## B. GENERAL RULES OF THE ORGANIZATION

### A. THE CONFERENCE

#### Rule I

##### Sessions of the Conference

1. The regular session of the Conference shall be held at the seat of the Organization in the month of June, unless it is convened elsewhere or at a different time in pursuance of a decision of the Conference at a previous session, or, in exceptional circumstances, of a decision by the Council. For the purposes of the Constitution, of these Rules and of the Financial Regulations, the term "regular session" means the biennial session contemplated by paragraph 6 of [Article III](#) of the Constitution, and the terms "biennium" and "financial period" mean the two-year period starting on 1 January following the date on which the regular session of the Conference normally convenes in accordance with this paragraph. Any other session, whether convened in pursuance of a decision of the Conference or under paragraph 2 of this Rule, shall be a special session.

2. If the Council should so direct, or if at least one-third of the Member Nations should so request, the Director-General shall convene the Conference to meet in special session within six months of such direction or request at such time and place as the Council may designate.

3. Notices convening a regular session of the Conference shall be dispatched by the Director-General not less than 90 days, and notices convening a special session not less than 30 days, before the date fixed for the opening of the session, to Member Nations and Associate Members, and to the international organizations which may be represented at the Conference in pursuance of paragraph 5 of Article III of the Constitution, and of [Rule XVII](#) of these Rules. These international organizations are hereafter referred to in these Rules as "participating international organizations".

### *Special sessions*

3. A provisional agenda for each special session of the Conference shall be drawn up by the Director-General and dispatched to Member Nations and Associate Members and to participating international organizations not less than 30 days before the date fixed for the opening of the session.

4. The provisional agenda for a special session shall include:

  - (e) applications for admission of additional Member Nations or Associate Members to the Organization, if any, in accordance with [Rule XIX](#).

*Regular and special sessions*

5. Any Member Nation or Associate Member acting within the limits of its status may, not less than 30 days before the date fixed for the opening of a session, request the Director-General to include specific items on the agenda. These items shall be placed on a supplementary list, which shall be dispatched to Member Nations and Associate Members not less than 20 days before the date fixed for the opening of the session, and shall be presented to the General Committee for recommendation to the Conference.

6. During any session the Conference may, by a two-thirds majority of the votes cast, add to the agenda any item proposed by a Member Nation or an Associate Member acting within the limits of its status. No such item shall be considered in the absence of a report by the Director-General on its technical, administrative and financial implications, if any, unless the Conference shall otherwise decide in a case of urgency.

7. Proposals by Member Nations or Associate Members for the agenda of any session of the Conference, if not made at a session, shall be made to the Director-General, who shall present them to the General Committee together with a report on their technical, administrative and financial implications, if any. All agenda proposals made by Member Nations or Associate Members shall be accompanied by explanatory memoranda and, if possible, by basic documents or, where appropriate, by draft resolutions.

8. Where an item proposed for the agenda of a session of the Conference in conformity with these Rules contains a proposal for new activities to be undertaken by the Organization relating to matters which are of direct concern to the United Nations, one or more of the specialized agencies of the United Nations or other intergovernmental organizations with which the Organization has an Agreement of Relationship, the Director-General shall enter into consultation with the organizations concerned and report to the Conference on the means of achieving coordinated use of the resources of the respective organizations. Where a proposal put forward in the course of a session for new activities to be undertaken by the Organization relates to matters which are of direct concern to the United Nations or one or more of the other organizations referred to above, the Director-General shall, after such consultation as may be possible with the representative of the other organization concerned attending the session, draw the attention of the Conference to the interest which the other organization or organizations may have in the proposal. Before deciding on such proposals, the Conference shall either satisfy itself that adequate consultations have taken place with the organizations concerned or arrange for such consultations.

9. Copies of all reports and other documents to be submitted to the Conference at any session, in connection with any item which may be on the agenda, shall be furnished by the Director-General to the Member Nations and Associate Members and to participating international organizations, at the same time as the agenda or as soon as possible thereafter, except as may be otherwise provided in these Rules and the Financial Regulations. The Director-General's draft programme of work and budgetary proposals for the ensuing financial period shall, where practicable, be accompanied by the joint report of the Programme and Finance Committees, provided for in [Rule XXVIII](#), paragraph 3 of these Rules.

10. The Conference shall not proceed to the discussion of any item on the agenda until at least 72 hours have elapsed since the documents referred to in paragraph 6 or 9, as the case may be, have been made available to delegations.

11. At each session the provisional agenda, together with items on the supplementary list, if any, which have been approved by the General Committee, shall be submitted to the Conference for approval as soon as possible after the opening of the session and, on approval of the Conference with or without amendment, shall become the agenda of the Conference.

### **Rule III**

#### **Delegations and Credentials**

1. For the purpose of these Rules the term "delegation" means all the persons appointed by a Member Nation or an Associate Member to attend a session of the Conference, that is to say, its delegate and his alternates, associates and advisers.

2. The credentials of delegates, alternates, associates and advisers, and of the representatives of the participating international organizations shall, insofar as possible, be deposited with the Director-General not less than 15 days before the date fixed for the opening of each session of the Conference. The credentials of delegates, alternates, associates and advisers shall be issued by, or on behalf of, the head of state, the head of government, the minister for foreign affairs or the minister concerned. A Permanent Representative to the Organization does not require special credentials if his letter of accreditation to the Organization specifies that he is authorized to represent his government at sessions of the Conference, it being understood that this would not preclude that government from accrediting another delegate by means of special credentials.

3. There shall be a Credentials Committee of the Conference consisting of nine Member Nations.

4. The Credentials Committee shall examine the credentials deposited in accordance with paragraph 2 and report promptly thereon to the Conference, which shall decide any questions arising.

5. Any delegation or representative to whose admission a Member Nation has made objection shall be seated provisionally with the same rights as other delegations or representatives until the Credentials Committee has reported and the Conference has given its decision.

6. The Chairperson of the Credentials Committee shall be elected by the Committee. He shall have, in relation to meetings of the Committee, the same powers and duties as the Chairperson of the Conference in relation to meetings of the Conference. A majority of the members of the Committee shall constitute a quorum. Decisions in the Committee shall be

taken by a majority of the votes cast. No member shall have more than one vote. Meetings of the Committee shall be held in private unless otherwise determined by the Conference.

#### **Rule IV Secretariat**

1. The Director-General shall provide and direct such Secretariat and other staff and facilities as may be required by the Conference and by such commissions or committees as it may establish.
2. It shall be the duty of the Secretariat to receive, translate and circulate documents, reports and resolutions of the Conference and of its commissions and committees; to prepare the records of the proceedings; and to perform such other work as the Conference or any of its commissions or committees may require.

#### **Rule V Attendance at Plenary Meetings of the Conference**

1. Plenary meetings of the Conference shall be open to attendance by all delegations, the representatives of participating international organizations, and such members of the staff of the Organization as the Director-General may designate.
2. Plenary meetings of the Conference shall be held in public unless the Conference decides otherwise.
3. Subject to any decision of the Conference, the Director-General shall, taking into account all relevant security concerns, make appropriate arrangements for the admission of the public to Plenary Meetings of the Conference. Subject to any decision of the Conference, the Director-General shall also make arrangements for the admission of representatives of the press and other information agencies to Plenary Meetings of the Conference.

#### **Rule VI Opening of the Session**

At the opening of each session of the Conference, the Director-General shall preside until the Conference has elected a Chairperson.

#### **Rule VII Nominations**

The Chairperson of the Conference, the Chairpersons of the Commissions of the Conference, the three Vice-Chairpersons of the Conference, the members of the Credentials Committee and the elected members of the General Committee, provided for by [Rule X](#), paragraph 1 shall be nominated by the Council.

#### **Rule VIII Election of the Chairperson and Vice-Chairpersons of the Conference and of the Members of the Credentials and General Committees**

The Conference shall, after consideration of the Report of the Council, elect:

- (a) from the delegations, a Chairperson and three Vice-Chairpersons;
- (b) from the Member Nations:
  - i. the Credentials Committee, as provided in [Rule III](#), paragraph 3;

- ii. the seven members of the General Committee to be elected as provided in Rule X, paragraph 1.

## **Rule IX**

### **Powers and Duties of Chairperson and Vice-Chairpersons of the Conference**

1. In addition to exercising such powers as are conferred upon him elsewhere by these Rules, the Chairperson shall declare the opening and closing of each plenary meeting of the session. He shall direct the discussions in plenary meetings, and at such meetings ensure observance of these Rules, accord the right to speak, put questions and announce decisions. He shall rule on points of order and, subject to these Rules, shall have complete control over the proceedings at any meetings. He may, in the course of the discussion of an item, propose to the Conference the limitation of the time to be allowed to speakers, the number of times each delegation may speak on any question, the closure of the list of speakers, the suspension or adjournment of the meeting, or the adjournment or closure of the debate on the item under discussion.
2. In the absence of the Chairperson during a plenary meeting or any part thereof, one of the Vice-Chairpersons shall preside. A Vice-Chairperson acting as Chairperson shall have the same powers and duties as the Chairperson.
3. The Chairperson, or a Vice-Chairperson acting as Chairperson, shall not vote but may appoint an alternate, associate or adviser from his delegation to vote in his place.
4. The Chairperson, in the exercise of his functions, remains under the authority of the Conference.

## **Rule X**

### **General Committee**

1. There shall be a General Committee of the Conference consisting of the Chairperson and Vice-Chairpersons of the Conference and seven Member Nations elected by the Conference under [Rule VIII](#). The Chairperson of the Conference shall be the Chairperson of the Committee. He shall have, in relation to meetings of the Committee, the same powers and duties as he has in relation to meetings of the Conference. In the absence of the Chairperson during a meeting of the General Committee, or any part thereof, one of the Vice-Chairpersons shall preside. A Vice-Chairperson acting as Chairperson shall have the same powers and duties as the Chairperson. A majority of the members of the Committee shall constitute a quorum. Decisions in the Committee shall be taken by a majority of the votes cast. No member shall have more than one vote. Meetings of the Committee shall be held in private unless otherwise determined by the Conference.
2. In addition to exercising such duties as are specified elsewhere in these Rules, the General Committee shall, in consultation with the Director-General and subject to any decision of the Conference:
  - (a) arrange the time and place of all plenary meetings and of all meetings of commissions and committees established at plenary meetings during the session;
  - (b) determine the order of business at each plenary meeting of the session;
  - (c) propose the allocation to the different commissions and committees of the Conference of the various items of the agenda and propose the vice-chairpersons of the commissions;

- (d) meet periodically throughout each session to review the progress of the Conference, to coordinate the work of all commissions and committees and to make recommendations for furthering such progress; and meet at such other times as the Chairperson deems necessary or upon the request of any other of its members;
- (e) report on any additions to the agenda proposed during the session under [Rule II](#), paragraph 6;
- (f) fix the date of adjournment of the session;

- (j) determine and announce the date of election of the Chairperson of the Council, and of the Director-General, as soon as possible after the opening of the Conference session, and submit to the Conference recommendations with respect to the conditions of their appointment ([Rules XXIII](#), paragraph 1 and [XXXVII](#), paragraph 4);
- (k) otherwise facilitate the orderly dispatch of the business of the session.

3. The reports of all commissions and committees established to consider items of the agenda of any session of the Conference and the report of the session shall, before being submitted at a plenary meeting for final decision thereon at that session, be referred to the General Committee for coordination and editing and for such procedural recommendation as the General Committee may wish to make. Such reports, including draft resolutions and any recommendations of the General Committee, shall thereafter be circulated, insofar as is practicable, at least 24 hours in advance of the plenary meeting at which they are to be considered.

4. A Member Nation which is not represented on the General Committee or an Associate Member, either of which has requested the inclusion of an item on the agenda of the Conference in accordance with the provisions of [Rule II](#), may attend any meeting of the General Committee at which its request is discussed, and may participate, without vote, in the discussion of the item.

## **Rule XI**

### **Proposals and Amendments**

1. Proposals relating to an item on the agenda shall be introduced in or referred to the commission or committee to which the relevant item has been allocated, except where the item concerned is to be considered at plenary meetings without prior referral to a commission or committee.

2. Proposals and amendments shall be introduced in writing and handed to the Secretary-General of the Conference, who shall arrange for their circulation as Conference documents.

3. Except as may be decided otherwise by the Conference at a plenary meeting or by a commission or committee, proposals shall not be put to the vote unless copies thereof have been circulated at least 24 hours before the vote. The Chairperson of the Conference or of the commission or committee concerned may permit voting on amendments even though these amendments have not been circulated or have been circulated less than 24 hours before the vote.

4. A proposal may be withdrawn at any time before voting on it has commenced, provided that the proposal has not been amended. A proposal which has thus been withdrawn may be reintroduced by any member.

## **Rule XII**

### **Quorum and Voting Arrangements at Meetings of Conference and Council**

1. Subject to the Constitution and these Rules, the following shall govern the procedure in relation to voting and elections in the Conference and the Council:

2.

- (a) Except as otherwise provided by the Constitution or these Rules, in the Conference a majority of the Member Nations and in the Council a majority of the Members of the Council shall constitute a quorum.
- (b) Before proceeding to a vote or election, the Chairperson shall announce the number of delegates or representatives present. If less than the number required for a quorum is present, the vote or election shall not be held.

3.

- (a) Except as otherwise provided in the Constitution or these Rules, the required majority for any decision or for any election shall be more than one half of the votes cast.
- (b) Subject to the provisions of [Article XX](#), paragraph 1 of the Constitution, when a two-thirds majority of the votes cast is required by the Constitution or these Rules for a decision to be taken by the Conference, the total number of affirmative and negative votes cast shall be more than one half of the Member Nations of the Organization. If these conditions are not fulfilled, the proposal shall be considered as rejected.<sup>1</sup>

---

<sup>1</sup> The following are the cases in which, for a decision to be taken by the Conference, a two-thirds majority of the votes cast is required, provided that the total number of affirmative and negative votes cast shall be more than one half of the Member Nations of the Organization:

- Admission of additional or Associate Members.
- Approval of conventions and agreements.
- Approval of agreements between the Organization and Member Governments.
- Decisions on the level of the budget.
- Formulation of recommendations to Member Governments.
- Inclusion of new items on the Conference agenda after it has been formally adopted by the Conference.
- Amendment or suspension of the General Rules of the Organization.

In the case of amendments by the Conference to the Constitution, a two-thirds majority of the votes cast is also required, provided that such majority is more than one half of the Member Nations of the Organization.

In the case of approval of agreements and supplementary conventions and agreements by the Council and the addition of items to the Council's agenda during a session, a two-thirds majority of the membership of the Council is required (i.e., at least 33 Council Members in favour).

- 4.
- (a) For the purpose of the Constitution and these Rules the phrase “votes cast” shall mean affirmative and negative votes, and shall not include abstentions or defective ballots.
  - (b) Abstentions shall be recorded:
    - i. in a vote by show of hands, only for those delegates or representatives who raise their hands in response to the Chairperson's request for abstentions;
    - ii. in a roll call vote, only for those delegates or representatives who reply "Abstention";
    - iii. in a secret ballot, only for such ballot papers deposited in the ballot box as are either blank or marked "Abstention";
    - iv. in a vote by electronic means, only for those delegates or representatives who indicate "Abstention".
  - (c)
    - i. Any ballot paper carrying votes for more candidates than there are vacancies to be filled, or carrying a vote for an individual, nation or locality not validly nominated, shall be considered defective.
    - ii. In the case of an election to fill simultaneously more than one elective place any ballot paper carrying votes for less candidates than there are vacancies to be filled shall also be considered defective.
    - iii. The ballot paper shall carry no other notation or mark than those required for the purpose of indicating the vote.
    - iv. Subject to (i), (ii) and (iii) above, a ballot paper shall be considered valid when there is no doubt as to the intention of the elector.
5. Except as otherwise provided in the Constitution or these Rules, the nomination of any candidate for an elective place to be filled by the Conference or Council shall be made by the government of a Member Nation or by its delegate or representative. Subject to the procedure for nomination provided in the Rules, the appointing body shall determine the nomination procedure.
6. Voting shall be by show of hands, roll call or secret ballot.
- 7.
- (a) Subject to the provisions of paragraph 10 of this Rule, a vote by roll call shall be taken either upon request of a delegate or representative, or if a majority of two-thirds is required by the Constitution or these Rules. Voting by roll call shall be conducted by calling in English alphabetical order the names of all Member Nations entitled to vote. The name of the first nation to be called shall be designated by lot drawn by the Chairperson. The delegate or representative of each Member Nation shall reply "Yes", "No", or "Abstention". At the conclusion of any roll call, the name of any Member Nation whose delegate or representative failed to answer shall be called again. The vote of each Member Nation participating in any vote by roll call shall be inserted in the record of the meeting.
  - (b) The count and recording of votes by show of hands or by roll call shall be conducted by or under the supervision of the Conference or Council elections officer, appointed by the Director-General in accordance with the terms of paragraph 16 below.

- (c) If for two successive ballots by roll call the name of the same Member Nation is drawn, the name of another Member Nation shall be designated by lot or lots drawn by the Chairperson.
8. When the Conference or Council votes by electronic means, a vote without recording names shall replace a vote by show of hands and a nominal vote shall replace a roll call. In the case of a nominal vote, the procedure of calling out the names of the Member Nations shall not be applicable unless the Conference or Council otherwise decides. The vote of each Member Nation participating in a nominal vote shall be inserted in the record.
- 9.
- (a) For the purpose of the Rules, the term "election" means the selection or appointment of one or more individuals, nations or localities. The election of Council Members shall take place in accordance with the procedure laid down in [Rule XXII](#), paragraph 10(g). In other cases, more than one elective place shall be filled at the same election, unless the Conference or Council decide otherwise.
- (b) When one elective place is to be filled, the method of election by secret ballot shall be as provided in paragraph 11 of this Rule. When more than one elective place is to be filled at the same election, the method of election by secret ballot shall be as provided in paragraph 12 of this Rule.
- 10.
- (a) The appointment of the Director-General and the admission of additional Member Nations and Associate Members shall be decided by secret ballot. Other elections shall likewise be decided by secret ballot, except that in the case of an election in which there are not more candidates than vacancies the Chairperson may submit to the Conference or Council that the appointment be decided by clear general consent.
- (b) Any other matter shall be decided by secret ballot if the Conference or Council so determines.
- (c)
- i. For the purpose of a secret ballot, the Chairperson of the Conference or Council shall appoint two tellers from among the delegates or representatives, or their alternates. In the case of a secret ballot for an election, the tellers shall be delegates or representatives, or their alternates, who are not parties directly interested in the election.
- ii. The duties of the tellers shall be to supervise the balloting procedure, count the ballot papers, decide on the validity of a ballot paper in any case of doubt, and certify the result of each ballot.
- iii. The same tellers may be appointed for successive ballots or elections.
- (d) Ballot papers shall be duly initialled by an authorized officer of the secretariat of the Conference or Council. The elections officer shall be responsible for ensuring compliance with this requirement. For each ballot only one blank ballot paper shall be given to each delegation entitled to vote.
- (e) For a vote by secret ballot, one or more voting booths shall be set up, supervised in such a manner as to ensure complete secrecy of the ballot.
- (f) Should any delegate invalidate his ballot paper, he may, before leaving the precinct of the polling booths, request a new blank ballot paper, which shall be delivered to

him by the elections officer on the surrender of the invalidated ballot paper. The invalidated ballot paper shall remain in the custody of the elections officer.

- (g) Should the tellers withdraw from the presence of the delegates or representatives in order to carry out the count of the votes, only the candidates or scrutineers appointed by the candidates may attend the count, but they shall not take part in the count.
- (h) Members of delegations and of the secretariat of the Conference or Council who are responsible for the supervision of any vote by secret ballot shall not disclose to any unauthorized person any information which might tend, or be presumed to tend, towards destroying the secrecy of the ballot.
- (i) The Director-General shall be responsible for the safe custody of all ballot papers until the elected candidates take office or for three months after the date of the ballot, whichever is the longer period.

11. In any election for one elective place, other than that of the Director-General, if a candidate fails on the first ballot to obtain a majority of the votes cast, successive ballots shall be taken at such time or times as the Conference or Council shall decide, until a candidate obtains such a majority, provided that in an election for one elective place in which there are more than two candidates, the candidate having received the lowest number of votes at each ballot shall be eliminated.

12. In any election to fill simultaneously more than one elective place the following shall apply:

- (a)
  - i. In the Conference a majority of the Member Nations of the Organization and in the Council two-thirds of the Members of the Council shall constitute a quorum.
  - ii. More than one-half of the number of Members casting valid votes shall constitute the required majority.
- (b) Each elector, unless he wholly abstains, shall cast one vote for each elective place to be filled. Each vote shall be cast for a different candidate. Any ballot paper which is not in conformity with these requirements shall be declared defective.
- (c) The candidates who receive the largest number of votes shall be declared elected in a number equal to the number of elective places to be filled, provided they have received the required majority defined in subparagraph (a)(ii) above.
- (d) If only some of the elective places have been filled after the first ballot, a second ballot shall be cast to fill the remaining elective places, under the same conditions as the first ballot. This procedure shall continue until all the elective places have been filled.
- (e) If, at any stage during the election, one or more vacant places cannot be filled because of an equal number of votes having been obtained by two or more candidates, a separate ballot shall be held among such candidates to determine which of them shall be elected, in accordance with the provisions of subparagraph (c) above. Such procedure will be repeated as necessary.
- (f) If in any ballot no candidate receives the required majority, the candidate that receives the smallest number of votes in that ballot shall be eliminated.

13.

- (a) If a vote is equally divided on a matter other than an election, a second vote shall be taken at a subsequent meeting to be held not less than one hour after the conclusion of the meeting at which the equally divided vote occurred. If the second vote is also equally divided the proposal shall be regarded as rejected.
- (b) At any stage in an election after the first ballot has been held, further balloting may be postponed by the Chairperson with the concurrence of the Conference or Council.

14. Once voting has commenced, no delegate or representative may interrupt the voting except to rise to a point of order in connection with the voting.

15.

- (a) Any delegate or representative may challenge the result of a vote or election.
- (b) In the case of a vote by show of hands or roll call vote, should the result be challenged, the Chairperson shall cause a second vote to be taken forthwith.
- (c) A vote by show of hands or by roll call may be challenged only immediately after the result has been announced.
- (d) A secret ballot may be challenged at any time within three months of the date upon which it took place or until the elected candidate takes office, whichever is the longer period.
- (e) Should a vote or election by secret ballot be challenged, the Director-General shall cause the ballot papers and all relevant record sheets to be re-examined and shall circulate the result of the investigation, together with the original complaint, to all Member Nations of the Organization or of the Council, as appropriate.

16. An officer of the Secretariat designated by the Director-General for each Conference or Council session, who shall be known as the elections officer, shall, with the assistance of a deputy or deputies, be responsible for the following duties:

- (a) to ensure that the provisions of the Constitution and the General Rules of the Organization regarding voting and electoral procedure are correctly carried out;
- (b) to be responsible for all arrangements for voting and elections;
- (c) to advise the Chairperson of the Conference or Council on all matters pertaining to voting procedures and mechanics;
- (d) to supervise the preparation of ballot papers and be responsible for their safe custody;
- (e) to report to the Chairperson of the Conference or Council the presence of a quorum before any vote is taken;
- (f) to maintain records of all election results, ensuring that they are faithfully recorded and published;
- (g) to undertake such other relevant duties as may arise in connection with voting and elections.

