imposed on Contractor by law. 7B185-1	<p>PRICING DATA – AUDIT – INSPECTION (JAN 2006): [Clause Included Pursuant to Section 11-35-1830, - 2210, & -2220] (a) Cost or Pricing Data. Upon Procurement Officer’s request, you shall submit cost or pricing data, as defined by 48 C.F.R. Section 2.101 (2004), prior to either (1) any award to contractor pursuant to 11-35-1530 or 11-35-1560, if the total contract price exceeds \$500,000, or (2) execution of a change order or contract modification with contractor which exceeds \$100,000. Your price, including profit or fee, shall be adjusted to exclude any significant sums by which the state finds that such price was increased because you furnished cost or pricing data that was inaccurate, incomplete, or not current as of the date agreed upon between parties. (b) Records Retention. You shall maintain your records for three years from the date of final payment, or longer if requested by the chief Procurement Officer. The state may audit your records at reasonable times and places. As used in this subparagraph (b), the term “records” means any books or records that relate to cost or pricing data submitted pursuant to this clause. In addition to the obligation stated in this subparagraph (b), you shall retain all records and allow any audits provided for by 11-35-2220(2). (c) Inspection. At reasonable times, the state may inspect any part of your place of business which is related to performance of the work. (d) Instructions Certification. When you submit data pursuant to subparagraph (a), you shall (1) do so in accordance with the instructions appearing in Table 15-2 of 48 C.F.R. Section 15.408 (2004) (adapted as necessary for the state context), and (2) submit a Certificate of Current Cost or Pricing Data, as prescribed by 48 CFR Section 15.406-2(a) (adapted as necessary for the state context). (e) Subcontracts. You shall include the above text of this clause in all of your subcontracts. (f) Nothing in this clause limits any other rights of the state. [07-7B185-1]</p>	<ol style="list-style-type: none"> 1. Mandatory for contracts with a total potential value in excess of \$100,000. 2. Why to Request Cost or Pricing Data: Procurement officers have a basic responsibility for evaluating the reasonableness of an offer’s price. For most procurements, this evaluation is facilitated by adequate price competition. However, in sole source procurements, many RFPs, and all change orders, little or no true price competition exists. Regardless of the reason, cost or pricing data provides the information needed to perform that evaluation. In addition, such data can be <u>exceedingly</u> valuable when developing a negotiation position (say, when negotiating on an RFP, sole source, or change order). Essentially, this data allows you to determine the offeror’s / contractor’s actual cost and profit margin prior to completing negotiations over what to pay. Private firms would welcome the opportunity to get such data. Take advantage of it! 3. When to Request Cost or Pricing Data: You should request cost or pricing data when, and only when, Section 11-35-1830 requires its submission. As reflected in this clause, we do not ask for such information pursuant to this clause if either (a) the total contract price does not exceed \$500,000, [\$1,000,000 / \$2,000,000] or (b) the value of a contract change does not exceed \$100,000. Generally, request this information prior to awarding on an RFP, sole source, change order, or contract modification.

7B212-1	<p>RESTRICTIONS ON PRESENTING TERMS OF USE OR OFFERING ADDITIONAL SERVICES (FEB 2015)</p> <p>(a) Citizens, as well as public employees (acting in their individual capacity), should not be unnecessarily required to agree to or provide consent to policies or contractual terms in order to access services acquired by the government pursuant to this contract (hereinafter “applicable services”) or, in the case of public employees, to perform their job duties; accordingly, in performing the work, contractor shall not require or invite any citizen or public employee to agree to or provide consent to any end user contract, privacy policy, or other terms of use (hereinafter “terms of use”) not previously approved in writing by the procurement officer. Contractor agrees that any terms of use regarding applicable services are void and of no effect.</p> <p>(b) Unless expressly provided in the solicitation, public contracts are not intended to provide contractors an opportunity to market additional products and services; accordingly, in performing the work, contractor shall not – for itself or on behalf of any third party – offer citizens or public employees (other than the procurement officer) any additional products or services not required by the contract.</p> <p>(c) Any reference to contractor in items (a) or (b) also includes any subcontractor at any tier. Contractor is responsible for compliance with these obligations by any person or entity that contractor authorizes to take any action related to the work.</p> <p>(d) Any violation of this clause is a material breach of contract. The parties acknowledge the difficulties inherent in determining the damage from any breach of these restrictions. Contractor shall pay the state liquidated damages of \$1,000 for each contact with a citizen or end user that violates this restriction.</p> <p>[07-7B212-1]</p>	<p>1. Recent experience reflects that some businesses are using their public contracts to either sell additional services to or acquire additional data from those they interact with while performing the work. The most common scenario involves a contract in which citizens or state employees are interacting with the government or the contractor over the internet via a computer-based service provided by the contractor. In some instances, contractors are requiring citizens and/or state employees to enter into a contract with the vendor as a condition of accessing the service the agency contracted the vendor to provide. This clause is intended to forbid such activity.</p> <p>2. If you are acquiring an off-the-shelf service, the following additional paragraph may be one that helps potential vendors to find practical ways to accommodate this requirement:</p> <p>(d) Notwithstanding item (a) above, contractor may require or invite a citizen or public employee to provide consent or agree to an end user contract, privacy policy, or other terms of use (collectively referred to hereinafter as “terms of use”) if every person presented with terms of use during performance of the work will also be presented with a statement to the effect that, notwithstanding anything in those terms of use to the contrary, the terms of use apply only to the extent [Option 1: “they are not inconsistent with this contract. Without limiting the generality of the foregoing, terms of use may not address dispute resolution, choice of forum, choice of law, limitations of liability, remedies, or use of government information (as defined in the Information Use and Disclosure clause) by Contractor or those for whom it is responsible (e.g., subcontractors).” Option 2: “they do not add to, remove from, or modify this contract.”</p>

7B215-1	<p>SOFTWARE LICENSES (JAN 2006): Proprietary Software: Proprietary software is non-custom written, non-made for hire computer software supplied by the contractor and documentation used to describe, maintain and use the software. License: The State is hereby granted a non-exclusive, fully paid perpetual license to use the proprietary software acquired hereunder. Title: Title to any proprietary software provided by the Contractor to the State will remain with the Contractor. Trade Secrets: The State agrees that the proprietary software is a trade secret of the contractor. The State agrees to take reasonable precautions to protect the trade secret nature of the proprietary software and to prevent its disclosure to unauthorized personnel. The license herein granted cannot be transferred, assigned, or made available by the State for use by any other individual, firm, partnership, or legal entity not affiliated, associated, or connected with the State without the prior expressed written consent of the contractor, which consent will not be unreasonably withheld. Such transfer shall also be conditioned upon the execution by the transferee of a written declaration agreeing to be bound by the terms and conditions of confidentiality provided for in this section. Source Code: Source code includes files used by assembly, basic, c or other language compatibles to produce object modules for linkage into applications programs. The source code media will contain source code, files for compiling and linking software, and any other files and documentation available in machine-readable form to facilitate compiling and linking the code. In the event the contractor, at any point during the continued installation and operation of the products acquired under this contract, discontinues the conduct of business, or for any reason fails to continue to support its proprietary software, it will either make provision for the continued support under the same terms and conditions or provide the State with a copy of the source code for said proprietary software, at no expense to the State. Export Control: The State acknowledges that the products acquired hereunder may be licensable by the U. S. Government. It further acknowledges that a valid export license must be obtained from the Department of Commerce prior to export of said products. Customized Software: Customized software is made-for-hire, custom written and customer specific software or customizations to proprietary software developed for the State by contractor and documentation used to describe, maintain and use the software. Title: Title to the customized software vests in the State as set forth herein. Contractor shall thereafter have no right, title or interest in any customized software. As herein used, title includes providing to the State all intellectual elements of the customized software including, but not limited to, developmental work product, notes, object and source codes, documentation, and any other items which would aid the State in understanding, using, maintaining, and enhancing said customized software.</p>	For use only by ITMO!

7B223-2	<p>SOFTWARE LICENSING AGREEMENTS FOR STATEWIDE TERM CONTRACTS (FEB 2015)</p> <p>(a) Definitions. As used in this paragraph, these terms are defined as follows: "Software" means any computer program identified by the solicitation. "Licensor" means an entity that owns the intellectual property rights for an item of Software or has the authority to license or sublicense the Software directly to the state. "Software licensing agreement" means any agreement, regardless of how designated, pertaining to the intellectual property rights for or the right to use any Software, including, but not limited to, any such agreement proposed prior to or after award, including without limitation any such agreement that either is affixed to (e.g., shrink-wrap), imbedded in (e.g., click-wrap), or in any way accompanies the Software upon delivery.</p> <p>(b) Separate Agreement for License and Services. This contract will address all Work (excluding the right to use the Software) and all terms regarding pricing, payment, and delivery of all Software. 7B224-1	<p>SOFTWARE LICENSING AGREEMENTS–SINGLE SOLICITATION (FEB 2015) (a) Definitions. As used in this clause, these terms are defined as follows: “Commercial Off-The-Shelf (COTS) Software” means software used with no customization and for which source code is not made available to licensees. “Configuration” means any customer-specific modification to software that does not require changes to the software’s source code, such as rules-based, rules engine based, or parameter driven modifications to configure the software. “Customization” means any customer-specific modification to software that requires changes to the software’s source code. “Firmware” means software sold or licensed only in conjunction with machines, designed for execution only on a machine with which it is provided, designed only for machines other than a dedicated computer, and embedded into or installed on the machine by the machine’s manufacturer or seller. "Licensor" means an entity that owns the intellectual property rights for an item of software or has the authority to license or sublicense the software directly to the using governmental unit. "Piggyback" means the document attached to this solicitation and entitled <i>South Carolina Standard Amendment To End User License Agreements For Commercial Off-The-Shelf Software – Single Agency</i>, which serves as South Carolina's standard amendment to a licensor's standard software licensing agreement (regardless of how denominated, e.g., master software licensing agreement, end user license agreement) for COTS. [Note: While the piggyback is generally indicative of what the State finds acceptable, terms in a Licensor’s standard software licensing agreement may need to be negotiated.] "Software" means a combination of computer instructions and data definitions that enable computer hardware to perform computational or control functions, excluding firmware. "Software licensing agreement" means any agreement, regardless of how designated, that defines the intellectual property rights for, or the rights to use, any software product. A software licensing agreement must address only terms directly associated with licensing the right to use the software and must not address any of the work governed by the contract or any services (other than warranty services regarding the software code or associated documentation). “Software maintenance” means the process of modifying software after delivery to correct faults, improve performance or other attributes, or adapt to a changed environment. For every software product identified in the highest-ranked offeror’s proposal, you must determine whether the State needs to have a negotiated software licensing agreement executed with pen-and-ink. For each such agreement, you must have the software licensing agreement executed prior to posting an intent to award. (Do not attach a Software Licensing Agreement to a Record of Negotiations.) You may request a copy of the vendor’s standard form software licensing agreement from either the contractor or the licensor. You should confirm that the licensor has been provided a copy of the piggyback. Any negotiations regarding a software licensing agreement should be conducted under the same general rules applicable to negotiations conducted pursuant to Section 11-35-1530. 4. Use the single agency piggyback only for COTS. Its use is not appropriate for licensing modifiable off-the-shelf software (MOTS), which – as used here – includes software that involves either (a) a source code license, or (b) any modification to the software that requires changes to the software’s source code. The piggyback is not appropriate for any type of services (e.g., customization or configuration) other than warranty services regarding software code or documentation. As used above, the concept of software maintenance does not include any customer-specific software support services. 5. If the acquisition involves limited custom software acquired to facilitate use of COTS (e.g., interface, as defined in IEEE Std 610.12-1990), you might consider whether the solicitation can be drafted to provide that such

