**APPENDIX A: ILLUSTRATION OF BY-LAW DEFINITIONS**

(Note: Appendices are for informational purposes only, and do not form part of the Zoning By-law)

# **SECTION 1 – INTRODUCTION & TITLE**

## **1.1 Introductory Statement**

This document is the Township of Huron-Kinloss Comprehensive Zoning By-law (By-law 2018-98), as amended. The By-law replaces all previous Zoning By-laws in the jurisdiction.

### **1.1.1 Purpose of a Zoning By-Law**

A Comprehensive Zoning By-law is a precise document used by the Township of Huron-Kinloss (the Township) to regulate the use of land. It states which land uses are currently permitted in the Township and provides other detailed information.

The Township's Zoning By-law implements the objectives and policies of the County of Bruce Official Plan and Township of Huron-Kinloss Official Plan. The Zoning By-law acts as a legal tool under Ontario's *Planning Act* for managing the use of land and future development in the Township. Zoning By-laws also protect property owners from the development of conflicting land uses. Any use of land or the construction or use of any building or structure not specifically authorized by this By-law is prohibited.

## **1.2 Title**

This By-law shall be known as the "ZONING BY-LAW" of the Corporation of the Township of Huron-Kinloss.

# SECTION 2 – ADMINISTRATION & ZONES

---

## 2.1 Application

The provisions of this By-law shall apply to all lands within the limits of the zone boundaries shown on the Zoning Schedules attached as Schedule “A” hereto. Within said areas, no person shall erect, alter, enlarge or use any building or structure in whole or in part, nor use any land in whole or in part, except in accordance with the provisions of this By-law.

## 2.2 Effective Date

This By-law shall come into effect as of the date of the final passing thereof by the Council of the Corporation of the Township of Huron-Kinloss subject to compliance with the provisions of the *Planning Act*, R.S.O. 1990 and amendments thereto.

## 2.3 Validity

If any provision of this By-law including anything shown on the Zoning Schedules attached as Schedule “A” hereto, is for any reason held to be invalid, it is hereby declared to be the intention that all the remaining provisions of the said By-law shall remain in full force and effect until repealed, notwithstanding that one or more provisions shall have been declared to be invalid.

## 2.4 Contravention & Penalties

Every person who contravenes any of the provisions of this By-law is guilty of an offense and on conviction is liable:

- a) On a first conviction to a fine of not more than \$25,000.00; and
- b) On a subsequent conviction to a fine of not more than \$10,000.00 for each day or part thereof which the contravention has continued after the day on which the person was first convicted.

Where a corporation is convicted, the maximum penalty that may be imposed is:

- a) On a first conviction a fine of not more than \$50,000.00; and

- b) On a subsequent conviction a fine of not more than \$25,000.00 for each day or part thereof upon which the contravention has continued after the date on which the corporation was first convicted.

Penalties imposed by conviction under this Section shall be recoverable under the *Provincial Offenses Act*.

## **2.5 Licenses and Permits**

No person is entitled to a permit, certificate or license for a proposed use of land or a proposed alteration, erection, enlargement or use of any building that is in violation of any provisions of this By-law.

## **2.6 Compliance with Other Legislation and Other By-laws**

Nothing in this By-law shall serve to relieve any person from the obligation to comply with the requirements of the *Ontario Building Code Act*, or any other legislation; the Building By-law; and any other by-law of the Corporation in force from time to time or from the obligation to obtain any license, permit, authority or approval required by the Corporation or any other public agency or government body.

## **2.7 Certificate of Occupancy**

No change may be made in the type of use of any land covered by this By-law or change in the type of use of any building located on any such land without a Certificate of Occupancy being issued by the Township's Chief Building Official to the effect that the proposed use is not contrary to this By-law. Notwithstanding the above, no Certificate of Occupancy shall be required for a farm residence, single detached dwelling, duplex dwelling, or a semi-detached dwelling or uses accessory thereto.

## **2.8 Person Designated To Administer By-Law**

This By-law is passed pursuant to Section 34 of the *Planning Act*, R.S.O., 1990, as amended and shall be administered and enforced by such person or persons as shall be appointed from time to time as the Zoning Administrator, which may include the Chief Building Official.

## **2.9 Zones and Zoning Maps**

For the purpose of this By-law, the maps attached hereto as Schedule "A" shall be referred to as the Zoning Maps for the Township and are hereby declared to form part of this By-law. The following Zones are hereby established as illustrated on the maps

attached hereto as Schedule "A", such Zones may be referred to by the appropriate symbol:

<b>ZONES</b>	<b>SYMBOLS</b>
General Agriculture	AG1
Agricultural Industrial/Commercial	AG2
Agricultural Residential	AG3
Agricultural Rural	AG4
Environmental Protection	EP
Open Space	OS
Residential One	R1
Residential Two	R2

General Commercial	GC
Highway Commercial	HC
Hamlet Mixed-Use	HMU
Resort/Recreational Commercial	RRC
Institutional	I
Light Industrial	M1
General Industrial	M2
Extractive Resource	ER
Future Development	FD

## **2.10 Interpretation of Zone Boundaries**

Where any uncertainty exists as to the location of the boundary of any zone as shown on the Zoning Schedules, the following provisions shall apply:

1. Where any Zone boundary is indicated as following a highway, street, lane, railway right-of-way, or watercourse, the boundary shall be deemed to be the centerline of the highway, street, lane, railway right-of-way or watercourse.
2. Where any zone boundary is indicated as approximately following lot lines as existing as of the date of the passing of this By-law, the zone boundary shall be deemed to follow such lot lines.

