BETWEEN THE

UNITED STATES OF AMERICA

AND

San Diego Gas & Electric Company

Preamble and Whereas Clauses

THIS AREAWIDE CONTRACT FOR Utility Services, Energy Management Services and Services Provided Under The Appropriate Regulatory Authority is executed this 9th day of March, 2021, between the UNITED STATES OF AMERICA, acting through the Administrator of General Services (hereinafter referred to as the "**Government**"), pursuant to the authority contained in Section 201(a) of the Federal Property and Administrative Services Act of 1949, as amended, 40 U.S.C. 501(b)(1), and, San Diego Gas & Electric Company existing under the law of the State of California, having its principal office and place of business at 8306 Century Park Court San Diego, CA 92123 (hereinafter referred to as the "**Contractor**"):

WHEREAS, the Contractor owns and operates full scale public utility services, including electric, natural gas, and energy management services, and is regulated by the California Public Utility Commission and the Federal Energy Regulatory Commission (collectively referred to as "Commissions");

WHEREAS, the Government and Contractor have entered into various agreements subject to the regulatory authority of the Commissions that allow the Government to obtain electric and gas utility services, transmission of the same, energy management services, and approved services that are subject to the Commissions' jurisdiction (collectively "Utility Services," as further defined below).

WHEREAS, the Contractor now has on file with the Commissions all of its effective rate schedules, riders, rules and regulatory terms and conditions of service, as applicable; and

WHEREAS, with some exceptions, the Government is generally required by Chapter 1 of Title 48 of the Federal Acquisition Regulation (FAR), 48 CFR 41.204, to enter into a bilateral contract for Utility Services Energy Management Services and/or Services provided under the Appropriate Regulatory Authority at each Federal facility where the value of the Services provided is expected to exceed \$150,000 annually; and

WHEREAS, where the Government has an Areawide contract in effect with a particular utility, then such service is normally to be procured thereunder; and

WHEREAS, the Contractor and the Government mutually desire that this Areawide Contract be used by the agencies of the Government in obtaining energy management services and/or services provided under the Appropriate Regulatory Authority from the Contractor and to facilitate partnering arrangements as encouraged and authorized by 10 U.S.C. 2911-2918 and 42 U.S.C. 8256; and

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained, the parties hereby agree as follows:

ARTICLE 1. DEFINITIONS.

1.1. As used in this Areawide Contract, the following terms have the meaning as prescribed below:

(a) "**Agency**" means any Federal department, agency, or independent establishment in the executive branch of the Government, any establishment in the legislative or judicial branches of the Federal Government, or any wholly/mixed ownership Government corporation, as defined in the Government Corporation Control Act, a list of which Agencies may be found at ADM 4800.2E on the General Services Administration website.

(b) "**Appropriate Regulatory Authority**" means the California Public Utilities Commission and/or Federal Energy Regulatory Commission (hereinafter referred to as the "Commissions").

(c) "**Areawide Contract**" or "**Contract**" means this master contract entered into between the Government and Contractor to cover the Service acquisitions of all Federal agencies in the franchised certificated service territory from Contractor for a period not to exceed ten (10) years.

(d) "**Authorization**" or "**Task Order**" means an order form used to acquire Services under this Areawide Contract (see **Exhibit "A"** AUTHORIZATION FOR ELECTRIC SERVICE, **Exhibit "B"** AUTHORIZATION FOR NATURAL GAS SERVICE, **Exhibit "C"** AUTHORIZATION FOR ENERGY MANAGEMENT SERVICE, **Exhibit "D"** AUTHORIZATION FOR THE PROVISION OF SERVICES PROVIDED UNDER THE APPROPRIATE REGULATORY AUTHORITY annexed hereto. With the exception of the provisions defined in "Contractor's Rates" and "Contractor's Terms and Conditions" all authorizations shall be administered outside of the oversight and purview of the regulatory environment and in accordance with the requirements of the Federal Acquisition Regulations.

(e) "**Class of Service**" or "**Service Classification**" means those categories of service established in the Contractor's Tariff as filed with the Commission.

(f) "**Contractor's Rates**" means the Contractor's Utility Service Rates, and includes rate schedules, riders, rules, regulations, and regulated terms and conditions of service as may be modified, amended or supplemented by the Contractor from time to time and approved by the Commissions.

(g) "**Contractor's Terms and Conditions**" for this Areawide Contract, means the generic terms, conditions, policies, procedures, payment terms established by the Contractor for those services that are provided pursuant to this Contract, and as such, may be modified, amended, or supplemented by the Contractor from time to time, that are under the Commissions' jurisdiction, but are not required to be approved by the Commissions and/or not specifically subject to Commissions' approval before they take effect. The definition of "Terms and Conditions" shall not include price-related matters or contract terms developed for specific Authorizations.

(h) "**Connection Charge**" means a Contractor's charge for facilities on the Contractor's side of the delivery point which facilities (1) are required to make connections with the nearest point of supply and (2) are installed, owned, maintained and operated by the Contractor in accordance with the Contractor's Rates and the Contractor's rules and regulations.

