25 Housing Act of 1937 (42 U.S.C. 1437g(d),(e)), the Sec-

1 retary shall not impose any requirement or guideline relat-

11 SEC. 215. No official or employee of the Department
12 of Housing and Urban Development shall be designated
13 as an allotment holder unless the Office of the Chief Fi-
14 nancial Officer has determined that such allotment holder
15 has implemented an adequate system of funds control and
16 has received training in funds control procedures and di-
17 rectives. The Chief Financial Officer shall ensure that
18 there is a trained allotment holder for each HUD appro-

19 trative Support Offices” or “Program Offices” to any
20 other such office under such headings: *Provided*, That no
21 appropriation for any such office under such headings
22 shall be increased or decreased by more than 10 percent
23 or \$5,000,000, whichever is less, without prior written ap-
24 proval of the House and Senate Committees on Appropria-
25 tions: *Provided further*, That the Secretary shall provide

1 notification to such Committees 3 business days in ad-
2 vance of any such transfers under this section up to 10
3 percent or \$5,000,000, whichever is less.

2 1437f(o)(13)) or to public housing units assisted with cap-
3 ital or operating funds under section 9 of the United
4 States Housing Act of 1937 (42 U.S.C. 1437g).

5 (c)(1) Within 15 days of the issuance of the Real Es-
6 tate Assessment Center (“REAC”) inspection, the Sec-
7 retary shall provide the owner with a Notice of Default
8 with a specified timetable, determined by the Secretary,
9 for correcting all deficiencies. The Secretary shall provide
10 a copy of the Notice of Default to the tenants, the local

14 Default.

15 (2) At the end of the time period for correcting all
16 deficiencies specified in the Notice of Default, if the owner

11 property and all available Federal, State, and local
12 resources, including rent adjustments under section
13 524 of the Multifamily Assisted Housing Reform
14 and Affordability Act of 1997 (“MAHRAA”); and

15 (2) environmental conditions that cannot be
16 remedied in a cost-effective fashion, the Secretary
17 may contract for project-based rental assistance pay-

11 receiving a grant under paragraph (1) may use such
12 funds only for the purpose of covering—

13 “(A) any fee originally associated with a

16 for permanent revocation, and such permit
17 holder relinquishes any claim associated with
18 the permit;

19 “(B) a forfeiture of fishing gear associated
20 with a permit described in subparagraph (A); or

21 “(C) the purchase of alternative gear with

23 sources, if the fishery participant is authorized
24 to continue fishing using such alternative gears.

2006

1 “(3) CERTIFICATION.—The Secretary shall cer-
2 tify that, with respect to each participant in the pro-
3 gram under this subsection, any permit authorizing

4 **TITLE II—FISHERY RESOURCE**
5 **DISASTERS IMPROVEMENT**

6 **SEC. 201. SHORT TITLE.**

7 This title may be cited as the “Fishery Resource Dis-
8 asters Improvement Act”.

9 **SEC. 202. FISHERY RESOURCE DISASTER RELIEF.**

10 Section 312(a) of the Magnuson-Stevens Fishery
11 Conservation and Management Act (16 U.S.C. 1861a(a))
12 is amended to read as follows:

13 “(a) FISHERY RESOURCE DISASTER RELIEF.—

14 “(1) DEFINITIONS.—In this subsection:

15 “(A) ALLOWABLE CAUSE.—The term ‘al-
16 lowable cause’ means a natural cause, discrete
17 anthropogenic cause, or undetermined cause, in-
18 cluding a cause that occurred not more than 5
19 years prior to the date of a request for a fishery
20 resource disaster determination that affected
21 such applicable fishery.

22 “(B) ANTHROPOGENIC CAUSE.—The term
23 ‘anthropogenic cause’ means an anthropogenic
24 event, such as an oil spill or spillway opening—

2009

1 “(i) that could not have been ad-
2 dressed or prevented by fishery manage-
3 ment measures; and

4 “(ii) that is otherwise beyond the con-
5 trol of fishery managers to mitigate
6 through conservation and management
7 measures, including regulatory restrictions
8 imposed as a result of judicial action or to
9 protect human health or marine animals,
10 plants, or habitats.

11 “(C) FISHERY RESOURCE DISASTER.—The
12 term ‘fishery resource disaster’ means a dis-
13 aster that is determined by the Secretary in ac-
14 cordance with this subsection and—

15 “(i) is an unexpected large decrease in
16 fish stock biomass or other change that re-
17 sults in significant loss of access to the
18 fishery resource, which may include loss of
19 fishing vessels and gear for a substantial
20 period of time and results in significant
21 revenue loss or negative subsistence impact
22 due to an allowable cause; and

23 “(ii) does not include—

24 “(I) reasonably predictable, fore-
25 seeable, and recurrent fishery cyclical

2010

1 variations in species distribution or
2 stock abundance; or

3 “(II) reductions in fishing oppor-
4 tunities resulting from conservation
5 and management measures taken pur-
6 suant to this Act.

7 “(D) INDIAN TRIBE.—The term ‘Indian
8 Tribe’ has the meaning given such term in sec-
9 tion 102 of the Federally Recognized Indian
10 Tribe List Act of 1994 (25 U.S.C. 5130), and
11 the term ‘Tribal’ means of or pertaining to such
12 an Indian tribe.

13 “(E) NATURAL CAUSE.—The term ‘natural
14 cause’—

15 “(i) means a weather, climatic, haz-
16 ard, or biology-related event, such as—

17 “(I) a hurricane;

18 “(II) a flood;

19 “(III) a harmful algal bloom;

20 “(IV) a tsunami;

21 “(V) a hypoxic zone;

22 “(VI) a drought;

23 “(VII) El Niño effects on water
24 temperature;

25 “(VIII) a marine heat wave; or

2011

1 “(IX) disease; and

2 “(ii) does not mean a normal or cycli-
3 cal variation in a species distribution or
4 stock abundance.

5 “(F) 12-MONTH REVENUE LOSS.—The
6 term ‘12-month revenue loss’ means the per-
7 centage reduction, as applicable, in commercial,
8 charter, headboat, or processor revenue for the
9 affected fishery for the 12 months during which
10 the fishery resource disaster occurred, when
11 compared to average annual revenue in the
12 most recent 5 years when no fishery resource
13 disaster occurred or equivalent for stocks with
14 cyclical life histories.

15 “(G) UNDETERMINED CAUSE.—The term
16 ‘undetermined cause’ means a cause in which
17 the current state of knowledge does not allow
18 the Secretary to identify the exact cause, and
19 there is no current conclusive evidence sup-
20 porting a possible cause of the fishery resource
21 disaster.

22 “(2) GENERAL AUTHORITY.—

23 “(A) IN GENERAL.—The Secretary shall
24 have the authority to determine the existence,
25 extent, and beginning and end dates of a fish-

2012

1 ery resource disaster under this subsection in
2 accordance with this subsection.

3 “(B) AVAILABILITY OF FUNDS.—After the
4 Secretary determines that a fishery resource
5 disaster has occurred, the Secretary is author-
6 ized to make sums available, from funds appro-
7 priated for such purposes, to be used by the af-
8 fected State, Indian Tribe, or interstate marine
9 fisheries commission, or by the Secretary in co-
10 operation with the affected State, Indian Tribe,
11 or interstate marine fisheries commission.

12 “(C) SAVINGS CLAUSE.—The requirements
13 under this paragraph and paragraphs (3), (4),
14 and (5) shall take effect only with respect to
15 fishery resource disaster determination requests
16 submitted after the date of enactment of the
17 Fishery Resource Disasters Improvement Act.

18 “(3) INITIATION OF A FISHERY RESOURCE DIS-
19 ASTER REVIEW.—

20 “(A) ELIGIBLE REQUESTERS.—

21 “(i) IN GENERAL.—If the Secretary
22 has not independently determined that a
23 fishery resource disaster has occurred, a
24 request for a fishery resource disaster de-
25 termination may be submitted to the Sec-

2013

1 retary at any time, but not later than the
2 applicable date determined under clause
3 (ii), by—

4 “(I) the Governor of an affected
5 State;

6 “(II) an official resolution of an
7 Indian Tribe; or

8 “(III) any other comparable
9 elected or politically appointed rep-
10 resentative as determined by the Sec-
11 retary.

18 consecutive fishing season, 2 years
19 after the date of the conclusion of the
20 fishing season for which the request
21 for a fishery resource disaster deter-
22 mination is made; or

23 “(III) in the case of a complete
24 fishery closure, 1 year after the date

2014

2 source, which could include the loss of
3 fishing vessels and gear, for a sub-
4 stantial period of time;

5 “(II) significant—

14 source disaster occurred;

15 “(III) if applicable, information
16 on lost resource tax revenues assessed
17 by local communities, such as a raw

8 fishery, including prior awards of
9 disaster assistance for the same
10 event;

11 “(gg) the length of time the
12 resource, or access to the re-

2020

1 “(ii) TIME FRAME.—The Secretary
2 shall complete the review described in
3 clause (i), if the fishing season, applicable
4 to the fishery—

5 “(I) has concluded or there is no
6 defined fishing season applicable to
7 the fishery, not later than 120 days
8 after the Secretary receives a com-
9 plete request for a fishery resource
10 disaster determination;

11 “(II) has not concluded, not later
12 than 120 days after the conclusion of
13 the fishing season; or

14 “(III) is expected to be closed for
15 the entire fishing season, not later
16 than 120 days after the Secretary re-
17 ceives a complete request for a fishery
18 resource disaster determination.

19 “(C) FISHERY RESOURCE DISASTER DE-
20 TERMINATION.—The Secretary shall make the
21 determination of a fishery resource disaster
22 based on the criteria for determinations listed
23 in paragraph (5).

24 “(D) NOTIFICATION.—Not later than 14
25 days after the conclusion of the review under

2021

1 this paragraph, the Secretary shall notify the
2 requester and the Governor of the affected
3 State or Indian Tribe representative of the de-
4 termination of the Secretary.

5 “(5) CRITERIA FOR DETERMINATIONS.—

6 “(A) IN GENERAL.—The Secretary shall
7 make a determination about whether a fishery
8 resource disaster has occurred, based on the
9 revenue loss thresholds under subparagraph
10 (B), and, if a fishery resource disaster has oc-
11 curred, whether the fishery resource disaster
12 was due to—

13 “(i) a natural cause;

14 “(ii) an anthropogenic cause;

15 “(iii) a combination of a natural cause
16 and an anthropogenic cause; or

17 “(iv) an undetermined cause.

18 “(B) REVENUE LOSS THRESHOLDS.—

19 “(i) IN GENERAL.—Based on the in-
20 formation provided or analyzed under
21 paragraph (4)(B), the Secretary shall
22 apply the following 12-month revenue loss
23 thresholds in determining whether a fish-
24 ery resource disaster has occurred:

2022

1 “(I) Losses greater than 80 per-
2 cent may result in a positive deter-
3 mination that a fishery resource dis-
4 aster has occurred, based on the infor-
5 mation provided or analyzed under
6 paragraph (4)(B).

7 “(II) Losses between 35 percent
8 and 80 percent shall be evaluated to
9 determine whether economic impacts
10 are severe enough to determine that a
11 fishery resource disaster has occurred.

12 “(III) Losses less than 35 per-
13 cent shall not be eligible for a deter-
14 mination that a fishery resource dis-
15 aster has occurred.

16 “(ii) CHARTER FISHING.—In making
17 a determination of whether a fishery re-
18 source disaster has occurred, the Secretary
19 shall consider the economic impacts to the
20 charter fishing industry to ensure financial
21 coverage for charter fishing businesses.

22 “(iii) NEGATIVE SUBSISTENCE IM-
23 PACTS.—In considering negative subsist-
24 ence impacts, the Secretary shall evaluate
25 the severity of negative impacts to the fish-

2023

1 ing community instead of applying the rev-
2 enue loss thresholds described in clause (i).

3 “(C) INELIGIBLE FISHERIES.—A fishery
4 subject to overfishing in any of the 3 years pre-
5 ceding the date of a determination under this
6 subsection is not eligible for a determination of
7 whether a fishery resource disaster has occurred
8 unless the Secretary determines that overfishing
9 was not a contributing factor to the fishery re-
10 source disaster.

11 “(D) EXCEPTIONAL CIRCUMSTANCES.—In
12 an exceptional circumstance where substantial
13 economic impacts to the affected fishery and
14 fishing community have been subject to a dis-
15 aster declaration under another statutory au-
16 thority, such as in the case of a natural disaster
17 or from the direct consequences of a Federal
18 action taken to prevent, or in response to, a
19 natural disaster for purposes of protecting life
20 and safety, the Secretary may determine a fish-
21 ery resource disaster has occurred without a re-
22 quest, notwithstanding the requirements under
23 subparagraph (B) and paragraph (3).

24 “(6) DISBURSAL OF APPROPRIATED FUNDS.—

2024

1 “(A) AUTHORIZATION.—The Secretary
2 shall allocate funds available under paragraph
3 (9) for fishery resource disasters.

4 “(B) ALLOCATION OF APPROPRIATED
5 FISHERY RESOURCE DISASTER ASSISTANCE.—

6 “(i) NOTIFICATION OF FUNDING
7 AVAILABILITY.—When there are appro-
8 priated funds for 1 or more fishery re-
9 source disasters, the Secretary shall no-
10 tify—

11 “(I) the public; and

12 “(II) representatives of affected
13 fishing communities with a positive
14 disaster determination that is un-
15 funded;

16 of the availability of funds, not more than
17 14 days after the date of the appropriation
18 or the determination of a fishery resource
19 disaster, whichever occurs later.

20 “(ii) EXTENSION OF DEADLINE.—The
21 Secretary may extend the deadline under
22 clause (i) by 90 days to evaluate and make
23 determinations on eligible requests.

24 “(C) CONSIDERATIONS.—In determining
25 the allocation of appropriations for a fishery re-

2025

1 source disaster, the Secretary shall consider
2 commercial, charter, headboat, or seafood proc-
3 essing revenue losses and negative impacts to
4 subsistence or Indian Tribe ceremonial fishing
5 opportunity, for the affected fishery, and may
6 consider the following factors:

7 “(i) Direct economic impacts.

8 “(ii) Uninsured losses.

9 “(iii) Losses of recreational fishing
10 opportunity.

11 “(iv) Aquaculture operations revenue
12 loss.

13 “(v) Direct revenue losses to a fishing
14 community.

15 “(vi) Treaty obligations.

16 “(vii) Other economic impacts.

17 “(D) SPEND PLANS.—To receive an alloca-
18 tion from funds available under paragraph (9),
19 a requester with an affirmative fishery resource
20 disaster determination shall submit a spend
21 plan to the Secretary, not more than 120 days
22 after receiving notification that funds are avail-
23 able, that shall include the following informa-
24 tion, if applicable:

2026

1 “(i) Objectives and outcomes, with an
2 emphasis on addressing the factors con-
3 tributing to the fishery resource disaster
4 and minimizing future uninsured losses, if
5 applicable.

6 “(ii) Statement of work.

7 “(iii) Budget details.

8 “(E) REGIONAL CONTACT.—If so re-
9 quested, the Secretary shall provide a regional
10 contact within the National Oceanic and Atmos-
11 pheric Administration to facilitate review of
12 spend plans and disbursement of funds.

13 “(F) DISBURSAL OF FUNDS.—

14 “(i) AVAILABILITY.—Funds shall be
15 made available to grantees not later than
16 90 days after the date the Secretary re-
17 ceives a complete spend plan.

18 “(ii) METHOD.—The Secretary may
19 provide an allocation of funds under this
20 subsection in the form of a grant, direct
21 payment, cooperative agreement, loan, or
22 contract.

23 “(iii) ELIGIBLE USES.—

24 “(I) IN GENERAL.—Funds allo-
25 cated for fishery resources disasters

2027

1 under this subsection shall restore the
2 fishery affected by such a disaster,
3 prevent a similar disaster in the fu-
4 ture, or assist the affected fishing
5 community, and shall prioritize the
6 following uses, which are not in order
7 of priority:

8 “(aa) Habitat conservation
9 and restoration and other activi-
10 ties, including scientific research,
11 that reduce adverse impacts to
12 the fishery or improve under-
13 standing of the affected species
14 or its ecosystem.

15 “(bb) The collection of fish-
16 ery information and other activi-
17 ties that improve management of
18 the affected fishery.

19 “(cc) In a commercial fish-
20 ery, capacity reduction and other
21 activities that improve manage-
22 ment of fishing effort, including
23 funds to offset budgetary costs to
24 refinance a Federal fishing ca-
25 pacity reduction loan or to repay

2028

1 the principal of a Federal fishing
2 capacity reduction loan.

3 “(dd) Developing, repairing,
4 or improving fishery-related pub-
5 lic infrastructure.

