INTRODUCTION

Bail Amounts

The "bail" amounts on the following lists are set by the Alaska Supreme Court under the authority of AS 28.05.151 (for motor vehicle and traffic offenses), AS 45.75.133 (for oversized vehicle offenses) and AS 05.25.090(c) (for watercraft offenses). These statutes require the supreme court to determine the offenses that are appropriate for disposition without court appearance and to establish a schedule of bail amounts for them. The bail amounts are listed in Administrative Rules 43.1, 43.6, and 43.8.

Any recommendations for changes in the bail amounts should be sent to the following address before July 1 each year. Please include an explanation of the reason for the recommendation.

Optional Appearance Offenses

If a bail amount is set for an offense, it is an "optional appearance" offense. A person charged with such an offense must, within 30 days, do one of the following:

1. Pay the total amount due (bail amount plus surcharge) with a credit card online on the Alaska Court System website, or
2. Follow the instructions in the "optional appearance" section of the citation form and mail or deliver the citation to the address given. The three options in that section are:
 - a. check the NO CONTEST box and pay the fine and surcharge amounts written on the citation by mail, OR
 - b. check the NOT GUILTY box, requesting a trial, OR
 - c. check the box: "I do not wish to enter a plea at this time. I want to appear in court to have a judge explain the charges and my rights to me before I enter a plea." (This hearing is an arraignment.)

If the person asks for a trial and is found guilty, the maximum fine which may be imposed is the bail amount (plus any surcharge). AS 12.25.230(c), AS 45.75.133(e), and Administrative Rules 43.1, 43.6 and 43.8. Therefore, a person charged with an offense for which a bail amount has been set (whether it is an infraction, a violation, or a misdemeanor) does not have a right to a jury or to a court-appointed lawyer.

If no bail amount is set for an offense, the defendant must appear in court for arraignment (unless another statute or regulation makes the offense correctable as discussed below).

Maximum Amount for Per Mile, etc. Offenses. The maximum bail amount for any offense in which the bail is stated as an amount per mile, per foot, per lamp, per reflector, per tire, or per wheel is the maximum fine allowed by statute for the offense. For example, AS 28.90.010(c) sets the maximum penalty for infractions defined in 13 AAC at \$300. Therefore, the maximum penalty for the speeding offenses defined in 13 AAC is \$300. These maximum amounts are doubled for violations of AS 28 and regulations adopted under AS 28 committed within a highway work zone or traffic safety corridor. Administrative Rule 43.1. Note: Municipal and other local ordinances may have a higher maximum amount.

Correctable Offenses

If the “Bail” column for an offense lists “Corr” followed by a number, the offense is a Correctable/Optional Appearance offense. A defendant charged with one of these offenses has several options for responding to the charge. The defendant can:

1. Show the police proof of correction (or, for the license and insurance offenses, show the police **or the court** that the defendant had a license or insurance that was valid when the citation was issued) and get the citation dismissed, or
2. Choose one of the “optional appearance” options described above (pay the total amount due online or mail in the citation after selecting one of the pleas or requesting an arraignment).

The bail amount for the offense is the amount written after “Corr.” When an officer charges one of these offenses, the officer must check the “Correctable” box on the citation and also write in the bail and surcharge amounts and the total due. If the defendant shows an inspection official proof that the defect has been corrected, the citation must be dismissed. Administrative Rule 43.1 and Minor Offense Rule 5(a)(4)

An offense is listed as correctable only if there is a statute or regulation authorizing dismissal upon correction. Examples of correctable vehicle and traffic offense are: AS 28.15.131 (failure to carry license and exhibit it on demand), AS 28.22.019 (proof of insurance to be carried and exhibited on demand), and equipment violations on non-commercial vehicles under 13 AAC 04.008.

Note: Although AS 28.05.099(b) makes failure to provide a child safety device [AS 28.05.095(b)] a dismissible offense the first time it is charged, we have not included it among the "Corr" offenses because subsequent charges are not dismissible.

Mandatory Appearance Offenses

If the "Bail" column for an offense lists any of the following abbreviations, a defendant charged with the offense must appear in court:

Mand/Inf = a traffic infraction which requires a mandatory appearance in court for arraignment. A defendant charged with a traffic infraction does not have a right to a jury or to a court-appointed lawyer. AS 28.90.010(d).

Mand/Viol = a violation which requires a mandatory appearance in court for arraignment. A defendant charged with an offense classified as a "violation" does not have a right to a jury trial or to a court-appointed lawyer. AS 11.81.900(b)(67).