(i) "**Electric Service**" means regulated electric commodities, transmission, distribution, and/or related services.

(j) "**Energy Conservation Measure (ECM)**" means any specific energy or water related project intended to provide energy savings and/or demand reduction in Federal facilities (Reference Article 18 herein).

(k) "**Energy Management Service (EMS)**" means any project that is designed to reduce and/or manages energy demand in a facility as well as energy audits and any ancillary services necessary to ensure the proper operation of the energy conservation measure. Such measures include, but are not limited to, operating, maintenance, and commissioning services (Energy Conservation Measure and Demand Side Management Measure are considered equivalent terms). To be considered an EMS measure, the measure must satisfy all of the following requirements:

1. The EMS measure must be designed to produce measurable energy reductions or measurable amounts of controlled energy and/or water use;
2. The EMS measure must be directly related to the use of energy or directly control the use of energy or water;
3. The preponderance of work covered by the EMS measure (measured in dollars) must be for items 1 and 2 above; and
4. The EMS measure must be an improvement to real property or any action that is necessary to ensure the functionality of the EMS measure.

(r) "**Termination Authorization**" means an order form used by the Government to notify the Contractor that the Government wants to discontinue or disconnect a specific utility service provided under this Areawide Contract, where the Authorization for Utility Service does not otherwise specify how Utility Services are to be terminated. (see **Exhibit "A"** AUTHORIZATION FOR NATURAL GAS SERVICE, **Exhibit "B"** AUTHORIZATION FOR ELECTRIC SERVICE, **-Exhibit "C"** AUTHORIZATION FOR ENERGY MANAGEMENT SERVICE **Exhibit "D"** AUTHORIZATION FOR THE PROVISION OF SERVICES PROVIDED UNDER THE APPROPRIATE REGULATORY AUTHORITY.

1.2. This Article is hereby expanded to include the additional definitions contained in FAR Clause 52.202-1, Definitions (MAY 2001), 48 C.F.R. 52.202-1, which are incorporated herein by reference.

ARTICLE 2. SCOPE AND DURATION OF CONTRACT.

2.1. This Areawide Contract shall be in effect on and after March 9, 2021 ("**Effective Date**"), and shall continue for a period of ten (10) years ("**Term**"), except that the Government, pursuant to the clause contained in FAR 52.249-2 (48 C.F.R. 52.249-2), incorporated into this Areawide Contract under Article 14.1 or the Contractor, upon sixty (60) days written notice to the Government, and without liability to the Government or any Ordering Agency, may terminate this Areawide Contract, in whole or in part, when it is in their respective interest to do so. Neither the stated duration of this Areawide Contract nor any other termination of it, in whole or in part, pursuant to such incorporated clause, this Article 2.1, or otherwise, shall be construed to affect any obligation for any payment, charge, rate, or other matter that may be imposed pursuant to the Contractor's rates, rules, regulations, riders, practices, or terms and conditions of Service as may be modified, amended, or supplemented by the Contractor and approved from time to time by the Commissions.

2.2. Authorizations may be executed under this Areawide Contract at any time during the term of this Contract. The Areawide Contract shall be for a term of ten (10) years. The term of any Authorization executed under this Contract may be for a term of up to ten (10) years, which term may extend beyond the term of this Areawide Contract. Authorizations executed pursuant to the authority under 42 U.S.C. Section 8256 may be for a term of up to 25 years, as long as the other requirements of this section are met, and the term may extend beyond the term of the Areawide Contract. Termination, modification or expiration of the Areawide Contract shall not affect in any way any Authorizations previously entered into under this Contract.

2.3. The provisions of this Areawide Contract shall not apply to the Contractor's Service to any Agency until both the Ordering Agency and the Contractor execute a written Authorization for Electric, Natural Gas, , Energy Management Services, and/or Services provided under the Appropriate Regulatory Authority. Upon bilateral execution of an Authorization, the Contractor agrees to furnish to the Ordering Agency, and the Ordering Agency agrees to purchase from the Contractor, the above noted Services for the installation(s) or facilities named in the Authorization pursuant to the terms of this Areawide Contract.

2.4. Nothing in this Areawide Contract shall be construed as precluding the Ordering Agency and the Contractor from entering into an Authorization for negotiated rates or Service of a special nature, provided such negotiated rates or Service are in accordance with the rules and regulations of the Commissions, if applicable.

2.5. To facilitate an Ordering Agency obtaining services under Contractor's standard agreements for utility service, an Exhibit "D" has been included in this Areawide Contract. This Exhibit "D" is designed so it also can be used by an Ordering Agency when a change requested by the Ordering Agency to Contractor's standard terms and conditions for utility service has been approved by the Appropriate Regulatory Authority.

ARTICLE 3. EXISTING CONTRACTS.

