United Nations

AGENDA

GLOBAL SYMPOSIUM ON SOIL EROSION

15-17 MAY 2019 - ROME, ITALY

itps
INTERGOVERNMENTAL
TECHNICAL PANEL ON SOILS

Joint FAO/IAEA Programme
Nuclear Techniques in Food and Agriculture

UNCCD **SP** Science - Policy
Interface

GLOBAL SYMPOSIUM ON SOIL EROSION (GSER19)

Co-organized by

FAO Food and Agriculture Organization of the United Nations

GSP/ITPS Global Soil Partnership / Intergovernmental Technical Panel on Soils

SPI/UNCCD Science-Policy Interface of the United Nations Convention to Combat Desertification

Joint **FAO/IAEA Programme** of Nuclear Techniques in Food and Agriculture

15-17 May 2019
FAO Headquarters, Rome, Italy

Summary agenda

15 MAY / DAY 1		
8:30-10:00	REGISTRATION	
10:00 -13:00	PLENARY SESSION	GREEN ROOM
LUNCH		
13:00-14:30	SIDE-EVENT (IAEA)	MALAYSIA ROOM (C227)
14:30-17:30	PLENARY SESSION	GREEN ROOM
17:30-20:00	EXHIBIT OPENING, POSTER SESSION AND COCKTAIL	ATRIUM
16 MAY / DAY 2		
8:45-13:00	TECHNICAL SESSIONS	
	THEME 1	GERMAN ROOM (C269)
	THEME 1	IRAQ ROOM (A235)
	THEME 2.1	LEBANON ROOM (D209)
	THEME 2.2	KING FAISAL ROOM (D263)
	THEME 3*	MALAYSIA ROOM (B227)
LUNCH		
13:00-14:30	SIDE-EVENT (UNCCD)	KING FAISAL ROOM (D263)
14:30-16:30	TECHNICAL SESSIONS	
	THEME 1	IRAQ ROOM (A235)
	THEME 1	LEBANON ROOM (D209)
	THEME 2.1	MALAYSIA ROOM(C227)
	THEME 2.2	GERMAN ROOM(C269)
17:00-18:00	THEME 1	IRAQ ROOM (A235)
	THEME 2	GERMAN ROOM (C269)
18:00-19:00	POSTER SESSION	ATRIUM
17 MAY/ DAY 3		
8:30-12:30	THEME 1	IRAQ ROOM (A235)
	THEME 2	KING FAISAL (D263)
	THEME 3	MALAYSIA ROOM (B227)
12:30-13:30	SIDE-EVENT (WUR)	KING FAISAL ROOM (D263)
14:30-17:20	PLENARY SESSION	GREEN ROOM

* Technical and discussion session

Wednesday 15th May | Green Room

Simultaneous interpretation in Arabic, Chinese, English, French, Russian and Spanish will be available
Webcast will be available

08:30 REGISTRATION

10:00

10:00 OPENING OF THE SYMPOSIUM

11:30

| **Stop soil erosion, save our future!** (Video animation)

| **Mr. José Graziano Da Silva**, Director-General, FAO (video message)

| **H.E. Enzo Benech**, Minister for Livestock, Agriculture and Fisheries of Uruguay

| **Ms. Maria Helena Semedo**, Deputy Director-General, Climate and Natural Resources, FAO

| **Mr. Kim Keong-Kyu**, Administrator of the Rural Development Administration, Republic of Korea

| **Mr. Pradeep Monga**, Deputy Executive Secretary, UNCCD

Moderator

Mr. René
Castro Salazar
FAO, Italy

11:30 KEYNOTE SPEAKERS | **Setting the scientific scene for GSER19**

13:00

| **Soil erosion in the Anthropocene: do we still need more research ?**

Mr. Jean Poesen, Catholic University of Leuven, Belgium

| **Assessment & mapping soil erosion: Does it tell our story ?**

Mr. Richard Cruse, Iowa State University, United States of America

| **Decision supporting framework for soil erosion control and ecosystem services enhancement**

Mr. Jae Yang, Kangwon National University, Republic of Korea

| **Addressing soil erosion through policy and economic assessments**

Ms. Lindsay Stringer, University of Leeds, England

13:00

SIDE EVENT | **Soil erosion assessment: making a difference with isotopic techniques | MALAYSIA ROOM/C227**

14:30

Organized by the Joint FAO/IAEA Programme of Nuclear Techniques in Food and Agriculture, light refreshments