Mand/A misd = mandatory appearance Class A misdemeanor

Mand/B misd = mandatory appearance Class B misdemeanor

Mand/N misd = mandatory appearance Not Classified misdemeanor

Mand/A fel = mandatory appearance Class A felony

Mand/B fel = mandatory appearance Class B felony

Mand/C fel = mandatory appearance Class C felony

Defendants charged with these misdemeanors and Class C felonies must appear in court for arraignment or felony first appearance. A defendant charged with a misdemeanor or felony for which no bail forfeiture amount has been set has a right to a jury trial and (if indigent) to a lawyer at government expense.

Points

Points for traffic offenses are not set by the supreme court. They are set by the Department of Administration in Alaska Administrative Code regulation 2 AAC 90.310 (printed at end of booklet).

The purpose of the point system, according to AS 28.15.221, is to identify "habitually reckless or negligent drivers and habitual or frequent violators of traffic laws." Under this law, a person's driver's license can be suspended or revoked by the Department of Administration if the person accumulates "12 or more points as a result of offenses committed during any consecutive 12-month period or 18 or more points as a result of offenses committed during any 24-month period."

The statutes concerning the point system are AS 28.15.221 to AS 28.15.261. The regulations which were written to carry out the legislature's intent are in the Alaska Administrative Code: 2 AAC 90.310 to 2 ACC 90.380.

If you believe the points listed in this booklet are incorrect or if you believe the regulation which sets them (2 AAC 90.310) should be amended, write to:

Driver's Services
Division of Motor Vehicles
4001 Ingra Street, Suite 101
Anchorage, AK 99503-3696
(907) 269-5551
Website: <https://dmv.alaska.gov/contact-us>

When recommending changes in the points, please keep in mind the following limitations on the point system:

1. By statute [AS 28.15.221(a)], points are to be assigned "for convictions for violations of traffic laws that are required to be reported to the [Department of Administration] under AS 28.15.191 and AS 28.37.130."
 - a. The term "traffic laws" is defined in AS 28.15.261 to mean "statutes, regulations, and municipal ordinances governing the driving or movement of vehicles."
 - b. Convictions which are required to be reported under AS 28.15.191 are convictions "of an offense under [Title 28] or a regulation adopted under [Title 28], or another law or regulation of this state, or a municipal ordinance that regulates the driving of vehicles." A conviction of a standing or parking offense need not be reported.
2. Points may not be assigned to laws, regulations or ordinances "regulating standing, parking, equipment, size, or weight; nor may points be assessed for violations by pedestrians, passengers or bicycle riders, or for violations of provisions relating to the preservation of the condition of traffic-control devices on the highways. Points shall be assessed for violations of oversize or overweight permits relating only to restrictions upon speed or hours of operation." AS 28.15.231(b).

Processing Codes

Most of the processing codes in the fifth column of the numerical list of offenses are selected by the Division of Motor Vehicles from a list of codes and definitions required by the federal government. These codes designate the description of the offense which will appear on the defendant's driving record. They also cause the computer to assign the correct number of points to the offense.

Note: The ZZZ code means there is no code for the offense on the national list of required codes. Offenses with a ZZZ code do not have points and do not appear on people's driving records.

Also Note: The processing codes for watercraft offenses are established by the Department of Public Safety.

Penalty Section

This version of the booklet (Version B) does not include references to the statutes which describe the possible penalties the court can impose for each offense. For this information, see Version A of the booklet.

Note: In spite of the penalty section statutes, the maximum penalty for any offense for which a bail amount has been set is the bail amount (plus any surcharge). This is true whether the defendant pleads no contest or chooses to contest the citation. See AS 12.25.230(c), AS 45.75.133(e) and Administrative Rules 43.1, 43.6 and 43.8. Also Note: If the bail amount is an amount per mile, per foot, etc., see the paragraph about "Maximum Amount" on page 2.

Charging Document

Most minor offenses and some misdemeanors and class C felonies (if allowed by AS 12.25.180) are charged on citation forms, but they can also be charged on complaint forms and informations. Minor Offense Rules 3 and 4; Criminal Rules 3 and 7.