3.1. The parties agree that an Agency currently acquiring Service from the Contractor under a separate written contract may continue to do so until that contract expires or until such time as the Agency and the Contractor mutually agree to terminate that separate written contract and have such Service provided pursuant to this Areawide Contract by executing an appropriate Authorization or Authorizations.

3.2. Existing special rates and services of a special nature currently provided under a separate written contract may be continued under the Authorizations described in Article 3.1 if requested by the Ordering Agency and agreed upon by the Contractor.

ARTICLE 4. AUTHORIZATION PROCEDURE AND SERVICE DISCONNECTION.

4.1. To obtain or change Service under this Areawide Contract, the Ordering Agency shall complete the appropriate Authorization and forward it to the Contractor. Upon the request of the Ordering Agency, the Contractor shall endeavor to provide reasonable assistance to the Ordering Agency in selecting the service classification which may be most favorable to the Ordering Agency. Upon execution of an Authorization by both the Contractor and the Ordering Agency, the date of initiation or change in Service shall be effective as of the date specified in the Authorization. An executed copy of the Authorization shall be transmitted by the Ordering Agency to GSA at the address provided in Article 16.1

4.2. During the Term of this Areawide Contract, effective Authorizations need not be amended, modified, or changed by an Ordering Agency to reflect changes in: accounting and appropriation data, the Contractor's Rate, the Contractor's cost of purchased fuel, or the estimated annual cost of Service. Such changes are considered internal to the party involved. Where changes are required in effective Authorizations because of a change in the Service requirements of an Ordering Agency, an amended Authorization shall be mutually agreed upon and executed.

4.3. An Ordering Agency or the Contractor may discontinue Service provided pursuant to this Areawide Contract to a particular Federal facility or installation by delivering a written Termination Authorization to the other. Such discontinuance of Service by an Ordering Agency or the Contractor shall be in accordance with the terms of this Areawide Contract and the Contractor's Tariffs.

4.4. In the event the Areawide Contract is not renewed at the expiration of the contract term, any active Authorizations for services shall be controlled by the Contract terms and conditions in effect at the time of award.

ARTICLE 5. RATES, CHARGES, AND PUBLIC REGULATION.

5.1. A complete listing of all Contractor's Rates, as amended, supplemented, modified and revised from time to time, is available to the Government and any Ordering Agency electronically at the Contractor's website accessible via <https://sdge.com/regulatory>.

5.2. Subject to the provisions of Article 2.3, all Electric, Natural Gas, Energy Management Services and/or Services provided under the Appropriate Regulatory Authority purchased under this Areawide Contract, as well as any other action under this Areawide Contract shall be in accordance with, and subject to, the Contractor's Rates, except to the extent that same are preempted by Federal law. Throughout the Term of the Areawide Contract, the Government shall have full access to the Contractor's currently effective Rates. In the event the Contractor's Rates become inaccessible via the internet or the Ordering Agency does not have access to the internet, the Contractor agrees to provide newly effective or amended Rates in accordance with the Contractor's Rate distribution practices, policies and procedures applicable to all customers.

5.3. If, during the Term of this Areawide Contract, the Commissions approve a change in rates for services specified in Authorizations in effect hereunder, the Contractor agrees to continue to furnish, and the Ordering Agency agrees to continue to pay for, those Services at the newly approved rates from and after the date such rates are made effective. As provided in Article 4.2, modification of any Authorization hereunder is not necessary to implement higher or lower rates.

5.4. The Contractor hereby represents and warrants to the Government that the Service rates available to any Ordering Agency hereunder shall at all times not exceed those available to any other customer served under the same Service Classification for the same or comparable service, under like conditions of use. Nothing herein shall require the Contractor to apply service rates that are inapplicable to the Ordering Agency.

5.5. Reasonable written notice via an Authorization shall be given by the Ordering Agency to the Contractor, at the address provided in Article 16.2, of any material changes proposed in the volume or characteristic of utility services required by the Ordering Agency.

5.6. To the extent required by the Contractor's Rates, the Contractor's rules and regulations, or the Contractor's policies and practices applicable to all customers, and in accordance therewith, or unless otherwise agreed to between Contractor and an Ordering Agency, any necessary extension, alteration, relocation, or reinforcement of the Contractor's transmission or distribution lines, related special facilities, Service arrangements, demand side management services (including any rebates and incentives to which the Ordering Agency may be entitled), energy audit services, or other Services required or requested by an Ordering Agency shall be provided and, as applicable, billed for, by the Contractor. To the extent available from the Contractor, the Contractor shall provide and, as applicable, bill for such technical assistance on or concerning an Ordering Agency's equipment (such as the inspection or repair of such equipment) as may be requested by such Ordering Agency. The charges for such technical assistance shall be calculated at the time the technical assistance is rendered, as mutually agreed upon by the Contractor and the Agency, and shall comply with Contractor's Rates, if applicable. The Authorization or any other agreement used to obtain and provide the matters, Services, or technical assistance described in this Article 5.6 shall contain information descriptive of the matters, Services, or technical assistance required or requested, including the amount of (or method to determine) any payment to be made by the Ordering Agency to the Contractor for the provision of said matters, Services, or technical assistance.

