

October 28-30, 2024 | University of Wyoming

Micro2Macro

Change, Uncertainty, Origins of Climate

Developing new observational and modeling frameworks to reduce microphysical uncertainty in predictions of macrophysical climate: From chemistry, cloud droplets, and crystals to climate

Scientific Organizing Committee

Daniel McCoy (co-chair), U. Wyoming

Rob Wood (co-chair), U. Washington

Susannah Burrows, PNNL

Ann Fridlind, NASA GISS

Adele Igel, UC Davis

Coty Jen, Carnegie Mellon U.

Leighton Regayre, U. Leeds

Masa Saito, U. Wyoming

Duncan Watson-Parris, UCSD