3. Where any zone boundary is indicated as approximately parallel to an adjacent street and the distance from the street is not indicated, the zone boundary shall be deemed to being parallel to the street line, and the distance from the street shall be determined by the scale shown on the Zoning Schedules.
4. Where any zone boundary is indicated as approximately following a shoreline, the boundary shall be deemed to be the shoreline and, in the event that the shoreline changes, the zone boundary shall be deemed to have moved with the new shoreline limit.
5. Where any zone boundary is left uncertain after application of the provisions of subsections 1-4 above, then the boundary shall be determined by the use of the scale shown on the Zoning Schedules.
6. The Environmental Protection Zone identified on Schedule "A" to this By-law is intended to identify general boundaries of existing or potential natural hazards. The Environmental Protection Zone boundaries can be interpreted more precisely by the appropriate Conservation Authority and the Chief Building Official at the time of application for a change of land use, subdivision of land and application for a building permit without an amendment to this by-law.
7. Where it is determined by the applicable Conservation Authority and Bruce County that an Environmental Protection Zone consists solely of a woodland, development may be permitted subject to a site-specific Zoning By-law Amendment and completion of an Environmental Impact Statement demonstrating that development is appropriate.
8. Wherever it occurs, the municipal limit of the Corporation is deemed to be the boundary of the zone extending to it.

In the event that a street, lane, private road, or road allowance, shown on the zone maps, is closed the lands formerly in said street, lane, private road or road allowance shall be included within the zone of the adjoining property on either side of said closed street, lane, private road, or road allowance unless:

- a) The said street, lane, private road, or road allowance was a zone boundary between two or more different zones, in which case the new zone boundary shall be the former centreline of the closed street, lane, private road, or road allowance; or
- b) The land formerly included in such street, lane, private road, or road allowance is purchased in its entirety by an abutting landowner, in which case the land shall be included in the same zone as that of the abutting landowner purchasing said land.

## 2.11 Special Provisions

Within any zone, special provisions may apply to specific parcels of land in the manner and to the extent as set out in the Special Provisions section of the By-law. Reference to such special provisions shall be shown on the Zoning Schedules by the use of the symbol of the corresponding zone followed by a dash and number. Such number shall correspond to the subsection number found in the special provisions of the corresponding zone. Unless otherwise provided, all other provisions of that zone and this By-law shall apply to the land.

## 2.12 Holding Zones

Where the Zone symbol applying to certain lands as shown on Schedule "A" is followed by the letter "H" in parentheses (i.e. R1 (H)) the lands have been placed in a "Holding Zone" pursuant to Section 36 of the *Planning Act*, as amended. The Holding Symbol "H" shall be removed at such time in the future when plans to develop the lands have been submitted and approved by the Corporation or such other conditions as deemed appropriate by the Corporation have been met in accordance with Section 6.6 of the Bruce County Official Plan and Section 5.5 of the Huron-Kinloss Official Plan. When the Holding Symbol has been removed, the lands shall be developed according to the requirements of the Zone used in conjunction with the Holding Symbol.

Notwithstanding the above, non-structural uses, existing uses, and accessory uses thereof, shall be permitted as interim uses on lands in a "Holding Zone", until the Holding Symbol "H" is removed and any applicable conditions met.

**H1** Notwithstanding their underlying zoning designation, on those lands identified as being subject to the "H1" Holding zone, lot grading; excavation; and/or construction shall not be permitted unless the Holding (H1) zone provision is removed. The area of the H1 zone that may be lifted shall be limited to the area included in the assessment and may only be removed by Council upon:

- 1) Approval by the Zoning Administrator of an Archaeological Assessment which has been:
  - a. Conducted by an archaeologist licensed in the Province of Ontario; and
  - b. Confirmed by the appropriate Ministry to have been accepted into the Ontario Public Register of Archaeological Reports and,
- 2) Confirmation to the satisfaction of the Zoning Administrator that the recommendations of the archaeological report (if any) have been implemented.

## 2.13 Floodfringe (f) Regulated Area

Where the suffix (f) follows the land use zone symbol, this is notice that the property is within the floodfringe and any development or site alteration will require the issuance of a development permit from the Maitland Valley Conservation Authority.

## **2.14 Dynamic Beach (db) Allowance (30m)**

Where the suffix (db) follows the land use zone symbol, this is notice that the property is subject to a minimum setback from the '100 year floodline' of 30 metres. This regulated area of the Saugeen Valley Conservation Authority extends 45 metres from the '100 year floodline' and was established through the *Huron-Kinloss Dynamic Beach Study – Phase II (April 2008) & Phase III (August 2010) prepared for the Township of Huron-Kinloss by W.F. Baird & Associates Coastal Engineers Ltd.*

In accordance with the recommendations of the Baird & Associates studies, the elevation of the minimum building opening to habitable space should not be lower than the following:

- a) 181.5 m GSC (Geodetic Survey of Canada) for opening located less than or equal to 30 m from the 100-year flood level;
- b) 179.5 m GSC for openings located 45 m from the 100-year flood level; or
- c) Linearly interpolated between 181.5 m GSC and 179.5 m GSC for openings located between 30 m and 45 m respectively from the 100-year flood level.

Site alteration to accommodate residential development will only be permitted with the approval of the Township and Conservation Authority, and will be subject to setback and minimum elevation requirements.

## **2.15 Technical Revisions to the Zoning By-law**

Technical revisions may be made to this By-law from time to time without further public notice or Council approval. Technical revisions include:

- a) Correction of numbering, cross-referencing, grammar, punctuation or typographical errors or revisions to format in a manner that does not change the intent of a regulation; or
- b) Adding or revising technical information on maps or schedules that does not affect the zoning of lands.