6 “(ee) Direct assistance to a
7 person, fishing community (in-
8 cluding assistance for lost fish-
9 eries resource levies), or a busi-
10 ness to alleviate economic loss in-
11 curred as a direct result of a
12 fishery resource disaster, particu-
13 larly when affected by a cir-
14 cumstance described in para-
15 graph (5)(D) or by negative im-
16 pacts to subsistence or Indian
17 Tribe ceremonial fishing oppor-
18 tunity.

19 “(ff) Hatcheries and stock
20 enhancement to help rebuild the
21 affected stock or offset fishing
22 pressure on the affected stock.

23 “(II) DISPLACED FISHERY EM-
24 PLOYEES.—Where appropriate, indi-
25 viduals carrying out the activities de-

2029

1 scribed in items (aa) through (dd) of
2 subclause (I) shall be individuals who
3 are, or were, employed in a commer-
4 cial, charter, or Indian Tribe fishery
5 for which the Secretary has deter-
6 mined that a fishery resource disaster
7 has occurred.

8 “(7) LIMITATIONS.—

9 “(A) FEDERAL SHARE.—

10 “(i) IN GENERAL.—Except as pro-
11 vided in clauses (ii) and (iii), the Federal
12 share of the cost of any activity carried out
13 under the authority of this subsection shall
14 not exceed 75 percent of the cost of that
15 activity.

16 “(ii) WAIVER.—The Secretary may
17 waive the non-Federal share requirements
18 of this subsection, if the Secretary deter-
19 mines that—

20 “(I) no reasonable means are
21 available through which the recipient
22 of the Federal share can meet the
23 non-Federal share requirement; and

24 “(II) the probable benefit of 100
25 percent Federal financing outweighs

2030

1 the public interest in imposition of the
2 non-Federal share requirement.

3 “(iii) EXCEPTION.—The Federal
4 share shall be equal to 100 percent in the
5 case of—

6 “(I) direct assistance as de-
7 scribed in paragraph (6)(F)(iii)(I)(ee);
8 or

9 “(II) assistance to subsistence or
10 Tribal fisheries.

11 “(B) LIMITATIONS ON ADMINISTRATIVE
12 EXPENSES.—

13 “(i) FEDERAL.—Not more than 3 per-
14 cent of the funds available under this sub-
15 section may be used for administrative ex-
16 penses by the National Oceanographic and
17 Atmospheric Administration.

18 “(ii) STATE GOVERNMENTS OR INDIAN
19 TRIBES.—Of the funds remaining after the
20 use described in clause (i), not more than
21 5 percent may be used by States, Indian
22 Tribes, or interstate marine fisheries com-
23 missions for administrative expenses.

24 “(C) FISHING CAPACITY REDUCTION PRO-
25 GRAM.—

2031

1 “(i) IN GENERAL.—No funds available
2 under this subsection may be used as part
3 of a fishing capacity reduction program in
4 a fishery unless the Secretary determines
5 that adequate conservation and manage-
6 ment measures are in place in such fishery.

7 “(ii) ASSISTANCE CONDITIONS.—As a
8 condition of providing assistance under
9 this subsection with respect to a vessel
10 under a fishing capacity reduction pro-
11 gram, the Secretary shall—

12 “(I) prohibit the vessel from
13 being used for fishing in Federal,
14 State, or international waters; and

15 “(II) require that the vessel be—

19 “(B) may be subject to, as permitted by
20 the Secretary, reasonable restrictions; and

21 “(C)(i) may not, for not less than the first
22 4 withdrawals of funds from the account in a
23 plan year, be subject to any fees or charges
24 solely on the basis of such a withdrawal; and

1 “(ii) may, for any subsequent withdrawal
2 in a plan year, be subject to reasonable fees or
3 charges in connection with such a withdrawal,
4 including reasonable reimbursement fees im-

6 paper checks.

7 “(2) ESTABLISHMENT AND TERMINATION OF
8 ACCOUNT.—

9 “(A) ESTABLISHMENT OF ACCOUNT.—The
10 pension-linked emergency savings account fea-
11 ture shall be included in the plan document of
12 the individual account plan. Such individual ac-
13 count plan shall—

14 “(i) separately account for contribu-

5 “(d) ACCOUNT CONTRIBUTIONS.—

6 “(1) LIMITATION.—

7 “(A) IN GENERAL.—Subject to subpara-

9 a pension-linked emergency savings account to
10 the extent such contribution would cause the
11 portion of the account balance attributable to
12 participant contributions to exceed the lesser
13 of—

14 “(i) \$2,500; or

15 “(ii) an amount determined by the
16 plan sponsor of the pension-linked emer-
17 gency savings account.

18 In the case of contributions made in taxable
19 years beginning after December 31, 2024, the
20 Secretary shall adjust the amount under clause
21 (i) at the same time and in the same manner
22 as the adjustment made by the Secretary of the
23 Treasury under section 415(d) of the Internal
24 Revenue Code of 1986, except that the base pe-
25 riod shall be the calendar quarter beginning

2172

1 July 1, 2023. Any increase under the preceding
2 sentence which is not a multiple of \$100 shall
3 be rounded to the next lowest multiple of \$100.

4 “(B) EXCESS CONTRIBUTIONS.—To the
5 extent any contribution to the pension-linked
6 emergency savings account of a participant for
7 a taxable year would exceed the limitation of
8 subparagraph (A)—

9 “(i) in the case of a participant with
10 another designated Roth account under the
11 individual account plan, such plan may
12 provide that—

13 “(I) the participant may elect to
14 increase the participant’s contribution
15 to such other account; and

16 “(II) in the absence of such a
17 participant election, the participant is
18 deemed to have elected to increase the
19 participant’s contributions to such
20 other account at the rate at which
21 contributions were being made to the
22 pension-linked emergency savings ac-
23 count; and

1 “(ii) in any other case, such plan shall
2 provide that such excess contributions will
3 not be accepted.

4 “(2) AUTOMATIC CONTRIBUTION ARRANGE-

6 “(A) IN GENERAL.—An automatic con-

9 ble participant is treated as having elected to
10 have the plan sponsor make elective contribu-
11 tions to a pension-linked emergency savings ac-
12 count at a participant contribution rate that is
13 not more than 3 percent of the compensation of
14 the eligible participant, unless the eligible par-
15 ticipant, at any time (subject to such reasonable
16 advance notice as is required by the plan ad-
17 ministrator), affirmatively elects to—

18 “(i) make contributions at a different
19 rate or amount; or

20 “(ii) opt out of such contributions.

21 “(B) PARTICIPANT CONTRIBUTION
22 RATE.—For purposes of an automatic contribu-
23 tion arrangement described in subparagraph
24 (A), the plan sponsor—

1 “(i) shall select a participant contribu-
2 tion rate under such automatic contribu-
3 tion arrangement that meets the require-

9 “(3) DISCLOSURE BY PLAN ADMINISTRATOR OF
10 CONTRIBUTIONS.—

11 “(A) IN GENERAL.—With respect to an in-

15 and not more than 90 days prior to date of the
16 first contribution to the pension-linked emer-
17 gency savings account, including any contribu-
18 tion under an automatic contribution arrange-
19 ment described in subsection (d)(2), or the date
20 of any adjustment to the participant contribu-
21 tion rate under subsection (d)(2)(B)(ii), and
22 not less than annually thereafter, shall furnish
23 to the participant a notice describing—

24 “(i) the purpose of the account, which
25 is for short-term, emergency savings;

2175

1 “(ii) the limits on, and tax treatment
2 of, contributions to the pension-linked
3 emergency savings account of the partici-
4 pant;

5 “(iii) any fees, expenses, restrictions,
6 or charges associated with such pension-
7 linked emergency savings account;

8 “(iv) procedures for electing to make
9 contributions to or opting out of the pen-

11 changing participant contribution rates for
12 such pension-linked emergency savings ac-
13 count, and for making participant with-
14 draws from such pension-linked emer-
15 gency savings account, including any limits
16 on frequency;

17 “(v) as applicable, the amount of the
18 intended contribution to such pension-
19 linked emergency savings account or the
20 change in the percentage of the compensa-
21 tion of the participant of such contribu-
22 tion;

23 “(vi) the amount in the emergency
24 savings account and the amount or per-
25 centage of compensation that a participant

2176

1 has contributed to the pension-linked emer-
2 gency savings account;

3 “(vii) the designated investment op-
4 tion under subsection (c)(1)(A)(iii) for
5 amounts contributed to the pension-linked
6 emergency savings account;

7 “(viii) the options under subsection
8 (e) for the account balance of the pension-
9 linked emergency savings account after ter-
10 mination of the employment of the partici-
11 pant or termination by the plan sponsor of
12 the pension-linked emergency savings ac-
13 count; and

14 “(ix) the ability of a participant who
15 becomes a highly compensated employee
16 (as such term is defined in paragraph (3)
17 of subsection (b)) to, as described in para-
18 graph (2) of such subsection, withdraw any
19 account balance from a pension-linked
20 emergency savings account and the restric-
21 tion on the ability of such a participant to
22 make further contributions to the pension-
23 linked emergency savings account.

1 “(B) NOTICE REQUIREMENTS.—A notice
2 furnished to a participant under subparagraph
3 (A) shall be—

9 and

10 “(ii) written in a manner calculated to
11 be understood by the average participant.

12 “(C) CONSOLIDATED NOTICES.—The re-
13 quired notices under subparagraph (A) may be
14 included with any other notice under this Act,
15 including under section 404(c)(5)(B) or
16 514(e)(3), or under section 401(k)(13)(E) or
17 414(w)(4) of the Internal Revenue Code of
18 1986, if such other notice is provided to the
19 participant at the time required for such notice.

20 “(4) EMPLOYER MATCHING CONTRIBUTIONS TO
21 AN INDIVIDUAL ACCOUNT PLAN FOR EMPLOYEE
22 CONTRIBUTIONS TO A PENSION-LINKED EMERGENCY
23 SAVINGS ACCOUNT.—

24 “(A) IN GENERAL.—If an employer makes
25 any matching contributions to an individual ac-

1 count plan of which a pension-linked emergency
2 savings account is part, subject to the limita-
3 tions of paragraph (1)(A), the employer shall
4 make matching contributions on behalf of a
5 participant on account of the contributions by
6 the participant to the pension-linked emergency
7 savings account at the same rate as any other
8 matching contribution on account of an elective
9 contribution by such participant. The matching
10 contributions shall be made to the participant's
11 account under the individual account plan that
12 is not the pension-linked emergency savings ac-
13 count. Such matching contributions on account
14 of contributions under paragraph (1)(A) shall
15 not exceed the maximum account balance under
16 paragraph (1)(A) for such plan year.

17 “(B) COORDINATION RULE.—For purposes
18 of any applicable limitation on matching con-
19 tributions, any matching contributions made
20 under the plan shall be treated first as attrib-
21 utable to the elective deferrals of the partici-
22 pant other than contributions to a pension-
23 linked emergency savings account.

24 “(C) MATCHING CONTRIBUTIONS.—For
25 purposes of subparagraph (A), the term ‘match-

2 term in section 401(m)(4) of the Internal Rev-

4 “(e) ACCOUNT BALANCE AFTER TERMINATION.—

5 Upon termination of employment of the participant, or

10 “(1) allow, at the election of the participant, for
11 transfer by the participant of the account balance of
12 such account, in whole or in part, into another des-
13 ignated Roth account of the participant under the
14 individual account plan; and

15 “(2) for any amounts in such account not
16 transferred under paragraph (1), make such
17 amounts available within a reasonable time to the
18 participant.

19 “(f) ANTI-ABUSE RULES.—

20 “(1) IN GENERAL.—A plan of which a pension-
21 linked emergency savings account is part—

22 “(A) may employ reasonable procedures to
23 limit the frequency or amount of matching con-
24 tributions with respect to contributions to such
25 account, solely to the extent necessary to pre-

1 vent manipulation of the rules of the plan to
2 cause matching contributions to exceed the in-
3 tended amounts or frequency; and

4 “(B) shall not be required to suspend
5 matching contributions following any partici-
6 pant withdrawal of contributions, including
7 elective deferrals and employee contributions,
8 whether or not matched and whether or not
9 made pursuant to an automatic contribution ar-
10 rangement described in section 402A(e)(4) of
11 the Internal Revenue Code of 1986.

12 “(2) REGULATIONS OR OTHER GUIDANCE.—
13 The Secretary of the Treasury, in consultation with
14 the Secretary of Labor, shall issue regulations or
15 other guidance not later than 12 months after the
16 date of the enactment of the SECURE 2.0 Act of
17 2022 with respect to the anti-abuse rules described
18 in paragraph (1).

19 **“SEC. 802. PREEMPTION OF STATE ANTI-GARNISHMENT**
20 **LAWS.**

21 “Notwithstanding any other provision of law, this
22 part shall supersede any law of a State which would di-
23 rectly or indirectly prohibit or restrict the use of an auto-
24 matic contribution arrangement, described in section
25 801(d)(2), for a pension-linked emergency savings ac-

1 count. The Secretary may promulgate regulations to es-
2 tablish minimum standards that such an arrangement
3 would be required to satisfy in order for this subsection
4 to apply with respect to such an account.

5 **“SEC. 803. REPORTING AND DISCLOSURE REQUIREMENTS.**

6 “The Secretary shall—

7 “(1) prescribe such regulations as may be nec-
8 essary to address reporting and disclosure require-
9 ments for pension-linked emergency savings ac-
10 counts; and

11 “(2) seek to prevent unnecessary reporting and
12 disclosure for such accounts under this Act, includ-
13 ing for purposes of any reporting or disclosure re-
14 lated to pension plans required by this title or under
15 the Internal Revenue Code of 1986.

16 **“SEC. 804. REPORT TO CONGRESS ON EMERGENCY SAVINGS**
17 **ACCOUNTS.**

18 “The Secretary of Labor and the Secretary of the
19 Treasury shall—

20 “(1) conduct a study on the use of emergency
21 savings from individual account plan accounts, in-
22 cluding emergency savings from a pension-linked
23 emergency savings account regarding—

24 “(A) whether the amount of the dollar lim-
25 itation under section 801(d)(1)(A) is sufficient;

1 “(B) whether the limitation on the con-
2 tribution rate under section 801(d)(2)(A) is ap-
3 propriate; and

4 “(C) the extent to which plan sponsors
5 offer such accounts and participants participate
6 in such accounts and the resulting impact on
7 participant retirement savings, including the
8 impact on retirement savings leakage and the
9 effect of such accounts on retirement plan par-
10 ticipation by low- and moderate-income house-
11 holds; and

12 “(2) not later than 7 years after the date of en-
13 actment of the SECURE 2.0 Act of 2022, submit to
14 Congress a report on the findings of the study under
15 paragraph (1).”.

16 (2) CLERICAL AMENDMENT.—The table of con-

9 Section 101 of such Act (29 U.S.C. 1021) is amend-

11 (A) by redesignating subsection (n) as sub-
12 section (o); and

13 (B) by inserting after subsection (m) the
14 following:

15 “(n) PENSION-LINKED EMERGENCY SAVINGS AC-
16 COUNTS.—Nothing in this section shall preclude the Sec-
17 retary from providing, by regulations or otherwise, sim-
18 plified reporting procedures or requirements regarding
19 such a pension-linked emergency savings account.”.

20 (d) FIDUCIARY DUTY.—Section 404(c) of the Em-

22 U.S.C. 1104(c)) is amended by adding at the end the fol-

7 (e) TAX TREATMENT OF PENSION-LINKED EMER-

9 (1) IN GENERAL.—Section 402A is amended by
10 redesignating subsection (e) as subsection (f) and by
11 inserting after subsection (d) the following new sub-
12 section:

13 “(e) PENSION-LINKED EMERGENCY SAVINGS AC-
14 COUNTS.—

15 “(1) IN GENERAL.—An applicable retirement
16 plan—

17 “(A) may—

18 “(i) include a pension-linked emer-
19 gency savings account established pursuant
20 to section 801 of the Employee Retirement
21 Income Security Act of 1974, which, ex-
22 cept as otherwise provided in this sub-
23 section, shall be treated for purposes of
24 this title as a designated Roth account,
25 and

2185

1 “(ii) either—

2 “(I) offer to enroll an eligible
3 participant in such pension-linked
4 emergency savings account, or

5 “(II) automatically enroll an eli-
6 gible participant in such account pur-

9 (4), and

10 “(B) shall—

11 “(i) separately account for contribu-
12 tions to such account and any earnings
13 properly allocable to the contributions,

18 “(2) ELIGIBLE PARTICIPANT.—

19 “(A) IN GENERAL.—For purposes of this
20 subsection, the term ‘eligible participant’, with
21 regard to a defined contribution plan, means an
22 individual, without regard to whether the indi-
23 vidual is otherwise a participant in such plan,
24 who—

2186

1 “(i) meets any age, service, and other
2 eligibility requirements of the plan, and

3 “(ii) is not a highly compensated em-

5 “(B) ELIGIBLE PARTICIPANT WHO BE-

7 Notwithstanding subparagraph (A)(ii), an indi-
8 vidual on whose behalf a pension-linked emer-
9 gency savings account is established who there-
10 after becomes a highly compensated employee
11 (as so defined) may not make further contribu-
12 tions to such account, but retains the right to
13 withdraw any account balance of such account
14 in accordance with paragraphs (7) and (8).