13:00

14:30

Lunch

Wednesday 15th May | Green Room

Simultaneous interpretation in Arabic, Chinese, English, French, Russian and Spanish will be available
Webcast will be available

14:30

INTRODUCTION TO GSER19 | Perspectives on soil erosion

15:30

| Soil erosion from the space

Mr. Luca Parmitano, Astronaut, European Space Agency (video message)

| Testimony of soil erosion from the ground

Mr. Alfred Grand, Farmer, Austria

| Facing soil erosion at ancient times

Mr. Fernando Delgado, Inter-American Center for Development and Environmental and Territorial Research (CIDIAT), Venezuela

| Long-term changes due to wind erosion in arid zones

Ms. Halima Slimani, Université des Sciences et de la Technologie Houari Boumédiène, Algeria

Moderator

Mr. Eduardo Mansur
FAO, Italy

15:30

INVITED SPEAKERS | Introduction to the themes

16:45

- Theme 1 : Use of data and assessment tools in soil erosion control

| Modelling post-fire soil erosion in recently burned areas

Ms. Diana Vieira, University of Aveiro, Portugal

- Theme 2 : Practices and Policy in action to address soil erosion

| Impact of policies on soil erosion in the European Union

Mr. Panos Panagos, European Commission, Italy

- Theme 3 : The economics of soil erosion control and restoration of eroded land

| Economic assessment of Soil erosion in Malawi

Mr. Giacomo Pallante, Italian National Agency for New Technologies, Energy and Sustainable Economic Development, Italy

Moderator

Ms. Clara Lefèvre
FAO, Italy

16:45

INTRODUCTION TO THE TECHNICAL SESSIONS | Working documents

17:30

| Theme 1 : Use of data and assessment tools in soil erosion control

Mr. Pasquale Borrelli, University of Basel, Switzerland

| Theme 2: Practices and Policy in action to address soil erosion

Ms. Lydia Chabala, Intergovernmental Technical Panel on Soils, Zambia

| Theme 3: The economics of soil erosion control and restoration of eroded land

Mr. David Lobb, Intergovernmental Technical Panel on Soils, Canada

Moderator

Ms. Lucrezia Caon,
FAO, Italy

17:30

Poster session and erosion exhibition (Atrium)

18:30

Opening by *Mr. Eduardo Mansur*, FAO, Italy

18:30

Cocktail (Atrium)

20:00

08:45
10:30

PARALLEL SESSIONS

THEME 1 : USE OF DATA AND ASSESSMENT TOOLS IN SOIL EROSION CONTROL

GERMAN ROOM/C269

Theme Chair: Mr. Richard Cruse (Iowa State University, USA)

Moderator: Ms. Costanza Calzolari (ITPS, Italy)

| **Badland and gully erosion assessment using remotely sensed data, non-invasive field techniques and stochastic modelling approaches**

Mr. Michael Maerker, University of Pavia, Italy

| **Resilience of red ferralitic soils in the Karst regions of Mayabeque province, Cuba**

Mr. José M. Febles González, University of Havana, Cuba

| **Recalibration of a modified version of the WaTEM/SEDEM model for the assessment of soil erosion, sediment transport and the impact of soil erosion measures in Flanders**

Ms. Petra Deproost, Government of Flanders, Belgium

| **Soil erosion modelling tools for the use in Earth System models**

Ms. Victoria Naipal, University of Munchen, Germany

| **Interpretation of Land use and Soil Conservation Measures in the Pan -Third Pole area using Google Earth High Resolution Remotely Sensed Images**

Mr. Qinke Yang, Northwest University, China

| **An approach to prediction of ephemeral gully location and length in conditions of the Czech Republic**

Mr. Miroslav Dumbrovský, Brno University of Technology, Czech Republic

| **Measuring gullies and evaluating soil properties in a mountainous region of Rio de Janeiro State, Brazil**

Ms. Lúcia Helena Cunha dos Anjos, UFRRJ, Brazil

IRAQ ROOM/A235

Theme Chair: Mr. Nigussie Haregeweyn, Tottori University, Japan

Moderator: Mr. Jun Murase (ITPS)

| **Measuring rates of arable soil formation to better understand the severity of soil erosion**

Mr. Daniel Evans, Lancaster University, UK

| **Comparing erosion rates and processes after land use conversion from rainfed to irrigated crops in fragile areas with water scarcity**

Mr. Nicolaas Verschaeren, Wageningen University & Research, Netherlands

| **Using PAP/CAR model and GIS tools for mapping and study of water erosion processes in the Mediterranean environment: Case of the Asfalou watershed (Oriental Rif, Morocco)**