17. If a decision is to be taken on a matter other than an election, for which a two-thirds majority is not required by the Constitution or these Rules, the Chairperson may submit to the Conference or Council that the matter be decided by general consent without recourse to a formal vote.

18. Parts of a proposal or of an amendment shall be voted on separately if a delegate or representative requests such division, provided that, if objection is made, the question of division shall be decided by the Conference or Council. In addition to the delegate or representative requesting the division, two delegates or two representatives may speak for, and two against, the motion for division. If the motion for division is carried, those parts of the proposal or of the amendment which are subsequently approved shall be put to the vote as a whole. If all operative parts of the proposal or of the amendment have been rejected, the proposal or the amendment shall be considered to have been rejected as a whole.

19. The Conference or Council may limit the time to be allowed to each speaker and the number of times any delegate or representative may speak on any question. When debate is limited and a delegate or representative has spoken his allotted time, the Chairperson shall call him to order without delay.

20. During the discussion of any matter, a delegate or representative may rise to a point of order and the point of order shall be immediately decided by the Chairperson. A delegate or representative may appeal against the ruling of the Chairperson, in which event the appeal shall immediately be put to the vote and the Chairperson's ruling shall stand unless overruled by a majority of the votes cast. A delegate or representative rising to a point of order may not speak on the substance of the matter under discussion.

21. During the discussion of any matter, a delegate or representative may move the suspension or adjournment of the meeting. Such motion shall not be debated but shall be immediately put to the vote. The Chairperson may limit the time to be allowed to the speaker moving the suspension or adjournment of the meeting. At any meeting the same delegate or representative may not move the suspension or adjournment of the meeting more than once during the discussion of any one matter.

22. During the discussion of any matter, a delegate or representative may move the adjournment of the debate on the item under discussion. In addition to the proposer of the motion, two delegates or two representatives may speak for, and two against, the motion, after which the motion shall be immediately put to the vote. The Chairperson may limit the time allowed to these speakers.

23. A delegate or representative may at any time move the closure of the debate on the item under discussion, whether or not any other delegate or representative has signified his wish to speak. Permission to speak on the closure of the debate shall be accorded only to two speakers opposing the closure, after which the motion shall be immediately put to the vote. If the Conference or Council is in favour of the closure, the Chairperson shall declare the closure of the debate. The Chairperson may limit the time allowed to speakers under this paragraph.

24. The following motions shall have precedence in the following order over all other proposals or motions before the meeting, except a point of order:

- (a) to suspend the meeting;
- (b) to adjourn the meeting;
- (c) to adjourn the debate on the item under discussion; and
- (d) for the closure of the debate on the item under discussion.

25. When a proposal has been adopted or rejected, it may not be reconsidered at the same session unless the Conference or Council so decides. Permission to speak on a motion to reconsider shall be accorded only to two speakers opposing the motion, after which it shall be immediately put to the vote.

26. When an amendment to a proposal is moved, the amendment shall be voted on first. When two or more amendments to a proposal are moved, the Conference or Council shall first vote on the amendment deemed by the Chairperson to be furthest removed in substance from the original proposal, and then on the amendment next removed therefrom, and so on, until all the amendments have been put to the vote. Where, however, the adoption of one amendment necessarily implies the rejection of another, the latter shall not be put to the vote. If one or more amendments are adopted, the amended proposal shall then be voted upon. A motion is considered an amendment to a proposal if it merely adds to, deletes from, or revises part of that proposal, but not if it negatives the proposal. An amendment by way of substitute shall not be voted on until the vote has been taken on the original proposal and any amendments thereto.

27. Subject to paragraph 26, any motion calling for a decision by the Conference or Council on its competence to adopt a proposal submitted to it shall be put to the vote before a vote is taken on the proposal in question.

28. Associate Members shall have the right to participate with Member Nations in matters pertaining to the conduct of business of meetings of the Conference, its commissions and committees, in accordance with the provisions of the foregoing paragraphs of this Rule, subject, however, to the limitations on voting and the holding of office stipulated in paragraph 1 of [Article III](#) of the Constitution, paragraph 3 of Rule XIII, paragraph 1 of [Rule XIV](#) and paragraph 1 of [Rule XV](#) of the General Rules of the Organization.

It shall be composed of those States or the Member Organization of FAO which notify the Director-General in writing of their desire to become Members of the Committee and of their intention to participate in the work of the Committee.

2. The notification referred to in paragraph 1 may be made at any time and Membership acquired on the basis thereof shall be considered valid unless the Member has not been represented at two consecutive sessions of the Committee, or has notified its withdrawal from the Committee. Taking into account requests for participation, as well as any relevant considerations, the Committee shall agree and keep under review at its regular sessions a list of organizations, including a minimum number of non-governmental civil society organizations as may be proposed following consultation, which shall be allowed to participate in its sessions under this paragraph. The Committee may decide to remove from this list an organization which has not been represented at two consecutive sessions of the Committee or which has notified the Director-General of its intention not to participate in the work of the Committee.

4. Representatives of organizations allowed to take part in the proceedings of the Committee under paragraph 3 may take part in any debates within the Committee without having to wait until Members have intervened and present documents and formal proposals under such conditions as may be decided by the Committee, in accordance with these Rules, the Rules of Procedure and such other procedures as the Committee may establish, provided however that voting and decision-making shall remain the exclusive prerogative of Members referred to in paragraph 1 of this Rule.

5. Any Member of the Organization or Member State of the United Nations or any of its Specialized Agencies that is not a Member of the Committee, may attend a session of the Committee in an observer capacity. In addition, the Committee, acting on a recommendation of the Bureau, may invite other interested organizations, upon request, to participate as observers in meetings of the Committee or for the discussion of specific items. Observers may intervene in debates upon invitation from the Chairperson.

6. The Committee shall normally hold two sessions during each biennium. Sessions shall be convened by the Director-General and the Chairperson, taking into account any decision made by the Committee.

7. The Committee may meet in extraordinary (or special) session:

- (a) if at any regular session the Committee so decides;
- (b) if the Bureau so requests; or
- (c) if at least a majority of the Member Nations which are Members of the Committee so request.

#### *B. Vision and Roles of the Committee on World Food Security*

8. The Committee on World Food Security is and remains an intergovernmental Committee in FAO. As a central component of the evolving Global Partnership for Agriculture, Food Security and Nutrition, the Committee shall constitute the foremost inclusive international and intergovernmental platform for a broad range of committed stakeholders to work together in a coordinated manner and in support of country-led processes towards the elimination of hunger and ensuring food security and nutrition for all human beings. The Committee shall strive for a world free of hunger where countries implement the “Voluntary Guidelines to Support the Progressive Realization of the Right to Adequate Food in the Context of National Food Security”.

9. The roles of the Committee on World Food Security shall be:

- (a) Coordination at global level. The Committee shall provide a platform for discussion and coordination to strengthen collaborative action among Governments, regional organizations, international organizations and agencies, non-governmental organizations, civil society organizations, food producers’ organizations, private sector organizations, philanthropic organizations and other relevant stakeholders, in a manner that is in alignment with each country’s specific context and needs.
- (b) Policy convergence. The Committee shall promote greater policy convergence and coordination including through the development of international strategies and voluntary guidelines on food security and nutrition on the basis of best practices, lessons learned from local experience, inputs received from national and regional levels, and expert advice and opinions from different stakeholders.

- (c) Support and advice to countries and regions. At the request of countries or regions the Committee shall facilitate support or advice in the development, implementation, monitoring and evaluation of their nationally and regionally owned plans of action for the elimination of hunger, the achievement of food security and the practical application of the “Voluntary Guidelines to Support the Progressive Realization of the Right to Adequate Food in the Context of National Food Security” that shall be based on the principles of participation, transparency and accountability.
10. The Committee shall gradually assume additional roles such as:
- (a) Coordination at national and regional levels. The Committee shall serve as a platform to promote greater coordination and alignment of actions in the field, encourage more efficient use of resources and identify resource gaps. As the reform progresses, the Committee shall build, as appropriate, on the coordination work of the United Nations’ High-Level Task Force. One guiding principle to support this role shall be to build on and strengthen existing structures and linkages with key partners at all levels. Key partners include national mechanisms and networks for food security and nutrition, the United Nations country teams and other coordinating mechanisms such as the International Alliance Against Hunger and its National Alliances, food security thematic groups, regional intergovernmental bodies and a large number of civil society networks and private sector associations operating at the regional and national levels. In each case, the functional contributions that they could make, as well as how the Committee could strengthen linkages and enhance synergy with such partners would have to be established.
- (b) Promotion of accountability and sharing of best practices at all levels. One of the main objectives of the Committee on World Food Security has been to monitor actively the implementation of the Plan of Action of the World Food Summit of 1996. Although countries are taking measures to address food insecurity, the specific programmes as they are presented do not necessarily help to report quantitatively on progress towards realizing the objectives of the Plan of Action of the World Food Summit of 1996. The Committee should help countries and regions, as appropriate, to address the questions of whether objectives are being achieved and how food insecurity and malnutrition can be reduced more quickly and effectively. This will entail developing an innovative mechanism, including the definition of common indicators, to monitor progress towards these agreed-upon objectives and actions taking into account lessons learned by the Committee on World Food Security and other monitoring attempts. Comments by all stakeholders of the Committee will have to be taken into account and new mechanisms will build on existing structures.
- (c) Development of a Global Strategic Framework for food security and nutrition in order to improve coordination and guide synchronized action by a wide range of stakeholders. The Global Strategic Framework shall be flexible so that it can be adjusted as priorities change. It shall build upon existing frameworks such as the United Nations Comprehensive Framework for Action, the Comprehensive Africa Agriculture Development Programme and the Voluntary Guidelines to Support the Progressive Realization of the Right to Adequate Food in the Context of National Food Security.

*C. Chairperson, Bureau and Advisory Group of the Bureau of the Committee on World Food Security*

11. The Committee shall elect a Bureau, including a Chairperson, under such conditions as may be established in the Rules of Procedure. The Bureau shall exercise such functions as may be defined in these Rules or in the Rules of Procedure. The Bureau shall be assisted by an Advisory Group which shall be established in accordance with the Rules of Procedure.

*D. High-Level Panel of Experts on Food Security and Nutrition*

12. The Committee shall be assisted by a High-Level Panel of Experts on Food Security and Nutrition which shall exercise the following functions:

The High-Level Panel of Experts on Food Security and Nutrition shall consist of a Steering Committee and of *ad hoc* Project Teams acting on a project-specific basis and constituting a network of food security and nutrition experts. In particular, the Committee shall take full account of the responsibilities and activities of these and other intergovernmental bodies responsible for aspects of food security, in order to avoid overlapping and unnecessary duplication of work.

19. In order to ensure the effective discharge of its functions, the Committee may request the Members to furnish all information required for its work, it being understood that, where so requested by the concerned Governments, the information supplied shall be held on a restricted basis.

A decision to this effect may be taken only after the Committee has examined a report by the Secretary, after consultation with the Organization, the World Food Programme and the International Fund for Agricultural Development on the administrative and financial implications.

23. When establishing subsidiary or *ad hoc* bodies, the Committee shall define their terms of reference, composition, and, as far as possible, the duration of their mandate. Subsidiary bodies may adopt their own rules of procedure, which shall be consistent with those of the Committee.

- (b) The Director-General may also incur obligations against future periods before appropriations are voted when such obligations are necessary for the continued effective functioning of the Organization, provided such obligations are restricted to administrative requirements of a continuing nature not exceeding the scale of such requirements as authorized in the budget of the current financial period.

4.2 Except as provided for in Financial Regulation 4.3 relating to the Technical Cooperation Programme, appropriations shall be available for obligations during the financial period to which they relate and unobligated appropriations at the close of the financial period shall be cancelled.

### 4.5

  - (b) The Finance Committee shall review annually the Director-General's fund allotment and apportionment controls to determine that they meet adequately the objectives of this regulation.

## **Regulation V**

### **Provision of Funds**

5.1 The appropriations for a financial period, subject to related adjustments effected in accordance with Regulation 5.2, shall be financed by annual contributions from Member Nations and Associate Members. Contributions from Member Nations shall be assessed in accordance with the scale of contributions determined by the Conference, which scale shall not include contributions from Associate Members. Contributions from Associate Members shall as far as feasible be calculated on the same basis as contributions from Member Nations, the amount thus obtained being reduced by four-tenths to take account of the difference of status between Member Nations and Associate Members, and shall be credited to Miscellaneous Income. Pending receipt of contributions, appropriations may be financed from the Working Capital Fund.

5.2 In the assessment of the contributions of Member Nations and Associate Members for each financial period, adjustments shall be made in respect of:

- (a) estimated Miscellaneous Income of the financial period in respect of which the assessment of contributions is being made;
- (b) credits accruing to Member Nations as a result of the application of Financial Regulation 6.1(b);

- (c) supplementary appropriations for which contributions have not previously been assessed on the Member Nations and Associate Members.

5.3 For determining the annual contribution of each Member Nation and Associate Member, the assessment of each such Member Nation and Associate Member for the financial period shall be divided into two equal instalments, one of which shall be payable in the first calendar year and the other in the second calendar year of the financial period.

5.4 At the beginning of each calendar year the Director-General shall:

- (a) inform Member Nations and Associate Members of their obligations in respect of annual contributions to the budget;
- (b) inform Member Nations of their obligations in respect of advances to the Working Capital Fund;
- (c) request Member Nations and Associate Members, as the case may be, to remit all contributions and advances due.

5.5 Contributions and advances shall be due and payable in full within 30 days of the receipt of the communication of the Director-General referred to in Regulation 5.4 above, or as of the first day of the calendar year to which they relate, whichever is the later. As of 1 January of the following calendar year, the unpaid balance of such contributions and advances shall be considered to be one year in arrears.

5.6 Annual contributions to the budget shall be assessed partly in United States dollars and partly in euro. For each biennium, the Conference shall determine the proportionate share of the budget payable by all Member Nations and Associate Members in United States dollars and in euro respectively, in accordance with the estimated expenditures in each of these currencies. Payments in United States dollars or euro shall be credited against the assessment in the same currency. Should an amount paid exceed what is owed in that currency, the excess shall be applied to the other currency assessment at the market rate on the date of receipt. Should a Member Nation or Associate Member pay any part of its current year contribution or arrears in a currency other than United States dollar or euro, it will be the responsibility of that Member Nation or Associate Member to ensure the free convertibility of that currency into United States dollars or euro. The exchange rate applicable to any payment in a non-assessed currency shall be the market rate of the euro or the United States dollar to the currency of payment on the first business day in January of the calendar year in which the contribution is due, or the rate in effect on the day the payment is made, whichever is higher.

5.7 Obligations of Member Nations and Associate Members, including arrears of contribution, shall remain payable in the currencies of assessment of the year in which they were due. For the purpose of determining loss of voting rights in the Conference, ineligibility for election to or loss of seat in the Council as foreseen in the Basic Texts of the Organization, contributions due for the two preceding calendar years shall be expressed in United States dollars, with any euro arrears calculated at the budget rate of exchange in the year of assessment.

5.8 Any nation admitted to membership or any territory or group of territories admitted to associate membership shall pay a contribution to the budget for the financial period in which the membership or associate membership becomes effective. Such contributions shall be an amount determined by the Conference and shall begin with the quarter in which the

application was approved. All new Member Nations shall be required to make advances to the Working Capital Fund in accordance with Regulation 6.2(b)(ii).

5.9 Non-member nations of the Organization that are members of intergovernmental commodity groups, subcommittees, subsidiary working parties and study groups established by the Committee on Fisheries; or of bodies established by conventions or agreements concluded under [Article XIV](#) of the Constitution shall contribute towards the expenses incurred by the Organization with respect to the activities of those groups or bodies in an amount determined by the Director-General except as otherwise decided by the Conference or the Council.

5.10 The Council, at any of its sessions, may advise the Director-General as to any steps that ought to be taken in order to expedite the payment of contributions. The Council may submit to the Conference such recommendations in this regard as it may consider appropriate.

**C**

- ii. A new Member Nation shall be assessed in an amount determined by the Conference. Unless the Conference decides otherwise, the amount of the new Member Nation's assessment shall be considered as an increase to the level of the Working Capital Fund.
  - iii. The assessment of Member Nations in the Working Capital Fund, effected under subparagraph (i) above, shall not be changed by modifications in the Scale of Contributions or in the membership of the Organization, unless the Conference decides otherwise.
  - iv. If the Conference decides to change the level of the Working Capital Fund, there shall be a reassessment.
  - v. Any reassessment shall be applied as from the first day of the financial period following the Conference determination and calculated in accordance with the Scale of Contributions of the financial period.

Any residual balance shall be refunded to the withdrawing Nation under such terms and conditions as the Conference may determine.
- 6.7 Voluntary contributions, whether or not in cash, may be accepted by the Director-General, and Trust and Special Funds may be established by him to cover moneys made available to the Organization for special purposes, provided that the purposes of such contributions and moneys are consistent with the policies, aims and activities of the Organization. The purposes and limits of any Trust and Special Funds shall be clearly

defined. The acceptance of any such contributions and moneys which directly or indirectly involves additional financial obligations for Member Nations and Associate Members shall require the consent of the Conference. Trust and Special Funds and voluntary contributions shall be administered in accordance with the Financial Regulations of the Organization, unless otherwise provided for by the Conference. Trust and Special Funds shall be reported to the Finance Committee.

## **VOLUME II**

## A. USE OF GENDER-NEUTRAL LANGUAGE IN THE BASIC TEXTS

### Resolution No. 7/99 of the Thirtieth Session of the Conference<sup>1</sup>

#### *Use of Gender-Neutral Language in the Basic Texts*

THE CONFERENCE,

**Noting** the importance of gender-neutral language in the constitutive documents of the Organization,

**Noting**, however, the technical impact and the expenses that would be incurred by amending the entire Basic Texts,

**Noting** the views and recommendations of the Committee on Constitutional and Legal Matters as expressed at its Seventieth Session in September 1999,

**Resolves** that in the Basic Texts, in accordance with the generally accepted rules of interpretation, the use of one gender shall be considered as including a reference to the other unless the context otherwise requires.

(Adopted on 18 November 1999)

---

<sup>1</sup> The above resolution has been incorporated in this volume in accordance with the decision of the 36<sup>th</sup> Session of the Conference (see paragraph 143 of the *Report of the 36<sup>th</sup> Session of the Conference*, Rome, 2009).

**B. DEFINITION OF GOVERNING BODIES<sup>1</sup>**

“The Governing Bodies of FAO are the bodies which directly or indirectly through their parent bodies, contribute within their respective mandates, to:

- (a) the definition of the overall policies and regulatory frameworks of the Organization;
- (b) the establishment of the Strategic Framework, the Medium-Term Plan and the Programme of Work and Budget, and
- (c) exercise, or contribute to the oversight of the administration of the Organization.

The Governing Bodies comprise the Conference, the Council, the Programme Committee, the Finance Committee, the Committee on Constitutional and Legal Matters, the Technical Committees referred to in Article V, paragraph 6(b) of the Constitution and the Regional Conferences (i.e. for Africa, Asia and the Pacific, Europe, Latin America and the Caribbean, and the Near East).”

---

<sup>1</sup> The above definition was adopted and has been incorporated in this volume in accordance with the decision of the 36<sup>th</sup> Session of the Conference (see paragraph 142 of the *Report of the 36<sup>th</sup> Session of the Conference*, Rome, 2009).

## C. IMPLEMENTATION OF THE IPA REGARDING THE CONFERENCE

C

### **Resolution No. 7/2009 of the Thirty-sixth Session of the Conference<sup>1</sup>**

#### ***Implementation of the Immediate Plan of Action regarding the Conference (IPA Actions 2.5, 2.6 and 2.10)***

#### **THE CONFERENCE,**

**Considering** that Conference Resolution 1/2008 “Adoption of the Immediate Plan of Action (IPA) for FAO Renewal (2009-11)” called for a number of actions regarding the Conference;

**Considering** that, in accordance with the IPA, the Conference will remain the ultimate decision making body of the Organization, determine its overall policy and strategy and take the final decision on objectives, strategy and budget;

**Considering further** that a series of measures were agreed to make the Conference more action-oriented, focused and attractive to participation by Ministers and senior officials and to emphasize its distinctive functions, thus reducing duplicative discussions and overlapping of roles with the Council;

**Noting** that while such measures do not involve amendments to the Constitution and the General Rules of the Organization, given the manner in which the functions of the Conference, as the supreme body of the Organization are defined, it would be nevertheless appropriate to reflect in a Conference Resolution some distinct features of the Conference future role in accordance with the spirit of the IPA:

1. **Decides** that, without prejudice to the statutory functions defined in the Constitution and the General Rules of the Organization, each session of the Conference will usually have one major theme, normally defined on the recommendation of the Council;
2. **Decides** that, without prejudice to the statutory functions defined in the Constitution and the General Rules of the Organization, the Conference will give more attention to global policy issues and international regulatory frameworks, acting normally on the recommendation of the Technical Committees and Regional Conferences and, where appropriate, the Council;
3. **Decides** that plenary meetings of the Conference should be more focused on issues of interest to Members.

(Adopted on 22 November 2009)

---

<sup>1</sup> The above resolution has been incorporated in this volume in accordance with the decision of the 36<sup>th</sup> Session of the Conference (see paragraph 143 of the *Report of the 36<sup>th</sup> Session of the Conference*, Rome, 2009).

## D. IMPLEMENTATION OF THE IPA REGARDING THE COUNCIL

**Resolution No. 8/2009 of the Thirty-sixth Session of the Conference<sup>1</sup>**  
***Implementation of the Immediate Plan of Action regarding the Council***  
**(IPA Actions 2.14 – 2.25)**

**D**

THE CONFERENCE,

**Considering** that Conference Resolution 1/2008 “Adoption of the Immediate Plan of Action for FAO Renewal (2009-11)” called for a reform of the Council;

**Considering further** that, in accordance with the IPA, the Council should play a more dynamic role in the development of the programme and budget, drawing as appropriate on the advice of the Programme and Finance Committees, and increase its oversight and monitoring function over the implementation of governance decisions;

**Noting that**, in such context, the Council will have a major role in deciding and advising on matters pertaining to the implementation of programme and budget execution, monitoring of activities under the new results-based framework, monitoring of implementation of governance decisions and oversight of the administration of the Organization;

**Noting further** that amendments to Rules XXIV and XXV of the General Rules of the Organization have been adopted by the Conference to implement the actions of the IPA regarding the Council;

**Realizing** that it is desirable, under the framework established by the above provisions, and in the light of the spirit of the IPA, to clarify the new role of the Council under that framework:

1. **Decides** that the Council will exercise a major role in respect of:
  - (a) planning of work and definition of performance measures for the Council itself and for other Governing Bodies with the exception of the Conference;
  - (b) monitoring and reporting performance against performance indicators for the Council itself and for other Governing Bodies with the exception of the Conference;
  - (c) defining strategy, priorities and establishing the budget of the Organization;
  - (d) overseeing the implementation of the new Programming, Budget and Results-Based Monitoring System;
  - (e) approving and overseeing any major organizational changes which do not require approval by the Conference.
2. **Decides** that the Council will monitor the implementation of governance decisions.
3. **Decides** that, in the context of its oversight functions, the Council will ensure that:
  - (a) the Organization operates within its legal and financial framework;

---

<sup>1</sup> The above resolution has been incorporated in this volume in accordance with the decision of the 36<sup>th</sup> Session of the Conference (see paragraph 143 of the *Report of the 36<sup>th</sup> Session of the Conference*, Rome, 2009).

