Research Interests

- Application of geospatial technologies in coastal management, urban and regional planning, and environmental assessment
- Development of methods for discovering, acquiring, and integrating distributed geospatial data to support regional-scale analyses
- Spatial narratives and deep maps
- Planning for resilience to natural hazards
- Spatial decision support tools for adaptive management
- Geospatial interoperability
- Technology to support place-based learning and coastal stewardship
- Climate adaptation for coastal communities

Education

Ph.D., Land Resources, University of Wisconsin-Madison, 2000

Dissertation: *Building a Horizontally and Vertically Integrated Coastal GIS Using Local Government Spatial Data: The Case of Coastal Erosion Hazards on the Lake Michigan Coast of Wisconsin*. Advisor: Stephen J. Ventura

Master of Urban and Regional Planning, University of New Orleans, 1986

Thesis: *Regional Planning Concepts for Stormwater Management in the Lake Pontchartrain (Louisiana) Watershed*. Advisor: Fritz Wagner

B.S. Natural Resources, University of Michigan, 1981

Professional Experience

Senior Scientist/Associate Scientist, University of Wisconsin Aquatic Sciences Center, University of Wisconsin-Madison, August 2002 to present

Serve as the Assistant Director for Extension for Wisconsin Sea Grant since November 2014. Conduct research and provide outreach that supports sustainable coastal development along the Great Lakes. Develop methods for discovery, acquisition, integration, and analysis of local geospatial data for use in decision-making about coastal management issues at a regional scale. Recent projects include supporting the NOAA Coastal Services Center on development of a map-based visualization tool for adaptive management of coastal hazards related to variable water levels on the Great Lakes, providing outreach to coastal communities to better understand and plan for climate adaptation, building “geotools” that demonstrate the value of a spatial narrative to promote stewardship of important coastal ecosystems, and supporting the NOAA Digital Coast Partnership on development of a Great Lakes Coastal Resilience Planning Guide.

Senior Outreach Specialist, Land Information and Computer Graphics Facility, University of Wisconsin-Madison, December 1998 to August 2002

Conducted research and provided technical assistance and outreach to Wisconsin local government officials for the development of geographic information system applications for Great Lakes coastal management. Served as the Coastal Geographic Information Systems Specialist for the University of Wisconsin Sea Grant Institute.

Research Assistant, Land Information and Computer Graphics Facility, University of Wisconsin-Madison, January 1993 to November 1998

Applied geospatial technologies for sustainable management of the Great Lakes with support from the University of Wisconsin Sea Grant Institute. Utilized GIS to support urban nonpoint source pollution modeling as part of the Lake Superior Binational Program - Urban Stormwater Project. Developed a GIS for a stormwater utility in Marquette, Michigan. Developed educational materials for metadata implementation. Coordinated a national metadata satellite videoconference for the National States Geographic Information Council.

Senior City Planner/City Planner, City Planning Commission, New Orleans, Louisiana, February 1987 to January 1993

Managed a \$4 million multipurpose land information system for the City of New Orleans funded, in part, by the National Geodetic Survey. Conducted neighborhood land use and zoning studies. Reviewed ordinances that impact the tenure of city-owned properties.

Coastal Zone Planner, Department of Planning and Zoning, St. Charles Parish, Louisiana, December 1986 to February 1988

Consulted on the coastal zone management plan for St. Charles Parish.

Planner, Burk & Associates, Inc., New Orleans, Louisiana, September 1985 to October 1986

Worked on a variety of planning projects, including a comprehensive lakefront development plan for Kenner, Louisiana.

Teaching Experience

Department of Urban and Regional Planning, University of Wisconsin-Madison

- URPL 590 – Planning for Resilience to Natural Hazards (co-taught with Asli Göçmen) – Spring 2016 – 17 students (https://dpla.wisc.edu/sites/dpla.wisc.edu/files/inline-files/GocmenHart_urpl-590-resilience-spring2016-syllabus.pdf)
- URPL 590 – Contemporary Topics in Urban and Regional Planning: Mapping Mashups (co-taught with A.J. Wortley)– Spring 2009 – 11 students (<http://maps.aqua.wisc.edu/urpl590-spring09/mashups/index.htm>)
- URPL 590 – Contemporary Topics in Urban and Regional Planning: Planning Support Systems Spring 2009 – 8 students (<http://maps.aqua.wisc.edu/urpl590-spring09/pss/index.htm>)
- URPL 969 – Applied GIS Workshop: Land Use Inventory and Analysis – Spring 2007 – 10 students (<http://coastal.lic.wisc.edu/urpl969-spring07/>)
- URPL 969 – Applied GIS Workshop: Rethinking New Orleans After Hurricane Katrina – Spring 2006 – 17 students (<http://coastal.lic.wisc.edu/urpl969-katrina/>)
- URPL 969 - Applications of GIS in Urban and Regional Planning – Spring 2005 – 19 students (<http://coastal.lic.wisc.edu/urpl969-spring05/>)

Stone Laboratory, Ohio State University

- ENR 690 – Teaching with Google Earth and Google Ocean (co-taught with Rosanne Fortner) – Summer 2010 — 8 students (<http://greatlakemashups.net/stonelab2010/>)
- ENR 690 – Great Lakes Curriculum Development and Evaluation (co-taught with Rosanne Fortner) – Summer 2008 — 5 students

Professional Affiliations

- American Planning Association
- Wisconsin Land Information Association

Professional Certifications

- American Institute of Certified Planners, Certified Planner No. 6269, July 1988
- Environmental Systems Research Institute (ESRI), Certified Instructor for Introduction to ArcView, May 1998

Academic and Professional Honors

- Outstanding Programming Award, Great Lakes Sea Grant Network, 2015 (as part of team for the St. Louis River Estuary Stories and Science project)
- Early Career Award, Great Lakes Sea Grant Network, 2007
- Distinguished Service Award, Wisconsin Land Information Association, 2007
- Excellence in Coastal and Marine Graduate Study, 1999 Walter B. Jones Memorial and NOAA Excellence Awards for Coastal and Ocean Management
- Certificate of Commendation, Wisconsin Coastal Management Program, January 1999
- Best Map, Project Showcase, URISA '94 Conference, Milwaukee, Wisconsin
- Honorable Mention, Horwood Critique, URISA '94 Conference, Milwaukee, Wisconsin
- Outstanding Planning Student Award, American Institute of Certified Planners, School of Urban and Regional Studies, University of New Orleans, 1985
