Observing unlikely today.

LOW-L COMMENT: Sun Jun 26 17:27:21 GMT 1994

Stopped program, unloaded L00067, installed L00068, restarted program.

As noted in yesterdays log, labels for tapes L00051 to L00057 were lost, but I simply used the normal tape labels and wrote in the numbers instead of using those preprinted labels. There is no tape numbering problem.

WEATHER COMMENT: Sun Jun 26 20:13:57 GMT 1994
