1. The Executive Board establishes Financial Regulations to govern the management of the WFP Fund under General Regulation XIV.5. The Oversight Office (OS) is established by the Executive Director under Financial Regulation 12.1. The Oversight Office comprises two units: the Office of Internal Audit (OSA), and the Office of Inspections and Investigation (OSI). The Director of OS performs the role of Chief Audit Executive as well as of Inspector General.

Purpose

2. The mission of the Oversight Office is to provide assurance to the Executive Director on governance, policy, risk, resources, operations and accountability through independent and objective oversight services; and to facilitate WFP's adoption and implementation of best United Nations and private-sector practices to enable managers to provide assurance on their work to the Executive Director.

Organization

3. The Director of OS reports and is accountable to the Executive Director.
4. The Executive Director takes all decisions regarding the appointment and removal of the Director of OS, on advice of the Audit Committee and with prior consent of the Executive Board. Termination should be for just cause, as per established procedures for WFP staff, and subject to the Board's review and consent. The Inspector General's tenure will be of a four-year term, renewable once, without the possibility of further employment within WFP at the end of the term.

Authority

5. OS, with strict accountability for confidentiality and safeguarding records and information, has full, free and unrestricted access to any and all WFP records, physical properties, and personnel considered by the Director of OS to be pertinent to the work of OS. All personnel are, within the framework of due process rights applicable to WFP employees, required to assist OS in carrying out its activities.
6. OS has full, free and unrestricted access to the Executive Board (in a manner consistent with the Rules of Procedure of the Executive Board) and the Audit Committee.

Professionalism

7. The Director of OS may delegate authority to OS staff to carry out oversight work, but may not delegate the responsibility to achieve the OS mandate.

Independence and objectivity

11. The oversight activity of OS will remain free from interference by any element in WFP, including matters of engagement selection, scope, procedures, frequency, timing or report content.
12. The Executive Director will ensure that OS is provided with the necessary resources in terms of appropriate staffing, adequate funds and appropriate training to achieve its mission and maintain its independence. To ensure independence, the Director of OS has managerial responsibility and control over the human and financial resources of the Division while abiding by WFP's rules and regulations.
13. OS will have no direct operational responsibility or authority over any of the activities reviewed. OS will not implement internal controls, develop procedures, install systems, prepare records, or engage in any other activity that may impair oversight staff's judgement.
14. The reviews, appraisals and advice provided by OS do not in any way substitute or relieve management of WFP of the responsibilities assigned to them.

Responsibility

15. The oversight services provided by OS include internal auditing, investigation, inspection and advisory functions. The scope of work includes all systems, processes, operations and activities undertaken by WFP.
16. The Director of OS will verify and report on the integrity, efficiency and effectiveness of WFP's management, administration and operations.

Should the responsible manager not agree with an oversight recommendation, OS may escalate the matter to a senior manager, up to and including the Executive Director, and if required to the Audit Committee.
26. When the Director of OS believes that senior management has accepted a level of residual risk that may be unacceptable to the organization, the Director of OS must discuss the matter with senior management. If the decision regarding residual risk is not resolved, the Director of OS must report the matter to the Executive Director for resolution.

Work planning

27. At least annually, the Director of OS will submit a work plan to the Executive Director for approval after receiving comments thereon from the Audit Committee. The work plan will include a flexible internal audit work plan developed based on appropriate risk-based methodology.