Mr. Abdellali Gourfi on behalf of Mr. Tahouri Jad, Faculté des Sciences Dhar Mahraz, Morocco

| **Calibration and validation of an USLE model to map soil erosion by water in the Sicilian Region (Italy)**

Ms. Maria Fantappiè, Council for Agricultural Research and Economics, Italy

| **Possibilities and precision of volumetric analyses of ephemeral gullies via UAV monitoring**

Mr. Josef Krasa, Czech Technical University in Prague, Czech Republic

| **Protocol for identifying and assess soil degradation by erosion in Colombia**

Mr. Fredy Neira, IDEAM - UDCA, Colombia

| **Updated map of human-induced soil erosion of Russia**

Mr. Igor Savin, V.V. Dokuchaev Soil Science Institute, Russia

10:30
11:00

PARALLEL SESSIONS

THEME 2 : PRACTICES AND POLICIES IN ACTION TO ADDRESS SOIL EROSION

SUB-THEME 2.1 :
PRACTICES IN ACTION TO
ADDRESS SOIL EROSION

SUB-THEME 2.2:
POLICIES IN ACTION TO ADDRESS SOIL
EROSION

LEBANON ROOM/D209

KING FAISAL ROOM/D263

MALAYSIA ROOM/B227

Theme Chair: Mr. Gary Pierzynski (ITPS, USA)

Moderator : Ms. Ellen Graber (ITPS, Israel)

| Zeolite effects on soil organic carbon and structure against erosion in vineyards

Ms. Serena Doni, Consiglio Nazionale delle Ricerche, Italy

| Effects of biochar on soil properties and erosion potential in a degraded sandy soil

Mr. Taiwo Michael Agbede, Rufus Giwa Polytechnic, Nigeria

| Soil and water conservation technics as a mechanism to adapt to the impacts of climate change in the Maule River Basin Chile

Mr. Samuel Francke Campaña, CONAF, Chile

| The potential of Goji Berry Tree to control soil erosion in Cameron Highlands, Malaysia

Ms. Intan Nahirah Masri, MARDI, Malaysia

| A possible approach to control soil erosion: Natural farming

Ms. Silvia Sociarelli, CREA Italy

| Conservation practices to reduce soil erosion in hillsides cultivated with plantain (Musa AAB)

Mr. William Andrés Cardona, AGROSAVIA, Colombia

Theme Chair: Ms. Megan Balks (ITPS, New-Zealand)

Moderator: Mr. Ashok Patra (ITPS, India)

| Building a solid foundation for erosion control: resilience-based stewardship in Burundi

Mr. Aad Kessler, Wageningen University & Research, Netherlands

| Reinforce water and climate co-benefits in actions to control soil erosion

Mr. Lulu Zhang, United Nations University, Germany

| Agricultural defense of Sao Paulo : twelve years of soil preservation and rehabilitation at the Rio de Peixe watershed, promoting conservation agriculture

Mr. Oswaldo Julio Vischi Filho, Secretariat of Agriculture of the State of São Paulo, Brazil

| Soil erosion policy in Switzerland

Mr. Schwilch Gudrun, Federal Office for the Environment, Switzerland

| The conceptual model for conservation of natural resources in forestry areas

Mr. Mohammadreza Gharibreza, Soil Conservation and Watershed Management Research Institute, Iran

| Challenges and opportunities : enabling effective soil erosion control through Land Degradation Neutrality

Ms. Xiaoxia Jia, UNCCD Secretariat, Germany

| Vulnerability assessment of soil erosion affected by climate change

Mr. Kangho Jung, National Institute of Agricultural Sciences, Republic of Korea

THEME 3 :

THE ECONOMICS OF SOIL EROSION AND SOIL EROSION CONTROL

Theme Chair: Ms. Rosa Maria Poch (ITPS, Spain)

Moderator: Moderator: Mr. David Lobb (ITPS, USA)

| Sustainability and production: analysis of a successful soil conservation strategy in the province of Entro Ríos, Argentina

Mr. Alejandro E. Maggi, University of Buenos Aires, Argentina

| Farmers' preferences for controlling soil erosion in Sicily

Ms. Maria De Salvo, University of Catania, Italy

| Economic evaluation of water erosion and Sustainable Land Management

Mr. Abdellah Laouina, Mohammed V University, Morocco

| Challenges and opportunities to scale up the application of sustainability guidelines and voluntary standards