## **2.16 Transition: Minor Variances**

All applications approved by the Township of Huron-Kinloss Committee of Adjustment under Section 45 of the *Planning Act* prior to the date this by-law was passed remain effective for a further 24-month period provided all the conditions of the approval are met.

Any minor variance applications approved under the previous Zoning By-law remain in effect where conditions of the approval remain met.

## SECTION 3 – DEFINITIONS

---

In this By-law, unless to the contrary intention appears, words importing the singular number or the masculine gender only, shall include more persons, parties or things of the same kind than one, and females as well as males, and the converse.

In this By-law, the word “shall” is to be construed as being always mandatory and not directory.

### A

“**Abattoir**”, shall mean a building or structure specifically designed to accommodate the penning and slaughtering of livestock and the preliminary processing of animal carcasses and may include the packing, treating, storing and sale of the product on the premises.

“**Accessory**”, shall mean a use, building or structure located on the same lot, detached from the main building, which is subordinate and incidental to the main use and is not used for human habitation unless specifically permitted in this By-law. Such uses shall include, but are not limited to, a private garage, a greenhouse, a pool, a satellite dish, or a storage building.

“**Aggregate Processing Facility**”, means a facility used to process, crush, screen, wash, store/stockpile, and/or sort aggregate resources, and includes an asphalt batching plant, a concrete batching plant, a cement manufacturing plant, a brick and tile manufacturing plant, an aggregate transfer station, and stockpiling/blending of recycled aggregate resources.

“**Agriculture**”, shall mean the use of land, buildings, and structures for the growing of crops, including nursery, biomass, and horticultural crops; raising of livestock; raising of other animals for food, fur or fibre, including poultry and fish; aquaculture; apiaries; agro-forestry; maple syrup production; and associated on-farm buildings and structures, including, but not limited to livestock facilities, manure storages, and value-retaining facilities. Agriculture does not include a kennel.

“**Agricultural Service Establishment**”, shall mean the buying or selling of commodities and services that support agricultural uses and shall include the sales and service of welding and machinery repair, farm drainage and excavation, well drilling, custom spraying, tillage, planting, harvesting and grading services.

“**Agricultural-Related Business**”, shall mean the supply of goods, materials or services that support agricultural uses including, but not limited to, the sale, storage, mixing, distribution or cleaning of seed, feed, fertilizer and chemical products, grain drying,

custom spraying, large-animal veterinary clinic, and the rental, sales, repair or service of agricultural equipment or implements.

**“Agriculturally Related Retail Store”**, shall mean the sale of farm raised or grown food products from the local area to a consumer, as well as the sale of accessory items.

**“Arena”**, shall mean a place where facilities are provided for athletics, artistic, circus, performance, entertainment, and recreational activities or events.

**“Asphalt Batching Plant”**, shall mean a facility with equipment designed to heat and dry aggregate and to mix aggregate with bituminous asphalt to produce asphalt paving material and includes stockpiling and storage of bulk materials used in the process.

**“Assembly Hall”**, shall mean a building used for the assembly of persons for religious, social, charitable, political, philanthropic, cultural, private recreational or private educational purposes.

**“Associated Community Facilities”** shall mean those facilities normally associated with lifestyle communities, which may include (but not be limited to) a community centre.

**“Automobile Body/Repair Shop”** shall mean a building or other structure where motor vehicle(s) may be subject to major repairs, parts or systems replacement, body work or painting. An automobile body/repair shop does not include an automobile sales establishment, an automobile service/gas station, an automobile washing establishment, or a salvage yard.

**“Automobile Sales Establishment”**, shall mean a building and/or lot used for the display and sale/lease of new and used motor vehicles, motorized recreational vehicles, travel trailers, motorcycles, light construction and lawn care equipment, and may include the servicing, repair, cleaning, polishing, and lubrication of motor vehicles, the sale of automotive accessories and related products, and the leasing or renting of passenger motor vehicles.

**“Automobile Service/Gas Station”** shall mean a building or place where service, maintenance or mechanical repair essential to the operation of a motor vehicle is provided and/or gasoline pumps for the sale of gasoline are provided. These primary uses may include the sale of motor vehicle products or convenience products, together with the necessary pump islands, light standards, kiosk, concrete aprons, canopy, storage tanks, automobile washing establishment, and related facilities required for the dispensing of gasoline. An automobile service/gas station does not include an automobile body/repair shop.

**“Automobile Washing Establishment”** shall mean a building or place for the washing, cleaning or drying of motor vehicles by automatic, manual or self-serve washing equipment.

**“Automotive Wrecking Establishment”**, shall mean a place in which is kept, placed, left or found permanently or temporarily two or more unlicensed motor vehicles which are in a wrecked, partially wrecked, dismantled, disassembled or partially disassembled condition or which are otherwise inoperative.

## **B**

**“Banquet Hall”**, shall mean a building or part thereof, used for gathering together groups of persons for specific functions including the consumption of food and drink. Full kitchen facilities shall be provided on the premises.

**“Basement”**, shall mean that portion of a building which is partly below grade level and which has at least one-half of its height from floor to ceiling above grade.

**“Bed and Breakfast Establishment”**, shall mean a building or part of a building within a single detached dwelling that is converted to provide living accommodations for transient persons, but shall not include a hotel, lodging house, group home, hospital or any residential care facility licensed, approved or supervised under any general or specific Act.

**“Building”**, shall mean any structure consisting of walls and a roof which is used or intended to be used for the shelter, accommodation or enclosure of persons, animals, goods or materials and includes any structure defined as a building in the *Ontario Building Code Act*, but shall not include a wall, fence or sign.