The State seeks to establish related but independent agreements, one with each applicable licensor of COTS and one with the contractor - regardless of whether the licensor and the contractor are the same or different entities. As provided in the clause titled “Bid / Proposal As Offer To Contract,” a contract between the State and the contractor results from an award made pursuant to this solicitation. In contrast, the State’s acceptance of your offer does not serve as the State’s acceptance of any software licensing agreement; rather, software licensing agreements must be separately executed in order to be binding, regardless of whether the license to use the software will be granted by you or a third party. The contract, as defined in the clause titled “Definitions,” will address all work (excluding the use rights for any software product) and all terms regarding pricing, payment, and delivery of any software product. Accordingly, the State intends to pay contractor in order to acquire license rights for any software product, but the license rights will be governed by a software licensing agreement with the licensor.</p> <p>(c) Critical Instructions. (1) Your offer must identify each software product you propose to provide, identify the licensor, and explain which of the following licensing models apply: (i) you intend to license (or sublicense) the item directly to the State, or (ii) you intend to “resell” or distribute the item to the State (with licensing handled directly with the third-party licensor). You should use the Software Table attached to this solicitation to assist you in providing this information. (2) Your offer must NOT include any software licensing agreements; however, for any software product identified in your offer, you must submit a software licensing agreement upon request of the procurement officer. You must be prepared to provide any requested software licensing agreement within one business day of receiving a request. (3) Regardless of your licensing model, your price must include the cost of providing every software product you propose to provide to the State and those terms will form part of the contract.</p> <p>(d) Pre-Condition of Award. If the work you are offering to perform is dependent upon the licensing of a software product by the State and the State is unsuccessful in negotiating an acceptable software licensing agreement for any software product for which it finds such an agreement necessary, your offer will be rejected. To facilitate the timely and successful negotiation of a software licensing agreement deemed necessary by the State, the State may ask you, after opening but prior to award, to acquire from the licensor an executed copy of the piggyback. You should communicate with the licensors for any major or critical software product well in advance of submitting a proposal, and licensors should be informed that few changes will be made to the piggyback. Without limiting any of the</p>	<p>custom software will be acquired under a clause such as Software Licenses, Clause No. 7B215-1.</p> <p>6. Bankruptcy</p> <p>Prior to issuing a solicitation, and no later than negotiations, an agency may wish to consider the implications of bankruptcy by the licensor of any software to be acquired that is expensive and mission-critical. Some bankruptcy-related risks can be addressed in the procurement contract, but some must be addressed in the software licensing agreement. To that end, the following may be of interest:</p> <p>In broad, general terms, the bankruptcy code allows a bankrupt business to avoid its unperformed contractual obligations by “rejecting” executory contracts, i.e., contracts that have not been fully performed on both sides. In 1985, the Fourth Circuit Court of Appeals held that a technology license could be rejected unilaterally by a licensor, thus eliminating the licensee’s right to use the intellectual property. <i>Lubrizol Enter., Inc. v. Richmond Meal Finishers, Inc.</i>, 756 F.2d 1043 (4th Cir. 1985). In response, Congress enacted the Intellectual Property Bankruptcy Protection Act of 1988, which appears in section 365(n) of the U.S. Bankruptcy Code. Section 365(n) was enacted to ensure that an intellectual property licensee would not be denied the benefit of its bargain with the licensor following the licensor’s bankruptcy. It prevents a bankrupt licensor from rejecting licensing agreements and depriving a licensee of the intellectual property rights it acquired in the licensing contract, and does so by validating and making self-enforcing any agreement which the parties may have regarding access to the intellectual property prior to the bankruptcy.</p> <p>Section 365(n) provides the non-debtor licensee two options when the debtor-licensor rejects the license contract. First the licensee can treat the contract as terminated if rejection of the contract would constitute a breach of the agreement were the licensor is not in bankruptcy. Under this option, the licensee may assert a claim against the licensor’s bankruptcy estate for damages, but it might forfeit all right to continue use of the intellectual property. Second, the licensee can retain its right to use the license to the intellectual property for the</p>

So, for example, the licensee may no longer acquire any maintenance (patches, fixes, and updates), but can continue using the software. To take advantage of Section 365(n) licensees need to address this issue in its license agreement. We do so in Piggyback paragraph 12.2, particularly the last sentence which provides the State with the option of using the software for either the original term of the authorized EULA or a period of five years after the licensor seeks to reject the software license. The concept is to prevent the State from an immediately loss of the right to use the intellectual property as a result of the licensor’s business failure. To date, we have not agreed to any modifications to this clause.</p> <p>Section 365(n) provides that, if the licensee chooses to retain its rights under the license notwithstanding its rejection by the debtor, “then on the written request of the licensee the trustee shall – (A) to the extent provided in such contract . . . provide to the licensee any intellectual property (including such embodiment) held by the trustee . . .” (Also see additional language in 365(n).) We lack internal expertise in bankruptcy, but this may well provide a means by which the licensee – despite bankruptcy and despite the debtor’s efforts to reject the lease – can force the bankruptcy trustee to honor a source code escrow agreement, provided one has been negotiated into the contract. Accordingly, the procurement officer may wish to discuss this option with the using agency on the front end. Having the source code and a license to use it may be a valuable parachute for expensive, mission-critical software that would be challenging to replace.</p> <p>Along the same lines, and according to at least one article, a licensee that elects to retain its rights under a rejected IP license should be aware that a later sale of the debtor’s assets free and clear of interests and liens under section 363(f) can extinguish the licensee’s rights.</p>

		<p>(This risk exists even if the license is not rejected.) The interplay between 265(n) and 363(f) is unclear, and case law is limited, but agencies acquiring expensive mission-critical software should consider negotiating for rights beyond the five year – such as a separate escrow agreement that, if the licensee acquires the source code under 365(n), provides the licensee a perpetual right to use that source code. For a case addressing the topic, and reaching a good outcome for the licensee, see <i>In re Dynamic Tooling Systems, Inc.</i>, 349 B.R. 847 (Bkrtcy. D. Use by state governmental bodies (as defined in Section 11-35-310(18)), which includes most state agencies, is mandatory except under limited circumstances, as provided in Section 11-35-310(35). See clause entitled "Acceptance of Offers 10% Below Price" in Part VII.B. of this solicitation. Use by local public procurement units is optional. Section 11-35-4610 defines local public procurement units to include any political subdivision, or unit thereof, which expends public funds. Section 11-35-310(23) defines the term political subdivision as all counties, municipalities, school districts, public service or special purpose districts.</p> <p>(b) The State shall be entitled to audit the books and records of you and any subcontractor to the extent that such books and records relate to the performance of the work. IMPORTANT TAX NOTICE - NONRESIDENTS ONLY

Withholding Requirements for Payments to Nonresidents: Section 12-8-550 of the South Carolina Code of Laws requires persons hiring or contracting with a nonresident conducting a business or performing personal services of a temporary nature within South Carolina to withhold 2% of each payment made to the nonresident. The withholding requirement does not apply to (1) payments on purchase orders for tangible personal property when the payments are not accompanied by services to be performed in South Carolina, (2) nonresidents who are not conducting business in South Carolina, (3) nonresidents for contracts that do not exceed \$10,000 in a calendar year, or (4) payments to a nonresident who (a) registers with either the S.C. Department of Revenue or the S.C. Secretary of State and (b) submits a Nonresident Taxpayer Registration Affidavit - Income Tax Withholding, Form I-312 to the person letting the contract.

The withholding requirement applies to every governmental entity that uses a contract ("Using Entity"). Nonresidents should submit a separate copy of the Nonresident Taxpayer Registration Affidavit - Income Tax Withholding, Form I-312 to every Using Entity that makes payment to the nonresident pursuant to this solicitation. Once submitted, an affidavit is valid for all contracts between the nonresident and the Using Entity, unless the Using Entity receives notice from the Department of Revenue that the exemption from withholding has been revoked.

Section 12-8-540 requires persons making payment to a nonresident taxpayer of rentals or royalties at a rate of \$1,200.00 or more a year for the use of or for the privilege of using property in South Carolina to withhold 7% of the total of each payment made to a nonresident taxpayer who is not a corporation and 5% if the payment is made to a corporation. Contact the Department of Revenue for any applicable exceptions.

Section 11-35-310(35) of the South Carolina Code of Laws reads as follows: "'Term contract' means contracts established by the chief procurement officer for specific supplies, services, or information technology for a specified time and for which it is mandatory that all governmental bodies procure their requirements during its term. As provided in the solicitation, if a public procurement unit is offered the same supplies, services, or information technology at a price that is at least ten percent less than the term contract price, it may purchase from the vendor offering the lower price after first offering the vendor holding the term contract the option to meet the lower price. The solicitation used to establish the term contract must specify contract terms applicable to a purchase from the vendor offering the lower price. If the vendor holding the term contract meets the lower price, then the governmental body shall purchase from the contract vendor. All decisions to purchase from the vendor offering the lower price must be documented by the procurement officer in sufficient detail to satisfy the requirements of an external audit. A term contract may be a multi term contract as provided in Section 11-35-2030."

This document is being used in conjunction with a solicitation issued for a government procurement being conducted for Licensee; nevertheless, the Parties intend for this document (including any attachments) to memorialize a contractual relationship related to but independent of any contractual relationship entered into by an award issued pursuant to that solicitation.

Agreement

For the reasons recited above, and in consideration of the mutual covenants contained herein, the Parties agree as follows:

Definitions

Agreement means this South Carolina Standard Amendment to End User License Agreements for Commercial Off-The-Shelf Software, not including any EULA or other attachments.

Authorized EULA means any EULAs attached as Exhibit "C", but does not include any document referenced or incorporated therein unless attached to this Agreement. Licensor warrants that every Authorized EULA is an unmodified copy of Licensor's standard form agreement.

Distributor means the generic category of entities authorized by Licensor, if any, that participate in the distribution chain between Licensor and Licensee, including, but not limited to, value added resellers (VARs), original equipment manufacturers (OEMs), distributors, dealers, independent sales organizations (ISOs), resellers, and retail outlets.

Distributor Contract means a contract between a Licensee and a Distributor by which Licensee can acquire licenses of the Software. Nothing in this agreement constitutes a representation or obligation that Licensor has made or will make its Software available through a Distributor.

Documentation means all materials supplied, directly or indirectly, to Licensees by Licensor, by any means or media that explain or facilitate the use of the Software, which may include, without limitation, any materials that describe the functional, operational, and/or performance capabilities of the Software; training materials; user, operator, system administration, technical, support, and other manuals or instructions; flow charts, and logic diagrams. Licensor warrants that the Documentation does and will continue to accurately describe the functional and operational characteristics of the Software. Licensor warrants that the Documentation will be contemporaneously updated to reflect any changes made to the Software.

End User License Agreement ("EULA") means any license agreement or other commercial agreement, regardless of how designated, pertaining to the right to use any Software, including, but not limited to, any such agreement proposed prior to or after execution of this Agreement, and including without limitation any such agreement that either is affixed to (e.g., shrinkwrap), imbedded in (e.g., clickwrap), or in any way accompanies the Software upon delivery. The term "EULA" does not include this Agreement. The term "EULA" does not include any contract awarded by or on behalf of a Licensee as a result of a formal solicitation (e.g., invitation for bids or request for proposals) issued by or on behalf of a licensee. The term "EULA" does not include a contract to the extent it governs software maintenance as defined in ISO/IEC 14764:2006.

ITMO means the Information Technology Management Office established by South Carolina Code Section 11-35-820, as amended, or its successor in interest. Pursuant to Section 11-35-510 of the South Carolina Code of Laws, ITMO is authorized to act as the statutory procurement agent for every South Carolina Governmental Body (as defined by S.C. Code Ann. § 11-35-310(18), as amended) covered by the South Carolina Consolidated Procurement Code. Consistent with its statutory authority, ITMO is acting solely in a representative capacity and on behalf of Licensees. ITMO is not a party to this Agreement. Notwithstanding any other provision, ITMO bears no liability for any party's losses arising out of or relating in any way to this Agreement.

Ordering and Confirming Documents means those documents exchanged between a Licensee and the Licensor to memorialize the number and configuration of licenses ordered and provided, whether exchanged directly with Licensor or indirectly through a Distributor. By way of example, ordering documents may include a purchase order or other instrument submitted by Licensee, and confirming documents may include a software key or license-specific identifying information, an invoice, or another document submitted by Licensor.

Prior Agreement means a written agreement that was negotiated, signed using pen and paper, and executed by an authorized representative of a Licensee prior to the Effective Date of this Agreement.

Procurement Contract means any contract awarded pursuant to the Solicitation identified above by reference to its Solicitation Number and Solicitation Description.

Software means any computer program referenced on Exhibit "B", including any future service packs, maintenance updates, patches, fixes, or like modifications to the computer program by whatever name provided by Licensor, if any. In addition, Exhibit B excludes any computer program not identified in the Procurement Contract. For clarity, Exhibit B excludes all services, including without limitation, so-called "software-as-a-service" and "cloud services," application services, etc., even if included therein.

Exhibit A – [RESERVED]
Exhibit B – Software List
Exhibit C - Authorized EULAs

1. RELATIONSHIP BETWEEN THIS AGREEMENT AND THE AUTHORIZED EULAs.

1.1 Agreement to Authorized EULAs. Subject to the provisions of this Agreement, Licensee agrees to the terms and conditions of the Authorized EULAs. Any EULA that is not an Authorized EULA is void and of no effect. Licensor represents that every EULA applicable to the computer programs referenced on Exhibit "B" has been attached to Exhibit "C" as an Authorized EULA.

1.2 Primacy of Agreement. The terms of this Agreement shall be given full effect prior to the application of any term in the Authorized EULAs. To the extent of any inconsistency or conflict, the terms of this Agreement take precedence over any similar terms in any Authorized EULAs. To the extent an Authorized EULA provides Licensee with options or rights in addition to or beyond those available under this Agreement, nothing in this Agreement is intended to limit Licensee's exercise of such options or rights.

1.3 Entire Agreement. Within the scope of this Agreement, as defined in Paragraph 2, this Agreement, Exhibit "B" (the Software List), and the Authorized EULAs constitute the entire agreement between the Parties and supersede all other prior or contemporaneous agreements, representations, or discussions, whether oral or written. This Agreement and the Authorized EULAs shall apply notwithstanding any conflicting or additional provisions in Ordering or Confirming Documents.

2. LIMITED SCOPE OF AGREEMENT.

2.1 This Agreement and the Authorized EULAs apply only to the use and licensing of Software by Licensee. All terms in an Authorized EULA regarding services (other than warranty services) are void.

