Environmental
Quality**

Land Protection Division Funding Opportunities for Local Governments, Non-Profits, and Schools

WASTE MANAGEMENT & RECYCLING

These programs provide solid waste management and recycling related grants

Environmental Officer Grants

To curtail illegal dumping by providing funding for a part-time Environmental Officer

Solid Waste Equipment Grants

To purchase solid waste management equipment such as brush chippers, balers, composting equipment, and more

Recycling Collection Event Grants

To host community events for the collection and proper disposal or recycling of electronic waste, household hazardous waste, tires, and more

Food Waste Management Grants

For a wide range of projects that reduce wasted food by diverting from disposal to higher use or reuse such as community food recovery programs

Professional Services Grants

For solid waste technical assistance, sustainability, education, beautification, clean-ups, and more

Recycled Tire Market Development Grants

To encourage the use of recycled tire materials in things like playground equipment or asphalt trails

CLEANUP & REDEVELOPMENT

These programs provide assistance with assessment and/or cleanup of environmental hazards

Community Revitalization Program

Provides assistance to municipalities for the assessment and/or cleanup of sites or buildings with environmental hazards like asbestos and lead based paint

Brownfields Revolving Loan Program

Provides environmental cleanup assistance for eligible entities in the form of low-interest loans and subgrants

Targeted Brownfields Assessments

Provides free environmental assessments and sampling for non-profit and government entities interested in developing abandoned or underused properties

Tire Dump Cleanup Assistance

Provides tire dump cleanup assistance for eligible public and private entities

ASSISTANCE FOR PUBLIC SCHOOLS

These programs provide assistance to public schools and daycare facilities

School Chemical Disposal Program

Provides a free one-time disposal of unused, outdated, and potentially dangerous chemicals from public school laboratories

Lead in Drinking Water Abatement Program

A partnership with the Lead Testing in Schools and Child Care Facilities Drinking Water Program to remediate lead impacted drinking water fixtures in public schools and daycare facilities

EMERGENCY PLANNING

Local Emergency Planning Committee (LEPC) Equipment Reimbursement Program

Provides protective equipment and training to Local Emergency Planning Committees (LEPC's)