**“Building By-Law”**, shall mean a by-law passed pursuant to the *Ontario Building Code Act* as amended.

**“Building Floor Area”** shall mean the aggregate horizontal floor area measured from the exterior walls of all floors of a building excluding any floor area located totally below the grade of the building’s ground floor level.

**“Building Height”**, shall mean the vertical distance between the average grade at the front of the building, and;

- a) in the case of a flat roof, the highest point of the roof surface or parapet wall, whichever is greater;
- b) in the case of a mansard roof, the deck roof line;
- c) in the case of a gabled, hip, gambrel or one-slope roof, the average level between eaves and ridge, except that a one-slope roof having a slope of less than 20 degrees from the horizontal shall be considered a flat roof for the purposes of this By-law.

In calculating the building height, any ornamental dome, chimney, tower, cupola, steeple, spire, water storage tank, antenna, electrical or mechanical equipment or other similar feature or apparatus, is not to be included.

**“Business or Professional Office,”** shall mean a place in which business is conducted or a profession is practiced, including associated clerical, administrative, consulting, advisory and/or training services, but does not include medical offices or veterinary services.

## **C**

**“Cabin and Cottage,”** shall mean dwellings designed and built for seasonal or periodic recreational uses rather than for permanent year round residential use.

**“Campground,”** shall mean a lot used for the parking and use of motor homes, travel trailers, tent-trailers, tents or similar transportable accommodation together with all yards and open space defined in this By-law and may include a swimming pool, convenience store, laundromat, miniature golf course, playground, athletic fields, tennis or badminton courts and administrative building for the campground. The use of the mobile home(s), park model trailer(s), or other transportable accommodation of a permanent year-round basis shall not be permitted. Off-season storage of travel trailers, tent trailers, motor homes or similar transportable accommodations shall be permitted.

**“Cannabis Production and Processing Facility,”** shall mean lands, buildings or structures used for producing, processing, testing, destroying, packaging and/or shipping of cannabis authorized by an issued license or registration by the Federal Minister of Health, pursuant to the Access to Cannabis for Medical Purposes Regulations, SOR/2016-230, to the Controlled Drugs and Substances Act, SC 1996, c 19, as amended from time to time, or any successors thereto.

**“Carport,”** shall mean a covered structure attached to the wall of the main building and used for the storage of a motor vehicle. The roof of said structure shall be supported only by piers or columns so that 50 percent of its wall area adjacent to the lot line is unenclosed.

**“Catering Establishment,”** shall mean a building or part of a building used for the preparation of food or beverages for consumption off the property and are not served to customers on the property or for take-out.

**“Cellar,”** shall mean that portion of a building which is partially or completely underground and which has more than one-half of its height from floor to finished ceiling below finished grade.

“**Cemetery**”, shall mean a cemetery or crematorium within the meaning of the *Cemeteries Act*, as amended, and shall include a mausoleum and caretaker building as well as storage of related equipment.

“**Centreline**”, shall mean the centerline of a right-of-way, lane, street or highway.

“**Chief Building Official**”, shall mean the officer or employee of the Corporation having the statutory duty of enforcing the provisions of the Building By-law of the Corporation and the *Ontario Building Code Act*.

#### **4.18 Minimum Distance Separation (MDS) II – New or Expanding Livestock Facilities**

Notwithstanding any other yard or setback provision of this By-law to the contrary, no livestock facility shall be erected or expanded unless it complies with the Province of Ontario's Minimum Distance Separation (MDS II) Formulae, as amended.

#### **4.19 Non-Complying Uses (By-Law No 2019-123)**

Where a building or structure was lawfully used and is permitted by the provisions of the zone in which such building or structure is located but does not meet the zone provisions with respect to lot area, yards, setbacks, lot frontage, parking or any other provisions of this By-law applicable to that zone, the said building or structure shall be deemed to comply with the By-law and may be enlarged, extended, reconstructed, repaired or renovated provided that the enlargement, extension, reconstruction, repair or renovation does not further reduce the compliance of that building or structure with the provision(s) of the By-law to which it does not comply, and all other applicable provisions of this By-law are complied with. For greater clarity, where a building or structure does not comply with required yard or setback, no additional gross floor area may be constructed within the required yard or setback.

In the case of a rezoning or severance, permitted and legally established existing buildings or structures or driveways shall be deemed to comply with any applicable zone provisions, except parking and loading requirements, resulting from such rezoning or severance.

#### **4.20 Non-Conforming Uses**

- .1 The provisions of this By-law shall not apply to prevent the use of and land, buildings or structures for any purpose prohibited by this By-law if such land, building or structure was lawfully used for such purpose on the date of passing of this By-law, and provided that it continues to be used for that purpose and all other applicable provisions of this By-law are complied with.

- .2 The provisions of this By-law shall not apply to prevent the erection or use for a purpose prohibited by this By-law of any building or structure, for which a building permit has been issued by the Chief Building Official prior to the date of passing of this By-law, so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and provided that the permit has not been revoked under the *Ontario Building Code Act*.
- .3 Nothing in this By-law shall prevent the strengthening to a safe condition, the repair or renovation of any legal non-conforming building or structure or part of any building or structure which use does not conform with the provisions of this By-law so long as such repair or renovation does not increase the height, size or volume or change the use of such building.

#### **4.21 Number of Dwellings Per Lot**

Unless otherwise provided for in this By-law, in any zone where a single detached dwelling, semi-detached dwelling or duplex dwelling is permitted, not more than one such building or structure or dwelling shall be permitted on a lot.

