Financial Conflict of Interest (FCOI) Module Overview

eRA Commons is a Web-based system for applicants and institutions to participate in the electronic grant administration process. Commons provides a modular framework and infrastructure that allows National Institutes of Health (NIH) extramural grantee organizations, Operating Divisions (OPDIVs), grantees, and the public to conduct grant-related business with NIH.

The *Financial Conflict of Interest User Guide* details how to manage the Financial Conflict of Interest (FCOI) reporting process for an Institution. The Financial Conflict of Interest (FCOI) reporting process allows institutions to report the existence of any identified financial conflicts of interest to the agency as required by the Federal regulation, specifically Title 42 Code of Federal Regulation Part 50 Subpart F for grants and cooperative agreements. The institution's signing official (SO) completes this reporting process unless an FCOI role is delegated to another user (the SO can also assign the FCOI_ASST and FCOI_View roles to other users). To do this, the SO must log into the eRA Commons and navigate to the FCOI sub-system.

The FCOI module is an online interface within Commons that allows grantees and Federal staff to share information. The module is mandatory for all institutions. An institution's signing official completes this reporting process unless another Commons user is delegated with the proper authority to access the module.

The FCOI module in Commons allows institutional users to:

- Initiate and prepare FCOI reports
- Electronically submit reports and supporting documents as well as annual FCOI reports
- Receive notification via email upon the submission and receipt of an FCOI
- Search and view FCOI reports previously submitted through the Commons
- Revise an Initial 2011 FCOI Report to update FCOI data following completion of the Retrospective Review or to submit a Mitigation Report when bias is found following the completion of a Retrospective Review.
- Access history of actions
- Assign FCOI access to other Commons users

Additional information on the reporting requirements can be found within the *Frequently Asked Questions* on the Office of Extramural Research’s Financial Conflict of Interest website at <https://grants.nih.gov/grants/policy/coi/index.htm>.

For more information on the FCOI module, refer to the FCOI topic of the Commons Online Help System (<https://www.era.nih.gov/erahelp/commons/>) or the *Financial Conflict of Interest (FCOI) External User Guide* (https://www.era.nih.gov/files/fcoi_user_guide.pdf).

Objectives

The objective of the FCOI system is to allow institutions to submit FCOI reports using the eRA Commons system. The system will notify the institution and agency staff after an FCOI report submission is received. Although Commons is not the system of record, the FCOI information will be stored within another internal system of record (IMPAC II) database. The FCOI system will also allow institutions to submit additional information that subsequently may be requested by the agency after the submission of an FCOI report. The system also will allow the institution’s authorized FCOI users to view reports and associated data online.

FCOI Objectives

Process Objectives
Allow institutions to submit FCOI reports via the Commons (IMPAC II) database
Notify institutions and agency staff after the FCOI submission is received
Allow Grantee to revise an existing FCOI report following a Retrospective Review, if necessary
Allow Grantee to submit an annual FCOI report
Integrate the data with the internal system of record
Allow organizations to submit additional information when requested by the agency

Process Objectives
Allow FCOI users to view reports and associated data
Allow Grantee to revise an existing FCOI report to submit a Mitigation Report when bias is found following a Retrospective Review

Who Can Access the FCOI Module?

NIH extramural grantee institutions, OPDIVs, grantees and the public are the primary users of Commons. Access to Commons is granted only by authorized Commons users who are assigned to a specific role(s) that allows for user account creation. The following diagram displays an example of how different user roles function within the Commons system.

Signing Official (SO role)

A Signing Official (SO) within an institutional organization is authorized to assign FCOI roles to others within their organization. The SO has institutional authority to legally bind the institution in grants administration matters by providing signature approval on submissions. The SO monitors grant related activities with the grantee institution and may have a number of titles.

Financial Conflict of Interest (FCOI role)

This role should be assigned to the Commons user(s) in the institution who would manage the FCOI reporting process. This person or persons would be able to initiate, edit, submit, revise, view, and delete records and documents concerning FCOI.

Only the SO can assign the FCOI role.

Financial Conflict of Interest Assistant (FCOI_ASST) Role

Assign the FCOI_ASST role to those users in the institution who will assist in working on the FCOI reporting process. FCOI_ASST users can initiate, edit, view, search, and delete forms.

Only the SO can assign the FCOI_Asst role.

