Decision	Implementation
Ensure gender considerations are an integral part of every evaluation [para. 16(c); CL 143/7, para.11]	This is a standard feature in the Terms of Reference for all Evaluations, and gender coverage formed part of the quality assurance mechanism for Evaluations undertaken and adopted in 2011.
Develop a Strategy and Vision for FAO in Nutrition through the inter-divisional Steering Committee for this purpose and encourage partnership and coordination with relevant partners [para. 17(b-c); CL 143/7, para. 16]	Interdivisional Steering Committee and Task Team have been established. Participatory process, involving FAO staff across headquarters and decentralized offices, and external partners, including UN agencies, is underway. At the 110 th Session of the Programme Committee, an informal, unofficial session gave a very brief update on development of the nutrition strategy (outline), as the item had been deleted from the formal agenda due to late release of the submitted document. Design workshops and consultations with staff, partners, and Member States will continue through July. Strategy will be presented to the Programme Committee in October 2012.
Ensure that all projects and programmes have the necessary provisions for the evaluation component [para. 18(a); CL 143/7, para. 18(a-b); PC 108/7]	Following the issuance of Field Programme Circular 2011/01 on instructions were forwarded to the funding liaison officers regarding implementation and monitoring procedures, with copy to the Regional Offices for information, given their role in operational clearance and liaison with project formulators, including project budget holders/FAORs and technical officers within the regions. Annual reports will be provided, with detailed information on specific provisions for evaluating approved projects, that will then be reported to the Governing Bodies.
Find ways and means of ensuring access to evaluations by resources partners of projects/programmes implemented by FAO [para. 18(b); CL 143/7, para. 18(c); PC 108/7]	All evaluations along with the Management Response to them are posted on the FAO evaluation website (see http://www.fao.org/evaluation/en/) when they are completed and are sent to the resource partner by the Budget Holder.
Provide a Follow-up Report to the Programme Committee for its October 2012 Session on implementation of, and compliance with, the Council decision relating to funding of evaluations [para. 18(c); CL 143/7, para. 18(d); PC 108/7]	The document will be submitted in October 2012.
Implement the proposed amendment regarding the mandate of the Director of Evaluation to paragraph 43 of the Charter of the Office of Evaluation (para. 20; CL 143/5, paras. 11-14)	The Charter and Basic Texts have been amended accordingly.

Decision	Implementation
Include IFAD and other relevant organizations in the Joint FAO-WFP Strategy on Information Systems for Food and Nutrition Security, and spell out more clearly how national ownership will be ensured [para. 21; CL 143/11, para. 8(c)]	Consultations between FAO, IFAD and WFP on areas of collaboration have begun. IFAD has expressed a keen interest in developing areas of future joint ISFNS work with FAO and WFP, where national ownership is considered key. As detailed country needs assessments will constitute the first activity of the implementation plan, they will be carried out in a way that puts countries in the driver's seat.
Initiate a review of the Organization's Rules and Procedures applicable to Observers of NGOs, as set out in paragraph 16 of document PC 108/10, para. 22(b)	The Organization has initiated a process of revision of Rules and Procedures applicable to observers of NGOs, as foreseen in the report of the 108 th Session of the Programme Committee [CL 143/7, paragraph 22(b)]. However, this process may be more complex than initially anticipated, as it will have to address a range of inter-related issues including cooperation and relationship with the private sector, the status of international non-governmental organizations, of CSOs/NGOs and involve several units, both at headquarters and in the field, as well as the views of a number of statutory bodies. There might be a need for consultation with relevant parties and the membership.
Reports of the 139th (30 May-1 June 2011), 140th (10-14 October 2011), 141st (2-4 November 2011) and 142nd (7-8 November 2011) Sessions of the Finance Committee	
Implement the recommendations formulated with respect to the evaluation of FAO Regional and Sub-Regional Offices for the Near East and the Management Response [para. 25(a); CL 143/6, paras. 7-8]	Recommendations arising from the evaluation were discussed at the 31 st Near East Regional Conference and are reported in document CL 144/8 <i>Report of the 31st Session of the Regional Conference for the Near East (Rome, Italy, 14-18 May 2012)</i>
Implement the discount of 0.04 percent for USD and 0.21 percent for Euro Assessments for Member Nations which paid their contributions in full before 31 March 2011 [para. 25(c); CL 143/8, para. 12]	This decision has been implemented by crediting the calculated discount against the 2012 assessments of Member Nations.
Implement the proposed reinforced staffing of the Treasury Function [para. 25(d); CL 143/8, paras. 20-21]	Recruitment actions are ongoing and a report will be presented to a future session of the Finance Committee following implementation of the new staffing structure.
Implement initiatives to improve the Methods of Work of the Finance Committee [para. 25(f); CL 143/8, para. 40 and CL 143/12, paras. 26-30]	Further proposals and initiatives to improve the Methods of Work of the Finance Committee were discussed at its 143 rd Session. (see CL 144/12)