#### **4.22 Outdoor Storage Regulations**

- .1 Where outdoor storage is permitted by this By-law, such outdoor storage shall not be located within required front or exterior side yards, unless it is for the temporary display of goods for sale. This regulation does not apply to properties zoned AG1 or AG4, provided the outdoor storage is located outside the required front yard or exterior side yard.
- .2 The minimum setback from any lot line for outdoor storage shall be not less than the required minimum interior side or rear yard regulation of the zone in which the outdoor storage is located.
- .3 If the outdoor storage is located in an industrial zone, the minimum setback of any outdoor storage shall be 3 metres from the interior side or rear lot line, where such interior side or rear lot line abuts an industrial zone.
- .4 In the case where an outdoor storage area abuts a residential zone, a solid fence having a minimum height of 1.82 metres shall be required to be provided along the entire property line abutting such residential zone.

#### **4.23 Permitted Uses in All Zones**

Notwithstanding anything else in this By-law, the Corporation or any of its local boards as defined in the *Municipal Act*, the County, any communication, transportation or transmission system owned or operated by or for the Township or County and any

agency of the Federal or Provincial Government and any hydro-electric company, may, for the purposes of the public service, use any land or erect or use any building in any zone subject to the use or building being in compliance with the most restrictive regulations of the zone in which it is located and subject to there being no outdoor storage of goods, materials or equipment in any yard abutting a residential zone. Any buildings erected or used in a residential zone under the provisions of this Section shall be designed so as not to intrude into the residential character of the area.

#### **4.24 Planting Areas**

Where a planting area is required by this By-law the following shall apply:

- a) A planting area shall consist of a dense screen of shrubs or evergreen trees, a minimum 1 metres high when planted and of a species that will attain a minimum height of 3 metres at maturity as well as providing a year round visual barrier. The remainder of the ground surface shall be planted with any combination of shrubs, flower beds or grass.
- b) Where interrupted by walkways or driveways, a planting area need not be provided closer than 1.5 metres to a walkway or 3 metres to a driveway.
- c) A planting area shall have a minimum width of 3 metres.

#### **4.25 Setbacks – Provincial and County Roads and Railways**

.1 Notwithstanding any other provision of this By-law, the following regulations shall apply to setbacks from Provincial and County Roads, railways and utility corridors:

Except as provided for below, within settlement and Lakeshore areas, no building shall be erected within 33 metres from the centerline of any Provincial or County Road;

- a) Between two dwellings on the same side of the road, separated by not more than 100 metres, the minimum setback shall be the average of the setbacks of the two adjacent dwellings plus 2 metres, or 33 metres from the centerline of the Provincial or County Road, whichever is lesser.
- b) Within 30 metres of an existing dwelling where 4.25.a would not apply, the minimum setback requirement shall be the average of the setback of the existing dwelling and 33 metres from the centerline of the Provincial or County Road, or 33 metres from the Provincial or County Road, whichever is the lesser.

.2 Notwithstanding any other provisions of this By-law, the following regulations shall apply to setbacks from a railway:

- a) Any residential building shall not be located closer than 30 metres to a railway right-of-way.

#### **4.26 Setbacks – Street Exemption**

Notwithstanding front yard requirements, in the case of a lot which fronts a street and is located between two existing buildings both of which encroach into the required front yard and are not more than 18 metres apart, a building may be located on such lot so that the front face of the building is no closer to the street line than the front face of that existing building which is located furthest from the street line.

#### **4.27 Setbacks – Watercourse and Municipal Drain**

.1 Notwithstanding any other provisions of this By-law, no person shall erect any building in any zone which is:

- a) Closer than 30 metres from the top of the bank or three times the height of the bank, whichever is greater, for yards abutting the Eighteen Mile River, Pine River, Clark Creek, Royal Oak Creek, Kinloss Creek, Lucknow River or any of their tributaries; or
- b) Closer than 15 metres to the top of the bank of any open municipal drain or an enclosed municipal drain, or within 8 metres of the edge of an Environmental Protection Zone boundary.

.2 Notwithstanding any provisions of this By-law, no person shall install or locate any portion of a sewage disposal system in any zone which is closer than 30 metres from the high water mark of Silver Lake.

#### **4.28 Sight Visibility Triangle**

.1 Corner Lots on Municipal Streets

In all zones, on a corner lot, no building shall be erected and no vehicle shall be parked in such a manner as to materially impede vision above a height of 0.5 metres above the centerline grade of the intersecting streets in the triangular area bounded by the street lines of the corner lot and a line from the points along said street lines at a distance of 10 metres back from the point of intersection of the said street lines.

## .2 Railway Grade Crossings

- a) In all zones, on a lot abutting a railway where the railway and a street intersect at the same grade, no building shall be erected and no vehicle shall be parked in such a manner as to materially impede vision above a height of 0.5 metres above the centerline grade of the intersecting street in the triangular area bounded by the right-of-way limit of the railway and the street line and a line from the points along such right-of-way limit and such street line a distance of 45 metres from the point of intersection thereof.
- b) Where such railway and street intersect at an unprotected crossing, the sight visibility triangle shall be increased to a distance of 400 metres measured along the railway right-of-way and 90 metres measured along the street line or such greater distance required by the Canadian Transport Commission Regulations.

## .3 Street Intersections with County or Provincial Roads

- a) In all zones, on a corner lot having frontage on a County or Provincial Road, no building shall be erected and no vehicle shall be parked in such a manner as to materially impede vision above a height of 0.5 metres above the centerline grade of the intersecting streets in the triangular area bounded by the street lines of the corner lot and a line from the points along said street lines a distance of 30 metres back from the point of intersection of the said street lines.
- b) The provisions of Section 4.29.3.a shall not apply to built-up areas as defined herein, Towns, Villages or Cities as defined in the *Highway Traffic Act*. The provisions of 4.29.1 shall apply in these areas. For the purpose of this Section, a “built-up area” means the territory contiguous to a highway and not within a City, Town or Village where:
  - i) Not less than 50% of the frontage on one side of the highway, for a site of not less than 200 metres contains separate lots and such lots are occupied by non-agricultural uses including non-farm residential uses, businesses, schools or churches; or
  - ii) Not less than 50% of the frontage on both sides of the highway for a distance of not less than 100 metres contains separate lots and such lots are occupied by non-agricultural uses including non-farm residential uses, businesses, schools or churches.