Financial Conflict of Interest Assistant (FCOI_View) Role

Assign the FCOI_View role to those users who need authority to search for and view FCOI information entered by the institution in the FCOI module, but who will not perform any data entry or make changes to the information. These users have read-only access to FCOI report data.

Only the SO can assign the FCOI_View role.

Basic Financial Conflict of Interest (FCOI) Report Process

The Signing Official (SO) is the authorized official at the institution that has the authority to sign for the institution. The SO is the overall responsible person for any and all grant related activities whether the tasks are delegated to other institutional users or not. With this authority, the SO can assign or delegate various tasks, duties, and other limited responsibilities to other staff within the SO's institution.

The SO is responsible for assigning the FCOI, FCOI_ASST, and FCOI_VIEW roles to the appropriate system users in the institution. SOs can assign roles using the Account Management System (AMS) accessible via the eRA Commons Account tab. Refer to the AMS Online Help System for information on adding roles (https://www.era.nih.gov/erahelp/AMS_NEW/#Create_Accounts/Create_User_Accts/Add_Roles.htm).

The following eRA FCOI *Reporting Process Flow Diagram* provides an overview for submitting and processing an FCOI Report. The 2011 Revised Regulation covers the following FCOI reports: Original, Revision of the Original, and Annual.

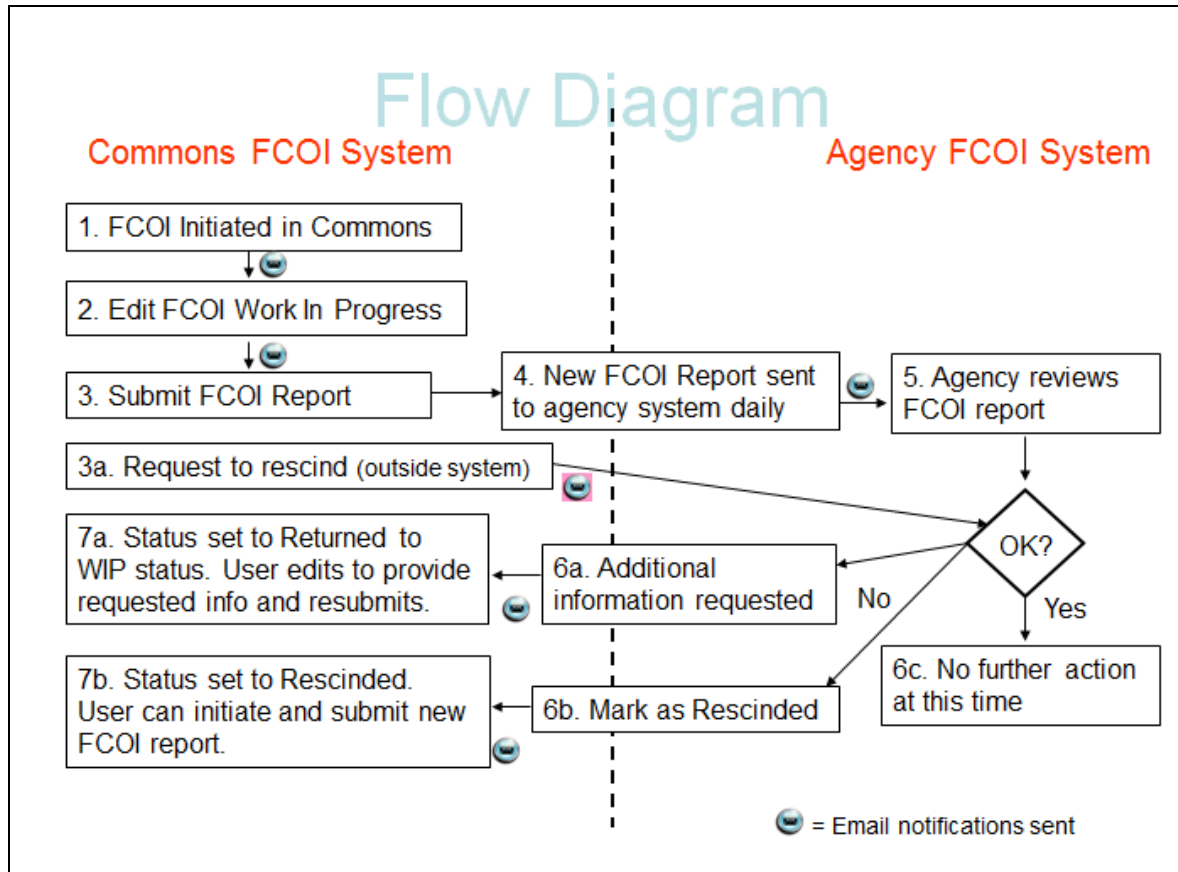

Figure 1: FCOI Process Flow

Initiating an FCOI Report

Commons users with the FCOI role and/or the FCOI_ASST role can initiate new FCOI Reports. If the FCOI user has multiple affiliations, the user is only able to access grants associated with the institution for which the user has the FCOI role. FCOI Reports are permissible for Active awards. FCOI reports should be submitted during an ongoing project and not after the project period end date. When initiating a new FCOI report, the report should be submitted under the current, active grant year.

To initiate a new FCOI Report:

1. After [logging into Commons](#), [navigate to the FCOI module](#).

The *FCOI Search* screen displays. Along with the search option, the FCOI menu includes the tab to **Initiate 2011 FCOI Report**.

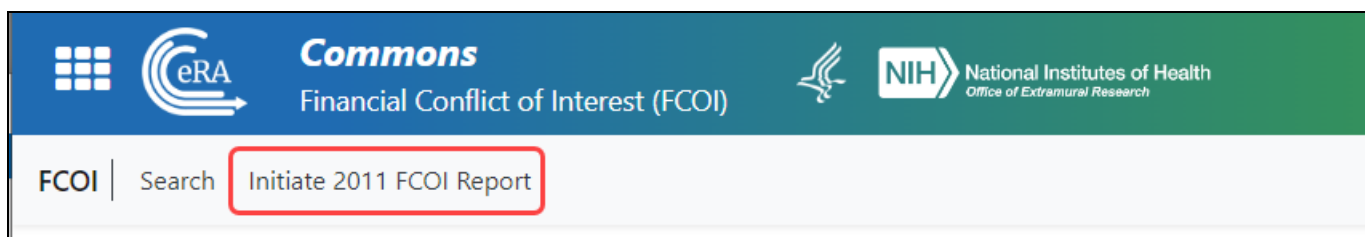

