

**CERTIFICATION AND PETITION FOR THE  
FIRST-TIME FILER EXPEDITED EXAMINATION PILOT PROGRAM**

(Page 1 of 1)

First-Named Inventor:		Nonprovisional Application Number (if known):	
-----------------------	--	---	--

Title of Invention:			
---------------------	--	--	--

**APPLICANT HEREBY CERTIFIES THE FOLLOWING AND PETITIONS TO PARTICIPATE IN THE FIRST-TIME FILER EXPEDITED EXAMINATION PILOT PROGRAM FOR THE ABOVE-IDENTIFIED APPLICATION.**

1. The inventor or, where there are joint inventors, each joint inventor has not been named as the sole inventor or a joint inventor on any other nonprovisional application.
2. The applicant and the inventor or, where there are joint inventors, the applicant and each joint inventor qualify for micro entity status under the gross income basis requirement. Form PTO/SB/15A is or was filed to establish micro entity status.
3. The inventor or, where there are joint inventors, each joint inventor named on the application is reasonably trained on the basics of the USPTO's patent application process. For applicants who are unsure whether they meet this requirement, exemplary patent application training resources that could be used to meet this requirement are available at <https://www.uspto.gov/FirstTimePatentFiler>.
4. The application (1) is an original, noncontinuing, nonprovisional utility application filed under 35 U.S.C. 111(a); (2) does not claim the benefit of the filing date of any prior-filed nonprovisional application or international application designating the United States; (3) does not claim a right of foreign priority under 35 U.S.C. 119(a)-(d) or (f) to any foreign application; and (4) is not entering the national stage under the Patent Cooperation Treaty (PCT) as set forth in 35 U.S.C. 371.
5. Special status has not been previously granted in this application.
6. This petition is being filed using Patent Center before a first Office action (including an action containing only a restriction requirement) has issued in the application.
7. The application is being or was filed using Patent Center.
8. The application is complete under 37 CFR 1.51. That is, the application includes a specification, drawing(s) if necessary, at least one claim, an oath or declaration, and payment of all appropriate fees (that is, basic filing, search, and examination fees, and an application size fee if required).
9. The specification, claim(s) and abstract of the application on filing are being or were submitted in DOCX format.
10. The applicant agrees that the application may not contain, or be amended to contain, more than three independent claims, more than twenty total claims, or any multiple dependent claims.
11. The applicant agrees that if any joint inventor is added to the application after a petition has been granted under this program, the applicant must certify (for example, on a separate letter) that the added joint inventor(s) meet(s) the criteria in items (1) - (3) above.

Signature	Date
-----------	------

Name (Printed/Typed)	Practitioner Registration Number (if applicable)
----------------------	--

**Note:** This form must be signed in accordance with 37 CFR 1.33(b). See 37 CFR 1.4(d) for signature requirements and certifications. If this application is being (or was) filed by joint inventor-applicants, either a single copy of this form must be signed by a patent practitioner or each joint inventor-applicant must sign a separate copy of the form. Submit multiple forms if more than one signature is required.\*

\*Total of \_\_\_\_\_ SB/464 forms being submitted.

## Privacy Act Statement

The Privacy Act of 1974 (P.L. 93-579) requires that you be given certain information in connection with your submission of the attached form related to a patent application or patent. The United States Patent and Trademark Office (USPTO) collects the information in this record under authority of 35 U.S.C. 2. The USPTO's system of records is used to manage all applicant and owner information including name, citizenship, residence, post office address, and other information with respect to inventors and their legal representatives pertaining to the applicant's/owner's activities in connection with the invention for which a patent is sought or has been granted. The applicable Privacy Act System of Records Notice for the information collected in this form is COMMERCE/PAT-TM-7 Patent Application Files, available in the Federal Register at 78 FR 19243 (March 29, 2013), <https://www.govinfo.gov/content/pkg/FR-2013-03-29/pdf/2013-07341.pdf>.

Routine uses of the information in this record may include disclosure to: 1) law enforcement, in the event that the system of records indicates a violation or potential violation of law; 2) a federal, state, local, or international agency, in response to its request; 3) a contractor of the USPTO having need for the information in order to perform a contract; 4) the Department of Justice for determination of whether the Freedom of Information Act (FOIA) requires disclosure of the record; 5) a Member of Congress submitting a request involving an individual to whom the record pertains, when the individual has requested the Member's assistance with respect to the subject matter of the record; 6) a court, magistrate, or administrative tribunal, in the course of presenting evidence, including disclosures to opposing counsel in the course of settlement negotiations; 7) the Administrator, General Services Administration (GSA), or their designee, during an inspection of records conducted by GSA under authority of 44 U.S.C. 2904 and 2906, in accordance with the GSA regulations and any other relevant (i.e., GSA or Commerce) directive, where such disclosure shall not be used to make determinations about individuals; 8) another federal agency for purposes of National Security review (35 U.S.C. 181) and for review pursuant to the Atomic Energy Act (42 U.S.C. 218(c)); 9) the Office of Personnel Management (OPM) for personnel research purposes; and 10) the Office of Management and Budget (OMB) for legislative coordination and clearance.

If you do not furnish the information requested on this form, the USPTO may not be able to process and/or examine your submission, which may result in termination of proceedings, abandonment of the application, and/or expiration of the patent.