2.2 Neither this Agreement nor an Authorized EULA authorize any Licensee to pay any funds directly to Licensor. All terms in a EULA regarding pricing, payment, interest, and delivery are void. This Agreement and the Authorized EULAs are independent of, and do not form a part of a Procurement Contract. Ordering and Confirming Documents may not be issued pursuant to an Authorized EULA, but must be issued pursuant to a Procurement Contract. Ordering and Confirming Documents form a part of this Agreement and the Authorized EULAs but only to the extent they memorialize the number of, configuration of, and prices paid for licenses ordered and provided. Ordering and Confirming Documents may not supplement, alter, or modify any provision of this Agreement or an Authorized EULA.

2.3 Subject to the limits of item 2.1, this Agreement and the Authorized EULAs apply to all licenses of Software licensed from Licensor by a Licensee during the term of this Agreement, whether acquired directly from Licensor or indirectly through a Distributor.

3. TERM OF AGREEMENT.

3.1 With regard to the licensure of any particular copy of Software, the terms of this Agreement and the Authorized EULAs shall continue to apply to that license notwithstanding the expiration of this Agreement.

3.2 This Agreement shall be in effect for seven years from the Effective Date. Expiration of this Agreement does not terminate any particular license of Software.

4. LICENSE GRANT.

4.1 Any rights granted by Licensor to Licensee in an Authorized EULA are in addition to any rights granted by this Paragraph 4. Licensor agrees that Licensee shall have the rights that are set forth in items 4.2, 4.3, 4.4, and 4.5 below.

4.2 For each license acquired, the Software may be:

4.2.1 Used or copied for use in or with the computer or computers for which it was acquired, including without limitation use at any of Licensee's installations to which such computer or computers may be transferred;

4.2.2 Used or copied for use in or with a backup computer if any computer for which it was acquired is inoperative;

4.2.3 Reproduced for safekeeping (archives) or backup purposes;

4.2.4 Modified, adapted, or combined with other computer programs ~~or computer data bases~~; however, a Licensee may not reverse engineer, decompile or disassemble the Software except to the extent necessary to create interfaces to, or allow inter-operability with, other computer programs or computer data bases;

4.2.5 Disclosed to and used by support service contractors or their subcontractors for the benefit of the Licensee, subject to the restrictions set forth in this Agreement; and,

4.2.6 Used or copied for use in or transferred to a replacement computer.

4.3 Notwithstanding any other provision, Licensee's fair use rights (17 U.S.C. § 107) are not limited in any way.

5. INTELLECTUAL PROPERTY INFRINGEMENT.

5.1 As used in this Paragraph 5, these terms are defined as follows: "Acquired Item(s)" means the rights, Software, or services, if any, furnished under this Agreement or any Authorized EULA. "Affiliate" means any business connected with or related to Licensor. "Indemnitee" means Licensee, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. "IP Right(s)" means a copyright, patent, trademark, trade secret, or any other proprietary right.

5.2 In the event of any claim by any third party against an Indemnitee asserting or involving an IP Right which concerns any Acquired Item(s), Licensor shall defend Indemnitee, at its expense, against all actions, proceedings or claims of any nature and shall, without limitation, indemnify Indemnitee for and against any loss, cost, expense, attorneys' fees and expenses (including inside counsel), or liability, resulting from or related to such claim, whether or not such claim is successful.

5.3 Indemnitee must notify Licensor in writing within a reasonable period of time after Indemnitee first receives written notice of any such claim or action. Indemnitee's failure to provide or delay in providing such notice will relieve Licensor of its obligations under this Paragraph 5 only if and to the extent that such delay or failure materially prejudices Licensor's ability to defend such claim. Indemnitee must reasonably cooperate with Licensor's defense of such claims or suits and, subject to Title 1, Chapter 7 of the South Carolina Code of Laws, allow Licensor sole control of the defense, so long as the defense is diligently and capably prosecuted. Licensee may participate in Licensor's defense of any action. Except for an injunction limited to requiring the cessation of use of an Acquired Item that is the subject of a claim, Licensor may not, without Licensee's prior written consent, settle, compromise, or consent to the entry of any judgment in any such commenced or threatened claim or action unless such settlement, compromise or consent (i) includes an unconditional release of Indemnitee from all liability related to such commenced or threatened claim or action, and (ii) is solely monetary in nature and does not include a statement as to, or an admission of fault, culpability or failure to act by or on behalf of, an Indemnitee or otherwise

adversely affect an Indemnitee. Licensee's consent is necessary for any settlement that requires Licensee to part with any right or make any payment or subjects Licensee to any injunction, except for an injunction requiring cessation of use of an Acquired Item that is the subject of the claim.

5.4 In the event an injunction, order, or agreement shall be obtained against Licensee's use of any Acquired Item, Licensor shall, without in any way limiting its other obligations under this Agreement and at its sole expense: (a) use good faith, diligent efforts to procure for Licensee the right to continue to use, and to have used, the Acquired Item, and if such remedy is commercially impracticable, to then (b) replace or modify the Acquired Item so that it becomes non-infringing but only if the modification or replacement does not materially adversely affect the functionality of the Acquired Item or its use by Licensee. In the event that both of these remedies are commercially impracticable, Licensor may require that Licensee stop using the Acquired Item, refund to Licensee an amount equal to all money paid by Licensee therefore, and take all steps necessary to have any Indemnitees released from any further liability.

5.5 Licensor's obligations under this Paragraph 5 do not apply to a claim to the extent (a) that the claim is caused by a modification of Software made by Licensee; (b) that the claim is caused by Licensee's use of a superseded release of Software if the infringement would have been avoided by Licensee's timely implementation of an update or upgrade previously provided to Licensee, but only if such update or upgrade (1) was provided by Licensor at no cost or as part of either maintenance or a previous purchase by Licensee, and (2) does not materially adversely affect the functionality of the Acquired Item or its use by Licensee; (c) that the claim is caused by Licensee combining the Software with another computer program or hardware unless such combinations are recommended by the Documentation or otherwise suggested by Licensor or its Affiliates; (d) that the claim is caused by Licensee reverse engineering, decompiling, or disassembling Software; (e) that the claim arises from Licensee's use of any Software that is open source or freeware, but only if the open source or freeware is not incorporated or combined by Licensor in Software provided by Licensor; (f) that the claim is caused (1) by modifications made to the Software by Licensor or its Affiliates in accordance with a detailed, exact statement of specifications furnished by Licensee unless Licensor or its Affiliates knew or should have known that compliance with the Licensee's specifications would infringe an IP right, or (2) by compliance by Licensor or its Affiliates with specifications furnished by Licensee if Licensee knowingly relied on a third party's product to develop the specifications provided to Licensor or its Affiliates and failed to identify such product to Licensor.

5.6 Notwithstanding any other provision, Licensor's obligations pursuant to this Paragraph 5 are without any limitation whatsoever. Licensor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of this Agreement.

5.7 Paragraph 5 states Licensee's exclusive remedy for third party damages claims asserting a violation or infringement of the third party's intellectual property rights.

6. LIMITATION OF RECOVERY.

6.1 Limitation of Damages – Licensor. Except as provided in Paragraph 5 (Intellectual Property Infringement), Paragraph 7.1 (Right to Audit; Misuse of Data), and Paragraph 14.22 (Privacy), Licensor's liability for damages, if any, for any cause whatsoever, and regardless of the form of action, shall in no event exceed an amount equal to twice the cumulative fees paid or payable by Licensee to license the Software. The foregoing limitation applies to the exclusion of any other limitation or exclusion of the remedies available against Licensor, the liability of Licensor, or the damages recoverable from Licensor.

6.2 Limitation of Damages - Licensee. Except as provided in Paragraph 7.2 (Audit Remedy; Exclusivity), Licensee's liability for damages, if any, for any cause whatsoever, and regardless of the form of action, shall in no event exceed an amount equal to twice the cumulative fees paid or payable by Licensee to license Software. Licensee's total liability for any obligation arising under any clause imposing any duty of confidentiality or non-disclosure shall not exceed an amount equal to fifty thousand dollars. The foregoing limitations do not apply to a loss incurred by Licensor to the extent the loss results because

Licensee has created a derivative work from, reverse assembled, reverse compiled, or otherwise reduced to human readable form the Software without Licensor's prior written consent. Nothing herein shall be construed to waive any clause regarding the availability or appropriation of funds, sovereign immunity, or any other immunity, restriction, or limitation on recovery provided by law.

7. AUDIT.

7.1 Right to Audit: Misuse of Data. Licensor has the right to audit Licensee at Licensor's expense. Licensor shall conduct an audit and use the information obtained in an audit only to enforce Licensor's rights under, and to determine whether Licensee is in compliance with, the terms of this Agreement and any Authorized EULAs. Any audit will be subject to a confidentiality obligation and will take place upon not fewer than 30 days notice, during Licensee's normal business hours, and in a manner that does not interfere unreasonably with Licensee's operations. Licensor's sole audit right regarding Licensee is provided by this Paragraph 7. Notwithstanding any other provision, Licensor's liability for intentional breach of its obligation regarding the use of information obtained in an audit is without any limitation whatsoever.

7.2 Audit Remedy: Exclusivity. If an audit reveals or Licensor otherwise discovers unlicensed use of Software by Licensee, Licensee shall either (a) promptly order and pay for sufficient licenses to permit all Software usage discovered and pay Licensor the difference between (i) the license fees that Licensee should have paid for such Software, based upon actual usage, and (ii) the actual license fees that Licensee paid for the software, based upon the actual usage level for which such Software was licensed, or (b) immediately terminate any unlicensed use of Software and pay any applicable license fees for any noncompliance discovered. If a Distributor Contract exists, Licensee may order licenses from, and pay license fees to, a Distributor at a price established by a Distributor Contract. If Licensee's unlicensed use of the Software would be within the scope of license rights granted by this Agreement and the Authorized EULAs but for Licensee's failure to acquire an adequate number of licenses or an available license, Licensor's exclusive remedy for the unlicensed use shall be the remedy provided by this item 7.2. If Licensee fails to execute either option within a reasonable time, the foregoing remedy will not be considered exclusive.

7.3 Licensor's right to conduct an audit is limited by any applicable statutory or regulatory limitations on access to public records.

8. LICENSEE'S RECORDS. For each license of Software acquired pursuant to this Agreement, Licensee agrees to retain records of that license for one year beyond the duration of that license, provided that Licensee has no obligation to retain records of a license beyond one year after Licensee ceases to retain a copy of the Software to which a license applies. Licensor may access Licensee's records as provided in the South Carolina Freedom of Information Act and any other applicable law. Except as stated in this Agreement, Licensor agrees that Licensee has no obligation to retain any records.

9. CONFIDENTIALITY & NONDISCLOSURE. This Agreement and the Authorized EULAs are subject to public disclosure. All provisions of an Authorized EULA regarding confidentiality or nondisclosure are subject to the South Carolina Freedom of Information Act and other applicable laws. Any duty of confidentiality or nondisclosure established by an Authorized EULA applies only to Software and Documentation that has been conspicuously marked with the words confidential, proprietary, or trade secret.

10. TERMINATION. Licensor may not terminate either this Agreement or the Authorized EULAs in the absence of a breach by Licensee that would, under the common law, be material. Any termination by Licensor must be preceded by adequate notice and opportunity to cure. If Licensor exercises any termination rights under any Authorized EULA, Licensee may, in addition to any rights provided in the Authorized EULAs, continue using software pursuant to this Agreement and the Authorized EULAs for a period of six months in order to allow Licensee to convert from the use of Software, unless Licensee has violated the restrictions in paragraph 4.2.4. During the conversion period, and to the extent applicable

Licensee shall pay any applicable, previously unpaid license fees at the price last available from Licensor to Licensee prior to termination or, at Licensee's option, at the price established by an applicable Distributor Contract, if any.

11.WARRANTIES. The warranties provided in this Paragraph 11 are in addition to any other warranties provided in the Authorized EULAs. Licensor warrants (a) that every item of Software, without unauthorized modification, will perform substantially in accordance with the Documentation applicable to the Software for a period of 365 days from the date the item of Software is installed by Licensee, (b) that Licensor has all necessary right and authority to license the Software and to grant the licenses provided hereunder, and (c) that there is currently no actual or threatened legal action against Licensor by any third party based on an alleged violation of an intellectual or proprietary property right that has not been disclosed to ITMO and that could adversely affect Licensor's ability to license the use of the Software. Licensor agrees that it will not electronically repossess, trigger any lock, or use any device capable of halting operations or erasing or altering data or programs with regard to any Software that it has licensed to Licensee.

12.BANKRUPTCY.

12.1 Notice of Insolvency. Licensor shall provide ITMO and Licensee with written notice immediately upon the filing by Licensor of a petition in bankruptcy or insolvency or upon any other proceeding or action by or against Licensor under the relevant law on insolvency or bankruptcy, or after the making by Licensor of any assignment or attempted assignment for the benefit of creditors or upon or after the institution of any proceedings for the liquidation or winding up of Licensor's business or for the termination of its corporate charter.