Figure 2: Initiate 2011 FCOI Report

2. Click the **Initiate 2011 FCOI Report** tab.

The *Financial Conflict of Interest – Initiate New Report* screen displays (see below)

The initial fields on this screen are as follows:

- **Grant Number** (**IC Code**, **Serial Number**, and **Support Year** are required)
- **Name of Investigator with Conflict** (**Last Name** and **First Name** are required)
- **Subrecipient Report** (**No** or **Yes** – along with the **Subrecipient Institution Name** for **Yes** – is required)
- **PD/PI or Contact PD/PI** (populated upon initiation and disabled for entry)
- **Project Title** (populated upon initiation and disabled for entry)

- **Project Period Start & End Dates** (populated upon initiation and disabled for entry)
- **Budget Period Start & End Dates** (populated upon initiation and disabled for entry)

Before the FCOI report can be completed, the information in the required fields must be validated.

3. Enter the required fields. Required fields are marked with an asterisk (*).
4. Click the **Validate** button.

The screenshot shows a web form titled "Financial Conflict of Interest - Initiate New Report" with a help icon. A red note states "Required fields are marked with an *". The form is divided into sections: "Application Information" (Grant Number with sub-fields Type, Activity, IC*, Serial #*, Year*, and Suffix; PD/PI or Contact PD/PI), "Name of Investigator with Conflict" (Last Name*, First Name*, Middle Name), "Project Title", "Subrecipient Report*" (radio buttons for No and Yes), "Subrecipient Institution Name", "Project Period Start & End Dates", and "Budget Period Start & End Dates". At the bottom right, there are four buttons: "Cancel", "Validate" (highlighted with a red box), "Save", and "Save And Submit".

Figure 3: FCOI Report - Validate Button

Commons validates the entered information. If Commons finds that the entered grant number is invalid for initiating the FCOI Report, an error message displays as follows:

Grant was not found or not awarded.

If the validations pass with no errors, the *Financial Conflict of Interest – Initiate New Report* screen expands for entering additional information. The fields in the upper portion of the screen automatically populate based on the entered grant data. These fields are disabled for editing.