15 “(3) CONTRIBUTION LIMITATION.—

16 “(A) IN GENERAL.—Subject to subpara-
17 graph (B), no contribution shall be accepted to
18 a pension-linked emergency savings account to
19 the extent such contribution would cause the
20 portion of the account balance attributable to
21 participant contributions to exceed the lesser
22 of—

23 “(i) \$2,500; or

2187

1 “(ii) an amount determined by the
2 plan sponsor of the pension-linked emer-
3 gency savings account.

4 In the case of contributions made in taxable
5 years beginning after December 31, 2024, the
6 Secretary shall adjust the amount under clause
7 (i) at the same time and in the same manner
8 as the adjustment made under section 415(d),
9 except that the base period shall be the cal-
10 endar quarter beginning July 1, 2023. Any in-
11 crease under the preceding sentence which is
12 not a multiple of \$100 shall be rounded to the
13 next lowest multiple of \$100.

14 “(B) EXCESS CONTRIBUTIONS.—To the
15 extent any contribution to the pension-linked
16 emergency savings account of a participant for
17 a taxable year would exceed the limitation of
18 subparagraph (A)—

19 “(i) in the case of an eligible partici-
20 pant with another designated Roth account
21 under the defined contribution plan, the
22 plan may provide that—

23 “(I) the participant may elect to
24 increase the participant’s contribution
25 to such other account, and

2188

1 “(II) in the absence of such a
2 participant election, the participant is
3 deemed to have elected to increase the
4 participant’s contributions to such ac-
5 count at the rate at which contribu-
6 tions were being made to the pension-
7 linked emergency savings account, and
8 “(ii) in any other case, such plan shall
9 provide that such excess contributions will
10 not be accepted.

11 “(4) AUTOMATIC CONTRIBUTION ARRANGE-
12 MENT.—For purposes of this section—

13 “(A) IN GENERAL.—An automatic con-

17 have the plan sponsor make elective contribu-
18 tions to a pension-linked emergency savings ac-
19 count at a participant contribution rate that is
20 not more than 3 percent of the compensation of
21 the eligible participant, unless the eligible par-
22 ticipant, at any time (subject to such reasonable
23 advance notice as is required by the plan ad-
24 ministrator), affirmatively elects to—

1 “(i) make contributions at a different
2 rate, or

3 “(ii) opt out of such contributions.

4 “(B) PARTICIPANT CONTRIBUTION
5 RATE.—For purposes of an automatic contribu-
6 tion arrangement described in subparagraph
7 (A), the plan sponsor—

8 “(i) shall select a participant contribu-
9 tion rate under such automatic contribu-
10 tion arrangement which meets the require-
11 ments of subparagraph (A), and

12 “(ii) may amend such rate (prior to
13 the plan year for which such amendment
14 would take effect) not more than once an-
15 nually.

16 “(5) DISCLOSURE BY PLAN SPONSOR.—

17 “(A) IN GENERAL.—With respect to a de-
18 fined contribution plan which includes a pen-
19 sion-linked emergency savings account, the ad-

21 days and not more than 90 days prior to the
22 date of the first contribution to the pension-
23 linked emergency savings account, including
24 any contribution under an automatic contribu-

16 “(iv) procedures for electing to make
17 contributions or opting out of the pension-
18 linked emergency savings account, chang-
19 ing participant contribution rates for such
20 account, and making participant with-

22 gency savings account, including any limits
23 on frequency;

24 “(v) the amount of the intended con-
25 tribution or the change in the percentage

1 of the compensation of the participant of
2 such contribution, if applicable;

3 “(vi) the amount in the pension-linked
4 emergency savings account and the amount
5 or percentage of compensation that a par-

7 “(vii) the designated investment op-

9 Employee Retirement Income Security Act
10 of 1974 for amounts contributed to the
11 pension-linked emergency savings account;

12 “(viii) the options under section
13 801(e) of such Act for the account balance
14 of the pension-linked emergency savings
15 account after termination of the employ-
16 ment of the participant; and

17 “(ix) the ability of a participant who
18 becomes a highly compensated employee
19 (as such term is defined in section 414(q))
20 to, as described in section 801(b)(2) of the
21 Employee Retirement Income Security Act
22 of 1974, withdraw any account balance
23 from a pension-linked emergency savings

2 savings account.

3 “(B) NOTICE REQUIREMENTS.—A notice
4 furnished to a participant under subparagraph
5 (A) shall be—

23 “(6) EMPLOYER MATCHING CONTRIBUTIONS TO
24 A DEFINED CONTRIBUTION PLAN FOR EMPLOYEE

1 CONTRIBUTIONS TO A PENSION-LINKED EMERGENCY
2 SAVINGS ACCOUNT.—

3 “(A) IN GENERAL.—If an employer makes
4 any matching contributions to a defined con-
5 tribution plan of which a pension-linked emer-
6 gency savings account is part, subject to the
7 limitations of paragraph (3), the employer shall
8 make matching contributions on behalf of an el-

9 at the same time and in the same manner as
10 the limits are adjusted under section 415(d) of
11 the Internal Revenue Code of 1986, except that
12 the base period shall be the calendar quarter

10 subsections (b) and (c) of this section.

11 (b) DESIGNATE CERTAIN AUTHORIZED PARTICI-

13 The Secretary of the Treasury (or the Secretary’s dele-
14 gate) shall amend Treas. Reg. section 1.817–5(f)(3) to
15 provide that satisfaction of the requirements in Treas.
16 Reg. section 1.817–5(f)(2)(i) with respect to an exchange-

18 interests in such a fund being held by 1 or more author-
19 ized participants or market makers.

20 (c) DEFINE RELEVANT TERMS.—In amending Treas.
21 Reg. section 1.817–5(f)(3) in accordance with subsection

10 (C) the shares of which are traded
11 throughout the day on a national stock ex-

15 (2) AUTHORIZED PARTICIPANT.—The term
16 “authorized participant” means a financial institu-

21 pursuant to which the financial institution is per-
22 mitted to purchase and redeem shares directly from
23 the fund and to sell such shares to third parties, but
24 only if the contractual arrangement or applicable law
25 precludes the financial institution from—

2210

1 (A) purchasing the shares for its own in-
2 vestment purposes rather than for the exclusive
3 purpose of creating and redeeming such shares
4 on behalf of third parties; and

5 Secretary’s delegate) shall amend the regulations under
6 section 401(a)(9) of the Internal Revenue Code of 1986
7 to provide that if an employee’s benefit is in the form of
8 an individual account under a defined contribution plan,
9 the plan may allow the employee to elect to have the
10 amount required to be distributed from such account
11 under such section for a year to be calculated as the excess
12 of the total required amount for such year over the annu-
13 ity amount for such year.

14 (b) DEFINITIONS.—For purposes of this section—

15 (1) TOTAL REQUIRED AMOUNT.—The term
16 “total required amount”, with respect to a year,
17 means the amount which would be required to be
18 distributed under Treas. Reg. section 1.401(a)(9)–5
19 (or any successor regulation) for the year, deter-
20 mined by treating the account balance as of the last
21 valuation date in the immediately preceding calendar
22 year as including the value on that date of all annu-
23 ity contracts which were purchased with a portion of
24 the account and from which payments are made in
25 accordance with Treas. Reg. section 1.401(a)(9)–6.

2212

1 (2) ANNUITY AMOUNT.—The term “annuity
2 amount”, with respect to a year, is the total amount
3 distributed in the year from all annuity contracts de-
4 scribed in paragraph (1).

5 (c) CONFORMING REGULATORY AMENDMENTS.—The
6 Secretary of the Treasury (or the Secretary’s delegate)
7 shall amend the regulations under sections 403(b)(10),
8 408(a)(6), 408(b)(3), and 457(d)(2) of the Internal Rev-
9 enue Code of 1986 to conform to the amendments de-
10 scribed in subsection (a). Such conforming amendments
11 shall treat all individual retirement plans (as defined in
12 section 7701(a)(37) of such Code) which an individual
13 holds as the owner, or which an individual holds as a bene-
14 ficiary of the same decedent, as one such plan for purposes
15 of the amendments described in subsection (a). Such con-
16 forming amendments shall also treat all contracts de-
17 scribed in section 403(b) of such Code which an individual
18 holds as an employee, or which an individual holds as a
19 beneficiary of the same decedent, as one such contract for
20 such purposes.

21 (d) EFFECTIVE DATE.—The modifications and
22 amendments required under subsections (a) and (c) shall
23 be deemed to have been made as of the date of the enact-
24 ment of this Act, and as of such date—

1 (1) all applicable laws shall be applied in all re-
2 spects as though the actions which the Secretary of
3 the Treasury (or the Secretary’s delegate) is re-
4 quired to take under such subsections had been
5 taken, and

6 (2) until such time as such actions are taken,
7 taxpayers may rely upon their reasonable good faith

9 **TITLE III—SIMPLIFICATION AND**
10 **CLARIFICATION OF RETIRE-**
11 **MENT PLAN RULES**

12 **SEC. 301. RECOVERY OF RETIREMENT PLAN OVERPAY-**
13 **MENTS.**

14 (a) OVERPAYMENTS UNDER ERISA.—Section 206 of
15 the Employee Retirement Income Security Act of 1974
16 (29 U.S.C. 1056) is amended by adding at the end the
17 following new subsection:

18 “(h) SPECIAL RULES APPLICABLE TO BENEFIT
19 OVERPAYMENTS.—

20 “(1) GENERAL RULE.—In the case of an inad-
21 vertent benefit overpayment by any pension plan, the
22 responsible plan fiduciary shall not be considered to
23 have failed to comply with the requirements of this
24 title merely because such fiduciary determines, in

1 the exercise of its discretion, not to seek recovery of
2 all or part of such overpayment from—

3 “(A) any participant or beneficiary,

4 “(B) any plan sponsor of, or contributing
5 employer to—

6 “(i) an individual account plan, pro-
7 vided that the amount needed to prevent or
8 restore any impermissible forfeiture from
9 any participant’s or beneficiary’s account
10 arising in connection with the overpayment
11 is, separately from and independently of
12 the overpayment, allocated to such account
13 pursuant to the nonforfeitability require-
14 ments of section 203 (for example, out of
15 the plan’s forfeiture account, additional
16 employer contributions, or recoveries from
17 those responsible for the overpayment), or

18 “(ii) a defined benefit pension plan
19 subject to the funding rules in part 3 of
20 this subtitle B, unless the responsible plan
21 fiduciary determines, in the exercise of its
22 fiduciary discretion, that failure to recover
23 all or part of the overpayment faster than
24 required under such funding rules would
25 materially affect the plan’s ability to pay

2215

1 benefits due to other participants and
2 beneficiaries, or

3 “(C) any fiduciary of the plan, other than
4 a fiduciary (including a plan sponsor or contrib-
5 uting employer acting in a fiduciary capacity)
6 whose breach of its fiduciary duties resulted in
7 such overpayment, provided that if the plan has
8 established prudent procedures to prevent and
9 minimize overpayment of benefits and the rel-
10 evant plan fiduciaries have followed such proce-
11 dures, an inadvertent benefit overpayment will
12 not give rise to a breach of fiduciary duty.

13 “(2) REDUCTION IN FUTURE BENEFIT PAY-
14 MENTS AND RECOVERY FROM RESPONSIBLE
15 PARTY.—Paragraph (1) shall not fail to apply with
16 respect to any inadvertent benefit overpayment
17 merely because, after discovering such overpayment,
18 the responsible plan fiduciary—

19 “(A) reduces future benefit payments to
20 the correct amount provided for under the
21 terms of the plan, or

22 “(B) seeks recovery from the person or
23 persons responsible for the overpayment.

24 “(3) EMPLOYER FUNDING OBLIGATIONS.—
25 Nothing in this subsection shall relieve an employer

1 of any obligation imposed on it to make contribu-
2 tions to a plan to meet the minimum funding stand-
3 ards under part 3 of this subtitle B or to prevent
4 or restore an impermissible forfeiture in accordance
5 with section 203.

6 “(4) RECOUPMENT FROM PARTICIPANTS AND
7 BENEFICIARIES.—If the responsible plan fiduciary,
8 in the exercise of its fiduciary discretion, decides to
9 seek recoupment from a participant or beneficiary of
10 all or part of an inadvertent benefit overpayment
11 made by the plan to such participant or beneficiary,
12 it may do so, subject to the following conditions:

13 “(A) No interest or other additional
14 amounts (such as collection costs or fees) are
15 sought on overpaid amounts for any period.

16 “(B) If the plan seeks to recoup past over-
17 payments of a non-decreasing annuity by reduc-
18 ing future benefit payments—

19 “(i) the reduction ceases after the
20 plan has recovered the full dollar amount
21 of the overpayment,

22 “(ii) the amount recouped each cal-
23 endar year does not exceed 10 percent of
24 the full dollar amount of the overpayment,
25 and

2217

1 “(iii) future benefit payments are not
2 reduced to below 90 percent of the periodic
3 amount otherwise payable under the terms
4 of the plan.

5 Alternatively, if the plan seeks to recoup past
6 overpayments of a non-decreasing annuity
7 through one or more installment payments, the
8 sum of such installment payments in any cal-
9 endar year does not exceed the sum of the re-
10 ductions that would be permitted in such year
11 under the preceding sentence.

12 “(C) If the plan seeks to recoup past over-
13 payments of a benefit other than a non-decreas-
14 ing annuity, the plan satisfies requirements de-
15 veloped by the Secretary of Labor for purposes
16 of this subparagraph.

17 “(D) Efforts to recoup overpayments are—

18 “(i) not accompanied by threats of
19 litigation, unless the responsible plan fidu-
20 ciary makes a determination that there is
21 a reasonable likelihood of success to re-
22 cover an amount greater than the cost of
23 recovery, and

24 “(ii) not made through a collection
25 agency or similar third party, unless the

1 participant or beneficiary ignores or rejects
2 efforts to recoup the overpayment following
3 either a final judgment in Federal or State
4 court or a settlement between the partici-
5 pant or beneficiary and the plan, in either
6 case authorizing such recoupment.

7 “(E) Recoupment of past overpayments to
8 a participant is not sought from any beneficiary
9 of the participant, including a spouse, surviving
10 spouse, former spouse, or other beneficiary.

11 “(F) Recoupment may not be sought if the
12 first overpayment occurred more than 3 years
13 before the participant or beneficiary is first no-
14 tified in writing of the error, except in the case
15 of fraud or misrepresentation by the partici-
16 pant.

17 “(G) A participant or beneficiary from
18 whom recoupment is sought is entitled to con-
19 test all or part of the recoupment pursuant to
20 the claims procedures of the plan that made the
21 overpayment to the extent such procedures are
22 consistent with section 503 of this title and in
23 the case of an inadvertent benefit overpayment
24 from a plan to which paragraph (1) applies that
25 is transferred to an eligible retirement plan (as

1 defined in section 402(c)(8)(B) of the Internal
2 Revenue Code of 1986) by or on behalf of a
3 participant or beneficiary—

4 “(i) such plan shall notify the plan re-
5 ceiving the rollover of such dispute,

6 “(ii) the plan receiving the rollover
7 shall retain such overpayment on behalf of
8 the participant or beneficiary (and shall be
9 entitled to treat such overpayment as plan
10 assets) pending the outcome of such proce-
11 dures, and

12 “(iii) the portion of such overpayment
13 with respect to which recoupment is sought
14 on behalf of the plan shall be permitted to
15 be returned to such plan if it is determined
16 to be an overpayment (and the plans mak-
17 ing and receiving such transfer shall be
18 treated as permitting such transfer).

19 “(H) In determining the amount of
20 recoupment to seek, the responsible plan fidu-
21 ciary may take into account the hardship that
22 recoupment likely would impose on the partici-
23 pant or beneficiary.

24 “(5) EFFECT OF CULPABILITY.—Subpara-
25 graphs (A) through (F) of paragraph (4) shall not

1 apply to protect a participant or beneficiary who is
2 culpable. For purposes of this paragraph, a partici-
3 pant or beneficiary is culpable if the individual bears
4 responsibility for the overpayment (such as through
5 misrepresentations or omissions that led to the over-
6 payment), or if the individual knew that the benefit
7 payment or payments were materially in excess of
8 the correct amount. Notwithstanding the preceding
9 sentence, an individual is not culpable merely be-
10 cause the individual believed the benefit payment or
11 payments were or might be in excess of the correct
12 amount, if the individual raised that question with
13 an authorized plan representative and was told the
14 payment or payments were not in excess of the cor-
15 rect amount.”.