- (b) there is transparent, independent and professional audit and ethics oversight;
  - (c) there is transparent, professional and independent evaluation of the Organization's performance;
  - (d) there are functioning results-based budgeting and management systems;
  - (e) appropriate and functional policies and systems are in place for human resources management, information and communication technology, contracting and purchasing; and
  - (f) extra-budgetary resources are effectively contributing to the Strategic Objectives and the Organizational Results Framework.
4. **Decides** that the Council will monitor the performance of the Organization against established performance targets.
5. **Decides** that in the performance of its functions, the Council shall generally, act in close cooperation with the appropriate specialized agencies and intergovernmental bodies.

(Adopted on 22 November 2009)

## **E. IMPLEMENTATION OF THE IPA REGARDING THE INDEPENDENT CHAIRPERSON OF THE COUNCIL**

### **Resolution No. 9/2009 of the Thirty-sixth Session of the Conference<sup>1</sup>**

#### ***Implementation of the Immediate Plan of Action regarding the Independent Chairperson of the Council*** **(IPA Actions 2.26 to 2.34)**

**E**

#### **THE CONFERENCE,**

**Having noted** that according to Article V, paragraph 2 of the Constitution the Independent Chairperson of the Council is appointed by the Conference and exercises such functions as are inherent in that office, or are otherwise defined in the Basic Texts of the Organization;

**Having regard** to Rule XXIII of the General Rules of the Organization;

**Having noted** that, through the Immediate Plan of Action (IPA) for FAO Renewal (2009-2011) adopted by Resolution 1/2008, the Conference decided that the Independent Chairperson of the Council should play an enhanced role in facilitating the exercise by the Council of its governance functions and oversight of the administration of the Organization, and “drive forward the continuous improvement of the efficiency, effectiveness and ownership of governance by the membership of the Organization”;

**Conscious** of the need to ensure that an enhanced role of the Independent Chairperson of the Council should not create any potential for conflict of roles with the managerial functions of the Director-General in the administration of the Organization, as called for by the IPA;

**Mindful** that the IPA Actions regarding the Independent Chairperson of the Council should be clarified in a resolution and be implemented in the above spirit;

**Decides** that:

1. The Independent Chairperson of the Council shall, under the framework established by the Constitution and the General Rules of the Organization regarding the status and functions of the office, and without restricting in any manner the general nature of those functions:

- (a) whenever necessary, take such steps as may be required to facilitate and achieve consensus among Member Nations, especially on important or controversial issues;
- (b) liaise with the Chairpersons of the Programme Committee, the Finance Committee and the Committee on Constitutional and Legal Matters regarding the work programmes of these Committees as well as, as appropriate, with the Chairpersons of the Technical Committees and Regional Conferences. Insofar as possible the Independent Chairperson of the Council shall attend the sessions of the Programme Committee, Finance Committee and Regional Conferences;

---

<sup>1</sup> The above resolution has been incorporated in this volume in accordance with the decision of the 36<sup>th</sup> Session of the Conference (see paragraph 143 of the *Report of the 36<sup>th</sup> Session of the Conference*, Rome, 2009), and subsequently amended by Resolution No. 13/2017 of the 40<sup>th</sup> Session of the Conference (see paragraph 80 of the *Report of the 40<sup>th</sup> Session of the Conference*, Rome, 2017).

- (c) as required or appropriate, convene informal consultations with representatives of Member Nations on issues of an administrative and organizational nature for the preparation and conduct of Council sessions;
  - (d) liaise with the Director-General and other senior officials of the Organization in respect of any concerns of the membership, as expressed through the Council, Programme Committee, Finance Committee and Regional Conferences;
  - (e) ensure that the Council is kept informed of developments in other fora of relevance for FAO's mandate and that dialogue is maintained with other Governing Bodies as appropriate, in particular the Governing Bodies of the organizations based in Rome dealing with food and agriculture.
2. In nominating candidates for the office of Independent Chairperson of the Council, Member Nations should have regard to the qualities that the Chairperson should possess, including among others ability to be objective, sensitivity to political, social and cultural differences, and appropriate experience in areas relevant to the Organization's work and knowledge of the functioning of FAO Governing Bodies.
3. The Independent Chairperson of the Council shall be required to be present in Rome for all sessions of the Council and will normally be expected to spend at least six to eight months of the year in Rome.

(Adopted on 22 November 2009)

## F. IMPLEMENTATION OF THE IPA REGARDING THE REFORM OF THE PROGRAMMING, BUDGETING AND RESULTS-BASED MONITORING SYSTEM

### **Resolution No. 10/2009 of the Thirty-sixth Session of the Conference<sup>1</sup>**

#### ***Implementation of the Immediate Plan of Action regarding the Reform of the Programming, Budgeting and Results-based Monitoring System (IPA Actions 3.1 to 3.11)***

F

THE CONFERENCE,

**Considering** that Conference Resolution 1/2008 “Adoption of the Immediate Plan of Action (IPA) for FAO Renewal (2009-11)” called for a reform of programming, budgeting and results-based monitoring;

**Noting** that this decision involves amendments to the Basic Texts, in particular to the General Rules of the Organization and the Financial Regulations, to make provision for the Strategic Framework as well as the Medium Term Plan and establish a basis for revised arrangements for the preparation of the Programme of Work and Budget;

**Noting further** that it is highly desirable to define in a resolution of the Conference the main features of the new Programming, Budgeting and Results-Based Monitoring System while allowing for the necessary managerial flexibility;

**Noting** also that the new Programming, Budgeting and Results-Based Monitoring System involves important changes in the cycle of sessions of the Governing Bodies of the Organization, in particular of the Conference in accordance with amendments made to Rule I, paragraph 1 of the General Rules of the Organization, and of the Council in accordance with amended Rule XXV of the General Rules of the Organization;

**Emphasizing** that, under the above revised Rules, and the framework established by the General Rules of the Organization and the Rules of Procedure of the Programme and the Finance Committees, the Technical Committees and the Regional Conferences will need to change the cycle of their sessions in order to play their due roles in the new Programming, Budgeting and Results-Based Monitoring System;

1. **Decides** to introduce revised programme and budget documentation consisting of the following components which, as appropriate, could be incorporated in a single document:

- (a) A Strategic Framework prepared for a period of ten to fifteen years, reviewed every four years and including, *inter alia*, an analysis of the challenges facing food, agriculture and rural development and populations dependent thereon, including consumers; a strategic vision, the goals of Members in areas of FAO’s mandate, as well as Strategic Objectives to be achieved by Members and the international community with support from FAO, including targets and indicators of achievement;
- (b) a Medium Term Plan covering a period of four years and reviewed each biennium, including:

---

<sup>1</sup> The above resolution has been incorporated in this volume in accordance with the decision of the 36<sup>th</sup> Session of the Conference (see paragraph 143 of the *Report of the 36<sup>th</sup> Session of the Conference*, Rome, 2009).

- i. Strategic Objectives for achievement by Members and the international community with support from FAO, in accordance with the Strategic Framework;
  - ii. frameworks for organizational results including specific outcomes which shall contribute to the achievement of the Strategic Objectives by FAO Members and the international community. Insofar as possible organizational results will have specific achievement targets, performance indicators, relevant assumptions, show the contribution of FAO and indicate the budgetary provisions from assessed contributions and estimated extra-budgetary resources, which may condition the attainment of targets. Gender will be fully integrated into the Strategic Framework and Medium Term Plan and will no longer have a separate Gender and Development Plan of Action;
  - iii. an identification of impact focus areas, as priority groups of results aimed at mobilizing extra-budgetary resources, improving oversight of extra-budgetary resources in key impact areas and increasing coherence between activities financed by the Regular Programme and extra-budgetary resources;
  - iv. functional objectives aimed at ensuring that organizational processes and administration work towards improvements in a results-based framework.
- (c) a Programme of Work and Budget covering biennial periods, clearly identifying the share of resources devoted to administrative work, anchored in a results-based framework and including the following elements:
  - i. organizational results framework (outcomes) established in accordance with the Medium Term Plan, including organizational responsibility for each result;
  - ii. quantification of costs for all organizational results and related commitments;
  - iii. calculation of cost increases and planned efficiency gains;
  - iv. provision for long-term liabilities and reserve funds;
  - v. a draft Conference resolution of approval of the programme of work and the appropriations.
2. **Decides** to introduce a revised system of monitoring of performance based on achievement of planned results, including a revised biennial Programme Implementation Report. Each report will cover the previous biennium and provide information on delivery, targets and indicators of results, as well as efficiency indicators for functional objectives.
3. **Decides** to introduce a revised schedule of sessions of the Governing Bodies of the Organization for the implementation of the new Programming, Budgeting and Results-Based Monitoring System. The revised schedule of sessions will take into account the fact that the Conference shall hold its regular session in June of the year prior to the beginning of the biennium and will allow the Governing Bodies to participate in the process of preparation and adjustment of the Strategic Framework, the Medium Term Plan and the Programme of Work and Budget, and to monitor performance against relevant performance indicators. The new schedule of sessions of the Governing Bodies will be generally in accordance with the attached table, subject however to necessary adjustments to meet unforeseen circumstances or particular requirements.

## G. IMPLEMENTATION OF THE IPA REGARDING MINISTERIAL MEETINGS

### **Resolution No. 11/2009 of the Thirty-sixth Session of the Conference<sup>1</sup>** ***Implementation of the Immediate Plan of Action regarding Ministerial Meetings*** **(IPA Actions 2.66 and 2.67)**

THE CONFERENCE,

**Having noted** that “Ministerial Meetings” have been held occasionally after sessions of standing committees, established under Article V, paragraph 6 of the Constitution,

**Having noted further** the need to clarify the conditions regarding the convening of such “Ministerial Meetings” in the future, as called for by the Immediate Plan of Action for FAO Renewal (2009-2011),

**Recalling** Article V, paragraph 5 of the Constitution,

**Decides:**

1. Ministerial Meetings, held in conjunction with sessions of technical committees established under Article V, paragraph 6 of the Constitution, may be convened from time to time as decided by the Conference or Council, when matters developed at technical level are deemed to require political endorsement or visibility.
2. Subject to the decision of Conference or Council, Ministerial Meetings should not deal with programme and budget matters which are addressed in the context of the programme of work and budget process, nor with matters primarily of a regional, technical or scientific nature which are normally considered by statutory bodies of the Organization.
3. Ministerial Meetings shall normally report to the Conference, except that any relevant issues having programme or budget implications shall be referred to the Council.

(Adopted on 22 November 2009)

<sup>1</sup> The above resolution has been incorporated in this volume in accordance with the decision of the 36<sup>th</sup> Session of the Conference (see paragraph 143 of the *Report of the 36<sup>th</sup> Session of the Conference*, Rome, 2009).

## H. CHARTER FOR THE FAO OFFICE OF EVALUATION<sup>1</sup>

### I. Evaluation in FAO

1. The FAO Evaluation Service was established in 1968 to assure the effective operation of evaluation in the Organization. The evaluation function is one part of the oversight regime of FAO, which also includes external audit, internal audit, inspection and investigation.

2. Evaluation provides accountability to member countries and to the Director-General. It gives member countries a more in-depth understanding and objective basis for their decisions in the governing bodies and for cooperation in the Organization's programmes. Evaluation also contributes to corporate learning, feeding lessons into a robust feedback loop. Evaluation provides a sound basis for improvements in the Organization's programmes in terms of their relevance to countries, definition of objectives, their design and implementation. FAO also participates in system-wide evaluation initiatives. Thus evaluation contributes to assessments of development effectiveness by the UN system.

3. All work of FAO financed from the regular budget of the Organization (mandatory assessed contributions) as well as that financed from voluntarily contributed extra-budgetary resources, is subject to evaluation. The policies for evaluation are set by member countries in the governing bodies.

4. Evaluation is an integral element of a functioning results-based management (RBM) system. It provides accountability on results, in particular on outcomes and impacts of FAO's work. It informs the formulation of programmes, the definition of priorities and the arrangements to maximise institutional effectiveness.

### II. Purpose and Principles of Evaluation

#### A. Definition of Evaluation

5. An evaluation is "an assessment...of an activity, project, programme, strategy, policy, topic, theme, sector, operational area, institutional performance, etc. It focuses on expected and achieved accomplishments, examining the results chain, processes, contextual factors and causality, in order to understand achievements or the lack thereof. It aims at determining the relevance, impact, effectiveness, efficiency and sustainability of the interventions and contributions of the organizations of the UN system. An evaluation should provide evidence-based information that is credible, reliable and useful, enabling the timely incorporation of findings, recommendations and lessons into the decision-making processes of the organization and its members".<sup>2</sup>

---

<sup>1</sup> Incorporated in this volume in accordance with the decision of the 139<sup>th</sup> Session of the Council (see paragraph 24 of the *Report of the 139<sup>th</sup> Session of the Council*)

<sup>2</sup> Adapted to become specific to FAO from the "Norms for Evaluation in the UN System", United Nations Evaluation Group, 2005.

## *B. Principles of Evaluation*

6. FAO strives for the highest international standards in its evaluation practice. It adheres to norms and standards established by the United Nations Evaluation Group (UNEG).<sup>1</sup> These norms and standards provide a benchmark against which all organizations and programmes of the UN system can gauge their performance and aim to strengthen, professionalise and improve the quality of evaluation throughout the UN system.

7. The primary principles underpinning evaluation in FAO are: Independence, Impartiality, Credibility, Transparency and Usefulness. These are inter-related.

8. **Independence:** Independence should be protected throughout the evaluation process: policy, institutional framework, management of the evaluation function, conduct of evaluations and follow-up. The evaluation function must be located in the Organization outside the line management that it is mandated to evaluate, and have a direct line of reporting to the governing bodies and the Director-General. In this way, it remains separate from those responsible for the design and implementation of the policies and operations that are evaluated. It must be free from undue influence by management through independent control of the financial and human resources allocated to evaluation, including independent performance assessment of evaluation staff. It must have freedom to design and conduct evaluations according to professional quality standards.

9. **Impartiality:** Evaluation must be free from bias. This means that evaluators must demonstrate professional and personal integrity and conflicts of interest must be avoided. Independence and quality of evaluation design are additional pre-requisites for impartiality. Evaluations must value the input of the main stakeholders, demonstrating a degree of empathy while at the same time maintaining intellectual rigour. Because no individual is totally impartial, evaluation teams must balance different perspectives and backgrounds.

10. **Credibility:** Evaluations must command a high degree of credibility, both from the governing bodies and from managers who must make and implement decisions. Besides impartiality and independence, the credibility of evaluation also requires that the team of evaluators has proven technical competence in the area under evaluation and its context as well as demonstrated competence in evaluation. Independent peer review of evaluation reports also reinforces their credibility.

11. **Transparency:** Evaluation reports and management responses are in the public domain. Evaluations follow a consultative process, whereby evaluators and evaluation managers engage in dialogue to the maximum extent possible with main stakeholders throughout the evaluation process

12. **Usefulness:** Usefulness should always be a prime consideration for selection of a topic for evaluation. Evaluations will be most useful when addressing key areas of concern for the governing bodies and/or FAO management, especially when there are perceived to be

<sup>1</sup> **The United Nations Evaluation Group (UNEG)** <http://www.uneval.org> is a professional network that brings together the units responsible for evaluation in the UN system including the specialised agencies, funds, programmes and affiliated organisations. UNEG currently has 43 such members. UNEG aims to strengthen the objectivity, effectiveness and visibility of the evaluation function across the UN system and to advocate the importance of evaluation for learning, decision making and accountability. UNEG provides a forum for members to share experiences and information, discuss the latest evaluation issues and promote simplification and harmonisation of reporting practices.

problems, priorities are changing or if there are new opportunities. Evaluation should be timed to fit into the management decision-making process.

### III. Types of Evaluation in FAO

13. It is FAO policy that all the work carried out by the Organization is subject to evaluation, regardless of the source of funds, through three types of evaluation.

14. **Evaluations for the governing bodies** are decided upon by the Council on the advice of the Programme Committee. Such evaluations focus on key elements of the results-based hierarchy, including strategic and functional objectives, impact focus areas, organizational results and core functions.<sup>1</sup> They also include thematic and programmatic studies and strategic partnership agreements. Major evaluations include all aspects of the work in the area covered, regardless of funding source, and deal with work at headquarters, regional and country levels. The programme of evaluations is defined in a rolling four-year plan. Criteria for selecting evaluations include: specific requests from the Programme Committee; requirements for evaluation expressed by the Director-General; and the need to achieve a balanced coverage of the Organization's strategies and priorities over the medium term.

15. **Country evaluations** comprehensively examine the results of all of FAO's work at country level, including technical cooperation, use made of normative work and functioning of the country office. Synthesis reports consolidating the results across country evaluations are considered by the governing bodies.

16. **Evaluations of individual programmes and projects, usually funded from extra-budgetary resources.** Results of such evaluations are directly used by stakeholders including managers, funders and others directly concerned, often at country level.

### IV. Evaluation Scope and Methodology

17. Evaluation in FAO is governed by guidelines that direct and ensure consistency in evaluation processes and methodologies. The key components are:

18. Scoping the evaluation and terms of reference: An approach paper for each major evaluation is developed by the Evaluation Office in consultation with the units most closely involved in implementing the strategy or programme and other stakeholders, including, as appropriate, national government representatives and the representatives of donors.

19. Scope of Evaluations: All evaluations follow UNEG criteria and assess relevance, effectiveness, efficiency, sustainability and impact.

20. Evaluations include examination of:

- relevance to the needs and priorities of the member countries and the international community;
- functionality and clarity of the objectives, strategy, design and implementation plan to meet those needs and priorities;
- institutional strengths and weaknesses;
- changes in the external environment in which FAO functions;

---

<sup>1</sup> The Charter may need to be revised in the future, to take account of experience with Results-Based Management approaches and its implications for the Organization's evaluation programme.

- quality and quantity of outputs, in relation to resources deployed in undertaking the work (efficiency);
- outcomes resulting from the activities and outputs in relation to resources deployed for the work (effectiveness);
- impacts and their sustainability in terms of benefits to present and future generations for food security, nutrition, social and economic well-being, gender equity, the environment, etc.; and
- FAO's comparative advantage in addressing the priority needs.

21. Evaluation methodology: The methods and tools used are tailored to the individual evaluations and to answer specific evaluation questions. Triangulation of information across stakeholders is a key tool for gathering and validation of evidence. Evaluations are carried out using a participatory approach, seeking and sharing opinions with stakeholders at different points in time, as this is important for learning and acceptance of evaluation findings. Tools most frequently used include semi-structured interviews, focus groups, checklists, desk studies, direct observation through field visits and surveys.

22. Evaluations seek to identify and measure long-term changes induced through interventions. Separate impact assessments are undertaken for country and other major evaluations, in areas where FAO has had a substantial volume of work. In some cases where impact evaluation is not possible or cost-effective, beneficiary assessments or other forms of field enquiries may be used to gather key information from the targeted population. The intent is to determine whether the Organization has contributed to change and impact in a meaningful line of causality.

23. The evaluation team: Evaluations are managed by the Office of Evaluation. Teams are led and largely composed of independent external consultants.<sup>1</sup> Evaluation team leaders are consulted where possible on the composition of the remainder of the team. The size of the teams is related to both the scale and complexity of the evaluation, 3-4 lead consultants being a typical number.

24. The evaluation report: The evaluation team is solely responsible for its findings and recommendations, subject to quality assurance by the Office of Evaluation. The Office assures adherence to the terms of reference and recognised quality standards, timeliness, and to provide information and methodological support to the evaluation.

## V. Mechanisms for Evaluation Follow-up

25. In order to develop an effective evaluation system, mechanisms must be in place to ensure that evaluation reports are fully considered and agreed recommendations are acted upon. In FAO, this is done through management responses to each evaluation undertaken and follow-up reports on the implementation of the management response.

26. Management response: Each evaluation has a management response, including management's overall view of the evaluation, comments on each recommendation and an operational plan for implementation of agreed recommendations. The Office of Evaluation checks that responses meet required standards of comprehensiveness and clarity, but responsibility for the substance of a response lies with the manager(s) concerned.

---

<sup>1</sup> Office of Evaluation staff but not other staff of FAO may also serve as evaluation team members

27. Follow-up report: The follow-up report ensures compliance with agreed recommendations and, if necessary, accounts for any variation between actions decided in the management response and those actually implemented. The follow-up report is prepared by the organizational unit responsible for the management response and the Office of Evaluation ensures that it meets required standards.

28. For reports presented to the governing bodies, both the management response and the follow-up report are also considered by the Programme Committee.

29. All evaluation reports, management responses and follow-up reports are available to all members and posted on the FAO evaluation website. Consultative groups and workshops will be used to bring key evaluation reports to the attention of member countries.

## **VI. Quality Assurance**

30. Mechanisms are instituted to ensure that the evaluation function in FAO corresponds to needs of Members and conforms to UNEG norms and standards. These measures include: a) peer review of major evaluation reports; b) biennial review by a small group of independent peers for conformity of evaluation work to best practice and standards; c) independent evaluation of the evaluation function every six years.

31. The biennial review and independent evaluation of the evaluation function will result in a report to the Director-General and the Council, together with the recommendations of the Programme Committee.

## **VII. Institutional Arrangements**

32. The institutional arrangements for evaluation ensure independence of the evaluation function so as to fulfill its accountability role while ensuring use of evaluation results by the governing bodies and management.

### *A. The Office of Evaluation*

33. The Office of Evaluation is responsible for ensuring the relevance, effectiveness, quality and independence of evaluation in FAO. It is located inside the FAO Secretariat structure, reporting to the Director-General and to the Council through the Programme Committee.

34. The Office receives guidance from the Council and its Programme Committee and consults with the Evaluation Committee (Internal). It is solely responsible for the conduct of all evaluations (with the exception of auto-evaluations), including the selection of evaluators and the terms of reference. It is thus operationally independent within the Organization. In addition to its responsibilities for the conduct of evaluations, the Office also:

- (a) facilitates feedback from evaluation through follow-up to individual evaluations and in communicating lessons for more general application;
- (b) ensures timely reporting on the implementation of those evaluation recommendations accepted by the governing bodies, management and other concerned stakeholders;
- (c) has an institutionalised advisory role on results-based management and programming and budgeting;

**H**

- (d) contributes to the enhancement of evaluation within the UN through active participation in the United Nations Evaluation Group (UNEG);
- (e) contributes to the evaluation of the effectiveness of the UN system and other partners as it relates to areas of FAO's mandate through joint evaluations;
- (f) coordinates its work programme with the rest of the UN system, taking into account the work of the Joint Inspection Unit (JIU); and
- (g) for staff training, provides comments on training requirements to the Human Resources Management Division.

### *B. Role of the Governing Bodies in Evaluation*

35. The Council is the decision-making body on evaluation policy and work programme. It exercises oversight over evaluation and ensures that there is transparent, professional and independent evaluation of the Organization's performance in contributing to its planned outcomes and impacts, including feedback of evaluation into planning and programming.

