\*\*ECHO PROBLEM\*\*: Wed Dec 13 19:28:00 GMT 2000

There was a power surge earlier that caused the loss of tracking. I had  
to initialize HA and Dec to regain tracking, OK now. Also had to reset the  
clock on the answering machine.

WEATHER COMMENT: Wed Dec 13 19:29:28 GMT 2000

Too cloudy for tracking so far today. Will take GSA car in for service in'  
Hilo, no observing today.