16 (b) OVERPAYMENTS UNDER INTERNAL REVENUE
17 CODE OF 1986.—

18 (1) QUALIFICATION REQUIREMENTS.—Section
19 414 is amended by adding at the end the following
20 new subsection:

21 “(aa) SPECIAL RULES APPLICABLE TO BENEFIT
22 OVERPAYMENTS.—

23 “(1) IN GENERAL.—A plan shall not fail to be
24 treated as described in clause (i), (ii), (iii), or (iv)
25 of section 219(g)(5)(A) (and shall not fail to be

2221

1 treated as satisfying the requirements of section
2 401(a) or 403) merely because—

3 “(A) the plan fails to obtain payment from
4 any participant, beneficiary, employer, plan
5 sponsor, fiduciary, or other party on account of
6 any inadvertent benefit overpayment made by
7 the plan, or

8 “(B) the plan sponsor amends the plan to
9 increase past, or decrease future, benefit pay-
10 ments to affected participants and beneficiaries
11 in order to adjust for prior inadvertent benefit
12 overpayments.

13 “(2) REDUCTION IN FUTURE BENEFIT PAY-
14 MENTS AND RECOVERY FROM RESPONSIBLE
15 PARTY.—Paragraph (1) shall not fail to apply to a
16 plan merely because, after discovering a benefit over-
17 payment, such plan—

18 “(A) reduces future benefit payments to
19 the correct amount provided for under the
20 terms of the plan, or

21 “(B) seeks recovery from the person or
22 persons responsible for such overpayment.

23 “(3) EMPLOYER FUNDING OBLIGATIONS.—
24 Nothing in this subsection shall relieve an employer
25 of any obligation imposed on it to make contribu-

1 tions to a plan to meet the minimum funding stand-
2 ards under sections 412 and 430 or to prevent or re-
3 store an impermissible forfeiture in accordance with
4 section 411.

5 “(4) OBSERVANCE OF BENEFIT LIMITATIONS.—
6 Notwithstanding paragraph (1), a plan to which
7 paragraph (1) applies shall observe any limitations
8 imposed on it by section 401(a)(17) or 415. The
9 plan may enforce such limitations using any method
10 approved by the Secretary for recouping benefits
11 previously paid or allocations previously made in ex-
12 cess of such limitations.

13 “(5) COORDINATION WITH OTHER QUALIFICA-
14 TION REQUIREMENTS.—The Secretary may issue
15 regulations or other guidance of general applicability
16 specifying how benefit overpayments and their
17 recoupment or non-recoupment from a participant or
18 beneficiary shall be taken into account for purposes
19 of satisfying any requirement applicable to a plan to
20 which paragraph (1) applies.”

21 (2) ROLLOVERS.—Section 402(c) is amended
22 by adding at the end the following new paragraph:

23 “(12) In the case of an inadvertent benefit
24 overpayment from a plan to which section
25 414(aa)(1) applies that is transferred to an eligible

1 retirement plan by or on behalf of a participant or
2 beneficiary—

3 “(A) the portion of such overpayment with
4 respect to which recoupment is not sought on
5 behalf of the plan shall be treated as having
6 been paid in an eligible rollover distribution if
7 the payment would have been an eligible roll-
8 over distribution but for being an overpayment,
9 and

10 “(B) the portion of such overpayment with
11 respect to which recoupment is sought on behalf
12 of the plan shall be permitted to be returned to
13 such plan and in such case shall be treated as
14 an eligible rollover distribution transferred to
15 such plan by the participant or beneficiary who
16 received such overpayment (and the plans mak-
17 ing and receiving such transfer shall be treated
18 as permitting such transfer).”.

19 (c) EFFECTIVE DATE.—The amendments made by
20 this section shall apply as of the date of the enactment
21 of this Act.

22 (d) CERTAIN ACTIONS BEFORE DATE OF ENACT-
23 MENT.—Plans, fiduciaries, employers, and plan sponsors
24 are entitled to rely on—

1 (1) a reasonable good faith interpretation of
2 then existing administrative guidance for inadvertent
3 benefit overpayment recoupments and recoveries
4 that commenced before the date of enactment of this
5 Act, and

6 (2) determinations made before the date of en-
7 actment of this Act by the responsible plan fidu-
8 ciary, in the exercise of its fiduciary discretion, not
9 to seek recoupment or recovery of all or part of an
10 inadvertent benefit overpayment.

11 In the case of a benefit overpayment that occurred prior
12 to the date of enactment of this Act, any installment pay-
13 ments by the participant or beneficiary to the plan or any
14 reduction in periodic benefit payments to the participant
15 or beneficiary, which were made in recoupment of such
16 overpayment and which commenced prior to such date,
17 may continue after such date. Nothing in this subsection
18 shall relieve a fiduciary from responsibility for an overpay-
19 ment that resulted from a breach of its fiduciary duties.

20 **SEC. 302. REDUCTION IN EXCISE TAX ON CERTAIN ACCU-**
21 **MULATIONS IN QUALIFIED RETIREMENT**
22 **PLANS.**

23 (a) IN GENERAL.—Section 4974(a) is amended by
24 striking “50 percent” and inserting “25 percent”.

3 4974 is amended by adding at the end the following new
4 subsection:

5 “(e) REDUCTION OF TAX IN CERTAIN CASES.—

6 “(1) REDUCTION.—In the case of a taxpayer
7 who—

8 “(A) receives a distribution, during the
9 correction window, of the amount which re-
10 sulted in imposition of a tax under subsection
11 (a) from the same plan to which such tax re-
12 lates, and

13 “(B) submits a return, during the correc-
14 tion window, reflecting such tax (as modified by
15 this subsection),

16 the first sentence of subsection (a) shall be applied
17 by substituting ‘10 percent’ for ‘25 percent’.

18 “(2) CORRECTION WINDOW.—For purposes of
19 this subsection, the term ‘correction window’ means
20 the period of time beginning on the date on which
21 the tax under subsection (a) is imposed with respect
22 to a shortfall of distributions from a plan described
23 in subsection (a), and ending on the earliest of—

2226

1 “(A) the date of mailing a notice of defi-
2 ciency with respect to the tax imposed by sub-
3 section (a) under section 6212,

4 “(B) the date on which the tax imposed by
5 subsection (a) is assessed, or

6 “(C) the last day of the second taxable
7 year that begins after the end of the taxable

5 the administrator of any plan described in para-
6 graph (2) with respect to which the individual
7 is or was a participant or beneficiary, and pro-
8 vide contact information for the administrator
9 of any such plan;

10 “(B) allow the Secretary to assist such an
11 individual in locating any such plan of the indi-
12 vidual; and

13 “(C) allow the Secretary to make any nec-

15 for the administrator based on any changes to
16 the plan due to merger or consolidation of the
17 plan with any other plan, division of the plan
18 into two or more plans, bankruptcy, termi-

8 sufficient to allow the individual to locate the individual’s
9 plan in order to make a claim for benefits owing to the
10 individual under the plan.

11 “(c) SAFEGUARDING PARTICIPANT PRIVACY AND SE-
12 CURITY.—In establishing the Retirement Savings Lost
13 and Found under subsection (a), the Secretary, in con-
14 sultation with the Secretary of the Treasury, shall take
15 all necessary and proper precautions to—

16 “(1) ensure that individuals’ plan and personal
17 information maintained by the Retirement Savings
18 Lost and Found is protected; and

7 the Internal Revenue Code of 1986, regulations, or other
8 guidance of general applicability prescribed by the Sec-
9 retary of the Treasury or the Secretary’s delegate (re-
10 ferred to in this section as the “Secretary”), any eligible
11 inadvertent failure to comply with the rules applicable
12 under section 401(a), 403(a), 403(b), 408(p), or 408(k)
13 of such Code may be self-corrected under the Employee
14 Plans Compliance Resolution System (as described in Rev-
15 enue Procedure 2021–30, or any successor guidance, and
16 hereafter in this section referred to as the “EPCRS”), ex-
17 cept to the extent that (1) such failure was identified by
18 the Secretary prior to any actions which demonstrate a
19 specific commitment to implement a self-correction with
20 respect to such failure, or (2) the self-correction is not
21 completed within a reasonable period after such failure is
22 identified. For purposes of self-correction of an eligible in-
23 advertent failure, the correction period under section 9.02
24 of Revenue Procedure 2021–30 (or any successor guid-
25 ance), except as otherwise provided under such Code, reg-

1 ulations, or other guidance of general applicability pre-
2 scribed by the Secretary, is indefinite and has no last day,
3 other than with respect to failures identified by the Sec-
4 retary prior to any actions which demonstrate a specific
5 commitment to implement a self-correction with respect
6 to such failure or with respect to a self-correction that is
7 not completed within a reasonable period, as described in
8 the preceding sentence.

9 (b) LOAN ERRORS.—In the case of an eligible inad-
10 vertent failure relating to a loan from a plan to a partici-

12 (1) such failure may be self-corrected under
13 subsection (a) according to the rules of section 6.07
14 of Revenue Procedure 2021–30 (or any successor
15 guidance), including the provisions related to wheth-
16 er a deemed distribution must be reported on Form
17 1099–R,

18 (2) the Secretary of Labor shall treat any such
19 failure which is so self-corrected under subsection
20 (a) as meeting the requirements of the Voluntary Fi-
21 duciary Correction Program of the Department of
22 Labor if, with respect to the violation of the fidu-
23 ciary standards of the Employee Retirement Income
24 Security Act of 1974, there is a similar loan error

1 eligible for correction under EPCRS and the loan
2 error is corrected in such manner, and

3 (3) the Secretary of Labor may impose report-
4 ing or other procedural requirements with respect to
5 parties that intend to rely on the Voluntary Fidu-
6 ciary Correction Program for self-corrections de-
7 scribed in paragraph (2).

8 (c) EPCRS FOR IRAS.—The Secretary shall expand
9 the EPCRS to allow custodians of individual retirement
10 plans (as defined in section 7701(a)(37) of the Internal
11 Revenue Code of 1986) to address eligible inadvertent fail-
12 ures with respect to an individual retirement plan (as so
13 defined), including (but not limited to)—

14 (1) waivers of the excise tax which would other-
15 wise apply under section 4974 of the Internal Rev-
16 enue Code of 1986, and

17 (2) rules permitting a nonspouse beneficiary to
18 return distributions to an inherited individual retire-
19 ment plan described in section 408(d)(3)(C) of the
20 Internal Revenue Code of 1986 in a case where, due
21 to an inadvertent error by a service provider, the
22 beneficiary had reason to believe that the distribu-
23 tion could be rolled over without inclusion in income
24 of any part of the distributed amount.

1 (d) CORRECTION METHODS FOR ELIGIBLE INAD-
2 VERTENT FAILURES.—The Secretary shall issue guidance
3 on correction methods that are required to be used to cor-
4 rect eligible inadvertent failures, including general prin-
5 ciples of correction if a specific correction method is not
6 specified by the Secretary.

7 (e) ELIGIBLE INADVERTENT FAILURE.—For pur-
8 poses of this section—

9 (1) IN GENERAL.—Except as provided in para-
10 graph (2), the term “eligible inadvertent failure”
11 means a failure that occurs despite the existence of
12 practices and procedures which—

13 (A) satisfy the standards set forth in sec-
14 tion 4.04 of Revenue Procedure 2021–30 (or
15 any successor guidance), or

16 (B) satisfy similar standards in the case of
17 an individual retirement plan.

18 (2) EXCEPTION.—The term “eligible inad-
19 vertent failure” shall not include any failure which
20 is egregious, relates to the diversion or misuse of
21 plan assets, or is directly or indirectly related to an
22 abusive tax avoidance transaction.

23 (f) APPLICATION OF CERTAIN REQUIREMENTS FOR
24 CORRECTING ERRORS.—This section shall not apply to
25 any failure unless the correction of such failure under this

1 section is made in conformity with the general principles
2 that apply to corrections of such failures under the Inter-
3 nal Revenue Code of 1986, including regulations or other
4 guidance issued thereunder and including those principles
5 and corrections set forth in Revenue Procedure 2021–30
6 (or any successor guidance).

7 (g) ISSUANCE OF GUIDANCE.—The Secretary of the
8 Treasury, or the Secretary’s delegate, shall revise Revenue
9 Procedure 2021–30 (or any successor guidance) to take
10 into account the provisions of this section not later than
11 the date which is 2 years after the date of enactment of
12 this Act.

13 **SEC. 306. ELIMINATE THE “FIRST DAY OF THE MONTH” RE-**
14 **QUIREMENT FOR GOVERNMENTAL SECTION**
15 **457(b) PLANS.**

16 (a) IN GENERAL.—Section 457(b)(4) is amended to
17 read as follows:

18 “(4) which provides that compensation—

19 “(A) in the case of an eligible employer de-
20 scribed in subsection (e)(1)(A), will be deferred
21 only if an agreement providing for such deferral
22 has been entered into before the compensation
23 is currently available to the individual, and

24 “(B) in any other case, will be deferred for
25 any calendar month only if an agreement pro-

1 viding for such deferral has been entered into
2 before the beginning of such month.”.

3 (b) **EFFECTIVE DATE.**—The amendment made by
4 this section shall apply to taxable years beginning after
5 the date of the enactment of this Act.

6 **SEC. 307. ONE-TIME ELECTION FOR QUALIFIED CHARITABLE**
7 **TABLE DISTRIBUTION TO SPLIT-INTEREST**
8 **ENTITY; INCREASE IN QUALIFIED CHARITABLE**
9 **TABLE DISTRIBUTION LIMITATION.**

10 (a) **ONE-TIME ELECTION FOR QUALIFIED CHARITABLE**
11 **TABLE DISTRIBUTION TO SPLIT-INTEREST ENTITY.**—Sec-
12 tion 408(d)(8) is amended by adding at the end the fol-
13 lowing new subparagraph:

14 “(F) **ONE-TIME ELECTION FOR QUALIFIED**
15 **CHARITABLE DISTRIBUTION TO SPLIT-INTEREST**
16 **ENTITY.**—

17 “(i) **IN GENERAL.**—A taxpayer may
18 for a taxable year elect under this subpara-
19 graph to treat as meeting the requirement
20 of subparagraph (B)(i) any distribution
21 from an individual retirement account
22 which is made directly by the trustee to a
23 split-interest entity, but only if—

2238

1 “(I) an election is not in effect
2 under this subparagraph for a pre-
3 ceding taxable year,

4 “(II) the aggregate amount of
5 distributions of the taxpayer with re-
6 spect to which an election under this
7 subparagraph is made does not exceed
8 \$50,000, and

9 “(III) such distribution meets the
10 requirements of clauses (iii) and (iv).

11 “(ii) SPLIT-INTEREST ENTITY.—For
12 purposes of this subparagraph, the term
13 ‘split-interest entity’ means—

14 “(I) a charitable remainder annu-
15 ity trust (as defined in section
16 664(d)(1)), but only if such trust is
17 funded exclusively by qualified chari-
18 table distributions,

19 “(II) a charitable remainder
20 unitrust (as defined in section
21 664(d)(2)), but only if such unitrust
22 is funded exclusively by qualified char-

24 “(III) a charitable gift annuity
25 (as defined in section 501(m)(5)), but

2239

1 only if such annuity is funded exclu-

19 **CER.**

20 (a) **FINDINGS.**—Congress makes the following find-
21 ings:

22 (1) Prostate cancer is the number one cancer
23 diagnosed in the Veterans Health Administration.

24 (2) A 1996 report published by the National
25 Academy of Sciences, Engineering, and Medicine es-

1 established a link between prostate cancer and expo-
2 sure to herbicides, such as Agent Orange.

3 (3) It is essential to acknowledge that due to
4 these circumstances, certain veterans are made
5 aware that they are high-risk individuals when it
6 comes to the potential to develop prostate cancer.

7 (4) In being designated as “high risk”, it is es-
8 sential that veterans are proactive in seeking earlier
9 preventative clinical services for the early detection
10 and successful treatment of prostate cancer, whether
11 that be through the Veterans Health Administration
12 or through a community provider.

13 (5) Clinical preventative services and initial de-
14 tection are some of the most important components
15 in the early detection of prostate cancer for veterans
16 at high risk of prostate cancer.

17 (6) For veterans with prostate cancer, including
18 prostate cancer that has metastasized, precision on-
19 cology, including biomarker-driven clinical trials and
20 innovations underway through the Prostate Cancer
21 Foundation and Department of Veterans Affairs
22 partnership, represents one of the most promising
23 areas of interventions, treatments, and cures for
24 such veterans and their families.

20 respective roles of each office of the Depart-
21 ment that will interact with veterans receiving
22 prostate cancer care, including treatment pro-
23 tocol recommendations for veterans with evi-
24 dence-based risk factors.