36. The Programme Committee is the direct recipient of evaluation reports for the governing bodies. Reports involving financial or administrative matters may be referred to the Finance Committee. The functions of the Programme Committee with respect to evaluation are to advise the Council on overall policies and procedures for evaluation and to:

- (a) approve the rolling workplan for major evaluations;
- (b) consider major evaluation reports and the management response to the evaluation and its findings and recommendations. The Committee presents its conclusions on both the evaluation and the management response to the Council in its report as well as its recommendations for follow-up action; and
- (c) receive progress reports on the implementation of evaluation findings and recommendations and provide recommendations to the Council.

### *C. Role of the Director-General*

37. The role of the Director-General with respect to evaluation is to:

- (a) make proposals on the work programme of the Office of Evaluation and request specific independent evaluations of FAO programmes and activities;
- (b) for evaluations to the governing bodies, present the Management Response through the Programme Committee, including whether each recommendation is accepted, partially accepted or rejected, and an operational plan on follow-up;
- (c) prepare and present to the governing bodies through the Programme Committee, follow-up reports on actions taken with respect to agreed recommendations;
- (d) facilitate feedback from evaluation to improve learning from strategic planning results-based management; and
- (e) ensure that the Evaluation Office functions within its approved budget and work programme and the agreed rules and procedures.

#### *D. The Evaluation Committee (Internal)*

38. The Committee advises the Director-General and the Office of Evaluation on matters pertaining to evaluation in FAO with respect to the Organization as a whole. Its aim is to assist the Organization in implementing an evaluation regime which is efficient and responsive to the needs of both the Organization's Members and its Secretariat. It also exercises a quality control function on management responses and follow-up reports. In line with the decisions of the Council, the Committee will support the independent role of the Office of Evaluation within FAO and will review and advise the Director-General on all policy matters pertaining to evaluation. The Committee interacts with the Programme Committee as appropriate.

39. Subject to any organizational changes which may occur as a result of the implementation of the Immediate Plan of Action for FAO Renewal, the Committee comprises five permanent members, among whom the Director-General will designate a Chairperson: Deputy Director-General (Knowledge), Deputy Director-General (Operations), Assistant Director-General, Technical Cooperation Department (TC), Legal Counsel, and the Director, Office of Strategy, Planning and Resources Management; and, rotating on a two-year term: the Assistant Directors-General of two technical departments and one Assistant Director-General/Regional Representative. Other members may be co-opted as required by the Chairperson. The Director of the Office of Evaluation serves as Secretary.

40. The scope of the Committee's work includes:

- (a) advice on the implementation of decisions of the governing bodies on evaluation;
- (b) maximise the benefits from evaluation in feedback to planning, programming and management decision-making;
- (c) review of the coverage of evaluation, proposals for the evaluation work programme and the terms of reference of major evaluations;
- (d) review of Management Responses to major evaluations for consideration by the governing bodies;
- (e) assessment and oversight of progress in implementation of management follow-up actions to evaluations;
- (f) advice on the adoption of measures to ensure the Evaluation Office applies international quality standards to its work; and
- (g) review of available resources for evaluation in the light of the Organization's needs.

#### **VIII. Staffing of the Office of Evaluation**

41. All appointments for evaluation, including that of the Director of the Office of Evaluation, staff and consultants follow transparent and professional procedures with the primary criteria being those of technical competence and behavioural independence but also with considerations of regional and gender balance. The Director of Evaluation will have the responsibility for the appointment of evaluation staff and the appointment of consultants, in conformity with FAO procedures.

42. A competitive procedure applies for appointment of the Director of Evaluation. A panel, consisting of representatives of the Director-General and the Programme Committee, as well as evaluation specialists from other UN agencies will review the terms of reference

**H**

and statement of qualifications for the post. Based on the review, a vacancy announcement will be prepared, issued widely and a list of qualified candidates for interview compiled. The panel will then review these candidates and make a final recommendation regarding candidates appropriate for appointment by the Director-General.

43. The Director of Evaluation serves for a fixed term of four years with a possibility of reappointment only once for a further term of four years. If the Director of Evaluation reaches the age of 62 years during a fixed term of four years, he/she will continue to serve for the remainder of that term, notwithstanding Staff Regulation 301.9.5. In such cases, the appointment may not be renewed beyond that fixed term of four years. The renewal of the appointment of the Director of Evaluation is subject to consultation with the Programme Committee. Likewise, the Director-General shall consult with the Programme Committee before the termination of the appointment of the Director of Evaluation. The Director of Evaluation may not be reappointed within FAO to another post or recruited as a consultant during a period of one year following the expiry or termination of the appointment.

### **IX. Budget for Evaluation in FAO**

44. The Regular Programme budget for evaluation will attain the level of at least 0.8% of the total Regular Programme Budget. In consideration of the fact that the Evaluation Office also reports to the governing bodies of the Organization, the evaluation budget will be allocated in full to the Evaluation Office upon approval by the Council and Conference as part of the Programme of Work and Budget.

45. The translation and reproduction of evaluation documents for the governing bodies, and certain indirect costs of evaluation such as office space, are covered outside the evaluation budget.

46. An allocation for evaluation is included in all extra-budgetary supported activities. Two Trust Fund pool accounts have been established to receive the evaluation funds: one for emergency and rehabilitation projects and another for technical cooperation for development projects, including programme support to normative work. The Trust Funds will be utilised to finance thematic, programme and country evaluations.

47. Large projects of technical cooperation for development (including those financed through Unilateral Trust Funds) will have a separate independent evaluation at least once in their lifetime. The criteria for separate evaluation and the levels of allocation in project budgets for evaluation will be in accordance with published guidelines that may be reviewed periodically by the governing bodies.

## I. GRANTING OF OBSERVER STATUS (IN RESPECT OF NATIONS)

### Granting of Observer Status<sup>1</sup>

1. At its eighth session the Conference requested the Council to consider and suggest amendments to the Constitution and General Rules of the Organization for the purpose of eliminating any possible ambiguity with respect to the question of observer status, with special reference to the definition of such status, the establishment of criteria for the granting of the status and the consideration of all juridical and practical aspects of the problem.

#### *Observer status in respect of nations*

2. The ninth session of the Conference accepted the Council's view that the objective would be fulfilled by defining (a) the categories of nations that may be invited to send observers to meetings of the Organization, (b) the authority that may grant the status of observer to such nations, and (c) the status to be accorded to observers; and that, since there were very few provisions in the Constitution and General Rules of the Organization relating to observer status in respect of nations, it was preferable to formulate a statement of principles<sup>2</sup> on the subject.

3. Therefore, after introducing certain amendments to the text which the Council had proposed (see *Report of the 26<sup>th</sup> Session of the Council*), the Conference adopted the following Resolution:

### **Resolution No. 43/57**

#### ***Observer Status in Respect of Nations***

#### **THE CONFERENCE,**

**Considering** that Article III of the Constitution and the relevant General Rules of the Organization regarding observer status are not sufficiently clear;

**Adopts** the statement of principles relating to the granting of observer status to nations set forth in Appendix C to this report;<sup>3</sup>

**Requests** all bodies set up under the aegis of the Organization in accordance with Articles VI and XIV of the Constitution to bring their statutes and rules of procedure into harmony with the aforementioned principles at the earliest possible date.

---

<sup>1</sup> See paragraphs 497 to 499 of the *Report of the Ninth session of the Conference*. As regards the granting of observer status in respect of international governmental and non-governmental organizations, see page 175.

<sup>2</sup> The reasons for the adoption of the various principles set out in the Resolution are fully explained in the *Report of the 26<sup>th</sup> Session of the Council*.

<sup>3</sup> Appendix C to the *Report of the Ninth Session of the Conference* appears in this volume on pages 157-159.

4. The Conference considered that the principles set out in Section A, paragraph 2 of the statement of principles referred to above should be included in the General Rules of the Organization and consequently requested the Council to submit to the next session of the Conference a draft amendment to Rule XXVI, paragraph 9.<sup>1</sup>

---

<sup>1</sup> Now Rule XXV.8(c).

## Appendix<sup>1</sup>

### Statement of Principles Relating to the Granting of Observer Status to Nations

#### A. Member Nations and Associate Members

##### 1. *Sessions of the Conference, Council, commissions and committees*

Member Nations and Associate Members of the Organization may not attend any session of the Conference in an observer capacity. This principle shall also apply to members of the Council and of the commissions and committees established under Article VI or Article XIV of the Constitution with respect to attendance at the sessions of such bodies.

##### 2. *Executive, private or closed meetings of the Council*

Rule XXVI, paragraph 9<sup>2</sup> of the General Rules of the Organization provides that any Member Nation not represented on the Council and any Associate Member may submit memoranda and participate without vote in any discussion of the Council. In interpreting this Rule it will be understood that, as a general practice, Member Nations of the Organization that are not members of the Council, or Associate Members, should be admitted to private meetings, unless the Council decides otherwise in cases of necessity.

##### 3. *Regional or technical meetings (including those of regional commissions set up under Article VI of the Constitution)*

Any Member Nation or Associate Member may, on request, participate in the capacity of observer in any regional or technical meeting of the FAO governing or subsidiary bodies, or any regional or technical meeting of which the Director-General on the authority of the Council assumes the initiative or has the primary organizing responsibility, even though the Member Nation or Associate Member does not geographically belong to the particular region, always provided that the Member Nation or Associate Member has a definite interest in the subject matter to be discussed. Notice of the intention to attend any such meeting should be given to the Director-General at least 15 days before the meeting, it being understood that notice may be waived by the meeting itself.<sup>3</sup>

##### 4. *Committees consisting of a limited number of Member Nations and Associate Members*

Committees consisting of a limited number of Member Nations and Associate Members established by the Conference or its commissions or by the Council, under Article VI of the Constitution, or Rules XIV, XV or paragraph 10 of Rule XXVI<sup>4</sup> of the General Rules of the Organization, shall not be open to attendance by observers of Member Nations or Associate

---

<sup>1</sup> Appendix C to the *Report of the Ninth Session of the Conference*.

<sup>2</sup> Now Rule XXV.8(c).

<sup>3</sup> The position regarding bodies set up under Article XIV of the Constitution is covered in Appendix D of the *Report of the Ninth Session of the Conference* ("Principles and Procedures which should govern Conventions and Agreements concluded under Articles XIV and XV of the Constitution, and Commissions and Committees established under Article VI of the Constitution") which appears in this volume on pages 181 to 189.

<sup>4</sup> Now Rule XXV.9.

Members that are not members of such committees unless otherwise determined by the Conference, the said commissions or the Council.

5. *Dependent territories of and trust territories administered by Member Nations*

The Director-General may draw the attention of a metropolitan power or administering authority to the desirability of its participation in a regional or technical meeting of interest to a particular dependent or trust territory.

**B. Non-Member States**

1. States which, while not Member Nations or Associate Members of the Organization, are members of the United Nations, any of its specialized agencies or the International Atomic Energy Agency may, on request, and subject to the provisions of paragraph B.4, be invited by the Conference or the Council to be represented by an observer at a session of the Conference or Council.

2. Such non-member States may, on request and with the approval of the Council, attend regional or technical meetings of the Organization. In cases of urgency, however, where there is insufficient time to consult the Council, the Director-General may on request invite such non-member States to send an observer to such meetings.

3. States which are not Members or Associate Members of the Organization or members of the United Nations, any of its specialized agencies or the International Atomic Energy Agency shall not be permitted to send observers to any meeting of the Organization.

4. Former Member Nations of the Organization that have withdrawn leaving arrears of contributions shall not be permitted to send an observer to any meeting of the Organization until such time as they have paid up all such arrears or the Conference has approved an arrangement for the settlement thereof, or unless the Council, in special circumstances, decides otherwise with respect to such attendance.

5. Should an application for membership have been received by the Organization, the requesting authority may, subject to the provisions of the preceding paragraph 4, be invited by the Council to participate in an observer capacity in technical meetings, in which such authority is regarded as having a technical interest, pending a decision of the Conference on the application.

6. Rules XXV, paragraph 1(e)(v)<sup>1</sup> and XXXII, paragraph 2<sup>1</sup> of the General Rules of the Organization shall be interpreted in the light of the principles laid down in paragraphs B.3 and B.4.

7. The occasion may arise when a non member of the Organization which is, however, a member of the United Nations, any of its specialized agencies or the International Atomic Energy Agency needs to be consulted, because of emergency conditions, on some technical action, in which case the restrictive nature of paragraphs B.4 and B.5 above should not debar the Director-General from inviting an observer from such non member to attend a technical meeting for the discussion on a particular subject, if he deems such an invitation to be in the best interests of the Organization and its work, on the understanding that the Director-General shall consult the Members of the Council, if necessary by correspondence

---

<sup>1</sup> This provision has been deleted.

### **C. Status of Observer**

1. Observers from nations admitted to meetings of the Organization may be permitted:

- (a) to make only formal statements in Conference and Council plenaries and in commissions of the Whole, subject to the approval of the General Committee of the Conference, or of the Council;
- (b) to participate in the discussions of the commissions and committees of the Conference and Council and in the discussions of technical meetings, subject to the approval of the Chairman of the particular meeting and without the right to vote;
- (c) to receive the documents other than those of a restricted nature for and the report of the particular meeting;
- (d) to submit written statements on particular items of the agenda;
- (e) to attend a private meeting of the Council or of a commission or committee established by the Conference or Council, subject to the following rule:

When it is decided that the Council or a commission or committee established by the Conference or Council shall hold a private meeting, the Conference, Council, commission or committee, subject to the provisions of the Constitution and the General Rules of the Organization and to the principles laid down in the present Resolution, shall, at the same time, determine the scope of such a decision with respect to observers of Member Nations and Associate Members that are not members of the commission or committee and to observers of non-member nations that have been invited to be represented at the session of the commission or committee.

**I**

## **J. COOPERATION WITH INTERNATIONAL GOVERNMENTAL ORGANIZATIONS**

### **Methods Applied**

1. The ninth session of the Conference<sup>1</sup> noted from the Council's report on this subject (C 57/37) that the methods applied in developing cooperation with the United Nations group of organizations were matters that were dealt with by consultations between the heads of the organizations concerned and came to be modified appropriately as circumstances demanded and opportunity arose.

2. Where there was an agreement or an exchange of letters between FAO and another international organization, the well-defined relationship was likely from time to time to be brought into line with changing conditions. The Committee on Commodity Problems kept itself regularly informed of the work of many specialized international non-governmental organizations in the commodity field. Thus methods of developing cooperation with such organizations were automatically under constant scrutiny.

3. In general, the Conference agreed with the Council that so far as intergovernmental organizations were concerned the emphasis should by and large be on a practical exchange of knowledge and ideas, exchange of appropriate selected documents and publications, joint action projects for which the respective organizations were suitably equipped and in which joint action, with appropriate allocation of functions, offered the best solution to the particular problem. The tendency with regard to attendance at meetings should be increasingly to keep participation to technical meetings or at most to meetings where technical policy was made and the question of relations discussed.

## K. GUIDING LINES REGARDING RELATIONSHIP AGREEMENTS BETWEEN FAO AND INTERGOVERNMENTAL ORGANIZATIONS

### Preamble

1. The twenty-ninth session of the Council having before it the draft of an agreement between FAO and an intergovernmental organization requested the Committee on Constitutional and Legal Matters to examine the draft. The Committee in reporting to the thirty-first session of the Council drew attention to the fact that over the last several years a set of principles had been formulated and approved by the Conference governing relationship between FAO and international non-governmental organizations, but that no such principles had so far been established with respect to intergovernmental organizations and that in the absence of guiding principles the Committee experienced difficulty in carrying out its task.

2. The Council concurred with the view of the Committee that a set of criteria be drawn up which would serve as guiding lines in the light of which proposals regarding relationship agreements with intergovernmental organizations should be examined.

3. The tenth session of the Conference<sup>1</sup> had before it a set of guiding lines drawn up by the Committee on Constitutional and Legal Matters at the request of the Council and transmitted to the Conference as document C 59/32.

4. Two Member Nations expressed the view that a more restrictive criterion should be adopted as to the objectives and activities of any intergovernmental organizations in the field of food and agriculture. It was the majority opinion, however, that there should not be any change in the criteria as drafted by the Committee on Constitutional and Legal Matters.

### Resolution No. 69/59

#### *Guiding lines regarding relationship between FAO and intergovernmental organizations*

#### THE CONFERENCE,

**Noting** the absence of a set of established criteria regarding relationship between FAO and intergovernmental organizations;

**Considering** the desirability of adopting a set of guiding lines which should be taken into account when considering proposals for formal relationship agreements with intergovernmental organizations;

**Having examined** the guiding lines drawn up by the Committee on Constitutional and Legal Matters and transmitted to the Conference through the Council as document C 59/32;

## Appendix<sup>1</sup>

### **Guiding Lines regarding Formal Relationship Agreements between FAO and Intergovernmental Organizations**

#### **Preamble**

The following matters should be taken into account when considering relationship agreements with international intergovernmental organizations other than those of the United Nations family:

- A. Intergovernmental character of the other organization.
- B. Desirability of concluding formal agreements.
- C. Contents of agreements - scope and method of cooperation.

#### **A. Intergovernmental Character of the Other Organization**

The present criteria applied by FAO for recognizing the intergovernmental character of an organization should be maintained, i.e.:

- (a) The organization should have been set up by an intergovernmental convention (a convention to which the parties are States).
- (b) The governing body of the organization should be composed of members designated by governments.
- (c) The income of the organization should be made up mainly, if not exclusively, of contributions from governments.

#### **B. Desirability of Concluding Formal Agreements**

When taking a policy decision as to whether a focal agreement should be concluded with an intergovernmental organization, consideration should be given to:

##### *1. Factors inherent in the other organization*

- (a) The aims and purposes of the organization should be in conformity with the general principles embodied in the Charter of the United Nations and the Constitution of FAO.
- (b) The objectives and activities of the organization should be related at least partly to food and agriculture and/or should have the purpose of promoting cooperation among the members of the organization in related fields.
- (c) The structure and methods of operation of the organization should be such as to ensure that it may effectively cooperate with FAO and further the objectives of FAO.
- (d) The organization should have legal capacity to enter into agreements with other international organizations; prior evidence should be obtained that the conclusion of an agreement has been duly authorized by the competent body.

---

<sup>1</sup> Appendix G to the *Report of the Tenth Session of the Conference*.

- (e) The nature of the relations that the organization has established with other intergovernmental organizations, including those of the United Nations family, should be taken into account.
- (f) Agreements should be concluded only with organizations whose members are members of at least one of the organizations of the United Nations family, unless special circumstances would warrant a decision to the contrary.

## 2. Factors relating to cooperation with FAO

- (a) The purpose of cooperation should be to provide for consultation, coordination of effort, mutual assistance and possibly joint action in fields of mutual interest on the understanding that cooperation is designed to further the objectives of FAO.
- (b) The degree and extent of present, past and/or future cooperation with FAO should warrant the conclusion of a formal agreement.
- (c) Consideration should be given to the question as to whether:
  - i. well-defined permanent arrangements are desirable to set out the bases of cooperation and to avoid duplication or for other reasons;
  - ii. an *ad hoc* regional arrangement instead of a formal agreement would as well serve the desired purpose; or
  - iii. difficulties have arisen in carrying out informal cooperation which could not be eliminated without the conclusion of a formal agreement.
- (d) The administrative and financial implications of the agreement for FAO should be considered in consultation with the Programme and Finance Committees.

K

## C. Contents of Agreements - Scope and Method of Cooperation

The provisions of the agreements should be consistent with those of the Constitution and Rules of the Organization, and be as specific as possible as to the forms of cooperation, and should not create operational or procedural difficulties which would outweigh the value of the agreement for the Organization.

Methods of *liaison* which should be considered are as follows:

- (a) reporting on activities performed;
- (b) right to suggest insertion of specific items in agenda of governing bodies;
- (c) extent of reciprocal representation at meetings and arrangements therefor;
- (d) exchange of publications and, as appropriate, of other forms of documentation.

Methods of close *cooperation* and avoidance of duplication should include:

- (a) distribution of responsibilities;
- (b) indication of specific fields in which cooperation is required;
- (c) consultation at all stages of planning and execution of programmes of interest to either organization;

- (d) nature and methods of joint action;
- (e) cooperation for dissemination of information, including methods for financing such action;
- (f) in the case of an organization which is regional in scope, the arrangements for ensuring cooperation through the appropriate regional office of FAO, which have been found acceptable after prior consultation with the FAO Member Nations of the region of the other organization, should be incorporated in the agreement.

## L. COOPERATION WITH INTERNATIONAL NON-GOVERNMENTAL ORGANIZATIONS

### Preamble

1. The ninth session of the Conference<sup>1</sup> noted that experience had shown that with the rapid growth in the number of organizations having relations with FAO it had become necessary to apply strictly the criteria for granting consultative status and specialized consultative status set forth in the FAO Policy concerning Relations with International Organizations (Conference Resolution 37/53).

2. The Conference appreciated, however, that much fruitful cooperation had developed and would continue to develop, particularly at the technical level, between FAO and a considerable number of non-governmental organizations which did not necessitate either consultative or specialized consultative status, and that the support and cooperation of such organizations should be recognized by granting them some form of formal status that would be in keeping with the extent of their association with FAO and its work. Liaison arrangements as a category were inadequate and inappropriate for many organizations whose cooperation was essentially practical and technical.

3. The Conference therefore approved the proposal of the Council that liaison arrangements should be replaced by a new status, designated "liaison status", and that the greater flexibility in its criteria and scope would facilitate the task of appropriately classifying the organizations that have relations with FAO.

### Resolution No. 39/57

#### *Establishment of liaison status for international non-governmental organizations*

#### THE CONFERENCE,

**Takes the view** that liaison arrangements as a category are inadequate and inappropriate for many organizations whose cooperation is essentially practical and technical; and

**Decides** that liaison arrangements shall be replaced by a new status, designated "liaison status", as set forth in Appendix B to this Report.<sup>2</sup>

## **M. FAO POLICY CONCERNING RELATIONS WITH INTERNATIONAL NON-GOVERNMENTAL ORGANIZATIONS**

### **Preamble**

1. In implementation of the provisions of the resolution on relationship with non-governmental organizations of the fifth session of the Conference, as amended by Resolution No. 74/51 of the sixth session of the Conference, Resolution No. 37/53 of the seventh session and Resolution No. 39/57 of the ninth session, the arrangements for consultation, cooperation and liaison with international non-governmental organizations shall be established and conducted in the following manner.

### **Purposes**

2. Such arrangements for consultation, cooperation and liaison are intended to enable FAO to secure expert information and advice and technical cooperation and assistance from international non-governmental organizations and to enable organizations which represent important sections of public opinion and are authorities in their fields of professional and technical competence to express the views of their members.

3. Arrangements made with such organizations shall be designed to advance the purposes of FAO by securing maximum cooperation from international non-governmental organizations in the execution of its programme.

### **Forms of Relationship**

4. Formal relations with an international non-governmental organization may take one of three forms according to the importance of its field of activity in relation to the activities of FAO, whatever the degree of cooperation envisaged in the common field of activity. These are consultative status, specialized consultative status or liaison status.

### **General Arrangements**

5. The Organization established relationships with certain international non-governmental organizations in order to secure their advice and to associate them effectively with the work of the Organization.