Municipal Fine Schedules

Cities that want to use a mail-in system for processing traffic citations must establish, by city ordinance, a “fine schedule” listing those city traffic offenses which do not require court appearance. See AS 28.05.151 and the other statutes revised by chapter 76 SLA 1987. There are no supreme court "bail forfeiture" schedules for city offenses. Many cities have, by ordinance, adopted “by reference” (1) state traffic laws as their traffic codes and (2) the supreme court’s traffic and oversize vehicle bail forfeiture schedules as their “traffic fine schedules.” Cities can get help with these ordinances by contacting the administrative office of the court system at helpdesk@akcourts.gov

Federal Motor Carrier Safety Regulations (49 CFR)

The “49 CFR” (Code of Federal Regulations) offenses can be found at the following website: www.fmcsa.dot.gov/rules-regulations/rules-regulations.htm or at the U.S.

Government Publishing Office website:

www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title49/49tab_02.tpl

Police Training Surcharge

AS 12.55.039 adds a surcharge to the fine or other penalty for most offenses. The surcharge is not part of the fine. It must be assessed separately, listed separately on the citation and on the judgment, and receipted using a separate accounting code.

The surcharge is mandatory. It may not be waived, deferred or suspended. However, a judge may allow a defendant who is unable to pay the surcharge to perform community work service under AS 12.55.055(c) in lieu of the surcharge. AS 12.55.039(b).

In imposing a fine, the court may not reduce the fine by the amount of the surcharge or otherwise consider the applicability of a surcharge to the offense. AS 12.55.035(f).

AS 18.65.225 provides that the legislature may appropriate money collected under the surcharge law to the Alaska police training fund.

AS 29.25.074 requires cities to authorize the imposition of this surcharge for violation of their ordinances and to deposit the money collected into the state general fund.

The surcharge statutes, AS 12.55.039 and AS 29.25.074, are printed at the end of the booklet.

The police training surcharge is **case**-related, not **charge**-related. In *Miller v State*, 382 P.3d 1192 (Alaska App. September 16, 2016), the Alaska Court of Appeals interpreted the surcharge statute to mean that, "**only one surcharge should be imposed under AS 12.55.039 in any one criminal case.**"

Doubled Bail Amounts for Offenses in Highway Work Zones and Traffic Safety Corridors

Effective April 30, 1999, the bail amounts are doubled for violations of AS 28 and regulations adopted under AS 28 (i.e., the 13 AAC regulations and some 2 AAC regulations) committed within a **highway work zone**. Administrative Rule 43.1 and AS 28.90.030. A copy of the statute and rule are printed at the end of the booklet.

Effective May 27, 2006, the bail amounts are doubled for violations of AS 28 and regulations adopted under AS 28 committed within a **traffic safety corridor**, as that term is defined in AS 28.90.990. Administrative Rule 43.1, AS 28.90.030, and AS 19.10.075. See end of booklet. The website discussing the traffic safety corridors is:

http://dot.alaska.gov/stwdplng/hwysafety/safety_corridors.shtml

If an offense occurs in one of these zones or corridors, the officer charging the offense must state that on the citation.

In *State v. Fyfe*, 370 P.3d 1092 (Alaska 2016), the Alaska Supreme Court held that double fines do **not** apply to mandatory **minimum** fines committed in a traffic safety corridor, although the **maximum** fine the court is allowed to impose is doubled.

Default Judgments For Failure To Respond

If a defendant fails to respond to a citation or fails to appear for arraignment or trial in a minor offense case, the court may enter a default judgment of conviction against the defendant. Minor Offense Rule 9. At least 15 days before the default judgment is entered, the defendant must be sent a notice explaining the consequences of failure to respond. If a default judgment is entered, the fine will be the scheduled bail or fine amount or, if there is no scheduled amount, the maximum penalty for the offense. In addition, the default judgment will require the defendant to pay any surcharge established by statute, \$35 in court costs and \$35 in collection costs if the judgment is transferred for collection against the defendant's Alaska Permanent Fund Dividend. Note, however, that the court may waive the collection costs upon a showing of good cause. Minor Offense Rule 10(f).

Courts cannot issue a **bench warrant** for failure to respond or appear or for failure to satisfy the judgment in a minor offense case. Minor Offense Rule 9(d).

Fatal Accidents - Court Appearance Required

Effective September 1, 2003, pursuant to AS 28.05.151(e), an offense with a bail amount may not be disposed of without court appearance if the offense happens in connection with a motor vehicle accident that results in the death of a person. If this happens, the defendant is required to appear in court. Administrative Rule 43.1. The officer must check the “Fatality” box in the “Offense” section of the citation.