Decision	Implementation
Implement measures to improve the policy of full-cost recovery from extra-budgetary-funded activities, building on the experience of other UN Agencies and in line with Financial Regulation 6.7 (para. 26; CL 134/12, paras. 6-7)	The procedure to recover and credit the income from the improved cost recovery uplift was implemented in May 2012, in line with the decision of Council.
In improving the full recovery of support costs, provide additional information on the methodology used to assess the deficit of cost recovery and the reimbursement related to the cost of support services in the form of a separate comprehensive report addressing all aspects of this support-cost policy to the Finance Committee during the 2012-13 biennium (para. 27; CL 143/12, paras. 9-14)	The comprehensive report on FAO's support cost policy will be provided to the Finance Committee in the second half of 2013.
Committee on World Food Security	
Report of the 37th Session of the Committee on World Food Security	
Schedule an additional negotiation session to finalize the Voluntary Guidelines for the Responsible Governance of Tenure of Land, Fisheries and Forests in the Context of National Food Security. [para. 28(a); CL 143/2, paras. 10-16 and 29 (viii-ix)]	The negotiation session was held in March 2012, prior to the 38 th (Special) Session of the CFS. The Voluntary Guidelines were adopted by the Special Session of the CFS on 11 May 2012 (see document CL 144/9).
Continue work on a Global Strategic Framework for Food Security and Nutrition [para. 28(b); CL 143/2, para. 56]	Draft One of the Global Strategic Framework was discussed at all FAO Regional Conferences in a multi-stakeholder forum, as well as via on-line consultation, which contributed to the preparation of Draft Two. The latter will be discussed during an Open-ended Working Group Meeting to be held in Rome from 27 to 29 June 2012.
Assess the merits of the recommendations regarding the organization and working methods of future CFS sessions, including the need for shorter agendas, better use of plenary time, effective management of Roundtables, prioritization of the Committee's proposed actions, and impacts of CFS major initiatives (para. 29)	These recommendations have been taken into account by the CFS Bureau, the Advisory Group and by relevant working groups in the preparation of the 38 th (May 2012, see CL 144/9) and the 39 th (October 2012) Sessions of the Committee, as well as for prioritization and monitoring of the Committee's actions.

Governance Matters	
Progress Report on the Immediate Plan of Action Implementation	
<p>Present a full report to the Council through the Programme and Finance Committees in 2012, clearly highlighting actions incurring minor or major delays, including a comprehensive financial report for the period 2010-11 and the risks and mitigating measures for the main IPA actions. This, and all future reports, should provide detailed information on the outcomes, impact and tangible benefits deriving from the IPA, and on the progress made in achieving these in both qualitative and quantitative terms (para. 34)</p>	<p>A full report is provided to the 144th Session of the Council through the Finance and Programme Committees in 2012, covering IPA progress throughout 2010 and 2011. Detailed information on outcomes and tangible benefits will also be produced through a Benefits Realization Initiative under implementation during 2012. The planning of this initiative will be reported in the IPA Annual Report for 2012.</p>
Status of Implementation of Decisions taken at the 141st and 142nd Sessions of the Council	
<p>Implement the suggested improvements to the format and content of future reports to better reflect the status of implementation of the decisions (para. 41)</p>	<p>This document has been released closer to the opening of the Council session than previous reports on the implementation of decisions by Council to allow for the inclusion of updated information. To enable easier tracking of decisions implemented since the last session of Council, document references and web links have been cited where appropriate, and the description of the action implemented has been made as self-contained as possible.</p>
Status of preparation of FAO contributions to the 2012 United Nations Conference on Sustainable Development on "Governance for Greening the Economy with Agriculture"	
<p>Continue producing inputs for the preparatory process of the United Nations Conference on Sustainable Development (Rio de Janeiro, 20-22 June 2012), including the joint submission by FAO, IFAD and WFP (para. 42)</p>	<p>FAO has continued its corporate preparations for Rio+20, through interdepartmental mechanisms, focal points in Regional Offices, and by establishing specific Coordination and Policy Teams to develop knowledge products and logistical arrangements to support FAO's engagement with Rio+20. A broad consultative process, coordinated by DDG-Knowledge, resulted in the FAO policy document and brief (Towards the Future We Want), FAO Rio+20 video, shared Rio+20 workspace, and other associated knowledge products. FAO also provided leadership with regard to collaboration and development of joint statements with Bioversity, IFAD and WFP. The preparatory process, and associated inputs, also provide the foundation for follow-up post-Rio, will inform FAO's future programming, and serve as a platform to inform FAO engagement in the post-2015 development agenda.</p>
