WEATHER COMMENT: Wed Feb 26 18:47:05 GMT 1997

Snow on the ground. Just got up here due to icy and snowy road.

Clouds blowing over from all over, wind light and variable at this time.

Weather service expects worsening conditions later on. Snow down to around 9500 ft.

WEATHER COMMENT: Wed Feb 26 21:30:13 GMT 1997

Bob and entourage have left for Mauna Kea mid-level visitor's center--Mauna Kea summit tour is off due to severe weather.

They will also visit Keck Observatory headquarters in Waimea later this afternoon.

I am closing station down as weather is rapidly deteriorating here.

Snow is already blowing around as it falls from the clouds