5.7. Any charges for matters or Services referenced in Article 5.6 hereof which are not established by the Contractor's Rates shall be subject to audit by the Ordering Agency for a period of one (1) year after the provision of matters or services rendered. Payment for the matters and Services referenced in Article 5.6 thereof shall not be unreasonably withheld or denied. The Contractor further warrants and represents to the Government that charges for the matters or Services referenced in Article 5.6 hereof will not exceed the charges billed to other customers of the Contractor served under the same Service Classification for like matters or Services provided under similar circumstances.

5.8. The requirements of the Disputes clause at FAR 52.233-1 are supplemented to provide that matters involving the interpretation of Contractor's Rates are subject to the jurisdiction and regulation of the Commissions.

ARTICLE 6. BILLS AND BILLING DATA.

6.1. The Electric, Natural Gas, Energy Management Services and/or services provided under the appropriate regulatory authority supplied hereunder shall be billed to the Ordering Agency at the address specified in each Authorization. Bills shall be submitted in original only, unless otherwise specified in the Authorization. All bills shall contain such data as is required by the Commissions to substantiate the billing and such other reasonable and available data as may be requested by the Ordering Agency, provided that such other data are contained in bills provided to other customers of the Contractor served under the same Service Classification as the Ordering Agency.

ARTICLE 7. PAYMENTS FOR SERVICES.

7.1. With the exception of the payments described in Article 7.3, below, payments hereunder shall not be paid in advance of Services rendered. The Ordering Agency shall affect payment of all bills for regulated Services rendered under this Areawide Contract in accordance with the terms of the Contractor's Rates. Changes in the Contractor's Rate provisions for the payment of bills shall supersede the provisions of this paragraph to the extent of the applicability of such changes.

7.2. The Ordering Agency will make invoice payments for Services not subject to the direct oversight of the Commissions in accordance with the provisions of the FAR Subpart 52.232-25 (Article 14.1-16).

7.3. Payments hereunder shall not normally be made in advance of Services rendered in accordance with 48 C.F.R. Subpart 32.4, unless required by the Contractor's Rates. The applicability of this provision is limited to connection charge and line extension payments specifically cited in the Contractor's Rates.

7.4. Each payment made by Treasury check to the Contractor shall include the Contractor's billing stub(s), or a Government or Ordering Agency payment document, that clearly and correctly lists all of the Contractor's account numbers to which the payment applies and the dollar amount applicable to each account. If payment is by Electronic Funds Transfer either through the Automated Clearing House (ACH) or the Federal Reserve Wire Transfer System, the provisions of FAR Subpart 52.232-34 shall apply (See Article 14) and the Ordering Agency must specify the method of payment and the designated payment office on the Authorization form.

ARTICLE 8. CONTRACTOR-OWNED METERS.

8.1. Metering equipment of standard manufacture suitable to measure all utility services supplied by the Contractor hereunder shall be furnished, installed, calibrated and maintained by the Contractor at its expense. In the event any meter fails to register or registers incorrectly, as determined by the regulations of the Commissions, billing adjustments shall be made in accordance with such regulations.

8.2. The Contractor, so far as possible, shall read all meters in accordance with the Contractor's Rates and the Commissions' regulations.

8.3. Meters shall be inspected upon installation at no direct charge to the Ordering Agency. Subsequent inspection, periodic testing, repair, and replacement of meters shall be done in such place and manner as provided by the Commissions' regulations. Upon notice that a meter is failing to register correctly, the Contractor shall take immediate steps to effect replacement or repair. Ordering Agencies shall have the right to request a meter test in accordance with the procedures prescribed in the Commissions' regulations. The tests and applicable meter accuracy standards are those set forth in the Commissions' regulations. The expense of meter tests shall be borne by the party designated as responsible therefor in the Commissions' regulations.

8.4. For the purposes of this Article 8, references to meters shall apply only to Contractor-owned metering devices installed and maintained by the Contractor in accordance with Commissions' guidelines for utility service(s). References to meters under this Article shall not apply to meters that are to be installed by the Contractor at the request of an Ordering Agency, to be owned by the Government as a part of an Authorization for Energy Management Service or other Service.

ARTICLE 9. EQUIPMENT AND FACILITIES.