2412

1 (C) Treatment recommendations for all
2 stages of prostate cancer that reflect nationally
3 recognized standards for oncology, including
4 National Comprehensive Cancer Network guide-
5 lines.

6 (D) A suggested protocol timeframe for
7 each point of care, from early screening to
8 treatment and end-of-life care, based on sever-
9 ity and stage of cancer.

10 (E) A plan that includes, as appropriate,
11 both Department medical facilities and commu-

1 **Subtitle D—Improvement of Rural**
2 **Health and Telehealth**

3 **SEC. 151. ESTABLISHMENT OF STRATEGIC PLAN REQUIRE-**
4 **MENT FOR OFFICE OF CONNECTED CARE OF**
5 **DEPARTMENT OF VETERANS AFFAIRS.**

6 (a) FINDINGS.—Congress makes the following find-
7 ings:

8 (1) The COVID–19 pandemic caused the De-
9 partment of Veterans Affairs to exponentially in-
10 crease telehealth and virtual care modalities, includ-
11 ing VA Video Connect, to deliver health care services
12 to veteran patients.

13 (2) Between January 2020 and January 2021,
14 the number of telehealth appointments offered by
15 the Department increased by 1,831 percent.

16 (3) The Department maintains strategic part-
17 nerships, such as the Digital Divide Consult, with a
18 goal of ensuring veterans who reside in rural, highly
19 rural, or medically underserved areas have access to
20 high-quality telehealth services offered by the De-
21 partment.

22 (4) As of 2019, veterans who reside in rural
23 and highly rural areas make up approximately $\frac{1}{3}$
24 of veteran enrollees in the patient enrollment system,
25 and are on average, older than their veteran peers

1 in urban areas, experience higher degrees of finan-
2 cial instability, and live with a greater number of
3 complex health needs and comorbidities.

4 (5) The Federal Communications Commission
5 estimated in 2020 that 15 percent of veteran house-
6 holds do not have an internet connection.

7 (6) Under the Coronavirus Aid, Relief, and
8 Economic Security Act (Public Law 116–136), Con-
9 gress granted the Department additional authority
10 to enter into short-term agreements or contracts
11 with private sector telecommunications companies to
12 provide certain broadband services for the purposes
13 of providing expanded mental health services to iso-
14 lated veterans through telehealth or VA Video Con-
15 nect during a public health emergency.

16 (7) The authority described in paragraph (6)
17 was not utilized to the fullest extent by the Depart-
18 ment.

19 (8) Though the Department has made signifi-
20 cant progress in expanding telehealth services of-
21 fered to veterans who are enrolled in the patient en-
22 rollment system, significant gaps still exist to ensure
23 all veterans receive equal and high-quality access to
24 virtual care.

1 (9) Questions regarding the efficacy of using
2 telehealth for certain health care services and spe-
3 cialties remain, and should be further studied.

4 (10) The Department continues to expand tele-
5 health and virtual care offerings for primary care,
6 mental health care, specialty care, urgent care, and
7 even remote intensive care units.

8 (b) SENSE OF CONGRESS.—It is the sense of Con-
9 gress that the telehealth services offered by the Depart-
10 ment of Veterans Affairs should be routinely measured
11 and evaluated to ensure the telehealth technologies and
12 modalities delivered to veteran patients to treat a wide va-
13 riety of health conditions are as effective as in-person
14 treatment for primary care, mental health care, and other
15 forms of specialty care.

16 (c) DEVELOPMENT OF STRATEGIC PLAN.—

18 after the date of the enactment of this Act, the Sec-

17 tions program of the Department.

19 maintained by the Department to bolster tele-
20 health or virtual care services for veterans.

2462

1 hardware for veterans who are enrolled in the
2 patient enrollment system.

4 Department is working with other Federal
5 agencies, including the Department of Health

10 connectivity in rural, highly rural, and medi-
11 cally underserved areas to better reach all vet-
12 erans.

13 (H) The feasibility and advisability of
14 partnering with Federally qualified health cen-

11 **VETERANS IN THE REPUBLIC OF THE PHIL-**
12 **IPPINES.**

13 (a) FINDINGS.—Congress makes the following find-
14 ings:

15 (1) Although section 161 of the VA MISSION

17 expanded the program of comprehensive assistance
18 for family caregivers of the Department of Veterans
19 Affairs under section 1720G(a) of title 38, United
20 States Code, to veterans of all eras, it did not ex-
21 pand the program to family caregivers for veterans
22 overseas.

23 (2) Although caregivers for veterans overseas
24 can access online resources as part of the program

10 veterans who live in that country.

11 (4) Due to the presence of facilities of the De-
12 partment in the Republic of the Philippines and the
13 number of veterans who reside there, that country is
14 a suitable test case to analyze the feasibility and ad-
15 visability of expanding caregiver support to care-
16 givers of veterans overseas.

17 (b) ANALYSIS.—Not later than 180 days after the
18 date of the enactment of this Act, the Secretary of Vet-
19 erans Affairs shall complete an analysis of the feasibility
20 and advisability of making assistance and support under
21 section 1720G(a) of title 38, United States Code, available
22 to caregivers of veterans in the Republic of the Phil-
23 ippines.

24 (c) REPORT.—Not later than 180 days after the con-
25 clusion of the analysis conducted under subsection (b), the

1 Secretary shall submit to the Committee on Veterans' Af-
2 fairs of the Senate and the Committee on Veterans' Af-
3 fairs of the House of Representatives a report that in-
4 cludes the following:

5 (1) The results of such analysis.

7 who are enrolled in the patient enrollment system
8 and reside in the Republic of the Philippines.

9 (3) An assessment of the number of veterans
10 residing in the Republic of the Philippines with a
11 disability rating from the Department of not less
12 than 70 percent.

13 (4) An assessment of the number of veterans
14 who are enrolled in the patient enrollment system
15 and reside in the Republic of the Philippines that
16 have a caregiver to provide them personal care serv-
17 ices described in section 1720G(a)(C) of title 38,
18 United States Code.

19 (5) An assessment of the staffing needs and as-
20 sociated costs of making assistance and support
21 available to caregivers of veterans in the Republic of
22 the Philippines.

23 (6) An assessment of the infrastructure needs
24 and associated costs of making assistance and sup-

1 port available to caregivers of veterans in the Repub-
2 lic of the Philippines.

3 (7) An assessment of the local transportation
4 challenges to making assistance and support avail-
5 able to caregivers of veterans in the Republic of the
6 Philippines.

7 (8) An assessment of how the Secretary would
8 determine payment rates for caregivers of veterans
9 in the Republic of the Philippines to account for
10 variances in living standards in the Republic of the
11 Philippines.

12 (9) Such other elements as the Secretary con-
13 siders appropriate.

5 **SEC. 191. ANALYSIS OF FEASIBILITY AND ADVISABILITY OF** 6 **DEPARTMENT OF VETERANS AFFAIRS PRO-** 7 **VIDING EVIDENCE-BASED TREATMENTS FOR** 8 **THE DIAGNOSIS OF TREATMENT-RESISTANT** 9 **DEPRESSION.**

10 (a) FINDINGS.—Congress makes the following find-
11 ings:

12 (1) A systematic review in 2019 of the econom-
13 ics and quality of life relating to treatment-resistant
14 depression summarized that major depressive dis-
15 order (in this subsection referred to as “MDD”) is
16 a global public health concern and that treatment-
17 resistant depression in particular represents a key
18 unmet need. The findings of that review highlighted
19 the need for improved therapies for treatment-resist-
20 ant depression to reduce disease burden, lower med-
21 ical costs, and improve the quality of life of patients.

22 (2) The Clinical Practice Guideline for the
23 Management of MDD (in this subsection referred to
24 as the “CPG”) developed jointly by the Department
25 of Veterans Affairs and the Department of Defense

1 defines treatment-resistant depression as at least
2 two adequate treatment trials and lack of full re-
3 sponse to each.

4 (3) The CPG recommends electro-convulsive
5 therapy (in this subsection referred to as “ECT”) as
6 a treatment strategy for patients who have failed
7 multiple other treatment strategies.

8 (4) The CPG recommends offering repetitive
9 transcranial magnetic stimulation (in this subsection
10 referred to as “rTMS”), an intervention that is indi-
11 cated by the Food and Drug Administration, for
12 treatment during a major depressive episode in pa-
13 tients with treatment-resistant MDD.

14 (5) The final report of the Creating Options for
15 Veterans’ Expedited Recovery Commission (com-
16 monly referred to as the “COVER Commission”) es-
17 tablished under section 931 of the Jason Simcakoski
18 Memorial and Promise Act (title IX of Public Law
19 114–198; 38 U.S.C. 1701 note) found that treat-
20 ment-resistant depression is a major issue through-
21 out the mental health treatment system, and that an
22 estimated 50 percent of depressed patients are inad-
23 equately treated by available interventions.

24 (6) The COVER Commission also reported data
25 collected from the Department of Veterans Affairs

1 that found that only approximately 1,166 patients
2 throughout the Department were referred for ECT
3 in 2018 and only approximately 772 patients were
4 referred for rTMS during that year.

5 (b) ANALYSIS.—Not later than 180 days after the
6 date of the enactment of this Act, the Secretary of Vet-
7 erans Affairs shall complete an analysis of the feasibility
8 and advisability of making repetitive transcranial mag-
9 netic stimulation available at all medical facilities of the
10 Department of Veterans Affairs and electro-convulsive
11 therapy available at one medical center located within each
12 Veterans Integrated Service Network for the treatment of
13 veterans who are enrolled in the patient enrollment system
14 and have a diagnosis of treatment-resistant depression.

15 (c) INCLUSION OF ASSESSMENT OF REPORT.—The
16 analysis conducted under subsection (b) shall include an
17 assessment of the final report of the COVER Commission
18 submitted under section 931(e)(2) of the Jason
19 Simcakoski Memorial and Promise Act (title IX of Public
20 Law 114–198; 38 U.S.C. 1701 note).

21 (d) REPORT.—Not later than 180 days after the con-
22 clusion of the analysis conducted under subsection (b), the
23 Secretary shall submit to the Committee on Veterans' Af-
24 fairs of the Senate and the Committee on Veterans' Af-

1 fairs of the House of Representatives a report that in-
2 cludes the following:

3 (1) The results of such analysis.

4 (2) An assessment of the number of veterans
5 who are enrolled in the patient enrollment system
6 and who have a diagnosis of treatment-resistant de-
7 pression per Veterans Integrated Service Network
8 during the two-year period preceding the date of the
9 report.

10 (3) An assessment of the number of the vet-
11 erans who are enrolled in the patient enrollment sys-
12 tem who have a diagnosis of treatment-resistant de-
13 pression and who have received or are currently re-
14 ceiving repetitive transcranial magnetic stimulation
15 or electro-convulsive therapy as a treatment modality
16 during the two-year period preceding the date of the
17 report.

18 (4) An assessment of the number and locations
19 of medical centers of the Department that currently
20 provide repetitive transcranial magnetic stimulation
21 to veterans who are enrolled in the patient enroll-
22 ment system and who have a diagnosis of treatment-
23 resistant depression.

24 (5) An assessment of the number and locations
25 of medical centers of the Department that currently

1 provide electro-convulsive therapy to veterans who
2 are enrolled in the patient enrollment system and
3 who have a diagnosis of treatment-resistant depres-
4 sion.

5 (e) PATIENT ENROLLMENT SYSTEM DEFINED.—In
6 this section, the term “patient enrollment system” means
7 the system of annual patient enrollment of the Depart-
8 ment of Veterans Affairs established and operated under
9 section 1705(a) of title 38, United States Code.

25 Congress finds the following:

1 (1) Access to computers and computer tech-
2 nology is indispensable for success in the 21st cen-
3 tury. Millions of Americans do not regularly use a
4 computer and research shows that substantial dis-
5 parities remain in both internet use and the quality
6 of access, with the digital divide concentrated among
7 older, less educated, less affluent populations, espe-
8 cially veterans, low-income students, and senior citi-
9 zens.

10 (2) The COVID–19 pandemic has highlighted
11 the gap between those with computer access and
12 those without. Millions of students, their families,
13 and workers from across the economy were unable to
14 do schoolwork, work remotely from home, or connect
15 to loved ones and their communities because of the
16 digital divide.

17 (3) Any Federal program that distributes sur-
18 plus, repairable Federal computers or technology
19 equipment would benefit from a partnership with a
20 nonprofit organization whose mission is bridging the
21 digital divide.

2 **PLUS COMPUTERS AND TECHNOLOGY EQUIP-**
3 **MENT.**

16 “(i) the Federal agency that donated
17 the surplus computer or technology equip-

2721

1 tual or potential harm to the national security inter-
2 ests of the United States;

3 “(3) establishing an efficient process for identi-

2 **HUNT ACT OF 2022**

3 **SEC. 201. SHORT TITLE.**

4 This title may be cited as the “Masih Alinejad Har-
5 assessment and Unlawful Targeting Act of 2022” or the
6 “Masih Alinejad HUNT Act of 2022”.

7 **SEC. 202. FINDINGS.**

8 Congress finds that the Government of the Islamic
9 Republic of Iran surveils, harasses, terrorizes, tortures,
10 abducts, and murders individuals who peacefully defend
11 human rights and freedoms in Iran, and innocent entities
12 and individuals considered by the Government of Iran to
13 be enemies of that regime, including United States citizens
14 on United States soil, and takes foreign nationals hostage,
15 including in the following instances:

16 (1) In 2021, Iranian intelligence agents were
17 indicted for plotting to kidnap United States citizen,
18 women’s rights activist, and journalist Masih
19 Alinejad, from her home in New York City, in retal-
20 iation for exercising her rights under the First
21 Amendment to the Constitution of the United
22 States. Iranian agents allegedly spent at least ap-
23 proximately half a million dollars to capture the out-
24 spoken critic of the authoritarianism of the Govern-
25 ment of Iran, and studied evacuating her by mili-

1 tary-style speedboats to Venezuela before rendition
2 to Iran.

3 (2) Prior to the New York kidnapping plot, Ms.
4 Alinejad's family in Iran was instructed by authori-
5 ties to lure Ms. Alinejad to Turkey. In an attempt
6 to intimidate her into silence, the Government of
7 Iran arrested 3 of Ms. Alinejad's family members in
8 2019, and sentenced her brother to 8 years in prison
9 for refusing to denounce her.

10 (3) According to Federal prosecutors, the same
11 Iranian intelligence network that allegedly plotted to
12 kidnap Ms. Alinejad is also targeting critics of the
13 Government of Iran who live in Canada, the United
14 Kingdom, and the United Arab Emirates.

15 (4) In 2021, an Iranian diplomat was convicted
16 in Belgium of attempting to carry out a 2018 bomb-
17 ing of a dissident rally in France.

18 (5) In 2021, a Danish high court found a Nor-
19 wegian citizen of Iranian descent guilty of illegal es-
20 pionage and complicity in a failed plot to kill an Ira-
21 nian Arab dissident figure in Denmark.

22 (6) In 2021, the British Broadcasting Corpora-
23 tion (BBC) appealed to the United Nations to pro-
24 tect BBC Persian employees in London who suffer

1 regular harassment and threats of kidnapping by
2 Iranian government agents.

3 (7) In 2021, 15 militants allegedly working on
4 behalf of the Government of Iran were arrested in
5 Ethiopia for plotting to attack citizens of Israel, the
6 United States, and the United Arab Emirates, ac-
7 cording to United States officials.

8 (8) In 2020, Iranian agents allegedly kidnapped
9 United States resident and Iranian-German jour-
10 nalist Jamshid Sharmahd, while he was traveling to
11 India through Dubai. Iranian authorities announced
12 they had seized Mr. Sharmahd in “a complex oper-
13 ation”, and paraded him blindfolded on state tele-
14 vision. Mr. Sharmahd is arbitrarily detained in Iran,
15 allegedly facing the death penalty. In 2009, Mr.
16 Sharmahd was the target of an alleged Iran-directed
17 assassination plot in Glendora, California.

18 (9) In 2020, the Government of Turkey re-
19 leased counterterrorism files exposing how Iranian
20 authorities allegedly collaborated with drug gangs to
21 kidnap Habib Chabi, an Iranian-Swedish activist for
22 Iran’s Arab minority. In 2020, the Government of
23 Iran allegedly lured Mr. Chabi to Istanbul through
24 a female agent posing as a potential lover. Mr.
25 Chabi was then allegedly kidnapped from Istanbul,

1 and smuggled into Iran where he faces execution,
2 following a sham trial.

3 (10) In 2020, a United States-Iranian citizen
4 and an Iranian resident of California pleaded guilty
5 to charges of acting as illegal agents of the Govern-
6 ment of Iran by surveilling Jewish student facilities,
7 including the Hillel Center and Rohr Chabad Center
8 at the University of Chicago, in addition to
9 surveilling and collecting identifying information
10 about United States citizens and nationals who are
11 critical of the Iranian regime.

