

Leading Iowans in Caring For Our Natural Resources

Oil, Gas, and Metallic Minerals Stakeholders Meeting

Iowa Department of Natural Resources

July 8, 2024

1:00 PM CDT

Agenda

- 1) Introductions
- 2) Overview
- 3) Recommended Priorities
- 4) Your Priorities
- 5) Information Sources
- 6) Next Steps

Introductions

DNR Staff:

- Amie Davidson, P.E. – Land Quality Bureau Chief
- Mike Sullivan, CPM - Solid Waste and Contaminated Sites Supervisor
- Matt Graesch, P.G. – Technical Lead
- Brian L. Rath, P.E. – Support and Coordination
- Theresa Stiner, CPM – Rule Writing Lead
- Sharon Wegner – Legal Counsel
- Others

Overview: What is EO10?

- Deliberative Approach to Rulemaking
- Increase Public Input in Rulemaking Process
- Strictly Adhere to Rulemaking Authority Granted by Legislature
- Eliminate Rules That Do Not Provide Substantiated Benefits to Iowans
- Adopt Least Costly Way to Realize Public Benefits of Rule
- Reduce Size (Page and Word Count) of Iowa Administrative Code (IAC)
- Reduce Restrictive Language
- Avoid Verbatim Language Duplicative of Statutory Language

Overview: Legislative and Rule Changes

- 458A of the Iowa Code
 - Expanded to include all naturally occurring gases instead of being limited to petroleum gases
 - Law
- Iowa Administrative Code Chapter 17
 - Updated to include the addition in Iowa Code (law)
 - Rule

Priorities

- Interagency Coordination.
- Update 561 IAC 17 to Account for Hydrogen and Other Naturally Occurring Gases.
- Ensure 561 IAC 17 Provides for Effective and Efficient Implementation of This Program.
- Update 561 IAC 17 to Current Industry Standards.
- Draft Rule Review

Your Priorities