12.2 Rejection of Executory License. The Parties agree that the Software is "intellectual property" as defined in Section § 101(35A) of the U.S. Bankruptcy Code. Upon the filing by Licensor of a petition in bankruptcy or insolvency or upon any other proceeding or action by or against the Licensor under the relevant law on insolvency or bankruptcy, this Agreement and the Authorized EULAs shall be governed by Section 365(n) of the U.S. Bankruptcy Code. If any person seeks to reject this Agreement or the Authorized EULAs pursuant to bankruptcy law, Licensee shall have the option of using the Software for either the original term of the Authorized EULAs or a period of five years after rejection is requested.

13.RIGHTS TO SOFTWARE OR DATABASE DEVELOPED BY LICENSEE. Nothing in this Agreement or any Authorized EULA shall be construed to give Licensor any rights with regard to computer programs developed by Licensee, regardless of whether or not such programs are connected to or embedded in Software or are functionally similar, in whole or part, to Software. Nothing in this paragraph grants a Licensee any rights to Licensor's intellectual property or to any derivative works.

14.GENERAL

14.1 Choice of Law & Choice of Forum. Both the rights and obligations of the Parties and this Agreement and any EULA, as well as any dispute, claim, or controversy arising out of or relating to this Agreement or any EULA, shall, in all respects, be established, interpreted, construed, enforced and governed by and under the laws of the State of South Carolina, without regard to any provision governing conflicts of law. All disputes, claims, or controversies arising out of or in any way relating to this Agreement or any EULA shall be resolved exclusively by the appropriate Chief Procurement Officer in accordance with Title 11, Chapter 35, Article 17 of the South Carolina Code of Laws, or in the absence of jurisdiction, only in the Court of Common Pleas for, or a federal court located in, Richland County, State of South Carolina.

14.2 Sovereign Immunity. Title 11, Chapter 35, Article 17 constitutes a limited statutory waiver of sovereign immunity. Notwithstanding paragraph 14.1, Licensor agrees that neither this Agreement, any Authorized EULAs, nor any act by either ITMO or Licensee regarding this Agreement or any EULA is a waiver of either their sovereign immunity or their immunity under the Eleventh Amendment of the United States Constitution.

14.3 Subject to Applicable Law. This Agreement is entered into pursuant to the South Carolina Consolidated Procurement Code (Title 11, Chapter 35 of the South Carolina Code of Laws.) As a public entity, all of Licensee's obligations are subject to any applicable laws.

14.4 Alternative Dispute Resolution. No method of mandatory alternative dispute resolution shall apply to any dispute, claim, or controversy arising out of or relating to this Agreement or the Authorized EULAs.

14.5 CISG / UCITA. Neither the UN Convention on the International Sale of Goods nor the Uniform Computer Information Transactions Act (nor any non-uniform version) shall apply to this Agreement or the Authorized EULAs.

14.6 ITMO Participation In Contract Disputes. Consistent with its statutory authority, ITMO is acting solely in a representative capacity and on behalf of Licensees. Accordingly, ITMO is not a party to this Agreement and need not be joined as a party to any dispute that may arise out of this Agreement. With regard to this Agreement, the officers, agents and employees of ITMO are acting solely in their official capacity and need not be joined as a party to any dispute that may arise out of this Agreement.

14.7 Notices. In addition to any other obligations the parties may have regarding notice, all notices or other communications regarding termination, material breach, modification, or audit of this Agreement, an Authorized EULA, or a license covered by either shall be copied to ITMO at the following address.

Information Technology Management Office
Procurement Services Division
State Budget & Control Board
1201 Main Street, Suite 600
Columbia, SC 29201

14.8 Third Party Beneficiary. This Agreement and the Authorized EULAs are made solely and specifically among and for the benefit of the Parties hereto, and their respective successors and assigns, and no other person will have any rights, interest, or claims hereunder or be entitled to any benefits under or on account of this Agreement or the Authorized EULAs as a third party beneficiary or otherwise.

14.9 Assignment. Except as set forth below, neither party may assign or transfer this Agreement, the Authorized EULAs, or any rights regarding either, without the prior written consent of ITMO. Reference S.C. Code Ann. Regs § 19-445.2180. Such consent shall not be unreasonably withheld. Any attempted assignment, delegation or transfer in derogation of this Paragraph shall be null and void.

14.9.1 This Agreement and the Authorized EULAs, and any rights regarding either, may be assigned to an affiliate of the Licensor, or to successors-in-interest of substantially all the assets of the Licensor, if the assignee expressly assumes the Licensor's obligations under the assigned agreement. Licensor must give Licensee reasonable prior notice of any assignment. As used in this item, affiliate means a legal entity that controls, is controlled by, or is under common control with Licensor.

14.9.2 If Licensee is reorganized such that certain operations or functions are transferred from Licensee to a different public procurement unit, then in connection with such reorganization, a Licensee may, upon written notice to Licensor, transfer licenses to another public procurement unit provided that the transferee is performing some substantially similar business and/or operational functions as the original Licensee. Both entities shall execute such paperwork as Licensor may reasonably require.

14.10 Interpretation. Any question of interpretation or construction shall not be resolved by any rule providing for interpretation or construction against the party who causes the uncertainty to exist or against the drafters of this Agreement.

14.11 Headings. The headings contained in this Agreement are for the purposes of convenience only and are not intended to define or limit the contents of this Agreement.

14.12 Publicity. Licensor agrees not to refer to Licensees in such a manner as to state or imply that either Licensor or its Software is endorsed or preferred by Licensee, the State of South Carolina, or any unit of either. The foregoing shall not prohibit the Licensor from identifying a Licensee as a customer in a customer list.

14.13 Relationship Among Public Entities. Each Licensee's obligations and liabilities are independent of every other Licensee's obligations and liabilities. Termination of one Licensee does not constitute grounds for termination of a different Licensee.

14.14 Language of Agreement & Notices. The language of this Agreement is English. If translated into another language, this English version of the Agreement shall be controlling. All notices required or permitted to be given hereunder shall be written in the English language.

14.15 Survival of Obligations. The Parties' rights and obligations which, by their nature, would continue beyond the termination, cancellation, rejection, or expiration of this Agreement shall survive such termination, cancellation, rejection, or expiration, including, but not limited to, the rights and obligations created by the following clauses: Intellectual Property Infringement, Limitation of Recovery, Audit, Bankruptcy, and General.

14.16 Waiver & Modification. No waiver of any default by either party shall act as a waiver of a subsequent or different default. The provisions of this Agreement and the Authorized EULAs may not be modified or waived except by another agreement in writing executed by an authorized representative of Licensee and an authorized representative of Licensor.

14.17 Anti-Indemnification & Anti-Representation. Any provision in the Authorized EULAs is void to the extent it imposes an obligation upon ITMO or a Licensee that would properly be characterized as an indemnity. Licensee makes no representations or warranties to Licensor, and any language to the contrary is void.

14.18 Statute of Limitations. Any provision in the Authorized EULAs is void to the extent that it modifies the statute of limitations or alters the time period within which an action must be brought.

14.19 Non-appropriations. Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds therefore. When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, the contract shall be cancelled.

1. An award will be made to the responsive and responsible bidder for each lot that offers the highest weighted value discount for all items listed in the Bidding Schedule. All categories in each lot that are being bid must be completely filled in or the bid will be considered non-responsive.
2. In addition, the State will make additional awards to responsive and responsible bidders that offer an average weighted value discount that is 5% or less than the base price of the lowest bidder stated in paragraph (a) above.

Request for Proposal Revisions
RFP # X

Dear [person signing proposal cover page]:

As the procurement officer for the above referenced RFP, I am writing to conduct discussions regarding your business' proposal. As contemplated in the Request for Proposals, the State has elected to conduct discussions pursuant to South Carolina Code Section 11-35-1530(6) and Regulation 19-445.2095(I). Under these laws, discussions are conducted with all offerors submitting proposals initially classified, for discussion purposes, as either acceptable or potentially acceptable. Your proposal has been classified as [acceptable/potentially acceptable.]

The authority to conduct discussions is strictly limited. First, discussions involve only a limited exchange of information. They are not and cannot constitute negotiations.

Second, all discussions must be controlled by the procurement officer. Accordingly, please do not communicate with any other state employees regarding these discussions without my express prior approval and my direct participation.

Third, these discussions involve an opportunity for you to submit cost or price, technical, or other revisions to your proposal. However, the law allows such revisions "only to the extent such revisions are necessary to resolve any matter raised in writing by the procurement officer during discussions." Accordingly, you must ensure that any revisions submitted are strictly limited to only those revisions necessary to resolve the concerns raised in this letter. Please see the attached list of concerns. Unauthorized revisions or additional unsolicited responses may result in rejection of your revisions and consideration of only your initial proposal.

Fourth, revisions must be timely received. **Any revisions must be received by me no later than [date]. Late proposal revisions will not be considered.**

Please contact me if you have any questions.

Sincerely,

[name]
Procurement Manager

[Instructions to Procurement Officer: If a proposal is acceptable, you may have no need to send any letter. A letter is not needed unless you intend to authorize a proposal revision. All italicized text requires your attention]

¹ For very large or very high profile procurements, the added security of sending your letter certified mail may be worth the cost. Ordinarily, the expense is not needed. If you elect to use email, make sure you have proof of receipt. Unlike mail deposited with the U.S. Post Office, the law does not include a presumption that email is properly delivered.

The procurement officer shall give notice of a time extension to each bidder by posting it at the location identified in the solicitation.

The clause titled Award Notification (Mar 2015) provides, in part, as follows:

Notice regarding any award, cancellation of award, or extension of award will be posted at the location and on the date specified on the Cover Page or, if applicable, any notice of extension of award.

Because the "stay" imposed by 11-35-4210(7) is automatic, no suspension notice is legally necessary. Nevertheless, posting such a notice is an efficient means of giving notice to those that may have an interest in the protest process. It also dovetails with language on the Intent to Award notice to the effect that the Intent to Award will become the final award statement unless suspended or canceled; accordingly, the "suspension" documents the fact that the award will not be going "final."

Instructions for Submitting Cost-Price Data

This document provides instructions for preparing a contract pricing proposal when cost or pricing data are required.

Note 1: There is a clear distinction between submitting cost or pricing data and merely making available books, records, and other documents without identification. The requirement for submission of cost or pricing data is met when all accurate cost or pricing data reasonably available to the offeror have been submitted, either actually or by specific identification, to the Contracting Officer or an authorized representative. As later information comes into your possession, it should be submitted promptly to the Contracting Officer in a manner that clearly shows how the information relates to the offeror's price proposal. The requirement for submission of cost or pricing data continues up to the time of agreement on price, or an earlier date agreed upon between the parties if applicable.

Note 2: By submitting your proposal, you grant the Contracting Officer or an authorized representative the right to examine records that formed the basis for the pricing proposal. That examination can take place at any time before award. It may include those books, records, documents, and other types of factual information (regardless of form or whether the information is specifically referenced or included in the proposal as the basis for pricing) that will permit an adequate evaluation of the proposed price.

I. General Instructions

A. You must provide the following information on the first page of your pricing proposal:

- (1) Solicitation, contract, and/or modification number;
- (2) Name and address of offeror;
- (3) Name and telephone number of point of contact;
- (4) Name of contract administration office (if available);
- (5) Type of contract action (that is, new contract, change order, price revision/redetermination, letter contract, unpriced order, or other);
- (6) Proposed cost; profit or fee; and total;
- (7) Whether you will require the use of Government property in the performance of the contract, and, if so, what property;
- (8) Whether your organization is subject to cost accounting standards; whether your organization has submitted a CASB Disclosure Statement, and if it has been determined adequate; whether you have been notified that you are or may be in noncompliance with your Disclosure Statement or CAS (other than a noncompliance that the cognizant Federal agency official has determined to have an immaterial cost impact), and, if yes, an explanation; whether any aspect of this proposal is inconsistent with your disclosed practices or applicable CAS, and, if so, an explanation; and whether the proposal is consistent with your established estimating and accounting principles and procedures and FAR Part 31, Cost Principles, and, if not, an explanation;
- (9) The following statement: This proposal reflects our estimates and/or actual costs as of this date and conforms with the instructions in FAR 15.403-5(b)(1) and Table 15-2. By submitting this proposal, we grant the Contracting Officer and authorized representative(s) the right to examine, at any time before award, those records, which include books, documents, accounting procedures and practices, and other data, regardless of type and form or whether such supporting information is specifically referenced or included in the proposal as the basis for pricing, that will permit an adequate evaluation of the proposed price.
- (10) Date of submission; and
- (11) Name, title, and signature of authorized representative.

B. In submitting your proposal, you must include an index, appropriately referenced, of all the cost or pricing data and information accompanying or identified in the proposal. In addition, you must annotate any future additions and/or revisions, up to the date of agreement on price, or an earlier date agreed upon by the parties, on a supplemental index.