#### *Organizations eligible for consultative status*

6. In order to be eligible for consultative status, an international non-governmental organization shall:

- (a) be international in its structure and scope of activity, be sufficiently representative of the field of interest in which it operates, and be of a recognized standing that renders its views on policy a matter of great interest to governments and to FAO;
- (b) be concerned with matters covering a substantial portion of FAO's field of activity;
- (c) have aims and purposes in conformity with the general principles embodied in the Constitution of FAO;

**M**

- (d) have a permanent directing body, authorized representatives and systematic procedures and machinery for communicating with its membership in various countries.

*Organizations eligible for specialized consultative status*

7. In order to be eligible for specialized consultative status, an international non-governmental organization shall:

- (a) be international in its structure and scope of activity, and representative of the specialized field of interest in which it operates;
- (b) be concerned with matters covering a particular portion of FAO's field of activity;
- (c) have aims and purposes in conformity with the general principles embodied in the Constitution of FAO;
- (d) have a permanent directing body, authorized representatives and systematic procedures and machinery for communicating with its membership in various countries.

*Organizations eligible for liaison status*

8. In order to be eligible for liaison status an international non-governmental organization shall:

- (a) be international in its structure and scope of activity and be sufficiently representative of the field of interest in which it operates;
- (b) be concerned with matters covering a portion of FAO's field of activity and be in a position to give practical assistance in that field;
- (c) have aims and purposes in conformity with the general principles embodied in the Constitution of FAO;
- (d) have a permanent directing body, authorized representatives and systematic procedures and machinery for communicating with its membership in various countries.

**Procedure for Selecting the Organizations with which FAO may enter into Formal Relationship**

9. Before any form of formal relationship is established with an international non-governmental organization, such organization must supply FAO with the information requested by the Director-General.

*Consultative status*

10. The Conference will at each session examine and take a decision upon the proposals submitted by the Council concerning the organizations seeking consultative status. Consultative status becomes effective upon approval by the Conference and upon acceptance by the organization of the conditions laid down under paragraphs 18, 19 and 20 hereunder. In a year in which there is no Conference session the Council may examine and

take a decision on applications for consultative status, subject to review by the Conference at its next session.

11. In deciding upon applications of international non-governmental organizations for consultative status, the Conference will be guided by the following principles:

- (a) An organization whose primary objectives are related to those of another specialized agency of the United Nations may only be admitted to consultative status after consultation with such agency;
- (b) Consultative status will not normally be granted to individual organizations that are members of a larger organization authorized to represent them; and, when such an organization is formed, its member organizations shall cease individually to enjoy consultative status.

#### *Specialized consultative status*

12. The Director-General may grant specialized consultative status to international non-governmental organizations at his discretion and upon acceptance of the conditions laid down under paragraphs 21 and 22 hereunder. He will report thereon to the Council and consult with the Council when he considers it necessary.

13. In granting applications for specialized consultative status, the Director-General will be guided, as appropriate, by the principles that apply to applications for consultative status (paragraph 11 above).

14. When several international non-governmental organizations are active in any field of FAO's activity, in principle only one should be granted specialized consultative status; no action should be taken until the division or divisions concerned have ascertained which organization is likely to be of most assistance in promoting FAO's objectives. Every opportunity will be taken to encourage such organizations to form themselves into a federation or an association.

#### *Liaison status*

15. The Director-General may grant liaison status to international non-governmental organizations at his discretion in accordance with the provisions of paragraph 8 above. He shall report thereon to the Council and will consult with the Council when he considers it necessary.

16. In granting liaison status to international non-governmental organizations, the Director-General will be guided as appropriate by the principles that apply to the granting of consultative status.

#### **Scope of Arrangements for Consultation, Cooperation and Liaison**

17. An invitation to an FAO meeting and representation thereat by an observer shall not imply the granting to an international non-governmental organization of a status different from that which it already enjoys.

**M**

*Organizations granted consultative status*

18. The privileges of such international non-governmental organizations when participating in Conference, Council and other meetings shall be those specified in paragraph 3 of Rule XVII of the General Rules of the Organization.

19. An organization in consultative status:

- (a) shall be entitled to send an observer (without the right to vote) to a session of the Conference and Council, who may be accompanied by advisers; to receive from the Director-General, in advance of the session, all documents bearing on policy or technical questions; to circulate to the Conference its views in writing, without abridgement; to speak before the technical committees of the Conference but not to participate in discussions unless requested by the Chairman; and, upon request addressed to the Director-General and with the consent of the General Committee of the Conference, to speak before the Conference itself;
- (b) may be invited by the Director-General to participate in experts' meetings, technical conferences or seminars on subjects which fall within its fields of interest, and if it does not so participate it may submit its views in writing to any such meeting or technical conference;
- (c) will receive non-confidential documentation and information about meetings planned on subjects agreed upon with the Secretariat;
- (d) may submit, under the authority of its governing body, written statements on programme matters, not exceeding 2 000 words, in one of the languages of FAO, to the Director-General, who may communicate them to the Council.

20. On the other hand, an organization in consultative status shall undertake:

- (a) to cooperate fully with FAO for the furtherance of the objectives of the Organization;
- (b) in cooperation with the competent services of FAO, to determine the ways and means of coordinating activities within the field of FAO, with a view to avoiding duplication and overlapping;
- (c) for this purpose, to invite a representative of the Director-General to attend and participate in the meetings of its governing bodies, general assemblies and appropriate technical meetings, and to arrange for coordination at secretariat level;
- (d) to contribute, as far as possible, and at the request of the Director-General, to the promotion of a better knowledge and understanding of FAO's programmes and activities through appropriate discussions or other forms of publicity;
- (e) to send FAO its reports and publications on an exchange basis;
- (f) to keep FAO informed of changes in its structure and membership, as well as of important changes in its secretariat.

*Organizations granted specialized consultative status*

21. An organization in specialized consultative status:

- (a) shall be entitled to send an observer to appropriate technical meetings with the approval of the Director-General, to receive appropriate publications, and to submit

memoranda to the Organization on technical aspects of the FAO programme of mutual specialized interest; it shall be provisionally invited, subject to approval, as appropriate, by the Conference and Council, to send an observer to Conference sessions and in appropriate cases to Council sessions;

- (b) may be invited by the Director-General to participate in experts meetings, technical conferences or seminars on subjects which fall within its field of interest; and if it does not so participate it may submit its views in writing to any such meeting or technical conference;
- (c) will receive non-confidential documentation and information about such meetings;
- (d) may submit to the Director-General, under the authority of its governing body, written statements on programme matters coming within its specialized competence, not exceeding 2 000 words, in one of the languages of FAO, which statements the Director-General may place before the Council.

22. On the other hand, an organization in specialized consultative status shall undertake:

- (a) to cooperate fully with FAO for the furtherance of the objectives of the Organization within its specialized field;
- (b) in cooperation with the competent services of FAO, to determine the ways and means of coordinating activities in such specialized field, with a view to avoiding duplication and overlapping;
- (c) for this purpose, to invite a representative of the Director-General to attend and participate in the meetings of its governing bodies, general assemblies and appropriate technical meetings, and to arrange for coordination at secretariat level;
- (d) to contribute, as far as possible, and at the request of the Director-General, to the promotion of a better knowledge and understanding of FAO's programmes and activities through appropriate forms of publicity;
- (e) to send FAO its reports and publications on an exchange basis;
- (f) to keep FAO regularly informed of its programme of work, the meetings it plans to hold and of any changes in its structure, membership and secretariat.

#### *Organizations with liaison status*

23. The methods and scope of collaboration between an organization that has been granted liaison status and FAO shall be determined and agreed by an exchange of correspondence between such organization and the Director-General.

24. The Director-General may invite organizations in liaison status to send observers to specialized meetings held under the auspices of FAO when he is satisfied that such participation may make a significant contribution to the meeting concerned. The rights of any such observers shall be determined in the aforementioned exchange of correspondence but in no case shall they exceed those accorded to observers of organizations in specialized consultative status.

25. Organizations in liaison status may be invited to send observers to Conference and Council sessions if, in the judgement of the Director-General, there are concrete reasons for inviting them that would forward the technical work of the Organization.

**M**

### **Review of Relationship**

26. The Conference may terminate arrangements for consultative status which are no longer considered necessary or appropriate in the light of changing programmes or other circumstances. In special cases which may arise between Conference sessions the Council is empowered to terminate such arrangements, subject to review by the Conference.
27. The Director-General may terminate arrangements for specialized consultative status which are no longer considered necessary or appropriate in the light of changing programmes or other circumstances, and will report such action to the Council.
28. An organization in consultative or specialized consultative status which has not shown any interest or has not attended any meetings during a period of two years may be deemed not to have sufficient interest to warrant the continuance of such relationship.
29. The Director-General may terminate arrangements for liaison status which are no longer considered necessary or appropriate by him in the light of changing programmes or other circumstances and shall report such action to the Council.
30. The Director-General shall include in his report to the Conference information on the relations between FAO and international non-governmental organizations established in accordance with the present principles and procedures.
31. The Conference shall review at each session the list of organizations approved for consultative status.
32. The Conference shall review these principles and procedures every two years and shall consider, as necessary, any amendments which may seem desirable.

## N. GRANTING OF OBSERVER STATUS (IN RESPECT OF INTERNATIONAL GOVERNMENTAL AND NON-GOVERNMENTAL ORGANIZATIONS)

### Granting of Observer Status<sup>1</sup>

1. At its eighth session the Conference requested the Council to consider and suggest amendments to the Constitution and General Rules of the Organization for the purpose of eliminating any possible ambiguity with respect to the question of observer status, with special reference to the definition of such status, the establishment of criteria for the granting of the status and the consideration of all juridical and practical aspects of the problem.

### Resolution No. 44/57

#### *Observer Status in Respect of International Organizations*

THE CONFERENCE,

#### **Decides:**

- (a) that in future intergovernmental organizations that do not have an agreement with FAO and non-governmental organizations in liaison status with FAO may be invited to send observers to Conference and Council sessions if, in the judgement of the Director-General, there are concrete reasons for inviting them which would forward the work of the Organization,
- (b) that the status of observers sent to FAO meetings by intergovernmental organizations that have relations with FAO shall not be less than that accorded to the observers of non-governmental organizations in consultative status with the Organization; and

**Notes** that, subject to the foregoing interpretation, the provisions of the Constitution and General Rules of the Organization which apply to international organizations and the FAO policy statement concerning relations with international non-governmental organizations adopted at its seventh session<sup>2</sup> provide adequate criteria for the granting of observer status to international organizations and adequately define the status of their observers.

**O. PRINCIPLES AND PROCEDURES WHICH SHOULD GOVERN CONVENTIONS AND AGREEMENTS CONCLUDED UNDER ARTICLES XIV AND XV OF THE CONSTITUTION, AND COMMISSIONS AND COMMITTEES ESTABLISHED UNDER ARTICLE VI OF THE CONSTITUTION**

**Preamble**

1. The ninth session of the Conference,<sup>1</sup> after considering the report of the Council (C 57/38) came to the conclusion that it was necessary to lay down principles to be adhered to in future whenever the provisions of Articles VI, XIV or XV of the Constitution were being applied. The intention was not to lay down too rigid rules since obviously the text of the various conventions and rules of procedure must be drafted in the light of the desired objectives. The Conference, however, wished to establish a framework, i.e., juridical and administrative norms to govern in future the drafting of new texts or of amendments to existing agreements and of the constituent rules of commissions and committees.

**Basic Considerations**

2. In accordance with the provisions of Article VI of the Constitution, the Conference and the Council may establish general or regional commissions as well as committees and working parties, and may convene general, technical, regional or other meetings. For the necessary juridical act to be accomplished, all that is required is a decision of the Conference or Council.

3. Article XIV of the Constitution applies to conventions and multilateral agreements concluded under the aegis of the Organization. These are agreements concluded between States with respect to which, in conformity with the principles of public international law, the expressed consent of sovereign entities constitutes the required juridical act.

4. However, the procedure of multilateral agreements has been used on several occasions to establish commissions and committees entrusted with specific tasks which fall within the general terms of reference of the Organization.

5. It must be borne in mind that the express purpose of multilateral agreements is to create contractual obligations for those who become parties to them. Contracting parties undertake to do or not to do certain things, such obligations being generally assumed for a given period. It follows directly from this principle that any agreement concluded under Article XIV of the Constitution among Member Nations of the Organization should entail financial or other obligations going beyond those already assumed under the Constitution of the Organization. Failing this, there would be no grounds for such an agreement, at least not in the legal form prescribed under Article XIV of the Constitution.

6. Hence, any multilateral agreement between Member Governments may undoubtedly provide for the establishment of a commission or an executive body, but this should not be an end in itself since under Article VI the Conference and the Council are empowered to establish such bodies merely by a decision on their part. Consequently, the setting up of a commission or a committee by a multilateral agreement is justified only when such

---

<sup>1</sup> See paragraphs 503 to 509 of the *Report of the Ninth Session of the Conference*.

agreement presupposes the assumption of specific obligations going beyond mere participation in the work of the body thus established.

7. It ensues that two sets of principles are required: on the one hand, those governing the preparation, conclusion, entry into force and implementation of a convention or agreement coming within the framework of Article XIV of the Constitution, in other words certain aspects of the law of treaties; and on the other hand, those governing the establishment and the constituent rules of commissions, committees or working parties set up by conventions or agreements or under Article VI of the Constitution (composition, terms of reference, rules of procedure, reporting, etc.).

### **Resolution No. 46/57**

#### *Conventions and Agreements, Constituent Rules of Commissions and Committees*

#### **THE CONFERENCE,**

1. **Considering** that the purpose of conventions and agreements provided for in Article XIV of the Constitution of the Organization is to create new contractual obligations for Member Nations that are parties thereto;

**Declares** that such conventions and agreements should be concluded only when they entail for the contracting parties obligations going beyond those assumed under the Constitution of the Organization.

2. **Considering further** the desirability of avoiding in future inconsistencies and inadequacies in the texts of conventions and agreements concluded under Article XIV of the Constitution of the Organization and of securing greater uniformity in the provisions of such conventions and agreements and in the procedure for the preparation of texts and their submission to the Conference or Council of the Organization for approval;

**Resolves** that the principles embodied in Appendix D to this Report<sup>1</sup> shall in future govern the drafting of conventions and agreements and be taken into account by the Conference and Council when approving such conventions and agreements.<sup>2</sup>

3. **Considering** the desirability of ensuring consistency and uniformity with respect to the constituent rules of commissions, committees, subcommissions, subcommittees established under Article VI or Article XIV of the Constitution;

**Noting** that the activities of these bodies must be in conformity with the policy of the Organization;

**Resolves** that the principles embodied in Appendix D to this Report shall govern the constituent rules of existing commissions, committees, subcommissions and subcommittees

established under Article VI of the Constitution and those to be established in future under that Article and that these principles shall govern the drafting of the constituent rules of bodies to be established in future under Article XIV of the Constitution.<sup>1</sup>

4. **Recognizing** the necessity of amending the Constitution and General Rules of the Organization in the light of the present Resolution;

**Adopts** the amendments given in Appendix I to this Report;<sup>2</sup> and

**Urges** the parties to existing conventions and agreements and the members of the bodies established thereunder to apply as far as possible the rules contained in the present statement of principles and reflected in the amendments to the Constitution and General Rules of the Organization appearing in Appendix I to this Report; and

**Invites** these parties to amend the texts of these conventions and agreements when feasible in order to bring them into line with said principles and amendments.

### **Semi-Independent Bodies**

8. The Conference noted that the provisions of the statutes of certain bodies were a cause of confusion regarding their legal status. There was some doubt as to whether these bodies should be considered as entirely independent entities with only working relations with the Organization or as bodies having been established within the framework of the Organization under Articles VI, XIV or XV of the Constitution. The lack of clarity regarding the relationship of these entities with the Organization and, consequently, the extent and character of the responsibility of the Organization with respect to these bodies were a cause of concern to the Conference.

### **Resolution No. 47/57**

#### ***Semi-Independent Bodies***

**O**

#### **THE CONFERENCE,**

**Considering** the desirability of avoiding any ambiguity regarding the legal status of bodies promoted by the Organization;

**Resolves** that in future bodies utilizing the Secretariat services of the Organization shall be set up either:

- a) under Article VI or Article XIV of the Constitution and the relevant Rules; or
- b) under Article XV of the Constitution in which case the relationship of such bodies to the Organization shall in each instance be clearly defined; or
- c) entirely outside the framework of the Organization and as such completely independent, any cooperation or coordination to be developed through a relationship agreement to be approved by the Council and Conference under Rule XXIV,

## Appendix<sup>1</sup>

### **Principles and Procedures which should Govern Conventions and Agreements Concluded under Articles XIV and XV of the Constitution, and Commissions and Committees Established under Article VI of the Constitution**

#### **A. Principles to Govern Conventions and Agreements**

##### *Terminology*

1. Such treaties concluded under Article XIV of the Constitution as are of a worldwide scope shall in future be designated by the term "convention", while the others shall be designated by the term "agreement".
2. The word "constitution" shall in future be reserved to designate the Constitution of the Organization and the term "statutes" shall be utilized only to designate the collection of constituent rules of bodies established under Article VI of the Constitution, which expression shall include the terms of reference, reporting procedures, rules of procedure, etc.
3. In future, the term "council" shall be used only to designate the Council of the Organization. Bodies established by conventions or agreements under Article XIV of the Constitution shall be called "commissions" or "committees", and their subsidiary bodies "subcommissions", "subcommittees" or "working parties".

##### *Participation in conventions and agreements*

4. Method of participation: Both the traditional system, i.e., that of signature, signature subject to ratification, and accession, as well as the more recent and simplified system of acceptance by the deposit of an instrument of acceptance have in the past been applied by the Organization and shall be retained. Under both systems the period during which nations may become parties to the conventions or agreements may be limited by a provision in the basic text if circumstances so warrant.

##### *Preamble*

5. The preamble shall always specify that the convention or agreement is established within the framework of the Organization. It shall in addition clearly state the purposes and objectives of the convention or agreement, which purposes and objectives must be in line with those of the Organization.
6. The preamble should not contain information regarding the drafting parties or the dates of approval of the instrument by the drafting meeting or by the Council or Conference. The date of approval by the competent authority of the Organization should be given in the body of the instrument or in the testimonium.

---

<sup>1</sup> Appendix D of the *Report of the Ninth Session of the Conference* as amended by Resolution No. 8/91 of the 26<sup>th</sup> Session of the Conference.

*Participation of Associate Members*

7. Existing bodies established under conventions and agreements shall be invited to amend their basic instrument, if and when necessary, in order to make participation by Associate Members possible.

*Amendments*

8. Conventions and agreements shall contain, when appropriate, provisions reflecting the following principles:

- (a) Amendments to all conventions and agreements concluded under Article XIV of the Constitution shall be reported to the Council which shall have the power to disallow them if it finds that such amendments are inconsistent with the objectives and purposes of the Organization or the provisions of the Constitution. If the Council considers it desirable, it may refer these amendments to the Conference which shall have the same power. In addition, such amendments shall be subject to prior approval by at least a two-thirds majority of all the parties to the convention or agreement. Amendments to conventions and agreements which do not provide for the establishment of a body shall be submitted to an advisory committee prior to consideration by the Council.
- (b) Amendments are operative until disallowed by the Council or the Conference.
- (c) Amendments involving new obligations for the contracting parties shall come into force in respect of each contracting party only on acceptance by it. The instruments of acceptance of amendments involving new obligations shall be deposited with the Director-General of the Organization who shall inform all the contracting parties of the receipt of acceptances and the entry into force of amendments.
- (d) Conventions and agreements shall contain a provision regarding the position of contracting parties that do not accept amendments.

*Entry into force of conventions and agreements*

9. Uniformity regarding the number of participations required in order to bring a convention or agreement into effect is not necessary. All texts shall indicate the method of determining the effective date of participation. Notification of participation shall be dispatched by the Director-General to all signatory, acceding and accepting parties and to all Member Nations of the Organization in accordance with Rule XXI, paragraph 3 of the General Rules of the Organization, as well as to the Secretary-General of the United Nations in conformity with the Regulations to give effect to Article 102 of the Charter of the United Nations.

*Reservations*

10. A clause on the admissibility of reservations may be inserted in conventions and agreements. Any such clause shall be in line with public international law as reflected in particular in the provisions of Part II, Section 2 of the Vienna Convention on the Law of Treaties of 1969. Failing such a clause, the admissibility of reservations shall be governed by public international law as reflected in the above provisions of the Vienna Convention. The Director-General of the Organization shall notify all signatory, acceding and accepting governments of all reservations.

*Territorial application*

11. Each convention and agreement shall contain a clause regarding its territorial application in order to avoid any ambiguity in this respect. The contracting parties shall, at the time of signature, ratification, accession or acceptance, declare explicitly to what territories the convention or agreement shall extend, especially in those cases where a government is responsible for the international relations of more than one territory. In the absence of such a declaration, the convention or agreement shall be deemed to apply to all the territories for the international relations of which the nation is responsible. Subject to the principles laid down in paragraph 14 and to any relevant provision of the convention or agreement regarding withdrawal, the scope of the territorial application may be modified by a subsequent declaration.

*Supplementary agreements*

12. Nations that are not parties to a basic convention or agreement may become parties to a supplementary agreement. However, if participation in the basic convention or agreement is restricted to Member Nations of the Organization, non-member States which are members of the United Nations, any of its specialized agencies or the International Atomic Energy Agency may become parties to the supplementary agreement only if the basic instrument provides for such a possibility.

*Interpretation and settlement of disputes*

13. Each convention and agreement shall contain a suitable provision regarding its interpretation and settlement of disputes. Among alternative procedures for settlement of disputes are conciliation, arbitration, or reference to the International Court of Justice. The nature of the provision for settlement of disputes should be determined in the individual convention or agreement by the character and objective of the particular instrument involved.

*Withdrawal and denunciation*

14.

- (a) All conventions and agreements drafted in future shall contain a clause regarding withdrawal or denunciation on the basis of the following principles:
- i. No participating nation may withdraw before having been a party to the convention or agreement for a certain period. Uniformity is not necessary with respect to the duration of this period or the required advance notice.<sup>1</sup>
  - ii. A nation that is responsible for the international relations of more than one territory shall, when giving notice of its withdrawal from a convention or agreement, state to which territory or territories the withdrawal is to apply. In the absence of such a declaration the withdrawal shall be deemed to apply to all the territories for the international relations of which the nation concerned is responsible, with the exception of Associate Members.
  - iii. A nation may give notice of withdrawal with respect to one or more of the territories for the international relations of which it is responsible.
- (b) Some of the existing conventions and agreements provide for participation either of:
- i. Member Nations only, or

---

<sup>1</sup> The representative of Japan reserved his position with respect to this provision.

- ii. Member Nations and non-member nations, the participation of the latter being subject to approval of the body established under such convention or agreement and of the Conference or Council of the Organization.

Any Member Nation that gives notice of withdrawal from the Organization is deemed to have simultaneously given notice of withdrawal from such conventions or agreements and this withdrawal is deemed to apply to all the territories for the international relations of which the Member Nation is responsible. A clause dealing with this aspect of the participation shall be incorporated in all conventions and agreements of this nature drafted in the future, having regard to the principles contained in paragraph 3(b) of Article XIV of the Constitution.

#### *Termination*

15. All conventions and agreements shall contain a termination clause. This clause shall *inter alia* provide for automatic termination if and when the number of participants drops below that required to bring it into force, unless the remaining participants unanimously decide otherwise. The system of termination by a qualified majority decision of the participants shall be discontinued. It is understood that, after a convention or agreement has been in force for a given number of years, the participants thereto should, upon recommendation of the Conference or Council of the Organization as appropriate, consider the desirability either of maintaining the convention or agreement or of terminating it by withdrawal.