9. Perform one of the following actions:
 - Click the **Save** button to put the record in WIP status.
 - Click the **Save and Submit** button to submit to agency.
 - Click the **View FCOI History** button to see the actions taken so far.
 - Click **Cancel** to return to the FCOI Search screen.
10. **Save and Submit** and related comments:
 - When the **Save and Submit** button is clicked, a **comments screen** displays for entering optional comments before submission. The comments entered on this screen are recorded within the FCOI History. In addition, the comments are added to the email notification sent to the agency. After entering the appropriate comments, click the **Continue** button to complete the submission. (Clicking **Cancel** will return you to the form page)

Upon saving and submitting, the system sends out an email notification informing the FCOI user (and potentially the FCOI_ASST user) that the FCOI Report was submitted.

Submitting FCOI Report to Agency

The FCOI Submit function is part of the Commons system that allows an SO with an FCOI role to submit an identified FCOI Report to the agency. Only those with FCOI roles may submit the report.

The report can be submitted at the time it was initiated or a later time if the report was saved and is in a status of *Work in Progress*.

Submitting the Report While Initiating

To submit an FCOI report while initiating it:

1. After [logging into Commons](#), [navigate to the FCOI module](#).
2. After completing the Initiate FCOI Report process for the FCOI Report or editing a WIP notification, click the **Save and Submit** button.
3. *Optional:* On the next screen, enter comments in the **Comments** text box and click the **Continue** button.

Commons updates the status of the report to *Submitted*. Email notifications are sent to the SO who submitted the report and to the agency to indicate that the FCOI Report is submitted.

Once the FCOI is submitted, the record is searchable with the status *Submitted*.

NOTE: If an FCOI Report has been submitted incorrectly (e.g., an incorrect **Grant Number, Name of Investigator with a Conflict, or Subrecipient Name**), contact the Grant Manager identified on the Notice of Award to ask the agency to rescind the FCOI report. Other corrections to an FCOI Report can be made by contacting the agency and asking the agency to send the grantee a Request for Additional Information. This will change the status of the report to a *Return to WIP* status to allow the grantee to make corrections to other FCOI report data that is below the validation line.

Refer to *Initiating an FCOI Report* on page 10 for more information and steps for initiating the report.

Editing the FCOI Before Submission

Commons users with FCOI or FCOI_ASST roles can perform edits on saved FCOI reports in *Work in Progress* status. During editing, the report can also be submitted if the user holds the FCOI role.

To edit the FCOI Report and submit it:

1. After [logging into Commons](#), [navigate to the FCOI module](#).
2. From the *FCOI Search* screen, perform a search for the FCOI Report. Refer to *Searching Existing FCOI Reports (Notifications)* on page 24
3. From the three-dot ellipsis menu for a record, select the **Edit** option for an FCOI Report.

The *Financial Conflict of Interest – Initiate New Report* screen displays for editing. The fields are enabled for editing, with information pulled from the previously submitted FCOI form.

4. Update the fields as appropriate and click the **Save and Submit** button to submit the FCOI Report to the awarding agency or click the **Save** button to save the information without submitting the FCOI Report.

NOTE: Only Commons users with an FCOI role can perform the **Save and Submit**.

Searching Existing FCOI Reports (Notifications)

Commons users with the FCOI, FCOI_ASST, or FCOI_VIEW roles have the ability to search for grants in their institution with existing FCOI Reports.

To search for an FCOI record:

1. After [logging into Commons](#), [navigate to the FCOI module](#), which opens the *FCOI Search* screen.
2. Enter the appropriate search information for returning the desired records. The following fields are available for entering search data:
 - **FCOI ID #**
 - **Grant Number**
 - **Status** (All, Work in Progress, Submitted, Rescinded, Returned to WIP, Annual Report Due)
 - Investigator Name (Last, First, Middle). Search for those FCOIs associated with a certain investigator who has a conflict.
 - **Record Submitted Start Date** Use this along with the end date field to return records submitted within a certain date range.
 - **Record Submitted End Date**
3. Click the **Search** button.

NOTE: Clicking the **Clear** button clears the information in the search fields.