Service of Citations

Citations may not be filed with the court until the defendant has been served. Minor Offense Rule 3(a). The officer must certify on the citation that the officer served the citation on the defendant as required by AS 12.25.175 - 12.25.190. Minor Offense Rule 3(f). The citation must also show the method used to serve the citation on the defendant. Minor Offense Rule 3(c)(6). If the traffic offense involves a moving motor vehicle or if it is punishable by a fine of more than \$500, the issuing officer must **personally** serve the citation on the defendant by handing the citation to the defendant. See Minor Offense Rule 3(g) about this and for other methods of service that may be used for other types of offenses.

When Peace Officer Can Represent the Prosecution

Minor Offense Rule 12 allows peace officers to represent the prosecution in limited ways in minor offense cases. Most, but not all, traffic offenses are “minor offenses.” See the definition of “minor offense” in Minor Offense Rule 2. Minor Offense Rule 12(a)(2) describes what peace officers can do as representatives of the prosecution.

Rule 12(a)(2) states:

The representative may file a request to reschedule trial or a request to participate telephonically, and may give testimony, offer exhibits, or call witnesses for examination by the court. The representative may also defer prosecution and dismiss charges. The representative may not examine witnesses, make opening statements and closing arguments, or otherwise act as an attorney.

Uniform Minor Offense Table (UMOT)

Minor Offense Rule 3(b) requires officers to cite minor offenses as they are listed in the court system’s Uniform Minor Offense Table (UMOT). For the most up-to-date information, go to the UMOT website: www.courts.alaska.gov/trialcourts/umot.htm

Uniform Offense Citation Table (UOCT)

All the **criminal** offenses in this booklet are listed in the Uniform Offense Citation Table (UOCT) maintained by the Department of Public Safety. For the most up-to-date information, go to the UOCT website: <https://dps.alaska.gov/Statewide/R-I/UOCT/Home>

End Notes

- 1 Maximum bail amount for 13 AAC “per mile” offenses: \$300. Penalty Statute: AS 28.90.010(c). Maximum bail amount in highway work zone or traffic safety corridor: \$600. Note: Municipal and other local ordinances may have a higher maximum amount.
- 2 Maximum bail amount for 49 CFR “per wheel, per tire, per lamp, and per reflector” offenses: \$500. Penalty Statutes for these “violations:” AS 45.75.380(a)(11) and AS 12.55.035(b)(7). The penalty and the maximum are ***not*** doubled in highway work zones or traffic safety corridors because bail amounts are only doubled if the offense is in Title 28 or in a regulation adopted under Title 28 (i.e., the 13 AAC regulations and some 2 AAC regulations). See Administrative Rule 43.1 and AS 28.90.030. Note: Municipal and other local ordinances may have a higher maximum amount.
- 3 Maximum bail amount for 17 AAC “per mile” offenses: \$500. Penalty Statute for these misdemeanors: AS 02.15.240. The penalty and the maximum are ***not*** doubled in highway work zones or traffic safety corridors for the reason explained in note 2 above. Note: Municipal and other local ordinances may have a higher maximum amount.

* In addition to the offenses for which only a "bail" amount is listed, the other categories of offenses are:

Corr	=	correctable/dismissible.
Mand/Inf	=	mandatory appearance infraction.
Mand/Viol	=	mandatory appearance violation.
Mand/A misd	=	mandatory appearance Class A misdemeanor
Mand/B misd	=	mandatory appearance Class B misdemeanor
Mand/N misd	=	mandatory appearance Not Classified misdemeanor
Mand/A fel	=	mandatory appearance Class A felony
Mand/B fel	=	mandatory appearance Class B felony
Mand/C fel	=	mandatory appearance Class C felony

See further explanation on page 3.

** The \$50 penalty for littering is a fine, not a bail forfeiture amount. See AS 46.06.080 for the fine schedule that the legislature created for this offense.

*** Under AS 28.05.099, the court may waive the \$15 penalty for violating AS 28.05.095(a) or (d) [safety belts] if the defendant donates \$15 to the Emergency Medical Services entity providing services in the area in which the violation occurred.

◆ Citations and complaints charging AS 28.35.280, .285 or .290 must be assigned underage alcohol case numbers, even though these offenses are classified as infractions in the statutes, because the mandatory community work service penalty triggers the rights to court-appointed counsel and a jury trial. See Administrative Bulletin 7 on case numbering.