Mr. Simone Quatrini, ETH Zurich, Switzerland

| The economics of soil erosion and benefits of sustainable land management in Asia and Africa

Mr. Richard Thomas, ICARDA, Canada

| Economic Analysis of Soil Erosion Control in New Zealand: Robust Identification of Benefits, Costs and Investment Priorities at the National Level

Mr. Frank Scrimgeour, University of Waikato, New Zealand

11:00
13:00

PARALLEL SESSIONS

THEME 1

GERMAN ROOM/C269

Theme Chair: Mr. Richard Cruse (Iowa State University, USA)

Moderator: Ms. Maria Konyushkova (ITPS, Russia)

| **Soil erosion assessment using RUSLE and Projection Augmented Landscape Model (PALM) as participatory tool in a mexican peasant community**

Mr. José María León Villalobos, Centro de Investigación en Ciencias de Información Geoespacia (CentroGeo), Mexico

| **How reliable are our methods for estimating soil erosion by water?**

Mr. Anthony J. Parsons, University of Sheffield, UK

| **Is an expert-based model able to map erosion in agricultural catchment?**

Mr. Vincent Cantreul, University of Liège, Belgium

| **Evaluating the "Soil stabilisation and control of erosion" ecosystem service provided by agricultural ecosystems over the French territory**

Ms. Isabelle Cousin, INRA, France

| **Integrated approach to conduct global soil erosion survey and assessment under FAO leadership**

Mr. Baoyuan Liu, Northwest A&F University, China

| **Assessment of soil erosion by R/USLE – A case study of the applications of R/USLE in the mining industry**

Mr. Ilse Snyman, Golder Associates, South Africa

| **Soil water holding capacity affected by erosion in olive orchards under semi-arid climatic conditions**

Ms. María José Marques, Autonomous University of Madrid, Spain

IRAQ ROOM/A235

Mr. Nigussie Haregeweyn (Tottori University, Japan)

Moderator: Mr. Nsalambi Vakanda Nkongolo (ITPS, Democratic Republic of the Congo)

| **Preliminary progress on global soil erosion assessment**

Mr. Rui Li, Institute of Soil and Water Conservation, China

| **Soil erosion in Russia: state, dynamics, and forecast**

Mr. German Kust, Institute of Geography RAS, Russian Academy of Sciences, Russia

| **A Survey of Soil Erosion in China of 2011**

Mr. Yun Xie, Beijing Normal University, China

| **National Assessment of Soil Erosion in Canada from 1971 to 2016**

Mr. David A. Lobb, University of Manitoba, Canada

| **National study of soil degradation by erosion in Colombia**

Mr. Fredy Neira, IDEAM - UDCA, Colombia

| **Assessment methods or tools in soil erosion control in the Pacific Island Countries and Territories**

