# The Kentucky Junior Academy of Science: The future of science in Kentucky

Winners at the 2007 KJAS Spring Symposium.

The Kentucky Junior Academy of Science held its annual Spring Symposium on Saturday, April 21, 2007, on the campus of Campbellsville University. Seventy-eight students entered the competition. Congratulations to all of the winners! The overall winner of the Life Sciences Division was Mark Vitale from duPont Manual High School in Louisville. Dhanar Damddar, also from duPont Manual, was selected as the overall winner is the Physical Sciences Division. These two young scientists will represent Kentucky at the national American Junior Academies of Sciences meeting to be held February 14-18, 2008, in conjunction with the American Association for the Advancement of Science meeting in Boston. The theme of the upcoming national meeting will be Science and Technology from a Global Perspective. At its annual meeting the Junior Academy also elected state officers for the upcoming year. Retiring KJAS Director Elizabeth Kay Sutton received a well-deserved round of applause for her years of leadership and service to the Junior Academy. A dozen members of the Kentucky Academy of Science served as judges in the thirteen sections. See related stories on pages 4 and 5.

## KAS Members in the News

Dr. Joe E. Winstead, Professor of Biology and Dean, College of Science and Technology at Southern Arkansas University, received the Elizabeth Ann Bartholomew Award on March 31, 2006 at the annual meeting of the Southern Appalachian Botanical Society (SABS). This award is presented to individuals who have distinguished themselves in professional/public service that advances knowledge and appreciation of plants and their scientific, cultural, and aesthetic values. Dr. Winstead taught at Western Kentucky University from 1968 through 1996, and served as Department Chair at Morehead State University for two years. He is a long-time member of the Kentucky Academy of Science (KAS), and served as President of the Academy from 1984 to 1985.

Dr. Joe E. Winstead, left, and Dr. Kenneth Barnett Tankersley are two Kentucky Academy of Science members in the news.

Dr. Kenneth Barnett Tankersley, Anthropology Professor and Director of the Native American Studies Program at Northern Kentucky University, recently was appointed by Governor Ernie Fletcher to the Kentucky Native American Heritage Commission. The Commission's aims include communicating the rich diversity, heritage, and concerns of Kentucky's Native American population. Tankersley, a member of the Kentucky Center for Native American Arts and Culture Board, is of Cherokee and Piqua Shawnee descent. Tankerslev has served as script writer, consultant, prop designer, etc. for numerous Native North American documentary films for National Geographic Television, NOVA, Animal Planet, BBC Nature, Discovery Channel, and PBS. He is the co-author of Sitting Bull's Pipe: Separating Myth from History (with Robert Pickering) and In Search of Ice Age Americans (with Douglas Preston). Ken is currently secretary of the KAS Anthropology & Sociology section.

### **2007** Annual Meeting Announcements

This year's meeting will be co-hosted by the University of Louisville and Bellarmine University, in Louisville, KY on November 8-10, 2007. The theme will be *Health in Kentucky*.

### **KAS Governing Board Changes**

Guenter Schuster has resigned his position as AAAS/NAAS representative and his ad hoc seat on the KAS board. Dr. Schuster has served as the AAAS/NAAS representative for the past seven years and on the KAS board for 10 years. KAS would like to thank Dr. Schuster for his many years of service and dedication to this organization. The American Association for the Advancement of Science, (AAAS), is an international non-profit organization dedicated to advancing science around the world by serving as an educator, leader, spokesperson and professional association. The National Academy of Sciences (NAS) is an honorific society of distinguished scholars engaged in scientific and engineering research, dedicated to the furtherance of science and technology and to their use for the general welfare.

### Message from the Executive Director

Let us know your thoughts on the KAS website as we continue to make updates. Please visit www.kyscience.org for information regarding KAS activities and other scientific events in Kentucky as well as for job openings If you have information regarding science related activities in Kentucky you would like posted in the news/ announcements sections of the webpage please email the Executive Director.

The Program Committee has been busy working on plans for the 93rd Annual Meeting. Make sure November 8-10 is on your calendar. As the Executive Director I will be in charge of the registration process. We will again offer the option of online registration as well as mailing in your registration. Our programmer is currently working on a program change that will allow registrants to pay for multiple registrations via Pay Pal with one transaction. We realize professors often want to pay the registration fees for their students and the system we had in place last year made this difficult to complete.

