Defendant.

Case No. _____

**OPPOSITION & AFFIDAVIT TO
MOTION FOR JUDGMENT
ON THE PLEADINGS**

I, _____, request that the court deny the *Motion for Judgment on the Pleadings* because there should be a trial to consider all disputed facts before deciding this case.

Affidavit of Disputed Facts

1. **Disagreed Facts.** I oppose the *Motion for Judgment on the Pleadings* because there are facts in dispute that are important to decide who should win the case. I have personal knowledge about the following disputed facts: *(List the facts that the other side presented that you disagree with, and explain how you can prove these facts – just stating you disagree without explaining your proof is not enough.)*

More pages are attached.

2. **Request of the Court.** The court should deny the *Motion for Judgment on the Pleadings* because the court should have a trial to consider the disputed facts before deciding this case.
3. **Hearing.** I would like to have a hearing about this *Opposition*. *(The court is not required to have a hearing, so your Motion must include all of your facts and argument.)*