## 4.29 Shipping Containers

Notwithstanding the other regulations of this By-law the following provisions shall apply to shipping containers:

- a) Shall only be permitted in the AG1, AG2 and M2 Zones.
- b) Shall not be permitted as the sole structure on any property.
- c) Shall only be permitted for the use of accessory storage to a permitted use, and shall not be used for human habitation, display, advertising, screening, or fencing;
  - i) Notwithstanding the above, a shipping container may be permitted for the transportation of goods and materials within the M2 Zone.
- d) Shall only be located to the side or rear of the permitted use provided that is:
  - i) Screened from view from the street and abutting properties;
  - ii) Complies with the lot coverage and setback requirements of the Zone;
  - iii) Not be located in any required yard; and
  - iv) Not located in any required parking areas or landscape buffer.
- e) Shall be in a condition free from rust, peeling paint and any other form of visible deterioration.
- f) Shall not exceed a height of 3 metres and a length of 12 metres, and shall not be stacked one on top of the other.
- g) The maximum number of shipping containers on any property shall be limited to 2:
  - i) Notwithstanding the above, when used for the transportation of goods and materials within the M2 Zone no maximum shall apply.
- h) Shall comply with the requirements of the Ontario Building Code.
- i) Notwithstanding the above, a shipping container may be permitted for temporary storage on construction sites in accordance with Section 4.5 [Construction Uses].

## 4.30 Sourcewater Protection

### .1 Identification of Vulnerable Areas

- a) Vulnerable Areas as illustrated on the maps attached hereto as Schedule 'B' represent Wellhead Protection Areas (WHPAs) and the associated level of vulnerability for municipal water sources serving the Township.
- b) A WHPA illustrates three time-related capture zones including a 100-metre radius surrounding the well (WHPA-A), 2 year travel time for water to enter the well (WHPA-B), and 5 year travel time for water to enter the well (WHPA-C).

- c) The degree of vulnerability of a WHPA is represented in Schedule B by a vulnerability score. The vulnerability score can range from 1 to 10, with 10 being the most vulnerable. WHPAs that are considered to be the most vulnerable to surface activities are assigned a vulnerability score of 8 to 10, with the degree of vulnerability generally decreasing the further away from the well.

## .2 Use Prohibitions and Regulations within Vulnerable Areas

- a) Notwithstanding the land uses permitted by the underlying zone category in this By-law, any land use that involves one of the following significant drinking water threat activities shall be prohibited until it is determined by the Township's Risk Management Official that the use does not represent a significant drinking water threat or a Section 59 Notice has been issued in accordance with the *Clean Water Act*, 2006:

- i) Waste disposal sites within the meaning of Part V of the *Environmental Protection Act*.
- ii) The establishment, operation or maintenance of a system that collects, stores, transmits, treats or disposes of sewage.
- iii) The application of agricultural source material to land.
- iv) The storage of agricultural source material to land.
- v) The management of agricultural source material.
- vi) The application of non-agricultural source material to land.
- vii) The handling or storage of non-agricultural source material.
- viii) The application of commercial fertilizer to land.
- ix) The handling and storage of commercial fertilizer.
- x) The application of pesticide to land.
- xi) The handling and storage of pesticide.
- xii) The application of road salt.
- xiii) The handling and storage of road salt.
- xiv) The storage of snow.
- xv) The handling and storage of fuel.
- xvi) The handling and storage of a dense non-aqueous phase liquid (excluding incidental volumes for personal/domestic use).
- xvii) The handling and storage of an organic solvent.
- xviii) The management of runoff that contains chemicals used in the de-icing of aircraft.

- xix) An activity that takes water from an aquifer or a surface water body without returning the water taken to the same aquifer or surface water body.
  - xx) An activity that reduces the recharge of an aquifer
  - xxi) The use of land as livestock grazing or pasturing land, an outdoor confinement area or farm-animal yard.
- b) Within the Saugeen Source Protection Plan Area illustrated in Schedule B, Section 4.31.2 a) shall not apply to solely residential land uses that involve the following significant drinking water threat activities:
- i) Waste disposal sites within the meaning of Part V of the *Environmental Protection Act*.
  - ii) The establishment, operation or maintenance of a system that collects, stores, transmits, treats or disposes of sewage.
  - iii) The application of agricultural source material to land.
  - iv) The storage of agricultural source material to land.
  - v) The management of agricultural source material.
  - vi) The application of non-agricultural source material to land.
  - vii) The handling or storage of non-agricultural source material.
  - viii) The application of commercial fertilizer to land.
  - ix) The handling and storage of commercial fertilizer.
  - x) The application of pesticide to land.
  - xi) The handling and storage of pesticide.
  - xii) The application of road salt.
  - xiii) The handling and storage of road salt.
  - xiv) The storage of snow.
  - xv) The management of runoff that contains chemicals used in the de-icing of aircraft.
  - xvi) The use of land as livestock grazing or pasturing land, an outdoor confinement area or farm-animal yard.

