Mon Nov 12 16:49:25 GMT 2001

Year: 01 Doy: 316

Observer: yasukawa

WEATHER COMMENT: Mon Nov 12 16:49:37 GMT 2001

Continued thick cirrostratus overcast, southeast wind.

GONG COMMENT: Mon Nov 12 17:50:28 GMT 2001

Going down to GONG to take care of a repair request.

GONG COMMENT: Mon Nov 12 18:14:51 GMT 2001

Back from GONG. Waveplate card swapped with modified spare.

WEATHER COMMENT: Mon Nov 12 18:51:57 GMT 2001

GOES gif animation indicates cirrostratus will not clear out any time soon today.

Mon Nov 12 18:52:52 GMT 2001