Mr. Siosua Halavatau, private soil consultant, Kingdom of Tonga

| **Assessment of water and wind erosion risk over the Eastern Africa region**

Mr. Nigussie Haregeweyn, Tottori University, Japan

PARALLEL SESSIONS

THEME 2		THEME 3
LEBANON ROOM/D209	KING FAISAL ROOM/D263	MALAYSIA ROOM/ B227
<p>SUB-THEME 2.1</p> <p>Theme Chair: Mr. Gary Pierzynski (ITPS, USA) <i>Moderator: Mr. Mohammad Jamal Khan (ITPS, Pakistan)</i></p> <p> How is soil erosion evaluated in the land capability systems used in Brazil ? Ms. Lúcia Helena Cunha dos Anjos, UFRRJ, Brazil</p> <p> Effectiveness Analysis of Best Management Practices by SWAT for Appropriate Control of Sediment Yield on the Catchment Scale in the North of Morocco Mr. Hamza Briak, Faculty of Sciences and Techniques, Morocco</p> <p> Role of biochar to counteract degradation in acid soils Ms. Mora-Lamilla Sofía, University of La Salle, National Learning Service (SENA), Colombia</p> <p> Assessing Soil Health Following the Adoption of Conservation Agriculture in East Africa Ms. Marla Riekman, Manitoba Agriculture, Canada</p> <p> Soil degradation and erosion processes under new extensive agro-industrial developments: causes and consequences Mr. Idefonso Pla, Universitat de Lleida, Spain</p> <p> From Soil Erosion to Soil Accumulation: Recycling Urban Organic Waste to the Eroded Land in Sahel, West Africa Mr. Shuichi Oyama, Kyoto University, Japan</p> <p> Soil quality assessment by enzyme activities in an olive orchard subjected to living mulch to counteract soil erosion Ms. Paola Iovièno, CREA-Centro di ricerca Orticoltura e Florovivaismo, Italy</p>	<p>SUB-THEME 2.2</p> <p>Theme Chair: Ms. Megan Balks (ITPS, New-Zealand) <i>Moderator: Mr. Matshwene Edwin Moshia III (ITPS, South Africa)</i></p> <p> Soil conservation knowledge governance in Mexico Ms. Helena Cotler, Centro de Investigación en Ciencias de Información Geoespacial, Mexico</p> <p> Using the SedNetNZ model as a policy planning tool in the Hawke's Bay region of New Zealand Mr. Barry Lynch, Hawke's Bay Regional Council, New Zealand</p> <p> Reversing soil erosion trends at the river basin scale: A participatory model of intervention for building resilience in developing countries Mr. Alfredo del Valle, Foundation for Participatory Innovation, Chile</p> <p> 15 years of experience with the use of detailed erosion maps in soil erosion policy in Flanders, Belgium Mr. Martien Swerts, Government of Flanders, Belgium</p> <p> Supporting Regionally Integrated Agro-Forestry practices in Mountain Regions to Prevent Erosion, comparing China-EU Cases Mr. Xiaoying Liu, Natureherit Design & Consult, Netherlands</p> <p> National Plan participatory construction against Soil Erosion in Brazil Ms. Julia Franco Stuchi, Embrapa, Brazil</p> <p> Integrating data and assessment evidence across disciplines to co-design soil erosion solutions in degraded pastoral land Mr. William H. Blake, University of Plymouth, UK</p>	<p>Theme Chair: Ms. Rosa Maria Poch (ITPS, Spain) <i>Moderator: Mr. Rafla Attia (ITPS, Tunisia)</i></p> <p> A synergy between the biophysical and the economic: the global market impacts of soil erosion Ms. Martina Sartori, Joint Research Centre (JRC), Spain</p> <p> Mapping soil loss by water erosion in Argentina and analysis of its economic impact Mr. Juan J. Gaitán, Centro de Investigación de Recursos Naturales (CIRN), Argentina</p> <p> Economics of soil erosion in Ukraine Mr. Anatolii Kucher, National Scientific Center "Institute for Soil Science and Agrochemistry Research named after O. N. Sokolovsky", Ukraine</p> <p> Assessment of the Cost of Soil Erosion to Crop Production in Canada Mr. Nasem Badreldin, University of Manitoba, Canada</p> <p>Theme discussion moderated by the Theme Chair</p>

13:00 SIDE EVENT | Assessing soil erosion to support land use planning and the achievement of SDG target 15.3 on Land
 14:30 Degradation Neutrality | KING FAISAL ROOM/D263 | Organized by the SPI-UNCCD, light refreshments

13:00
 14:30 **Lunch**

14:30 PARALLEL SESSIONS

16:30 THEME 1

IRAQ ROOM/A235

Theme Chair: Mr. Richard Cruse (Iowa State University, USA)

Moderator: Mr. Siosua Halavatau (ITPS)

| Spatio-temporal monitoring of soil erosion events
Mr. Markus Möller, Julius Kühn Institute (JKI),
 Institute for Strategies and Technology, Germany

| A large-scaled analysis on the spatial variability of soil parameters and its relation to soil erodibility and landscape characteristics in Southern Italy (Molise Region)
Ms. Erika Di Iorio, University of Molise, Italy

| Water erosion and the ENSO phenomenon over Penisetum chilense steppe of Puna region
Mr. Alejandro E. Maggi, University of Buenos Aires, Argentina

| Erosion model testing – are doing enough ?
Mr. John Quinton, Lancaster University, UK

| Long-term monitoring of sediment yield in typical agricultural watersheds of Navarre (Spain)
Mr. Rafael Giménez, Public University of Navarre, Spain

| Merging remote and in-situ land degradation indicators in soil erosion control system
Ms. Tatiana Iliencko, Institute of Agroecology and Environmental Management, Ukraine

| Factors controlling the spatial distribution of sediment yield and area-specific sediment yield on large scale: example of Morocco
Mr. Abdelali Gourfi, Cadi Ayyad University, Morocco