### .3 Individual Septic Systems

a) Notwithstanding any other provisions of this By-law to the contrary, the following shall apply to WHPAs with a vulnerability score of 10 as identified on Schedule B:

- i) New lots created through severance or plan of subdivision shall be serviced by municipal sanitary sewers or where an on-site septic system can be located outside the limits of the WHPA with a vulnerability score of 10 as identified on Schedule 'B'.
- ii) Where no municipal sanitary sewers exist and where septic systems already exist, new or replacement private septic systems shall be located as far as practically possible from the wellhead while remaining in compliance of the Ontario Building Code.

### .4 Waste Disposal Sites within Vulnerable Areas

a) Notwithstanding any other provisions of this By-law to the contrary, the following uses shall be prohibited within WHPAs with a vulnerability score of 8 or 10 as identified on Schedule B, where they would be a significant drinking water threat:

- i) Land disposal of petroleum refining waste within the meaning of clause (d) of the definition of "land disposal" in section 1 of Regulation 347 (General – Waste Management) R.R.O. 1990 made under the *Environmental Protection Act*.
- ii) Land disposal of municipal waste, hazardous waste, liquid industrial waste, or commercial waste within the meaning of clauses (a) and (b) of the definition of "land disposal" in section 1 of Regulation 347 (General – Waste Management) R.R.O. 1990 made under the *Environmental Protection Act*.
- iii) Land disposal of liquid industrial waste, industrial waste, or commercial waste within the meaning of clause (c) of the definition of "land disposal" in section 1 of Regulation 347 (General – Waste Management) R.R.O. 1990 made under the *Environmental Protection Act*.

#### **4.31 Storage of Unused Motor Vehicles**

Unless otherwise permitted by this By-law, motor vehicles without affixed and validated license plates for the current year shall not be parked or stored in any zone other than within a completely enclosed building.

#### **4.32 Two or More Uses on a Lot**

Unless otherwise provided for in this By-law, where two or more uses are located on a lot and the uses are governed by different regulations, the most restrictive regulations shall apply to all uses.

#### **4.33 Unimproved Streets**

On unimproved streets no building permit shall be issued for year round or permanent residential occupancy or no conversion permits or change of use permits to permit year round or permanent residential shall be issued notwithstanding that a building may be suitably designed and constructed for year round or permanent habitation.

#### **4.34 Wayside Pits and Quarries, Portable Asphalt Plant**

Notwithstanding anything else in this By-law, a wayside pit, a wayside quarry and a portable asphalt plant shall be permitted in any zone except a residential zone, Environmental Protection zone or an Open Space zone.

### 5.1.2 Parking for More Than One Use in a Building

When a building or structure accommodates more than one use, the parking space requirement for the whole building shall be the aggregate sum of the requirements for each of the separate parts of the building occupied by the separate types of uses, unless otherwise provided for in this By-law.

### 5.1.3 Calculation of Off-street Parking Spaces

Where the calculation of off-street parking requirements results in a fraction, then the number of parking spaces to be provided will be rounded to the next highest whole number.

### 5.1.4 Location of Required Off-street Parking Spaces

Parking spaces shall be provided at the time of erection of any building or structure, or at the time any building or structure is enlarged.

Parking spaces shall be located on the same lot as the use for which the parking is required. However, where the owner proposes to provide the required parking space and areas in a location other than the same lot as the use that requires such spaces and areas, then such parking shall be located not more than 150 metres from the said lot. Such parking shall not be considered as required parking for the use of the land upon which the parking spaces are situated.

Off-street parking shall not be located within a required front yard.

### 5.1.5 Parking Space Size and Parking Aisle Requirements

Each off-street parking space within a parking lot shall be provided in accordance with the following minimum specifications:

<b>Parking Angle</b>	<b>90°</b>	<b>75°</b>	<b>60°</b>	<b>45°</b>	<b>Parallel</b>
Stall Width	2.75 m				
Stall Length	6 m				
Aisle Width	6 m			4 m	
Minimum Driveway Width (single- / semi-detached)	3.0 m				
Minimum Driveway Width (other uses)	One-Way Traffic: 3.5m Two-Way Traffic: 6.0 m				

Maximum Driveway Width (single- / semi-detached)	6.0 m
Maximum Driveway Width (other uses)	9.0 m
Street setback for parking area	3.0 m

### **5.1.6 Additions to Existing Uses**

The parking area requirements referred to herein shall not apply to any building in existence at the date of passing of this By-law so long as the floor area as it existed at such date is not increased and the building or structure is used for a purpose which does not require more parking spaces according to this section than were required by its use at the date of passing of this By-law. However, if a use is changed or a building is enlarged in floor area or there is an increase in the number of employees, number of dwelling units or seating capacity or otherwise and would require an additional number of parking spaces, then such additional parking spaces shall be provided to the number required for such change.

### **5.1.7 Parking of Commercial Motor Vehicles, Tractor Trailers and Buses in Residential Zones**

No person shall use any lot, building or structure for the parking or storage of any tractor trailer, including either the cab and/or trailer, commercial vehicle or bus in a Residential Zone except as permitted in the following:

1. Such parking or storage of one commercial vehicle where the owner of the commercial vehicle is the owner or occupant of such lot, building or structures, and provided the vehicle shall not exceed 2722 kg gross vehicle weight or not exceed a length of 9 m or not exceed a height of 2 m. Temporary parking of school buses for school bus drivers is exempt.
2. Such parking for a tractor trailer or commercial vehicle is attending a residential premises on a temporary and short-term basis for the purposes of delivery and service.