9.1. Subject to the provisions of Article 5.6 hereof, the responsibility for owning, furnishing, installing, and maintaining all equipment and facilities (other than meters) required or convenient to supply Service at the delivery point(s) specified in an Authorization shall be determined in accordance with the Contractor's regulated Rates. The Ordering Agency shall provide, free of charge to the Contractor, mutually agreeable locations on its premises for the installation of meters and such other equipment furnished and owned by the Contractor and necessary or convenient to supply Service hereunder. The Contractor shall, at all times during the Term of this Areawide Contract, operate and maintain at its expense such equipment or facilities as for which it owns and for which it has responsibility in accordance with this Article 9.1, and shall assume all applicable taxes and other charges in connection therewith. Notwithstanding anything to the contrary in FAR

52.241-5 (Contractor's Facilities (FEB 1995)), to the extent required by the Contractor's Rates and the Commissions' rules and regulations, and in accordance thereof, such equipment and facilities as for which the Contractor has responsibility in accordance with this Article 9.1 may be removed or abandoned in place, as determined by Contractor in its sole discretion, at the termination or expiration of any Exhibit executed under this Areawide Contract. In both cases, the Agency's premises shall be restored by the Contractor to a condition as close as possible to the condition it was in at the beginning of the Term of any Exhibit executed under this Areawide Contract at its expense within a reasonable time after discontinuance of service to the Ordering Agency; provided, however, that the foregoing shall not be construed to require Contractor to perform any repairs or restoration required as a result of ordinary wear and tear, damage due to casualty of any kind to the extent not caused by Contractor or damage due to the acts or omissions of persons or entities other than Contractor.

9.2. Subject to Article 11 below, all necessary rights-of-way, easements and such other rights necessary to permit the Contractor to perform under this Areawide Contract shall be obtained and the expense for same borne in accordance with the Contractor's Rates and the Contractor's rules and regulations.

ARTICLE 10. LIABILITY.

10.1. If the Government and/or an Ordering Agency has limited or restricted the Contractor's right of access under Article 11 and thereby interfered with the Contractor's ability to supply service or to correct dangerous situations which are a threat to public safety, the Government shall be responsible for, indemnify and hold harmless Contractor from any and all liability resulting from such restricted or limited access to the extent permitted by law and authorized by appropriations. This Article (10.1) shall not be construed to limit the Government's liability under applicable law.

10.2. The Contractor's liability to the Government and to any Ordering Agency for any failure to supply Service, for any interruptions in Service, and for any irregular or defective Service shall be determined in accordance with the Contractor's Rates.

10.3. Except as provided above, and in accordance with the Contractor's Rates and Terms and Conditions of Service, the Government shall not be liable for damage or injury to any person or property, including death, occasioned solely by the Contractor's, its employees' or agents' negligent installation, use, operation or intentional misuse of the Contractor's equipment or facilities.

10.4. In accordance with the Contractor's Rates and/or Terms and Conditions of Service, neither the Contractor nor its employees or agents, shall be liable for damage or injury to any person or property, including death, occasioned solely by the negligent installation, use, operation or intentional misuse of Contractor's equipment or facilities by the Government, its employees or agents.

10.5. The Contractor shall not be liable for incidents arising out of or in any way connected with the violation or compliance with any local, state or federal environmental law or regulation resulting from pre-existing conditions at a Government job site, release or spill of any pre-existing Hazardous Materials or Hazardous Waste, or out of the management and disposal of any pre-existing contaminated soils or ground water, hazardous or non-hazardous, removed from the ground as a result of work performed by the Contractor.

10.6. The Government agrees to accept full responsibility for and bear all costs associated with pre-existing environmental liability. Responsibility for testing, abatement, remediation, and/or disposal of Hazardous Material, including, but not limited to, contaminated soil, lead paint, asbestos, fuel oil, or underground fuel oil tanks, shall remain with the Government. Where there is reason to suspect that Hazardous Material is present at the work site, or where Hazardous Material is encountered during the course of work being performed, the Contractor shall stop work, notify the Contracting Officer and Activity personnel, and request that the Government test the work site for such Hazardous Material and appropriately abate and dispose of such Hazardous Material. Once the work site has been cleared of all Hazardous Material, the Contractor shall resume work in that area.

ARTICLE 11. ACCESS TO PREMISES.

11.1. The Contractor, its affiliates, and subcontractors, if any, shall have access to the premises served at all times during the Term of any Exhibit executed under this Areawide Contract and for a reasonable period of time following its expiration or termination, whichever occurs earliest, to perform certain work, which shall include but not be limited to

the following: for the purpose of reading meters, making installations, repairs, or removals of the Contractor's equipment, performing inspections, reducing vegetation that can be fuel for wildfires around Contractor's facilities or for any other proper purposes hereunder.

ARTICLE 12. PARTIES OF INTEREST.

12.1. This Areawide Contract shall be binding upon and inure to the benefit of the successors, legal representatives, and assignees of the respective parties hereto.

12.2. When the Contractor becomes aware that a change in ownership or company name has occurred, or is certain to occur, the Contractor shall endeavor to notify the Contracting Officer at the address provided in Article 15.1 not later than thirty (30) days after the effectiveness of any such ownership or name change. In the event the Contractor fails to make the notification required by this Article 12.2, the Government cannot guarantee the timely payment of outstanding invoices in accordance with the provisions of Article 7.1; however, the Government shall be responsible for all payments related to the services provided by the Contractor.

ARTICLE 13. REPRESENTATIONS AND CERTIFICATIONS.