LEBANON ROOM/D209

Theme Chair: Mr. Nigussie Haregeweyn, Tottori University, Japan

Moderator: Mr. German Kust (SPI-UNCCD)

| Using fingerprint methods to implement effective strategies for management, sustainable use and conservation of the Brazilian Atlantic Forest ecosystems

Mr. Renan Pereira Cardoso, Universidade Federal Fluminense, Brazil

| Introduction of three nuclear techniques integrated in order to strengthen in the Latin American and Caribbean region, the strategies and programs of surveillance/monitoring of the sedimentation phenomenon in water reservoir superficial

Mr. José Luis Peralta Vital, Center of Radiation Protection and Hygiene, Cuba

| Quantifying erosion using ¹³⁷Cs in cultivated soil in the Sbaihia watershed-Zagouane, Tunisia

Mr. Mansour Oueslati, National Center for Nuclear Sciences and Technologies, Tunisia

| Estimation of Soil Erosion Deforestation-induced Using Nuclear Techniques (Case study: Golestan Province, Iran)

Mr. Mohammadreza Gharibreza, Soil Conservation and Watershed Management Research Institute, Iran

| Dynamic Erosion Model and Monitoring System (DEMIS)

Mr. Mehmet Ali Akdag, Ministry of Agriculture and Forestry, Turkey

| Simulation and evaluation of global sediment runoff and soil organic carbon removal by erosion in maize fields under varying field management

Mr. Tony Carr, University College London, UK

| Downscale LS derived from 1-arc SRTM in Global Soil Erosion Assessment

Ms. Chunmei Wang, Northwest University, China

16:30
 17:00 **COFFEE BREAK | Arbre de la vie/Atrium**

17:00
 18:00 Theme discussion moderated by the Theme Chair | IRAQ ROOM/A235

18:00
 19:00 **Poster session and erosion exhibition (Atrium)**

Lunch

PARALLEL SESSIONS

THEME 2

MALAYSIA ROOM/B227

SUB-THEME 2.1

Theme Chair: Mr. Gary Pierzynski (ITPS, USA)
Moderator: Mr. Edmond Hien (ITPS)

| Influence of mosses on soil hydraulic conductivity, penetration resistance and water repellency six years after a post-fire salvage logging treatment

Ms. Minerva García-Carmona, Universidad Miguel Hernández, Spain

| Use of perennial crop (*Arundo Donax* L.) in two degraded areas to control soil erosion and improve soil quality

Mr. Donato Visconti, University of Naples Federico II, Italy

| Long-term effectiveness of Sustainable Land Management practices to control runoff, soil erosion and nutrient loss in Mediterranean rainfed agroecosystems

Mr. Victor Castillo, Soil Erosion and Conservation Research Group, Spain

| Soil loss impacts on food security: a case study on LSLA in Mozambique

Mr. Davide Danilo Chiarelli, Politecnico di Milano, Italy

| Soil protection from erosion on the local level in Kharkiv region, Ukraine

Mr. Valerii Koliada, NSC "ISSAR named after Sokolovsky", Ukraine

| Environmental assessment of land management interventions (Atlantic Morocco)

Ms. Nadia Machouri, Mohammed V University, Morocco

GERMAN ROOM/C269

SUB-THEME 2.2

Theme Chair: Ms. Megan Balks (ITPS, New-Zealand)
Moderator: Ms. Lúcia Helena Cunha dos Anjos (ITPS)

| An integrated approach to tackle soil erosion – insights from Burundi

Mr. David Betge, ZOA Deutschland, Germany

| Soil and water conservation policy evolution and its human-environment contexts in China since 1949

Mr. Rui Li, Institute of Soil and Water Conservation, China

| The evolution of soil conservation policies targeting land abandonment and soil erosion in Spain: A review

Ms. Cynthia C.E. van Leeuwen, University of Amsterdam, Netherlands

| The New Zealand Soil Erosion Control Experience 1919 to 2019: Lessons for Policy and Practice

Mr. Frank Scrimgeour, University of Waikato, New-Zealand

| Education for soil science conservation research with children from the Alto del Naranjo village in the municipality of Manizales Caldas – Colombia

Ms. Carmen Soledad Morales Londoño, University of Caldas, Colombia

| The Uruguayan Official Soil Conservation Policy and its Results

Mr. Fernando García-Préchac, Agriculture and Fishery of Uruguay (MGAP), Uruguay

| The impact of plans, policies, practices and technologies based on the principles of conservation agriculture for controlling soil erosion in Brazil

