COUNCIL

Hundred and Thirtieth Session

Rome, 28 November 2005

ELECTION OF CHAIRPERSON AND MEMBERS OF THE PROGRAMME COMMITTEE

- Under the provisions of Rule XXVI of the General Rules of the Organization, the Programme Committee consists of representatives of eleven Member Nations elected by the Council: eight from the regions of Africa, Asia, Near East, and Latin America and the Caribbean; three from the regions of Europe, North America, and Southwest Pacific.
- Under the provisions of the same Rule, Member Nations seeking election to the Committee communicate to the Secretary-General of the Conference and Council the name of the representative they would appoint if elected and details of his or her qualifications and experience. This information is in turn circulated in writing to Members of the Council.
- The procedures for election of Members of the Committee require that Member Nations stand for election for a specific region as determined by the Conference for the purpose of Council elections, and that the Council first elect a Chairperson from among the designated representatives of the prospective Members of the Committee. After electing the Chairperson, the Council elects the other ten Members of the Committee in two stages, making the necessary adjustment to take into account the Member Nation of which the Chairperson is a national and the region to which that Member Nation belongs.
- The two stages are (a) the election of eight (or seven) Members from the regions of Africa, Asia, Near East, and Latin America and the Caribbean, and (b) the election of three (or two) Members from the regions of Europe, North America, and Southwest Pacific.
- The nominations received are listed below and the information on the qualifications and experience of the designated representatives of the prospective Members of the Committee is given in Appendix A for stage (a) and Appendix B for stage (b).

For reasons of economy, this document is produced in a limited number of copies. Delegates and observers are kindly requested to bring it to the meetings and to refrain from asking for additional copies, unless strictly indispensable.
Most FAO meeting documents are available on Internet at www.fao.org