We would also like to say thank you to all of our 2007 affiliates. Your support enables KAS to complete our mission to encourage scientific research, to promote the diffusion of scientific knowledge, and to unify the scientific interests of the Commonwealth of Kentucky. We would like to say a special thanks to Murray State University who has upgraded their affiliation to an Institutional Fellow.

We appreciate your support!! Please feel free to contact me if you have KAS related questions or would like to discuss a KAS issue.

Best wishes,

Jeanne Harris, KAS Executive Director executivedirector@kyscience.org 859-227-2837

### **Employment Opportunities Now Listed at www.kyscience.org**

**Research Assistant**: Human Health and Nutrition; Community Research Service, Kentucky State University. Interested candidate may send copy of CV, three references to Dr. Avinash Tope, at<u>avinash.tope@kysu.edu</u> or at 502-597-6012.

### In Memoriam: Jeffrey D. Jack (1963 - 2007)

Dr. Jeff Jack, a valued member of the University of Louisville faculty and former faculty member at Western Kentucky University, died tragically in an automobile accident on New Years Day. His positive outlook and concern for practical problems attracted large numbers of graduate and undergraduate students to his lab. In eleven years as a faculty member he supervised 4 high school students, 21 undergraduate research projects, and 22 Masters and PhD students. These traits also made him a valued colleague who had a genuine concern for all with whom he collaborated.

## **Research Funds Available**

#### **Special Research Program**

The program of KAS special research awards is directed particularly to faculty in Kentucky higher education institutions, public or private, involved primarily in undergraduate education. Awards of up to \$10,000 will be available as funding allows.

#### **Undergraduate Research Program**

KAS makes available funds for research planned and conducted by undergraduate students of Kentucky colleges and universities under the supervision of a faculty member who is a member of the Kentucky Academy of Science. Currently, two undergraduate research grant programs are available: Undergraduate Research Supply Grants with awards of up to \$500, and Summer Undergraduate Research Grants with awards of up to \$3,000.

#### Marcia Athey and Botany Funds

The KAS Foundation makes available through the Marcia Athey Fund and the Botany Fund monies for research planned and conducted by students of Kentucky secondary schools, colleges, and universities under the supervision of a faculty member, and if funds permit, faculty research projects. Faculty sponsors/researchers must be KAS members. Awards normally are in the several hundred dollars range, though in extraordinary circumstances some higher awards may be possible.

**Funding Request Deadline** for all programs: must be<u>received</u> by November 15, 2007. Detailed instructions for preparing proposals can be found on our web site at www.kyscience.org. For more information contact:

#### George F. Antonious, Ph.D.

## Call for Nominations for Superlative Awards

The Kentucky Academy of Science seeks nominations of individuals who have made outstanding contributions to scientific research and education in the Commonwealth in the five areas designated below. Details of qualifications and content of nomination packages will soon be available on the KAS website. September 20, 2007 is the deadline for nominations. All nominations and supporting materials should be sent in electronic format; e-mail attachments must be in MS Word format. Send to:

> Robin Cooper, Chair KAS Committee on Awards Department of Biology University of Kentucky Lexington, KY 40506

(859) 257-5950 RLCOOP1@pop.uky.edu

**Outstanding Academy Service:** The recipient shall have been a long time member of the Kentucky Academy of Science and shall have made significant contributions to the growth and development of the Academy.

**Distinguished College/University Scientist**: The recipient shall have made some significant contribution to academic research in Kentucky.

**Outstanding College/University Teacher**: The recipient shall have made some significant contribution primarily to science teaching but also to research at the college/ university level in Kentucky.

**Outstanding Secondary School Science Teacher**: The recipient shall have made some significant contributions to the teaching of science at the middle and high school level in Kentucky.

**Distinguished Professional Scientist (in a nonacademic position)**: The recipient shall have made some significant contributions to science in Kentucky.

## **Call For Papers**

The Journal of the Kentucky Academy of Science, now in its 68th year, is published through Allen Press each spring and fall and is abstracted through BioOne. The Journal publishes peer reviewed articles from all disciplines within the Academy. Turnaround time usually is six months or less, and page charges (\$35/page) are very reasonable. The Journal accepts regular articles (12-20 manuscript pages), scientific notes (2-5 pages), and will accept Letters to the Editor. The Journal also seeks series of manuscripts that result from special workshops or conferences. In these cases, a special editor may be appointed. All manuscripts should be sent to:

David White, Editor J-KAS Hancock Biological Station 561 Emma Drive Murray KY 42072

Instructions for authors can be found at www.kyscience.org. Please call 270-474-2272 or e-mail the editor at david.white @murraystate.edu for more information.