Mr. Aluisio Granato de Andrade, Embrapa, Brazil

COFFEE BREAK | Arbre de la vie/Atrium

Theme discussion moderated by the Theme Chair | GERMAN ROOM/C269

Friday 17th May

08:30 PARALLEL SESSIONS

10:30
11:00
THEME 1 | IRAQ ROOM/A235
Wrap up on the session and finalization of the working documents by the Theme Chairs

THEME 2 | KING FAISAL/D263
Wrap up on the session and finalization of the working documents by the Theme Chairs

THEME 3 | MALAYSIA ROOM/B227
Wrap up on the session and finalization of the working documents by the Theme Chair

10:30
11:00
COFFEE BREAK | Arbre de la vie/Atrium

11:00 PARALLEL SESSIONS

12:30
THEME 1 | IRAQ ROOM/A235
Wrap up on the session and finalization of the working documents by the Theme Chairs

THEME 2 | KING FAISAL/D263
Wrap up on the session and finalization of the working documents by the Theme Chairs

THEME 3 | MALAYSIA ROOM/B227
Wrap up on the session and finalization of the working documents by the Theme Chair

12:30
13:30
SIDE EVENT | Combating erosion, mobilizing farmers | KING FAISAL ROOM/D263

Organised by Wageningen University & Research, Netherlands

12:30
14:30
Lunch

14:30 PLENARY SESSION | GREEN ROOM

15:15 MAIN SESSION OUTCOMES AND KEY MESSAGES

| **Theme 1: Use of data and assessment tools in soil erosion control**
Mr. Nigussie Haregeweyn (Tottori University, Japan)

| **Theme 2: Practices and Policy in action to address soil erosion**
Ms. Megan Balks (Intergovernmental Technical Panel on Soils, New Zealand)

| **Theme 3: The economics of soil erosion control and restoration of eroded land**
Ms. Rosa Poch (Intergovernmental Technical Panel on Soils, Spain)

Moderator

Ms. Generose Nziguheba,
Intergovernmental Technical
Panel on Soils, Burundi

15:15 15:30 VIDEO CONTEST AWARD

15:30 16:30 INTERACTIVE PANEL SESSION

16:30 17:00 CONCLUSIONS AND WAY FORWARD

Mr. Ronald Vargas, Global Soil Partnership Secretary, FAO

Moderator

Mr. Ronald Vargas,
FAO, Italy

17:00 17:20 CLOSURE OF THE SYMPOSIUM

Mr. Eduardo Mansur, Director Land and Water Division (CBL), FAO

POSTER SESSION – THEME 1

| An investigation of the relationship between flow characteristics and soil erosion indices

Mr. Hossein Asadi, University of Tehran, Iran

| Evaluation of soil erosion risk and identification of soil cover and management factor (C) for RUSLE in European vineyards with different soil management

Ms. M. Biddoccu, National Research Council (CNR), Italy

| Is an expert-based model able to map erosion in agricultural catchment?

Mr. Vincent Cantreuil, Liège University, Belgium

| Models erosion as methodical basis combating its manifestations in Ukraine

Mr. Y. M. Dmytruk, Yuriy Fedkovych Chernivtsi National University, Ukraine

| Soil erosion as a source of sediment and phosphorus in Vltava River basin

Mr. Tomas Dostal, Czech Technical University in Prague, Czech Republic

| Soil Erosion Risk in the Rainy Mountainous Area of Eastern Mediterranean

Hussam H. M. Husein, General Commission for Scientific Agricultural Research, Syria

| A contribution to the analysis of urban erosion (DRC)

Mr. A. Emery Murhula, Cabinet d'expertise environnemental et social (CEE), Democratic Republic of the Congo

| Comparison of RUSLE model and UAV-GIS methodology to assess the effectiveness of temporary ditches in reducing soil erosion

Mr. Ulderico Neri, Council for Agricultural Research and Economics (CREA), Italy

| (R)USLE factors obtained in standard plots: a critical analysis, opportunities and challenges related to the database in Brazil

Mr. Marx LN Silva, Federal University of Lavras, Brazil

| Application of the EUROSEM model in drainage basins in areas of the Valencian Community (Spain)

Ms. MD Soriano, UPV, Spain

| Use of geochemical fingerprints to trace sediment sources in an agriculture catchment of Argentina

Mr. R. Torres Astorga, IMASL, UNSL, Argentina

| Rainfall Erosivity in China

Mr. Yun Xie, Beijing Normal University, China

POSTER SESSION – THEME 2

| **Termite footprints in restored versus degraded agrosystems in southwestern Niger**