- C. As part of the specific information required, you must submit, with your proposal, cost or pricing data (that is, data that are verifiable and factual and otherwise as defined at FAR 2.101). You must clearly identify on your cover sheet that cost or pricing data are included as part of the proposal. In addition, you must submit with your proposal any information reasonably required to explain your estimating process, including--
 - (1) The judgmental factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known data; and
 - (2) The nature and amount of any contingencies included in the proposed price.
- D. You must show the relationship between contract line item prices and the total contract price. You must attach cost-element breakdowns for each proposed line item, using the appropriate format prescribed in the "Formats for Submission of Line Item Summaries" section of this table. You must furnish supporting breakdowns for each cost element, consistent with your cost accounting system.
- E. When more than one contract line item is proposed, you must also provide summary total amounts covering all line items for each element of cost.
- F. Whenever you have incurred costs for work performed before submission of a proposal, you must identify those costs in your cost/price proposal.
- G. If you have reached an agreement with Government representatives on use of forward pricing rates/factors, identify the agreement, include a copy, and describe its nature.
- H. As soon as practicable after final agreement on price or an earlier date agreed to by the parties, but before the award resulting from the proposal, you must, under the conditions stated in FAR 15.406-2, submit a Certificate of Current Cost or Pricing Data.

II. Cost Elements

Depending on your system, you must provide breakdowns for the following basic cost elements, as applicable:

- A. Materials and services. Provide a consolidated priced summary of individual material quantities included in the various tasks, orders, or contract line items being proposed and the basis for pricing (vendor quotes, invoice prices, etc.). Include raw materials, parts, components, assemblies, and services to be produced or performed by others. For all items proposed, identify the item and show the source, quantity, and price. Conduct price analyses of all subcontractor proposals. Conduct cost analyses for all subcontracts when cost or pricing data are submitted by the subcontractor. Include these analyses as part of your own cost or pricing data submissions for subcontracts expected to exceed the appropriate threshold in FAR 15.403-4. Submit the subcontractor cost or pricing data as part of your own cost or pricing data as required in paragraph IIA(2) of this table. These requirements also apply to all subcontractors if required to submit cost or pricing data.
 - (1) Adequate Price Competition. Provide data showing the degree of competition and the basis for establishing the source and reasonableness of price for those acquisitions (such as subcontracts, purchase orders, material order, etc.) exceeding, or expected to exceed, the appropriate threshold set forth at FAR 15.403-4 priced on the basis of adequate price competition. For interorganizational transfers priced at other than the cost of comparable competitive commercial work of the division, subsidiary, or affiliate of the contractor, explain the pricing method (see FAR 31.205-26(e)).
 - (2) All Other. Obtain cost or pricing data from prospective sources for those acquisitions (such as subcontracts, purchase orders, material order, etc.) exceeding the threshold set forth in FAR 15.403-4 and not otherwise exempt, in accordance with FAR 15.403-1(b) (i.e., adequate price competition, commercial items, prices set by law or regulation or waiver). Also provide data showing the basis for establishing source and reasonableness of price. In addition, provide a summary of your cost analysis and a copy of cost or pricing data submitted by the prospective source in support of each subcontract, or purchase order that is the lower of either \$10,000,000 or more, or both more than the pertinent cost or pricing data threshold and more than 10 percent of the prime contractor's proposed price. The Contracting Officer may require you to submit cost or pricing data in support of proposals in lower amounts. Subcontractor cost or pricing data must be accurate, complete and

current as of the date of final price agreement, or an earlier date agreed upon by the parties, given on the prime contractor's Certificate of Current Cost or Pricing Data. The prime contractor is responsible for updating a prospective subcontractor's data. For standard commercial items fabricated by the offeror that are generally stocked in inventory, provide a separate cost breakdown, if priced based on cost. For interorganizational transfers priced at cost, provide a separate breakdown of cost elements. Analyze the cost or pricing data and submit the results of your analysis of the prospective source's proposal. When submission of a prospective source's cost or pricing data is required as described in this paragraph, it must be included along with your own cost or pricing data submission, as part of your own cost or pricing data. You must also submit any other cost or pricing data obtained from a subcontractor, either actually or by specific identification, along with the results of any analysis performed on that data.

- B. Direct Labor. Provide a time-phased (e.g., monthly, quarterly, etc.) breakdown of labor hours, rates, and cost by appropriate category, and furnish bases for estimates.
- C. Indirect Costs. Indicate how you have computed and applied your indirect costs, including cost breakdowns. Show trends and budgetary data to provide a basis for evaluating the reasonableness of proposed rates. Indicate the rates used and provide an appropriate explanation.
- D. Other Costs. List all other costs not otherwise included in the categories described above (e.g., special tooling, travel, computer and consultant services, preservation, packaging and packing, spoilage and rework, and Federal excise tax on finished articles) and provide bases for pricing.
- E. Royalties. If royalties exceed \$1,500, you must provide the following information on a separate page for each separate royalty or license fee:
 - (1) Name and address of licensor.
 - (2) Date of license agreement.
 - (3) Patent numbers.
 - (4) Patent application serial numbers, or other basis on which the royalty is payable.
 - (5) Brief description (including any part or model numbers of each contract item or component on which the royalty is payable).
 - (6) Percentage or dollar rate of royalty per unit.
 - (7) Unit price of contract item.
 - (8) Number of units.
 - (9) Total dollar amount of royalties.
 - (10) If specifically requested by the Contracting Officer, a copy of the current license agreement and identification of applicable claims of specific patents (see FAR 27.204 and 31.205-37).
- F. Facilities Capital Cost of Money. When you elect to claim facilities capital cost of money as an allowable cost, you must submit Form CASB-CMF and show the calculation of the proposed amount (see FAR 31.205-10).

III. Formats for Submission of Line Item Summaries

 Column #3 – Proposed contract estimate – unit cost
 Column #4 - Reference

Column and Instruction

- (1) Enter appropriate cost elements.
- (2) Enter those necessary and reasonable costs that, in your judgment, will properly be incurred in efficient contract performance. When any of the costs in this column have already been incurred (e.g., under a letter contract), describe them on an attached supporting page. When preproduction

or startup costs are significant, or when specifically requested to do so by the Contracting Officer, provide a full identification and explanation of them.

- (3) Optional, unless required by the Contracting Officer.
- (4) Identify the attachment in which the information supporting the specific cost element may be found. (Attach separate pages as necessary.)

B. Change Orders, Modifications, and Claims

Column #1 – Cost elements
Column #2 - Estimated cost of all work deleted
Column #3 - Cost of deleted work already performed
Column #4 - Net cost to be deleted
Column #5 – Cost of work added
Column #6 – Net cost of change
Column #7 – Reference

Column and Instruction

- (1) Enter appropriate cost elements.
- (2) Include the current estimates of what the cost would have been to complete the deleted work not yet performed (not the original proposal estimates), and the cost of deleted work already performed.
- (3) Include the incurred cost of deleted work already performed, using actuals incurred if possible, or, if actuals are not available, estimates from your accounting records. Attach a detailed inventory of work, materials, parts, components, and hardware already purchased, manufactured, or performed and deleted by the change, indicating the cost and proposed disposition of each line item. Also, if you desire to retain these items or any portion of them, indicate the amount offered for them.
- (4) Enter the net cost to be deleted, which is the estimated cost of all deleted work less the cost of deleted work already performed. Column (2) minus Column (3) equals Column (4).
- (5) Enter your estimate for cost of work added by the change. When nonrecurring costs are significant, or when specifically requested to do so by the Contracting Officer, provide a full identification and explanation of them. When any of the costs in this column have already been incurred, describe them on an attached supporting schedule.
- (6) Enter the net cost of change, which is the cost of work added, less the net cost to be deleted. Column (5) minus Column (4) equals Column (6). When this result is negative, place the amount in parentheses.
- (7) Identify the attachment in which the information supporting the specific cost element may be found. (Attach separate pages as necessary.)

C. Price Revision/Redetermination

Column #2 – Number of units completed
Column #3 – Number of Units to be completed
Column #4 – Contract amount
Column #5 – Redetermination proposal amount
Column #6 – Difference
Column #7 – Cost elements
Column #8 – Incurred cost - preproduction
Column #9 – Incurred cost – completed units

When residual inventory exists, the final costs established under fixed-price-incentive and fixed-price-redeterminable arrangements should be net of the fair market value of such inventory. In support of subcontract costs, submit a listing of all subcontracts subject to repricing action, annotated as to their status.
- (8) Enter all costs incurred under the contract before starting production and other nonrecurring costs (usually referred to as startup costs) from your books and records as of the cutoff date. These include such costs as preproduction engineering, special plant rearrangement, training program, and any identifiable nonrecurring costs such as initial rework, spoilage, pilot runs, etc. In the event the amounts are not segregated in or otherwise available from your records, enter in this column your best estimates. Explain the basis for each estimate and how the costs are charged on your accounting records (e.g., included in production costs as direct engineering labor, charged to manufacturing overhead). Also show how the costs would be allocated to the units at their various stages of contract completion.
- (9) Enter in Column (9) the production costs from your books and records (exclusive of preproduction costs reported in Column (8)) of the units completed as of the cutoff date.
- (10) Enter in Column (10) the costs of work in process as determined from your records or inventories at the cutoff date. When the amounts for work in process are not available in your records but reliable estimates for them can be made, enter the estimated amounts in Column (10) and enter in Column (9) the differences between the total incurred costs (exclusive of preproduction costs) as of the cutoff date and these estimates. Explain the basis for the estimates, including identification of any provision for experienced or anticipated allowances, such as shrinkage, rework, design changes, etc. Furnish experienced unit or lot costs (or labor hours) from inception of contract to the cutoff date, improvement curves, and any other available production cost history pertaining to the item(s) to which your proposal relates.
- (11) Enter total incurred costs (Total of Columns (8), (9), and (10)).
- (12) Enter those necessary and reasonable costs that in your judgment will properly be incurred in completing the remaining work to be performed under the contract with respect to the item(s) to which your proposal relates.
- (13) Enter total estimated cost (Total of Columns (11) and (12)).
- (14) Identify the attachment in which the information supporting the specific cost element may be found. (Attach separate pages as necessary.)

Guaranty – Forms & Instructions

GUARANTY

INSTRUCTIONS AND GUIDELINES FOR COMPLETION AND USE

(Version dated February 2015)

Introduction: Before contracting with a business, agencies must determine them financially responsible. Many businesses use complex structures, e.g., multi-tiered wholly-owned subsidiaries. Sometimes, one of our potential vendors is a subordinate businesses that lacks capitalization and independent resources. On their own, such subordinate businesses may well be non-responsible. In order to assist vendors in relying on the resources of parent entities for purposes of responsibility, agencies may elect to consider the financial resources of a parent business, but only if the parent is unconditionally responsible for the obligations of the actual offeror. This guaranty and the accompanying instructions are designed to facilitate such reliance, but to do so within the limited resources agencies can dedicate to transactional costs.

A. Documentation That Must Accompany Guaranty

We do not accept a Guaranty unless accompanied by proof of authority to execute a Guaranty. Why? Because agreeing to guaranty the performance of a separate business is usually NOT an act for “apparently carrying on in the ordinary course of business” of the kind carried on by the guarantor. In other words, it is an extraordinary action that may require an extraordinary delegation of authority from whomever ultimately controls the guarantor – say, a corporate board of directors, all the general partners of a partnership, etc. To address this concern, we impose the following requirement.

1. Guaranty by Corporation. If the Guarantor is a corporation, you must acquire the following documents:

a. An original, signed, and witnessed certificate from the corporate secretary certifying (i) the incumbency and authority of the individuals who sign the guaranty on behalf of the corporation, and (ii) the authenticity of the corporate board resolution referenced below (see **Exhibit 1** for sample).

b. An original, signed opinion letter, on corporate letterhead, from the guarantor’s corporate counsel confirming, among other things, the corporate authority and delegated responsibility to execute the guaranty (see **Exhibit 2** for sample).

c. A copy of a resolution of the corporation’s board of directors authorizing the guaranty and reciting its relationship to corporate purposes (see **Exhibit 3** for sample).

2. Guaranty by Non-corporation. If the Guarantor is any other type of business form (e.g., a partnership, limited partnership, professional corporation, limited liability company), you must acquire an original letter, on firm letterhead, from a lawyer licensed in the jurisdiction in which the guarantor was established (see item B.3 below). The letter must provide a written opinion to the effect that the guaranty is properly executed. Again, why? An improperly executed guaranty may be worthless. Not all states impose identical requirements regarding business forms, and these rules can be complex. For example, in South Carolina, a guaranty issued by a limited liability company should be signed by every member of the LLC, or accompanied by

proof that all members of the LLC authorized the member signing to execute the guaranty. (§ 33-44-301). A similar approach is advisable for member-managed LLCs. (§ 33-44-1005(a)). Same approach for partnerships; all partners must sign. (§ 33-41-310). Accordingly, this requirement for an opinion letter is not excusable.

B. Completion of Guaranty

1. “[DATE]” should be replaced with a calendar date that is the same as or precedes the date identified on the Cover Page of the Solicitation for “SUBMIT OFFER BY (Opening Date/Time).”

2. “[GUARANTOR]” should be replaced with the full legal name of the business agreeing to guaranty the contractor’s obligations.

3. “[GUARANTOR_STATE_INC]” should be replace with the full name of the state in which the Guarantor was established. For example, a business incorporated in Texas would identify Texas, even if its principle place of business is Ohio. A partnership formed and recorded in Georgia would identify Georgia, even if its principle place of business is Idaho.

4. “[GUARANTOR_STATE_PRINPLC]” should be replaced with the full name of the state in which the Guarantor has its principle place of business.

5. “[GUARANTOR’S TIN]” should be replaced with the Guarantor’s Taxpayer Identification Number.