13.1. This Areawide Contract incorporates by reference the representations and certifications issued by the Contractor which shall be filed in the contract file at <https://www.sam.gov>.

13.2. Contractor represents that the following persons, not their authorized successors or delegates, are currently authorized to execute and execute on its behalf with the US Government in connection with this Areawide Contract in accordance with Exhibits executed under this Areawide Contract:

- (a) Joseph Joseph P. Merzina
- (b) Sarahna Mohar
- (c) Joseph Taylor

Contractor reserves the right to amend the above list of persons at any time by delivering written notice to the Government at the address provided in Article 15.1.

ARTICLE 14. SUPPLEMENTAL CLAUSES.

This Areawide Contract incorporates one or more clauses available on the same date and effect as if they were given in full text. Upon request, the Contracting Officer will make them available. For the full text of a clause, please contact the Contracting Officer at <https://www.acquisition.gov>.

14.2 Unregulated Services.

Pursuant to this Areawide Contract, the Contractor may provide energy related services that are not subject to rate and tariff regulations by the Commissions under a pre-approved alternative (FAR 52.241-8) that demonstrates the Contractor will provide these services under terms and conditions that are competitive and otherwise in the best interests of the Ordering Agency. If, as demonstrated by the Ordering Agency, the conditions for use of this pre-approved alternative cannot be satisfied, then the Ordering Agency should consider the requirement of the Competition in Contracting Act of 1984 and the extent to which a competitive acquisition process is required to select and award a contract for these unregulated services. If an Authorization under this Areawide Contract is utilized, the prices and terms and conditions for unregulated services offered by the Contractor shall be negotiated subject to the requirements of FAR 41.5, subject to the general requirements of FAR 52.241-8.

14.3 Repeal of Clauses During Term of Areawide Contract.

If, during the Term of this Areawide Contract, any of the clauses contained in this Article are repealed, revoked, or dissolved by the Government, then such clauses shall no longer be part of this Areawide Contract as of the date of such repeal, revocation, or dissolution. The elimination of these clauses by reason of such repeal, revocation, or dissolution shall not affect the continuing validity and effectiveness of the remainder of this Areawide Contract or other clauses referenced in this Article. The parties' conduct thereafter shall be modified accordingly and reflect the repeal, revocation, or dissolution as related to their respective rights and obligations hereunder.

14.4 Clauses Incorporated in Full Text.

52.204-24 Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment

As prescribed in 4.2105(a), insert the following provision:

Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment (Aug 2020)

The Offeror shall not complete the representation at paragraph (d)(1) of this provision if the Offeror has represented that it "does not provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument" in the provision at 52.204-26, Covered Telecommunications Equipment or Services—Representation, or in paragraph (v) of the provision at 52.212-3, Offeror Representations and Certifications—Commercial Items.

(a) Definitions. As used in this provision—

Backhaul, covered telecommunications equipment or services, critical technology, interconnection arrangements, reasonable inquiry, roaming, and substantial or essential component have the meanings provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

(b) Prohibition. (1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract or extending or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract. Nothing in the prohibition shall be construed to—

(i) Prohibit the head of an executive agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) Procedures. The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(d) Representation. The Offeror represents that—

(1) It will, will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror shall provide the additional disclosure information required at paragraph (e)(1) of this section if the Offeror responds "will" in paragraph (d)(1) of this section; and

(2) After conducting a reasonable inquiry, for purposes of this representation, the Offeror represents that—

It does, does not use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror shall provide the additional disclosure information required at paragraph (e)(2) of this section if the Offeror responds "does" in paragraph (d)(2) of this section.

(e) Disclosures. (1) Disclosure for the representation in paragraph (d)(1) of this provision. If the Offeror has responded "will" in the representation in paragraph (d)(1) of this provision, the Offeror shall provide the following information as part of the offer:

(i) For covered equipment—

(A) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known);

(B)A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C)Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(ii)For covered services—

(A)If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B)If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

(2) Disclosure for the representation in paragraph (d)(2) of this provision. If the Offeror has responded “does” in the representation in paragraph (d)(2) of this provision, the Offeror shall provide the following information as part of the offer:

(i)For covered equipment—

(A)The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known);

(B)A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(C)Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(ii)For covered services—

(A)If the service is related to item maintenance: A description of all covered telecommunications services offered (include on the item being maintained: Brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(B)If not associated with maintenance, the PSC of the service being provided; and explanation of the proposed use of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(End of provision)

52.204-25 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment

As prescribed in 4.2105(b), insert the following clause:

Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment (Aug 2020)

(a) Definitions. As used in this clause—

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Covered foreign country means The People’s Republic of China.

Covered telecommunications equipment or services means—

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means—

(1) Defense articles or defense services included on the United States Munitions List set forth in the International

plan and hereby agrees to submit a new subcontracting plan by November 30th of each year during the Term of this Areawide Contract.

15.2. Information and announcements concerning current developments in the GSA Small Business Subcontracting Program are available on the GSA Energy Division web site accessible via <http://www.gsa.gov/energy>.