Mr. Abdourhimou Amadou, Université Félix Houphouët Boigny, Ivory Coast

| **Soil carbon storage in Mediterranean forest stands: implications in the restoration of eroded soils**

Mr. Giovanni Di Matteo, Council for Agricultural Research and Economics, Italy

| **Assessing the effectiveness of Sustainable Land Management for large-scale climate change adaptation**

Mr. Joris Eekhout, Spanish Research Council, Spain

| **Using 'No-tillage' farming technique as an assessment tool in soil erosion control study on highly acidic soils formed from the volcanic origin, common in Micronesia**

Mr. Mohammad H. Golabi, University of Guam, USA

| **No-Till Effect On Soil Erosion In Mid-Slope Cropping Through Soil Aggregates Stability And Fallout Radionuclides**

Mr. Iaaich Hamza, National Institute of Agricultural Research (INRA), Morocco

| **Novel biotechnological methods of soil erosion control to achieve sustainable development goals: economic growth, food self-sufficiency, and clean water**

Mr. Volodymyr Ivanov, National University of Food Technologies, Ukraine

| **Conservation and Traditional Agriculture Impacts on Soil in the Peruvian's highlands**

Ms. Ocaña Reyes J.A., CARE, Peru

| **Policy framework on soil erosion and land degradation from the post conflict perspective of Bosnia and Herzegovina**

Ms. Marijana Kapović Solomun, University of Banja Luka, Bosnia-Herzegovina

| **A Generic Policy and Implementation Model to Address Soil Erosion**

Mr. Lal Manavado, Norway

| **Western Balkan Countries vs. Mediterranean Region Policy on Soil Erosion**

Ms. Adanela Musaraj, European University Institute, Italy

| **Erosion-induced soil toxicity undermined maize-bean responses to sustainable land management practices on Mount Wanale in eastern Uganda**

Mr. Giregon Olupot, School of Agricultural Sciences Makerere University, Uganda

POSTER SESSION – THEME 2 (CONTINUE)

| Promoting the Adoption of Soil Conservation Practices in Manitoba

Ms. Marla Riekman, Manitoba Agriculture, Canada

| Surface creep, saltation and suspension with large and medium aggregates: a wind tunnel experiment

Mr. Eduardo A. Rienzi, Cátedra de Manejo y Conservación de Suelos FAUBA, Argentina

| Collective action in the face of the water crisis and desertification in the Atacama Desert

Ms. Isabel Sepulveda Rivera, the indigenous community of San Pedro de Atacama and of the Atacama Farmers Irrigation Association, Spain

| A possible approach to control soil erosion: natural farming

Ms. Silvia Socciarelli, Council for Agricultural Research and Economics (CREA), Italy

| Increasing soil chemical properties through the application of rock fines in tropical soils in west Cameroon, Africa

Mr. Samuel Tetsopgang, University of Bamenda, Cameroon

POSTER SESSION – THEME 3

| Assessing land consumption impact on ecosystem services provision: an insight on biophysical and economic dimension of loss of erosion control in Italy

Ms. Francesca Assenato, Institute for Environmental Protection and Research (ISPRA), Italy

| 20 years of lessons learned with the application of economic-environmental incentives in national programs of erosion control in degraded soils Chile

Mr. Samuel Francke-Campaña, Ministry of Agriculture (CONAF), Chile

| The Economics of Soil Erosion Control and Restoration of Eroded Land

Mr. Simon G. Macharia, Mkokoteni Aid Development Organization (Mado), Kenya

Logistical information

BUILDING PASS PICKUP

Make your way to the FAO Security Access Pavilion near the Circo Massimo Metro station. Present an ID to a FAO Security Officer.

SECURITY

The FAO Security Office operates from 07.30-17.30 hours from Room B062 (extension 55159).

GLOBAL SYMPOSIUM ON SOIL EROSION

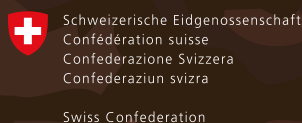

#StopSoilErosion

<http://www.fao.org/about/meetings/soil-erosion-symposium>

The Global Soil Partnership (GSP) is a globally recognized mechanism established in 2012. Our mission is to position soils in the Global Agenda through collective action. Our key objectives are to promote Sustainable Soil Management (SSM) and improve soil governance to guarantee healthy and productive soils, and support the provision of essential ecosystem services towards food security and improved nutrition, climate change adaptation and mitigation, and sustainable development.
