Advanced Options
Disable desktop shortcuts and application notifications.

Detailed Reporting
Generate detailed reports on application update status and activity logs.

Deep Freeze Integration
Built-in mechanism to automatically handle the Freezing and Thawing of your Deep Freeze computers.

Did You Know?
While patching Windows OS on desktops monthly is indeed solved everywhere, but in the darkest woods of IT, patching 3rd party applications on a desktop remains a significant challenge for many organizations.

- Gartner

Instead of having to go to every computer - thaw, install and freeze again - we were able to push out Chrome using Software Updater. It was a life saver!
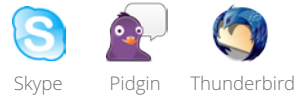

- Gilchrist County School District