6. “[GUARANTY_BIZ_FORM]” should identify the Guarantor’s business form. For example, partnership, corporation, LLC. Identifying the Guarantor as a division or subsidiary of some other entity is unacceptable.

7. “[SOLICITATION_NO]” should be replaced with the number identified as the “Solicitation Number” on the Cover Page of the Solicitation. Likewise, every occurrence of “[SOLICITATION_DESCRIPTION]” should be replace with the phrase identified as the “DESCRIPTION” on the Cover Page of the solicitation to which the Contractor has submitted an Offer.

8. “[CONTRACTOR]” should be replaced with the name appearing in the box identified as “NAME OF OFFEROR” on the signed version of the Cover Page submitted with the Contractor’s bid or proposal.

9. “[CONTRACTOR_STATE]” should be replace with the full name of the state in which the Contractor was established. For example, a business incorporated in Texas would identify Texas, even if its principle place of business is Ohio. A partnership formed and recorded in Georgia would identify Georgia, even if its principle place of business is Idaho. *The state identified here must match the state identified in the box labeled as STATE OF INCORPORATION on the signed version of the Cover Page submitted with the Contractor’s bid or proposal, unless the box is blank. If they do not match, there is a problem.*

10. “[CONTRACTOR_BIZ_FORM]” should identify the Guarantor’s business form. For example, partnership, corporation, LLC. If the Guarantor is identified solely as a division or subsidiary of some other entity, the Guaranty is probably unacceptable. *The business form identified here must match the business form identified in the box labeled as OFFEROR’S TYPE OF ENTITY” on the signed version of the Cover Page submitted with the Contractor’s bid or proposal. If they do not match, there is a problem.*

11. “[GUARANTOR_CONTRACTOR_BIZ_RELATIONSHIP]” should explain the relationship between these two entities – an important piece of information to the overall context. For example, is the Guarantor a parent company that owns all or a part of the Contractor? Are the Guarantor and Contractor sister companies wholly-owned by some third-party parent company? Does the Guarantor have some other relationship that would indicate the interest of the Guarantor and its level of knowledge regarding the Contractor? For example, will the Guarantor be providing the Contractor with any resources (facilities, capital, personnel, intellectual property rights, etc.) that will be used by Contractor to perform the contract? Will the Contractor be paying the Guarantor for such resources? This ties in with the significance of showing the Guarantor is receiving real economic benefit from inducing the State to enter an agreement with the Contractor.

12. “[USING GOVERNMENTAL UNITS]” should be replaced with the exact same text appearing on the Cover Page of the Solicitation next to the words “Using Governmental Unit”.

13. “[NOTICE ADDRESS]” should be replaced with the address provided by Guarantor for notices related to the Guaranty.

C. Procurement Officer’s Due Diligence

1. Prior to award, review every single word of the Guaranty to confirm that (i) no modifications were made to the form, and (ii) the form was completed as required by these instructions. You cannot accept a guaranty executed after issuance of the notice of intent to award as it creates doubt as to the consideration for the guaranty.

2. One of the Recitations provides that the State intends for the Solicitation to result in the execution of one or more contracts, including any purchase orders issued against such contracts and any associated contracts contemplated or allowed by the Solicitation. Many variations are possible. Some solicitations result in a single contract with a single government entity. Some solicitations result in contracts with every government entity that issues a purchase order against a master agreement. Solicitations of either type may involve additional associated contracts between the government entity and the contractor, such as a software license, equipment lease, or nondisclosure agreement. To the extent this Guaranty extends to Contractor’s obligations under such agreements, the Guaranty will be clearer if such agreements are referenced with greater specificity.

3. Take steps to determine the financial responsibility of the Guarantor.

a. Consider a review of multiple resources such as financial statements (particularly audited statements), Dunn & Bradstreet, a general internet search, and for a

publicly traded company, filings with the Securities and Exchange Commission. For a smaller business, look at court filings in a county or counties in which they operate or live (e.g., Richland County 5th Judicial Circuit Public Index at <http://www5.rcgov.us/SCJDWEB/PublicIndex/PISearch.aspx>)

b. Necessarily, this process involves taking steps to confirm the identity of the Guarantor. To assist with this inquiry, the Recitals & Representations should include the Guarantor's taxpayer identification number. The opening paragraph should identify the Guarantor's business model (corporation, LLC, partnership, etc.)

c. If Guarantor's TIN matches the Contractor's TIN, *find out why*.

D. Resources Notes

1. The recitals provide that Guarantor will receive a significant economic benefit of reasonably equivalent value. If the Guarantor does not receive reasonably equivalent value and later files bankruptcy, the bankruptcy trustee may seek to avoid the obligation. See discussion above about the recital of the relationship between guarantor and contractor.

2. The State will not agree to modifications of the guaranty form. To illustrate:

a. The scope of the guaranty cannot be limited to obligations arising out of the contract because much of the liability the state may incur could arise from other than the contract. Examples would include personal injury or property damage occurring while the contractor is on-premises, liability arising from a claim by the State for fraudulent inducement or conversion.

b. The waivers cannot be removed because it might mean that the Guarantor could assert any counter-claim or set-off the Contractor might have as a defense to enforcement of the Guaranty. For one, this would allow the Guarantor to litigate in circuit court, and perhaps before a jury, a claim that the General Assembly specified could be heard only by the CPO under 11-35-4230. For another, the counter-claim or set-off may bear no relationship to the contract covered by this guaranty and could be the result of artful drafting of irrelevant defenses designed to avoid the guaranty obligation.

c. The requirement that Guarantor's obligations remain even if the Contractor's Obligations are released or discharged will not be removed. If the Contractor's obligations to the State are discharged in bankruptcy, the State would need to proceed against the Guarantor.

3. Estoppel Certificate – “A point which counsel might easily fail to note is the fact that there is authority to the effect that an agreement not to plead the statute of limitations is itself subject to the applicable statutory limitation period.” 43 A.L.R.3d 756 (1972).

4. Procurement & Responsibility – Regulation 19-445.2125(C)(3) provides that “[t]he prospective contractor may demonstrate the availability of necessary *financing*, equipment, facilities, expertise, and personnel by submitting upon request: . . . (3) *a documented commitment from*, or explicit arrangement with, a satisfactory source to provide the necessary item.”

GUARANTY

THIS GUARANTY is made and entered into as of [DATE], by [GUARANTOR], a [GUARANTOR_STATE_INC] [GUARANTY_BIZ_FORM] (“Guarantor”), in favor of the Using Governmental Unit(s).

Recitals & Representations

1. [GUARANTOR_STATE_PRINPLC] is [GUARANTOR]’s principal place of business. [GUARANTOR’S TIN] is [GUARANTOR]’s Taxpayer Identification Number.

2. Previously, the Using Governmental Unit solicited offers to contract by issuing Solicitation No. [SOLICITATION_NO] entitled [SOLICITATION_DESCRIPTION] (hereinafter the “Solicitation”). With the Solicitation, the Using Governmental Unit seeks to award a Contract (defined below).

3. By submitting a bid or proposal in response to the Solicitation, [CONTRACTOR], a [CONTRACTOR_STATE] [CONTRACTOR_BIZ_FORM] (“Contractor”), seeks to enter into a Contract with the Using Governmental Unit.

4. [GUARANTOR_CONTRACTOR_BIZ_RELATIONSHIP]

5. If the Using Governmental Unit enters into a Contract with Contractor, Guarantor will receive a significant economic benefit of reasonably equivalent value by virtue of its relationship with Contractor; accordingly, Guarantor seeks to induce Using Governmental Unit to enter into a Contract with Contractor. Guarantor acknowledges that Using Governmental Unit would not have awarded the Contract to Contractor but for this Guaranty.

In consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in reliance on the foregoing, the materiality of which is hereby acknowledged, the parties hereto agree as follows:

Agreement

1. General

a. Definitions.

i. As used herein, the term “Contract” collectively refers to all the contractual agreements arising out of or resulting from the Solicitation, including without limitation, any purchase orders issued against such agreements and any associated agreements contemplated by or related to the Solicitation, and further includes any modifications, extensions, amendments and renewals of the foregoing, or substitutions thereof.

ii. As used herein, the term “Contractor” includes any of Contractor’s successors or assigns.

iii. As used herein, the term “Using Governmental Unit” means the following entity or entities of government: [USING GOVERNMENTAL UNITS].¹

b. Headings. The headings contained in this Guaranty are inserted for convenience only and will not affect the meaning or interpretation of this Guaranty.

c. Interpretation. Any question of interpretation or construction shall not be resolved by any rule providing for interpretation or construction against the party who causes the uncertainty to exist or against the drafters of this Guaranty.

d. Representation & Warranty. Guarantor represents and warrants to the Using Governmental Unit that the Recitals are true, accurate and complete, and that this Guaranty has been duly executed and delivered by Guarantor and constitutes the legal, valid and binding obligation of Guarantor, enforceable against Guarantor in accordance with its terms.

2. Guaranty.

a. Guaranty; Scope; Contractor's Obligation Defined. As an inducement to, and in consideration of, Using Governmental Unit's entry into a Contract with Contractor, Guarantor absolutely, unconditionally and irrevocably guaranties, without notice or demand, the full and timely payment and performance of any debt, liability or obligation of Contractor, howsoever arising, which Contractor presently or hereafter may have to the Using Governmental Unit arising out of or related to the Contract or the Contractor's performance of the Contract (collectively "Contractor's Obligations").

b. Unconditional; No Right to Require Failure of Collection; Limited Right to Require Action Against Primary Debtor; Waiver of Contractor's Counterclaims. This guaranty is a guaranty of payment and performance and not of collection. Except as otherwise provided herein, Using Governmental Unit may not proceed against Guarantor without first acquiring, from either the Chief Procurement Officer, the South Carolina Procurement Review Panel or a court, an order allowing Using Governmental Unit to recover from Contractor. The foregoing order shall be conclusive evidence of the amount and validity of Contractor's Obligations. Guarantor waives any right to assert any defense, counterclaim, affirmative defense, or set-off of the Contractor. Without limiting the generality of the foregoing, Guarantor will not assert, plead or enforce against Using Governmental Unit any defense of waiver, release, statute of limitations, res judicata, or illegality. This guaranty will be binding and enforceable against Guarantor without regard to the enforceability or validity of the Contract, the obligation it evidences, or any fact which would constitute a legal or equitable defense or discharge of a guarantor. This Guaranty in no way alters the respective obligations, rights, defenses, setoffs, counterclaims, or privileges of the Contractor. Notwithstanding anything to the contrary in this paragraph, Using Governmental Unit may proceed against Guarantor without first having recourse to the Contractor or pursuing any other right or remedy if and upon the filing by Contractor or Guarantor of a petition in bankruptcy or insolvency or upon the initiation of any other proceeding or action by or against Contractor or Guarantor under the relevant law on insolvency or bankruptcy, or after the making by Contractor or Guarantor of any assignment or attempted assignment for the benefit of creditors or upon or after the institution of any proceedings for the liquidation or winding up of Contractor's or Guarantor's business or for the termination of either's corporate charter.

c. Waiver of Notice of Acceptance, Transactions, Default, and Other. Guarantor waives any right to notice of acceptance of this guaranty; notice of any modification, extension, renewal or substitution of the Contract; notice of default by Contractors; and any other notice, whether similar or dissimilar to the foregoing.

d. No Duty to Avoid Impairment of Recourse. Any of the Contractor's Obligations may be compromised, settled, released, discharged, renewed, extended, altered, waived, exchanged, modified, substituted, or otherwise dealt with in such a manner as Using Governmental Unit sees fit and such action shall not affect Guarantor's liability. Without limiting the foregoing, Guarantor acknowledges that the Contract inherently involves significant potential for modification, consents to any such future modification, and expressly waives any defense arising out of any modification.

e. No Right to Rely on Surety Status. Guarantor does not have surety status and waives any surety defenses.

f. Waiver of Discharge, No Right to Rely on Debtor's Defenses, and Counterclaims. Guarantor waives all rights to assert any discharge, defense, counterclaim, or set-off with respect to this guaranty, including but not limited to, any which might arise out of a failure to disclose any present or future information to Guarantor concerning the risks of this guaranty, the release by Using Governmental Unit of Contractor, or the Using Governmental Unit's nonperformance.

g. No Rights Under Contract. Guarantor denies any status or right as a third-party beneficiary of the Contract and waives any right to enforce the Contract.

h. Duty to Disclose, Notice of Acceptance, and Waiver. Guarantor is completely familiar with Contractor, its financial and business affairs, and all its dealings with Using Governmental Unit. Guarantor will look solely to Contractor for notice that a Contract has been awarded. Guarantor will obtain all information it deems necessary or advisable concerning Contractor or which might otherwise bear on the guaranty directly from Contractor or other sources with regard to all risks involved in the entry into and continuation of the coverage of this guaranty. Guarantor waives all rights which it has now, or in the future may have, to any disclosure by Using Governmental Unit.

i. Bankruptcy, Merger, or Change of Control in Guarantor or Contractor. Without limitation, Guarantor agrees that the obligations of Guarantor pursuant to this Guaranty shall remain in full force and effect without regard to, and shall not be released, discharged or affected in any way by any of the following (whether or not Guarantor shall have any knowledge thereof): (a) any dissolution of or any voluntary or involuntary bankruptcy, insolvency, reorganization, arrangement, readjustment, assignment for the benefit of creditors, composition, receivership, liquidation, marshalling of assets and liabilities or similar events or proceedings with respect to Contractor or Guarantor, as applicable, or any of their respective property or creditors, or any action taken by any trustee or receiver or by any court in any such proceeding; (b) any merger or consolidation of Contractor or Guarantor, as applicable, into or with any person, or any sale, lease or transfer of any of the assets of Contractor or Guarantor, as applicable, to any other person; or (c) any change in the ownership of the capital stock of Contractor or Guarantor, as applicable, or any change in the relationship between Contractor or Guarantor, or any termination of any such relationship. In addition, if Contractor or Guarantor is a partnership, the obligations of all partners shall remain in full force and effect even if there are changes in the members of the partnership, and the guaranty shall, as applicable, extend to or apply with respect to the partnership both before and after any changes.

