\*\*MLSO PROBLEM\*\* : Thu Oct 26 17:54:55 GMT 2000

I received the newest Sun monitor today. I did a "sync, sync, halt, power off" to Nene and Kaiee. I moved a good working monitor from Nene to Kaiee, if there is a problem with the Kaiee video card this should reveal it because that monitor has been working fine on Nene for several weeks at least. I will put the newest monitor on Nene.

\*\*MLSO PROBLEM\*\* : Thu Oct 26 18:03:19 GMT 2000

So far both monitors are working perfectly. I pack up the former Kaiee monitor and ship it back to Vic.

WEATHER COMMENT: Thu Oct 26 18:24:16 GMT 2000

From the mk4 scans it appears there is some very thin cirrus or water vapor blowing over us.
