LOW-L COMMENT: Sat Jan 11 21:35:01 GMT 1997

Just noticed that the year was wrong on the display (was 96). The WWVH signal does not yet provide the year information. I stopped the program and edited the CTS10 software to show the year as 97. First two tapes of this year show the wrong year information, notified Steve. Removed L00434 and installed L00435 in drive #0, installed L00436 in drive #1, restarted observations.