#### *Authentic languages*

16. Unless otherwise decided by the Conference or Council, all conventions and agreements shall be drawn up in English, French and Spanish, which languages shall be equally authentic.

#### *Depositary functions*

17. Greater uniformity shall be introduced into the text regarding the notifications which the Director-General is required to make as the depositary of conventions and agreements. These notifications shall be made to all signatory, acceding or accepting governments. In addition, one certified copy of the text of each convention or agreement shall be transmitted to each Member Nation of the Organization and to such non-member nations as may become parties to the convention or agreement, in accordance with Article XIV.7 of the Constitution, and all Member Nations of the Organization shall be informed of each participation in accordance with Rule XXI, paragraph 3 of the General Rules of the Organization.

### **B. Principles to Govern the Constituent Rules of Commissions and Committees<sup>1</sup>**

#### *Establishment of subsidiary bodies*

18. Under Rule XXXII, paragraph 1<sup>1</sup> of the General Rules of the Organization, commissions, committees and working parties set up in pursuance of Article VI of the Constitution may establish subcommissions, subcommittees and subsidiary working parties.

---

<sup>1</sup> See Addendum I to this Appendix, page 191.

19. The texts of all conventions or agreements establishing commissions or committees under Article XIV of the Constitution shall specify whether such commissions or committees may establish subsidiary bodies.

20. Both with respect to Article VI and Article XIV bodies, the convention or agreement, or statutes as the case may be, shall make the establishment of subsidiary bodies subject to the availability of necessary funds in the relevant approved budget. When the related expenses are to be borne by the Organization, the determination of such availability shall be made by the Director-General. Before taking any decision involving expenditure in connection with the establishment of subsidiary bodies, the body concerned must have before it a report from the Director-General on the administrative and financial implications thereof.

*Purpose and functions*

21. Article VI.3 of the Constitution as amended in 1955 states that the Conference or Council when establishing commissions, committees and working parties must determine their "terms of reference".

22. As regards bodies established prior to 1955, the Conference noted that the purpose of these bodies and their functions or terms of reference were in some instances omitted from the relevant resolution or were vague. These resolutions should therefore be reviewed by the Conference or Council.

*Eligibility for membership and observer status*

23. Membership in the commissions and committees provided for in Article VI of the Constitution shall not be open to non-member nations of the Organization.

24. Membership in a regional commission established under Article VI of the Constitution is open to all Member Nations and Associate Members whose territories are situated wholly or partly in the region. However, in order to be considered as a member of the commission the eligible Member Nation or Associate Member shall communicate to the Director-General a formal expression of intention.

25. As regards Member Nations and Associate Members whose metropolitan territories are not situated in a given region, a broad interpretation shall be given to the provisions of Article VI in that any Member Nation that is responsible for the international relations of any non self-governing territory in the region considered shall be eligible for membership in the commission of that region and that any Member Nation or Associate Member that has a special interest in the work of a commission for that region may, upon its request, participate in the work of that commission in the capacity of observer.

26. The statutes of commissions and committees established under Article VI of the Constitution and the conventions and agreements setting up commissions or committees under Article XIV of the Constitution shall contain provisions regulating the question of observer status for non-member nations of the Organization in accordance with the

---

<sup>1</sup> Now Rule XXXVI.1.

statement of principles relating to the granting of observer status to nations (see Appendix C to this Report).<sup>1</sup>

27. Conventions and agreements establishing commissions and committees under Article XIV of the Constitution shall provide that Member Nations and Associate Members of the Organization that are not members of such commissions and committees may, upon their request, be represented by an observer at sessions of these commissions and committees.

#### *Relations with international organizations*

28. The relations between commissions or committees established under Article VI and other international organizations shall be governed by Article XIII of the Constitution and Rule XXIV, paragraph 4(c) of the General Rules of the Organization, as well as by the rules adopted by the Conference on the matter of relationship with international organizations. These provisions shall likewise govern the relations between commissions and committees established by conventions and agreements under Article XIV of the Constitution and other international organizations.

#### *Relations with governments*

29. Commissions and committees established under Article VI and Article XIV of the Constitution should, in principle, not be empowered to enter into arrangements with governments which are not members of the commission or committee. When this, however, is found desirable, a specific provision shall be incorporated in the statutes, convention or agreement, as the case may be, indicating the scope of such authority and specifying that all such arrangements shall be made by the Director-General of the Organization.

#### *Reporting and recommendations*

30. Provision shall be made in the relevant texts to the effect that commissions, committees and other bodies established under Article VI or Article XIV of the Constitution, as well as their subsidiary bodies, shall transmit their reports and recommendations to the Director-General, those of the subsidiary bodies to be transmitted through the parent body. In the case of bodies referred to in paragraph 33(c), provision may also be made in the relevant texts to the effect that recommendations or decisions not having financial, policy or programme implications for the Organization, may be transmitted directly to the members of the body concerned for their consideration and action.

The Director-General shall:

- (a) take these reports into account when preparing the Programme of Work and Budget of the Organization;
- (b) bring to the attention of the Conference through the Council any recommendations adopted by these bodies which have policy implications or which affect the programme or finances of the Organization;
- (c) include in his annual statement to the Conference an analysis of the work done by these bodies.

---

<sup>1</sup> Appendix C to the *Report of the Ninth Session of the Conference* appears in this volume on pages 157-159.

31. It is understood that, pending such formal action, the Director-General will circulate these reports to all members of the bodies concerned and to all Member Nations and Associate Members of the Organization for their information. The policy, programme and financial implications for the Organization of these reports shall be acted upon by the appropriate governing body of the Organization.

*Administrative and financial matters*

32. The statutes of bodies established under Article VI of the Constitution and the basic texts of bodies established under Article XIV of the Constitution shall specify that:

- i. the financial operations of such bodies shall be governed by the appropriate provisions of the Financial Regulations of the Organization, subject to the terms of paragraph 33(iii) below;
- ii. the expenses of members of such bodies or of experts attending sessions of these bodies as government representatives are to be borne by the respective governments and the expenses of experts attending in their individual capacity are to be borne either by the budget, if any, of the body concerned, or by the Organization;
- iii. the Secretary of each body shall be appointed by the Director-General and shall be administratively responsible to him. In the case of bodies referred to in paragraph 33(c), the basic texts may specify that the Secretary shall be appointed by the Director-General after consultation with, or with the approval or concurrence of, the members of the body concerned;
- iv. non-member nations of the Organization that become members of bodies established by conventions or agreements concluded under Article XIV of the Constitution shall be required to contribute towards the expenses incurred by the Organization with respect to the activities of these bodies.

33. Bodies established under Article XIV of the Constitution fall into one of the three following categories:

- (a) bodies entirely financed by the Organization;
- (b) bodies that, in addition to being financed by the Organization, may undertake cooperative projects financed by members of the body;
- (c) bodies that, in addition to being financed by the Organization, have autonomous budgets.

Bearing in mind the obligations of the Organization, the following principles shall be observed and appropriate provisions shall be inserted in the text of conventions and agreements:

- i. contributions for cooperative projects and autonomous budgets shall be remitted to the Organization. The Organization shall establish in each case a trust or special fund into which these contributions shall be paid and these funds shall be administered by the Organization in accordance with the Financial Regulations and Rules of the Organization;
- ii. any financial regulations adopted by such bodies shall be consistent with the principles embodied in the Financial Regulations of the Organization and be

**O**

reported to the Finance Committee which shall have the power to disallow such financial regulations or amendment if it finds that they are inconsistent with the principles embodied in the Financial Regulations of the Organization;

- iii. expenses borne by the Organization shall be determined and paid within the limits of the relevant item of the budget of the Organization as approved by the Conference.

#### *Amendments to basic resolutions*

34. Bodies established under Article VI may suggest amendments to the basic resolution by which they were set up and which determined their terms of reference. Any proposals for such amendments must be transmitted to the Director-General in time for inclusion in the agenda of the Council or Conference as appropriate.

#### *Rules of procedure*

35. Conventions and agreements establishing commissions and committees under Article XIV of the Constitution shall provide that the rules of procedure and amendments thereto adopted by such commissions and committees shall not be inconsistent with the convention or agreement establishing the body or with the Constitution. For the adoption of rules of procedure or amendments thereto, the required majority within the commissions and committees shall be uniformly set at two thirds of the membership of the body.

36. Rules of procedure of subcommissions, subcommittees or subsidiary working parties of bodies established under Articles VI and XIV shall be approved by these bodies and shall be in conformity with the rules of procedure of these bodies and the General Rules of the Organization.

#### *Sessions*

37. The site and date of all sessions of bodies and their subsidiary bodies established under Articles VI and XIV of the Constitution shall be determined in consultation with the Director-General, and the relevant texts shall contain a provision regarding this requirement.<sup>1</sup>

#### *Quorum, majority and voting arrangements*

38. The required quorum and majority for taking decisions shall be provided for in the basic instruments concluded under Article XIV and the statutes of bodies established under Article VI of the Constitution. The quorum, voting arrangements and proceedings at meetings shall be governed by the provisions of Rule XII of the General Rules of the Organization.

#### *Executive committee*

39. The establishment of an executive committee, when provided for, shall be stated in the basic instruments or in the statutes of the bodies concerned. As regards the composition of executive committees, the Conference noted that in the case of Article XIV bodies they sometimes comprise as many as three Vice-Chairpersons and in one instance the outgoing

---

<sup>1</sup> See Addendum II to this Appendix, page 193.

Chairperson. In cases where the expenses of such officers, when performing duties related to the work of the body, are to be borne by the Organization, the number of Vice-Chairpersons should be limited.

#### *Agenda*

40. The rules of procedure of all bodies under Article VI shall specify that the agendas of their meetings shall be drawn up by the Director-General in consultation with the Chairperson.

#### *Semi-independent bodies*

41. The Conference, having noted that the statutes of the International Poplar Commission and the International Chestnut Commission were ambiguous regarding their legal status, recommended that the Director-General approach these commissions in order to clarify the situation. The Director-General should report to the Council on the outcome of these consultations and recommend whether they should be classified as bodies established under Articles VI, XIV or XV of the Constitution of the Organization, or considered as entirely independent entities in accordance with Resolution 47/57. In the latter case, draft agreements between the Organization and these commissions regarding their relationship with the Organization and their servicing by the Organization should be submitted to the Council on the understanding that such agreements would be in conformity with the provisions of the Constitution and Rules of the Organization as interpreted in this document, and should set out clearly the responsibility of the Director-General, in order that the Council, when considering the agreements, may be made fully aware of their implications.

#### *Agreements between the Organization and Member Governments*

42. The Conference considered the case of independent entities that have been or are being established by agreements between the Organization and a government, such as the Regional Forestry School as well as the Regional Forestry Research Centre, both for the Near East, and decided that no subsidiary body of the Organization should participate in the capacity of board of directors in the administration of an institution over which the Conference does not have full control. Under certain circumstances, however, it might be desirable for the Director-General to be a member of the board of directors of such an institution.

43. Specific draft agreements for the establishment of independent entities should be referred to the Committee on Constitutional and Legal Matters for consideration prior to submission to the Council and Conference of the Organization.

## Addendum I

### Excerpts from the Report of the Thirteenth Session of the FAO Conference (1965): Paragraphs 418 to 429 on Committees, Working Parties and Panels of Experts

418. In 1961 the Conference requested the Council to undertake a study of FAO's expert committees and panels, pointing out that "while this was a useful method of working, care should be taken to ensure that such groups or panels should only be set up for specific purposes and only for the length of time required to accomplish their main purpose, so that they may not develop into permanent bodies".

419. In accordance with the recommendations of the Programme Committee which had studied the matter on behalf of the Council, the Council submitted its recommendations to the Conference (C 65/32).

420. The Conference *welcomed* the Council's report, which it considered would assist considerably in achieving greater coordination, and *confirmed* these recommendations, namely:

- (a) adherence to the nomenclature used in Article VI of the Constitution;
- (b) amendment of Rule XXXI as set out below;<sup>1</sup>
- (c) effective and economical application of the system of panels and expert committees;
- (d) application of the internal machinery proposed by the Director-General.

421. With regard to the nomenclature to be used, the Conference *reiterated its earlier request* that only the nomenclature used in Article VI of the Constitution be used in regard to bodies set up by FAO. In particular, the Conference agreed that for bodies set up under paragraphs 2 and 4 of Article VI, the following should apply:

- (a) "*Committee*" applies to committees of selected Member Nations or Associate Members set up to study and report on matters pertaining to the purpose of the Organization;
- (b) "*Working Party*" applies to working parties of selected Member Nations or Associate Members set up to study and report on matters pertaining to the purpose of the Organization;
- (c) "*Panel of Experts*" is a list of experts selected in their individual capacity on the basis of their expert knowledge, to give advice on specific subjects by correspondence and/or by participation in meetings of some or all of them;
- (d) "*Committee of Experts*"; and
- (e) "*Working Party of Experts*": these terms apply to groups of experts selected in their personal capacity. Whether or not their members are drawn from a panel of experts, they can only be established on the authority of the Conference or the Council. They are governed by Rule XXXI, paragraph 3<sup>2</sup> of the General Rules of the Organization, which limits the duration of the term of office of their members.

---

<sup>1</sup> Now Rule XXXVI. The amended text has been incorporated in the *Basic Texts* of the Organization.

<sup>2</sup> Now Rule XXXVI.3.

422. While recognizing that special problems arise when bodies are set up or sessions convened jointly with other United Nations agencies or intergovernmental organizations, the Conference urged that every effort should be made to avoid confusion and adhere as far possible, even in such cases, to the nomenclature established by FAO.

423. Attention was also drawn to departures from the established nomenclature in the case of bodies established under certain programmes, such as *Codex Alimentarius*, and requested the Director-General to ensure that bodies established under such programmes adhere to FAO practices.

424. With regard to the establishment of panels of experts or committees and working parties of experts, attention was drawn to the terms of Article VI.4 of the Constitution, whereby the Director-General consults with Member Nations, Associate Members and National FAO Committees on the establishment of panels of experts. Similarly, attention was drawn to Article XIII.4 of the Constitution and Rule XXXIV<sup>1</sup> of the General Rules regarding the procedure to be followed to secure proper consultation with governments in regard to relations between the Organization and national institutions or private persons.

425. With regard to conferences or sessions to which both governments and individuals or national institutions were invited, the Conference *requested* the Director-General to ensure that the requirements of the above provisions were also applied.

426. The Conference noted that the Council had emphasized the need for continuing and careful scrutiny of the complex of bodies and panels of experts appointed in their personal capacity on the one hand, and of *ad hoc* committees and working parties of government representatives on the other, to ensure the best use of the Organization's resources. The Conference *requested* the Council to undertake a review of all such bodies and panels of experts over a four-year cycle, to ensure that these bodies are maintained only for the length of time required to accomplish their main purpose and do not develop into permanent bodies.

427. The Conference also *requested* the Director-General to avoid proliferation of such committees, working parties or panels of experts and to avoid duplication of functions with existing bodies, either within the Organization or established by other agencies.

428. The Conference *welcomed* the Director-General's initiative regarding the internal supervisory machinery established by him to ensure the implementation of the foregoing proposals, as set out in document C 65/32, paragraph 17 (a), (b), (c), (d).

429. The Conference agreed that for convenient reference the foregoing paragraphs dealing with committees, working parties and panels of experts should be incorporated in the next edition of the *Basic Texts*, Volume II.

---

<sup>1</sup> Now Rule XXXIX.

## Addendum II

### Resolution No. 21/67 of the Fourteenth Session of the Conference

#### *Sessions of FAO commissions, committees and working parties and of their subsidiary bodies*

#### THE CONFERENCE,

**Noting** the recommendation of the United Nations *ad hoc* Committee to Examine the Finances of the United Nations and Specialized Agencies, to the effect that no dependent body should be permitted to increase the number or length of its sessions already authorized without the specific approval of the organ which established it;

**Considering** that this recommendation as regards its implementation with respect to FAO, should be construed as applying to commissions, committees and working parties of Member Nations and of experts established under Articles VI and XIV of the FAO Constitution, and their subsidiary bodies, as well as to subsidiary bodies of committees of the Council established under Article V;

**Recognizing** that a literal implementation of the aforementioned recommendation of the *ad hoc* Committee would result in serious practical difficulties;

**Realizing** however that the objectives of such recommendation can be achieved by the exercise of appropriate controls by the Conference and Council;

**Aware** that the procedures under which FAO operates require advance approval by the Conference of the Programme of Work and Budget for the subsequent biennium, and that the Programme of Work and Budget for 1968-69 includes a complete list of sessions of statutory bodies and subsidiary bodies and of other conferences and consultations which the Director-General proposes for the biennium (C 67/3-Sup.1-Rev. 1);<sup>1</sup>

**Decides** that sessions of FAO bodies, other than those sessions listed in the Programme of Work for the relevant biennium, should only be convened in exceptional circumstances;

**Authorizes** the Director-General to make such exceptions when in his view such action is necessary for the fulfilment of the Programme of Work as approved by the Conference, subject however to such exceptions being reported to the session of the Council immediately following such action;

**Invites** Member Governments to draw the attention of their delegates attending sessions of bodies of Member Nations to the need to adhere to the schedule of sessions provided for in the approved Programme of Work;

**Decides** that the terms of this Resolution shall apply equally to the convening of unscheduled sessions of panels of experts established under Article VI.4 of the Constitution;

---

<sup>1</sup> The Conference noted that certain minor modifications had been agreed to during the debates and requested that these approved changes be included in this document, which would be revised and circulated to governments as soon as possible after the Conference had concluded the adoption of its report on the Programme of Work for 1968-69.

**Decides** that in the case of new bodies to be established under Article VI or XIV of the Constitution, or subsidiary bodies established by the latter, a provision should be included in the convention, agreement, statutes or rules of procedure, as appropriate, limiting the frequency and duration of sessions of such bodies; and that the statutes of existing bodies should be amended accordingly as opportunity arises;

**Further decides** that the Committee on Commodity Problems and the Committee on Fisheries should include similar limitations in the statutes of any new subsidiary bodies which they may establish; and that the statutes of existing subsidiary bodies be amended accordingly as opportunity arises;

**Requests** the Director-General to bring this Resolution to the attention of the chairmen and members of bodies of experts and, if necessary, also of intergovernmental bodies, in the event of any proposals formulated by them to convene unscheduled sessions.

(Adopted on 21 November 1967)

### Addendum III

#### **Resolution No. 12/79 of the Twentieth Session of the Conference**

#### ***Procedures for the Establishment and Abolition of Statutory Bodies***

#### **THE CONFERENCE,**

**Noting** that at its Seventy-fourth Session the Council recommended that the Conference adopt a resolution to the effect that any proposal to establish a new body under Articles VI, XIV or XV of the Constitution should be accompanied by a document prepared by the Director-General, setting forth certain details for consideration by the Conference or Council as appropriate, before authorizing the establishment of any new body under those Articles of the Constitution;

**Noting further** that the Council requested the Committee on Constitutional and Legal Matters (CCLM) to examine the wording of a proposed operative paragraph of such resolution, and also to consider the question whether provisions could be made in the Organization's Basic Texts for the abolition of bodies established under Articles VI, XIV or XV, which were either inactive or had outlived their usefulness;

**Considering** that the Council had examined these matters at its Seventy-fifth Session in the light of the CCLM's report thereon;

**Concurring** with the recommendations of the Seventy-fifth Session of the Council;

1. **Decides** that the following procedures shall be followed in connection with the establishment of new bodies under Articles VI, XIV or XV:

- (i) Any proposal to establish a new body under Articles VI, XIV or XV of the Constitution shall be accompanied by a document prepared by the Director-General setting forth in detail:
  - a. the objectives that are to be achieved through the establishment of the body;
  - b. the manner in which the body will carry out its functions and any impact that its creation may have on the current or future programmes;
  - c. the financial implications of the establishment of the body for the current biennium, as well as a forecast of the financial implications for the future biennia.
- (ii)
  - a. Before approving or authorizing the establishment of any new body under Article VI of the Constitution, the Conference or as appropriate the Council shall consider the document referred to in paragraph (i) above.
  - b. Where the Director-General establishes a body under the authority provided for in paragraph 6 of Article VI of the Constitution, he shall submit to the Council the document described in paragraph (i) above, together with his report on the action taken in accordance with paragraph 6 of Article VI.
- (iii)
  - a. Before a technical meeting or conference comprising Member Nations participates in the drawing up of a draft convention or agreement for

**O**

submission to the Council or Conference as foreseen in paragraph 3(a) of Article XIV of the Constitution, such technical meeting or conference shall consider the document referred to in paragraph (i) above.

- b. Where, after consideration of such document, the technical meeting or conference suggests to the Conference or Council that the convention or agreement be approved and submitted to Member Nations concerned for acceptance, the Conference or Council shall consider the document referred to in paragraph (i) above, appropriately revised as necessary, before approving the convention or agreement.

(iv)

- a. Before the Conference takes any policy decision as to whether the Director-General should be authorized to negotiate an agreement as foreseen under paragraph 2 of Article XV the Conference shall consider the document referred to in paragraph (i) above.
- b. Where, after consideration of such document, the Conference authorizes the Director-General to negotiate an agreement, the Conference or Council before approving such agreement in accordance with paragraph 3 of Article XV shall consider the document referred to in paragraph (i), appropriately revised as necessary.

2. **Requests** the Regional Conferences to review carefully the functioning of the regional bodies in their respective regions with a view to determining whether they are functioning effectively in the service of Member Nations, and to recommend any necessary measures in that connection.

3. **Requests** the Director-General to keep the activities of bodies established under Articles VI, XIV or XV under review in the light of their reports, and, if he is of the opinion that such a body is either inactive or has outlived its usefulness, to recommend that the Council or Conference:

- (i) exercise its authority to abolish bodies established under Article VI or subsidiary bodies thereof,
- (ii) invite States, parties to conventions or agreements concluded under Article XIV or XV, to consider terminating such convention or agreement by withdrawal in accordance with the relevant provisions thereof,
- (iii) exercise its authority to effect the withdrawal of the Organization from bodies established under Article XV.

4. **Requests** the Director-General to include the present resolution in Section R<sup>1</sup> of Volume II of the *Basic Texts* of the Organization.