Doubled Bail Amounts for Offenses Committed Within Highway Work Zones (Effective April 30, 1999) and Traffic Safety Corridors (Effective May 27, 2006)

AS 28.90.030. Fines for offenses committed within highway work zones and traffic safety corridors doubled. (a) Whenever a person violates a provision of this title or a regulation adopted under the authority of this title within a highway work zone or traffic safety corridor, notwithstanding the amount of the fine or the maximum fine set under this title, the fine, or maximum fine, is double the amount provided in this title. (§ 2 ch 64 SLA 1998; am §§4, 5 ch 45 SLA 2006)

AS 28.90.990. Definitions.

(a)(16) “highway work zone” means an area identified by advance signing where road construction, repair, or maintenance work is being done on or adjacent to a highway, whether or not work is actually being done at that time.

(a)(29) “traffic safety corridor” means a portion of a highway on which signs have been erected designating that portion as a traffic safety corridor under AS 19.10.075

Administrative Rule 43.1, Traffic Bail Forfeiture Schedule, states (in its second paragraph): Effective April 30, 1999, the bail amounts listed below are doubled for violations of AS 28 and regulations adopted under AS 28 committed within a highway work zone, as that term is defined in AS 28.90.990 and 13 AAC 40.010(b). Effective May 27, 2006, the bail amounts listed below are doubled for violations of AS 28 and regulations adopted under AS 28 committed with a traffic safety corridor, as that term is defined in AS 28.90.990.

AS 19.10.075. Designation of Traffic Safety Corridors; fines.

(a) To promote traffic safety, the department may designate a portion of a highway to be a traffic safety corridor. The commissioner shall establish criteria for the designation and continuation of traffic safety corridors. In establishing the criteria, the commissioner may consider accident data and reports, the type and volume of vehicular traffic, engineering and traffic studies, and other relevant factors. Before the department designates a traffic safety corridor, the commissioner shall consult with the commissioner of public safety and shall consult with other local, state, and federal agencies with responsibility for traffic safety. A motor vehicle or traffic offense committed in a traffic safety corridor is subject to a double fine as provided in AS 28.90.030. The department shall erect signs designating traffic safety corridors and alerting the public that motor vehicle and traffic offenses committed within a corridor are subject to double fines. A claim for damages may not be made against the state or its officers, employees, or agents for an act or omission relating to the designation of and erection of signs regarding a traffic safety corridor.

(b) The legislature may appropriate 50 percent of the fines for offenses committed in a traffic safety corridor imposed under AS 28.90.030 and collected and separately accounted for by the state under [AS 37.05.142](#), to the division of the Department of Transportation and Public Facilities responsible for highway safety planning, for highway safety programs. (§ 1 ch 45 SLA 2006)

AS 28.15.221(c). Point System - Two Points for Illegal Passing in Traffic Safety Corridor.

(c) The regulations adopted under (a) of this section shall include a two-point addition to a licensee's assessed total if the licensee, while in a designated traffic safety corridor, overtakes and passes another vehicle in a zone designated by a safety control device that prohibits passing.

2 AAC 90.310. DEMERIT POINT SCHEDULE. (a) For the purposes of administratively identifying habitually reckless or negligent drivers and habitual or frequent violators of traffic laws and in order to identify problem drivers, in addition to any demerit points established in AS 28, the following offenses are given the corresponding numerical weights upon conviction:

Offense or Type of Offenses	Point Value
(1) except as provided in (2) of this subsection, driving while license cancelled, suspended, or revoked, or in violation of license limitation	10
(2) driving a commercial motor vehicle while commercial driver's license is disqualified, cancelled, suspended, revoked, or in violation of a license limitation	10
(3) except as provided in (4) of this subsection, driving while intoxicated or driving under the influence	10

(14) failure to provide proof of liability insurance as required by AS 28.22	6
(15) failure to yield right-of-way to authorized emergency vehicle	6
(16) failure to stop for school bus while bus is loading or unloading	6
(17) failure to obey official traffic control device in school zone, playground crosswalk, or park	6
(18) driving a commercial motor vehicle after being ordered out of service under 49 C.F.R. 396.9(c) or AS 28.33.130 (c)	6
(19) speeding:	
in school zone or playground crosswalk	6
3 - 9 miles per hour over speed limit	2
10 - 19 miles per hour over speed limit	4
20 or more miles per hour over speed limit	6
(20) violation of oversize or overweight permit, pertaining to restriction on speed:
