\*\*MLSO PROBLEM\*\*: Sat Aug 19 17:04:15 GMT 2000

Can't connect to Boulder on the network.

COMMENT: Sat Aug 19 17:19:07 GMT 2000

rlogin to Boulder gives a connection refused message. So this must be the  
the end of the remote commands that we were warned about, and connecting  
to Boulder is now even more difficult for us, I hope all these ongoing  
security measures are helping somewhere because they are only having  
negative effects on us at MLSO.