### **5.1.8 Parking of Recreational Vehicles in Residential Zones**

The storage or parking of a recreational trailer, boat, snowmobile, accessory trailer, or similar recreational vehicles, shall be permitted in a Residential Zone or on a lot used for residential purposes, provided that:

1. The length of such recreational trailer, boat or snowmobile or accessory trailer does not exceed 9 m;
2. Such recreational trailer, boat or snowmobile or accessory trailer may be located in the rear yard or interior side yard provided it is located no closer than 1 m to the lot line;
3. The owner or occupant of any lot or building shall not store or park more than three of the vehicles listed above;
4. Notwithstanding Section 5.1.8.3, the limitations imposed therein shall not restrict the number of vehicles that are fully enclosed within a garage or dwelling unit provided that such vehicles are owned by the occupant of such lot;
5. The zone or lot shall currently contain at least one residential dwelling;
6. Notwithstanding any of the above provisions, driveway parking for the purposes of loading recreational vehicles will be permitted.

### **5.1.9 Accessible Parking**

Where the parking requirements for any land use is 3 or more spaces, 1 space of the first 10 spaces required, plus 1 space of every additional 50 spaces or portion thereof, shall be provided as an accessible parking space.

Accessible parking spaces shall be:

- a minimum width of 4 m and a minimum length of 6 m;
- hard-surfaced and level;
- located near and accessible to an entrance; and
- identified by a sign with the International Symbol of Accessibility.

Notwithstanding the above, accessible parking spaces are not required for single detached, semi-detached or duplex dwellings.

### **5.1.10 Driveways**

- .1 The minimum distance between a driveway and an intersection of street lines measured along the street line intersected by such driveway shall be 9 metres. The minimum angle of intersection between a driveway and a street line shall be 60 degrees.
- .2 Every lot shall be limited to the following number of driveways:
  - a) Up to the first 30 metres of frontage measured along the street line not more than one driveway.
  - b) For each additional 30 metres of frontage measured along the street line – not more than 1 additional driveway to a maximum of three driveways.

- .3 Parking areas and associated driveway systems serving any use, other than detached dwellings, duplex dwellings, semi-detached dwellings and street-fronting townhouses, shall be designed in such a manner that any vehicle entering or leaving a street or public lane need not travel in a backwards motion.

### 5.1.11 Landscaping

Where, in any yard in any zone, a parking area which is required to provide for more than four off-street parking spaces adjoins a lot in a residential zone, a planting area of a minimum width of 3 metres shall be provided within the lot requiring such parking area and along the lot line adjoining such residential zone. See also Section 4.24 of this By-law for details related to Planting Area.

## 5.2 Stacking Requirements

All **drive-thru establishments** shall comply with the following **stacking lane** regulations:

TYPE OF DRIVE THRU	MINIMUM STACKING LANE
Drive-thru <b>restaurant</b>	10
<b>Automobile Service/Gas Station</b> gas bar (per pump island)	2
All other drive thru types (including car washes)	4

### 5.2.1 Stacking Space Size

All stacking spaces shall be rectangular in shape, with a minimum size of 2.75 m wide by 6 m long.

### 5.2.2 Stacking Lane Marking

**Stacking lanes** shall be unobstructed and shall be clearly delineated by pavement markings or physical barriers, and shall be independent of the balance of the **parking area**.

## 5.3 Loading Space Requirements

Any **lot, building or structure used** for any purpose, other than an agricultural use, involving the receiving, shipping, loading or unloading of **persons**, animals, or things, shall provide on the same **lot** and not forming part of a **street** or **lane**, loading or unloading facilities in accordance with the following schedule:

<b>GROSS FLOOR AREA</b>	<b>MINIMUM NUMBER OF LOADING SPACES REQUIRED</b>
<b>Commercial Zones</b>	
Less than 185.8 m <sup>2</sup> (2,000 ft <sup>2</sup> )	0 spaces
185.8 m <sup>2</sup> to 929 m <sup>2</sup> (2,001 ft <sup>2</sup> – 10,000 ft <sup>2</sup> )	1 space
Greater than 929 m <sup>2</sup> (10,000 ft <sup>2</sup> )	2 spaces
<b>Industrial Zones</b>	
Less than 464.5 m <sup>2</sup> (5,000 ft <sup>2</sup> )	0 spaces
464.5 m <sup>2</sup> to 2,322.5 m <sup>2</sup> (5,001 ft <sup>2</sup> – 25,000 ft <sup>2</sup> )	1 space
Greater than 2,322.5 m <sup>2</sup> (25,000 ft <sup>2</sup> )	2 spaces

### 5.3.1 Loading Space Size

A **loading space** shall be 9 m long, 3.5 m wide and having a vertical clearance of at least 4.5 m.

### 5.3.2 Loading Space Access

Each **loading space** shall be provided with one or more unobstructed driveways of not less than 6 m in width. Such driveway shall be contained within the **lot** on which the spaces are located and are accessible from a **street** or **lane**. No part of such driveway shall be **used** for the parking or temporary storage of vehicles.

### 5.3.3 Loading Space Location

No loading space shall be located in the required front yard nor shall any required off-street parking space be considered in calculating the required number of off-street loading spaces. On a corner lot, loading spaces may be located between the main building and the flanking street but not within the required exterior side yard.

### 5.3.4 Additions to Existing Use

The loading space requirements referred to herein shall not apply to any building in existence at the date of passing of this By-law so long as the floor area as existed at such date is not increased. However, if a building is enlarged in floor area as would require an additional number of loading spaces, than such additional loading spaces shall be provided to the number required for such change.

### **5.3.5 Landscaping**

Where a loading area adjoins any residential zone or a street than a planting area of a minimum width of 3 metres shall be provided within the lot requiring such loading area and along the lot line adjoining such residential zone or street. See also Section 4.24 of this By-law for details related to Planting Area.

# SECTION 6 – GENERAL AGRICULTURE (AG1) ZONE