## Junior Academy of Science 2007 Spring Symposium Winners

HS - High School; FR - Freshman; MS - Middle School

#### **Behavioral and Social Sciences**

HS 1st: Mark Vitale, duPont Manual HS 2nd: Teresa Goetz and Becca Short, duPont Manual HS 3rd: Ann Cooper, Lafayette

#### **Biological Topics I**

HS 1st: Lucy Yan, duPont Manual HS 2nd: Anne Yang, duPont Manual FR 1st: Suraj Kannan, duPont Manual

#### **Biological Topics II**

HS 1st: Tuan Ngo, Ballard HS 2nd: Olga Hajishengallis, duPont Manual HS 3rd: Emily Darling, duPont Manual

#### Botany

HS 1st: Ivy Nguyen and Lucy Peterson, duPont Manual HS 2nd: Aisha Odell, duPont Manual FR 1st: Kasey Uhlenhuth, duPont Manual

#### Chemistry

HS 1st: Ashley Fields and Kristen Fields, Ballard HS 2nd: Nambi Arumugam, duPont Manual HS 3rd: Alka Tyagi, duPont Manual FR 1st: Melisa Stephen, duPont Manual

#### **Computer Science & Mathematics**

HS 1st: Udit Bajas, duPont Manual HS 2nd: Arooshi Kumar and Rajita Kumar, duPont Manual HS 3rd: Allan Hsiao, duPont Manual FR 1st: Dhwani Shah, duPont Manual

#### Earth & Space Science

HS 1st: Dhanur Damddar, duPont Manual HS 2nd: Hannah Sonnier, duPont Manual FR 1st: Sophia Mitchell, duPont Manual

#### Engineering

HS 1st: Noy Schael, duPont Manual HS 2nd: Mariam Ahmed, duPont Manual HS 3rd: Lloyd Fowler, duPont Manual MS 1st: Richard Cooper, Morton Middle School

#### **Environmental Science**

HS 1st: Nick Crawford, duPont Manual HS 2nd: Aaron Dailey, duPont Manual HS 3rd:(tie) Kyle Bragiusky & Kevin Tong, duPont Manual FR 1st: Nicholas Do, duPont Manual Middle School 1st: Ben Scryton, duPont Manual

#### Microbiology

HS 1st: Sam Burgin, Ballard HS 2nd: (Redacted) duPont Manual HS 3rd: Emmy Tran, duPont Manual FR 1st: Nikil Kukkala, duPont Manual

#### Physics

HS 1st: Sahas Narain, duPont Manual HS 2nd: Ramapriya Rangaraju, duPont Manual

#### Zoology

HS 1st: Morgan Davenport, Ballard

Overall Winners were chosen in Life Sciences - Mark Vitale of duPont Manual High School (below right) - and Physical Sciences - Dhanur Damddar, also of duPont Manual (below left). Vitale presented a paper entitled "The Effects of Video Game Experience on Laparoscopic Surgery Proficiency." Damddar presented a talk entitled "Breakthrough Substitutions of Synthetic Binders with Natural Chitosan in the Prevention of Soil Erosion."

## Call for Nominations to KAS Governing Board

The Kentucky Academy of Science Nominations and Elections Committee is seeking assistance from the KAS membership in our effort to identify a ballot of quality candidates to assume leadership roles within the Academy for next year. KAS members interested in nominating colleagues for these vacant positions, or individuals willing to volunteer to be placed on the ballot, should forward the name, e-mail address/phone number for each candidate, and indicate the leadership position of interest. Then Nominations and Elections Committee will contact each candidate to request the necessary information to be included on the ballot. This is an extremely important responsibility for the members of KAS and the committee needs your assistance in identifying candidates for these vacancies. The membership is being contacted at this time for nominations for the following offices:

- Vice President
- Biological Sciences Representative
- At Large Representative

Any member may nominate another member for Vice President or At Large Representative. However, for Biological Sciences Representative, the nominator must identify with that Division. Please send nominations by August 1, 2007 to:

David Olson, Chair KAS Committee on Nominations and Elections Department of Psychology 150 University Bldg Box 687 Morehead State University Morehead, KY 40351

(606) 783-2987 d.olson@morehead-st.edu

# KAS Kentucky Junior Academy of Science

The Junior Academy was begun over fifty years ago to foster an interest in science for middle school and high school students in Kentucky. Members of the Kentucky Junior Academy have the opportunity to :

- interact with other high school students across the state who are interested in science and technology,
- apply for money to design and complete science projects,
- present projects at the annual KJAS meeting, and
- publish an abstract in the Journal of the Ky Academy of Science.