3. Miscellaneous.

a. Substitute Performance. The Using Governmental Unit has no obligation to accept substitute performance and may elect to recover only payment from the Guarantor.

b. Duty to Provide Information. The Using Governmental Unit may request information from Guarantor in order to evaluate Guarantor's financial circumstances. Upon request, Guarantor shall cooperate with this effort and respond promptly to any such request. If Guarantor provides the Using Governmental Unit with any information it believes is exempt from public disclosure pursuant to the South Carolina Freedom of Information Act, Guarantor shall so designate such information. The Using Governmental Unit accepts no liability for the disclosure of information provided by Guarantor.

c. Choice-of-Law. The Guaranty, any action, suit or proceeding relating to the Guaranty, and all the rights and obligations of the parties shall, in all respects, be interpreted, construed, enforced and governed by and under the laws of the State of South Carolina, except its choice-of-law rules.

d. Choice-of-Forum. Any action, suit or proceeding relating to the Guaranty shall be resolved exclusively in the Court of Common Pleas for Richland County, State of South Carolina. Guarantor agrees that any act by the Using Governmental Unit regarding the Guaranty is not a waiver of either the State's sovereign immunity or the State's immunity under the Eleventh Amendment of the United States Constitution.

e. Waiver of Right to Jury Trial. To the extent permitted by law, Guarantor knowingly, voluntarily, and intentionally waives any right to a trial by jury in respect of any litigation based on, arising out of, under or in connection with this Guaranty or any agreement contemplated to be executed in connection with this Guaranty (e.g., the Contract), or any course of conduct, course of dealing, statements, or actions of any party with respect hereto.

f. Costs and Attorney Fees. Guarantor shall reimburse Using Governmental Unit for all costs and expenses, including attorneys' fees, reasonably incurred in enforcing the Using Governmental Unit's rights under this Guaranty.

g. No Third Party Benefits. Nothing in this Guaranty is intended, and it shall not be construed, to confer any rights or benefits upon any person other than the Using Governmental Unit and no other third party shall have any rights or remedies hereunder.

h. Notice To Guarantor. All notices and other communications to Guarantor under this Guaranty shall be sufficiently given for all purposes hereunder if in writing and: (i) delivered personally; or (ii) sent by documented overnight delivery service, in each case, to the following: [NOTICE ADDRESS] or to such other address and/or to the attention of such other person as Guarantor may designate by written notice to the Using Governmental Unit.

i. Notice to Government. As long as the Contract is in effect, any notice or other communication to Using Governmental Unit regarding this Guaranty may be provided solely to the following address or, if another address is designated by written notice to the Guarantor, solely to the address most recently designated. In order to be effective, any notice to the Using Governmental Unit must identify the Solicitation by name and number. If the Contract is not in effect, notice must be given directly to Using Governmental Unit.

j. Binding Effect; Assignment. This Guaranty shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns; provided, however, that no party hereto may assign its rights or delegate its obligations under this Guaranty without the express written consent of the other party hereto.

k. Estoppel Certificate. Guarantor shall, within ten days after Using Governmental Unit's request, deliver to Using Governmental Unit a certificate, in form and substance reasonably satisfactory to Using Governmental Unit, confirming that Guarantor will not assert any defense to enforcement of the Guaranty based upon the expiration of any statute of limitations. Failure to deliver a certificate constitutes a default.

l. Amendment; No Waiver. This Guaranty may not be modified or amended except by an instrument in writing signed by the party against whom enforcement of any such modification or amendment is sought. Any party hereto may, only by an instrument in writing, waive compliance by the other party hereto with any term or provision of this Guaranty. The waiver by any party hereto of a breach of any term or provision of this Guaranty shall not be construed as a waiver of any subsequent breach.

If the term "Using Governmental Unit" is defined to mean more than one entity (e.g., multiple entities are listed or the term "Statewide Contract" is used), this Guaranty extends and applies to each entity separately, the same as if a distinct guaranty had been separately executed with each individual entity. Performance Bond – Forms & Instructions

PERFORMANCE BOND INSTRUCTIONS (FEB 2015)

7. Introduction
 - a. Procurement Services Division has posted two distinct performance bond forms. One is an indemnity bond. The other is a completion bond. The nature and use of each, as envisioned by the Division, is outlined below. We believe each should be generally acceptable to the surety industry, but they have not been market-tested as of the date these forms were posted. Please note that we are unaware of any surety-industry standard, non-construction, performance bond forms.
8. Which Bond Form
 - a. Completion Bond
 - i. Use: This form is for use when the agency's solicitation requires every offeror to agree to provide a performance bond as part of its contract performance.
 - ii. Defined: "A bond given by a surety to ensure the timely performance of a contract." Black's Law Dictionary (9th ed. 2009)
 - iii. Note: The completion bond form is loosely fashioned after the standard AIA 312, which is a standard in the construction industry.
 - b. Indemnity Bond
 - i. Use: This form is for use by offerors to bolster their "financial responsibility" when the solicitation does not require each offeror to provide a performance bond.
 - ii. Nature: A bond to reimburse the holder for any loss caused by the contractor's conduct.
9. Evaluating Bonds
 - a. To confirm acceptability of any Performance Bond, the Procurement Officer should study the following publication, which is posted on the Division's website with the Performance Bond forms and instructions: [Bid, Payment, and Performance Bonds - What They Are, How They Work, and a Checklist of What You Need \(December 2009\)](#)
10. Completing the Form
 - a. Contractor
 - i. The name given for Contractor on the Performance Bond must match the name given for Name of Offeror, as it appears on the signed Cover Page that You submitted with Your Offer.
 - b. Surety
 - i. The full legal name of the Surety.
 - i. The surety company must be licensed in South Carolina, with an "A" minimum rating of performance as stated in the most current publication of "Best's Key Rating Guide, Property Liability" which shall show a financial strength rating of at least five (5) times the contract amount.²
 - b. Agency
 - i. The name given for Agency must match the name given for the Using Governmental Unit, as it appears on the Cover Page.
 - ii. If the Using Governmental Unit is "Statewide Term Contract" or "MultiAgency," consult legal counsel before issuing the solicitation or before offering to supply a bond.
 - c. Sum of the Bond

² Compare to Regulation 19-445.2145(M)(2)(c) ("Operations period performance bond shall be in a form to be specified in the Manual for Planning and Execution of State Permanent Improvement, Part II. Each bond shall be issued by a Surety Company licensed in South Carolina with an "A" minimum rating of performance as stated in the most current publication of "Best Key Rating Guide, Property Liability", which company shows a financial strength rating of at least five (5) times the bond amount.")

- i. Indemnity Bond Submitted for Responsibility Determination
 1. This category applies only to a Performance Bond submitted by an Offeror in response to the provision titled Qualifications of Offeror (Feb 2015), not to a Bond submitted in response to a requirement of the Solicitation.
 2. Offeror's proposal should state its offer to provide a Performance Bond upon award and should also state the sum of the bond being offered. In determining responsibility, the Procurement Officer may consider the Sum of the Bond in determining responsibility. For maximum benefit, the Sum of the Bond, or Penal Sum, should equal the total contract price (i.e., the potential value) of the contract. The Procurement Officer should refuse any surety not licensed to operate in South Carolina. The Procurement Officer should also consider the financial condition of the Surety; to be acceptable, the surety should have at least an "A" rating of performance, as state in the most current publication of "Best Key Rating Guide, Property Liability," and show a financial strength rating of at least five times the bond amount.
- ii. Bond Required by Solicitation
 1. This category applies only if the Solicitation makes the Performance Bond a contractual performance obligation.
 2. The Sum of the Bond must equal the contract value of the contract solicited by the IFB or RFP. Typically, the Sum of the Bond will be an amount equal to the total potential price of the award, or more specifically, the total contract price offered by the offeror.
 3. Agencies should be mindful that contract amendments that increase the contract sum do not increase the Sum of the Bond.
- d. State Solicitation & Contract No.
 - i. State Solicitation Name - should match the "Description" appearing on the Cover Page of the Solicitation giving rise to the contract subject to the surety bond.
 - ii. State Solicitation Number – should match the "Solicitation Number" appearing on the Cover Page of the Solicitation giving rise to the contract subject to the surety bond.
 - iii. State Contract No. – should match the "contract number" appearing on the final statement of award for the contract subject to the surety bond.
- e. Bond Number
 - i. A number provided by the Surety to identify the Bond.
2. Statewide Term & Multi-Agency Contracts
 - a. Not for use with Statewide Term Contracts, as the Agency and applicable scope of work cannot be sufficiently defined. For Multi-Agency, every agency must be listed by name on the Bond form as an agency.

Whereas, Contractor and Agency have entered into an agreement dated _____ and identified by one or more of the following:

State Solicitation Name: _____
State Solicitation No.: _____
State Contract No. _____

Which agreement is by reference made a part hereof, and is hereinafter referred to as the Contract.

- 2. If the Contractor performs the Contract, the Surety and the Contractor have no obligation under this Bond, except to participate in conferences as provided in paragraph 3.1.
- 3. The Surety's obligation to fulfill its duties under this Bond shall arise after:
 - 3.1 The Agency has notified the Contractor and the Surety at the above address that the Agency is considering declaring a Contractor Default and has requested a conference with the Contractor and the Surety to be held not later than fifteen days after receipt of such notice to discuss methods of performing the Contract. If the Agency, the

- Contractor and the Surety agree, the Contractor may be allowed additional time to perform the Contract, but such an agreement shall not waive the Agency's right, if any, to subsequently declare a Contractor Default and formally terminate the Contractor's right to complete the Contract; or
- 3.2 The Agency has declared a Contractor Default and formally terminated the Contractor's right to complete the Contract.
- 4. The Surety shall, within fifteen days after receipt of notice of the Agency's declaration of a Contractor Default, and at the Surety's sole expense, take one of the following actions:
 - 4.1 Arrange for the Contractor, with consent of the Agency, to perform and complete the Contract; or
 - 4.2 Undertake to perform and complete the Contract itself, through its agents or through independent contractors; or

4.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Agency (reference S.C. Code Ann. § 11-35-1810) for a contract for performance and completion of the Contract, arrange for a contract to be prepared for execution by the Agency and the contractor selected with the Agency's concurrence, to be secured with a performance bond equivalent to the Bond issued on the Contract and executed by a surety meeting the Agency's requirements, and pay to the Agency the amount of damages as described in paragraph 7 in excess of the Balance of the Contract Sum incurred by the Agency resulting from a Contractor Default; or

4.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor, and:

4.4.1 After investigation, determine the amount for which it may be liable to the Agency and, within sixty days of waiving its rights under this paragraph, tender payment thereof to the Agency; or

4.4.2 Deny liability in whole or in part and notify the Agency, citing to and explaining all reasons therefore.

5. Provided Surety has proceeded under paragraphs 4.1, 4.2, or 4.3, the Agency shall pay the Balance of the Contract Sum, when due, to either:

5.1 Surety in accordance with the terms of the Contract; or

5.2 Another contractor selected pursuant to paragraph 4.3 to perform the Contract.

5.3 The Balance of the Contract Sum due either the Surety or another contractor shall be reduced by the amount of damages as described in paragraph 7.

6. If the Surety does not proceed expeditiously as provided in paragraph 4, the Surety shall be deemed to be in default on this Bond fifteen days after receipt of written notice from the Agency to the Surety demanding that the Surety perform its obligations under this Bond, and the Agency shall be entitled to enforce any remedy available to the Agency.

6.1 If the Surety proceeds as provided in paragraph 4.4, and the Agency refuses the payment tendered or the Surety has denied liability, in whole or in part, then without further notice the Agency shall be entitled to enforce any remedy available to the Agency.

7. After the Agency has terminated the Contractor's right to complete the Contract, and if

the Surety elects to act under paragraph 4.1, 4.2, or 4.3 above, then the responsibilities of the Surety to the Agency shall be those of the Contractor under the Contract, and the responsibilities of the Agency to the Surety shall those of the Agency under the Contract. To the limit of the amount of this Bond, but subject to commitment by the Agency of the Balance of the Contract Sum to mitigation of costs and damages on the Contract, the Surety is obligated to the Agency for:

7.1 The responsibilities of the Contractor for correction of defective Work and completion of the Contract; and

7.2 Additional legal, design, and delay costs resulting from a Contractor Default, and resulting from the actions or failure to act of the Surety under paragraph 4; and

7.3 Damages caused by delayed performance or non-performance by the Contractor.

8. The Surety shall not be liable to the Agency or others for obligations of the Contractor that are unrelated to the Contract, and the Balance of the Contract Sum shall not be reduced or set-off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Agency or its heirs, executors, administrators, or successors.

