CALIFORNIA, South Central

CAZ093	S Sierra Foothills	04 1500PST 05 1700PST			0	0			Wildfire
	The Auberry Fire 9 miles north of Clovis in the Fresno County portion of the Southern Sierra Foothills was of unknown origin and burned approximately 400 acres before being contained. There were no injuries nor were there any structures lost. The cost to battle the fire was \$500K.								
CAZ099	Se Kern Cty Desert	14 2230PST 2359PST			0	0	0.50K		Strong Wind (EG50)
	"Howling wind" late in the evening of the 14th just in the vicinity of California City in the Mojave Desert. Some areas of blowing dust making driving difficult due to restricted visibility as well as difficulty in handling vehicles because of the crosswind. The gusty wind appeared to be localized and emanating from the Tehachapi Pass.								
CAZ089>092-098>099	W Central Sj Valley - E Central Sj Valley - Sw Sj Valley - Se Sj Valley - Indian Wells Vly - Se Kern Cty Desert	22 1400PST 30 2000PST			1	0			Heat
	An extended warm spell developed over Interior Central California for the period from 22nd through the end of the month. The 24th and 25th were especially warm with maximum temperatures in the Central and South San Joaquin Valley at or above 105F for much of the area. In the Kern Deserts China Lake/Ridgecrest reached 111F and 110F on the 24th and 25th, respectively. F64PH								
Mariposa County 14.2 ENE Yosemite Vlg	26	1445PST 1500PST			0	0	1K		Thunderstorm Wind (MG35)
Mariposa County 7 N Yosemite Lodge	27	1658PST 1730PST			0	0			Hail(0.88)
	Thunderstorm activity during the afternoon hours erupted along the Southern Sierra Nevada and Tulare County Mountain crest on the 26th. A strong thunderstorm with hail developed over the northern portion of Yosemite National Park southeast of Hetch Hetchy Reservoir and north of Yosemite Valley late in the afternoon of the 27th.								
CAZ095-098	Kern Cty Mtns - Indian Wells Vly	27 1219PST 30 2359PST			0	0			Wildfire
Kern County 8.8 NW Inyokern	28	1800PST 1900PST			0	0			Lightning
	The Round Mountain Blaze approximately 14 miles southwest of Ridgecrest was a lightning initiated fire in the afternoon on the 28th and burned 30 acres before containment. The Smith Fire 6 miles southeast of Onyx, east of Lake Isabella in the Kern County Mountains, was lightning initiated on the 27th. Further information is available in the July Stormdata Report. Another lightning-initiated fire occurred in Grapevine Canyon northwest of Inyokern the evening of the 28th that only burned a small area before being extinguished.
