

Mauna Loa Solar Observatory Observer's Log

---

Thu Feb 22 18:20:02 GMT 1996

Year: 96 Doy: 053

Observer: yasukawa console Feb 22 18:16

WEATHER COMMENT: Thu Feb 22 18:21:18 GMT 1996

Cold, continued heavy altostratus overcast, light south wind.

Observations unlikely again today.

COMMENT: Thu Feb 22 18:22:05 GMT 1996

Late log startup. Read HELCO meters on the way up, performed

GONG weekly maintenance before coming to MLSO station.

COMMENT: Thu Feb 22 19:45:34 GMT 1996

No observations