9. Definitions

9.1 Balance of the Contract Sum means the total amount payable by the Agency to the Contractor under the Contract after all proper adjustments have been made, including allowance to the Contractor of any amounts to be received by the Agency in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Contract.

9.2 Contractor Default means a failure of the Contractor, which has neither been remedied nor waived in writing by the authorized Agency representative, to perform the Contract or otherwise to comply with the terms of the Contract.

9.3 Work shall have the meaning that term is given by the Contract.

10. Surety, for the value received hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract or to work to be performed thereunder or the specifications accompanying same shall in any way affect its obligation on this bond, and it does hereby waive notice of any such change, extension

of time, alteration or addition to the terms of the contract or to the work or to the specifications.

11. This bond, any dispute relating to this bond, and all the rights and obligations of the parties shall, in all respects, be interpreted, construed, enforced and governed by and under the laws of the State of South Carolina, except its choice of law rules.

12. All disputes relating to this bond shall be resolved exclusively by the appropriate Chief Procurement Officer in accordance with Title 11, Chapter 35, Article 17 of the South Carolina Code of Laws, or in the absence of jurisdiction, only in the Court of Common Pleas for, or a federal court located in, Richland County, State of South Carolina. Surety may join in any proceeding brought under the Contract and shall be bound by the results thereof. Surety agrees that any act by either the Agency or the State of South Carolina regarding this bond is not a waiver of either the Agency's or the State of South Carolina's sovereign

immunity or immunity under the Eleventh Amendment of the U.S. Constitution.

13. Agency and Surety consent that any process necessary or proper for the initiation or continuation of any administrative proceedings relating to this bond may be served by certified mail addressed to the address shown on the signature page. Process is deemed complete upon deposit with the United States Postal Service. Notice to the Surety, the Agency or the Contractor shall be mailed or delivered to the address shown on the signature page. Notice shall be deemed to have been made upon deposit with the United States Postal Service or upon actual delivery if delivery is made by hand.

14. In the event of Surety's default on its obligations under this bond, Agency may recover from the Surety all costs, including reasonable attorney's fees, expenses and costs, incurred in enforcing the bond or collecting any amounts due Agency.

You shall not use, reproduce, distribute, display, or sell any data, material, or documentation owned exclusively by the State without the State's written consent, except to the extent necessary to carry out the Work.

CONTRACTOR'S OBLIGATION - GENERAL: You shall provide and pay for all materials, tools, equipment, labor and professional and non-professional services, and shall perform all other acts and supply all other things necessary, to fully and properly perform and complete the Work. You must act as the prime contractor and assume full responsibility for any subcontractor's performance. You will be considered the sole point of contact with regard to all situations, including payment of all charges and the meeting of all other requirements.

DELIVERY / PERFORMANCE LOCATION: F.O.B. Destination. Destination is the shipping dock of the State's designated receiving site, or other location, as specified herein. All services shall be provided at the location specified herein.

DISPUTES: (1) Choice-of-Forum. All disputes, claims, or controversies relating to the Agreement shall be resolved exclusively by the appropriate Chief Procurement Officer in accordance with Title 11, Chapter 35, Article 17 of the South Carolina Code of Laws, or in the absence of jurisdiction, only in the Court of Common Pleas for, or a federal court located in, Richland County, State of South Carolina. Contractor agrees that any act by the Government regarding the Agreement is not a waiver of either the Government's sovereign immunity or the Government's immunity under the Eleventh Amendment of the United States Constitution. (2) Service of Process. Contractor consents that any papers, notices, or process necessary or proper for the initiation or continuation of any disputes, claims, or controversies relating to the Agreement; for any court action in connection therewith; or for the entry of judgment on any award made, may be served on Contractor by certified mail addressed to Contractor at the address provided on the last invoice received by State from Contractor or by personal service or by any other manner that is permitted by law, in or outside South Carolina. Notice by certified mail is deemed duly given upon deposit in the United States mail.

DRUG FREE WORK PLACE CERTIFICATION: You certify that you will comply with all applicable provisions of The Drug-free Workplace Act, Title 44, Chapter 107 of the South Carolina Code of Laws, as amended.

ILLEGAL IMMIGRATION: (An overview is available at www.procurement.sc.gov) By accepting this purchase order, you certify that you will comply with the applicable requirements of Title 8, Chapter 14 of the South Carolina Code of Laws and agree to provide to the State upon request any documentation required to establish either: (a) that Title 8, Chapter 14 is inapplicable to you and your subcontractors or sub-subcontractors; or (b) that you and your subcontractors or sub-subcontractors are in compliance with Title 8, Chapter 14. You agree to include in any contracts with your subcontractors language requiring your subcontractors to (a) comply with the applicable requirements of Title 8, Chapter 14, and (b) include in their contracts with the sub-subcontractors language requiring the sub-subcontractors to comply with the applicable requirements of Title 8, Chapter 14.

IRAN DIVESTMENT ACT - CERTIFICATION: (a) The Iran Divestment Act List is a list published by the Board pursuant to Section 11-57-310 that identifies persons engaged in investment activities in Iran. Currently, the list is available at procurement.sc.gov. Section 11-57-310 requires the government to provide a person ninety days written notice before he is included on the list. The following

representation, which is required by Section 11-57-330(A), is a material inducement for the State to award a contract to you. (b) By accepting this purchase order, you certify that, as of the date you accept, you are not on the then-current version of the Iran Divestment Act List.

ETHICS CERTIFICATE: By accepting this purchase order, you certify that you have and will comply with, and have not, and will not, induce a person to violate Title 8, Chapter 13 of the South Carolina Code of Laws, as amended (ethics act). The State may rescind any contract and recover all amounts expended as a result of any action taken in violation of this provision. If contractor participates, directly or indirectly, in the evaluation or award of public contracts, including without limitation, change orders or task orders regarding a public contract, contractor shall, if required by law to file such a statement, provide the statement required by Section 8-13-1150 to the Procurement Officer at the same time the law requires the statement to be filed.

INDEMNIFICATION-THIRD PARTY CLAIMS – GENERAL (NOV 2011): Without limitation, and to the fullest extent permitted by law, Contractor shall defend and hold harmless indemnitees for and against any and all suits or claims of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which are attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property arising out of or in connection with the goods or services acquired hereunder or caused in whole or in part by any act or omission of contractor, its subcontractors, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an indemnitee, and whether or not such claims are made by a third party or an indemnitee; however, if an indemnitee's negligent act or omission is subsequently determined to be the sole proximate cause of a suit or claim, the indemnitee shall not be entitled to indemnification hereunder. Contractor shall be given timely written notice of any suit or claim. Contractor's obligations hereunder are in no way limited by any protection afforded under workers' compensation acts, disability benefits acts, or other employee benefit acts. This clause shall not negate, abridge, or reduce any other rights or obligations of indemnity which would otherwise exist. The obligations of this paragraph shall survive termination, cancellation, or expiration of the parties' agreement. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance. As used in this clause, "Indemnitees" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees.

LICENSES AND PERMITS: You are responsible for obtaining, and maintaining in good standing, all licenses (including professional licenses, if any), permits, inspections and related fees for each or any such licenses, permits and/or inspections required by the State of South Carolina, county, city or other government entity or unit to accomplish the Work.

MATERIAL AND WORKMANSHIP: Unless otherwise specifically provided in the purchase order, all equipment, material, and articles incorporated in the Work are to be new and of the most suitable grade for the purpose intended.

NO INDEMNITY OR DEFENSE (FEB 2015): Any term or condition is void to the extent it requires the State to indemnify, defend, or pay attorney's fees to anyone for any

reason.

OWNERSHIP OF DATA & MATERIALS: All data, material and documentation prepared for the State pursuant to this Agreement shall belong exclusively to the State.

PAYMENT & INTEREST: (a) The State shall pay the Contractor, after the submission of proper invoices or vouchers, the prices stipulated in this contract for supplies delivered and accepted or services rendered and accepted, less any deductions provided in this contract. Unless otherwise specified herein, including the purchase order, payment shall not be made on partial deliveries accepted. (b) Unless otherwise agreed, payment will be made by check mailed to the address appearing on the purchase order form. (c) Notwithstanding any other provision, payment shall be made in accordance with S.C. Code Section 11-35-45, or Chapter 6 of Title 29 (real property improvements) when applicable, which provides the Contractor's exclusive means of recovering any type of interest from the Owner. Contractor waives imposition of an interest penalty unless the invoice submitted specifies that the late penalty is applicable. Except as set forth in this paragraph, the State shall not be liable for the payment of interest on any debt or claim arising out of or related to this contract for any reason. (d) Amounts due to the State shall bear interest at the rate of interest established by the South Carolina Comptroller General pursuant to Section 11-35-45 ("an amount not to exceed fifteen percent each year"), as amended, unless otherwise required by Section 29-6-30. (e) Any other basis for interest, including but not limited to general (pre- and post-judgment) or specific interest statutes, including S.C. Code Ann. Section 34-31-20, are expressly waived by both parties. If a court, despite this agreement and waiver, requires that interest be paid on any debt by either party other than as provided by items (c) and (d) above, the parties further agree that the applicable interest rate for any given calendar year shall be the lowest prime rate as listed in the first edition of the Wall Street Journal published for each year, applied as simple interest without compounding. (f) The State shall have all of its common law, equitable and statutory rights of set-off.

PROCUREMENT OFFICER means the person executing this purchase order or the State's procurement director.

PUBLICITY (JAN 2006): Contractor shall not publish any comments or quotes by State employees, or include the State in either news releases or a published list of customers, without the prior written approval of the Procurement Officer.

STATE means the governmental unit identified in the purchase order.

TERMINATION DUE TO UNAVAILABILITY OF FUNDS (JAN 2006): Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds therefore. When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, the contract shall be canceled. In the event of a cancellation pursuant to this paragraph, contractor will be reimbursed the resulting unamortized, reasonably incurred, nonrecurring costs. Contractor will not be reimbursed any costs amortized beyond the initial contract term.

YOU and YOUR means Contractor.

WORK means all labor, materials, equipment, services, or property of any type, provided or to be provided by the Contractor to fulfill its obligations under the Contract.

Compendium Change Log (MAR 2015)

EXPLANATION OF COLUMNS

Column 1 –Date: Date the change became effective in SCEIS. Date format is YYYYMMDD. There are banner rows for each year.

Column 2 – SCEIS Clause Number: This column provides an abbreviated version of the SCEIS Clause Number, a unique designation used by SCEIS to identify the clause. The numbers in this column contain three pieces of information. The first number (and letter, if Part 2 or Part 7) indicates the part of the Uniform Solicitation Format in which the clause appears. The next three digits identify the clause itself, within the USF Part. The suffix, following the dash character, serves special purposes within SCEIS such as versioning or ordering of clauses. Thus, Clause No. 1005-1 appears in part 1 of the solicitation; Clause No. 7B100-2 appears in part 7B of the solicitation; and so forth.

Columns 3 and 4 – Delete/Add: Identifies changes by Clause Title and (Date).

Column 5 – Explanation: This column contains a brief description of the change. Where appropriate, there is a cross-reference to other clause(s) related to the change.

Column 6 – Comments: Additional information about the change.

List of Compendium Clauses (MAR 2015)

EXPLANATION OF COLUMNS

Column 1 – Clause #: This column provides an abbreviated version of the SCEIS Clause Number, a unique designation used by SCEIS to identify the clause. The numbers in this column contain three pieces of information. The first number (and letter, if Part 2 or Part 7) indicates the part of the Uniform Solicitation Format in which the clause appears. The next three digits identify the clause itself, within the USF Part. The suffix, following the dash character, serves special purposes within SCEIS such as versioning or ordering of clauses. Thus, Clause No. 1005-1 appears in part 1 of the solicitation; Clause No. 7B100-2 appears in part 7B of the solicitation; and so forth.

Column 2 – Title and (Date): This column contains the Clause Title and Clause Date, as they appear in SCEIS. Unless modified, this is verbatim the information that will print in each solicitation that SCEIS generates.

Column 3 – SCEIS: For each clause, this column contains one of three possible “Inclusion Attributes:” “Automatic,” “Dialog,” or “Manual.” SCEIS selects clauses in three ways. Some are automatically inserted, like USF part headers and required boilerplate language. Automatic clauses may also be included based on whether you are generating an invitation for bids or an RFP; or whether the contract is solicited by SPO, ITMO, or a using agency. Dialog clauses are included by logic, depending on the answers the procurement officer gives to questions in the SCEIS dialog. Finally, Manual clauses are only included if manually selected by the procurement officers. Those three categories are indicated by “Automatic,” “Dialog,” or “Manual,” respectively, in the SCEIS column. For a list of only those clauses which are not included and must be added manually, refer to Appendix R – User-Selected Clauses.
