Munu Gandhi
President, IT Solutions

Munu Gandhi was named President of IT Solutions effective November 2024. In this role he is responsible for setting the strategic direction for the business unit and executing delivery of world-class solutions for Xerox clients.

Munu joined Xerox through the acquisition of ITsavvy, where he was the CEO. During his four years of leadership at ITsavvy, Munu led the organization through a strategic transformation that enabled the firm to double in size through the development of integrated infrastructure solutions that delivered client business outcomes.

With nearly 30 years of global leadership, Munu has expertise in technology, client service, sales, operations, and development of human capital. Previously, he has held global leadership roles at Aon, Xerox, GE, and McDonald's, and started his career at Accenture.

Munu is a frequent speaker at industry and analyst events, discussing the evolution to the experience economy, digital transformation through intelligent automation, and organizational & cultural transformation. He has served as an advisor to venture capitalists and founders, and has served as a board member for non-profit and for-profit entities.

He holds a Master of Business Administration degree in Strategy and Finance from Northwestern University and a Bachelor of Science degree in Electrical Engineering from the University of Illinois, Urbana-Champaign.