## Addendum IV

### Resolution No. 13/97 of the Twenty-ninth Session of the Conference<sup>1</sup>

#### *Review of FAO Statutory Bodies*

#### THE CONFERENCE,

**Conscious** of the continuing need to enhance the efficiency of the Organization and its governance in a time of financial challenge, to eliminate Statutory Bodies that are obsolete, to ensure more flexible task-oriented and time-bound working arrangements for those that remain and to limit the creation of new Bodies to those that are strictly necessary,

**Recognising** the importance of moving towards increased self-financing for Statutory Bodies that have regional focus, and of enhancing the responsiveness of those bodies to the needs of their Members:

1. **Decides** to abolish the Bodies listed in Annex A to this Resolution<sup>2</sup>;
2. **Recommends** to the parent Bodies concerned that their Subsidiary Bodies listed in Annex B be abolished and calls on those parent Bodies to take the necessary action unless they consider, taking into account the financial and programme implications, that there are overriding reasons for retaining any such Bodies in existence and to report to the Council through the Programme and Finance Committees on the actions taken and, where appropriate, on the reasons for retaining any of the Subsidiary Bodies recommended for abolition;
3. **Requests** the Director-General to consult with the organizations listed in Annex C with a view to securing alternative arrangements for, or the abolition of, the joint Bodies listed in that Annex as deemed appropriate and authorises their abolition, as appropriate;
4. **Recommends** to the Codex Alimentarius Commission that it continue its review of the usefulness of its Subsidiary Bodies set out in Annex D;
5. **Encourages** regional commissions established under Article VI of the Constitution to seek more extra-budgetary resources to supplement the resources made available to them under the FAO Regular Programme Budget, taking into account the economic capacity of the regions concerned and of their Members;
6. **Calls on** the Contracting Parties to Conventions and Agreements establishing regional bodies under Article XIV of the Constitution to seek where appropriate, increasingly to provide such Bodies with their own financial resources, whether through cooperative programmes or other voluntary contributions, or through the establishment of autonomous budgets financed from mandatory contributions;
7. **Decides** that in future, Statutory Bodies should be established only where strictly necessary and where the work to be undertaken cannot be carried out by ad hoc groups, and that the Terms of Reference of all new Bodies created should provide for a periodic review of their usefulness;

---

<sup>1</sup> Incorporated in this volume in accordance with the decision of the 150<sup>th</sup> Session of the Council (see paragraph 21(e) of the *Report of the 150<sup>th</sup> Session of the Council*).

<sup>2</sup> The Annexes to [Resolution No. 13/97](#) can be found in the *Report of the 29<sup>th</sup> Session of the Conference*.

8. **Further decides** that, to this end, the following factors should be taken into account in establishing new technical Bodies and in the establishment of new Subsidiary Bodies
- a) Centrality to the FAO mandate and the Organization's current priorities as expressed by FAO Members and reflected in planning documents;
  - b) Clarity of the definition of the task, which should normally be of limited duration;
  - c) Positive impact of the Body's work at the level of FAO Members;
  - d) FAO's comparative advantage, thereby avoiding overlap and creating synergy with the work of other Bodies;
  - e) Proportion of the FAO Membership to which the work of the proposed body is of importance with due regard to the economic capacity of less-advantaged members, including least developed countries and small-island developing states; and
  - f) Willingness of their Members to contribute financially and through non-monetary inputs to the work of the Body, especially where the Body will serve a more limited number of countries, with due regard to the economic capacity of their less advantaged members and the availability of other financial support;
9. **Requests** all Statutory Bodies to examine how their Rules of Procedure and working methods could be streamlined to facilitate positive inter-action among participants at meetings, to promote a task-orientation and to strengthen the involvement of civil-society partners;
10. **Further requests** the Secretariat to prepare information notes to facilitate review by the Council, following discussion in the Programme and Finance Committees, of (a) possibilities for streamlining procedures and avoiding repetitious discussion in Bodies at various levels, taking full account of the experience of other international organizations; and (b) modalities for greater civil society involvement;
11. **Decides** that, in general, Executive Committees should cease to be listed as formal Statutory Bodies in the Directory of FAO Statutory Bodies, except for the Executive Committee of the Codex Alimentarius Commission.

(Adopted on 18 November 1997)

## Addendum V

### Resolution No. 11/2015 of the Thirty-ninth Session of the Conference<sup>1</sup>

#### *Review of FAO Statutory Bodies*

#### THE CONFERENCE,

**Recalling** Resolution 13/97 on the “Review of FAO Statutory Bodies” adopted by the Conference at its Twenty-ninth Session, in which the Conference recognized “the continuing need to enhance the efficiency of the Organization and its governance in a time of financial challenge, to eliminate Statutory Bodies that are obsolete, to ensure more flexible task-oriented and time-bound working arrangements for those that remain and to limit the creation of new Bodies to those that are strictly necessary”,

**Also recalling** the earlier consideration by the Conference and the Council of matters concerning the abolition and establishment of Statutory Bodies, including, *inter alia*, Resolution 12/79 adopted by the Conference at its Twentieth Session,

**Recalling further** the *Principles and Procedures which should govern Conventions and Agreements concluded under Articles XIV and XV of the Constitution, and Commissions and Committees established under Article VI of the Constitution*, as contained in the *Basic Texts* of the Organization,

**Conscious** that, while substantial progress has been made in the implementation of Resolution 13/97, further efforts are required in order to achieve its objectives,

1. **Reaffirms** the validity and relevance of Resolution 13/97, in particular the procedures set forth therein relating to the establishment and abolition of statutory bodies;

- d) a specific assessment of whether the objectives of the proposed statutory body could be met through a different type of working arrangement, such as the organization of ad hoc technical consultations or other task-oriented and time-bound arrangements; and
- e) whether there are any existing statutory bodies covering the same, similar or related fields as those to be addressed by the proposed new statutory body.

## **P. FAO POLICY REGARDING ASSISTANCE IN ESTABLISHING REGIONAL RESEARCH AND TRAINING INSTITUTES**

### **Preamble**

1. The ninth session of the Conference<sup>1</sup> had before it a note from the Director-General requesting policy guidance regarding FAO assistance in the establishment of regional research and training institutes and containing a proposed course of action. The Conference noted that several regional bodies of FAO had recommended the establishment of such institutes to meet needs for research and training in specific subject fields common to several countries of a region. The Conference noted also that several countries had recently offered sites and various facilities and had requested the Organization to assist in the establishment and operation of research and training institutes on a regional basis.

2. Since a number of aspects of the Director-General's proposal required clarification and further consideration, the Conference adopted the following resolution:

### **Resolution No. 48/57**

#### ***Regional Research and Training Institutes***

#### **THE CONFERENCE,**

**Having noted** the considerable number of proposals for FAO assistance in the establishment of regional research and training institutes;

**Recognizing** the desirability of providing the Director-General with more specific policy guidance in dealing with this matter than is contained in the Constitution;

**Desiring** clarification upon certain aspects of the matter and opportunity for further study of the Director-General's proposal;

**Requests** the Council to consider this proposal in its meeting immediately following the ninth session of the Conference and advise the Director-General on a suitable course of action.

#### **Council Action<sup>2</sup>**

3. At the ninth session of the Conference, the Director-General requested policy guidance regarding FAO assistance in the establishment of regional research and training institutes. The Conference noted that several regional bodies of FAO had recommended the establishment of such institutes, while several member countries had offered sites and facilities and had requested the Organization to assist in the establishment and operation of research and training institutes on a regional basis. The Conference had requested the Council to consider the matter and to advise the Director-General on a suitable course of action (Resolution No. 48/57). The Council, at its twenty-eighth session, in turn requested the Committee on Constitutional and Legal Matters to examine the constitutional and legal

aspects, and the Programme Committee to examine the policy issues, with a view to considering the technical aspects at its twenty-ninth session (Resolution No. 1/28).

4. The twenty-ninth session of the Council had before it the report of the first session of the Committee on Constitutional and Legal Matters and the reports of the first and second sessions of the Programme Committee. Both committees accepted that three general classes of research and training institutes existed, *viz.*:

- (a) institutes managed and financed solely by individual Member Governments primarily to serve their own nationals;
- (b) institutes so managed and financed, but which would welcome additional financial support in return for their recognition as regional institutes for the training of nationals of countries in the region;
- (c) new institutes specifically established as regional institutes.

The Council agreed that institutes of the first type were outside the scope of the study requested by the Conference, although many of them undertook the training of fellows under the fellowship schemes sponsored by FAO. As regards the second and third types, the Council considered that, subject to the provisos noted in paragraphs 6 to 10 following, FAO support for, and participation in, such regional research and training institutes should be permitted on the following conditions:

- i. The Director-General must be satisfied that the purpose of the proposed institute is in accordance with the aims and objectives of the Organization and that the technical standards of research to be applied will make a continuing contribution to the development of knowledge in the field in which the institute is to operate. In the case of training institutes, he will satisfy himself that there is a generally felt need in participating countries for the training envisaged, and that instruction will be of a standard that will ensure a real contribution to the supply of trained personnel. Emphasis should be placed upon applied research to find solutions to practical problems faced in a number of countries. Training should be in line with the current and prospective need for trained personnel.
- ii. The government of the country in which the institute is located must guarantee to provide the land, buildings and equipment locally available, although it might enter into special arrangements with other interested governments for financing this requirement. In addition, the host country would share in providing staff and funds to meet maintenance and operating costs. Further, the host government must undertake to request within its technical assistance country target, and over a number of years, those goods and services which FAO agrees to provide as described in paragraph 5 below.
- iii. The host country must agree to the operation of the institute under a governing body composed of representatives of all contributing countries, with FAO serving in an advisory capacity.
- iv. A sufficient sum of money should be pledged by interested governments (including the host government), to be paid annually over a period of years, to assure the continuing operation of the institute on a sound financial basis.

5. The Council also agreed that, subject to the foregoing requirements, FAO participation might involve:

- (a) advising on the organization and programme of work of the institute, not only at its inception but on a continuing basis as required;
- (b) undertaking to include in its Technical Assistance Programme, or endeavouring to obtain from the Special Projects Fund, a contribution in goods and services to an amount agreed upon between the host country and FAO each year at the time the ETAP<sup>1</sup> country programme is negotiated, as a contribution towards the cost of operations of the institute during that year, unless there should be an increase in the Technical Assistance Funds that can be used for regional projects to a level that would allow inclusion, within the FAO regional projects total, of the cost of goods and services for a regional institute or institutes, thus making it unnecessary to include this sum within any particular country target.

6. The Council considered the principles which should govern the conditions of support and, where required, the forms of agreement which would be appropriate between the Organization and (a) governments of member countries which were participating in the establishment and/or maintenance of such regional institutes; and (b) the governing bodies of such regional institutes.

7. The Council noted that, where funds from the Organization's regular budget were involved, short-term assistance might be arranged by the Director-General, subject to budgetary approval by the Conference, although the view was expressed that any such allocation from the regular budget should only be made exceptionally.

8. The Council recognized that certain forms of support were already provided for under the conditions laid down by intergovernmental agencies furnishing technical assistance as, for example, under the Expanded Technical Assistance Programme and under the United Nations Special Fund for Economic Development.<sup>1</sup> The Council agreed that in such circumstances it would be appropriate for the necessary arrangements to be made between the Director-General and the government or governments concerned. Such arrangements would be in pursuance of the provisions of Article I.3(a) of the FAO Constitution. In regard to the Expanded Technical Assistance Programme, they would be in line with the relevant resolution passed by the Conference, and in regard to the United Nations Special Fund for Economic Development, they would be in line with the intentions of the fund as noted in the relevant resolution of the United Nations General Assembly (Resolution No. 1240 [XIII], paragraphs 39 to 44).

9. In regard to assistance to regional research and training institutes, furnished through FAO by private foundations, or from any other voluntary contributions, the Council noted that these would fall within the provisions of Financial Regulation 6.7.

10. Subject to paragraphs 6 and 7 above, the Council agreed that, whenever long-term financial commitments were involved, either on the part of the Organization itself, or through the Organization, of individual Member Nations, arrangements for assistance should be subject to the control of the Conference and Council as provided for in either Article XV or XIV of the Constitution respectively. In such circumstances the Council recommended that the principles set out in Appendix III of the Report of the first session of the Committee on Constitutional and Legal Matters, as reproduced in Appendix B to this report,<sup>2</sup> be used by the Director-General as guidance in drafting the necessary agreements for submission to the Conference.

## Appendix<sup>1</sup>

### **Guiding Principles with Respect to Agreements under Article XV of the Constitution for the Establishment of International Institutions dealing with questions relating to Food and Agriculture**

#### **Preamble**

Agreements for the establishment of regional institutions should include the following points, it being understood that the pattern given below would have to be modified, adapted or completed to suit specific situations.

#### **Basic Considerations**

##### *1. Aims and objectives*

The statutes should spell out the purposes and objectives of the institution and these should be in conformity with those of the Organization. The relationship with FAO should also be clearly defined.

##### *2. Organs*

The organs of the institutions should comprise a governing body and a director. All governments parties to the basic instrument should be members of the governing body. The functions of the governing body should not be entrusted to an FAO organ. The Director-General of FAO should be represented on the governing body in a purely advisory capacity. The functions of the governing body should include the approval of an annual programme of work and budget as submitted by the director of the institution.

##### *3. Administration*

The administration of each institution should be placed under the authority of the director appointed by the governing body after consultation with the Director-General of FAO. The director should have full authority to administer the activities of the institution and should be its legal representative in all transactions. The conditions of appointment of the director should be determined by the governing body.

##### *4. Staff*

The staff of the institution should be recruited by and responsible to the director. The responsibility of the staff should be international in character.

##### *5. Obligations of parties*

- (a) Host government: provision of land, buildings, premises, maintenance, protection, public utilities, etc.

---

<sup>1</sup> Appendix B to the *Report of the 29<sup>th</sup> Session of the Council*.

- (b) Governments parties to the agreement including host government: financing in accordance with arrangements made at the time of the negotiation of the agreement.<sup>1</sup>
- (c) FAO: contributions in terms of technical staff or consultants, goods, fellowships and other possible services; conceivably also grants-in-aid.

The agreement should specify the number of years over which the assistance of FAO would be forthcoming.

#### 6. *Control by FAO*

The control of FAO could be exercised, *inter alia*, by one or more of the following methods:

- (a) Representation of the Director-General in an advisory capacity on the governing body of the institution.
- (b) Obligation on the part of the institution to submit periodically to the Organization a technical, administrative and financial report on the work of the institution.
- (c) Submission of the programme of work and budget of the institution to the Organization for comments or approval.
- (d) Management of the funds and/or control of all the financial operations of the institution by FAO.
- (e) Approval by FAO of by-laws (e.g., financial regulations, rules of procedure and staff regulations).
- (f) The relations between institutions and international organizations to be governed by the relevant provisions of the FAO Constitution and the General Rules of the Organization as well as by the rules adopted by the Conference on the matter of relationships with international organizations, all such relations to be dealt with by the Director-General.
- (g) The institutions should in principle not be empowered to enter into arrangements with governments which are not members of the Organization. When this, however, is found desirable, a specific provision should be incorporated in the agreement indicating the scope of such authority and specifying whether such arrangements should be made by the Director-General of the Organization.
- (h) The question of observer status for non-member governments of the Organization should be governed by the statement of principles relating to the granting of observer status to nations, adopted by the ninth session of the Conference.

A policy decision would have to be taken in every individual case as to the nature and scope of the control.

#### 7. *Expenses*

The expenses of members of the institution or of experts attending meetings of the institution as government representatives should be borne by the respective governments, and the expenses of experts attending in their individual capacity should be borne by the budget of the institution.

---

<sup>1</sup> In the case of a bilateral agreement between FAO and the host government, these provisions would have to be modified accordingly or deleted.

## 8. *Legal status*

The agreement should contain a clause to the effect that the institute is to be recognized as an international foundation and is to have the capacity of a legal person to perform any legal act appropriate to its purpose which is not beyond the powers granted it by the agreement. It should also contain a clause stipulating that FAO does not assume any civil, financial, or other responsibility other than those provided for in the agreement. The agreement should also contain a clause regarding the privileges and immunities to be enjoyed by the institute, the members of the governing body and the staff.

## 9. *Method of participation in agreement*

Participation in the agreement may be effected either through the traditional system, i.e., that of signature, signature subject to ratification, and accession, or by the more recent and simplified system of acceptance by the deposit of an instrument of acceptance. Under both systems, the period during which nations may become parties to the agreement could be limited, if circumstances so warranted.

## 10. *Amendments to agreement*

- (a) Amendments should require Council approval unless the Council considers it desirable to refer the amendments to the Conference for approval. In addition, such amendments should be subject to prior approval by at least a two-thirds majority of the parties to the agreement.
- (b) Amendments should not become operative before approval by the Council or the Conference. The actual date on which they come into force should be specified in the text.
- (c) Amendments involving new obligations for the contracting parties should come into force in respect of each contracting party only on acceptance by it. The instruments of acceptance of amendments involving new obligations should be deposited with the Director-General of the Organization, who should inform all the contracting parties of the receipt of acceptances and the entry into force of amendments.
- (d) Agreements should contain a provision regarding the position of contracting parties who do not accept the amendments.

## 11. *Entry into force*

The agreement should indicate the number of participations required in order to bring it into force, as well as the method for determining the effective date of participation. Notification of participation should be dispatched by the Director-General to all signatory, acceding and accepting parties, and to all Member Nations of the Organization.

## 12. *Reservations<sup>1</sup>*

A reservation clause should be inserted in the agreement, and this clause should state that a reservation may become operative only upon unanimous acceptance by the parties to the agreement. Failing such acceptance, the nation concerned should not become a party to the

---

<sup>1</sup> In the case of a bilateral agreement between FAO and the host government, these provisions would have to be modified accordingly or deleted.

agreement. With respect to reservations made prior to the coming into force of the agreement, such reservations would have to be accepted by all the nations which at the time of the coming into force of the agreement were parties thereof. For calculating the number of acceptances of the agreement necessary to bring it into force, nations having made reservations should not be included in this number. Reservations made after the coming into force of the agreement would have to be accepted by all parties to the agreement. The Director-General of the Organization should notify all signatory, acceding and accepting governments of all reservations. Governments not having replied within three months from the date of notification should be considered as having accepted tacitly the reservation, and the notification referred to above should draw attention to this rule.

### 13. *Territorial application*

The agreement should contain a clause regarding its territorial application. The contracting parties should at the time of signature, ratification, accession or acceptance declare explicitly to what territories the agreement shall extend, especially in those cases where a government is responsible for the international relations of more than one territory. Subject to the provisions laid down in paragraph 15, and to any relevant provision of the agreement regarding withdrawal, the scope of the territorial application may be modified by a subsequent declaration.

### 14. *Interpretation and settlement of disputes*

Each agreement should contain a suitable provision regarding its interpretation and the settlement of disputes.

### 15. *Withdrawal and denunciation*

The agreement should contain a clause regarding withdrawal or denunciation on the basis of the following principles:

- (a) No participating nation may withdraw before having been a party to the agreement for a certain period.
- (b) A nation that is responsible for the international relations of more than one territory shall, when giving notice of its withdrawal, state to which territory or territories the withdrawal is to apply.
- (c) A nation may give notice of withdrawal with respect to one or more of the territories for the international relations of which it is responsible. Each agreement shall contain a clause dealing with the position of Member Nations as regards their participation in the agreement as the result of their withdrawal from membership in the Organization.

### 16. *Termination*<sup>1</sup>

The duration of each agreement should be specified in the agreement. The agreement should contain a termination clause, which clause should, *inter alia*, provide for automatic termination if and when the number of participants drops below that required to bring it into force, unless the remaining participants unanimously decide otherwise.

---

<sup>1</sup> In the case of a bilateral agreement between FAO and the host government, these provisions would have to be modified accordingly or deleted.

### 17. *Authentic languages*

Unless otherwise decided by the Conference, the agreements should be drawn up in English, French and Spanish, which languages would be equally authentic.

### 18. *Procedures governing preparatory work and approval by the Conference*

In addition to the provisions of Article XV of the Constitution and Rule XXXI, paragraph 3(c)<sup>1</sup> of the General Rules of the Organization, the following provisions of Article XIV of the Constitution and Rule XXI of the General Rules of the Organization should apply, *mutatis mutandis*, to the agreement concluded under Article XV of the Constitution:

#### **Article XIV of the Constitution<sup>2</sup>**

- Para. 3(b) Inclusion in the agreement of a provision regarding the Member Nations and non-member nations that can become parties to the agreements;
- Para. 3(c) Safeguard regarding financial obligations for Member Nations that are not parties to the agreement;
- Para. 4 Entry into force of the agreement;
- Para. 5 Participation by Associate Members;
- Para. 7 Authentic text and registration with the United Nations.

#### **Rule XXI of the General Rules of the Organization<sup>2</sup>**

- Para. 1(a) Notification by the Director-General to Member Nations of proposed agreement, and submission of reports on technical, administrative and financial implications with request for comments;
- Para. 1(b) Consultation with the United Nations, other specialized agencies and with other international and regional organizations in related fields, as the case may be;
- Para. 1(c) The agreement should specify the nature and degree of relationship with FAO and that reports on the activities of the institute should be transmitted to the Director-General of the Organization for the information of the Conference;
- Para. 3 Submission of approved text to governments, with a view to their acceptance;
- Para. 4 Full powers to government representatives to sign the agreement;
- Para. 5 Report by the Director-General to the FAO Conference on entry into force, etc., of agreement.

## Q. REFORM OF THE COMMITTEE ON WORLD FOOD SECURITY<sup>1</sup>

### I. Context

1. The rise in food prices in 2007-08, followed by the financial and economic crisis in 2009, has highlighted the unacceptable levels of structural poverty and hunger around the world. The food and financial crisis threatens global food security and nutrition and the achievement of the 1996 World Food Summit target and the Millennium Development Goals (MDGs) for reducing hunger and malnutrition. It is now estimated that more than a billion people, one in every six human beings may be suffering from under-nourishment. These are mainly smallholder food producers, particularly women, and other rural inhabitants.

2. Faced with rising hunger and a weak performing Committee on World Food Security (CFS), Member nations agreed at the 34<sup>th</sup> Session of CFS in October 2008 to embark on a reform of the CFS so that it can fully play its vital role in the area of food security and nutrition, including international coordination. The reforms are designed to redefine the CFS' vision and role to focus on the key challenges of eradicating hunger; expanding participation in CFS to ensure that voices of all relevant stakeholders are heard in the policy debate on food and agriculture; adapt its rules and procedures with the aim to become the central United Nations political platform dealing with food security and nutrition; strengthening its linkages with regional, national and local levels; and supporting CFS discussions with structured expertise through the creation of a High-Level Panel of Experts (HLPE) so that the decisions and the work of the CFS are based on hard evidence and state of the art knowledge. FAO Council considered "the CFS reform to be crucial to the governance of world food security, with a view toward exploring synergies with the emerging Global Partnership for Agriculture, Food Security and Nutrition" (CL 136/REP, paragraph 29). CFS reform has been a topic of discussion in several fora including G-8, G-20 and the UN General Assembly and is on the agenda for the World Summit on Food Security 2009.

#### *Concept of Food Security*

Food security exists when all people, at all times, have physical, social and economic access to sufficient, safe and nutritious food to meet their dietary needs and food preferences for an active and healthy life. The four pillars of food security are availability, access, utilization and stability. The nutritional dimension is integral to the concept of food security and to the work of CFS.

#### *Reform process*

The reform proposals made in this document are the results of deliberations between the CFS Bureau and an open Contact Group established to advise the Bureau on all aspects of CFS reform. This participatory process included representatives from FAO Membership, WFP, IFAD, Bioversity International, the UN High-Level Task Force on the Global Food Security Crisis (HLTF), the Special Rapporteur on the Right to Food, and NGOs/CSOs/private sector.

---

<sup>1</sup> Document CFS 2009/2 Rev.2 entitled "Reform of the Committee on World Food Security" has been incorporated in this volume in accordance with Conference Resolution 14/2009.