ARTICLE 16. NOTICES.

16.1. Unless specifically provided otherwise, all notices required to be provided to the Government under this Areawide Contract shall be mailed to: U. S. General Services Administration, PBS, Office of Facilities Management, Energy Division (PMA), 1800 F Street, NW, Washington, DC 20405 or via email at energy@gsa.gov.

16.2. All inquiries and notices to the Contractor regarding this Areawide Contract shall be emailed to: Joe Pierzina (jpierzina@sdge.com) or to such other person as the Contractor may hereafter designate in writing.

16.3. The Ordering Agency shall provide GSA with a copy of all fully executed Exhibits including any applicable attachments at the address provided in Article 15.1.

ARTICLE 17. REPORTING

17.1. The Contractor shall provide, as prescribed and directed by the Contracting Officer, an annual report on Subcontracting Plan Achievements, in accordance with the approved subcontracting plan for small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals by 30 October of each year during the Term of this Areawide Contract. The report shall be submitted electronically utilizing the Small Business Administration's Electronic Subcontracting Reporting System. The website address of system can be found at <http://www.esrs.gov>.

ARTICLE 18. UTILITY ENERGY SERVICE CONTRACTS.

18.1. Performance Assurance: Energy Conservation Measures (ECMs) will not normally be included within a project unless a net overall energy usage or cost reduction can be demonstrated and verified. When ECM construction is complete, the commissioning process provides data for this verification. UESCs that include a savings guarantee will require additional measurement and verification (M&V) activities during the performance period. Verification standards for energy projects are established in the M&V Guidelines: Measurement and Verification for Performance Based Contracts, published by the Department of Energy's Federal Energy Management Program (FEMP). All UESCs, regardless of whether they include a savings guarantee, will include a Performance Assurance Plan with key performance indicators identified.

18.2. Unless otherwise provided by law, UESC performance assurances or guarantees of the savings generated by the ECMs must equal or exceed the total Task Order value.

18.3. Subcontracting: The Contractor may perform any or all of its requested Services through subcontractors, including its unregulated affiliates. ECM subcontractors shall be competitively selected in accordance with FAR 52.244-5 (Competition in Subcontracting) (DEC 1996) (See Article 14). Subcontractor selection shall be based on cost, experience, past performance and other such factors as the Contractor and the Ordering Agency may mutually deem appropriate and reasonably related to the Government's minimum requirements. Upon request by the Government, the Contractor shall make available to the contracting officer all documents related to the selection of a subcontractor. In no event shall the Service be provided by subcontractors listed as excluded from Federal Procurement Programs maintained by GSA pursuant to 48 C.F.R. 9.404 in accordance with 52.209-6 (Protecting the Government's Interest when Subcontracting with Contractors Debarred, Suspended, or Proposed for Debarment (AUG 2013) (See Article 14)).

18.4. For all Authorizations involving Energy Conservation Measures, it is desirable to have a Warranty Clause that addresses the specific needs and requirements of the work being performed and equipment that is to be provided by the Contractor; however, in the absence of a Warranty Clause in the Authorization, the following language will serve as the default Clause:

If applicable and to the extent feasible, the Company shall pass through to the Agency all warranties on equipment installed or provided by it or its subcontractors on Government property with the following representation:

CONTRACTOR ACKNOWLEDGES THAT THE UNITED STATES OF AMERICA WILL OWN OR LEASE THE EQUIPMENT AND/OR MATERIALS BEING INSTALLED OR SUPPLIED HEREUNDER, AND, ACCORDINGLY, AGREES THAT ALL WARRANTIES SET FORTH HEREIN, OR OTHERWISE PROVIDED BY LAW IN FAVOR OF GOVERNMENT SHALL INURE ALSO TO THE BENEFIT OF THE UNITED STATES AND THAT ALL CLAIMS ARISING FROM ANY BREACH OF SUCH WARRANTIES OR AS A RESULT OF DEFECTS IN OR REPAIRS TO SUCH EQUIPMENT OR SUPPLIES MAY BE ASSERTED AGAINST CONTRACTOR OR MANUFACTURER DIRECTLY BY THE UNITED STATES OF AMERICA.

18.5. The Ordering Agency shall submit to GSA a copy of all preliminary energy audit results or energy conservation measure analysis for review and compliance with Federal regulations and policy. Upon written acknowledgement from GSA of receipt of the aforementioned information, a copy of which shall be provided by the Ordering Agency to the Contractor, the Ordering Agency may negotiate Task Orders with the Contractor for the implementation of the energy conservation measures described in the preliminary documents. The Ordering Agency shall provide GSA with copies of fully executed Exhibit "B" Authorizations for any Energy Management Services resulting from confirmed/approved energy audits, including any applicable attachments, at the address provided in Article 16.1

The Contractor shall provide financial schedules at interim delivery points as required by the Ordering Agency in a Task Order. Financial schedules are based upon the eProject Builder system and final financial schedules shall be submitted through the eProject Builder system <https://eprojectbuilder.lbl.gov>.