12 (11) In 2019, 2 Iranian intelligence officers at
13 the Iranian consulate in Turkey allegedly orches-
14 trated the assassination of Iranian dissident jour-
15 nalist Masoud Molavi Vardanjani, who was shot
16 while walking with a friend in Istanbul. Unbe-
17 knownst to Mr. Molavi, his “friend” was in fact an
18 undercover Iranian agent and the leader of the kill-
19 ing squad, according to a Turkish police report.

20 (12) In 2019, around 1,500 people were alleg-
21 edly killed amid a less than 2 week crackdown by se-
22 curity forces on anti-government protests across
23 Iran, including at least an alleged 23 children and
24 400 women.

1 (13) In 2019, Iranian operatives allegedly lured
2 Paris-based Iranian journalist Ruhollah Zam to
3 Iraq, where he was abducted, and hanged in Iran for
4 sedition.

5 (14) In 2019, a Kurdistan regional court con-
6 victed an Iranian female for trying to lure Voice of
7 America reporter Ali Javanmardi to a hotel room in
8 Irbil, as part of a foiled Iranian intelligence plot to
9 kidnap and extradite Mr. Javanmardi, a critic of the
10 Government of Iran.

11 (15) In 2019, Federal Bureau of Investigation
12 agents visited the rural Connecticut home of Iran-
13 born United States author and poet Roya Hakakian
14 to warn her that she was the target of an assassina-
15 tion plot orchestrated by the Government of Iran.

16 (16) In 2019, the Government of the Nether-
17 lands accused the Government of Iran of directing
18 the assassination of Iranian Arab activist Ahmad
19 Mola Nissi, in The Hague, and the assassination of
20 another opposition figure, Reza Kolahi Samadi, who
21 was murdered near Amsterdam in 2015.

22 (17) In 2018, German security forces searched
23 for 10 alleged spies who were working for Iran's al-
24 Quds Force to collect information on targets related

1 to the local Jewish community, including kinder-
2 gartens.

3 (18) In 2017, Germany convicted a Pakistani
4 man for working as an Iranian agent to spy on tar-
5 gets including a former German lawmaker and a
6 French-Israeli economics professor.

7 (19) In 2012, an Iranian American pleaded
8 guilty to conspiring with members of the Iranian
9 military to bomb a popular Washington, DC, res-
10 taurant with the aim of assassinating the ambas-
11 sador of Saudi Arabia to the United States.

12 (20) In 1996, agents of the Government of Iran
13 allegedly assassinated 5 Iranian dissident exiles
14 across Turkey, Pakistan, and Baghdad, over a 5-
15 month period that year.

16 (21) In 1992, the Foreign and Commonwealth
17 Office of the United Kingdom expelled 2 Iranians
18 employed at the Iranian Embassy in London and a
19 third Iranian on a student visa amid allegations they
20 were plotting to kill Indian-born British American
21 novelist Salman Rushdie, pursuant to the fatwa
22 issued by then supreme leader of Iran, Ayatollah
23 Ruhollah Khomeini.

1 (22) In 1992, 4 Iranian Kurdish dissidents
2 were assassinated at a restaurant in Berlin, Ger-
3 many, allegedly by Iranian agents.

4 (23) In 1992, singer, actor, poet, and gay Ira-
5 nian dissident Fereydown Farrokhzad was found
6 dead with multiple stab wounds in his apartment in
7 Germany. His death is allegedly the work of Iran-
8 directed agents.

9 (24) In 1980, Ali Akbar Tabatabaei, a leading
10 critic of Iran and then president of the Iran Free-
11 dom Foundation, was murdered in front of his Be-
12 thesda, Maryland, home by an assassin disguised as
13 a postal courier. The Federal Bureau of Investiga-
14 tion had identified the “mailman” as Dawud
15 Salahuddin, born David Theodore Belfield. Mr.
16 Salahuddin was working as a security guard at an
17 Iranian interest office in Washington, DC, when he
18 claims he accepted the assignment and payment of
19 \$5,000 from the Government of Iran to kill Mr.
20 Tabatabaei.

21 (25) Other exiled Iranian dissidents alleged to
22 have been victims of the Government of Iran’s mur-
23 derous extraterritorial campaign include Shahriar
24 Shafiq, Shapour Bakhtiar, and Gholam Ali Oveissi.

1 (26) Iranian Americans face an ongoing cam-
2 paign of intimidation both in the virtual and phys-
3 ical world by agents and affiliates of the Government
4 of Iran, which aims to stifle freedom of expression
5 and eliminate the threat Iranian authorities believe
6 democracy, justice, and gender equality pose to their
7 rule.

20 **TITLE VII—BENJAMIN BERELL**
21 **FERENCZ CONGRESSIONAL**
22 **GOLD MEDAL**

23 **SEC. 701. SHORT TITLE.**

24 This title may be cited as the “Benjamin Berell
25 Ferencz Congressional Gold Medal Act”.

1 **SEC. 702. FINDINGS.**

2 Congress finds the following:

3 (1) Benjamin “Ben” Berell Ferencz was born
4 on March 11, 1920, in Transylvania, now modern-
5 day Hungary.

6 (2) In 1920, Ben and his family fled anti-Se-
7 mitic persecution and emigrated to the United
8 States. Ben grew up in New York City, and, in
9 1940, was awarded a scholarship to Harvard Law
10 School where he graduated with honors.

11 (3) After the onset of World War II, Ben en-
12 listed in the United States Army in 1943, and joined
13 an anti-aircraft artillery battalion preparing for the
14 invasion of France. As an enlisted man under Gen-
15 eral Patton, he fought in most of the major cam-
16 paigns in Europe.

17 (4) As Nazi atrocities were uncovered, Ben was
18 transferred to a newly created War Crimes Branch
19 of the Army to gather evidence of war crimes that
20 could be used in a court of law to prosecute persons
21 responsible for these crimes. Ben documented the
22 horrors perpetrated by Nazi Germany, visiting con-
23 centration camps as they were liberated.

24 (5) At the end of 1945, Ben was honorably dis-
25 charged from the United States Army with the rank

2785

1 of Sergeant of Infantry. He had been awarded five
2 battle stars.

3 (6) In 1946, the United States Government re-
4 cruited Ben to join the team working on the Nurem-
5 berg tribunals, a novel independent court established
6 to try top-ranking Nazi officials for crimes per-
7 petrated during the course of the war, including
8 those crimes we now call the Holocaust. Mr. Ferencz
9 was sent to Berlin to oversee a team of 50 research-
10 ers investigating official Nazi records, which pro-
11 vided overwhelming evidence to implicate German
12 doctors, lawyers, judges, generals, industrialists, and
13 others in genocide.

14 (7) By 1948, at age 27, Ben had secured
15 enough evidence to prosecute 22 SS members of
16 Nazi killing squads charged for the murder of over
17 1,000,000 Jewish, Roma, Soviet, and other men,
18 women, and children in shooting massacres in occu-
19 pied Soviet territory. He was appointed chief pros-
20 ecutor in the Einsatzgruppen Trial, in what the As-
21 sociated Press called “the biggest murder trial in
22 history”. The court found 20 Nazi officials guilty of
23 war crimes, crimes against humanity, and member-
24 ship in a criminal organization for their roles in the
25 murder of over a million people. An additional two

1 defendants were found guilty for membership in a
2 criminal organization.

3 (8) After the Nuremberg trials ended, Ben
4 fought for compensation for victims and survivors of
5 the Holocaust, the return of stolen assets, and other
6 forms of restitution for those who had suffered at
7 the hands of the Nazis.

8 (9) Since the 1970s, Ben has worked tirelessly
9 to promote development of international mechanisms
10 to outlaw and punish aggressive war and the crimes
11 of genocide, crimes against humanity and war
12 crimes. His efforts contributed to the establishment
13 of the International Criminal Court and to the rec-
14 ognition of aggression as an international crime.

15 (10) Ben is a tireless advocate for international
16 criminal justice and the conviction that the rule of
17 law offers the world a sustainable path to stem con-
18 flict and reach peaceful conclusions to geopolitical
19 disputes. His unwavering goal has been “to establish
20 a legal precedent that would encourage a more hu-
21 mane and secure world in the future”.

22 (11) Ben, at age 102, is still active, giving
23 speeches throughout the world about lessons learned
24 during his extraordinary career. He is compelled by
25 the imperative to “replace the rule of force with the

1 rule of law”, promoting judicial mechanisms that
2 can resolve conflict. He often tells young people to
3 “never give up” because the fight for peace and jus-
4 tice is worth the long struggle ahead.

12 and

13 (D) warning requirements based on ASTM
14 F2057–19, or its successor at the time of en-
15 actment, provided that the Consumer Product
16 Safety Commission may strengthen the warning
17 requirements of ASTM F2057–19, or its suc-
18 cessor, if reasonably necessary to protect chil-
19 dren from tip-over-related death or injury.

20 (3) TESTING CLARIFICATION.—Tests referred
21 to in paragraph (2)(B) shall allow for the utilization
22 of safety features (excluding tip restraints) to work
23 as intended if the features cannot be overridden by
24 consumers in normal use.

1 (4) TREATMENT OF STANDARD.—A consumer
2 product safety standard promulgated under para-
3 graph (1) shall be treated as a consumer product
4 safety rule promulgated under section 9 of the Con-

6 (d) ADOPTION OF VOLUNTARY STANDARD.—

7 (1) IN GENERAL.—If a voluntary standard ex-

9 the Commission shall, not later than 90 days after
10 the date on which such determination is made and
11 in accordance with section 553 of title 5, United
12 States Code, promulgate a final consumer product
13 safety standard that adopts the applicable perform-
14 ance requirements of such voluntary standard re-
15 lated to protecting children from tip-over-related
16 death or injury. A consumer product safety standard
17 promulgated under this subsection shall be treated
18 as a consumer product safety rule promulgated
19 under section 9 of the Consumer Product Safety Act
20 (15 U.S.C. 2058). Such standard shall take effect
21 120 days after the date of the promulgation of the
22 rule, or such a later date as the Commission deter-

24 other existing standard for clothing storage units to

1 protect children from tip-over-related death or in-
2 jury.

3 (2) REQUIREMENTS.—The requirements of this
4 paragraph with respect to a voluntary standard for
5 clothing storage units are that such standard—

6 (A) protects children up to 72 months of
7 age from tip-over-related death or injury;

8 (B) meets the requirements described in
9 subsection (c)(2);

10 (C) is, or will be, published not later than
11 60 days after the date of enactment of this Act;
12 and

13 (D) is developed by ASTM International or
14 such other standard development organization
15 that the Commission determines is in compli-
16 ance with the intent of this section.

17 (3) NOTICE REQUIRED TO BE PUBLISHED IN
18 THE FEDERAL REGISTER.—The Commission shall
19 publish a notice in the Federal Register upon begin-
20 ning the promulgation of a rule under this sub-
21 section.

22 (e) REVISION OF VOLUNTARY STANDARD.—

23 (1) NOTICE TO COMMISSION.—If the perform-
24 ance requirements of a voluntary standard adopted
25 under subsection (d) are subsequently revised, the

1 organization that revised the performance require-
2 ments of such standard shall notify the Commission
3 of such revision after final approval.

4 (2) TREATMENT OF REVISION.—Not later than
5 90 days after the date on which the Commission is
6 notified of revised performance requirements of a
7 voluntary standard described in paragraph (1) (or
8 such later date as the Commission determines ap-
9 propriate), the Commission shall determine whether
10 the revised performance requirements meet the re-
11 quirements of subsection (d)(2)(B), and if so, mod-
12 ify, in accordance with section 553 of title 5, United
13 States Code, the standard promulgated under sub-
14 section (d) to include the revised performance re-
15 quirements that the Commission determines meet
16 such requirements. The modified standard shall take
17 effect after 180 days or such later date as the Com-
18 mission deems appropriate.

19 (f) SUBSEQUENT RULEMAKING.—

20 (1) IN GENERAL.—Beginning 5 years after the
21 date of enactment of this Act, subsequent to the
22 publication of a consumer product safety standard
23 under this section, the Commission may, at any
24 time, initiate rulemaking, in accordance with section
25 553 of title 5, United States Code, to modify the re-

1 requirements of such standard or to include additional
2 provisions if the Commission makes a determination
3 that such modifications or additions are reasonably
4 necessary to protect children from tip-over-related
5 death or injury.

6 (2) PETITION FOR REVISION OF RULE.—

7 (A) IN GENERAL.—If the Commission re-
8 ceives a petition for a new or revised test that
9 permits incorporated safety features (excluding
10 tip restraints) to work as intended, if the fea-
11 tures cannot be overridden by consumers in
12 normal use and provide an equivalent or greater
13 level of safety as the tests developed under sub-
14 section (c)(2) or the performance requirements
15 described in subsection (d)(2)(B), as applicable,
16 the Commission shall determine within 120
17 days—

18 (i) whether the petition meets the re-
19 quirements for petitions set forth in sec-
20 tion 1051.5 of title 16, Code of Federal
21 Regulations, or any successor regulation
22 implementing section 9(i) of the Consumer
23 Product Safety Act (15 U.S.C. 2058(i));
24 and

1 (ii) whether the petition demonstrates
2 that the test could reasonably meet the re-
3 quirements of subsection (c)(2)(B), and if
4 so, the Commission shall determine by re-
5 corded vote, within 60 days after the deter-
6 mination, whether to initiate rulemaking,
7 in accordance with section 553 of title 5,
8 United States Code, to revise a consumer
9 product safety standard promulgated
10 under this section to include the new or re-
11 vised test.

12 (B) DEMONSTRATION OF COMPLIANCE.—
13 Compliance with the testing requirements of a
14 standard revised under subparagraph (A) may
15 be demonstrated either through the perform-
16 ance of a new or revised test under subpara-
17 graph (A) or the performance of the tests oth-
18 erwise required under a standard promulgated
19 under this section.

20 (3) TREATMENT OF RULES.—Any rule promul-
21 gated under this subsection, including any modifica-
22 tion or revision made under this subsection, shall be
23 treated as a consumer product safety rule promul-
24 gated under section 9 of the Consumer Product
25 Safety Act (15 U.S.C. 2058).

11 (3) DATA USE LIMITATION.—Data collected

17 (2) EXCEPTION.—

18 (A) IN GENERAL.—Subject to subpara-

20 third party seller, an online marketplace may
21 provide for partial disclosure of the identity in-
22 formation required under paragraph (1)(B)(i)
23 in the following situations:

24 (i) If such seller certifies to the online
25 marketplace that the seller does not have

2808

1 a business address and only has a residen-
2 tial street address, or has a combined busi-

5 (I) disclose only the country and,
6 if applicable, the State in which such

14 seller by the online marketplace.

15 (ii) If such seller certifies to the online
16 marketplace that the seller is a business

18 turns, the online marketplace may disclose
19 the seller's physical address for product re-
20 turns.

21 (iii) If such seller certifies to the on-

2 and that consumer inquiries should be sub-
3 mitted to the seller's email address or
4 other means of electronic messaging pro-

6 place.

7 (B) LIMITATION ON EXCEPTION.—If an
8 online marketplace becomes aware that a high-
9 volume third party seller has made a false rep-
10 resentation to the online marketplace in order
11 to justify the provision of a partial disclosure
12 under subparagraph (A) or that a high-volume
13 third party seller who has requested and re-
14 ceived a provision for a partial disclosure under
15 subparagraph (A) has not provided responsive
16 answers within a reasonable time frame to con-
17 sumer inquiries submitted to the seller by
18 phone, email, or other means of electronic mes-
19 saging provided to such seller by the online
20 marketplace, the online marketplace shall, after
21 providing the seller with written or electronic
22 notice and an opportunity to respond not later
23 than 10 days after the issuance of such notice,
24 suspend any future sales activity of such seller
25 unless such seller consents to the disclosure of

3 (3) REPORTING MECHANISM.—An online mar-
4 ketplace shall disclose to consumers in a clear and
5 conspicuous manner on the product listing of any
6 high-volume third party seller a reporting mecha-

8 ing of suspicious marketplace activity to the online
9 marketplace.

10 (4) COMPLIANCE.—If a high-volume third party
11 seller does not comply with the requirements to pro-
12 vide and disclose information under this subsection,
13 the online marketplace shall, after providing the sell-
14 er with written or electronic notice and an oppor-
15 tunity to provide or disclose such information not
16 later than 10 days after the issuance of such notice,
17 suspend any future sales activity of such seller until
18 the seller complies with such requirements.

21 (1) UNFAIR AND DECEPTIVE ACTS OR PRAC-

2 Trade Commission Act (15 U.S.C. 57a(a)(1)(B)).

3 (2) POWERS OF THE COMMISSION.—

4 (A) IN GENERAL.—The Commission shall
5 enforce subsections (a) and (b) in the same
6 manner, by the same means, and with the same
7 jurisdiction, powers, and duties as though all
8 applicable terms and provisions of the Federal
9 Trade Commission Act (15 U.S.C. 41 et seq.)
10 were incorporated into and made a part of this
11 section.