3. In order to realize this goal and ensure better coordination, CFS Members agreed on three key guiding principles for the reform – inclusiveness, strong linkages to the field to ensure the process is based on the reality on the ground and flexibility in implementation so that CFS can respond to a changing external environment and membership needs. Members agreed that effective implementation of CFS’ new roles will be carried out in phases. Starting after the Committee’s meeting in mid-October 2009, CFS’ activities, particularly in areas of coordination at the global level, policy convergence, facilitated support and advice to countries and regions will be the first to be implemented. While implementing Phase I, CFS will work on better defining the implementation details of other activities. In Phase II, CFS will gradually take on additional roles such as coordination at national and regional levels, promoting accountability and sharing best practices at all levels and developing a global strategic framework for food security and nutrition (see Section V for proposed implementation plan).

## **II. Vision and Role**

### *A. Vision*

4. The CFS is and remains an intergovernmental Committee in FAO. The reformed CFS as a central component of the evolving Global Partnership for Agriculture, Food Security and Nutrition will constitute the foremost inclusive international and intergovernmental platform for a broad range of committed stakeholders to work together in a coordinated manner and in support of country-led processes towards the elimination of hunger and ensuring food security and nutrition for all human beings. The CFS will strive for a world free from hunger where countries implement the voluntary guidelines for the progressive realization of the right to adequate food in the context of national food security.

### *B. Role*

5. The roles of the CFS will be:

- i) *Coordination at global level.* Provide a platform for discussion and coordination to strengthen collaborative action among governments, regional organizations, international organizations and agencies, NGOs, CSOs, food producers’ organizations, private sector organizations, philanthropic organizations, and other relevant stakeholders, in a manner that is in alignment with each country’s specific context and needs.
- ii) *Policy convergence.* Promote greater policy convergence and coordination, including through the development of international strategies and voluntary guidelines on food security and nutrition on the basis of best practices, lessons learned from local experience, inputs received from the national and regional levels, and expert advice and opinions from different stakeholders.
- iii) *Support and advice to countries and regions.* At country and/or region request, facilitate support and/or advice in the development, implementation, monitoring and evaluation of their nationally and regionally owned plans of action for the elimination of hunger, the achievement of food security and the practical application of the “Voluntary Guidelines for the Right to Food” that shall be based on the principles of participation, transparency and accountability.

6. In Phase II, the CFS will gradually take on additional roles such as:
- i) *Coordination at national and regional levels.* Serve as a platform to promote greater coordination and alignment of actions in the field, encourage more efficient use of resources and identify resource gaps. As the reform progresses, the CFS will build, as appropriate, on the coordination work of the United Nations' High-Level Task Force (HLTF). One guiding principle to support this role will be to build on and strengthen existing structures and linkages with key partners at all levels. Key partners include national mechanisms and networks for food security and nutrition, the UN country teams and other coordination mechanisms such as the International Alliance Against Hunger (IAAH) and its National Alliances, food security thematic groups, regional intergovernmental bodies and a large number of civil society networks and private sector associations operating at the regional and national levels. In each case, the functional contributions they could make, as well as how the CFS could strengthen linkages and enhance synergy with such partners would have to be established.
  - ii) *Promote accountability and share best practices at all levels.* One of the main functions of the CFS has been to “monitor actively the implementation of the 1996 World Food Summit Plan of Action” (WFS-PoA). Although countries are taking measures to address food insecurity, the specific programmes as they are presented do not necessarily help to report quantitatively on progress towards realizing the WFS-PoA objectives. The CFS should help countries and regions, as appropriate, address the questions of whether objectives are being achieved and how food insecurity and malnutrition can be reduced more quickly and effectively. This will entail developing an innovative mechanism, including the definition of common indicators, to monitor progress towards these agreed upon objectives and actions taking into account lessons learned from previous CFS and other monitoring attempts.<sup>1</sup> Comments by all CFS stakeholders will have to be taken into account and new mechanisms will build on existing structures.
  - iii) *Develop a Global Strategic Framework for food security and nutrition* in order to improve coordination and guide synchronized action by a wide range of stakeholders. The Global Strategic Framework will be flexible so that it can be adjusted as priorities change. It will build upon existing frameworks such as the UN's Comprehensive Framework for Action (CFA), the Comprehensive Africa Agriculture Development Programme (CAADP), and the Voluntary Guidelines to Support the Progressive Realization of the Right to Adequate Food in the Context of National Food Security.

### **III. Composition, modalities of participation, and consultation/coordination mechanisms**

#### *A. Composition and modalities of participation*

7. The CFS is and remains an intergovernmental Committee. It will be composed of members, participants and observers and will seek to achieve a balance between inclusiveness and effectiveness. Its composition will ensure that the voices of all relevant stakeholders – particularly those most affected by food insecurity - are heard. It shall further take into account the fact that the overall CFS includes not only an annual global meeting, but also a series of intersessional activities at various levels.

---

<sup>1</sup> See document CFS 2008/3 and CL 135/10, paragraphs 12-13.

### *B. Members*

8. The **membership** of the Committee shall be open to all Members of FAO, WFP or IFAD, or non-member States of FAO that are member States of the United Nations.

9. Member States are encouraged to participate in Committee sessions at the highest level possible (Ministerial or cabinet level is desirable), insofar as possible representing a common, inter-ministerial governmental position. In those countries where there is a multi-stakeholder, inter-ministerial national body or mechanism concerning food security and nutrition, Member States are encouraged to include its representatives in their delegations to the Committee.

10. Members take part fully in the work of the Committee with the right to intervene in plenary and breakout discussions, approve meeting documents and agendas, submit and present documents and formal proposals, and interact with the Bureau during the inter-sessional period. Voting and decision taking is the exclusive prerogative of Members, including drafting the final report of CFS Plenary sessions.

### *C. Participants*

11. The Committee shall be open to **participants** from the following categories of organizations and entities:

- i) Representatives of UN agencies and bodies with a specific mandate in the field of food security and nutrition such as FAO, IFAD, WFP, the HLTF (as a coordinating mechanism of the UN-SG) and representatives of other relevant UN System bodies whose overall work is related to attaining food security, nutrition, and the right to food such as the Special Rapporteur on the Right to Food, the Office of the UN High Commissioner on Human Rights, WHO, UNICEF, UNDP, Standing Committee on Nutrition (SCN).
- ii) Civil society and non-governmental organizations and their networks with strong relevance to issues of food security and nutrition with particular attention to organizations representing smallholder family farmers, artisanal fisherfolk, herders/pastoralists, landless, urban poor, agricultural and food workers, women, youth, consumers, Indigenous Peoples, and International NGOs whose mandates and activities are concentrated in the areas of concern to the Committee. This group will aim to achieve gender and geographic balance in their representation.
- iii) International agricultural research systems, such as through representatives of the Consultative Group on International Agricultural Research (CGIAR) and others.
- iv) International and regional Financial Institutions including World Bank, International Monetary Fund, regional development banks and World Trade Organization (WTO).
- v) Representatives of private sector associations<sup>1</sup> and private philanthropic foundations active in the areas of concern to the Committee.

12. Participants take part in the work of the Committee with the right to intervene in plenary and breakout discussions to contribute to preparation of meeting documents and agendas, submit and present documents and formal proposals. They commit to contribute

regularly to inter-sessional activities of the Committee at all levels and interact with the Bureau during the inter-sessional period through the Advisory Group established by the Bureau.

#### *D. Observers*

13. The Committee or its Bureau may invite other interested organizations relevant to its work to observe entire sessions or on specific agenda items. Such organizations or bodies may also apply to the Committee for **Observer** status to participate regularly, periodically or exceptionally on specific issues subject to the decision of the Committee or its Bureau. Such organizations could include:

- i) Regional associations of countries and regional intergovernmental development institutions;
- ii) Local, national, regional and global CSOs/NGOs, other than those attending as participants, which are active in areas related to food security, nutrition, and the right to food, particularly organizations which are linked to a regional or global network;
- iii) Other networks or associative organizations including local authorities, foundations and research or technical institutions.

14. Observers at Committee sessions may be invited by the Chair to intervene during discussions.

15. Mechanisms for enhancing the effectiveness of CFS Plenary discussions will be explored, such as that of holding preparatory consultations of regional groups and of Participant constituencies (civil society, private sector, etc.) to define positions and nominate spokespersons. Plenary sessions of the Committee should be organized in a way that are manageable and produce concrete outcomes. There is no limit to the participation by Members. The Bureau will determine the allocation of seats for Participants and Observers in consultation with the CSO/NGO coordination mechanisms. The quota assigned to civil society organizations and NGOs will be such as to ensure their visible and effective participation, equitable geographic representation, with particular attention to the categories of organizations detailed in paragraph 11(ii).

#### *E. Consultation/coordination mechanisms and activities*

16. Civil society organizations/NGOs and their networks will be invited to autonomously establish a global mechanism for food security and nutrition which will function as a facilitating body for CSO/NGOs consultation and participation in the CFS. Such mechanisms will also serve inter-sessional global, regional and national actions in which organizations of those sectors of the population most affected by food insecurity, would be accorded priority representation. Civil society organizations/NGOs will submit to the CFS Bureau a proposal regarding how they intend to organize their participation in the CFS in a way that ensures broad and balanced participation by regions and types of organizations keeping in mind the principles approved by the CFS at its 34<sup>th</sup> Session in October 2008 (CFS: 2008/5; CL 135/10, paragraph 15). The activities of the mechanism will include:

- i) broad and regular exchange of information, analysis and experience;
- ii) developing common positions as appropriate;

**Q**

- iii) communicating to the CFS and, as appropriate, its Bureau through representatives designated by an internal self-selection process within each civil society category;
- iv) convening a civil society forum as a preparatory event before CFS sessions if so decided by the civil society mechanism.

17. Private sector associations, private philanthropic organizations and other CFS stakeholders active in areas related to food security, nutrition, and the right to food are encouraged to autonomously establish and maintain a permanent coordination mechanism for participation in the CFS and for actions derived from that participation at global, regional and national levels. They are invited to communicate a proposal to that effect to the CFS Bureau.

#### **IV. Mechanisms and procedures**

##### *A. Overall process and structure*

18. Bearing in mind that CFS will include a Plenary, as well as intersessional activities at different levels, the process of defining strategies and actions to be adopted by Members should be transparent and take into consideration the views of all participants and stakeholders to the fullest extent possible in order to foster ownership and full participation during implementation of these strategies and actions.

19. The CFS will include:

- i) the Plenary of the CFS;
- ii) the CFS Bureau and its Advisory Group;
- iii) the High-Level Panel of Experts (HLPE) - a multi-disciplinary scientific advisory body to the CFS;
- iv) the Secretariat serving the CFS (Plenary, Bureau and its Advisory Group, and HLPE).

##### *B. The Plenary*

20. The Plenary is the central body for decision-taking, debate, coordination, lesson-learning and convergence by all stakeholders at global level on issues pertaining to food security and nutrition and on the implementation of the Voluntary Guidelines to Support the Progressive Realization of the Right to Adequate Food in the Context of National Food Security. It should focus on relevant and specific issues related to food security and nutrition in order to provide guidance and actionable recommendations to assist all stakeholders in eradicating hunger.

21. Regular Plenary Sessions shall be held annually. Extraordinary sessions may be requested by its Members and approved by the Bureau after consultation with CFS Members. The results of the CFS Plenary shall be reported to the FAO Conference and to the UN General Assembly (UNGA) through ECOSOC. The Chair of the CFS should consult with ECOSOC and take all necessary actions so that modalities for meaningful reporting be established and implemented. CFS Participants, including UN and other intergovernmental agencies, NGOs and CSOs are encouraged to consider in their respective governing bodies the outcomes of the CFS which are relevant to their own activities.

22. Any specific recommendations adopted by the Plenary of the CFS which affect the programme or finances and legal or constitutional aspects of concerned UN entities shall be reported to their appropriate bodies for consideration.

*C. Linkages between CFS and the Regional and Country Levels*

23. It is crucial that the work of the CFS is based on the reality on the ground. It will be fundamental for the CFS, through its Bureau and Advisory Group, to nurture and maintain linkages with different actors at regional, sub regional and local levels to ensure ongoing, two way exchange of information among these stakeholders during intersessional periods. This will ensure that at its annual sessions the Plenary is made aware of latest developments on the ground, and that, conversely, results of the deliberations of the Plenary are widely disseminated at regional, sub-regional and country as well as global levels. Existing linkages should be strengthened, such as through the FAO Regional Conferences, and other regional and sub-regional bodies dealing with food security and nutrition related issues.

24. CFS Members States are encouraged, at their discretion, to constitute or strengthen multi-disciplinary national mechanisms (e.g. food security networks, national alliances, national CFS) including all key stakeholders dedicated to advance food security at national and local levels. Through renewed mobilization and coordination of key stakeholders, such mechanisms will enable more effective identification and implementation of food security and nutrition policies and programmes.

25. Existing structures should be used to ensure programmes are better integrated with each other and aligned with on-going national and local food security and nutrition priorities. This would take advantage of the field presence of stakeholders involved in the CFS. Key partners will include United Nations Country Teams, the United Nations' High-Level Task Force (HLTF), the International Alliance against Hunger and its National Alliances, national and regional food security thematic groups, and a large number of civil society networks and private sector associations operating at the regional and national levels.

26. Such mechanisms could contribute to the elaboration of national plans against hunger and assist with the monitoring and evaluation of agreed actions and outcomes designed to combat hunger and food insecurity. They could also be instrumental in informing regional bodies and the CFS Plenary about successes achieved as well as remaining challenges and needs with a view to soliciting guidance and assistance in this regard.

27. Establishing linkages with the country level is likely to be more challenging in countries with weak capacity or in those without a central organization to address food security and nutrition in a multisectoral manner. Nevertheless, it is precisely in such cases that the CFS Plenary should ensure that consultation with and input from the national level takes place. Ways of enabling such linkages need to be found.

28. FAO Regional Conferences and regional meetings of WFP, IFAD and other concerned organizations are encouraged to devote part of their agendas to disseminate CFS conclusions and recommendations and to provide inputs to the CFS. Such regional bodies should, in coordination with the CFS Bureau and Advisory Group, open themselves to the participation of regional representatives of CFS participants and observers, including active participation by relevant regional intergovernmental and CSO organizations and networks, and to regional development institutions. The possibility of the CFS establishing and

Q

maintaining contacts through its Bureau to other regional organizations, such as NEPAD/CAADP, MERCOSUR, Arab Organization for Agricultural Development, Community of Independent States, and others, including regional CSO networks, should also be kept open.

#### *D. Bureau*

29. The CFS Bureau represents the broader membership of the CFS between plenary sessions. It ensures coordination among all actors and levels and advances tasks in preparation for CFS plenary sessions.

30. The Bureau will perform tasks delegated to it by the Plenary including the preparation of documents and proposals such as setting the agenda and sending requests to and receiving inputs from the High-Level Panel of Experts. It will facilitate coordination among relevant actors and levels to advance intersessional tasks entrusted to it. The Bureau should also deal with matters related to the implementation of the reform proposed in this document.

31. The Bureau shall be composed of the Chairperson and 12 members, two coming from each of the following geographic regions: Africa, Asia, Europe, Latin America and the Caribbean, Near East, and one from both North America and Southwest Pacific.<sup>1</sup> The CFS Chairperson, on a rotational basis among regions, and other members of the Bureau shall be elected in CFS Plenary for a term of two years.

32. The Bureau, immediately following its election, will establish an Advisory Group composed of representatives of FAO, WFP and IFAD and other non-Member CFS Participants (see para 11). The Advisory Group will have the same tenure as the Bureau. The Bureau will invite the different constituencies of CFS Participants to designate their representatives to this Group, which normally will not exceed that of the CFS Bureau in numbers. The function of the Advisory Group is to provide input to the Bureau regarding the range of tasks which the CFS Plenary has instructed it to perform. Decision making will be in the hands of the member States. It is expected that members of the Advisory Group should be able to contribute substantive work and provide advice to the CFS Bureau.

#### *E. CFS Secretariat*

33. There should be a small, permanent CFS Secretariat located in FAO Rome. Its task will be to assist the Plenary, the Bureau and Advisory Group, and the High-Level Panel of Experts in their work.

34. For the biennium 2010-2011, the Secretariat will be headed by a Secretary from FAO and include staff from the other Rome-based agencies (WFP and IFAD). Further arrangements regarding the Secretary, including possible rotation among the three Rome-based agencies, and the inclusion in the Secretariat of other UN entities directly concerned with food security and nutrition, should be decided by the CFS plenary in 2011.

35. The present CFS Secretariat will continue to perform its functions until final decisions of CFS Plenary as per paragraph 34 are adopted and implemented.

---

<sup>1</sup> Model recommended for FAO Finance and Programme Committees in the Immediate Plan of Action (IPA) that will be approved by the forthcoming session of the Conference. The CFS Chairperson and members will be appointed on *ad personam* basis.

## V. Expert Input toward revitalized CFS

### A. High-Level Panel of Experts on Food Security and Nutrition (HLPE)

36. In line with efforts to revitalize the Committee on World Food Security, members called for regular inclusion of structured food security and nutrition-related expertise to better inform its sessions. This effort should help create synergies between world class academic/scientific knowledge, field experience, knowledge from social actors and practical application in various settings. Given the multidisciplinary complexity of food security, the effort is aimed at improving communication and information-sharing among the different stakeholders in food security and nutrition. Its products will focus on better understanding current food insecurity situations and will also look forward toward emerging issues. The expert process will, through Plenary and the Bureau, aim to support CFS members and other stakeholders in designing strategies and programs for addressing food insecurity. Participants in this expert process will utilize and synthesize available research/analyses and add value to the work performed already by numerous agencies, organizations, and academic institutions, among others.

### B. Key functions of HLPE

37. As directed by the CFS Plenary and Bureau, the HLPE will:

- i) Assess and analyze the current state of food security and nutrition and its underlying causes.
- ii) Provide scientific and knowledge-based analysis and advice on specific policy-relevant issues, utilizing existing high quality research, data and technical studies.
- iii) Identify emerging issues, and help members prioritize future actions and attentions on key focal areas.

### C. Structure and *modus operandi* of HLPE

38. The HLPE will have two main components:

- i) A **Steering Committee** composed of at least 10 and not exceeding 15 internationally recognized experts in a variety of food security and nutrition-related fields.
- ii) **Ad hoc project teams** constituting a larger subsidiary network of food security and nutrition experts acting on a project-specific basis, selected and managed by the HLPE Steering Committee to analyze/report on specific issues.

39. Led by a Chair and Vice-Chair, elected among the members of the Steering Committee, the HLPE will:

- i) Ensure state-of-the-art studies/analyses for consideration by CFS sessions on a variety of food security and nutrition issues.
- ii) Assemble expert "project teams" to prepare studies/analyses for CFS sessions.
- iii) Determine working methodologies and terms of reference for project teams, and manage their work.
- iv) Normally meet two times per year in Rome and possibly more in extraordinary circumstances, to review work methodologies and prepare work plans/products.

**Q**

40. Led by a team leader, the time-bound expert "project teams" will be responsible for drafting of studies/analyses under the HLPE Steering Committee direction and oversight.

#### *D. Output of HLPE*

41. By request of the CFS Plenary or Bureau, the Steering Committee will provide scientifically sound, clear and concise written reports/analyses for Plenary or inter-sessional purposes.

42. Following its introduction as an item on the agenda by the Bureau and according to the nature and purpose of a project, a report, its conclusions and recommendations could be introduced in CFS Plenary by the Chair of the HLPE Steering Committee in possible conjunction with the head of a specific project team.

#### *E. Composition / Selection of the HLPE*

43. The CFS Bureau, in close cooperation with FAO management and drawing from applicable FAO legal texts, will solicit nominations for the HLPE Steering Committee.

- i) The Steering Committee should reflect an assortment of technical disciplines, regional expertise and representation. Ideal candidates will have relevant experience working with cross-disciplinary expert processes.
- ii) Members of the Steering Committee will participate in their individual capacities, and not as representatives of their respective governments, institutions or organizations.
- iii) Members of the Steering Committee will serve for a 2-year period, renewable once.

44. The CFS Bureau will designate an *ad hoc* technical selection committee comprised of representatives from among the Rome-based food/agriculture agencies (FAO, WFP, IFAD, CGIAR/Bioversity, a CSO/NGO representative) to choose the Steering Committee members. The *ad hoc* technical selection committee will submit its recommendations to the CFS Bureau for approval.

45. Early in 2010, the first 10 members of the HLPE Steering Committee will be selected. The HLPE Steering Committee will then designate its Chair and Co-Chair to begin its work in anticipation of the CFS October 2010 Session, based on explicit instructions from the CFS Bureau. Additional members could be chosen shortly after October 2010 Plenary.

46. Members of the HLPE *ad hoc* project teams will be chosen by the HLPE Steering Committee notably drawn from a database of experts to which CFS stakeholders can nominate experts at any time.

#### *F. Secretarial Services*

47. The joint CFS Secretariat, will assist the work of the HLPE Steering Committee and its Chair. Its functions will include, though are not limited to:

- i) Maintain a roster of experts.
- ii) Organize meetings of the HLPE Steering Committee and assist project teams, as needed.
- iii) Maintain system of communications, including posting of relevant reports/analyses.
- iv) Assist with preparation of working budget and other support documentation.

### *G. Call for Nominations to the HLPE Steering Committee*

48. Immediately following adoption of this agreement during the October 2009 CFS Plenary, a letter co-signed by the CFS Chair and FAO Director-General will be sent to CFS members and others, soliciting nominations for the HLPE Steering Committee. This letter would explain the structure of the new process, and contain the agreed Terms of Reference.

## **VI. Implementation Arrangements**

### *A. Legal Matters*

49. The extent to which CFS reform proposals would require changes to the General Rules and Regulations of FAO governance aspects such as CFS membership, composition of the Bureau and Secretariat, and reporting arrangements, would require adjustments to legal dimensions of the CFS will be addressed by FAO Legal Counsel once the nature of the proposed changes is established.

### *B. Cost and Funding*

50. The cost of a reformed CFS will be influenced by the nature and extent of functions and activities ascribed to it, particularly to its Bureau and Secretariat. Funding implications include considerations such as whether the costs of the new CFS would be shared by the main agencies involved, and to what extent (as per paragraphs 32-34). A preliminary budget and modalities of funding for the next biennium, including the use of voluntary contributions and trust funds for the HLPE, has been prepared by the Bureau and presented to the October plenary session for consideration by Members with a view to gain approval by FAO Conference. Resource mobilization strategies to cover the costs of participation by NGOs/CSOs from developing countries will also need to be addressed, as agreed by the CFS at its 34<sup>th</sup> Session.<sup>1</sup>

### *C. Implementation Plan*

51. Bearing in mind the complexity of the tasks ahead and with a view to improving the effectiveness of CFS, the Committee should focus on tangible outputs and outcomes as well as a roadmap for the progressive attainment of the renewed vision. More specific outcomes will have to be defined by the revitalized CFS in its forthcoming Sessions. It is proposed that, at its next Session, the CFS agrees on a phased and results-based plan to implement reform as outlined in this document. With this in mind, it is suggested that at its 35<sup>th</sup> Session, the CFS be invited to:

	<b>Task</b>	<b>Proposed deadline</b>
1	Approve CFS Reform document	Oct. 2009
2	Election of CFS Bureau (paras 29-32)	Oct. 2009

<sup>1</sup> See document CFS 2008/5 and CL 135/10, paragraph 15.

12	Bureau to submit a proposal for a work programme including implementation of (some parts of) Phase II, to the 36 <sup>th</sup> Session of CFS	Oct. 2010

52. The Committee may wish to endorse this document and entrust the Bureau to proceed with implementation as outlined above.