2007-2008 State Junior Academy Officers (left to right): President Kristen Fields, Ballard High School; Vice-President Lucy Yan, duPont Manual High School; Secretary Ann Cooper, Lafayette High School

At its most recent meeting, the Kentucky Academy of Science Governing Board approved the appointment of Dr. Ruth E. Beattie as Director of the Kentucky Junior Academy of Science. Ruth Beattie is an Associate Professor and Director of Undergraduate Studies in the Department of Biology at the University of Kentucky. She joined the faculty of the University of Kentucky as an instructional

Dr. Ruth E. Beattie

specialist, where her primary responsibility is teaching large enrollment freshman level biology and microbiology classes. She has extensive experience as a science fair judge and has been the local host for regional and international biology conferences.

The Science Education Committee of KAS has identified the strengthening of the Kentucky Junior Academy of Science as its number one priority for the up-coming year.

This committee along with the KJAS Steering Committee will focus on the following:

- Increasing the number of schools involved in the academy
- Providing resources for teachers (Ex. Maintaining a panel of scientists who would be willing to speak to classes, identifying professional development and grant funding opportunities)
- Strengthening our relationship with other professional organizations (ex. KSTA)

If you have any suggestions for the committee please send them to Ruth Beattie at rebeat1@email.uky.edu

Return this form and a single spaced abstract by**October 6, 2007** to: Robert Creek, KAS Program Coordinator, Department of Biology, Eastern Kentucky University, Richmond, KY 40475. Phone (859) 623-6646; Fax (859) 622-1399; e-mail: robertcreek@bellsouth.net.

PLEASE NOTE: In order to present you MUST also register to attend the annual meeting.

#### GUIDELINES FOR PREPARATION OF ABSTRACTS FOR PAPER AND POSTER PRESENTATIONS

- 1. Text of abstracts must be 250 words or less.
- 2. Abstracts must by on white, good quality paper (8.5 x 11 in.). They must be single spaced throughout and have a margin of 1 inch all around.
- 3. Use a type size of 10cpi (12 -point) and the same font throughout: do not use bold. Italics should be used only for the scientific names of the organisms and other expressions that conventionally appear in italic type.
- 4. Do not justify the right-hand margin.
- 5. The address should contain the capitalized name(s) of the author(s), department, university or company, name of the city, name of the state (use two-letter abbreviation, e.g. KY, IN, OH.) and the zip code.
- 6. In multi-authored abstracts, the name of the presenter of the paper will be indicated by an asterisk.
- 7. Use standard, well-known abbreviation when the use of abbreviations is necessary.
- 8. When using abbreviations for chemical compounds, spell out the name in full at the first mention and follow with the abbreviation in parentheses; use the abbreviation thereafter. Do not abbreviate chemical compounds in the title of the abstracts.
- 9. Any special symbols not on your word processor must be carefully drawn in by hand with fine pen and black ink.
- 10. Scientific names of organisms should be in italics (not underlined). Spell out generic names the first time they are used; afterwards these names should be abbreviated to first letter (plus a period) when followed by a specific epithet unless confusion may result with another abbreviated generic name in the abstract.
- 11. In the upper right hand corner of the abstract, type in CAPITALS the name of the section in which your paper or poster is being presented.
- 12. The following is an example of a portion of a proper abstract.

Taxonomic status of the varieties of Seneca snakeroot, *Polygala senega* (Polygalaceae). AMY E. TRAUTH\* and ROBERT F.C. NACZI, Department of Biological Sciences, Northern Kentucky University, Highland Heights, KY 41099.

Seneca snakeroot, *Polygala senega* (Polygalaceae), is an uncommon plant ranging throughout most of eastern North America. Two varieties have been described for the species: variety *senega* and variety *latifolia*. The taxonomic...

13. The abstract must be sent with your Paper Submission Form to the Program Coordinator listed at the bottom of the form.

#### PUBLICATION OF ABSTRACTS IN THE JOURNAL

If you would like to submit your abstract for publication in the Journal, the guidelines are the same as above. Please send your abstract as an email attachment in Word to robert.barney@kysu.edu and mail a check for \$15.00 made payable to the Kentucky Academy of Science to cover publication costs (invoices will not be sent). Abstracts for publication must be received by the Abstract Editor by December 1.