12 (B) PRIVILEGES AND IMMUNITIES.—Any
13 person that violates subsection (a) or (b) shall
14 be subject to the penalties, and entitled to the

17 seq.).

18 (3) REGULATIONS.—The Commission may pro-
19 mulgate regulations under section 553 of title 5,
20 United States Code, with respect to the collection,
21 verification, or disclosure of information under this
22 section, provided that such regulations are limited to
23 what is necessary to collect, verify, and disclose such
24 information.

1 (4) AUTHORITY PRESERVED.—Nothing in this
2 section shall be construed to limit the authority of
3 the Commission under any other provision of law.

4 (d) ENFORCEMENT BY STATE ATTORNEYS GEN-
5 ERAL.—

6 (1) IN GENERAL.—If the attorney general of a
7 State has reason to believe that any online market-

9 regulation promulgated under this section that af-
10 fects one or more residents of that State, the attor-
11 ney general of the State may bring a civil action in
12 any appropriate district court of the United States,
13 to—

23 compensation on behalf of residents of the
24 State.

1 (2) NOTICE.—The attorney general of a State
2 shall provide prior written notice of any action under
3 paragraph (1) to the Commission and provide the
4 Commission with a copy of the complaint in the ac-
5 tion, except in any case in which such prior notice
6 is not feasible, in which case the attorney general
7 shall serve such notice immediately upon instituting
8 such action.

9 (3) INTERVENTION BY THE COMMISSION.—
10 Upon receiving notice under paragraph (2), the
11 Commission shall have the right—

12 (A) to intervene in the action;

13 (B) upon so intervening, to be heard on all
14 matters arising therein; and

15 (C) to file petitions for appeal.

16 (4) LIMITATION ON STATE ACTION WHILE FED-
17 ERAL ACTION IS PENDING.—If the Commission has
18 instituted a civil action for violation of this section
19 or a regulation promulgated under this section, no
20 State attorney general, or official or agency of a
21 State, may bring a separate action under paragraph
22 (1) during the pendency of that action against any
23 defendant named in the complaint of the Commis-
24 sion for any violation of this section or a regulation
25 promulgated under this section that is alleged in the

1 complaint. A State attorney general, or official or
2 agency of a State, may join a civil action for a viola-
3 tion of this section or regulation promulgated under
4 this section filed by the Commission.

5 (5) RULE OF CONSTRUCTION.—For purposes of
6 bringing a civil action under paragraph (1), nothing
7 in this section shall be construed to prevent the chief
8 law enforcement officer, or official or agency of a
9 State, from exercising the powers conferred on such
10 chief law enforcement officer, or official or agency of
11 a State, by the laws of the State to conduct inves-
12 tigation, administer oaths or affirmations, or com-
13 pel the attendance of witnesses or the production of
14 documentary and other evidence.

15 (6) ACTIONS BY OTHER STATE OFFICIALS.—

16 (A) IN GENERAL.—In addition to civil ac-
17 tions brought by attorneys general under para-
18 graph (1), any other officer of a State who is
19 authorized by the State to do so, except for any
20 private person on behalf of the State attorney
21 general, may bring a civil action under para-
22 graph (1), subject to the same requirements
23 and limitations that apply under this subsection
24 to civil actions brought by attorneys general.

1 (B) SAVINGS PROVISION.—Nothing in this
2 subsection may be construed to prohibit an au-
3 thorized official of a State from initiating or
4 continuing any proceeding in a court of the
5 State for a violation of any civil or criminal law
6 of the State.

7 (e) SEVERABILITY.—If any provision of this section,
8 or the application thereof to any person or circumstance,
9 is held invalid, the remainder of this section and the appli-

11 the United States from such entities that se-
12 quence, analyze, collect, or store human
13 genomic information and which the Director of
14 National Intelligence or the head of another

18 of the United States;

19 (B) whether the Department or recipient
20 of such funds from the Department sought to
21 provide funding to, or to use, domestic entities
22 with no such ties to the country or countries of
23 concern for such purposes and any barriers to
24 the use of domestic entities; and

3365

1 (C) whether data use agreements, data se-
2 curity measures, and other such measures taken

13 in, or utilized by, more than one drug without an ad-
14 verse effect on quality, manufacturing, or safety;
15 and

16 “(3) data or information submitted by the ap-
17 plicable person under paragraph (2) indicates that
18 incorporation or utilization of the platform tech-

21 facturing process and to the review process.

22 “(c) REQUEST FOR DESIGNATION.—A person may
23 request the Secretary designate a platform technology as
24 a designated platform technology concurrently with, or at

2 Health Service Act;

3 “(2) providing timely advice to, and interactive
4 communication with, the sponsor regarding the de-
5 velopment of the drug that proposes to use the des-
6 ignated platform technology to ensure that the devel-
7 opment program designed to gather data necessary
8 for approval or licensure is as efficient as prac-
9 ticable, which may include holding meetings with the
10 sponsor and the review team throughout the develop-
11 ment of the drug; and

2 and

3 “(B) does not include interruptions in
4 manufacturing due to matters such as routine
5 maintenance, changes or discontinuance of fla-

24 including smaller businesses, consumer organizations, and

6 registered facility and distributed in the United
7 States has a reasonable probability of causing seri-
8 ous adverse health consequences or death to humans
9 and the Secretary has a reasonable belief that other
10 products manufactured or processed by the facility
11 may be similarly affected because of a failure that
12 cannot be isolated to a product or products, or is
13 sufficiently pervasive to raise concerns about other
14 products manufactured in the facility.

15 “(2) NOTICE OF SUSPENSION.—Before sus-
16 pending a facility registration under this section, the
17 Secretary shall provide—

18 “(A) notice to the facility registrant of the

7 an informal hearing, to be held as soon as possible
8 but not later than 5 business days after the issuance
9 of the order, or such other time period agreed upon
10 by the Secretary and the registrant, on the actions
11 required for reinstatement of registration and why
12 the registration that is subject to the suspension
13 should be reinstated. The Secretary shall reinstate a
14 registration if the Secretary determines, based on
15 evidence presented, that adequate grounds do not
16 exist to continue the suspension of the registration.

17 “(4) POST-HEARING CORRECTIVE ACTION
18 PLAN.—If, after providing opportunity for an infor-
19 mal hearing under paragraph (3), the Secretary de-
20 termines that the suspension of registration remains
21 necessary, the Secretary shall require the registrant
22 to submit a corrective action plan to demonstrate
23 how the registrant plans to correct the conditions
24 found by the Secretary. The Secretary shall review
25 such plan not later than 14 business days after the

1 submission of the corrective action plan or such
2 other time period as determined by the Secretary, in
3 consultation with the registrant.

4 “(5) VACATING OF ORDER; REINSTATEMENT.—

15 “(2) SAFE.—The term ‘safe’ means that the
16 cosmetic product, including any ingredient thereof,
17 is not injurious to users under the conditions of use
18 prescribed in the labeling thereof, or under such con-

20 retary shall not consider a cosmetic ingredient or
21 cosmetic product injurious to users solely because it
22 can cause minor and transient reactions or minor
23 and transient skin irritations in some users. In de-
24 termining for purposes of this section whether a cos-
25 metic product is safe, the Secretary may consider, as

1 appropriate and available, the cumulative or other
2 relevant exposure to the cosmetic product, including
3 any ingredient thereof.

4 **“SEC. 609. LABELING.**

5 “(a) GENERAL REQUIREMENT.—Each cosmetic prod-

10 to such cosmetic product.

11 “(b) FRAGRANCE ALLERGENS.—The responsible per-
12 son shall identify on the label of a cosmetic product each
13 fragrance allergen included in such cosmetic product. Sub-
14 stances that are fragrance allergens for purposes of this
15 subsection shall be determined by the Secretary by regula-
16 tion. The Secretary shall issue a notice of proposed rule-
17 making promulgating the regulation implementing this re-
18 quirement not later than 18 months after the date of en-

20 of 2022, and not later than 180 days after the date on
21 which the public comment period on the proposed rule-
22 making closes, shall issue a final rulemaking. In promul-
23 gating regulations implementing this subsection, the Sec-
24 retary shall consider international, State, and local re-

2 may establish threshold levels of amounts of substances
3 subject to disclosure pursuant to such regulations.

4 “(c) COSMETIC PRODUCTS FOR PROFESSIONAL
5 USE.—

6 “(1) DEFINITION OF PROFESSIONAL.—For pur-

8 means an individual who is licensed by an official
9 State authority to practice in the field of cosme-

11 “(2) PROFESSIONAL USE LABELING.—A cos-

13 and intended to be used only by a professional shall
14 bear a label that—

15 “(A) contains a clear and prominent state-
16 ment that the product shall be administered or
17 used only by licensed professionals; and

18 “(B) is in conformity with the require-
19 ments of the Secretary for cosmetics labeling
20 under this Act and section 4(a) of the Fair
21 Packaging and Labeling Act.

22 **“SEC. 610. RECORDS.**

23 “(a) IN GENERAL.—If the Secretary has a reasonable
24 belief that a cosmetic product, including an ingredient in
25 such cosmetic product, and any other cosmetic product

3599

1 that the Secretary reasonably believes is likely to be af-
2 fected in a similar manner, is likely to be adulterated such
3 that the use or exposure to such product presents a threat
4 of serious adverse health consequences or death to hu-
5 mans, each responsible person and facility shall, at the re-
6 quest of an officer or employee duly designated by the Sec-
7 retary, permit such officer or employee, upon presentation
8 of appropriate credentials and a written notice to such
9 person, at reasonable times and within reasonable limits
10 and in a reasonable manner, to have access to and copy
11 all records relating to such cosmetic product, and to any
12 other cosmetic product that the Secretary reasonably be-
13 lieves is likely to be affected in a similar manner, that
14 are needed to assist the Secretary in determining whether
15 the cosmetic product is adulterated and presents a threat
16 of serious adverse health consequences or death to hu-
17 mans. This subsection shall not be construed to extend
18 to recipes or formulas for cosmetics, financial data, pricing

10 **TITLE II—DISCLOSURE OF SUB-**
11 **SIDIES BY FOREIGN ADVER-**
12 **SARIES**

13 **SEC. 201. FINDINGS AND PURPOSE.**

14 (a) FINDINGS.—Congress finds the following:

15 (1) Foreign subsidies, which can take the form
16 of direct subsidies, grants, loans (including below-
17 market loans), loan guarantees, tax concessions,
18 preferential government procurement policies, or
19 government ownership or control, can distort the
20 competitive process by enabling the subsidized firm
21 to submit a bid higher than other firms in the mar-
22 ket, or otherwise change the incentives of the firm
23 in ways that undermine competition following an ac-
24 quisition.

1 (2) Foreign subsidies are particularly problem-
2 atic when granted by countries or entities that con-
3 stitute a strategic or economic threat to United
4 States interests.

5 (3) The Made in China 2025 plan, states that
6 the Chinese Communist Party will “support enter-
7 prises to carry out mergers and acquisitions (M&A),
8 equity investment, and venture capital overseas”.

9 (4) The 2020 report to Congress from the bi-
10 partisan U.S.-China Economic and Security Review
11 Commission concluded that the Chinese Government
12 subsidizes companies with a goal of their expanding
13 into the United States and other countries, finding
14 that “[t]his process assists Chinese national cham-
15 pions in surpassing and supplanting global market
16 leaders”. The report warns that the risk is particu-
17 larly acute when it comes to emerging technologies,
18 where China seeks to “surpass and displace the
19 United States altogether [and that] [f]ailure to ap-
20 preciate the gravity of this challenge and defend
21 U.S. competitiveness would be dire . . . [and] risks
22 setting back U.S. economic and technological
23 progress for decades”.

24 (5) In remarks before the Hudson Institute on
25 December 8, 2020, FTC Commissioner Noah Phil-

1 lips stated, “[O]ne area where antitrust needs to
2 reckon with the strategic interests of other nations
3 is when we scrutinize mergers or conduct involving
4 state-owned entities . . . companies that are con-
5 trolled, to varying degrees, by the state . . . [and]
6 often are a government tool for implementing indus-
7 trial policies or to protect national security”.

8 (b) PURPOSE.—The purpose of this title is to require
9 parties providing pre-merger notifications to include in the
10 notification required under section 7A of the Clayton Act
11 (15 U.S.C. 18a) information concerning subsidies they re-
12 ceive from countries or entities that are strategic or eco-
13 nomic threats to the United States.

14 **SEC. 202. MERGERS INVOLVING FOREIGN GOVERNMENT**
15 **SUBSIDIES.**

16 (a) DEFINITION.—In this section, the term “foreign
17 entity of concern” has the meaning given the term in sec-

21 SIDIES.—A person required to file a notification under
22 section 7A of the Clayton Act (15 U.S.C. 18a) that re-
23 ceived a subsidy from a foreign entity of concern shall in-
24 clude in such notification content regarding such subsidy.

1 (c) AUTHORITY OF ANTITRUST REGULATORS.—The
2 Federal Trade Commission, with the concurrence of the
3 Assistant Attorney General in charge of the Antitrust Di-
4 vision of the Department of Justice, and in consultation
5 with the Chairperson of the Committee on Foreign Invest-
6 ment in the United States, the Secretary of Commerce,
7 the Chair of the United States International Trade Com-
8 mission, the United States Trade Representative, and the
9 heads of other appropriate agencies, and by rule in accord-
10 ance with section 553 of title 5, United States Code, shall
11 require that the notification required under subsection (b)
12 be in such form and contain such documentary material
13 and information relevant to a proposed acquisition as is
14 necessary and appropriate to enable the Federal Trade
15 Commission and the Assistant Attorney General in charge
16 of the Antitrust Division of the Department of Justice to
17 determine whether such acquisition may, if consummated,
18 violate the antitrust laws.

19 (d) EFFECTIVE DATE.—Subsection (b) shall take ef-
20 fect on the date on which the rule described in subsection
21 (c) takes effect.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or Federal holiday, will be extended to end on the next business day.

(2) All requests for new uses (food and/or nonfood) contained in any application for a new active ingredient or a first food use are covered by the base fee for that new active ingredient or first food use application and retain the same decision time review period as the new active ingredient or first food use application. The application must be received by the Agency in one package. The base fee for the category covers a maximum of five new products. Each application for an additional new product registration and new inert approval that is submitted in the new active ingredient application package or first food use application package is subject to the registration service fee for a new product or a new inert approval. All such associated applications that are submitted together will be subject to the new active ingredient or first food use decision review time. In the case of a new active ingredient application, until that new active ingredient is approved, any subsequent application for another new product containing the same active ingredient or an amendment to the proposed labeling will be deemed a new active ingredient application, subject to the registration service fee and decision review time for a new active ingredient. In the case of a first food use application, until that first food use is approved, any subsequent application for an additional new food use or uses will be subject to the registration service fee and decision review time for a first food use. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant’s initiative to support the application after completion of the preliminary technical screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new active ingredient or first food use application.

4049

(3) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent re-submission, but forfeits the associated registration service fee. For cases described in (b), the applicant shall have up to 30 calendar days to reach agreement with the Agency on the final terms of the Agency-accepted label. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant's written or electronic confirmation of agreement to the Agency.

(4) If the Administrator determines that endangered species analysis is required for this action, using guidance finalized according to section 33(c)(3)(B) for this specific type of action, the decision review time can be extended for endangered species assessment one time only for up to 50%, upon written notification to the applicant, prior to completion of the technical screening. To the extent practicable, any reason for renegotiation should be resolved during the same extension.

(4) Amendment applications to add the new use(s) to registered product labels are covered by the base fee for the new use(s). All items in the covered application must be submitted together in one package. Each application for an additional new product registration and new inert approval(s) that is submitted in the new use application package is subject to the registration service fee for a new product or a new inert approval. However, if a new use application only proposes to register the new use for a new product and there are no amendments in the application, then review of one new product application is covered by the new use fee. All such associated applications that are submitted together will be subject to the new use decision review time. Any application for a new product or an amendment to the proposed labeling (a) submitted subsequent to submission of the new use application and (b) prior to conclusion of its decision review time and (c) containing the same new uses, will be deemed a separate new-use application, subject to a separate registration service fee and new decision review time for a new use. If the new-use application includes non-food (indoor and/or outdoor), and food (outdoor and/or indoor) uses, the appropriate fee is due for each type of new use and the longest decision review time applies to all of the new uses requested in the application. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant's initiative to support the application after completion of the preliminary technical screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new use application.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or Federal holiday, will be extended to end on the next business day.

(2) An application for a new end-use product using a source of active ingredient that (a) is not yet registered but (b) has an application pending with the Agency for review, will be considered an application for a new product with an unregistered source of active ingredient.