Figure 13: FCOI History

Revising a Submitted FCOI Report (Following a Retrospective Review Only)

The feature to revise a previously submitted FCOI report is used only in those situations following a Retrospective Review. For example, a revised FCOI report is submitted following the Retrospective Review when the Institution discovers new information that results in a change to a previously submitted FCOI report (e.g., an increase in value of a previously reported SFI) or a change to the management of the FCOI from what was previously reported under the initial report. In addition, if bias is found following the completion of the Retrospective Review, the grantee must submit a Mitigation Report. A Mitigation report is submitted through the submission of a Revised FCOI report if the Retrospective Review is pending at the time of initial report submission.

NOTE: If an FCOI Report is submitted with errors, the institution should contact the agency to determine whether to rescind the FCOI record or to allow the grantee to make corrections through a response to a Request for Additional Information.

As discussed above, following the Retrospective Review it is possible to make changes to the FCOI Report. The FCOI Report can be revised to add, update, and/or delete significant financial interest data and any other information that was previously submitted in the initial FCOI report. A revision can be made on an existing FCOI report by selecting the **Revise** link on *FCOI Search* up to 150 days following the initial submission date to submit a Revised FCOI report.

To revise and submit an FCOI report:

1. After [logging into Commons](#), [navigate to the FCOI module](#), which opens the *FCOI Search* screen.
2. From the *FCOI Search* screen, perform a search for the appropriate FCOI report.

3. Select the **Revise** option under the three-dot ellipsis menu for a FCOI report.

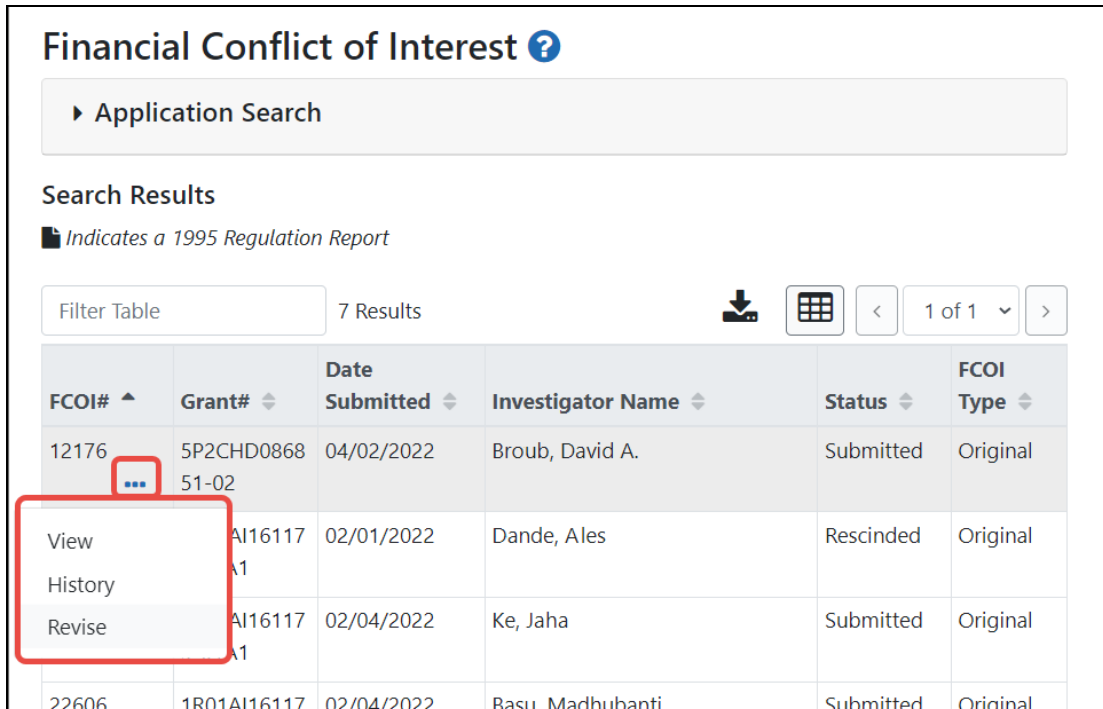

Figure 14: Revise Link on FCOI Search

4. A Create Revised Report informational message appears; click **Create**.
5. The *Financial Conflict of Interest – Revision* screen displays the information from the current FCOI report as read-only. The summary of reported significant financial interests is displayed in the table at the bottom of the screen.
6. Select the **Edit** option from the three-dot ellipsis menu to edit the Significant Financial Interest.