18.6. Contractor's Responsibilities under this Areawide Contract:

(a) The Contractor shall not provide Energy Management Service to Federal facilities unless the facility is a current customer or prospective customer of the regulated utility within the franchised service territory of the utility company providing such services.

(b) The work that is to be performed under the Authorization for Energy Management Services shall be limited to work resulting in a direct reduction in energy usage (see Article 1.1(j)) and any modification or repair that is necessary as a direct result of the installation of the ECM.

18.7. Guaranteed Savings and Scoring of UESC's by the Ordering Agency(ies):

UESC's that meet the definition of "Energy Management Service" ("EMS") prescribed in Article 1.1(k) of this Areawide Contract, and which follow the guidance prescribed in OMB Memoranda M-12-21 and M-98-13, may be scored for budgetary purposes by the Ordering Agency(ies) on an annual basis if the UESC requires:

(a) Energy savings performance assurances or guarantees of the savings to be generated by improvements, which must cover the full cost of the Federal investment for the improvements;

(b) Measurement and verification (M&V) of savings through commissioning and retro-commissioning; and

(c) Competition or an alternatives analysis as part of the selection process prior to entering into a UESC.

18.8. In order to assure the necessary fiscal responsibility consistent with sound program management, alternatively financed UESCs should include a plan for continued action during the contract to assure continued accomplishment of expected performance (this is referred to as a Performance Assurance or Performance Verification Plan). The level of performance assurance (M&V) and its associated costs should be worth the level of certainty of cost savings that the Ordering Agency reasonably deems to be necessary. Each alternatively financed UESC should have a performance assurance plan to accomplish this. Such plans should provide for the separate evaluation of each energy conservation measure and combination of measures in order to identify the appropriate level of needed performance assurance activity based on the technical complexity, potential savings magnitude, and specific situation. (See Overview of the Measurement and Verification for Federal Energy Projects Guidelines Version 2.2 or FEMP Fact Sheet - Performance Assurance for Multi-Year Contracts Under the Utility Incentive Program for further guidance.) Inclusion of and compliance with the performance assurance plan in the specific project Task Order satisfies the requirements of Contractor under Articles 17.1 and 17.7.

ARTICLE 19. MISCELLANEOUS.

19.1. Contract Administration: The Ordering Agency shall assist in the day-to-day administration of the Service being provided to it under an Authorization.

19.2. Anti-Deficiency: Unless otherwise authorized by Public Law or Federal Regulation, nothing contained herein shall be construed as binding the Government to expend, in any one fiscal year, any sum in excess of the appropriation made

by Congress for that fiscal year in furtherance of the matter of any Authorization executed in accordance with this Areawide Contract or to involve the Government in an obligation for the future expenditure of monies before an appropriation is made (Anti-Deficiency Act, 31 U.S.C. 1341.A.1).

19.3. Obligation to Serve: Nothing contained in this Areawide Contract shall obligate the Contractor to take any action which it may consider to be detrimental to its obligations as a public utility.

19.4 Term of Authorizations: It is recognized that during the Term of this Areawide Contract, situations and/or requirements may arise where it may be desirable that the term of service to an Ordering Agency's facility extend beyond the Term of this Areawide Contract. In such event, the particular Authorization involved may specify a term extending beyond the Term of this Areawide Contract, provided that it is within the contracting authority of the Ordering Agency and appropriate termination liability provisions have been negotiated between the Contractor and Ordering Agency to address unamortized balances for connection charge or energy management service projects.

19.5. Indemnification: Any indemnification language contained in standard form agreements executed between the Ordering Agency and the Contractor shall be binding upon the Federal Government only to the extent authorized by opinions of the Government Accountability Office and the Federal Torts Claims Act.

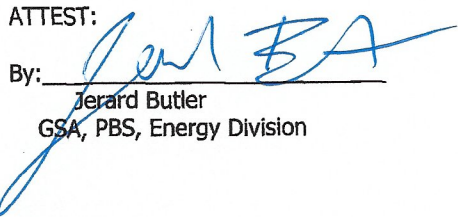

19.6. Exhibit Procedure: The execution of an exhibit by Contractor and an Ordering Agency shall not supersede a previously executed exhibit addressing the same service unless specifically stated. Allowable terms of exhibits shall be consistent with the guidance and policy set forth in Article 2.2 of this Areawide Contract.

19.7. Davis Bacon Act: Since this Areawide Public Utility Contract does not involve the regulated utility company performing on a Federally funded or assisted contract for the construction, alteration, or repair of a public work and/or public facility, the Davis Bacon Act does not apply to the work to be performed by the regulated utility company in connection with the provision of regulated utility services. However, if a determination by the Department of Labor (DOL) differs, the regulated utility company will be solely responsible for any financial liability for any contrary determination by DOL.

IN WITNESS WHEREOF, the parties have executed this Areawide Contract as of the day and the year first above written.
