

# Xerox At a Glance

AT A GLANCE

We continually redefine the workplace experience. Harnessing our leadership position in office and production print technology, we've expanded into software and services to power today's workforce.

From the office to industrial environments, our differentiated business solutions and financial services are designed to make everyday work better for clients — no matter where that work is being done.

Today, we are continuing our legacy of innovation with disruptive technologies, spanning augmented reality to automation and 3D printing.