The **Financial Conflict of Interest – Revision** screen expands to enable the report fields to be edited. The fields for revision are identical to those available when first initiating the FCOI form. The information displayed is pulled from the latest submitted FCOI form. An additional text field becomes available to summarize the revisions. This field is required.

NOTE: Only Commons users with an FCOI role can use the **Save and Submit** feature. ASST users with FCOI authority cannot submit the report.

When you click the **Save and Submit** button, a comments screen displays for entering optional comments before submission. The comments entered on this screen are recorded within the FCOI History. In addition, the comments are added to the email notification sent to agency.

11. *Optional after selecting **Save and Submit**:* Enter any appropriate comments in the **Comments** text box (up to 2000 characters) and click the **Continue** button.

The screenshot shows a web form titled "Financial Conflict of Interest - Revision" with a help icon. Below the title, it states "Comments may be provided up to 2000 characters." There is a large text input area. Below the input area, it says "2000 remaining." At the bottom right of the form, there are two buttons: "Cancel" and "Continue". The "Continue" button is highlighted with a red rectangular box.

Institutional Financial Conflict of Interest Policy

The *Policy Documents* screen of the Institution Profile module lets you upload your institution's Financial Conflict of Interest (FCOI) policy. Effective November 12, 2020, each institution must upload its FCOI policy to eRA Commons for review. The institutional FCOI is required and defined by regulations, which are linked on the *Policy Documents* tab in the Institution Profile module.

The policy must be in PDF format under 6 MB in size. After uploading, NIH staff will review the policy and reject or accept it, and will notify you via one of your listed contact methods. For more information, refer to the [Guide Notice NOT-OD-21-002](#) as well as the table of regulatory requirements on the Policy Documents tab.

IMPORTANT: Only signing official (SO) users can see the [Policy Documents screen](#) and [edit Institution Profile screens](#).

Submitting FCOI Annual Reports

FCOI Annual Reports are submitted through Commons by institution users with the FCOI role. An Annual FCOI report follows the submission of an initial 2011 FCOI Report when future years exist within a competitive segment. The annual report provides a means for the institution to report on the status of the reported FCOI and any changes to the management plan that was submitted under the original or initial FCOI report.

The **Annual Report** link only appears 75 days prior to the next budget period start date or after the Institution extends the grant via Commons for NIH funded grants. For AHRQ funded grants, the link appears 120 days before the budget period end date.

An email notification is sent to the institution's FCOI SO (i.e., the Commons user who submitted the original report) when the link is available. The annual report link will not appear for the last year of a competitive segment unless the grant is extended via the Commons. Under this situation, the **Annual Report** link appears the day after the grant is extended. For subsequent extensions, contact the awarding agency.

Submissions can be saved (they will be placed in a *Work in Progress* status), edited at a later date, and then submitted (or they can be deleted if necessary).

To initiate an Annual FCOI Report:

1. Access the *Application Search* screen by [navigating to the FCOI module](#).
2. From *Application Search*, perform a search for the appropriate FCOI Report.
3. Select **Annual Report** under the three-dot ellipsis menu for the specific FCOI Report.

Commons checks to determine if there are any annual reports which were not submitted to the awarding agency for previous years. If found, a warning message displays as follows:

Our records indicate that an annual FCOI report from the prior grant year was not submitted and is overdue. This report must be submitted before the current annual FCOI report may be submitted. **There are [#] Reports missing.**

These overdue reports must be submitted first before the current year’s report can be completed.

4. *If overdue Annual Report exist:* Acknowledge the message by clicking the **Create Report** button.

The Commons system automatically opens the overdue annual report (starting with the report for the earliest year when more than one annual report is overdue) for completion. The *Annual Report* form displays information based on the latest submitted information. This includes grant information as well as the entity, significant financial interests (SFI), and SFI values for the identified FCOI. Each previously reported SFI is listed on the Annual Report and must be addressed separately.

Annual Reports are submitted under the currently funded grant year (e.g., year 04) without regard to the grant year when the Initial or Original FCOI report was submitted (e.g., year 01).

5. *Optional:* Select **View** under the three-dot ellipsis menu to view read-only specifics as reported on the original FCOI report.