(3) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent re-submission, but forfeits the associated registration service fee. For cases described in (b), the applicant shall have up to 30 calendar days to reach agreement with the Agency on the final terms of the Agency-accepted label. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant's written or electronic confirmation of agreement to the Agency.

(4) For the purposes of classifying proposed registration actions into PRIA categories, “pest(s) requiring efficacy” are both invertebrate and vertebrate pests. Invertebrate public health pests (e.g., ticks, mosquitoes, cockroaches, flies, etc.), structural pests (e.g., termites, carpenter ants, and wood-boring beetles) and certain invasive invertebrate species (e.g., Asian Longhorned beetle, Emerald Ashborer) are listed in the product performance rule, subpart R of part 158 of title 40, Code of Federal Regulations. This list may be updated/refined as invasive pest needs arise. All other pests (e.g., vertebrates) are listed in the Pesticide Registration Notice 2002-1. To determine the number of pests for the PRIA categories, pest groups, subgroups, and pest specific claims as listed in part 158 of title 40, Code of Federal Regulations, should be counted as follows. If seeking a label claim against a general pest group (e.g., cockroaches, mosquitoes, termites, etc.), each group will count as 1. If seeking a claim against a pest subgroup (e.g., small biting flies, filth flies, etc.) or specific pests (e.g., smokybrown cockroach, house fly, etc.) without a general claim, then each subgroup or specific pest will count as 1.

4076

(5) If the Administrator determines that endangered species analysis is required for this action, using guidance finalized according to section 33(c)(3)(B) for this specific type of action, the decision review time can be extended for endangered species assessment one time only for up to 50%, upon written notification to the applicant, prior to completion of the technical screening. To the extent practicable, any reason for renegotiation should be resolved during the same extension.

(3) If EPA data rules are amended to newly require clearance under section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a) for an ingredient of an antimicrobial product where such ingredient was not previously subject to such a clearance, then review of the data for such clearance of such product is not subject to a registration service fee for the tolerance action for two years from the effective date of the rule.

(4) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent re-submission, but forfeits the associated registration service fee. (5) Amendment applications to add the new use(s) to registered product labels are covered by the base fee for the new use(s). All items in the covered application must be submitted together in one package. Each application for an additional new product registration and new inert approval(s) that is submitted in the new use application package is subject to the registration service fee for a new product or a new inert approval. However, if a new use application only proposes to register the new use for a new product and there are no amendments in the application, then review of one new product application is covered by the new use fee. All such associated applications that are submitted together will be subject to the new use decision review time. Any application for a new product or an amendment to the proposed labeling (a) submitted subsequent to submission of the new use application and (b) prior to conclusion of its decision review time and (c) containing the same new uses, will be deemed a separate new-use application, subject to a separate registration service fee and new decision review time for a new use. If the new-use application includes non-food (indoor and/or outdoor), and food (outdoor and/or indoor) uses, the appropriate fee is due for each type of new use and the longest decision review time applies to all of the new uses requested in the application. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant's initiative to support the application after completion of the preliminary technical screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new use application.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or Federal holiday, will be extended to end on the next business day.

(2) An application for a new end-use product using a source of active ingredient that (a) is not yet registered but (b) has an application pending with the Agency for review, will be considered an application for a new product with an unregistered source of active ingredient.

(3) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent re-submission, but forfeits the associated registration service fee. For cases described in (b), the applicant shall have up to 30 calendar days to reach agreement with the Agency on the final terms of the Agency-accepted label. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant's written or electronic confirmation of agreement to the Agency.

(4) (a) EPA-initiated amendments shall not be charged registration service fees. (b) Registrant-initiated fast-track amendments are to be completed within the timelines specified in section 3(c)(3)(B) and are not subject to registration service fees. (c) Registrant-initiated fast-track amendments handled by the Antimicrobials Division are to be completed within the timelines specified in section 3(h) and are not subject to registration service fees. (d) Registrant initiated amendments submitted by notification under Pesticide Registration (PR) Notices, such as PR Notice 98–10, continue under PR Notice timelines and are not subject to registration service fees. (e) Submissions with data and requiring data review are subject to registration service fees.

(5) The applicant must identify the substantially similar product if opting to use cite-all or the selective method to support acute toxicity data requirements.

(6) Once an application for an amendment or a new product with public health organisms has been submitted and classified into any of categories A460 through A465 or A470 through A475, additional organisms submitted for the same product before the first application is granted will result in combination and reclassification of both the original and subsequent submissions into the appropriate new category based on the sum of the number of organisms in both submissions. Submission of additional organisms would result in a new PRIA start date and may require additional fees to meet the fee of a new category.

(7) If the Administrator determines that endangered species analysis is required for this action, using guidance finalized according to section 33(c)(3)(B) for this specific type of action, the decision review time can be extended for endangered species assessment one time only for up to 50%, upon written notification to the applicant, prior to completion of the technical screening. To the extent practicable, any reason for renegotiation should be resolved during the same extension.

The application must be received by the Agency in one package. The base fee for the category covers a maximum of five new products. Each application for an additional new product registration and new inert approval that is submitted in the new active ingredient application package or first food use application package is subject to the registration service fee for a new product or a new inert approval. All such associated applications that are submitted together will be subject to the new active ingredient or first food use decision review time. In the case of a new active ingredient application, until that new active ingredient is approved, any subsequent application for another new product containing the same active ingredient or an amendment to the proposed labeling will be deemed a new active ingredient application, subject to the registration service fee and decision review time for a new active ingredient. In the case of a first food use application, until that first food use is approved, any subsequent application for an additional new food use or uses will be subject to the registration service fee and decision review time for a first food use. (2) All requests for new uses (food and/or nonfood) contained in any application for a new active ingredient or a first food use are covered by the base fee for that new active ingredient or first food use application and retain the same decision time review period as the new active ingredient or first food use application. The application must be received by the Agency in one package. The base fee for the category covers a maximum of five new products. Each application for an additional new product registration and new inert approval that is submitted in the new active ingredient application package or first food use application package is subject to the registration service fee for a new product or a new inert approval. All such associated applications that are submitted together will be subject to the new active ingredient or first food use decision review time. In the case of a new active ingredient application, until that new active ingredient is approved, any subsequent application for another new product containing the same active ingredient or an amendment to the proposed labeling will be deemed a new active ingredient application, subject to the registration service fee and decision review time for a new active ingredient. In the case of a first food use application, until that first food use is approved, any subsequent application for an additional new food use or uses will be subject to the registration service fee and decision review time for a first food use. (3) Amendment applications to add the new use(s) to registered product labels are covered by the base fee for the new use(s). All items in the covered application must be submitted together in one package. Each application for an additional new product registration and new inert approval(s) that is submitted in the new use application package is subject to the registration service fee for a new product or a new inert approval. However, if a new use application only proposes to register the new use for a new product and there are no amendments in the application, then review of one new product application is covered by the new use fee. All such associated applications that are submitted together will be subject to the new use decision review time. Any application for a new product or an amendment to the proposed labeling (a) submitted subsequent to submission of the new use application and (b) prior to conclusion of its decision review time and (c) containing the same new uses, will be deemed a separate new-use application, subject to a separate registration service fee and new decision review time for a new use. If the new-use application includes non-food (indoor and/or outdoor), and food (outdoor and/or indoor) uses, the appropriate fee is due for each type of new use and the longest decision review time applies to all of the new uses requested in the application. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant's initiative to support the application after completion of the preliminary technical screen, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new use application.

(4) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent re-submission, but forfeits the associated registration service fee. (1) A decision review time that would otherwise end on a Saturday, Sunday, or Federal holiday, will be extended to end on the next business day.

(2) All requests for new uses (food and/or nonfood) contained in any application for a new active ingredient or a first food use are covered by the base fee for that new active ingredient or first food use application and retain the same decision time review period as the new active ingredient or first food use application. The application must be received by the Agency in one package. The base fee for the category covers a maximum of five new products. Each application for an additional new product registration and new inert approval that is submitted in the new active ingredient application package or first food use application package is subject to the registration service fee for a new product or a new inert approval. All such associated applications that are submitted together will be subject to the new active ingredient or first food use decision review time. In the case of a new active ingredient application, until that new active ingredient is approved, any subsequent application for another new product containing the same active ingredient or an amendment to the proposed labeling will be deemed a new active ingredient application, subject to the registration service fee and decision review time for a new active ingredient. In the case of a first food use application, until that first food use is approved, any subsequent application for an additional new food use or uses will be subject to the registration service fee and decision review time for a first food use. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant’s initiative to support the application after completion of the preliminary technical screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new active ingredient or first food use application.

(3) An application for a new end-use product using a source of active ingredient that (a) is not yet registered but (b) has an application pending with the Agency for review, will be considered an application for a new product with an unregistered source of active ingredient.

(4) (a) EPA-initiated amendments shall not be charged registration service fees. (b) Registrant-initiated fast-track amendments are to be completed within the timelines specified in section 3(c)(3)(B) and are not subject to registration service fees. (c) Registrant-initiated fast-track amendments handled by the Antimicrobials Division are to be completed within the timelines specified in section 3(h) and are not subject to registration service fees. (d) Registrant initiated amendments submitted by notification under Pesticide Registration (PR) Notices, such as PR Notice 98-10, continue under PR Notice timelines and are not subject to registration service fees. (e) Submissions with data and requiring data review are subject to registration service fees.

4113

(5) Amendment applications to add the new use(s) to registered product labels are covered by the base fee for the new use(s). All items in the covered application must be submitted together in one package. Each application for an additional new product registration and new inert approval(s) that is submitted in the new use application package is subject to the registration service fee for a new product or a new inert approval. However, if a new use application only proposes to register the new use for a new product and there are no amendments in the application, then review of one new product application is covered by the new use fee. All such associated applications that are submitted together will be subject to the new use decision review time. Any application for a new product or an amendment to the proposed labeling (a) submitted subsequent to submission of the new use application and (b) prior to conclusion of its decision review time and (c) containing the same new uses, will be deemed a separate new-use application, subject to a separate registration service fee and new decision review time for a new use. If the new-use application includes non-food (indoor and/or outdoor), and food (outdoor and/or indoor) uses, the appropriate fee is due for each type of new use and the longest decision review time applies to all of the new uses requested in the application. Any information that (a) was neither requested nor required by the Agency, and (b) is submitted by the applicant at the applicant's initiative to support the application after completion of the preliminary technical screening, and (c) is not itself a covered registration application, must be assessed 25% of the full registration service fee for the new use application.

(6) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent re-submission, but forfeits the associated registration service fee. For cases described in (b), the applicant shall have up to 30 calendar days to reach agreement with the Agency on the final terms of the Agency-accepted label. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant's written or electronic confirmation of agreement to the Agency.

(7) If the Administrator determines that endangered species analysis is required for this action, using guidance finalized according to section 33(c)(3)(B) for this specific type of action, the decision review time can be extended for endangered species assessment one time only for up to 50%, upon written notification to the applicant, prior to completion of the technical screening. To the extent practicable, any reason for renegotiation should be resolved during the same extension.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or Federal holiday, will be extended to end on the next business day.

(2) ‘New PIP’ means a PIP with an active ingredient that has not been registered.

(3) ‘Registered PIP’ means a PIP with an active ingredient that is currently registered.

(4) Transfer registered PIP through conventional breeding for new food/feed use, such as from field corn to sweet corn.

4133

(5) If, during review of the application, it is determined that review by the FIFRA Scientific Advisory Panel (SAP) is needed, the applicant will submit an application for category B905, which will be processed concurrently, and the decision review time for both applications will be the longer of the two associated applications. The scientific data involved in this category are complex. EPA often seeks technical advice from the SAP on risks that pesticides pose to wild-life, farm workers, pesticide applicators, non-target species, insect resistance, and novel scientific issues surrounding new technologies. The scientists of the SAP neither make nor recommend policy decisions. They provide advice on the science used to make these decisions. Their advice is invaluable to the EPA as it strives to protect humans and the environment from risks posed by pesticides. Due to the time it takes to schedule and prepare for meetings with the SAP, additional time and costs are needed.

(6) Registered PIPs stacked through conventional breeding.

(7) Deployment of a registered PIP with a different Insecticide Resistance Management (IRM) plan (e.g., seed blend).

(8) The negotiated acreage cap will depend upon EPA's determination of the potential environmental exposure, risk(s) to non-target organisms, and the risk of targeted pest developing resistance to the pesticidal substance. The uncertainty of these risks may reduce the allowable acreage, based upon the quantity and type of non-target organism data submitted and the lack of insect resistance management data, which is usually not required for seed-increase registrations. Registrants are encouraged to consult with EPA prior to submission of a registration application in this category.

(9) Application can be submitted prior to or concurrently with an application for commercial registration.

(10) For example, IRM plan modifications that are applicant-initiated.

(11) (a) EPA-initiated amendments shall not be charged registration service fees. (b) Registrant-initiated fast-track amendments are to be completed within the timelines specified in section 3(c)(3)(B) and are not subject to registration service fees. (c) Registrant-initiated fast-track amendments handled by the Antimicrobials Division are to be completed within the timelines specified in section 3(h) and are not subject to registration service fees. (d) Registrant initiated amendments submitted by notification under Pesticide Registration (PR) Notices, such as PR Notice 98-10, continue under PR Notice timelines and are not subject to registration service fees. (e) Submissions with data and requiring data review are subject to registration service fees.

(12) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent re-submission, but forfeits the associated registration service fee. For cases described in (b), the applicant shall have up to 30 calendar days to reach agreement with the Agency on the final terms of the Agency-accepted label. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant's written or electronic confirmation of agreement to the Agency.

(13) This category does not include genetic modifications in animals not intended for use as a pesticide, e.g., genetic modifications in animals intended for food use or animals intended for use as companion animals.

(14) If the Administrator determines that endangered species analysis is required for this action, using guidance finalized according to section 33(c)(3)(B) for this specific type of action, the decision review time can be extended for endangered species assessment one time only for up to 50%, upon written notification to the applicant, prior to completion of the technical screening. To the extent practicable, any reason for renegotiation should be resolved during the same extension.

If the application covers multiple ingredients grouped by EPA into one chemical class, a single registration service fee will be assessed for approval of those ingredients.

(3) If EPA data rules are amended to newly require clearance under section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a) for an ingredient of an antimicrobial product where such ingredient was not previously subject to such a clearance, then review of the data for such clearance of such product is not subject to a registration service fee for the tolerance action for two years from the effective date of the rule.

(4) Due to low fee and short time frame this category is not eligible for small business waivers.

(1) A decision review time that would otherwise end on a Saturday, Sunday, or Federal holiday, will be extended to end on the next business day.

(2) Any other covered application that is associated with and dependent on the review by the Human Studies Review Board will be subject to its separate registration service fee. The decision review times for the associated actions run concurrently, but will end at the date of the latest review time.

(3) Any other covered application that is associated with and dependent on the FIFRA Scientific Advisory Panel review will be subject to its separate registration service fee. The decision review time for the associated action will be extended by the decision review time for the SAP review.

(4) If another covered application is submitted that depends upon an application to approve an inert ingredient, each application will be subject to its respective registration service fee. The decision review time for both submissions will be the longest of the associated applications. If the application covers multiple ingredients grouped by EPA into one chemical class, a single registration service fee will be assessed for approval of those ingredients.

(5) An application for a new end-use product using a source of active ingredient that (a) is not yet registered but (b) has an application pending with the Agency for review, will be considered an application for a new product with an unregistered source of active ingredient.

(6) Where the action involves approval of a new or amended label, on or before the end date of the decision review time, the Agency shall provide to the applicant a draft accepted label, including any changes made by the Agency that differ from the applicant-submitted label and relevant supporting data reviewed by the Agency. The applicant will notify the Agency that the applicant either (a) agrees to all of the terms associated with the draft accepted label as amended by the Agency and requests that it be issued as the accepted final Agency-stamped label; or (b) does not agree to one or more of the terms of the draft accepted label as amended by the Agency and requests additional time to resolve the difference(s); or (c) withdraws the application without prejudice for subsequent re-submission, but forfeits the associated registration service fee. For cases described in (b), the applicant shall have up to 30 calendar days to reach agreement with the Agency on the final terms of the Agency-accepted label. If the applicant agrees to all of the terms of the accepted label as in (a), including upon resolution of differences in (b), the Agency shall provide an accepted final Agency-stamped label to the registrant within 2 business days following the registrant's written or electronic confirmation of agreement to the Agency.

(7) Due to low fee and short time frame this category is not eligible for small business waivers.

(8) This category includes amendments the sole purpose of which is to add 'Design for the Environment' (DfE) (or equivalent terms that do not use 'safe' or derivatives of 'safe') logos to a label. DfE is a voluntary program. A label bearing a DfE logo is not considered an Agency endorsement because the ingredients in the qualifying product must meet objective, scientific criteria established and widely publicized by EPA.”.
