
Mauna Loa Solar Observatory Observer's Log

Thu Oct 8 16:43:20 GMT 1998

Year: 98 Doy: 281

Observer: yasukawa

WEATHER COMMENT: Thu Oct 8 16:43:51 GMT 1998

Cool, in thick altostratus overcast, no shadows, light south wind.

Observations not possible at this time.

PSPT PROBLEM : Thu Oct 8 16:54:10 GMT 1998

Received replacement mirror drive module. Swapped out flaky one.

Replacement not tested at this time, awaiting clear sky.

WEATHER COMMENT: Thu Oct 8 20:10:53 GMT 1998

No observations today, high overcast is pretty extensive.

COMMENT: Thu Oct 8 20:11:22 GMT 1998
